Congressman Price Has Busy Week

The Panhandle's new congressman, Bob Price, spent a busy week his first in his new Washington office. Two days were spent at a retreat in nearby Virginia in attendance at an orientation session for new congressmen.

Upon his return Price announced he will have application forms available until January 31 for high school seniors interested in attending the United States Merchant Marine Academy upon graduation.

"I have been advised I will be allowed to make ten nominations of students to enter the Merchant Marine Academy at Kings Point, N. Y. on July 23, 1967. This is an excellent chance for young men to get a college education," Price stated.

The 18th District congressman requested that any high school students desiring to be considered for one of these appointments send personal and school information to his Washington office, 1323 Longworth Building, before January 31.

Price has also been advised applicants for summer postal jobs, which will pay \$2.44 per hour, should apply at their local post office between January 10 and February 9 for information about the Civil Service Commission's written examination.

Early this week the freshman representative announced the opening of two headquarters in the district. Temporary Amarillo offices will be in Room 623, Bank of the Southwest, where Amarillo businessman Eddie Baird will serve as Price's district liaison representative. The Pampa office is presently located at 800 N. Sumner. Both offices will be moved to the local post office building shortly after the first of March.

Price pointed out that although Baird will be officing in Amarillo he will be traveling throughout the district. Mrs. Charles Wilkerson will be in charge of the Pampa office. Liz Ravencraft will be secretary of the Amarillo office.

MRS. JOHN BOYLES HAD SURGERY

Mrs. John Boyles of Silverton is in Payne Hospital at Lubbock and was scheduled to undergo surgery on Tuesday of this week for gall bladder surgery. Mrs. J. T. Rogers, Jr. and Mrs. R. L. Patrick drove to Lubbock to be with her during the surgery.

ANITA HUNTER WINS CONTEST

Miss Anita Hunter, 16-year-old daughter of Mr. and Mrs. Wayne Hunter of Flomot, was announced as the winner of the local contest for a "Peace Essay," sponsored by Lions International and the local Flomot Lions Club.

Anita's essay, titled, "Peace Is Attainable," won out over a group of seven Flomot High School students who entered the contest.

MOTHER OF MRS. J. A. WATSON PASSED AWAY SUNDAY AT ST. JO

Mrs. E. G. Reed, 85, of St. Jo, Texas, passed away Sunday morning, January 8, in the hospital at St. Jo.

Funeral services were held at St. Jo, Monday afternoon at 2 o'clock with burial in the family cemetery at St. Jo.

Mrs. Reed was the mother of Mrs. J. A. Watson, and the aunt of Ike Reed.

She is survived by 10 children, five sons and five daughters, all present for the funeral; one brother, who was unable to attend the funeral; and a number of grandchildren.

Mrs. Reed's husband preceded her in death in 1947.

Attending the funeral from Quitaque were Mr. and Mrs. J. A. Watson, Mr. and Mrs. Ike Reed, Mrs. Horace McDonald, and Mr. and Mrs. E. G. Reed.

JOE EDD HELMS HAD SURGERY LAST WEEK AT PLAINVIEW

Joe Edd Helms was admitted to Plainview Hospital & Clinic on Tuesday of last week and underwent major surgery on Wednesday morning.

His recovery has been good and Joe Edd was allowed to return home Sunday. He is reported to be doing fine at home.

MRS. GLADYS WILEY HOSPITALIZED LAST WEEKEND AT MEMPHIS

Mrs. Gladys Wiley entered Hall County Hospital at Memphis Thursday of last week where it was determined she was suffering from pneumonia. She was released from the hospital Tuesday and when her daughter, Mrs. Jack Cheatham, went to the hospital to pick Mrs. Wiley up, she found her mother to be suffering with a toothache. She carried Mrs. Wiley to a dentist as they were enroute home, and the dentist pulled the tooth, although running into trouble there and having to take four stitches after the tooth was pulled. Needless to say, Mrs. Wiley is weak from both ordeals.

Mr. and Mrs. Bill Holt of Alamosa, Colo. spent from Friday until Monday with their daughter and family. Mr. and Mrs. Duke Woods and children.

Mrs. Opal Broxson and her grandchildren, Bruce and Annette Broxson, of Sunray spent Saturday night and Sunday at the home of Mr. and Mrs. John King and N. L. Bedwell. Mr. Bedwell returned home with Mrs. Broxson Sunday for a visit.

were Kathy Martin, daughter of Mr. and Mrs. H. A. Martin; Gary Grady, son of Mr. and Mrs. Cletius Grady; Kathy Gilbert, daughter of Mr. and Mrs. D. M. Gilbert; Donna Rogers, daughter of Mr. and Mrs. Howard Rogers; Sherrilyn Calvert, daughter of Mr. and Mrs. Doyle Calvert; and Judy Shorter, daughter of Mr. and Mrs. L. E. Shorter.

The entire group will be guests of the Flomot Lions at their regular meeting on Thursday, January 19, at 6:30 p. m. in the Methodist Church basement. An engraved plaque will be presented to Miss Hunter at that time.

Miss Hunter's essay will be entered in a District 2-T-1 contest on February 15, 1977. The eventual winner will be presented at the International Convention in Chicago, Illinois, in July. The World-wide winner will receive a prize of \$25,000.00.

Pantherettes Stun Estelline Bearettes

Quitque's Pantherettes served notice on the other teams of the district that they are going to have something to say about who flies the championship flag this year, as the local team roared by the Estelline Bearettes 72-49, in a game played here Tuesday. The defeat was the first over Estelline by Quitaque this season and it took a great deal of the sting from the only losses by the Pantherettes this season, a 2-point 43-41 win by the Bearettes in the Silverton tournament, and a 1-point, 28-27 loss to the same Estelline team a week later in the finals of the Clarendon tournament. Tuesday night's win was much more savory because it was a district game, and now the Pantherettes are sitting all alone at the top of the heap in the district race for every other team has been beaten.

In the second game of the evening the Panthers won over a weak Estelline boys team 100-34 to also remain undefeated in district competition.

Last Friday night the local teams hosted the Turkey High teams with three games being played.

The boys B teams squared away in the opening game of the triple header, with Quitaque winning that one, 80-37. David Brunson led the scoring parade in that game with 24 points. Johnny Pointer was right behind that total with 2 points; Jimmy Monk was next with 11 points; Pablo Leal hit for 10; Billy Loudermilk 6; Jerry Merrill 4 and Ronnie Hutcheson 3. Rod Adamson won scoring honors for the Turks with 16 points.

The Pantherettes won over the Turkettes 70-36 with Pat Brunson's 34 points topping all scorers. Jill Johnson hit 16 points for the Pantherettes,

Sherry Stark 15, Carol Myers 3 and Barbara Chandler 2.

Karen Arnold scored 21 points for the Turkettes to lead in that department. Kathy Wedge hit for 8 points, Johnson 6 and Cotton 1.

The Panthers rolled to a 114-48 win over the Turks, four of the Panthers hitting in double figures. Bobby Cochran notched 30 points for high honors, with Monte Stephens close behind with 29; Dale Ramsey was next with 16 and Joe Lucero next with 10. Lyn Payne and Joe Mack Jacobs each tallied 8 points against the Turks. Roland Hamilton added 7 and Jimmy Pointer rounded out the scoring.

Biggest win for the local teams, however was the Pantherettes victory over defending champion Estelline. The Pantherettes, who were having scoring problems in midseason, have apparently overcome that slump for they have averaged 70 points in their last four outings. Pat Brunson is averaging 41 points per game for the last four games and if they continue at that clip they will be hard to stop for Estelline's 49 points scored in Tuesday night's games, was the highest total put on the board against the Pantherettes' fine guards this season.

Shirley Dowd, Lynette Taylor and Billie Cheatham played their usual fine game Tuesday night. Sherry Stark played one of the better games of her career Tuesday night, hawking the ball, setting up plays and scoring 23 points also. Jill Johnson, who is now playing forward, tallied 5 points, Carol Myers, 1 point to round out the scoring. The Pantherettes hit on a real fine percentage of their field goal tries, and also made 18 of 19 free throws attempted.

Cheri Rapp scored 22 points for the Bearettes, Ann Rapp was next with 19 and Hoover added 8 points to the total.

There was very little doubt as to the eventual winner of that ball game after the first few minutes of play. The visitors scored first in the game and that was the only time they were ever ahead. The visitors outscored the Pantherettes for a brief period in the third quarter, but except for that period, the Quitaque team pulled steadily away from their opponents. Quitaque led 19-9 at the end of the first period of play, 35-20 at halftime, 48-37 at the end of three periods and the final, 72-49.

The boys game was no contest at any time, as six of the locals hit in double figures in the scoring column. Bobby Cochran scored 25 points, and Monte Stephens was runner-up with 20; Johnny Pointer made 11 points; Dale Ramsey, Roland Hamilton and Lyn Payne each tallied 10; Joe Mack Jacobs hit for 6, Jimmy Pointer 4, David Brunson 2 and Joe Lucero 2. Pablo Leal, Jimmy Monk and Billy Loudermilk saw action in the game but did not score.

Friday night the high school teams go to Lakeview for a doubleheader and Tuesday night of next week Matador will be here. Next Tuesday night's games will be the next-to-last home games of the season for the high school teams. Lakeview comes to Quitaque on Tuesday night, Jan. 31 to wind up the home schedule for this season.

PLAYERS OF THE WEEK

Sherry Stark and Jimmy Pointer are this week's Players of the Week, Coach Don Johnson has announced.

Mr. and Mrs. Foster left Wednesday of this week to visit their children in Amarillo and their daughter in Canyon.

Time Again For Auto Inspection

AUSTIN — Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reminded Texas motorists today that most vehicles have not yet been inspected for their 1967 vehicle inspection sticker.

"The inspection period is two-thirds over and only about one-third of the vehicles have been inspected," said Garrison. "This means that during the 14 weeks remaining before the April 15 deadline for inspections, more than twice as many persons each week must have their car inspected to avoid long lines forming at the end of the period."

In urging motorists to have their vehicle inspected at an early date, Garrison pointed out that official inspections stations are easily identified by the standard sign displayed at or near the service entrance of the garage.

He advised that inspection stations are being urged to request permission to inspect any vehicle brought into the garage for repairs or regular service.

"In this way," Garrison pointed out, "time will be saved for the motorist as well as for the inspection station."

"And if you have not had your vehicle inspected, take it to one of the 5,500 authorized inspection stations for a 'check-up' and start the new year off right with a safe vehicle."

The Lions Club will have as guest speaker next Monday night, January 16, Richard DeArment, who is associated with Texas Parks and Wildlife.

Mr. DeArment, according to reports, is an outstanding speaker, and is sought extensively for that purpose.

Mr. DeArment will speak on the possibilities that exist in the Quitaque area for Wildlife and Recreation.

All Lions are urged to make plans to attend this meeting.

Mr. and Mrs. Jim Stroup and Mrs. Novelle Wise spent the holidays in Monroe, La. the Stroups visited her sister and husband, Mr. and Mrs. Ben Parnell, and Mrs. Wise visited her daughter and family, Mr. and Mrs. Morris Parker and girls. The Stroups and Mrs. Wise were gone a week. Mr. and Mrs. Parker are enjoying a new home.

Mr. and Mrs. Glenn Lewis of San Angelo spent Friday night with Mr. and Mrs. S. T. Bogan, then visited Ray Persons and Mrs. Clarence Barrett and her family Saturday morning. They left Saturday afternoon to visit other relatives in Amarillo.

QUICK TIPS for Smooth Trips

By Paula Johnson
Women's Representative
American Oil Company

Even with foam-cushioned seats and the posture-improving effect of good safety belts, driving—or just riding in a car—can put kinks in your muscles. Solution? Isometric exercises similar to those used by an astronaut in orbit. They relieve tiredness and tension, and they're good diversion for everyone in the car including the driver, who can join in without changing his grip on the wheel. Try the following pattern—every 30 minutes or so—on your next long-distance trip:

Tense the upper leg muscles, hold for a count of six, then relax. Repeat 10 times . . . Do the same exercise with the upper arm muscles . . . Next, sit up straight, pull in your stomach muscles, and count to six. Repeat 10 times . . . To relieve tightness in the back of your neck, hunch your shoulders up to your ears. Hold as you count to 10 and . . . relax.

Halfway out on a family trip have you ever discovered that Dad has only a brown tie for his blue suit or a blue tie for his brown suit—or no ties at all? To prevent embarrassing color combinations or a frantic trip to the nearest men's store, always pack the tie for each suit with the suit. You can pin the tie inside the jacket or hang it through the tailor's loop in the jacket collar. Do the same with pocket handkerchiefs. Put them with the suits—in the pockets—before packing.

Long-distance driving today is fast and easy on the Interstate. Like the strategic location of the country's increasing number of Interstate highways, there is method in their markings, too. When ever you're confronted by a tri-level tangle of ramps and roadways exits and entrances, glancing at the chart below might help. (Tape it to your sun visor or glove-compartment door.)

Interstate Highway Symbols

One- and two-digit signs:
through routes

- Even numbers are East-West routes
- Odd numbers are North-South routes

Three-digit signs:

- First digit even: route through or around a city.
- First digit odd: spur into a city.

Mr. and Mrs. Charles Cowart spent the weekend in Amarillo with their daughter and husband, Mr. and Mrs. Gary Pelfrey.

BAPTIST WMU NOTES -

The Baptist W. M. S. met Tuesday morning from 10 to 11 o'clock with 12 ladies in attendance.

The meeting was opened with the singing of the hymn, "Footsteps of Jesus." Mrs. A. E. Gragson, program chairman, introduced the subject, "Christ's Commission."

The first part on the program was presented by Mrs.

R. J. Harmon, "Christ's Commission to the Philippians;" the second part was presented by Mrs. John Rogers, "Christ's Commission at El Paso, Tex.;" the third part, "In Hong Kong" was given by Mrs. Gragson, who also presented the conclusion, "We Follow in His Steps." The program was an interesting one, showing the duties of each Christian to missions at home and abroad.

Mrs. Elmer Berryhill led the closing prayer.

TILLIE WRITES TO THE EDITORS

Another letter to The Tribune staff came this week from Virginia (Tillie) May, a former resident of Quitaque now living at Silverton. For the past several months Tillie has been visiting her sister in Westerville, Ohio. Tillie and her sister's family had just returned from a 13-day vacation trip during the holidays during which they drove to Canada and spent one night and then returned to Niagara Falls for a tour of that famous scenic attraction. She said that mist from the falls had frozen on the ground all around and that the drip from the falls had frozen into icicles a mile long.

Virginia and her group, con-

sisting of her sister and brother-in-law, their two boys and a girl, took their trip in a house trailer in order that they could stop, cook and eat and sleep where the notion struck them.

From Niagara Falls they drove to New York City, where they had a white Christmas for it had snowed 10 inches. They were in New York City on Christmas Eve and Christmas Day and while there they saw the Broadway show "Hello Dolly;" they visited Radio City Music Hall and saw a Christmas floor show; they saw Walt Disney's movie "Follow Me Boys"; they visited the Statue of Liberty and climbed to the top of that structure; they saw the United Nations Building and Empire State Building but they were closed during the holidays; they visited the Wax Museums and Central Park, under 10 inches of snow. Tillie says that Broadway with its lights and tall buildings was quite a breath-taking sight at night. If you saw Guy Lombardo's New Year's Eve television show, you can imagine something of what Tillie saw.

One of the things that caught Tillie's eye were the open door cafes and the fruit and vegetable stands on the streets, and people walking down Broadway eating. She reports that Broadway has many shows and a person can have his pick of what to see. Contrary to reports, Tillie found the people there to be friendly. They parked their trailer house in New Jersey and commuted back and forth by bus. She also reported that they rode the subways. She says her neck is still stiff and her eyes still on stems from all the "rubber-necking."

From New York they went to Washington, D. C. where

they went for a tour of the White House, visited the Washington and Lincoln monuments, the Wax Museum, the Arlington Cemetery where they visited the graves of the Unknown Soldiers, President Kennedy's grave, saw the changing of the guard, and also witnessed a Navy funeral that was taking place at Arlington Cemetery. All of this was taking place with 10 or 12 inches of snow on the ground and snow falling all day. They visited Mount Vernon but it was closing time when they were there and they did not get to see Washington's grave. They visited Williams-

burg and a plantation there.

Tillie said maybe one reason for people being so nice and friendly was because they felt sorry for them traveling in a trailer in the dead of winter. However, she said they thoroughly enjoyed being at home wherever they happened to be at the time.

Tillie's sister and family are leaving Westerville, Ohio on January 28 to make their home in Midland, Texas, and Tillie will return to her home at Silverton. She said she has missed seeing the ball games this season but has enjoyed her visit in Ohio.

GROWING-UP COMFORT

How times have changed in electric heating—it's growing up! By the time this lad is 15 years old, according to Edison Electric Institute, there will be 19 million electrically heated homes in America. Just as the electric refrigerator replaced the icebox, electric heating is replacing tired, outmoded fuel systems. Electric heat is even from floor to ceiling. It is constant. And, it is safe—a clean break with the past.

Isn't it time you began to enjoy this modern way of heating your home? It costs no more to operate than flame-type fuels. See WTU or your local comfort-conditioning dealer.

Do-It-Yourself Darling from Texas Is National March of Dimes Child

Donna Dill, a 5-year-old Texan who is most at home on her pony, has been named the March of Dimes National Poster Child for 1967.

Branded by friends as a do-it-yourself darling, pert and pretty Donna likes to be active and independent despite a severe birth defect.

Donna, who was born with an open spine (spina bifida), symbolizes the 250,000 American babies born with birth defects each year. The March of Dimes has helped her as part of its continuing fight against birth defects.

There was a time when the independent little miss wanted to sleep in her braces so she could get up by herself in the morning. She helps around the house by picking up her toys, helping mother with the dishes and cookie-baking.

Donna frequently visits her grandparents' ranch near Corsicana, 40 miles from her home in Hillsboro, Tex., to ride her pet pony Popsy.

When she's on Popsy, Donna's blue eyes sparkle and her blonde pony tail bounces up and down. Riding gives her a feeling of freedom—Donna needs no crutches when she rides.

But she can't walk without crutches, and her partially paralyzed legs are supported by braces every waking hour.

Donna's open spine was treated when she was 18 months old, and she has had four operations since. Her general health is good, and her doctor thinks she may be able to discard her right leg brace someday.

Popsy is not Donna's only pet. In fact she is surrounded by animals. Her 3-year-old poodle, Fluffy, is a favorite, and she keeps goldfish in a bowl in her room. Donna also finds time to play with a neighbor's kitten.

"I just like all animals,"

THE EYES OF TEXAS and the nation will focus on Donna Dill, 5-year-old miss from the Lone Star State, who is the 1967 National March of Dimes Poster Child. She symbolizes 250,000 American children born each year with birth defects.

she told her mother recently, "even snakes."

Donna now attends Sunday school and plans to begin public school next fall. This young lady will enter the first grade an accomplished and experienced traveler.

As the National Poster Child, Donna may very well meet President Johnson. During the January March of Dimes campaign tour, this 5-year-old charmer will make public appearances in about 20 cities from coast to coast. There will be guest spots with the stars of television, motion pictures, and radio.

Along with Donna on this nationwide tour will be her parents, Mr. and Mrs. David J. Dill, both native Texans.

Donna's father is quite at home on the range. As a student in high school and college he roped calves in rodeos. He is employed today by the U.S. Department of Agriculture as the Assistant County Supervisor for the Farmers' Home Administration.

The National Poster Child's mother, Jo Ford Dill, is secretary of the Hill County (Tex.) Chapter of the National Foundation-March of Dimes.

A former majorette in college, she is teaching Donna to use a baton, but Donna's ambition is elsewhere. A true Texan, she wants to be a cowgirl when she grows up. She privately confesses, however, that she would settle for being a mother or a nurse.

DR. T. C. LONGNECKER TO HEAD HIGH PLAINS RESEARCH FDN.

Dr. Tom C. Longnecker has been elected Executive Vice-President and Director of the High Plains Research Foundation, Halfway, Texas. This action has been announced by the Executive Committee of the Board of Trustees, according to Frank Moore, President of the Foundation.

Taking office on January 1, 1967, Dr. Longnecker will also serve as Chief Soil Scientist of the Foundation, continuing the work that he started as the original Director of the Foundation when it was organized on October 20, 1956.

Longnecker directed the research program at Halfway for five and one-half years until May 1, 1962, resigning then to go into private business. Dr. Longnecker has resigned his position of Executive Vice-President of the Flame Cultivator Co. of the Arkansas Foundry Company, Little Rock, Arkansas, as of December 31, 1966.

Reared on a farm in Central Indiana, Dr. Longnecker completed his public school education in 1931 and secured his BS degree from Purdue in Agricultural Chemistry in 1935. Upon graduation, he became a staff member of the New Jersey Experiment Station and Rutgers University where he specialized in soil science and grass management.

In conjunction with his work with the New Jersey Experiment Station, Dr. Longnecker spent a year conducting practical demonstrations on restoring soil fertility on run-down vegetable farms in New Jersey.

Receiving his MS degree in 1937 and PhD degree in soil and plant physiology in 1941 from Rutgers University, Dr. Longnecker served from 1941

to 1943 in the U. S. Army, including 30 months on General Eisenhower's staff. At this time, he was directing food and agricultural activities in the liberated areas of France, Belgium, and Germany, all in conjunction with military government assignments. Due to outstanding work in his previous capacity, Dr. Longnecker was assigned to the U. S. Group Control Council in Berlin where he had the responsibility for establishing the AGRICULTURAL PRODUCTION PROGRAM for the U. S. Zone of Germany.

In 1946, Longnecker went on inactive status as Lieutenant Colonel rejoining the staff of New Jersey Agricultural Experiment Station, specializing in soil science research.

Joining the staff of the Texas Research Foundation at Renner, Texas in 1947, Dr. Longnecker had the responsibility for setting up a soil research program for the Blackland Prairie of Texas. His research resulted in more effective use of fertilizer, crop rotation and other soil management practices to increase the productivity of the Blackland crops. In 1952, he became Assistant Director of the Texas Research Foundation and Head of Agricultural Research Division serving in this capacity until October 1962.

he became director of the Plains Station of the Texas Research Foundation, Halfway, Texas. Under his direction, the Station became the High Plains Research Foundation in May, 1959, thus becoming the Director of the new Foundation.

Members of the Board of Trustees, along with many others from the area have extended a warm word of welcome at the return of Dr. Longnecker in his new capacity of Executive Vice-President of the High Plains Research Foundation.

QUITAQUE HD CLUB MET WEDNESDAY OF THIS WEEK

The local Home Demonstration Club met Wednesday afternoon in the Bank Community Room at 2 o'clock with six present.

Following a business meeting, Mrs. Mary Pittman presented a very interesting and instructive program on Wardrobe Planning.

Mrs. Pittman brought illustrated pictures of problem figures and what to wear to overcome the problems. She also showed films of the problems and ways to correct them. The program was well presented.

ALLEN LUDDEN CHOSEN BY PRESS GROUP TO RECEIVE TEXAN OF THE YEAR AWARD

San Antonio on January 21. Ludden was chosen by the Association's top awards committee to receive TPA's highest honor, "Texan of the Year." Presentation will be made at the closing night's Honor Banquet in the St. Anthony Hotel. Some 300 members of the press will be on hand for the event.

TPA is the only statewide organization of the daily and weekly newspapers in Texas. President is Jim Barnhill, publisher of the Hillsboro Daily Mirror.

In announcing Ludden's selection, President Barnhill said, "What better choice could our committee make than to pick a man who has spent the formative years of his life in our Capitol City and who both in person and on the air frequently and proudly refers to Texas as his home state. He has given the Lone Star State millions of dollars in publicity . . . and it's all good."

Ludden got his early education in Texas, received his B.A. in English in 1940 and his M.A. in 1941, both from the University of Texas.

He became interested in dramatics while in college and directed Austin's little theatre group. After finishing at UT he taught at Austin High School.

Ludden worked briefly at radio station KEYS in Corpus Christi before entering the Army (1942 - 45). He rose to the rank of captain and won a Bronze Star. Working with renowned Shakespearean actor Maurice Evans in the Pacific, he produced and directed more than 40 Army shows.

After the war, Ludden became Evans' personal manager and advance man for a nationwide tour of "Hamlet." In 1947 he was on the staff of the Ivoryton (Conn.) Playhouse.

From 1947 to 1953, he turned to broadcasting again at WTIC, Hartford, Conn. There he conducted interviews for "Mind Your Manners," a teenage discussion program that won national honors, including a Peabody and two Ohio State Awards.

In 1953 Ludden moved to New York as moderator of a radio forerunner of "G-E College Bowl." In January, 1959 he began a three-and-a-half year tenure as moderator of "College Bowl" and served concurrently as program director for CBS-owned radio stations.

He assumed his post as moderator of "Password" in 1961.

In recent years, Ludden and his wife, Betty White, who will accompany him to San Antonio, have become co-starring headliners on summer theatre cir-

Ludden joins an impressive group of Texans of the Year. They include Paul Richards of baseball fame; Van Cliburn, renowned pianist; Dan Blocker, TV cowboy star; C. B. (Tex) Thornton, industrial entrepreneur; and Dale Evans, Queen of the Cowgirls.
