Death Takes Three Quitaque Residents

★ ★ ★
MRS. DORA STROUP
PASSES AWAY SUNDAY

Death claimed one of the area's pioneers late Sunday afternoon when Mrs. Dora Stroup, who came to this community in 1888, died in Plainview Hospital and Clinic.

Funeral services for Mrs. Stroup were held Tuesday, January 25 in the First Baptist Church, where she worshipped all the years since the organization of the church.

The Rev. Bill Curry, pastor officiated at the memorial service, assisted by the Rev. Al Jennings, pastor of the Methodist Church.

Burial was in Rest Haven Cemetery under the direction of Quitaque Funeral Home.

Pallbearers were Bill Woods, Walter Taylor, J. T. Rogers, Jr., O. R. Stark, Jr., Jimmy Davidson and E. A. Birdwell.

Mrs. Stroup, the former Dora Mary Merrell, was born in San Saba County, March 7, 1881. She came to this area with her parents and family when she was 7 years old. Mrs. Stroup said that they drove some cattle along with the move to the Panhandle, and during the trip north encountered stormy weather, which slowed them considerably. The trip took about six weeks.

The Merrell family settled south of Quitaque and it was there that Oscar Stroup, a young cowboy working for the F Ranch met his future wife. They were married in 1902 and in 1903 the young couple acquired their own ranch west of Quitaque and they lived in that same locality from that time.

Mrs. Stroup did not consider herself a charter member of the Baptist Church here because bad weather prevented her being present the Sunday the Church was organized in 1911. She was one of those who was responsible for and worked toward the organization of the church and the Sunday following its organization, placed her membership in the new church and she had been a faithful and consecrated member since that time. She was also a member of the Order of the Eastern Star, Chapter No. 878.

She is survived by sons, Jim of Quitaque, Charlie of Fort Morgan, Colo., and Jack of Pampa; one daughter, Miss Gladys Stroup of Quitaque; two sisters, Mrs. Lizzie Eddleman of Estelline and Mrs. Pearl Martin of Plainview; two brothers, Irvin Merrell of Plainview and Warren Merrell of Quitaque; four grandchildren and one great-grandchild.

Mr. Stroup died in December, 1960.

The Rev. Mrs. Cecil Rice and her parents, the Rev. and Mrs. Lester Stater, attended a fellow meeting at Roaring Springs Tuesday afternoon at the Assembly of God Church there. The Rev. Stater is teaching a training course here this week and a good turn-out of local people is reported, along with others from Turkey and Silverton.

Mr. and Mrs. Vance Robison were in Tulia on business one day last week.

ALTON JOHNSON DIES IN SLEEP
EARLY MONDAY NIGHT

Quitaque residents, already saddened due to the loss of two of its people, were shocked even more Tuesday morning when it was learned that Alton Johnson had died during the night.

Death for Alton came sometime before midnight Monday, apparently of a heart attack. He was 59 years of age.

Mr. and Mrs. Johnson had visited earlier in the evening with the Stroup family, had driven to town and stopped for a few minutes at the school gym, where a basketball game was in progress, then had gone home. Mrs. Johnson said that Alton had shown no signs of even feeling ill and had gone to bed soon after they arrived home. She said that she sat up and read for quite awhile and when she went to the bedroom her husband was dead.

Funeral services were held at 2:30 p. m. Wednesday at the Methodist Church with the Rev. E. B. Thompson of Odessa, a former pastor of the local church officiating, assisted by the Rev. Al Jennings, pastor.

Burial was in Rest Haven Cemetery under direction of Quitaque Funeral Home.

Active pallbearers were E. W. Scheid, James Brunson, E. J. Hamilton, Pete Blankenship, O. R. Stark, Jr., Bob Ham, Pete Rice and Jake Merrell. Honorary pallbearers were Morris Wilson, Dick Hooks, M. L. Roberson, Joe Bedwell, Jim Stroup, Orlin Stark, Bert Grundy and Bill Woods.

Alton A. Johnson was born October 21, 1906 at Coolidge, Texas, the son of the late John A. and Mrs. Johnson. He came to Quitaque with his parents in 1914. Alton attended the local school system and finished his high school work at Wayland Junior College, then attended the college. Following that, he attended Colorado A & M College at Fort Collins.

During the 1930's Alton worked for several government agencies.

He was married to Amelia Tunnell on March 5, 1937 in Amarillo.

He became associated with Willson and Son Lumber Co. in 1940 and has been with that firm since that time.

In 1959 he was appointed Mayor of Quitaque and had served in that capacity since that time.

He is survived by his wife, Amelia, of the home; a daughter, Jill of the home; three sons, John Lynn of Wichita Falls, Felix of Amarillo, and Jack, a student at West Texas State University; his mother, Mrs. John A. Johnson of Quitaque; a brother, Clayton Johnson of Quitaque; one sister, Mrs. Rosamond Battles of Wichita, Kansas; and one grandchild.

Coach Jimmy Viramontes and the entire West Texas State basketball team were present at the funeral service of their teammate Jack's father.

Mr. and Mrs. James May drove to Plainview Monday morning to see his doctor. He had been going for treatments ever day the week before and the doctor dismissed him this time. James had torn ligaments in his back a couple of weeks ago.

FUNERAL SERVICE HELD SUNDAY
FOR JACK HULSEY

Funeral services were held at the First Baptist Church last Sunday at 2:30 p. m. for Jack Hulsey, 76, a resident here for the past 28 years. Mr. Hulsey died Friday morning in Swisher Memorial Hospital in Tulia where he had been a patient 3 days. He had been in failing health for several months.

The Rev. Bill Curry, pastor, officiated at the funeral service, assisted by the Rev. Al Jennings, pastor of the First Methodist Church here.

Burial was in Rest Haven Cemetery under the direction of Quitaque Funeral Home.

Pallbearers were Jimmy Davidson, Joe David Payne, Bob Ham, O. R. Stark, Warren Payne and Jarrell Rice.

He was a member of the Baptist Church.

Jack Hulsey was born in Lamar County, Texas, December 27, 1889.

He married Minnie Hutchings in Lamar County, January 1, 1912.

He moved here with his family in 1937, where he farmed and later worked for Willson and Son Lumber Co. until he retired several years ago.

Survivors include his wife Minnie of the home; a son, Jack, Jr. of Amarillo; two daughters, Mrs. J. E. Brooks of Hereford and Mrs. Harley Eddleman of Claude; two brothers, George of Quitaque and Homer of Hereford; two sisters, Mrs. Callie Barham and Mrs. Eric Barnes of Paris; nine grandchildren and five great-grandchildren.

Among the out of town people here to attend the funeral service for Jack Hulsey were Mr. and Mrs. Griggs Hulsey, Charles Hulsey, Carmon Morrison, Mr. and Mrs. Jim Jones, all from Lubbock; Carlton Crabb, Farmington, N. M.; Mrs. Roxie Khoury, Mr. and Mrs. Clyde Wakefield and boys, Amarillo; Mr. and Mrs. Floy Driver and Larry, Mr. and Mrs. Homer Hulsey and Terry, Hereford; Mrs. Billie Jean Henderson, Mr. and Mrs. Lois Stone and Melba, Mrs. Bob Shoemaker, Ralls; Mr. and Mrs. Johnny Butler, Mr. and Mrs. Mack Bynum, Plainview; Mr. and Mrs. Jess Carson, Mr. and Mrs. Gary Rockwell, of Amarillo; Mr. and Mrs. Freddy Stockton, Memphis; Mr. and Mrs. James Brooks, Hereford; Mr. and Mrs. Harley Eddleman, Claude; Mr. and Mrs. Jack Hulsey, Jr., of Amarillo; Sylvia Brooks and Rodney Brooks, Hereford.

David McCormick and Clarence Eager, both of Amarillo, spoke at the Church of Christ Sunday and were dinner guests of Mr. and Mrs. Donnie Brunson and children. The two men came in the place of G. B. Shelbourne, who was supposed to preach. His wife had surgery Friday in St. Anthony's Hospital. He has preached here so many times that he is well-known in the community and friends will be interested to know of his wife's surgery.

ROGERS ANNOUNCES
FOR RE-ELECTION

Congressman Walter Rogers today announced his candidacy for reelection as U. S. Representative from the 18th District of Texas.

The Congressman said he has filed in accordance with the Texas Election Code as a candidate for renomination in the May 7 Democratic primary.

Congressman Rogers, whose home is Pampa, is serving in his eighth term in the U. S. House of Representatives. He is second-ranking majority member on the 33-member House Committee on Interstate and Foreign Commerce and third-ranking majority member on the 34-member House Committee on Interior and Insular Affairs.

The Congressman is married to the former Catherine R. (Jean) Daly of Pampa. They are parents of six children.

BRISCOE COUNTY MUSEUM OPENED SUNDAY

The Briscoe County Museum had its formal opening last Sunday, January 23rd.

Mrs. C. O. Allard, County Chairman, greeted the guests and presided at the guest register. Refreshments of punch and cookies were served. Mrs. Carroll Garrison, the Museum Chairman, introduced Mrs. Burt Black of Crosbyton, who presented a talk on RAMPS. The Rev. Clyde Cain, pastor of First Baptist Church in Silverton, led the dedicatory prayer.

Around 60 people registered and reviewed the 220 articles in the museum, among them a 100 year old coverlid and a 100-year old quilt. A bouquet of flowers was presented to the museum by the Swisher County Archives and Museum, Ass'n. Mrs. Allard was presented with a Texas Charm, which was sent by mail from the Historical Survey Society at Odessa. Mrs. C. L. McWilliams is

the Curator and Manager of the Briscoe County Museum and she, along with Mrs. Allard and Mrs. Garrison, wish to extend thanks to everyone who helped in any way to make this museum possible and also to those who attended the opening of the museum.

Those from out of town attending the opening were Mr. and Mrs. Lewis Redman, of Tulia; Mr. and Mrs. John G. Harvey and Mrs. Bert Black, Crosbyton. Mrs. Harvey is the Curator and Manager of the Pioneer Memorial Museum and Mrs. Black is the secretary and assists the Harveys in the Museum.

Mr. and Mrs. Ronnie Richmond of Canyon arrived here Thursday to spend the between semester vacation with her parents, Mr. and Mrs. Jim Mayfield and his parents in Turkey.

HONOR STUDENTS
ARE ANNOUNCED

H.S. Prin. George Ray Colvin has released the names of the honor students for the third six weeks and for the first semester. They are as follows:

SIX WEEKS
A Honor Roll — Seniors
Marilyn Hutcherson and Larry Tipton.
B Honor Roll —
Barbara Reagan and Rex Harmon.

A Honor Roll — Juniors
None
B Honor Roll —
Patricia Brunson, Don Brummett, Annis Dudley, Jill Johnson, Sammie Sue Johnson, Melinda McWilliams, Sheila Payne, Monte Stephens, Peggy Tiffin Earl Lee Woods and Ina Gale Woods.

A Honor Roll — Sophomores
None
B Honor Roll —
Becky Berryhill, Lynette Taylor and Janis Johnson.

A Honor Roll — Freshmen
None
B Honor Roll —
David Brunson, Barbara Chandler, Oliver Clark, Larry Farley, Jo Beth Merrell, Johnny Pointer and Sherry Stark.

SEMESTER HONOR ROLL
A Honor Roll — Seniors
Larry Tipton
B Honor Roll —
Marilyn Hutcherson, Barbara Reagan.

A Honor Roll — Juniors
None
B Honor Roll —
Jill Johnson, Sammie Johnson, Sheila Payne and Monte Stephens.

A Honor Roll — Sophomores
None
B Honor Roll —
Becky Berryhill, Janis Johnson and Lynette Taylor.

A Honor Roll — Freshmen
None
B Honor Roll —
David Brunson, Oliver Clark, Larry Farley, Jo Beth Merrell, Sherry Stark.

Mrs. James Kimbell and Mrs. Bobby Brunson attended a shower for Mrs. James Lynn Kimbell in Turkey Saturday afternoon. The shower was in the home of Mrs. Micky Maupin.

New Arrivals

Mr. and Mrs. Odis Reagan are the parents of a new baby girl, Eva Gayle, born Thursday morning of last week, Jan. 20, at 2:29 a. m. in Lockney General Hospital. She weighed 6 lbs., 14 ozs. Both mother and baby are doing fine.

line Friday night and the Pantherettes must win over the Estelline crew Friday night if they are to remain in contention for round-robin honors.

Next Tuesday night, February 1 the local teams go to Lakeview for a pair of district games.

Last Friday night's games with Flomot had to be postponed because of the weather and Coach King announced early Thursday morning that these games had been rescheduled for Saturday night, February 5. The boy's district tournament is just two weeks away, and will be played at Turkey on February 10, 11 and 12. The girl's district tournament will be played at Turkey the week following.

Panthers Lead Field At Halfway Point

The high school basketball teams took a pair of wins over Turkey High in games played here Tuesday night.

The Pantherettes won the first game of the evening by a 53-40 margin sparked by the 22 points scored by Patricia Brunson. The Pantherettes led all the way after the score was tied at 2-2 in the opening seconds in the contest.

The locals kept a fairly comfortable lead during the game, being ahead 10-7 at the end of the first period, 26-13 at half-time and 33-24 at the end of three quarters of play.

Sherry Stark got into early foul trouble and sat out most of the game. She returned to

action in the fourth period but fouled out before the game was over. Jo Beth Mertell also fouled out and the Turkettes also lost two starters by fouls.

The Pantherettes now have won three district games and have lost two at the half-way point in district play.

Carol Myers and Barbara Reagan shared runner-up honors in the scoring department with 12 points each and Sherry Stark canned 7 points to round out the scoring.

The Panthers stand all alone at the top of the heap in the boy's division of District 9-B since they have now won over every team in the district and have not lost a game.

The Panthers took a hard-

earned 59-51 win over the Turks here Tuesday night but the score does not tell the story for the Turks led, for a considerable portion of the game and for awhile it looked as if a long winning streak might be snapped. Five years ago, in the 1961 season, the Panthers lost two district games and the district had a three-way tie between Quitaque, Turkey and Estelline. The Panthers went on to win the district tournament and a playoff between the three teams. Since that time the Panthers have not lost a district game.

The Turks came about as close to pulling off that trick Tuesday night as any team has in that time.

The Panthers led in the early minutes of the game but the visitors came on to take a 13-12 lead at the end of the first quarter. The score was tied 32-32 at half-time and Turkey owned a 44-43 lead at the end of three quarters.

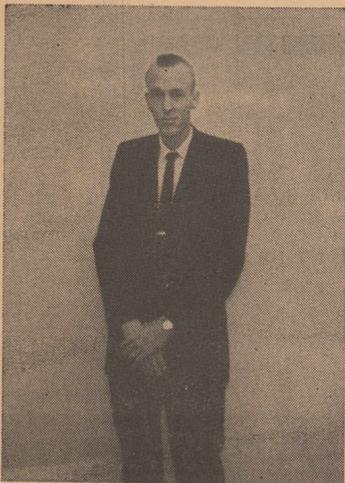

During the second quarter the Turks went ahead of the Panthers when the locals were all having trouble finding the basket. Coach Gene King sent Jimmy Wayne Pointer into the game and he started pot-shooting from outside and put the Panthers back into the game. During the third quarter the Panthers still were having trouble in stopping the Turks' Harvey Case and Rod Mullin and Coach King sent freshman Roland Hamilton into the game and that tall young man probably saved the ball game for he repeatedly blocked the shots attempted by the Turks and slowed the Turks scoring to the extent that the Panthers were able to take the lead. The margin of victory was built during the closing minutes as the score was tied at 50-50 midway of the final quarter and it was here that the Panthers went ahead to stay and the Turks were unable to match the locals.

Bobby Cochran captured the scoring honors for the night with 18 points. Jimmy Wayne Pointer hit seven beauties for 14 points and runnerup honors. Dale Ramsey tallied 12 points, Monte Stephens 7, Larry Tipton 4, Rex Harmon and Lyn Payne scored 2 points each.

Case with 20 points and Mullin with 16 points were sparks for the Turks.

The local teams host Estel-

GENE KING TO SPEAK AT COACHING CLINIC

Coach Gene King

LUBBOCK — The Panhandle Plains members of the Texas High School Coaches Association begin their annual Region I Meeting at 9 a. m. Saturday in the Coronado Room of the Texas Tech Student Union Building.

Top coaches in each of the major sports—basketball, football and track—will be featured speakers at the meeting which will run throughout Saturday afternoon.

Gene King, head basketball coach of the Quitaque Schools,

is one of the basketball speakers for the clinic. He will speak on the basketball setup in the local system.

Other speakers on the program include Tom Gilley, basketball coach at Amarillo Palo Duro High, whose subject will be "Shooting Drills";

John Ethridge of Amarillo High, who will speak on "Press";

Max O'Banion, whose subject will be "Offense"; and Jerry Hale of Dumas High who will talk about "Man to Man Defense."

Stachia Chadwick, infant daughter of Mr. and Mrs. Buster Chadwick, has been on the sick list this week. She has been to the doctor in Turkey several days this week.

and son, Gerald, spent Sunday with his parents, Mr. and Mrs. Wes Harvey. They came to help Wes celebrate his birthday anniversary.

Mr. and Mrs. Lawrence Bedwell, Mr. and Mrs. Frank Offield and Mrs. Dovie Prichard and Mrs. Carthel, Plainview stopped for a visit with Mrs. W. E. Morrison Sunday night. They were enroute home from a visit in Altus, Okla.

D. W. Baca came in Saturday night to spend a long week-end with his family. He is working in Ranger and reports that the snow was gone there when he left, but when he got to Spur the roads were bad and it took him two hours to drive from there to Quitaque.

Mr. and Mrs. Graham Harvey

Mr. and Mrs. James May

spent Sunday with her parents, Mr. and Mrs. J. W. Lutts, in Estelline. Mr. Lutts observed his birthday on Saturday and the Mays drove down on Sunday to help him celebrate and enjoy the birthday dinner.

POST OFFICE DEPARTMENT TO SEEK IMPROVEMENT FUNDS

President Johnson directed Postmaster General Lawrence F. O'Brien to take steps to increase window service where needed in some 15,000 post offices, and to resume six-day-a-week parcel post delivery in 6,091 cities.

"A good, stable, dependable postal system is vital to the well-being of the nation's economy," President Johnson said, in granting the Postmaster General authority to seek service improvement funds from Congress. "I want you to explore all the techniques available to modernize our postal service and make certain they are being used to provide the American people with the best postal system in the world at the lowest possible cost to the taxpayer." The Postmaster General said that the service improvements will be made as soon as Congress provides the funds—hopefully within the next months.

Authority to make the postal service improvements was contained in a letter to the Postmaster General, replying to a proposal by Mr. O'Brien that such action be taken.

Under the Postmaster General's proposal, six-day parcel post delivery would be restored in 6,091 cities where delivery routes served by foot carriers are now receiving parcel post delivery only five days a week. One delivery day is skipped each week in these cities, though on routes served by mounted carriers, six-day parcel delivery has been maintained. Post Office window service on Saturdays and—, in cases, Sundays would be authorized on an as needed basis in nearly 15,000 post offices. Late-window-hour service would also be resumed on week nights, where needed.

Postmasters would be authorized to resume selling money orders on Saturdays as part of the window service restoration in these cities where money order sales have been curtailed.

Postmaster General O'Brien said that the service improvements would be a meaningful step in the President's program to up grade the quality of Federal services.

Post Office window hours and parcel post delivery service were cut back by the Post Office Department as an economy measure in May 1964.

CONGRESSMAN WALTER ROGERS' WASHINGTON REPORT

It's Not Either-Or When Guns Are Needed

Being overlooked by some in the so-called "guns versus butter" controversy is this fact: We must have guns—meaning a military establishment without equal in this dangerous World—and Congress is going to see to it that we DO have guns and all the guns needed. This is not an "either-or" proposition. We must protect this Nation, and defense comes first.

"Butter" — meaning luxury programs aimed, according to their advocates, at improving the "quality" of American life—may not be spread around as generously as in the past. Again, defense comes first, and if something goes it is sure to be the butter.

It is the same as with a family's budget. Food, clothing, shelter, and health care are essentials. These are the items equivalent to the national budget's defense items. A family's budget is governed by the demands of these essentials, and becomes most flexible when the family determines how much is to be spent for such non-essen-

tials as entertainment.

From the very beginning, we Americans have put our defense first. Pioneers moving away from the seaboard cleared land and built a fort for their protection as the first step. Before a man provided himself with other articles he saw to it that he possessed a good gun. These early necessities of the frontier have become American traditions; they are ingrained in the spirit of all Americans.

On Lexington Common, a triangular village green in Massachusetts, a tiny group of embattled minutemen under Captain John Parker faced an advance guard of four hundred British regulars in the pale dawn of April 19, 1775. This hallowed ground is often called "The Birthplace of American Liberty" for it was here that Captain Parker gave his immortal command: "Stand your ground. Don't fire unless fired upon, but if they mean to have a war let it begin here." And so the Revolutionary War began. Lessons learned in that war have helped us since in maintaining the capacity to protect

and defend ourselves as a Nation. With no experience, the Revolutionary patriots had enormous difficulty in financing the war. The principal reliance fell to paper money and a frightful inflation ensued. Barbershops were papered with continental notes (you've heard the expression, "I don't give a continental . . .") We had offsetting advantages in the Revolution, of course, and paramount was the courage and spirit of liberty that prevailed with the patriots fighting for their independence.

Now, with an expenditure of nearly two-thirds of the national budget earmarked for defense or defense-oriented purposes (space programs are included in the latter) this country is on such a solid economic footing that we can finance the cost of fighting a costly war in Viet Nam, maintain hundreds of fighting men at stations all around the globe, and support in addition the military establishments of our allies. We can do this and still have the capacity left to provide some "butter"—but we must not become so addicted to the taste of butter that we can't get along without it. Certainly savings can be effected, programs can be trimmed. And certainly we can do this in order to avoid any increase in tax

burdens. With the economic strength the United States now boasts, our capacity to defend ourselves is enormous from the standpoint of buying guns—but let us not forget that it is the courage and stamina of our people that in the end will keep us free.

Walter Rogers
Member of Congress
18th District of Texas

CITIZENS URGED TO PAY POLL TAXES

Attorney General Waggoner Carr today urged all Texans who will be eligible to vote in this year's elections to obtain their poll tax before the January 31st deadline.

In some counties the number of persons qualifying to vote is below normal. Some attribute this to the fact that there is some confusion on the part of many Texans as to whether a poll tax must be paid this year because of the recent lawsuit attacking this requirement.

Carr called attention to the fact that the Judges of the Federal District Court hearing the case involving the validity of the Texas poll tax law, have recommended that Texas voters comply with the present law, because the lawsuit is not likely to be finally decided before January 31, which is the deadline for poll tax payment.

Carr listed the following four rules for obtaining poll tax receipts and exemption certificates to qualify for voting in elections held between February 1, 1966, and January 31, 1967.

1. In order to vote in any primary, general or special election for the nomination or election of any State or local offices, or to vote in any election on a question or proposition, persons not exempt from

payment of the poll tax must do so by January 31, 1966.

2. Persons over 60 years of age on January 1, 1965, are exempt from paying the poll tax. However, an exemption certificate must be obtained by January 31, 1966.

3. Persons who were under 21 on January 1, 1965, but who will be 21 years of age by the election date, or who were not residents of Texas on January 1, 1965, but will be so by election date are not subject to the payment of the poll tax. However, they must obtain an exemption certificate. This certificate can be obtained at any time throughout the year. But, in order to vote, it must have been issued at least 30 days prior to any election.

4. Persons eligible to register and who have not paid for a poll tax or obtained an exemption certificate to vote in any primary, general or special election for nomination or election of members of the United States Congress, may do so by obtaining a special poll tax receipt (issued without payment of the tax) by January 31, 1966. This is a registration certificate and qualifies anyone to vote for Federal offices. The County Tax Collector marks the receipt with the notation "Poll Tax not paid."

HOME NOTES

(By Becky Hall)

County Home Demonstration Agent Home Notes

The oldtimers say that this bit of weather is not typical of this area for this time of year. At least we can appreciate some variety and that's the stuff that gives spice to our lives. If only we could always keep the exuberance of little children. A small nephew of mine, Kyle Jones, of Littlefield, looked out their window the other morning and said, "daddy come quick and look, all the trees are flocked like Christmas this morning." Our little boys have spent most of their lives on the desert, so missed the beauty and wonder of the sparkling ice and snow. There are problems though for we adults that must be responsible for keeping the family well and for trying to avoid colds. One thing we can all do is to be sure that we get our vitamin C every day. The body does not store this life essential ingredient so every day we must get our requirement anew. Our need varies with age, sex and general health. But on the average one-half cup of tomato juice will supply

Walk and Be Healthy
By American Podiatry Association

YOUR CHILD'S FOOT HEALTH

"Children's feet need regular checkups," states Dr. Edwin N. Barron, Sr., Little Rock, Arkansas podiatrist and President of the American Podiatry Association. "With a good percentage of our youth suffering from a wide variety of foot ailments" he emphasizes the need for both preventive care and regular maintenance.

"When foot problems become evident in the child, early professional care should be sought," advises Dr. Barron. "This is important in order to keep the disorders from developing into lasting, painful deformities by the time he or she becomes an adult. The bones in the feet (there are 26 in each) take almost 20 years to develop completely, but enough damage can be done during the first six years of a child to cause him distress for the rest of his life. Socks that are too short, shoes that are improperly fitted and garments, such as leotards that bind the feet, are contributing factors to breakdowns in foot health for these cause undue pressure and resulting trouble."

The American Podiatry Association urges parents to check their children's feet on a regular basis and obtain professional care when indicated. Dr. Barron

suggests looking for cracks in the skin, especially between the toes, blisters, ingrown nails and warts — and watch how your child walks — often the first sign of foot trouble. He further cautions against urging your child to walk until he is ready and says never pass on shoes from one child to another.

Children's feet grow faster in the early years of life (up to age 12 children's foot size can change every three months), and says never pass on shoes from one child to another.

The podiatry President cited the recent contributions of the Illinois Podiatry Society for conducting foot health examinations and treatment free-of-charge among 35,000 pre-school youngsters in Illinois under Project "Head Start."

Dr. Barron size of shoes should be checked at more regular intervals. The following chart offers a guide:

2 to 6 years...after 4 weeks
6 to 10 years...after 8 weeks
10 to 12 years...after 12 weeks
12 to 15 years...after 16 weeks
15 to 20 years...after 6 months

about one-fourth of the daily allowance of vitamin C recommended by the National Research Council. An even better source of this vitamin which is also called ascorbic acid is the citrus fruit family. We get more vitamin C when we do not strain the juice of if we eat the pulp along with the juice. Some other sources of this vitamin include bananas, liver, green leafy vegetables and especially those of the cabbage family, peppers, strawberries and cantaloupes. One would think that with such a variety of food to select from, that no one would be inadequate in this nutrient, but statistics show otherwise. Prolonged lack of this vitamin causes bleeding gums, loose teeth, sore joints, loss of appetite and weight, fatigue, and in extreme cases, scurvy.

Last Wednesday after braving the low ground fog to reach Quitaque I was amazed at the wonderful show of interest of eight other women who had also braved the weather to organize into a club. After discussing their needs and desires I'm most pleased to report that they decided to become the first home demonstration club in Briscoe County. They elected Mrs. Alton A. Johnson as their president, Mrs. J. T. Rogers Jr. as vice president, and Mrs. Walter Taylor as secretary and treasurer. Mrs. O. R. Stark, Jr. will serve as their projects committee chairman. One of their first activities is to plan ways and means of improving the homemaking department. Mrs. Frances Wise is the homemaking teacher and is also a member of the newly organized club.

Mrs. Obra Watson honored this agent with a lovely welcome coffee at her home last week. Mrs. Aubrey Russell, the district agent, came up through the snow and ice and the other guests were 4-H leaders that slipped and slid as we all did to find the right place to turn to Jesse's house. A little business was combined with a lot of pleasure. The 4-H-ers are very lucky in this county to have such an outstanding team of leaders, many of them having been faithfully teaching and working with youth for many years. If you are not one of these leaders and you think you

would like to be, there is to be some training given in February with your special needs and interests in mind.

LOCAL BRIEFS

Mrs. Ida Skelton and son of Turkey visited Mrs. Bob Patrick Sunday. Mrs. Skelton's mother, Mrs. Graves, is a patient in Groom Memorial Hospital. She is 90 years old.

Mrs. David Setliff was admitted as a patient to Groom Memorial Hospital Friday of last week for treatment. At latest report, she was improving.

Be A Safe Driver . . .

Here's How By Sam Hanks

Racing Director, Indianapolis Speedway
1957 Memorial Day 500-Mile Winner

SAVE TIRES AND LIVES

In the last two years, the winning car in the Indianapolis 500 has finished the race without changing tires.

When tires will stand up for 500 miles at a 150 mile-an-hour average on the Speedway, it's a real tribute to their staying qualities.

If we stop to think about it, we all know tires are better than ever. Flats used to be commonplace, but now many drivers have never experienced one — and therein lies a danger.

Too many of us have become complacent about tires. But an under-inflated tire run at turn-pike speeds is a prime candidate for a blowout. We all know what happens when tire blows out at high speed, especially a front tire.

Even if you avoid a blowout, driving under-inflated tires takes thousands of miles off their life.

Incidentally, contrary to a popular notion, letting air out of your tires is no real help in getting off ice. Sand or rock salt works much better.

So, if you want to save tires — and possibly your life — check tire pressures regularly.

Another good way to save tires — and lives — is to replace shock absorbers every 20,000 miles with new Monroe shock absorbers on front and rear Load-Leveler stabilizing units. Worn shock absorbers are dangerous and can cost you as much as 17% in tire life, roughly about 5,000 miles of travel.

LETTERS TO THE EDITOR:

Commerce, Texas
1613 Caddo
January 23, 1966
Quitaque Tribune
Quitaque, Texas

Dear Editor,
Some kind and generous friend is sending us The Tribune—we do not know who it is but would like to be able to express our appreciation.

We have enjoyed seeing names of friends and former pupils. We shall always be interested in them. If at any time any of them come near enough, we would be happy to have them come to see us.

We are enjoying our retirement. We still keep busy at home and on the farm.

Ben lives in Mesquite and Don lives in Beaumont.
Thanks again to someone!
Best wishes to all
The Crosses

TAX MAN SAM SAYS

A lot of folks make New Years Resolutions. Taxpayers usually make April 15 resolutions—File early next year.

If you made a resolution to file early last year, there is no better time than right now to get started. Early filing helps you to avoid mistakes and gives you time to double check your figures.

1965 STATE SALES TAX TABLE
If you itemize your deductions, you may use this table to determine the general sales tax to be entered on Form 1040, page 2, Part IV. However, if you can establish that you paid a larger amount, you are entitled to deduct that amount. This table is based on the Texas State sales tax of 2 percent. Sales taxes for automobile purchases are not included in this table and they should be added to the table amount, if applicable.

Income as shown on line 9, page 1, Form 1040	Family Size (Persons 1 & 2	3 & 4	5	Over 5
Under \$1,000	\$7	\$10	\$10	\$10

New Services Provided Independent Phones Soar as Colleges Boom

Booming college enrollments which are transforming small college towns into bustling communities are resulting in major expansions of many of the nation's Independent (non-Bell) telephone companies.

Peter A. Nenzel, president of the Association (USITA), notes that as colleges across the nation expand to meet the influx of students, the demand grows for more telephone service—requiring in many cases advanced, complex circuits.

USITA represents 2,400 Independent telephone companies which operate more than 15 million telephones covering more than half the nation's geographical service area. These companies have assets of \$6.82 billion, annual revenues of \$1.7 billion, 103,000 employees and 1,100,000 stockholders.

Services provided by Independents to meet the college demand include closed-circuit television in classrooms, data transmission networks linking several campuses of the same university, and private automatic branch exchanges to serve phones in dormitories and faculty offices. Lectures are provided from distant cities, with lecturers illustrating their talks in their own handwriting, transmitted electronically and projected on a classroom screen.

As an example of telephone service growth caused by college expansion, Nenzel said that in Carbondale, Ill., Southern Illinois University's growth from a small teacher's college a few years ago to a major university with more than 20,000 students has meant a major increase in telephone equipment installation. Programs include 800 new dormitory room phones and closed-circuit television for university buildings.

Typical of the Independent telephone industry's ability to innovate is the recent installation of a teletype system linking

PETER A. NENZEL

the libraries of five universities in the Dallas-Fort Worth, Tex., area.

Permitting access to a total of 2,000,000 books, the system provides a unique service for North Texas State University and Texas Women's University, both in Denton; Southern Methodist University and University of Texas Southwestern Medical School, both in Dallas; and Texas Christian University, Fort Worth. Inter-university library cards are issued at each school and requested books are located through the teletype network.

Students at Stephens College in Columbia, Mo., hear lectures delivered by experts from many parts of the world via long-distance telephone. Stephens is the focal point and distributes the lectures made by experts from their homes and offices to a network of many small liberal arts and teachers colleges.

SOCIAL SECURITY NOTES

People 65 and over need to be reminded they do not have much longer to enroll in the Medicare program under social security, according to Hal Geldon, Manager of the Amarillo Social Security office.

The enrollment period began September 1, 1965, and will end March 31, 1966. Persons who were 65 or older in 1965, must sign up during this enrollment period if they want the supplemental medical insurance.

People who are receiving social security or railroad retirement benefits have received their enrollment card by mail. Persons receiving old-age assistance benefits from the Texas Department of Public Welfare will be contacted by their welfare office. Others who have not signed up for either of these benefits should contact their Amarillo social security office now for assistance in enrolling.

Soil Fertility Facts..

USING LESS LAND, FARMERS NOW PRODUCE FOOD AND FIBERS FOR TWO AS MANY AMERICANS AS IN 1910—AND AT A SMALLER SHARE OF THE CONSUMER DOLLAR. ALSO, ONE OUT OF FOUR HARVESTED ACRES PRODUCES FOR EXPORT. ACCIDENT METHODS SUCH AS SOIL TESTING AND FERTILIZER USE HELP THE FARMER PRODUCE ENOUGH FOR HIMSELF AND 31 OTHERS SINCE USDA —

US FARMERS USE 11 TIMES MORE FERTILIZER THAN IN 1910. AND SINCE THEN, FERTILIZERS HAVE BEEN IMPROVED SO THERE IS TWICE AS MUCH ACTUAL PLANT FOOD IN FERTILIZERS NOW AS FIFTY YEARS AGO. THIS SAVING, TO FARMERS MEANS HIGHER PROFITS PER ACRE.
