HOW ABOUT THIS RESOLUTION?

A community such as ours is built . . . and maintained . . . and prospered by the trading that goes on within it; not by the dollars which we allow ourselves to be persuaded to send off to some other community.

Our schools . . . our churches . . . most of our homes and jobs or businesses . . . the number and sort of neighbors we have . . . the ability of our stores and service establishments to take care of our daily and emergency needs . . . all of these depend upon local trade . . . money spent here at home.

One of the cold facts of life (economic) is that the prosperity

"Whenever at all Possible, We'll Buy Our Families Goods and Services at Home!"

and better life which our dollars naturally help to pay for in the community where they are spent can be far more valuable than the goods or service those dollars buy for us.

But an equally undeniable fact of life is that we don't share in the enjoyment of these more important things paid for by our money . . . unless we spend it at home!
