PRICE SEVEN CENTS

## Patriots Priming For Matadors After Playing To Tie With Farwell

THE MILO JURIKS—Milo, Barbara, Andy and Mark

### Open House Held At Parsonage

Rev. and Mrs. Milo Jurik were hosts for open house at the First Baptist Parsonage in Quitaque Sunday afternoon from 2:00 to 4:00 o'clock. Mrs. E. R. Deitz of Denver City, Texas, came Friday to help her daughter get ready for the party.

The guests were greeted by the hosts and toured through the home. The members of the church and friends had bought a new couch, two new chairs, a lamp table and coffee table for the living

room. They had been given the privilege of selecting what they wanted. It fit perfectly with their decor. The Juriks expressed their thanks for the gifts.

Refreshments of fruit punch, home baked cookies and coffee were served from a table laid with a white lace cloth over gold and decorated in the Halloween motif. Paper cups and napkins featuring the Halloween colors were used with the silver coffee service. Approximately 80 called during the afternoon, although it was raining lightly all afternoon.

### NOTICE

Starting Saturday, September 28, the Turkey dump ground will be open each Saturday morning at 8 o'clock until noon, instead of being open on Tuesdays.

### NORMAN MULLIN ELECTED PRESIDENT OF GREENBELT DISTRICT F. F. A.

The Valley FFA Chapter was honored last week by having the second member in three years elected as District President.

Norman Mullin, son of Mr. and Mrs. Ottis Mullin, was selected over a field of candidates from 10 other schools in the district. He has received his Lone Star Farmer Degree in San Antonio this past summer. He has been a member of the district winning Leadership team, won first place in the district Shop Wiring event, and has received an expense paid trip to Kansas City, Missouri to the National FFA Convention as a result of his work in electric motors.

Norman will preside at the Greenbelt District Banquet to be held at the Valley School on December 10. Some of his other duties will include presiding at the District Convention in April.

Jackie Carpenter (Mrs. Ronnie Carpenter) has been out of the Pioneer Natural Gas Co. this week. She is in Central Plains Hospital in Plainview where she has undergone a series of tests and according to report, she was scheduled for surgery today (Thursday).

### Railroad Tunnel To Be Reopened

John Spitz, Fort Worth & Denver trainmaster in Wichita Falls, said Burlington Northern will rework a fallen tunnel near Quitaque, and rebuild tracks which have not been used since the cave-in.

"I assume the work will begin immediately," Spitz said. He estimated it would take until next June or July to complete the renovation.

Until then, Spitz said, the railroad will continue to use the QA&P tracks which were leased shortly after the cave-in.

Spitz said the western line "means a great deal to us as far as business in that area is concerned." He said the railroad generated a lot of business in the area and additionally takes a lot of business into the area.

Presently one train a day runs each way over the QA&P track. Tracks from Quitaque to Estelline are used once a week. Tracks from Quitaque to Plainview have not been used since the accident.

Fort Worth & Denver Railway

President George Defiel said Tuesday plans have been abandoned for the purchase of the 104-mile Quanah, Acme & Pacific Railway.

Defiel said further study of the proposed purchase had proved it not feasible and negotiations have been terminated.

Tentative agreement to purchase the section between Acme, Texas and Floydada, Texas had been announced by the board of Burlington Northern, parent company of Fort Worth & Denver and QA&P on December 4, 1973. The QA&P is a wholly-owned subsidiary of St. Louis-San Francisco Railway Company.

Burlington Northern had sought the railroad for replacement of company tracks between Quanah and Floydada, rendered unusable by a tunnel cave-in in August of 1973.

At the time of the 1973 accident, railroad officials estimated the cost of cleaning up the debris and scraping off the top of the more than 100-foot tunnel would run from \$1 to \$2 million.

The Valley High Patriots battled Farwell to a scoreless tie last Friday night at Farwell and this week the Patriots are getting themselves ready to do battle with defending district champion, Matador, the game to be played on Vardy Field at Turkey.

The Patriots, three games deep into the current football season, have a record that is all even on the scoreboard, having won one game, lost one game and tied one game.

Coach Bill Hulsey reports that he was well pleased with most aspects of the struggle at Farwell, although he was disappointed the Patriots did not put some points on the scoreboard. He said, however, that the game was much more exciting than the 0-0 score would indicate. Coach Hulsey stated that it seemed that one or the other of the teams were threatening to score the entire game but when a team approached the pay-off stripe, the other team would shut them out.

Coach Hulsey said that the Patriots were very tough on defense, which Patriot fans have come to expect. Valley could not get their passing offense going in the game, however, and the Steers stacked their defense to stop the run and contained the Patriots enough that no score came. The Patriots were unable to complete a single pass. When asked if Coach Hulsey would name a standout in Friday night's game, without hesitation he named Brian Wheeler and Pepper Jones, stating that both boys turned in fine performances.

The Patriots, according to the coach, should be in pretty good condition physically and no new injuries were suffered by the Patriots. Robert Gragson has been playing with an injured back but was coming along pretty good but one of the Steers put a clip on Robert, further aggravating the hurt but the coach believes Robert will be able to play Friday. Smitty Lane has had a sprained ankle most of the season but he should be able to "get a Matador" Friday night.

Friday night's game, in addition to being a district game, is always a big one as far as Quitaque-Turkey boys are concerned and none of the boys on the current varsity team has beaten the Matadors in football. In fact, it is doubtful if any of the present team ever played against Matador since they have been in high school.

Matador, or Motley County High School as it is now named since it consolidated the other schools in the county, will be the favorite in that game Friday night. The Patriots, however, have their own ideas about that, and if they can contain Matador's two speedsters, Campbell and Gonzales, the Patriots just might pull off the big upset. Look for a fine game. If the Patriots can be up for this one as they were against Silverton week before last, it will be a good game. The Patriots have outscored their opponents 37-13. Chilli-cothe scored 13 points against Valley in the opening game but the Patriots held Silverton and Farwell scoreless.

All Valley fans are urged to be on hand at the 8 o'clock kickoff Friday night to help the Patriots knock off the Matadors!

The Tribune did not receive a write-up on the Silverton-Valley Junior High and JV games. But the Junior High Patriots continue their winning streak, which now stands at three straight for this season, with a 20-8 win over Silverton. In fact, Silverton's eight

points were the first the young Patriots have given up this year to date. The Valley JV lost to the JV Owls 14-0. This week the Junior High and the JV teams will host Kress Thursday night with the Junior High game starting at 6 o'clock and the JV game is due to begin at 7:30.

Valley High will go to Sudan Friday night of next week to take on the team picked to win district this year.

### Patriot Booster Club Meets Monday Nights

The Patriot Booster Club meets each Monday night at the lunch room at Valley High School.

Movies of the preceding football game are shown and comments are made by the coaches and questions are answered. Scouting reports are given on the Patriots' next opponents.

All fans are urged to join and meet with the other members of the club, both men and women.

Booster hats have been ordered and will be available for all.

Mr. and Mrs. Will Lyon drove to Silverton the weekend before last and spent the night with their son, J. W., and his wife, Jewell, and on Friday they all went to Amarillo and spent the weekend. They visited the C. E. Lyon family, brother of Will. They also visited Frankie Hawkins, former residents of Quitaque, in Bivens Home. Frankie told Mrs. Lyon this home is the next thing to living in Heaven. Anyone knowing Frankie knows she is contented anywhere, but this Bivens

### Adult Basic Education Class Got Underway At Valley Monday

The Adult Basic Education program got underway at Valley High School Monday, September 23, with 27 adults enrolled. Interest in the program is high as the students look forward to preparing for and completing GED test requirements. When the preparation period is completed the students will take the GED test and if successful will own a certificate equal to a high school education.

The preparation time for the program will be approximately 100 hours, depending on the beginning level and student progress. Instruction will be given on an individualized basis in the subjects of English and Math. Test records have proven that most students have less preparation in these two fields. Classes will be held each

Monday night from 7 until 10.

The Adult Education Program will be accomplished through a cooperative arrangement between the Valley Schools, the Texas Education Agency and Region 16 Education Service Center in Amarillo. The Math instructor is J. R. Adamson, jr. and Lorene Bedwell.

Anyone interested in the classes may still enroll. There is no charge for the classes. If interested contact Wilburn Leeper.

### Turkey Lions Have Three New Members

The Turkey Lions Club met September 23 at Lanes Restaurant, where a good meal was enjoyed by all. We are very happy to have three new members join our club. They are Darrel Couch, Dave Sanders and Homer Hawkins. I know they will be an asset to our club.

Plans were made for World Service Day, October 8. The club plans to clean up in and around the old Turkey grade school building for the Bob Wills Foundation. The city is in the process of obtaining the building for use as city offices.

Coach Bill Hulsey introduced Barry Wheeler and Pepper Jones as outstanding players for the Farwell game.

Jerry Maupin, Principal of Valley School, brought a very informative program on the school system; he reported on enrollment and plans for the future of our school.

Mr. and Mrs. Hal House are visiting friends in Houston this week.

Mr. and Mrs. R. C. Green and Mr. and Mrs. Keith Green attended a Straus-Frank meeting in Amarillo last Friday. Mr. and Mrs. R. C. Green extended their stay over the weekend visiting R. C.'s sister, Mrs. Elsie Maye Hood, also of Amarillo.

### Roddy Seago Buried At Clarendon

Roddy Nelson Seago, 35, who was a teacher and coach in the Turkey School System from September 1966 until August 1969 and a 1964 graduate of West Texas State University, died early Sunday in Anson General Hospital after a long illness. Funeral services were at 11 a.m. Monday in the United Methodist Church in Clarendon, with the Rev. Weldon Rives, pastor, and the Rev. Richard Freeman of Waco officiating.

Burial was in Citizens Cemetery by Schooler-Gordon-Robertson Funeral Directors.

A native of Sunray, Mr. Seago attended school at Lelia Lake and Clarendon College before going to WTSU.

His wife, the former Lela Ellen Bell of Clarendon, died in June. Survivors include a daughter, Laurie Lee Seago, of the home; his mother, Mrs. Gladys Seago of Anson, and two sisters, Mrs. Gene Moore of Anson and Mrs. Sue Thomas of Waco.

Gelene Proctor, Lynda Seymour and Betty Green were in Clarendon Monday to attend the funeral.

### Mrs. Rosa Mayes Buried Here Tuesday

Funeral services for Mrs. Rosa L. Mayes, 82, a Quitaque resident 50 years, who died Monday at Southwest Convalescent Center in Amarillo, were conducted at 3:00 p.m. Tuesday in the First Baptist Church in Quitaque.

Officiating was the Rev. Milo Jurik, pastor. Burial was in Rest Haven Cemetery by Roberts Funeral Home.

Mrs. Mayes, born in Missouri, had lived at the Amarillo convalescent center the past five years. Her husband, F. A., died in 1956. She was a member of the Jehovah's Witnesses.

Survivors include three sons, Sammie and Frank of Amarillo, and Claude of Quitaque; a brother, John L. Yates of Forrest, New Mexico; six grandchildren and five great-grandchildren.

Pallbearers were Leroy Hamilton, Blue Brown, Will Currie, Euel Dudley, Duke Woods and Vester Spencer.

J. R. and Mary Beth Adamson visited his sister, Mrs. Vivienne Kisser of Levelland, last Friday night and returned home via Lubbock to see their sons, Rod and Rex, who are in Texas Tech. They spent Saturday and Sunday with them.

Mrs. Leon Morse of Sweetwater is visiting relatives in Turkey this week. She is a sister to Ed, Squint and Jack House.

### Long Rainy Spell Apparently is Ended

It all started, the rains that is, on Sunday, September 15, and 10 days later, on Wednesday, September 25, the sun finally broke through the clouds. There were only two or three days in that span that there was no rainfall here in the Valley and apparently more rain was received here than most regions of the Panhandle.

The Tribune has not been able to get an official total on the amount of rain received here in this area but most everyone who has a rain gauge estimates that seven inches of moisture fell. And it was beautiful rainfall, gentle and with no heavy showers so the major part of it soaked into the ground.

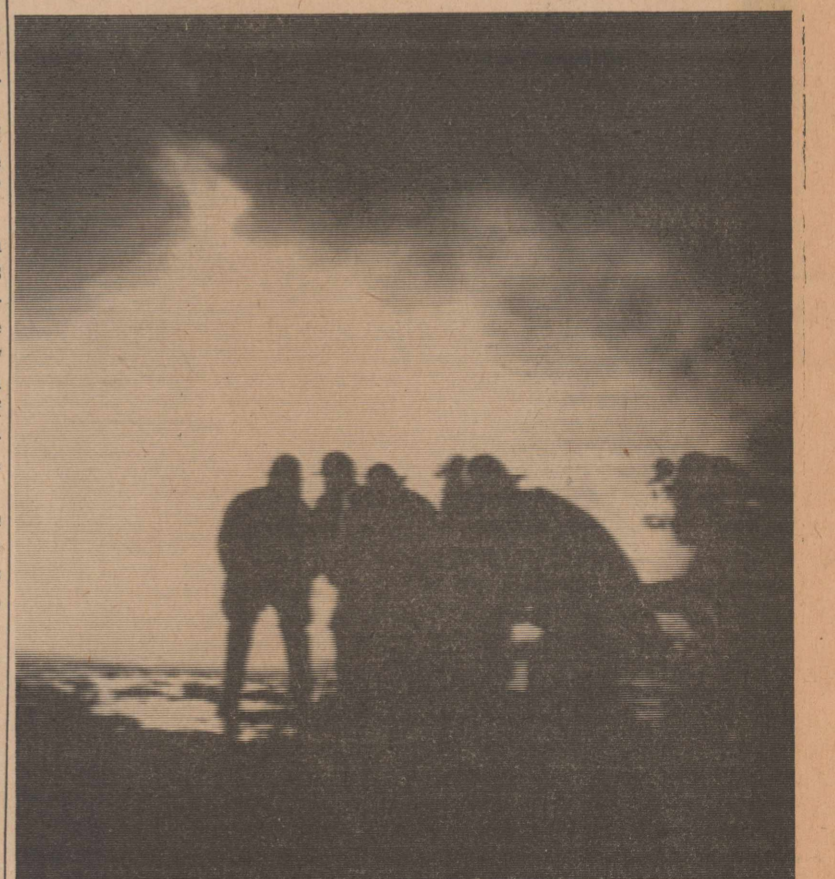

However, it might be damaging to the cotton, peanuts and grain crops in the area, since the crops are already late. It will depend on when the first frost comes and the amount of sunshine the crops get before that first frost. The area could make fine crops or there could be little harvest this fall.

On the bright side, the wheat is off to a very good start and pastures are fine and lakes are full of water. So right now, the sun is shining and bright and hopefully we will have many more days of that condition.

Mr. and Mrs. Alfred Garrett of Alameda, California and Mrs. Weirline Laughlin of Stockton, California have been visiting at the home of their parents, Mr. and Mrs. Bud Morris at Plomot, for the past ten days. They will leave for home Thursday.

Mr. and Mrs. Lynn Davis visited over the weekend at Tulsa with Mr. and Mrs. Joe Mark Davis and also visited relatives and friends in Clarita, Oklahoma.

Home has no bed patients, and is a beautiful and nice home, according to those who have visited it. The Lyons visited others by telephone. They returned home Sunday evening, reporting a very good time.

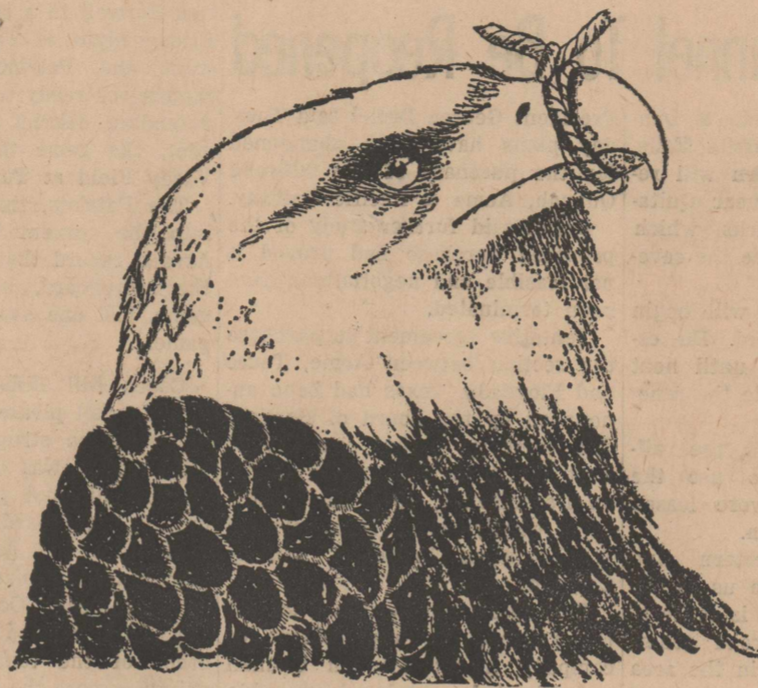

### Firemen Attended Canyon Fire School

Firemen from Silverton and Quitaque joined 391 firefighters from 47 area towns to participate in the First Canyon Area Fire Control School, which was held at Canyon.

Classes were conducted under the auspices of the Firemen's Training School, Texas A&M University Engineering Extension Service, and were sponsored by the State Firemen's and Fire Marshal's Association. Facilities were provided by the Canyon Fire Department.

At the completion of the course, certificates were awarded to Charles R. Sarchet, A. R. Martin, Flute Hutsell, David Tipton, Jay Towe, Aaron Younger, W. D. Rowell, A. R. Martin, Jack McFall, Stanley Fogerson, Roy Younger, Charlie Parker, Billy Ford, Jerry Miller, Emmett Tomlin, Robert Hill and Danny Green, Silverton Volunteer Fire Department; Lyn Payne and Johnny Tiffin, Quitaque Volunteer Fire Department.

## **Somebody's trying to take something that belongs to you.**

**Right here in Texas**

In fact, somebody's trying to take something that belongs to all of us: freedom of speech. Somebody's undermining your right to communicate, to listen, to have all available information on a given subject.

Somebody's trying to tell certain Arkansas companies they may not advertise their services.

But advertising is just another word for communication. It is public information; it gives you a choice. It encourages new and better ways of doing things and helps continue the development of newer, better and more economical consumer goods.

Now, however, the right of certain Texas companies to communicate with their customers is in danger. This could ultimately have more far-reaching effects on free speech as we know it.

Right now, we want you to think very long, very hard and very deeply about advertising and about the good it does in America. We want you to think about its effect on business, on your own entertainment, on radio, television, newspapers and magazines, on your right to know.

We want you to think about the effect advertising has on your company's sales, and how the sales of your company affect your own life-style.

Right now, we want you to think very long, very hard and very deeply about the issue of free speech. Then we want you to write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711, and your legislators and your friends and tell them how you feel.

The ball is in your hands. It's up to you not to drop it.

## **Advertising is everybody's business.**

This ad appears as a public service of this newspaper.

Mr. and Mrs. Richard Irby, Judson and Jennifer of Tulsa, Oklahoma, visited his parents, the Reddell Irbys, Friday of last week through Sunday.

Mr. and Mrs. Virgil Blakney recently returned from a tour of the state of Tennessee.

Mr. and Mrs. Jackie Christian and daughter of Amarillo; Mr. and Mrs. Larry Christian and family of Lockney, and Mr. and Mrs. Ronnie Christian of Matorador visited their mother, Mrs. Eunice Christian, this past Sunday.

David Dunham of Wayland Baptist College led the music for both services at the First Baptist Church Sunday. He is a Junior student at Wayland and is preparing for the ministry.

Mr. and Mrs. Bud Bailey drove to Chickasha, Oklahoma Friday to meet Mrs. T. J. Reeves who had spent the past two weeks visiting a daughter, Mrs. Ann Kessinger, in Grenola, Kansas. Mrs. Kessinger brought her mother to Chickasha

to visit friends she had known in Arkansas. The Baileys and Mrs. Reeves returned to Quitaque Friday night and Mrs. Reeves visited here until Sunday afternoon. Mrs. Bailey took her to her home in Plainview.

Mr. and Mrs. D. E. Brunson visited their daughter and family, Mr. and Mrs. Mike Bloxom and Dana at San Antonio over the weekend. They also visited his sister, Mrs. Jack Jordan and family in Kerrville, having lunch with them Sunday, then driving home from there Sunday.

The Gaston Owens drove to Amarillo Wednesday night of last week to hear "God Gospel Giant," Vance Zinn, who was holding a series of messages in the Civic Center there. His son, Wiley, who many here may remember coming to Quitaque First Baptist Church with his father when Bro. Vance was interim pastor here, is a member of the Wildwood Quartet who record gospel music on record and tapes. They were presenting their music and Bro. Vance was bring-

ing the messages from the Bible. He is one of the few "Hell and Damnation" preachers left. He preaches from the Bible as it is written and no man tells him what to preach.

Bro. Zinn and his wife have been living in Oseola, Missouri, but they are moving to Collins, Missouri 64738, Box 106, where he is pastor. His wife teaches in the school on the special help level but I am not sure just what. He sends his regards to his Quitaque friends, and I am sure he would like to hear from you.

Mrs. Lawrence Bedwell, Mrs. Birt Lane and Mrs. Bernice Gregg brought Mrs. W. E. Morrison to her home Wednesday of last week after she had made a trip to Arizona. Mr. and Mrs. Lawrence Bedwell, Mr. and Mrs. Hubert Setliff and Mrs. Morrison visited Mr. and Mrs. Les Morrison and Mr. and Mrs. Joe Young in Tucson, Mr. and Mrs. Leslie Bond and family and Mrs. Hattie Bond and daughter in Phoenix. The eStiffs visited his sister in Yuma. They reported a very nice trip. They attended church services in Scottsdale, Arizona enroute home Sunday.

David Brunson of Muleshoe spent the weekend at home with his parents, Mr. and Mrs. James Brunson.

Mr. and Mrs. Jim Stell of Friona stopped by for a short visit with their daughter, Mrs. Jack Chandler, and family Sunday afternoon. They were enroute home from Lampasas.

Mrs. Barbara Pigg and son, John Earl, of Silverton visited her parents, Mr. and Mrs. O. E. Chandler, Sunday afternoon.

Mr. and Mrs. Pete Talley and daughter of Amarillo were guests for lunch with Mr. and Mrs. Ralph Carter Sunday. He spoke at both services at the Church of Christ.

Guests in the home of Mrs. Lee Parker Sunday were her daughter, Mr. and Mrs. Tom Eudy of Turkey, and her son, Mr. and Mrs. LeRoy Parker of Canyon. They all attended services at the Church of Christ Sunday morning.

Guests in the home of Mrs. A. D. Monk Sunday were a grandson, Roney Monk of Hereford, and a

girl friend, Rhonda Williams, her two brothers and another boy friend of Randy's; Mrs. Curtis Monk and three children of Friona; Mr. and Mrs. James Monk of Flomot, and Mr. and Mrs. L. B. Monk.

Mr. and Mrs. Jimmy Davidson and Mr. and Mrs. W. W. Woods visited Mr. and Mrs. James Starkey and family in Plainview Sunday afternoon.

Mrs. Dixie Eldridge accompanied Mr. and Mrs. Richard Tibbetts of Amarillo back to Amarillo Sunday. She has spent the last few weeks here visiting Mrs. Gladys Wise. Mrs. Eldridge is to visit a sister at Adrian.

Mrs. H. G. Boyles returned to her home Saturday after having eye surgery in Amarillo. According to reports, she is improving well.

Mrs. Shorty Woods and Mrs. Ralph Carter spent last Wednesday night in Lubbock. Mrs. Woods visited her aunt, Mrs. Walter Rutherford, and Mrs. Carter visited the Clyde Monks.

Terry Woods and fiancée, Nancy Baldwin, of Amarillo and Mr. and Mrs. William McKay of Lubbock were weekend guests of the Shorty Woods.

Mrs. Jerry Price and children, Carl, Susie and Don of Fort Worth spent from Saturday until Monday with their parents and grandparents, Mr. and Mrs. John King.

Mrs. Buddy Morris called Mrs. James May Monday morning and reported her son-in-law, Bill King, was scheduled to have another cardiogram Monday and it was possible he may be able to return home the last of the week. He seems to be improving well, according to Mrs. Morris, after a heart attack. His address is in care of Penrose Hospital, Colorado Springs, Colorado 81004, if you would like to send him a card.

Mrs. Estelle Davidson entered Central Plains Hospital in Plainview last week and underwent major surgery. She returned home Monday and her brother, H. R. Curtis, and wife of Olton brought her home and are spending a few days with her.

Mr. and Mrs. Raymond Ramsey of Oklahoma City spent a few days visiting Marion Ramsey and the other brothers and their families recently.

Mr. and Mrs. Eldon Martin and children spent a recent weekend with Mr. and Mrs. Clyde Dudley in Fort Worth.

Mrs. Lon McKay accompanied her daughter, Mrs. Bill Lane of Turkey, to Childress Tuesday morning of this week. Mrs. Lane went for an eye checkup.

Mr. and Mrs. Dick Taylor visited Mr. and Mrs. C. C. Moss and Mr. and Mrs. J. C. Moss in Anson Friday and spent the night, return-

ing home Saturday.

**MARION RAMSEY HONORED ON BIRTHDAY**

Marion Ramsey was honored on his 72nd birthday anniversary with a dinner held in the home of Mr. and Mrs. Slug Ramsey and girls. Others present were Mr. and Mrs. Ron Nease and Christy of Lawton, Oklahoma, Mr. and Mrs. Durwood Lewis, Amarillo, Mr. and Mrs. A. B. Ramsey, Mrs. Dwight Ramsey, Brian and Amy, Floydada, Mr. and Mrs. Paul Ramsey, Patti and Terri, and the hosts, Mr. and Mrs. Slug Ramsey, Dana and Karen, and the honoree.

Mr. and Mrs. Vernon Lee of San Angelo spent from Saturday until Wednesday last week with her mother, Mrs. J. T. Bradley, and her sister and husband, Mr. and Mrs. Dick Taylor.

Mr. and Mrs. Dick Taylor visited his mother, Mrs. J. A. Taylor, in the hospital in Canyon Sunday. They report she is improving, but still has a long stay before she can walk.

Murry Morrison and Joe left Sunday for Truth or Consequences, New Mexico to spend a few days.

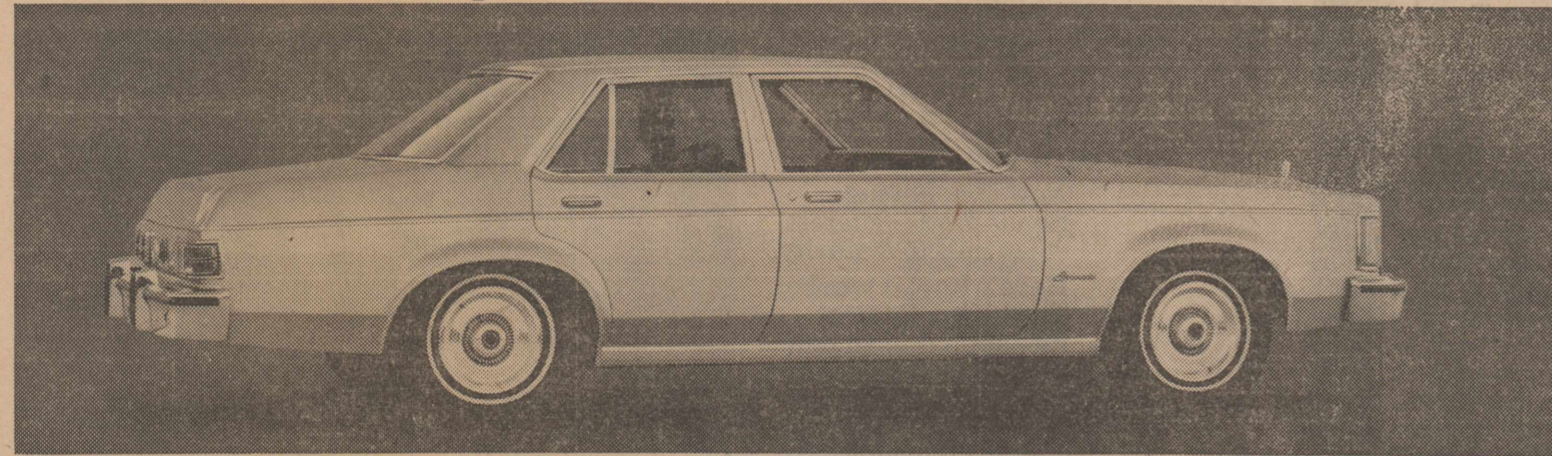

Mr. and Mrs. Ted Hester of Silverton and Mrs. Josie Johnston of Quitaque visited their aunt, Mrs. Julia Wilson, at Kaufman over the weekend.

Mr. and Mrs. Tink Lane drove to Thomas, Oklahoma last weekend to see their children, Mr. and Mrs. Frank Lane and family.

Mmes. E. G. Fillingim, Willis Fillingim, Horace Fillingim and J. P. Weaks (nee Martha Fort) and grandson of Briscoe, Texas, were guests Thursday of last week with Mrs. U. F. Coker, sr. Mr. and Mrs. G. O. Coker and Mrs. Tink Lane spent the day with Mrs. Coker and had a nice visit with her guests.

# COMING SEPT. 27.

## THE '75 FORDS, INCLUDING THE NEW GRANADA!

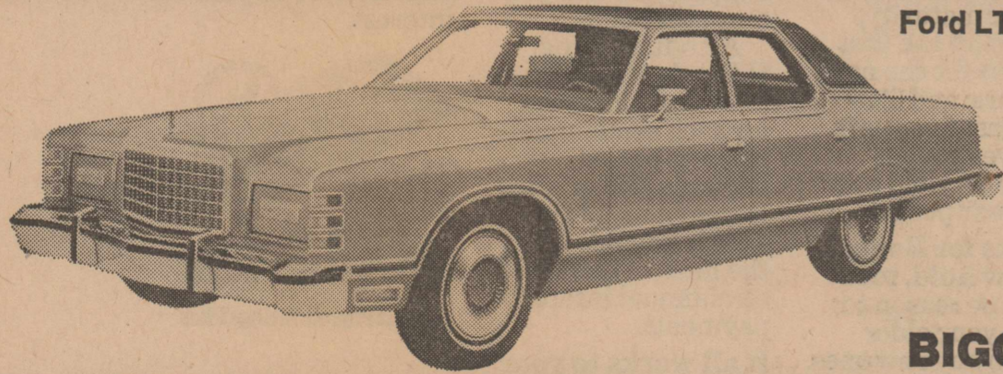

**The new Ford Granada designed to give you efficient use of space, fuel and money.**

Almost identical in size and weight to the Mercedes 280, the Granada is about two feet shorter and half a ton lighter than most standard size cars.\* So you can expect excellent gas mileage, and exceptional handling ease. Yet there's

family-size room inside: front legroom and headroom front to rear, comparable to many standard size cars. The trunk holds 8 pieces of luggage.

And here's just the top of the list of standard equipment: 200 CID 6-cylinder

engine; 3-speed manual transmission; steel-belted radials; solid state ignition; front disc brakes; full wheel covers and accent moldings; individual reclining seats; cut-pile carpeting, and much more.

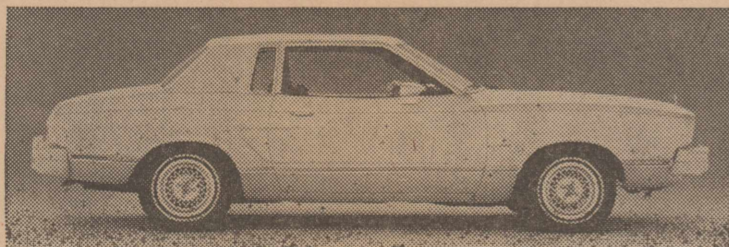

**Ford LTD Landau: a logical alternative to longer, heavier, more expensive luxury cars.**

Compare the workmanship in LTD Landau as well as its size, comfort and luxury to much more expensive luxury cars. The main thing you don't get is hundreds of pounds of extra weight and almost a foot of extra length (compared to longer, heavier, costlier cars). You do get the security of a solid, full-size, well-made automobile.

**The small Fords: BIGGER VALUES THAN EVER.**

**Personal luxury in 3 sizes . . . and at three price levels.**

Mustang II: the sporty personal luxury car now with optional V-8 engine.

Ford Elite: the tradition of Thunderbird in a mid-size car.

Thunderbird: could it be the best luxury car buy in America?

Maverick: the proven family compact.

Pinto: still the leader in basic transportation.

\*All comparisons made to 1974 cars.

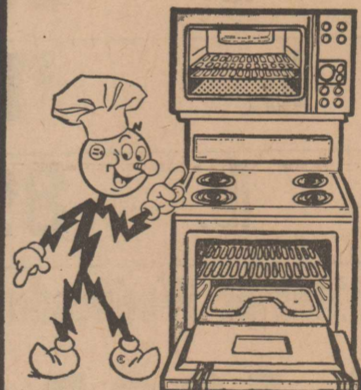

**TEXAS PANHANDLE FORD DEALERS**

See all the 1975 Fords at your nearby Ford dealer.

Turkey, Texas

## CONSERVE AND SAVE ON ELECTRIC COOKING

Today's modern electric range offers you a host of special features which assure uniform cooking results each time. You'll find that cooking electrically is clean, cool and economical.

For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.

Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small to average sized pans.

Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.

Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.

Select correct, measured heat. The accurate heat selector switch or oven thermostat enables you to select, exactly, the same correct temperature each time you use it.

For good heat distribution around the pans, when baking, they should not touch the sides of the oven or each other. Allow one inch clearance. Check for doneness at minimum baking time on recipe, don't keep opening oven door to peek.

West Texas Utilities Company An Equal Opportunity Employer

Remember, Reddy supplies the energy—but only you can use it wisely!

**THE VALLEY TRIBUNE**

Successor to The Quitaque Tribune, established at Quitaque in 1967. PUBLISHED EVERY THURSDAY AT QUITAQUE, TEXAS 79255. SECOND CLASS POSTAGE PAID AT QUITAQUE, TEXAS 79255. BY GASTON AND LOTTIE OWENS. SUBSCRIPTION RATES: Briscoe, Hall, Motley, Floyd, Swisher, Childress, Armstrong, Donley, Collingsworth Counties, \$3.00 per year. Elsewhere, \$3.50. Cards of Thanks, 50 cents. Poetry, at classified advertising rates. Advertising rates upon request. Classified advertising, 3 cents per word first insertion, 2 cents per word thereafter. Minimum charge, 50c weekly. Any erroneous reflections upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Valley Tribune will be gladly corrected upon its being brought to the attention of the publishers.

**Hall County Director, Recorder Employed For County Schools**

The Hall County School Superintendent, Tops Gilreath, authorized the Valley Tribune to announce the Hall County School Board of Trustees met Friday in Clarendon, authorizing the County Superintendent's office and employed Mrs. Troy (Bessie) Broome, Clarendon, as School

Nurse Director and Recorder for the schools of Hall County: Memphis, Lakeview, Turkey-Quitaque (Valley), and Estelline. Mrs. Broome was employed under Manpower of the Panhandle Regional Planning Commission. Mr. Jesse Moses is County Manpower Planner and has assisted the superintendents and county board in securing the services of Mrs. Broome and getting the project funded. Manpower act will pay the salary of the employee and local schools will pay her transportation. The schools also furnish office space and supplies.

Mrs. Broome is not a registered nurse but has a special certificate for two years work done in nursing school at Sanitorium, Texas, and has worked in several offices for medical doctors, working in Dr. G. W. Smith's office in Clarendon for several months. She has had many years of practical experience as a nurse.

Mrs. Broome's schedule will be: Mondays in Lakeview School; Tuesdays in Estelline School; Wednesdays in Turkey - Quitaque Consolidated School (Valley); and Thursdays and Fridays in Memphis Schools. Her duties will be to keep the immunization records in all of the schools in Hall County; to see that the students report for the immunizations.

She will work with the Health Department in interpreting the results and consult with the parents about the immunization program when need arises.

The weight and height charts, as well as other health records pertinent to the well being of the student, will be recorded by Mrs. Broome. The Director and School Recorder will accompany the student to the doctor when an emergency arises and will follow through on instructions by doctor and notify parents. The teachers are free to discuss a health problem and Mrs. Broome will make records and refer to doctor regarding the case referred by teachers. She will then consult with parents and physician reference referral. The school nurse director and recorder will screen students upon the recommendation of teachers first. After she has screened those recommended by teacher, others will be screened as time permits. She will begin this program as soon as she can attend some workshops for training of use and evaluation of instruments. Other duties may be added as the needs arise.

It is the plan of Mrs. Broome to buy a home in Memphis at an early date and commute to other schools from there.

County Board members are George F. Helm, president; Roy Gresham, trustee-at-large; O. E. Gardenhire, trustee, precinct 2; Harlen Hood, precinct 3; Billie Fuston, precinct 4.

**Young Farmers To Hear Guest Speaker**

James E. Meggs, jr. of Plainview, a representative of American Cyanamid Company, will be guest speaker for the Silverton Young Farmers at 8:00 p.m. Thursday, September 26, in the Pioneer Room at First State Bank in Silverton.

**New higher interest rate on U.S. Savings Bonds.**

Now U.S. Savings Bonds pay 6% interest when held to maturity.

**Here's how it works:** The higher interest rate applies to all new Bonds purchased since December 1, 1973, raising their rate from 5½% to 6% when held to maturity. And the maturity period on Series E Bonds is shorter, too. Now E Bonds mature in 5 years, with a first-year rate of 4½%.

Series H Bonds, with a 10-year maturity, will earn 5% the first year; 5.8% for the next four years; and 6½% for the last five years. This gives you an average 6% yield over the 10-year period.

**It works for Bonds you now hold, too.** There's no reason to redeem your older Bonds to buy new ones.

Their yield has improved, too.

All outstanding E Bonds will receive a ½% increase in yield for each semiannual interest period beginning on or after December 1, 1973, payable upon redemption. This also applies to any Freedom Shares you may still hold.

All outstanding H Bonds will receive a ½% yield increase for each semiannual interest period beginning on or after December 1, 1973. This is payable in the form of increased semiannual interest payments.

**BLOOD DONATED TO HELP OIL FIELD WORKER**

Twenty-two students and a faculty member from the automotive and diesel mechanics program at South Plains College have donated blood to help a Levelland man burned in an oil field accident.

The students, accompanied by Hollis Shewmake, instructor in diesel mechanics, went to Blood

Services, Inc. in Lubbock September 11, where each gave a pint of blood. Shewmake and the students donated the 23 pints of blood in the name of C. P. Lyons, an employee of American Oil Well Servicing who was burned the previous Saturday.

News reached the campus that Lyons, who is in Parkland Hospital in Dallas, was in need of 30 pints of blood. "American Oil Well

Servicing has done a lot to help our program," explained Claude Kirkpatrick, coordinator of the automotive - diesel mechanics program, "and the students thought this would be one small way to show their appreciation."

"American Oil Well Servicing recently gave SPC a diesel truck to use in training mechanics students. And Charles Buchanan of Plainview, a graduate of the program, is currently working full time for the company, Kirkpatrick said.

"We found out after we got there that Blood Services would have come over here to take the blood with this many donors," Shewmake said. "If we'd known that we would have had several more people donate blood who

couldn't make the trip to Lubbock."

Besides Shewmake, those donating a pint of blood included Eddie Aldridge of Loop, Tommy Cleavinger of Dimmitt, Dale Gallman of Lazbuddie, Robert P. Gonzales of Levelland, Farley Inglis of Morton and David Johnston of Quitaque.

Other students giving blood were Steven Kaltwasser of Farwell, Robert McMillican of Brownfield, Dixon Moreland of Levelland, Tommie Nance of Lockney, Ricky Patterson of Levelland, Bruce Pierce of Sudan and Jimmy Sealy and Tony Show, both of Morton.

Also donating were George Solis of Lubbock, Len Stanley of Levelland, Jackie Stidham of O'Donnell, Doug Stonecipher of Littlefield, Ricardo Valenzuela and Ricky Webb, both of Morton, Roger Williams of Muleshoe and Gary Womack of Levelland.

**It's a new Land Bank serving a new agriculture in new ways**

Over the next ten years, agriculture will require a minimum of \$60 billion in new financing to meet unprecedented changes and challenges. Because there is a Federal Land Bank—created to insure an abundance of capital at reasonable rates—you can have more confidence this need for credit will be met.

The Land Bank will continue to obtain loan funds in the nation's money markets on the very best terms it can. It will continue to make financing available to farmers and ranchers at reasonable cost. And with increased flexibility now permitted by the Farm Credit Act, it will help more people in new ways.

Today, more than ever, you should understand the operation of your Federal Land Bank. If you are not an Association member, let's get acquainted. If you are a member, let's get better acquainted. Let's work together...to build a secure place for you and your family in a viable, prosperous agriculture.

**CONTOUR FARMING IS ESSENTIAL PRACTICE**

Contour Farming is a very essential conservation practice on steep terraced land. David Seitz of the Soil Conservation Service reports that due to large farm equipment and the cost-price squeeze, more and more farmers are plowing across their terraces. Seitz lists the following reasons to continue plowing with terraces.

On contour farmed land there is increased crop production due to improved water conservation.

There is less soil loss from water erosion on contour farmed land.

Terraces will last indefinitely if the land is farmed with them.

There is no cost-share program for terracing land where farming operations have been done across terraces.

**FORD POPULARITY NEEDED TO LEAD NATION OUT OF ECONOMIC WILDERNESS**

Senator Jack Hightower, Democratic nominee for Congress from the 13th District said today "It would be a national tragedy if President Ford fritters away broad based popularity that he needs to lead this country out of the economic wilderness."

Hightower, a former district attorney and winner of many honors for his law enforcement work, declared:

"I sincerely hope the President won't spend so much time on Watergate pardons and Vietnam am-

nesty—both of which are extremely divisive national issues—that he undermines the popular sup-

port he needs to attack the most urgent issue of all, which is inflation and economic distress.

"He must have widespread public confidence to accomplish anything in bringing down interest rates and the disastrous rate of inflation. I am afraid he will not maintain confidence unless he concentrates his attention on the economy and stops getting embroiled in controversial and questionable decisions that can wait.

"Every barometer of economic health, from the stockmarket to the consumer price index, shows that we are drifting deeper into an inflationary recession. Farmers and stockmen are hard hit. Families can't get mortgages to buy homes, grocery prices are still going up.

"Since sugar has gone up 40% since April, when lettuce has gone up 36% and tomatoes 23%, I think it is high time the administration got down to brass tacks and faced the real issue," Hightower concluded.

It seems to me we hear of our youth's wrong doing and we do not speak up when our youth do good things. Saturday afternoon was long and would have been lonely except for the thoughtfulness of five lovely high school girls. Jena Mullin, Michie Lipscomb, Connie Ferguson, Jill Eudy and Rondalyn Crump decided to give their time and talent to helping others, or spreading sunshine, for that is exactly what they were doing, with their lovely young voices and sweet girlish giggles. They sang several songs from the Sacred Selections and read my favorite passages from the Holy Bible—their own Bibles that they carried with them from door to door, making widows, shut-ins and the ill happy with their wisdom of knowing just what to do to make one happy. Suzanne Lane, Sherice Price, Dodie Lane and perhaps others, have since joined the group. They leave making one know that this world is a wonderful and lovely place after all.

Just One of The Lucky (Gladys Wilson)

**HAM RADIO CLASS TO BE TAUGHT**

Enrollment is open until October 5 for anyone interested in entering a class in Ham Radio to be taught this semester at Clarendon College.

The class will be taught by Owen McGarity each Saturday beginning on October 5, from 2-5 p.m. Classes will meet in the Vocational Technical Building at the college.

The purpose of the course is to train individuals interested in obtaining General Class License from the Federal Communications Commission. The class is also open to those interested in learning general electronic theory and also those wanting to learn something about "ham radio operation" as a hobby.

The cost of the course is \$5.00 per person. To enroll for the class or for additional information, contact Beryl Clinton, Academic Dean at the college.

**4-H IS "MAKING IT HAPPEN"**

4-H is really "making it happen."

"Youth between the ages of 9 and 19 are becoming more involved in worthwhile learning experiences, and that is making a difference in the way they grow and develop into tomorrow's citizens and leaders," points out Jimmy Vanstary, county agent for the Texas Agricultural Extension Service.

October 6-12 has been designated as National 4-H Week, and this year's theme is "4-H —We Can Make It Happen."

"4-H'ers are continuing to become more involved in major issues affecting our country," notes Vanstary. "Health, conservation and the environment are just three areas of concern of these young people. By becoming well-informed and probing into the various pros and cons of key issues, they will be well-equipped to tackle real-life situations in the coming years.

"That's what 4-H is really all about—learning about life today so as to be better prepared for the future. And an essential part of all this learning involves an inquisitive mind as well as a positive attitude toward life."

4-H groups in Briscoe County are making plans to call attention to their activities and achievements by several special programs and exhibits during National 4-H Week, points out Vanstary. They will also be looking for new members. Now, with the new 4-H year just starting, those youth not enrolled in the program should give careful consideration to joining an organization that is "making something happen."

### Elderly Texans Being Swindled By Con-Men

State Insurance Board Chairman Joe Christie Friday said fast-talking, high-pressure operators are at work swindling elderly Texans through bogus insurance deals.

Christie said a pre-trial hearing this week of two salesmen in Cuero refocused attention to false and deceptive sales practices and gimmicked-up schemes.

Raymond Kelsie Townsend, 47, of Hurst and John Lee Bradley, 49, of Fort Worth face charges in DeWitt County for felony theft.

Christie said Wiley Cheatham, the district attorney in DeWitt County, reported Charles Anthony Smith, 24, of Fort Worth and Norman Paul Cowart, 32, also of Fort Worth, have been jailed on a total of five counts of felony theft.

Christie said the State Insurance Board would cooperate with law enforcement officials in pro-

viding technical assistance on insurance matters in the prosecution of criminal charges.

He said the Board would also take disciplinary action under the Texas Insurance Code for alleged violations of licensing and sales regulations.

"We are going to take a cold glance at the behind the scenes approaches of these smooth operators with corkscrew rhetoric and the companies they are supposed to represent."

Law enforcement officials in Victoria have also reported that two elderly residents were defrauded of more than \$1,500 in an insurance swindle.

"We have reports that men represented themselves as agents and sold hospitalization and medical insurance as well as an "automobile warranty plan" which supposedly covers all repairs done to the victim's auto for a number of years," Christie said.

He said, "Salesmen have also conned victims into believing that they represented legitimate agricultural concerns with the use of picturesque, canned sales pitches describing potential insurance be-

### Program Given On High Protein Hay

Joe Mercer, a representative of High Protein Feeds, Incorporated, from Phoenix, Arizona, was guest speaker for the Silverton Young Farmers Thursday night. His topic was Marvel Comfrey, a high protein hay.

Following the program, the Young Farmers had a business meeting in which they decided to bid on the Riding Club's loading chute. They also voted to sell the air conditioner from the drive-in show to Cecil Jones, and to sell the complete pressure pump system from the show grounds.

Jimmy Myers reported to the club on the Area I Convention at Plainview. It was also decided to help Bill Rampy take the ag boys to Plainview for a tractor pull on September 27.

Cecil Jones was welcomed as a new member. Refreshments were served to Tobe Riddell, G. W. Chappell, Joe Bennett, Calvin Shelton, Charlie Parker, Hand Baird, Bill Rampy, Jimmy Myers, W. J. Copeland, Cecil Jones and Fred Minyard.

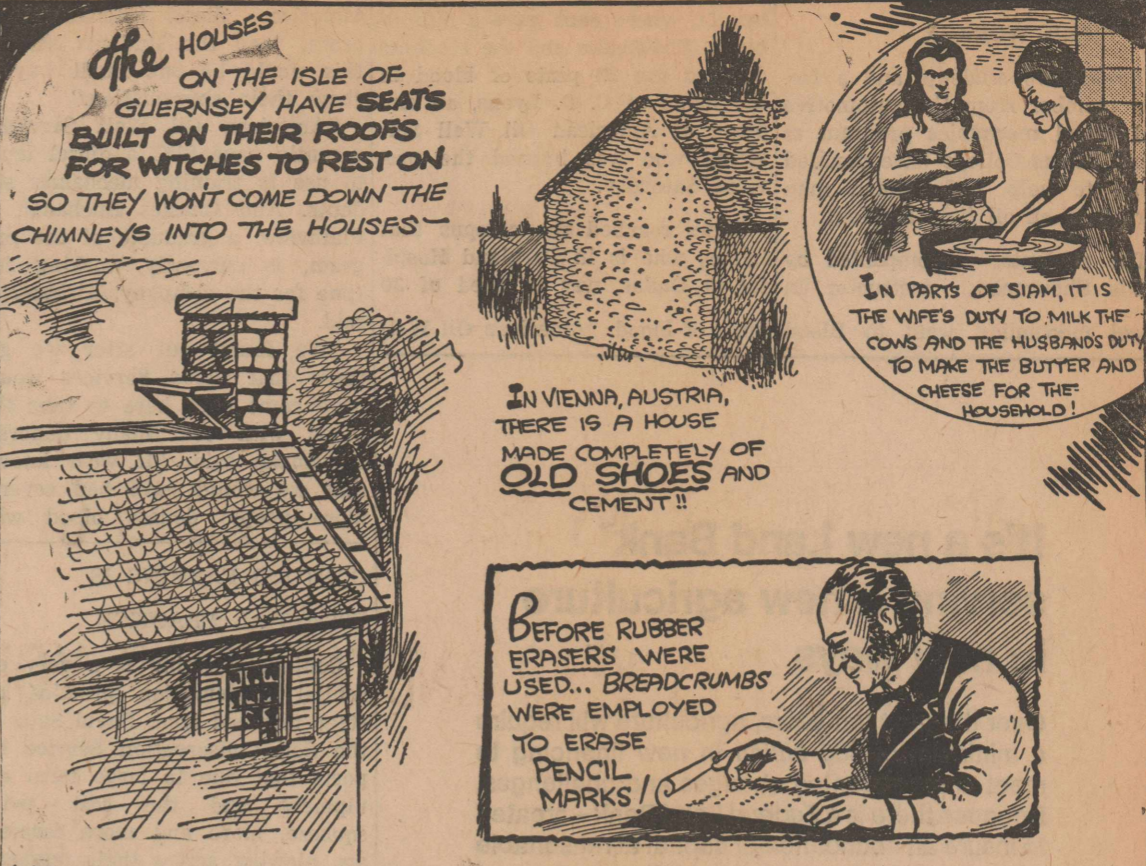

Mercer stated that Comfrey could cut cattle feeding by 30 to 40 per cent. This can have a root harvest or it can be cut for hay. One test plot in Montana has produced 217 green tons per acre. Comfrey is not recommended for grazing because of the high protein content. It can also be used for human consumption, especially in health foods. Comfrey can be used for any kind of livestock.

"I hope that the local prosecutors will not be soft-hearted with those who exploit the elderly or cajole consumers into quick purchases. The Board intends to put a stop to "policies" that are as funny as the paper they are written on and to the con men preying on unwary citizens."

Christie said those who think they may have been swindled through bogus insurance deals should contact either the State Insurance Board or local law enforcement officials.

### CURATOR OF WEST TEXAS

#### MUSEUM SPEAKS TO QUITAQUE LIONS CLUB

Bill Morrison, curator at West Texas Museum in Canyon, spoke to the Quitaque Lions and other interested observers at the Bank Community Room Monday night of last week.

Mr. Morrison talked about, and showed slides of, the findings in the Lake Theo shores during the

W. J. BOYKIN

#### W. J. BOYKIN APPOINTED TO P. C. A. BOARD

W. J. Boykin of the Northfield community has been appointed to the Board of Directors of Rolling Plains P. C. A., replacing Dean Decker of Childress, who resigned his position in order to devote more time to a recently acquired ranching operation in South Dakota, according to J. R. Gleaton, president of the association.

"We regret very much losing Mr. Decker from our Board," said Gleaton, "but by the same token we feel very fortunate in getting a man of the caliber of Mr. Boykin to fill the vacancy."

Boykin and his wife, Margaret, reside on their ranch in the Northfield community southwest of Childress where he is engaged in ranching and farming. They have one son, David, who attends Clarendon College, and one daughter, Mrs. Richard Stotts, of near Clarendon.

Mr. Boykin has been a stockholder-member of the association for 27 years and brings to the organization a great wealth of experience in all phases of agriculture. Mr. Boykin's appointment is for a period or from the present time to the next annual stockholder's meeting which will be held sometime in April, 1975, at which time he will be eligible for election to a three-year term on the Board of Directors.

past several months.

Mr. Morrison and others working with him, have been digging in what they describe as a bison kill site, the bison being killed by "the Folsom man."

In 1925, scientists in Folsom, New Mexico, discovered prehistoric stone spearheads mingled with animal bones. They called the weapons Folsom points.

Although no human bones were found, scientists used the name of "Folsom man" to describe the prehistoric man who must have made and used the weapons. The bones found with the weapons belonged to a species of bison which have been extinct a long time.

Mr. Morrison said that the Folsom point or spear head is the second oldest in America, estimated to 10,000 years old. The Clovis point is the oldest point, about 15,000 years old.

The findings here at Quitaque are very unique since there are only five such findings in the United States.

Mr. Morrison and his group found seven points among the bones at Theo, two of them complete and the remainder fragments.

He said the bison was approximately twice the size of the American buffalo.

Mr. Morrison said that he was hoping that funds would be granted to continue the excavations at Lake Theo, which would take approximately two or three years to complete. They have taken their findings to Canyon.

Mr. Morrison stated that a display would be built showing the terrain and other information of the Lake Theo diggings and would probably be placed in the Quitaque Community Room (the hospital building) when it is completed. The talk and slides were extremely interesting to all who attended the showing and talk.
