### New Arrivals -

Mr. and Mrs. Bobby Cochran of Lakeview are the parents of a baby girl, Tiffnie Lynn, born Wednesday, May 22, in the Hall County Hospital. The young lady weighed 7 lbs. 3 ozs. She is the granddaughter of Mrs. Oma Cochran of Quitaque and Bob Cochran of Clarendon.

The chutes swing open at 2 o'clock Saturday afternoon, June 1 on the Quitaque Lions Club's second annual high school rodeo. The second performance will also begin at 2 o'clock Sunday afternoon, June 2.

Proceeds from the two-day event will be used for the local summer recreation program, Boy Scouts, and the Lions Club High Scholarship Fund.

The rodeo is held at the Morris Stephens Arena and is located 12 miles northwest of Quitaque on Highway 256, then one half mile north.

Events to be held in the rodeo are as follows:

Bull Riding, Bareback Riding, Calf Roping, Will Cow Milking, Ribbon Roping, Ladies Goat Milking and Ladies Barrell Racing. A Trick and Fancy Roping exhibition will be presented by Monte Stephens.

A special added attraction will be the Business Men's Wild Cow Milking Contest.

An All - Around Comboy trophy will be presented to the individual making the best score in three events, including one riding event.

Friday has been designated as Western Day in Quitaque and

everyone is urged to wear some article of western wear.

It has been stated that fines will be levied against those caught in town not wearing such an article.

Dean Johnson has been appointed as judge for the Western Day and his deputies will be Dale Smith, Bill Griffin, James Cathey, Nook Bedwell and Leroy Hamilton.

### EDDIE MONK WAS IN RECENT QUAKE AREA IN JAPAN

Mr. and Mrs. P. John Monk have had recent letters from their son Eddie who is stationed in Japan, concerning the earthquake that hit that country a couple of weeks ago.

Eddie, who is stationed at Misawa AB, reported that their base was the hardest hit of any U. S. installation. There were a reported eight injuries there, one a broken arm and another a broken leg.

Damage to the area included plaster inside houses falling, lights and windows in hangars broken, radar facilities damaged and other power failures. Eddie reports, however, that he is ok and unharmed.

Mr. and Mrs. Elmer Berryhill, Becky and Randy, returned Tuesday from a trip downstate. They left here Thursday of last week and drove to Huntsville where they visited friends, and also visited San Houston State Campus. They took Randy to see the campus at Texas A&M at Bryan. Randy plans to attend college there when he finishes high school. They drove on to Houston Friday and attended a baseball game that night between the Los Angeles Dodgers and the Houston Astros which went 10 innings. They attended another game Saturday night between the Dodgers and the Astros, which the Astros won.

The Berryhills drove to San Antonio Sunday and attended HemisFair that day and night and Monday. Mr. and Mrs. Berryhill report that the Texas Pavilion was most interesting to them.

They spent Monday night in Fredericksburg and drove home Tuesday, reporting a most interesting and enjoyable trip.

## SOCIAL SECURITY NOTES

Although the district office for this area is located in Amarillo, social security is available on a regular basis in most counties the Amarillo office serves, Travis C. Briggs, district manager said today.

Ordinarily, folks do not have to wait very long to be interviewed if they call at our office in Amarillo, according to Briggs, but we realize that it is not convenient for some to come to Amarillo.

That's the reason our field representatives set up schedules so the people in a community will know when they will be available for assistance in filing claims for benefits or to answer questions about social security or Medicare.

Those of you living in Briscoe county, may wish to contact Mr. Gerald Millard in Silverton at the Courthouse on June 6th and 20th.

AUSTIN, Texas — C. O. Layne State Coordinator of Defense and Disaster Relief for the Texas Department of Public Safety, today reminded Texans that the peak tornado season is approaching.

Statistics from the United States Weather Bureau's State Climatologist indicate that Texas again led the nation in total tornadoes last year, with an all time record of 232, Layne said. The 1967 figure compares with the 77 twisters confirmed in the State during 1966.

Only two months in 1967, Jan-

uary and November, were free from tornadoes. September accounted for more than half with a total of 124. Of the September tornadoes, 115 occurred in connection with Hurricane Beulah.

There were two twisters in February, 11 in March, 17 in April, 34 in May, and 22 in June. Other totals included July with 10; August, five; October, two; and December five.

A circular of tornadoes safety rules has been prepared by the Department of Public Safety, and is available through local city and county Civil Defense directors.

"Let us recapture the pioneer spirit of cooperation to give Texas a fresh start."

**ALTON B. CHAPMAN**

TO THE RESIDENTS OF THE SEVENTH SUPREME JUDICIAL DISTRICT:

Thank you for the privilege of serving you for eleven years and four months on the Court of Civil Appeals.

For the sake of the Court from which I am retiring and for the good of the State of Texas, I earnestly solicit your votes for JACK HAZLEWOOD because:

1. In my opinion, the judges on every appellate court, from the United States Supreme Court on down, should be first and foremost good lawyers. JACK HAZLEWOOD is an outstanding lawyer.
2. Of six major scholastic honors possible for a student to win in the Texas University Law School, JACK HAZLEWOOD won them all. Such a scholastic record is possible only by one with an outstanding legal mind and the willingness to work, two attributes needed on an appellate court.
3. JACK HAZLEWOOD is the only candidate with experience in the Court of Civil Appeals and Texas Supreme Court.
4. The most practical and effective training for an appellate court justice is trial and appellate practice, as a lawyer, against other strong lawyers. This is exactly the training JACK HAZLEWOOD has had for more than fifteen years, and in it he has many times demonstrated his competence.
5. This is the exact same training five justices of the Supreme Court of Texas had before becoming members of that Court. None had judicial experience on the trial level. They are Justices Griffin, Walker, Greenhill, Steakley and Chief Justice Calvert.
6. In the official bar poll conducted by the State Bar of Texas among the lawyers and judges of the 46 counties of this district JACK HAZLEWOOD received more votes than both his opponents combined. This poll indicates that the members of the legal profession also rank him number one.

Respectfully submitted,  
Alton B. Chapman, Associate Justice,

**TURKEY BAPTIST CHURCH TO SHOW BILLY GRAHAM MOVIE**

Evangelist Billy Graham's feature-length dramatic film 'SHADOW OF THE BOOMERANG' will have a Turkey showing Saturday, June 1, at the First Baptist Church.

Starring vivacious Georgia Lee and television's Buffalo Bill, Jr., Dick Jones, 'SHADOW OF THE BOOMERANG' is an outdoor action picture with all the excitement and breath-taking scope of the land, 'Down.' Setting for the screen drama is Australia's 'Outback', the continents vast interior region where some of the worlds largest cattle stations are located.

The two young Americans head an ALL - Australian supporting

east, playing brother and sister roles in a turbulent story of homestead life. Their arrival in Australia to manage newly acquired family holdings, plunges the couple into strange surroundings and situations with which they find it difficult to cope.

'SHADOW OF THE BOOMERANG' seeks to underline the Godly reaction to human crisis and conflicts. Spokesman for the Christian position is Billy Graham, seen in dramatic Crusade footage photographed at the site

of the Evangelist's record breaking crowds in Melbourne and Sydney. An authentic landline relay meeting which shared the big city Crusades with the stockmen of the 'Outback', is used as an effective dramatic device in the story climax.

**COTTON CLASSING**  
For the first time, cotton variety information can be included on the green classing card issued by the U.S. Department of Agriculture. The request for inclusion of the information must come from the farmer.

More than 90 percent of the cotton that is ginned in Texas is

**CANCER'S WARNING SIGNALS**

- 1 Unusual bleeding or discharge
- 2 A lump or thickening in the breast or elsewhere
- 3 A sore that does not heal
- 4 Change in bowel or bladder habits
- 5 Hoarseness or cough
- 6 Indigestion or difficulty in swallowing
- 7 Change in a wart or mole

These signals do not usually mean cancer, but they are warnings; if one lasts more than two weeks, it is important to go to your doctor.

classified by USDA and the green card issued on each bale lists the grade, staple and micronaire reading.

John L. McCollum, southwest

manager, Cotton Division, USDA's Consumer and Marketing Service, Dallas, said this information describes the quality, length of staple and the strength and other characteristics of the fiber. Such information, he added, helps the farmer to know the quality of the cotton he is selling. It helps the cotton buyer find the cotton best suited to the spinning needs of mills.

Here's how the variety information supplied on the green card will be recorded. This statement: 'Producer states variety to be \_\_\_\_\_' will be filled in from information supplied with the sample.

McCollum said the Cotton Division assumes no responsibility for the variety shown on the green card.

The variety may be identified

by three means: placing a special color tag on the sack of samples entering the variety on a tag placed on the outside or inside of the sample sack or by placing a drop tag showing the variety of each sample. The tagging is to be done at the time the sample is taken.

This will be a big help in one-variety areas since variety is the

most important single factor determining spinning quality. By knowing the variety, buyers will be better able to associate quality and varieties.

VOTE  
SATURDAY  
JUNE 1

**TO: The Citizens and Voters of Texas**  
**FROM: Preston Smith, Candidate for Governor**

The purpose of this message is to ask for your support and vote in the Second Democratic Primary Saturday, June 1.

As your Lieutenant Governor for the last six years, I believe I have qualified myself to seek the high office of Governor. You know I finished second among 10 candidates in the First Primary, about 29,000 votes behind the leader with 1,750,000 votes cast.

With your help we can win this runoff against an opponent who has no public record of any kind ... one who is aligned with groups that want to reject the progressive, constructive programs built by John Connally and his predecessors and replace them with so-called "liberal" ideas of their own.

I want to continue and improve on the start we have made in education, pollution control, law enforcement, highways, water conservation, promotion of industry and tourism, and many other vital areas.

I am proud to have been a part of Texas government for 18 years. Opponents may harp about what is wrong in Texas; I happen to think there are a lot of things RIGHT in Texas. I am proud of my state and its people.

Things can be even better, and I want to work with you in that direction. It's more or less in the political tradition to lambast your opponent and say a lot of ugly and cutting things about him. I don't want to engage in personalities; my opponent has no public record to criticize. Therefore I am running for Governor on my own merits.

It may be pretty ambitious for a farm-born, farm-raised Texas boy, who worked his way through Texas Tech and spent his adult years in business activities in Lubbock, to aspire to be Governor. You will be the judges as to whether my experience and proven qualifications entitle me to be elected. I will accept your judgment with real gratitude for your past support and friendship.

Please remember that if I am elected, my door will always be open to any Texan who has any problem whatever that the Governor can help with. I will always be interested in good government. I will always be interested in you.

*Preston Smith*
