HOME DEMONSTRATION AGENT HIRED FOR BRISCOE COUNTY

Briscoe County has a home demonstration agent.

She is Mrs. Becky Hall, who comes to Briscoe County from Littlefield, where for the past few years she has been teaching home economics in the school system there. She is the wife of a serviceman currently in Viet Nam.

Mrs. Hall is already on the job and invites everyone to call on her at her office in the basement of the courthouse at Silverton.

Mrs. Hall will write an article to appear in the two newspapers of Briscoe County each week. She tells something of herself and her work in her first article, which follows:

HOME NOTES

Home Demonstration Agent

As we whiz into another year geared for the space age we find changes everywhere, even in the staff in the county agent's office. There has been

Mildred Reed Seeks Re-Election

TO THE PEOPLE OF BRISCOE COUNTY

In announcing my candidacy for re-election to my first full term of office as your County Treasurer, I would like for you to know how I appreciate the cooperation I have received during the past eighteen months. I sincerely feel that the experience gained thus far will enable me to serve you even better in the future.

I shall make every effort to contact each voter before the Democratic Primary on May 7, 1966.

Sincerely,
Mildred Reed

Mr. and Mrs. J. W. Lyon, Jr. of Silverton took his parents, Mr. and Mrs. Will Lyon to Plainview Saturday night and treated them to a Mexican dinner. Mr. Lyon, Sr. celebrated a birthday anniversary Friday of last week but Mrs. J. W. had an appointment at the church that night and they waited until Saturday evening to help Mr. Lyon celebrate his birthday. They report a very pleasant evening.

Local Bus Drivers Receive Awards

Johnny Mason, Superintendent of Quitaque I.S.D. will present 4 Awards of Merit to as many school bus drivers, in the near future.

The award program, sponsored and conducted by the Texas Safety Association and local schools, is designed to give public recognition to school bus drivers with accident-free records for the past school year.

Superintendent Mason commended the 4 drivers and said, "Bus drivers have in their care most of the students twice each day. Their responsibility for the life of each student cannot be repressed; it should be rewarded." Drivers who are to receive certificates are: Johnny Brummett, Horace McDonald, Glenn Sanders and Ralph Carter.

The awards were signed by Superintendent Mason, and Texas Safety Association Pres. S. Ross Carr and General Manager J. O. Musick.

an addition: a county home demonstration agent, and we are now a team to help serve this county even to a greater extent than in the past. Perhaps this raises the question—what is the home economics program of the Texas Cooperative Extension service?

Today's home demonstration agent is a leader and a trainer of leaders as well as an organizer, initiator and teacher.

Educational information is readily available to all Briscoe County through the county home demonstration agent. We draw from research findings the facts that help families and individuals with all phases of family living, such as child development and recreation; consumer information; nutritional needs, along with selection, preservation and preparation of food; housing and household furnishings; selection, use and care of household equipment; clothing design, selection and construction; textiles for clothing and for the home; art as applied in the home; helping families to use all physical, mental and material assets by which they may attain their goals.

Now if this has stimulated your interest enough to ask how you may receive information, you may do so by telephoning the office, the number being Silverton, 4271. You may stop by and visit at the office, which is in the basement of the court house; or you may write for the information you need and the address is Box 887, Silverton. A wide variety of publications are free upon request. You may ask for the provision of home economics information to a group to which you belong. Other ways to obtain information is to join a home demonstration club or a 4-H club, attend meetings, workshop courses and tours.

By working with people to help them to help themselves, we hope to contribute to the fullest development of children, youth and adults as individuals and as members of a family and community.

Here's A Special Recipe For 1966

1. Select 12 full months of time—1966 variety.
2. Cut into 30 to 31 days for each month.
3. Each day, add a generous sprinkling of faith, courage, patience, work and love.
4. Leaven with good spirits and genuine happiness.
5. Blend well to insure best results.
6. Cook with sincerity.
7. Garnish with smiles.

The yield should be a happy year—all year long. Do not attempt to make up the entire batch at one time—as with so many recipes you may spoil the results this way. Prepare only one day at a time.

The Halls, Becky (that's me), our two sons, Shawn 6½, and David, 4, and Mrs. Al-line Hall, my husband's mother are at home in the first house west of the Ford Motor Co. in Silverton. My husband, Gunnery Sgt. Thomas W. Hall is in the U. S. Marine Corps and is in Viet Nam. We are making our home here while he is away. Everything is fairly well organized except a few more boxes that need to be unpacked and find places to put them. We are receiving guests so stop by and visit us either at home or at the office. Any time that I may be of service or help to you, feel free to call upon me.

P-TA Met Monday Night

The Parent-Teachers Association met in regular session Monday night, January 10, at 7:30. The meeting was called to order by the President, L. B. Monk and in invocation was led by J. T. Rogers.

Minutes of the preceding meeting were read by Jimmy Davidson, followed by the financial report. Several items of business were discussed. James Brunson received the record album.

Elmer Berryhill's FFA boys presented a very interesting and impressive program.

After the business meeting was adjourned, Supt. Johnny Mason presented a going-away gift from the faculty and school personnel. O. R. Stark then expressed the appreciation of the community for the fine work he has done for the school while serving as superintendent here. Mrs. Mason was then presented a number of gifts from the community, including a pair of sheets and several pieces of Corning Ware cooking utensils.

The group then went to the cafeteria where homemade cookies, punch and coffee was served.

The Mason family will move to Lockney this weekend and Mr. and Mrs. Herman Moseley of Quail will move here to assume his duties as superintendent of schools, beginning next Monday. The Tribune joins the community in welcoming the Moseleys to Quitaque and the wish is that their stay here will be a long and pleasant one.

Leroy Hamilton drove to Jayton Sunday to visit his father, H. W. Hamilton. He reports that Mr. Hamilton is feeling fine.

RALPH CARTER GRANDCHILDREN HAVE BAD DAY

Mr. and Mrs. Larry Hedrick of Abernathy had more than their share of excitement and bad luck last Saturday.

Mrs. Hedrick, the former Mozelle Carter, started to the bank on business, with her two small children, Scott and Todd in the car with her. Todd, who is only 19 months of age, decided he wanted in the back seat and proceeded to go over the back of the front seat. He fell and whimpered a bit and his mother helped him back into the front seat. She drove on to the bank she took Todd into her arms to take him into the bank with her and when she took him up, he passed out. She got back into the car and drove back to Roland-Gordon Chemical Co. where her husband works, but found that he had left for a job at Ralls.

Mrs. Hedrick asked a young man who works for Larry to drive her and the children to the hospital at Hale Center. When the doctor examined and X-rayed Todd, it was found that he had suffered a concussion and two small fractures. He was kept in the hospital 48 hours but is at home at this writing and doing fine.

In the meantime, Scott accompanied the man who had taken them to the hospital back to his home to stay until one of the grandmothers could get there to help his mother. He did not know any of the family but the man he was with was still frightened. Two of the boys in the home where he was taken decided to take him out into the back yard to play. Their dog jumped up on Scott and bit him on the cheek.

Seems trouble comes in pairs sometimes.

Sign-Up Program Announced For 1966 Diversion Programs

The sign-up for the 1966 programs for wheat, feed grains, and cotton will start on January 24, 1966, Chairman, Agricultural Stabilization and Conservation Briscoe County Committee announced today. The sign-up deadline will be April 1, 1966.

For the long-term Cropland Adjustment Program (CAP), the sign-up will begin on the same date as for the commodity programs January 24, 1966, the sign-up deadline for CAP will be announced later. Producers who file intentions under CAP but do not enter into the final agreements will have 15

days to file applications to take part in one or more of the annual commodity programs after the County Committee notifies them that no agreement will be available.

The Chairman explained that, for 1966, a flexible schedule of signups has been adopted throughout the country, with each ASC State Committee determining the most appropriate period for the activity. In most States, the sign-up period is uniform in all counties.

In general, both the commodity programs and CAP call for diversion of crop acreage into an approved conserving use. By meeting provisions of the programs, farmers become eligible for various benefits in the forms of payments—and also for loans under the commodity programs.

However, Mr. Kitchens reminded farmers that participation in the various diversion programs is not automatic—filing an application which shows the operator's program is the first necessary step in

qualifying for program benefits. All if the signups are conducted at the ASCS County Office.

WHEAT GROWERS HAVE CHOICE UNDER 1966 PROGRAM

The 1966 voluntary wheat program offers several options to farmers so they can best plan their individual operations, according to Louie Kitchens, Chairman of the Agricultural Stabilization and Conservation Committee of Briscoe County.

The options include planting wheat on all allotment acres, diverting allotment acres from production to conserving uses for payment, overplanting the allotment by up to 50 percent and storing the excess production for bad crop years, substituting wheat for feed grains or feed grains for wheat, and substituting wheat for oats and rye.

Farmers should investigate each of the options to see which is best for their own farms. Kitchens said. Full details of the program are available at the Briscoe ASCS County Office. Kitchens said the sign-up period extends from January 24, 1966 to April 1, 1966 in Briscoe County.

Mr. and Mrs. Bill Helms drove to Foard City Sunday morning to visit an aunt and uncle, Mr. and Mrs. R. B. Lilly. On their return home they stopped in Crowell to visit a cousin, Mrs. Camilla McDaniels.

Coach Billy Wiggins' Junior High teams took a doubleheader win over the Lakeview Jr. Hi team here Monday night. The young Pantherettes won a bit handier, scoring a 23-14 victory while the Panthers had a bit more trouble though they run up a 25-17 margin. The visiting boys were coming on a bit strong when the game was over. The boys are scoring a bit better now than they were earlier in the season.

The Junior High teams will go to Estelline Monday night and then will play Matador here next Thursday night.

Gilbert Funeral Held Saturday

Funeral services for Mrs. Mattie Rebecca Gilbert, 75, a resident of Flomot since 1935, were held at 3:00 p. m. Saturday in the First Baptist Church at Flomot with the Rev. J. W. Wells, pastor of the Fairmont Baptist Church officiating. The Rev. J. E. Lee, Plainview and Rev. Ed Burkett, pastor of the Flomot First Baptist Church, assisted.

Burial was in the Flomot Cemetery under direction of Quitaque Funeral Home.

Mrs. Gilbert was born in Howard County, Ark., September 21, 1890. She was married to M. T. Gilbert in Hall County on August 1, 1909. She was a member of the Fairmont Baptist Church.

Her husband, M. T. Gilbert, preceded her in death Dec. 21, 1943. Two sons, Strauder Gilbert and Dorsey Gilbert, also are deceased.

Mrs. Gilbert is survived by sons, D. M. and L. D. of Flomot, and John H. of Stamford; daughters, Mrs. A. F. Main of Boyd and Mrs. J. C. Moss of Anson; a brother, Ernest Watson of Cahon, Colo.; three sisters, Mrs. Wiley Mize of Decatur, Mrs. Otis Isbell of Jacksboro and Mrs. John Luck of Dallas; 15 grandchildren and 27 great-grandchildren.

Pallbearers were Ace Monk, Orb Payne, Jack Pigg, Virgil George, Jack Anglin and A. L. Baker.

Mr. and Mrs. Sid Bogan and Mr. and Mrs. Morris Wilson were in Plainview Thursday of last week. Mrs. Bogan and Morris saw their doctor and each received a good report on the healing progress of recently broken bones.

Mr. and Mrs. W. J. Carter had the pleasure of having a great-grandson, Scott Hedrick of Abernathy spending the day with them Tuesday. It was the boy's 4th birthday and he invited a friend, Bruce Setliff, over to help him celebrate his birthday with his granddad, Ralph Carter, and great-granddad, W. J. Carter. Mrs. Carter baked him a cake and the two youngsters enjoyed the cake, drinks and balloons. The playtime activities closed when the boys and Mrs. Carter took a ride on the school bus with Ralph. The boys could count their number of birthdays on one hand, but after the bus ride with so many other children, they had the thrill of their short lives, and felt men size when they returned.

LOCAL SPEECH STUDENTS TO HAVE POEMS PUBLISHED

The Senior Speech students were notified recently that their poetry was accepted for publication in the National Anthology of High School Poetry.

These students are to be congratulated on their excellent achievement. Their efforts were selected from more than 4,500 entries from over the Nation. Publications are due off the press by January 20, 1966.

The Senior Speech students are Diane Clardy, Marilyn Hutcheson, Barbara Reagan and Walter Wayne Taylor.

Mr. and Mrs. Marion Ray Perry, Jimmy and Ann, of San Diego, Calif. visited from Tuesday until Friday of last week with her aunt, Mrs. Josie Johnston and David. Mr. and Mrs. Perry had spent the Christmas holidays with his parents in Brady and were enroute to their home in San Diego.

Mary Ellen McCracken and Mrs. Scott Bolton were in Matador Tuesday of this week to see their doctor.

Gladys Stroup and Mrs. J. R. Stroup were in Lubbock Tuesday on business.

Mrs. Ben White went to Tulia Saturday to visit her son, R. A. White, and his family for a few days.

Mr. and Mrs. Wilburn Hamner of Houston are visiting his mother, Mrs. C. H. Hamner and other area residents. They arrived in Turkey Saturday night and spent the night with the Charles Hamners. Mrs. C. H. Hamner joined them for dinner Sunday. Mr. and Mrs. Bob Morris and family of Tulia were supper guests of the Charles Hamners along with the others Sunday night. The Wilburn Hamners are spending this week with his mother. They drove to Tulia Wednesday and visited the Bob Morris family.

Mr. and Mrs. Wayne Whittington returned home Sunday after spending two weeks in California. They report a very pleasant trip and a good time.

Mr. and Mrs. Clarence Barrett were in Plainview Saturday on business. They met their son, Ray Gene Hutcheson, who is attending school at Tech, and Donna Bedwell, Wayland student, for a short visit.

Local Teams Split Games With Estelline

Quitaque's basketball teams fared poorly in the North Plains Tournament at Claude last week-end, managing only one win, that one by the Pantherettes. However, the Clarendon Broncos, who beat the Panthers 13 points in the first round, made the Panthers look pretty good by downing Adrian in the finals by an 11-point margin. Adrian is rated to be one of the better Class teams in the Panhandle.

The score in the Panther-Clarendon contest was 67-54. The Panthers were eliminated from the tournament in the second round of play by Vega, who won over the Panthers by a two-point, 55-53 score.

The Pantherettes fell to a good White Deer team, 30-47 in the first round of play, then won 48-46 over Groom

in the second round. However, the Quitaque team lost in the consolation finals to Claude, 29-35.

Tuesday night of this week the local teams drove to Estelline for a pair of conference games and broke even for the night with the Pantherettes being handed a 64-34 haymaker, while the Panthers handed a very weak Bearcub team a drubbing to the tune of 81-24.

Sherry Stark scored 23 points for the Pantherettes; Patricia Brunson was next with 7 points and Jill Johnson and Barbara Chandler managed 2 points each. Helm led all point-makers for the night with 28 points and Cherri Rapp tossed in 23.

Everyone on the Panther squad got in on the scoring parade with Monte Stephens

canning 15 points to lead in that game; Larry Tipton and Jimmy Pointer were next in the scoring column with 10 points each; Dale Ramsey hit for 9 points; Lyn Payne tallied 7, Roland Hamilton, Joe Mack Jacobs and Joe Lucero each added 6, Bobby Cochran 5, Rex Harmon 4, Walter W. Taylor 2 and Johnny Pointer 1. Tuesday night's games left the Panthers with 2 wins and no losses in district competition, while the Pantherettes now have won one and lost one.

Friday night the high school teams host the Lakeview High teams, the first home appearance for the two teams since December 7. Tuesday night of next week the locals go to Matador for a double header, and more than likely both teams will be hard pressed to win.

THIRD GRADERS TAKE IMAGINARY TRIPS

Recently, Mrs. Ina Mae Baird had members of her Third Grade to write letters describing imaginary trips to visit Eskimos and to the Hawaiian Islands. She felt that some of them were worth printing in The Tribune. We agree and the following are some of those letters).

Nome, Alaska, January 3, 1966

Dear Mrs. Baird,

I went to Nome, Alaska last week. I met a girl named Igluik. She was very kind to me and she could talk English, too. She said that she had learned it from the people on the airplanes that landed there. Really, she called the airplanes "the big birds."

Well, I got to stay a week so I found out what it was like to live like an Eskimo, and it was fun. First, we took a ride on Igluik's father's sledge. It was fun watching the dogs run before us. But soon a big thing that looked like a bundle of snow came running at us. As it got closer I could tell what it was. It was a great big Polar Bear, which the Eskimos called Nanuk. Igluik's father, Nigluik, sicked the dog on the bear.

He took his harpoon, and killed the bear. That night we had a big supper. And then we went to bed. I couldn't sleep so I just lay there looking around. Just think I was living the life of an Eskimo. I was sleeping in an igloo with a real Eskimo. Then I closed my eyes and was soon fast asleep. The next morning we were up with the sun. After breakfast we went fishing. It was fun the way we fished. Nigluik, Igluik's father, brought 3 boats. They were called kyaks. The kyaks had room enough for one person, so each of us got into a kyak alone.

Soon we started fishing and and before we knew it, it was dark. So we went back to the igloo. When we put all the fish we had caught in one pile, we saw that we had more fish than we needed.

The next morning I got a letter that said that I had to come home because school had started early. So I went home that afternoon. Well, I'll see you.

Your friend,
Eva (Cheatham)

Dear Valerie,

I went to Nome, Alaska to see my friend, Igluik. I went to school with my friend. When I come home she will come and go to school with me. One day we went on a hunt for a polar bear, which the Eskimos call Nanuk.

Love,

Dear Darrel,

I went to Greenland to the town of Nanuk.

When I got there I went hunting with Arklio. While I was with him I lived in an igloo.

They had a cache with fish in it. Their boat was called a umiak. The umiak is their hunting boat.

The second day we went riding on the sledge. While we were gone we saw Nanuk the polar bear.

That afternoon we went hunting again. Nigalek saw some wolves. He threw his harpoon at them.

No Substitute For Real Mashed Potatoes

Why kid ourselves. There's no substitute for real honest-to-goodness mashed potatoes. The best way to make them is to boil fresh potatoes and mash them through a Foley Food Mill. The Food Mill does a quick job and completely eliminates all lumps. Once the potatoes are put through the mill then they can be whipped with a fork in no time at all. To avoid the last minute rush of getting the potatoes ready, prepare them ahead, turn the potatoes into a casserole dish then put them into the oven to keep warm or to reheat.

PERFECT MASHED POTATOES

8-9 medium white potatoes ¼ cup milk (about)
½ cup butter or margarine Salt and pepper
1 egg, beaten lightly

Wash and peel potatoes. Place in a large saucepan in 1 inch of boiling salted water. Cover and boil 35 to 40 minutes or until fork tender. Spoon potatoes, 3 at a time, into Foley Food Mill and turn handle of mill to strain potatoes. Beat in butter and egg and add enough milk to make potatoes fluffy and creamy. Season to taste with salt and pepper. Turn into a buttered 5-cup baking dish or casserole. Keep hot in a 325 degree (slow) oven. If desired, lightly brown top under the broiler or by increasing heat to 425 degrees about 10 minutes before serving. Makes 6 to 8 servings.

That morning I visited the Eskimo school. ing it for the first time was beyond words.

Dear Daddy,

I went to visit the Eskimos. I visited a little Eskimo girl named Igluik. She lived in an igloo in Thule. We hardly ever had anything to eat but meat. Nearly every day we rode in a sledge. We liked to slide on the snow. It was very cold in Thule. We had to wear very warm clothes every day. We had a very good time. Some day I hope you can go there, too.

Dear Mrs. Baird,

I went to visit the Island of Hawaii, an island of volcanoes and coral reefs, mountains, palm trees and pretty flowers. The sky and ocean are so blue, and the sand was warm when I went barefooted. I had always heard it was beautiful but see-

CARDS OF THANKS

CARD OF THANKS

Words are inadequate to express our heartfelt thanks to each one who was so thoughtful in helping us to bear the loss of our beloved mother, grandmother and great-grandmother.

We appreciated the food and the ladies who helped to serve it; also the many beautiful floral arrangements. We want to especially thank the ministers, the ones who sang in the choir, the pianist, Bill Griffin and Erwin Boyd, all those who sat up, and every act of kindness, and each prayer that was offered in our behalf.

"The Bulldogs will be doing their very best to entertain and to display the determination that has been characteristic of our ball club all season," he stated.

SOCIAL SECURITY NOTES:

The Social Security Administration has established new requirements for proof of age for entitlement to social security monthly benefits.

Claimants must now submit the best proof of age available.

"The very best proof of age," according to Hal Geldon, Amarillo district manager, "would be a church or public record of birth made before the claimant's fifth birthday. Next best evidence of age would be any other record established before the person's eleventh birthday."

"There will be cases, Geldon explained, "where a person will not be able to present proof of age recorded before his fifth or eleventh birthday. When this is true, he will need to present two documents made after his eleventh birthday."

"Many sources are used for proof of age. They include public school, church and census records. Others that may be considered would include

Seedsman Develops New Dwarf Marigold

Yellow Nugget Marigold

PHILADELPHIA, PA. A new kind of marigold called Yellow Nugget is the latest horticultural achievement of David Burpee, famous Philadelphia seedsman. It's the first and only dwarf, triplid species hybrid marigold, and is the best of all marigolds for beds, borders, pots, and window boxes. For an ideal edging and border subject gardeners always wanted a dwarf marigold with large double flowers. Dwarf plants with small flowers are commonplace. They wanted the plant to stay low and compact, yet to have the vigor to literally cover itself with bloom. If such a large-flowered dwarf were extremely early and everblooming, so much the better. These are the very qualities that have been combined in Yellow Nugget. Bright yellow, double flowers are 2½ inches across, covering 12-inch mound-shaped plants that begin blooming in 35 days from seed and remain prolific even when moved inside to avoid frost in the fall.

Burpee's Yellow Nugget is a cross between two species, a giant American marigold (Tagetes erecta) and a dwarf French marigold (Tagetes patula). Because the chromosomes of the two parents are out of balance it cannot go to seed. It tries, but instead just blooms and blooms. While this may be frustrating to the plant it will be a delight to every gardener. Yellow Nugget Marigold is being introduced in 1966 on the front cover of the Burpee Seed Catalog.

hospital birth records, physicians' or midwife's birth records, insurance policies, delayed birth certificates, marriage records and military records."

Geldon emphasized that his office is ready to advise and assist applicants in obtaining evidence that meet the new requirements.

FARMER'S 1966 EDITION OF TAX GUIDE NOW AVAILABLE

The 1966 edition of the "Farmers Tax Guide," prepared especially for farmers to use in working up their 1965 income tax reports, is available at local county Extension offices,

Peanut Butter All-Stars!

Eleven of the nation's best football players soared to higher glory today as they were named to the Peanut Butter All-American team.

A common bond shared by the brawny athletes is a fondness for peanut butter sandwiches. A panel of judges representing the Peter Pan Co. of Chicago made the selections. The team was limited to players who completed their college careers in 1965.

Ralph H. Maulin, Peter Pan president, announced the team. He said, "It takes a special kind of courage for a big man to tell about his favorite peanut butter sandwich. Many men think it's strictly for kids. The average player on the Peanut Butter All-American team stands 6-ft. 3-in., and weighs 223 lbs."

At the ends are Allen Brown of Mississippi, now with the Green Bay Packers, and Fred Hill of Southern California, playing for the Philadelphia Eagles. Brown likes to add grape jelly and sliced banana to his peanut butter sandwich. Hill prefers peanut butter with honey and melted marshmallows.

At tackle are two former Big Ten stars: Archie Sutton of Illinois and Jim Garcia of Purdue. Sutton, playing for the Minnesota Vikings, adds salami, cheese and jelly to his peanut butter sandwich. Garcia, with the Cleveland Browns, is more reserved and prefers to add only grape jelly.

The guard spots go to Ron Caveness, an Arkansas star now with the Kansas City Chiefs, and Don Croftcheck, who played college ball for Indiana and is on the Washington Redskins roster. Caveness craves bananas in his peanut butter sandwiches while Croftcheck likes to put peanut butter on crackers and dunk them into coffee.

The center position is held by Glenn Ressler of the Baltimore

Glenn Ressler, former Penn State star center now with the Baltimore Colts, likes his peanut butter sandwich with ham and cheese.

Colts. Ressler, a Penn State star, combines ham, cheese and peanut butter in his favorite sandwich.

The power-packed backfield is made up of Tucker Frederickson of the New York Giants, Russell Wayt of the Dallas Cowboys, Larry Todd of the Oakland Raiders and Carl Stichweh, now an officer in the U. S. Army.

Frederickson, an Auburn great, settles for jelly and bananas; Wayt, who starred for Rice, adds honey to his peanut butter sandwiches; Todd, of Arizona State fame, goes for the standard peanut butter and jelly, while Stichweh of Army is keen on apple slices.

Stichweh, something of a gourmet, also recommended peanut butter sauce on lobsters.

First National Bank, or from offices of the Internal Revenue Service, reports County Agent Leon Grosdidier.

It would be hard to place a value on this publication, explains the county agent. It is written and illustrated for farmer use and is just about a must for tax filing purposes.

One of its most useful sections is the example tax return. On this sample tax return, Schedules B, D, and F

are used. Also the major form of all, Schedule 1040, is shown with the completed return and computed tax. Each step in preparing the return is illustrated and explained.

Every tax payer who received two-thirds of his gross income from farming is due to file his return and pay the tax by February 15, 1966 unless he files an estimate and pays this amount by January 17, 1966.
