LIONS CLUB QUEEN ATTENDS CONVENTION

Pam Curtis, Quitaque Lions Club Queen, was a participant in the Queen Contest held at the Lions Convention in Dumas last week. Pam accompanied Mr. and Mrs. Glenn Ramsey to Dumas Friday afternoon.

Activities began when the girls registered at the Flying A Hotel at 5 o'clock. All of the contestants stayed together at this hotel. They attended a barbecue at the Community Building at 7 o'clock and last year's district queen was recognized. A dance for the students and foreign exchange students was held in the hotel ballroom following the barbecue.

Saturday morning the girls attended a brunch held at the Country Club at 10 o'clock.

At 1:30 p. m. a rehearsal was held in the Junior High Auditorium for the Queen Contest. This was followed by a Coke party.

The girls were free then, until that night when they attended a banquet held at the Community Building honoring the District Governor. The Queen's Ball was held at the hotel that night.

Sunday morning the girls had breakfast with the Lions at the high school cafeteria, and all attended church services in a group at First Baptist Church.

Luncheon was at the Community Building at 11:30.

The Queen's Contest was held at 3 o'clock in the high school auditorium. The new queen of District 2-T1 is Marilyn Kay Smith of Paducah. Of course, the local Lions think their own Queen was the prettiest of the bunch. While the judging was taking place, the spectators were entertained with a children's style show.

The finale of the day was a reception for the newly elected District Governor and the new Queen.

Others from Quitaque attending the Convention were Jake Merrell, Friday through Sunday, with Mrs. Merrell joining him Sunday; Elmer Berryhill and O. R. Stark, Jr. joined the others Sunday.

Dr. Mitchell stated that it was better to go ahead as soon as possible while she is still in good condition and has no other complications.

Quitaque To Go By The Clock

Local merchants and residents have indicated that they will go along with the new time change that will go into effect Sunday night, and will go about their business using the same hours as they have in the past, although these hours will come about an hour earlier by the sun. As one merchant put it, "we have no choice."

In other words, before going to bed Sunday night, your clocks should be advanced an hour—then Monday morning your six o'clock comes an hour earlier by sun than it has been.

Although people will be going to work at the same time on the clock, or going to school, or what have you, it will be earlier according to the sun. But by the same token, quitting time will come with the sun higher in the sky (if you work by the clock).

The schools will operate on the same time at present, open at 8:30, out at 3:45. The time may be changed some next fall but not now.

Some businesses may also find it necessary to make some adjustments when farming gets into full swing. But, more than likely after a few days the routine will be established and will go along normally.

OUR IDENTITY WITH THE LAND

By D. A. Williams, Administrator Soil Conservation Service

The founders of this country made its citizens the final resort for truth and wisdom. The individual holds the right to vote, the right to seek an education, the right to the pursuit of happiness, and the right to pray according to his own conscience.

Ownership of land has followed a similar tradition. Today, three fourths of the land in the continental 48 States is under private ownership. Only about one fourth of our land is owned by all the people and managed by the Federal Government for all the people—among them our forests and parks and refuges. These lands are part of our national heritage.

The nearly three fourths of our land owned privately serves basic everyday needs. Here most of our food and fiber are produced, most of our wildlife is raised, most of our outdoor recreation is sought, and 73 percent of our commercial timber is grown. Here the natural beauty of the countryside can be enhanced and enjoyed.

Good farmers who can describe the soil by its feel in their hands, smell rain in the wind and see colors no one else can see in a crop under an open sky truly understand the importance of these resources. But too many of us take them for granted.

Each year, Soil Stewardship Week is set aside for all of us to refresh and renew our identity with the land—the community of God and man. Without this identity and feeling of responsibility, our spiritual lives would seem futile and our conservation efforts irrational.

The soil and water resources we have inherited are ours to improve, preserve and develop—or neglect. The individuals who own nearly three fourths of our land are the soil stewards in whose hands the decision lies. To them we owe our thanks—and our help.

APPRECIATION EXPRESSED FOR CANCER CRUSADE COOPERATION

On Sunday, both families attended the morning service at Jackson Avenue Baptist Church where the Rev. Stan Blevins is pastor.

GOLDEN TOUCH OF HOSPITALITY

BY JANE ASHLEY

The Cream Of The Crop

Two favorites with men, with everyone in fact, are banana cream pie and chocolate cream pie. Both are made from a basic cream pie recipe using the traditional corn starch method.

Banana Cream Pie

- | | |
|------------------------------|--------------------------|
| 2/3 cup sugar | 1 teaspoon vanilla |
| 4 tablespoons corn starch | 1 9-inch baked pie shell |
| 1/2 teaspoon salt | 2 bananas |
| 2 1/2 cups milk | 3 egg whites |
| 3 egg yolks, slightly beaten | 6 tablespoons sugar |

Mix sugar, corn starch and salt in double boiler top. Gradually blend in milk. Cook over boiling water, stirring constantly, until mixture thickens. Cover and continue cooking 10 minutes, stirring occasionally. (If using a glass double boiler, cook 15 minutes.) Do not remove from boiling water. Stir a small amount of hot mixture into egg yolks, then stir all into remaining hot mixture over boiling water; blend thoroughly. Cook 2 minutes longer, stirring constantly. Remove from heat; add vanilla. Cool to room temperature, without stirring. Turn 1/2 filling into baked pie shell. Slice bananas over top. Cover with remaining filling. Beat egg whites until foamy. Add sugar, 1 tablespoon at a time, beating well after each addition. Continue beating until stiff peaks form when beater is raised. Spread meringue over filling; be sure to seal edge of crust. Bake until delicately browned 15 to 20 minutes in 350° F. (moderate) oven or about 5 minutes in 425° F. (hot) oven. Cool at room temperature. Serve as soon as cool.

Chocolate Angel Pie: Add 2 squares unsweetened chocolate to milk mixture before cooking. Make meringue as directed. Stir chocolate mixture into meringue. Cool slightly. Pour into baked shell. Chill before serving. Garnish with chocolate curls.

The young people of Flomot would like to express their appreciation to The Senders for an excellent job of providing music for their party after the Athletic Banquet Thursday night. The Senders is a Turkey group made up of Rod Setliff, Rod Adamson, Ricky Mosley

and Russell Barnhill. The party was held at Louis' Cafe and the mothers provided the refreshments and played 42.

We do not have our senior for the spotlight this week as there was a little delay in the writeup, but we would like to

take this opportunity to shine the spotlight on Mr. and Mrs. Wilburn Martin, instead, Mr. and Mrs. Martin are both teachers in the Flomot Schools, and are the Senior sponsors. They have put in much time and effort this year working with the seniors and will accompany them on their senior trip to California. They are desiring of a great big "Thanks"!

Sunday morning Mrs. Morrison accompanied the Lanes to Turkey where they attended church services. They were dinner guests of Birt's parents, Mr. and Mrs. Leon Lane, and his grandmother, Mrs. P. T. Clark, was also a guest.

Mr. and Mrs. L. O. Cowan visited last Thursday night at the home of his sister and her husband, Mr. and Mrs. H. B. Finney. The Cowans were in the process of moving from Vancouver, Wash. to Houston. The Finney's daughter and her family, Mr. and Mrs. Ronald Kaiser and children of Plainview, came down and visited with them until bedtime.

In the report last week of the visit by Mr. and Mrs. Sid Bogan in Richardson and Dallas, The Tribune failed to mention that the Barney Bogan family from Nacogdoches was also pre-

sent for a reunion with the other members of the family.

Mrs. Clovis Hill and Terri and Mrs. Millard McNabb of Amarillo spent Monday of this week with their parents and grandparents, Mr. and Mrs. A. C. Barrett.

Mr. and Mrs. J. W. Kimbell spent Saturday visiting her brother and family, Mr. and Mrs. Neal Smith, Jr. in Floydada.

Dennis Farley spent Wednesday afternoon in Turkey visiting in the home of Mr. and Mrs. Bert Degan with their grandchildren, Mike and Lisa Rice of Amarillo.

Ollie Nall visited during the weekend in Lubbock at the home of his daughter and her family, the John Lindsays.

Mrs. Pete Clark spent several days last week in the Plainview Hospital and Clinic, suffering with a case of strep throat. She returned to Plainview Wednesday for a checkup.

33rd ROLLING PLAINS PCA STOCKHOLDERS MEETING TO BE HELD AT STAMFORD, APRIL 29

Plans are complete for the 33rd Annual Stockholders meeting of the Rolling Plains PCA, according to J. L. Hill, Jr. General Manager. The meeting will begin with registration at the High School Auditorium in Stamford at 11 a. m., with lunch being served from 11:30 to 12:45. Business session starts at 1:00 p. m. at which time reports from the Board of Directors and the Management will be heard. The term of one Director, Lasater Hensley of Guthrie, expires with this meeting. Mr. Hensley was re-nominated, along with Stuart Dixon of Matador, to stand for election to this vacancy on the Board.

Chas. W. Stenholm, Executive Director of Rolling Plains Cotton Growers, Inc., will address the assembly as will Jack H. Barton, Vice President of the Intermediate Credit Bank of Houston. At the close of the session some stockholder, or the wife of the stockholder, will be awarded a Zenith color TV set as an attendance prize.

The Rolling Plains PCA is the result of merging the Memphis association into the Stamford association as of March 1, 1965. The new organization makes production loans to farmers and ranchers in 17½ counties in the Rolling Plains area of Texas and maintains offices in Stamford, Haskell, Spur, Munday, Anson, Memphis, Matador, Paducah and Wellington. In 1966 a total of nearly 20 million dollars was loaned in this area by the association and it now looks like that 1967 will exceed this amount by a good deal. The present loan volume of the association is more than 3 million dollars ahead of what it was two years ago, just following the merger.

C. G. Burson, Sr. of Haskell is President of the Board of Directors and the other Directors are: Lasater Hensley, Guthrie; Mack T. Claburn of Anson; John E. Glover of Childress and L. M. Bartlett of Wellington.

IN EARLY DAYS THE ESKIMO RECIPE FOR PRESERVING FOOD WAS SIMPLE: TAKE ONE FRESHLY CAUGHT FISH AND LEAVE IT ON THE ICE.

TODAY, A REVOLUTIONARY NEW REFRIGERATOR DEVELOPED BY FRIGIDAIRE DIVISION OF GENERAL MOTORS HAS A MOIST-COLD COMPARTMENT WHERE UNCOVERED FOODS MAY BE STORED SAFELY FOR DAYS WITHOUT DRYING OUT.

J. L. Hill, Jr. is General Manager and J. R. Gleaton and R. C. Cobb serve as Assistant Managers.

INSTRUCTIONS FOR VOTING ON TRANSFER OF COTTON ALLOTMENTS

The referendum for transfer of cotton allotments will be held May 15 through 19. Any owner or operator, and their wives, having an interest

in a farm for which a cotton allotment was established for the 1967 crop year is eligible to vote in the referendum. Persons having questions on eligibility to vote should contact the county office. If you do not re-
