MULESHOE, County Seat of Bailey County, Texas.

THURSDAY, MARCH 14, 1946

TWENTY-FOURTH YEAR, NO. 11

## ELMER RALPH DEARING LOSES LIFE IN AMARILLO ACCIDENT

Mr. Muleshoe

By leaving out a line in the story of last week's Lions ladies night, we made Lee Pool introduce the speaker of the evening. The story should have said Pool introduced the guests, and Lion Bill Moore introduced the speaker. It looked ridiculous, because how could Lee introduce the speaker when he hardly knew him, whereas Old Bill has known Charlie Dean nearly always. If we ever get out a paper over here at the Journal office, without stepping on somebody's toes, I am going on a prolonged vacation, where they don't even circulate newspapers, among people who can't even read.

The week end was not entirely lost to some of our people who ventured over to Clovis Sunday to see Ray Miland perform in "The Lost Week End."

Oh Kabibble—(on the housing situation).  
Old Mother Hubbard  
Went to the cupboard;  
But when she got there  
The cupboard wasn't bare;  
No, six people had moved in.

Well, the housing situation here in Muleshoe is just about as bad as it can get, and lumbermen tell us there is not much relief in sight. Veterans might be able to get materials but others had better wait for a more reasonable time, or buy a house if one is offered.

This writer got busy and bought one, taking the first one offered. Because one can never tell what the future holds. A move had become necessary because Joe Damon, the former drugist, had decided to return to Muleshoe, wanted his home.

Owners of the building occupied by the Journal are considering erection of a nice new building for us, but again lack of materials will put actual construction into the indefinite future.

Longview people raised about \$130, we hear, at their pie supper last Friday night, attended by the candidates. We hear some spellbinders were uncovered among the office seekers, as they made their initial public appearance in this political campaign.

Mr. Muleshoe hears that a petition is being circulated to get a slate of candidates for mayor and city commissioners placed on the ballot for the coming city election. Who these men are probably will be revealed shortly, meanwhile nothing for publication has been tendered to the paper.

Arthur Crow, the Chevrolet man, must have breathed a sigh of relief this week when he heard the General Motors strike is over, and that the thousands of employees will go back to making new Chevrolets and repair parts for old ones.

You will note, if a good observer, that this week's Journal contains 12 pages, compared with the usual stint of 8 pages. We hope with the settlement of all strikes to add equipment to

### Valley Theatre

Funeral services for Elmer Ralph Dearing, 24, were conducted Wednesday at 2:30 p. m. at the First Baptist church of Muleshoe by Rev. A. W. Blaine, pastor.

Young Dearing lost his life when the car he was driving struck a freight train in Amarillo Monday night. The accident occurred at 10 p. m. The youth had passed away when a hospital was reached.

Elmer Ralph had been discharged from the Navy only two months before, after a serving three years. He was in Amarillo for a visit with relatives.

Born September 29, 1921, in Coppell, Texas, Elmer Ralph came here with his parents 14 years ago. He attended Muleshoe public schools.

Elmer Ralph is a son of Mr. and Mrs. J. A. Dearing, well known Muleshoe people. Besides his parents he is survived by the following brothers and sisters: Mrs. M. A. Springs, Amarillo; Bennett Dearing, Muleshoe; Harold Dearing, Amarillo; Anson Dearing, Mrs. Estel Brockman, and Miss Melba Dearing all of Muleshoe.

## Lt. Griffiths Back In Civvies

Lieut. C. C. Griffiths, United States Naval Reserve, has been placed on the inactive list after serving during thirty-three months of the war. He was in the Alachua area about a year, aboard the USS Grant. After a rest period he served in the South Pacific from May to December, 1945, aboard the USS Laertes.

His wife, Mrs. Joan Griffiths, lived while he was away with her mother, at Hearne, Texas.

Lt. Griffiths is the son of Mr. and Mrs. Ray Griffiths. He was reared in Muleshoe, graduating from the high school here and at A. & M. College of Texas, where he earned his business administration. The couple are now at home in Houston where he has accepted a position with Ernest & Ernest, well known Texas accounting and auditing firm.

## Gym Roof Blown Off Last Thursday

High winds of last Thursday blew the entire top off the gymnasium of the Three Way District school, Vernon Baker, superintendent reports.

The old Goodland school building was being used for the gymnasium. The top was removed down to the steel girders. Pending appraisal of the damage by the insurance inspectors, Mr. Baker said, it will not be known what course will be taken with respect to repair or rebuilding.

## Social Security Man Here Today

Thursday, John Palmer, manager of the Social Security Board in Lubbock, was in Muleshoe for the purpose of assisting persons who had questions regarding Social Security, or who wished to file a claim for Social Security benefits, or who needed Social Security account number cards.

The old-age and survivors insurance provisions of the Social Security Act do not provide for payments in case of sickness or disability.

"Recently a number of persons have contacted this office, seeking information as to whether or not they could receive social security benefits during periods of illness or disability," Mr. Palmer said.

Monthly benefits are paid to eligible workers who have reached the age of 65 and retired benefits are also provided for eligible survivors of "insured" workers who die. But under the present law there is no provision for payments on account of sickness or disability.

make easier the handling of increasing volume of business; meanwhile, if you see a man who is a scientific manipulator of the moving and metallic alphabet, in other words a printer, send him around.

In the fall of '41, Jack Cox ordered a Plymouth for February '42 delivery. It got here in February, '46. Arnold Morris Auto Company dealers, turned it over to Jack and he is now jumping later ridges with it whenever a farmer needs a machinist in the Muleshoe territory.

## All Set For Fat Stock Show Saturday

## \$125 IN PRIZES OFFERED FOR BEST CALVES AND PIGS SHOWN

Some of the finest pigs and calves in the country will be on view in the second annual Muleshoe Fat Stock Show, to be held here Saturday, March 16.

Members of the Muleshoe Future Farmers of America and of the Bailey County 4-H Clubs will show the animals they have been feeding, and complete for \$125 in cash and other prizes being offered.

Judging will be done on the football field if open weather prevails, but if not, yards of the Muleshoe Livestock Sales company will be used, officials said. Raymond King, Castro County farm agent, will judge the entries.

The young livestock feeders will

be able to sell their animals at a higher than market figure at the auction to be conducted after the judging. Col. W. D. Wanzor, Muleshoe auctioneer, will conduct the sales.

Some of the fine calves possibly the top five, will be reserved to be shown at the Lubbock Fat Stock Show.

Officials said that about 15 calves will be offered in the auction.

Edward White and F. Winford Jones, vocational agriculture teachers and J. K. Adams, county agent are making show arrangements.

In this week's Journal many of the merchants are using space to congratulate the young feeders, and to invite the attendance of the general public at the show.

## Fry & Cox Bros. Present Free Film March 21

Every one of us has at some time or another wondered just what our boys overseas thought of while in the midst of combat. The key to this victorious civilian army and navy is what made the Americans the best fighters in the air, on land, and under the Seven Seas.

Fry and Cox Bros., your Minneapolis-Moline dealer, is now inviting you to see "Made in America" with him free of charge. It's a free all color movie production of Minneapolis-Moline Power Implement Company and sponsored locally by your MM dealer and is showing at 8 p. m. at the high school gym, Thursday, March 21.

"Made in America" is proving to be a real hit, showing our boys from all walks of life, and mechanics in the armed services pushing the imperialistic enemy back into their homelands so that they eventually threw in the towel.

"Made in America" is a timely picture and a colorful worthwhile attraction. It tells exactly what our boys were fighting for while they were thousands of miles from our shores in Germany, Belgium, France, in Asia and on the Seven Seas. It dramatically portrays the power of the American home life and the story is well told. By seeing "Made in America," you can fully understand why our boys fought so valiantly and endured every hardship emerging victorious. Old and young will thoroughly enjoy "Made in America." It is a colorful, inspiring document dedicated to the soldiers at home and the armed forces who fought overseas and on the seas. Fry & Cox Bros., the Minneapolis-Moline dealer, is to be congratulated for sponsoring this Minneapolis-Moline Movie, which we think will prove to be one of the outstanding movies filmed by any industry this year.

Remember the date is March 21, at the high school, 8 p. m.

## MULESHOE CITY ELECTION TO BE HELD ON TUESDAY, APRIL 2nd

### Lens Technician Is Associated With Woods & Armistead

Drs. Woods & Armistead have announced the association of C. M. Lance in charge of the lens laboratory in their offices. Mr. Lance has recently been discharged from the armed forces after 36 months' service. He is a skilled lens grinder having been employed by the Riggs Optical Co., of Amarillo, Texas, previous to his entry into the Armed Forces and having served in the same capacity during his entire military service.

Drs. Woods & Armistead consider themselves fortunate in having been able to secure the services of this highly skilled technician who will add greatly to the services rendered by their offices.

### Carothers Was Injured Saturday

Forney Carothers, Muleshoe real estate man, was found in an unconscious condition at Lubbock Saturday night, according to a news item appearing in the Lubbock Journal.

The paper said he was found in the Avenue H underpass. Taken to a hospital he was found to have a broken left arm and severe head bruises.

No late report as to his condition was available at the time of going to press.

A mayor and two city commission members will be selected at an election to be held in Muleshoe Tuesday, April 2. Official notice of said election will be found in another column of this paper. It is the regular election provided in the city's charter.

R. L. Brown, incumbent, has announced his decision not to stand for re-election as mayor. He is completing his fourth year in office.

On the city commission now with Mr. Brown are W. M. Pool, Jr., and Earl Ladd. Neither has announced for re-election.

### Red Cross Drive Will Begin Soon

Porter Giles, of the Carpenter Paper Company, Lubbock, who has been calling on Muleshoe merchants more than twenty years, was a guest at the weekly Lions Club luncheon here Tuesday. Giles, who is a member of the Lubbock club, gave two readings which the Lions appeared to enjoy.

Another guest of the club was E. L. Burke, Houston, representing Cravens, Dargan & Company, a part of Pat Bobo.

Lion A. P. Bobo said that a committee of which he is chairman, is making arrangements for the early beginning of the annual drive for the Red Cross in the county and would make further announcements later.

Program chairmen for the next four weeks were announced.

## Red Cross Drive Underway

The annual Red Cross drive for funds is with us again. As in the past this campaign has been set for March.

With the fighting is over, the need for Red Cross services is still great, with our boys still scattered over much of the world in camps and in hospitals.

Even in our own country storms and floods have added to those who need and receive help from the Red Cross.

The American Red Cross Home Service of Bailey County is handling many urgent calls from our boys for furloughs, furlough extensions, and in hospitalization of those in need are only a few of the things our County Chapter has done only recently.

To meet a national budget of \$100,000,000, Bailey County has been allotted \$2,057 as its share. Of this amount \$1,105 is for the National Red Cross while 952 is to remain with the Bailey County chapter.

Each community is being asked to share in this great work and represents lives are ready to receive your contribution. Do this as soon as possible for

Your Red Cross watches over the comfort of hospitalized veterans and service people everywhere. Help out its 1946 Fund Campaign over. Give generously.

he, too, is a busy person and will appreciate any help you may give him. Walter McGuire, Muleshoe high school principal, is again chairman of the drive in this county.

## Army Recruiting Party Here 26th

Capt. R. M. Stephenson and Lt. George M. Sheets of Clovis Army Air Field, Clovis, N. M., were here in the interest of the Army recruiting drive Wednesday.

They made arrangements to be back in Muleshoe on Tuesday, March 26, to interview men 17 to 35 who wish to enlist in the Army. Any branch desired is offered now, they said. Anyone interested will find the recruiters in the lobby of the post office on the date mentioned above.

## Basketball Teams Are Banqueted At Three Way School

The Three Way P. T. A. sponsored a banquet honoring the Three Way girls and boys basketball teams. The banquet was held Monday night March 11 at the cafeteria building on the new location.

Tables were arranged in a T and decorated in the school colors of green and gold with paper of these colors, green and gold candles and a flower arrangement in the school colors.

The program: Invocation, Rev. Thomas. Co-edification of basketball king, Weldon Avery and basketball queen, Gladys Ballard.

Address: by Joe Niewarmer of Aertan.

Presentation of awards. Solo, Beulah Soward, accompanied by LeNora Mueller.

Benediction, Rev. Thomas.

It was the opinion of all present that the banquet was a huge success.

Mr. and Mrs. Eguston Hart, and Mr. and Mrs. Woody Lambert spent the week end in Fort Worth and Dallas and visited the Pat Stock show.

Publisher

Advertising that does not show in its "text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks and resolutions of respect will also be charged for at the same rate.

### SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County, one year, \$2.00

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon being brought to the attention of the Publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

### LOOKING AHEAD AT FARM LAND PRICES

Appearances do not suggest that a decline in prices of Texas farm land is in the offing. Accordingly, says Tyrus E. Timm, economist in farm management for the A. and M. College Extension Service, families looking for a break before investing war time savings in land may have to wait beyond 1946 to get it.

Average farm land values on July 1, 1946, he explains, were above their 1929 levels in one sixth of the states, and equal to or above 1919

levels in one half of them. The trend in Texas was revealed in a sampling of three representative counties by the Texas Agricultural Experiment Station, showing that farm land prices went steadily upward in the third quarter of 1945. But a significant factor was noted in increase in cash buying, Timm says. Tenant buying, which usually is low at this season, showed an increase over the previous year in two of the sample counties.

A more desirable trend was indicated in this quarter, however, in the fact that more buyers indicated intention to operate the tracts pur-

## Uncle Sam Says

This lad in the coal mines near Wilkes Barre, Pa., buys a Savings Bond every month because he is going to be married. "I've seen plenty of sickness and layoffs in my time," says Joe. "I've \$375.00 in War and Victory Bonds now. Ten years from now 25 bucks a month coming in. Imagine what that will mean to Irma and me, and maybe a couple of kids, specially if these diggings should be shut up for a while."

U. S. Treasury Department

to the problem will come through a solution to the general inflationary problem."

## West Texas May Be Certified Seed Center of World

LUBBOCK, March 11.—Farmers of West Texas were challenged to make this area the certified seed producing center of the world at a meeting of the Texas Certified Sorghum Seed Growers association at Texas Technological College.

The economic outlook for agriculture, maximum use of rainfall, seed types, farm machinery improvements and cultivation methods were discussed.

R. V. Miller, division seed certification for the State Department of Agriculture, said the seed certification program started in 1924 with a \$200,000 business in Texas, and that in 1945 the business grossed over \$7,000,000 in the state. Fourteen classes of crops, 211 certification certificates, 3,000 farms and 125,000 acres were included in the 1945 program.

Inflationary trends in agriculture for two or three years were predicted by E. L. McBride, head of the department of agricultural economics at Tech. R. E. Dickson, superintendent of the Spur experiment station, criticized the government and Texas farmers for the way Texas-produced grain was utilized during the war since only 2.3 per cent of Texas grain was used for feeding beef cattle and sheep, the

two major animals produced in Texas.

Stormproof cotton development was discussed by Don L. Jones, superintendent of the Lubbock experiment station, who believes that 50 per cent of the cotton acreage in this section will be planted in that cotton this year.

## Prop Wash

D. L. Smith was out Sunday giving his PT-37 a winging out. It's good for the nerves.

John West and yours truly tried out a PT-19 Sunday. After a series of acrobatics John flew the ship upside down which caused a half section of Texas to fall out of the plane. What sand didn't leave the craft was eaten by its occupants. That is one way to clear an airplane of sand, although it's far from being enjoyable.

Muleshoe airport is expanding. Bill Millen is now building a "T" hangar for his PT-19.

**DID YOU KNOW—**  
Civil aeronautics statistics show that less than 17 per cent of the

pilots per year are involved in an accident where there is damage to an aircraft or injury to a person. Considering that basis an owner-pilot has an expectancy of less than one accident in 50 years.

**SERVED ON ESCORT CARRIER**  
Robert F. O'Hair, seaman, first class, Muleshoe, served aboard the USS Bougainville, which was recently inactivated at Tacoma, Wash.

The escort carrier participated in the Iwo Jima and Okinawa invasions and later transported occupational troops to north China.

chased and non-farmer sellers still were on the increase.

Timm explains that during the war, farm and ranch leaders in and out of the government, cautioned about the consequences of the existing land boom. One of the hopeful signs for control was efforts to enact a stiff capital gains tax to stop speculative buying. The principle embodied was to tax away practically all of the profits if a farm was resold within two years or some other specified period during the emergency.

Ceiling prices also are under consideration but because of the many "variables" in a piece of farm real estate ceiling prices probably would affect only sales after "the next one." That is to say, the first sale would become the ceiling for the emergency period with allowance for improvements.

A third or voluntary method, is through education. Throughout the war, farm and ranch leaders and other farm leaders discussed causes and effect of land booms with their members. Timm says, "The land boom likely will bring little relief from now on. The solution

**Goodland News**

There was quiet a lot of damage done by the sand storm Thursday, but the greatest loss was when it blew the roof off the Three Way High School Gym.

The teachers, trustees and families enjoyed a teacher, trustee social Friday night in the home of Mr. and Mrs. Vernon Baker.

Mrs. O. C. Kirk and children of Muleshoe visited in Goodland Friday afternoon.

Mr. and Mrs. T. J. Gaddy left

Friday for Ruidoso, New Mexico.

Mrs. H. S. Cody left Saturday morning for her home in McKinney, Texas, after visiting her daughter, Mrs. Coy Wooten, who accompanied her home.

Mr. and Mrs. Pete Tarleton, who Dave Weiborn left Saturday for Fort Worth where they will attend the Fat Stock Show.

Mr. and Mrs. Leon Reeves, Mr. and Mrs. Troy Wilkerson visited Sunday afternoon with Mr. and Mrs. A. C. Myers.

Mr. and Mrs. Tommy Taylor left Monday for a few weeks in Ruidoso. Mr. and Mrs. ePte Tarleton, who have been gone to Ruidoso, visited

over the week end in the home of Mr. and Mrs. Clint Everett.

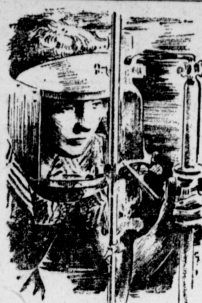

Mr. and Mrs. Mart Edwards and son, who have been gone to Abilene for the past few weeks, spent Wednesday night with Mrs. Edwards' parents, Mr. and Mrs. T. W. Floyd.

**MAPLE NEWS**

The "duster" last Wednesday turned into a real storm for this community. The Three Way high school gym was damaged when the roof was blown off. The laundry being built by Roland Shepard was flattened. A shed barn at Olie Youngblood's was demolished killing one calf and crippling another. The roof of W. A. Tisdale's house was blown loose on one corner. E. B. Fleming's garage was damaged and one end of the old store building at the Goodland gin was blown down.

Mrs. Josephine Hines, who is leaving school at Lasbuddy, spent the week end visiting her parents, Mr. and Mrs. M. B. Toombs. Mr. and Mrs. W. H. Eubanks have bought a laundry at Friona.

**Behind Your Bonds Lies the Might of America**

**INDUSTRIAL EMPIRE**

To its great General Electric plants, Eastman Kodak factory and other world famous giant producers of vital supplies, New York adds 6,000 shops whose average employment is less than 40 persons. With future requirements of radio, aviation and surface transportation greater than ever, these thriving industries will aid millions to Government resources guaranteeing Savings Bonds. U. S. Treasury Department

Mr. and Mrs. Wesley Cunningham will be the operators. Guests in the Oscar Lee home Sunday were Rev. and Mrs. George Roberts, Mr. and Mrs. W. A. Tisdale and Mr. and Mrs. K. K. Krebbs and several young people.

Misses Wanda and Evelyn Johnson spent Friday night in Morton with Miss Ruth Shaw. They all went to Muleshoe Saturday to visit Miss Shaw's parents, Mr. and Mrs. Chas. Shaw, and brother, Sam, who is home on furlough.

Shirley Roberts is ill this week.

Burtis Cloud will report for induction into the Armed Forces at El Paso, Thursday.

Marvin Warton returned last week from Ohio with his bride. They visited his parents, Mr. and Mrs. P. F. Warton.

Mr. and Mrs. Olie Youngblood entertained the young folks with a party Friday night.

George Tyson and Mr. Youngblood were among those that attended the polo game between Morton and Roswell, Sunday. It was held on a ranch near Neely Ward. Morton was victorious by a score of 7 to 3.

Mr. and Mrs. Lewis Adkins visited her parents, Mr. and Mrs.

Charles Shaw near Muleshoe, Sunday.

Mrs. P. L. Fort entertained the primary class of the Methodist Sunday school Sunday. She is their teacher.

The junior-senior banquet was held at Three Way Monday night.

Muleshoe B. H. MORGAN, Manager Texas

**Feed Manufacturers Are Not Responsible For the Present Shortage Of Formula Feeds.**

**FEED SHORTAGE FACTS**

- Government regulations have resulted in feed ingredients such as soybean meal, cottonseed meal, corn, milo, wheat and other commodities being diverted from regular channels into more profitable outlets not governed by ceiling prices. This practice has replaced normal distribution to such a point that Texas Feed manufacturers are unable to obtain sufficient ingredients to supply their dealers with with present feed needs.
- The barter system has replaced normal buying and selling operations. This system has completely disrupted normal distribution.
- Grain stocks badly needed in the Southwest have been shipped out, leaving little for livestock feeding. The exportation of wheat from the Southwest has completely depleted this crop for food and feed.
- Feed grains, such as milo, kafir and oats, are being sold at seed grain prices, which prohibits the feed manufacturers from using such grains in formula feeds.
- The USDA has recently issued order WFO 9 which limits production of formula feeds to conserve the supply for domestic and foreign use.
- With such conditions prevailing the feed industry has been forced to reduce their production in line with feed ingredients available to the manufacturers.

**OUR RECOMMENDATIONS**

With existing conditions, the Texas Feed Manufacturers Association urges all retail dealers to recommend the following feed conservation program to their customers:

- Market low producing individuals from your herd or poultry flock. Keep only the top producers. Do it now.
- Order your normal number of chicks and poult. Do not purchase more than your present equipment will care for. Over-crowding results in losses and feed waste.
- Feed wisely. Feed good feed, but don't waste feed.
- Discourage any new ventures in livestock and poultry until feed supplies are back to normal.
- Don't hoard. Fresh feeds are better. Your neighbor needs feed also.

There should be enough feed for all livestock and poultry provided we follow these five recommendations.

Yours truly,  
**TEXAS FEED MANUFACTURERS ASSOCIATION.**

**CORRECTION**

In a news story last week of the Darron-Crass wedding we used the name Helen as the given name of the bride. The bride's name is Gertrude, not Helen. The Journal regrets this error and is glad to make correction.

**Mostly Static --**  
By Berry

Howdy, Folks: It looks like we are on the right track to get readers for our advertisement. Several folks came in and mentioned the opening column.

One man offered us a good joke to use in the write-ups. That's the kind of co-operation we like and appreciate.

He said that every man likes to see a broad smile, especially if she is smiling at him.

Not a bad one and we are glad to get it.

Already we are wondering whether we'll be able to wax humorous every time we sit down to write this column.

There's one thing we can always write about with pleasure, thought, and that is our Admiral Dual Temp refrigerator which we are expecting soon.

You'll be pleased with it, too, if you will give it a try.

## Vehicles Must Be Registered By March 31st

As the deadline of March 31 approaches, Tax Collector J. C. Buchanan has visions of long lines of impatient motor vehicle owners waiting to register their vehicles during the last few days of March. He urges all Bailey County vehicle owners to get their documents in order and apply early for registration to avoid waiting in line.

Under the laws of Texas, a certificate of title in proper order and the current year's registration receipt must both be presented at the Tax Collector's office before new license plates can be issued.

**Assignment of Title**

"The certificate of title is the same to a motor vehicle that an abstract is to a plot of real estate," Mr. Buchanan points out. "Each time a vehicle changes hands, the assignment of title on the reverse side of the certificate must be com-

pleted and application made for a title in the new owner's name through the Tax Collector's office," he said.

Buyers of used vehicles should insist sellers give an assigned certificate of title and the current registration receipt at time vehicle is delivered. Purchasers of new vehicles should obtain a manufacturer's certificate.

Unless changes of ownership are recorded through the Tax Collector's office, the files of the State Highway Department at Austin will continue to show the seller as the legal owner of the vehicle. It is to the advantage of both buyer and seller to keep titles clear.

### Will You Be the First?

An invitation to every Texan to be the first to buy the 1946 Easter Seals is extended by Bobby Harrison, seven, of Odessa. The thirteenth annual sale of Easter Seals finances the work of the Texas Society for Crippled Children in the location, medical treatment and rehabilitation of Texas' handicapped youngsters. Bobby, who fully appreciates the helping hand given crippled little bodies, is undergoing treatment provided at the Texas Scottish-Irish Hospital in Dallas.

### Out-Of-State License

When a lien against a vehicle is paid, the owner should protect his interest by securing a release from the lien holder and submit it to the Tax Collector with application for a corrected title.

Mr. Buchanan appealed especial-

ly to owners of vehicles bearing out-of-state license tags, urging them to apply early for registration, since it may require from five to ten days to get a proper Texas certificate before the vehicle can be registered in Texas.

## Texas Association Sponsors Research

L. S. KEEN

O. D. BUTLER

L. S. Keen, Corsicana (left), president of the Texas Frozen Food Locker Association, has announced the awarding of a fellowship by the Association to O. D. Butler (right), graduate student at the Agricultural and Mechanical College of Texas from Orange. Butler will do research at Texas A. & M. on problems affecting the handling of meats in frozen food locker plants under the fellowship. The grant was made through the Texas A. & M. College Development Fund.

## STEGALL CLUB

The Home Demonstration Club met March 6th in the home of Mrs. Marion Holt.

Mrs. Lowe called the house to order. Our president was absent. Roll call was answered with each member's hobbies.

The minutes were read and approved.

Mrs. Brumhalow gave a report on last Council meeting.

Each club was to pay \$12.50 for Council dues.

Mrs. Jack Lowe was elected delegate to go to T. H. D. A. at Brown-

field, and will be a candidate for delegate at Council.

An open house discussion was discussed on the commissioner entertainment. Members decided a banquet at night would be best.

Motion was made at last Council meeting that our next meeting be March 9 instead of March 16. Carried.

Mrs. Phipps gave a talk on "How to Spend the Dollar Wisely."

Delicious refreshments were served by the hostess. The next meeting will be in the home of Mrs. Jack Lowe, March 20th.

## News Briefs

Mrs. Irvin St. Clair and Radio Boone were in Amarillo Tuesday on business.

Mr. and Mrs. Raymond Green and Mr. and Mrs. Gordon Duncan attended the Fat Stock Show in Ft. Worth last week.

Arthur Crow was in Dimmitt Tuesday on business.

Mr. and Mrs. Morris Douglas spent the week end in Dallas.

D. P. Martin of Seminole, Okla. spent the week end in Muleshoe attending church at the Church of Christ.

Rev. and Mrs. Jameson of Odessa are visiting in the home of their daughter, Mrs. Noel Woodley, and family.

Mr. and Mrs. Noel Woodley are

beginning construction of a home on lots a block south of the high school.

Mr. and Mrs. Arles Graham of Lubbock, are parents of a baby girl, born Saturday, March 9. Mrs. Graham is the former Miss Mary Dennis, of Muleshoe.

Mrs. F. L. Wenner and daughter, Mrs. Ansel Ashford are visiting in Fort Worth this week.

Mr. and Mrs. Jack Lenderson are visiting in La Junta, Colorado, with his brother.

C. P. O. Dick Day, son of Mr. and Mrs. J. E. Day of Muleshoe, received his honorable discharge from the U. S. Navy after serving for six years. He was overseas most of the time and for the past year has been an instructor in a Naval school He and his wife will make their home in Norwood, Mass.

Mrs. Buford Butts and Mrs. Jim Cox were in Lubbock Tuesday.

Mrs. Jess Thompson, principal of

the Y. L. school, has a slight attack of tonsillitis.

The election for the school trustees will be held April 6 for every school district in Bailey county.

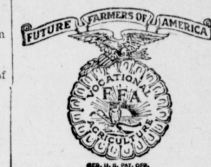

Mrs. T. L. Snyder spent last week in the home of J. L. Nally of Farwell during his illness and death.

Mrs. L. T. Snyder and Mrs. M. L. Wood attended funeral services for J. L. Nally Saturday. Mr. Nally was a brother in law of M. L. Wood.

Lanham Higginbotham, of Dallas, is employed at the Muleshoe yard of the Higginbotham-Bartlett Company.

Miss Aurelia Shelton Sanders was admitted to the hospital Monday.

L. J. G. Russell Haberer returned home recently, after a five years service on the L. S. T. 880, in the Pacific area. His wife, the former Miss Arvella Davis, is a teacher in the Spring Lake High School.

Results of the Matador baby chick contest were received last week by Edward White, vocational agriculture teacher of the Muleshoe high school.

Dean Williams of the Progress community won 250 chicks for a first place. Richard Chambliss placed fourth and will receive 100 chicks, while Hoshall Thomas was fifth and will receive 25 chicks.

The chicks are English White Leghorns of the James E. Rise breeding, and will be presented to the boys by Lewis Newman, manager of the Matador Hatchery.

Three FFA boys of the Muleshoe school plan to participate in the contest next year. They are George Jesko, Hoshall Thomas and Olen Parker.

### Miss Wright Bride Of Harold Thurman

Miss Edna Wright, daughter of Mr. and Mrs. James J. Wright of Monroe, North Carolina, and Pfc. Harold Delin Thurman, son of Mr. and Mrs. T. Thurman, of Muleshoe, were united in marriage with

a double ring ceremony at the First Baptist church in Dillon, South Carolina.

The bride wore a pale blue wool suit, a black beanie, black shoes and gloves and carried a black purse. She wore a corsage of pink rosebuds.

The groom has been stationed at Camp Lee, Virginia, for the past few months and will return there at the end of his 90-day furlough. The couple plan to spend part of his furlough here visiting with relatives and friends and then they plan to go to Monroe to visit with her parents.

Delin has enlisted for another

year, therefore the bride plans to live at Petersburg, Virginia, which is near Camp Lee.

### T-4 Raymond Loe Enroute To States

MANILA — Technician Fourth Grade Raymond E. Loe, son of Mr. and Mrs. I. H. Loe of Muleshoe, is now enroute to the States from the 5th Replacement Depot near Manila for his discharge from the Army under current readjustment regulations.

Entering the Army in June, 1934, T-4 Loe arrived overseas at Finnschaffen, New Guinea, in Decem-

ber, 1944, to serve with the Engineers. For his years of service he is authorized to wear Good Conduct ribbon, American Theatre ribbon, Asiatic-Pacific campaign star and the World War II Victory Medal ribbon.

L. F. McCormick and A. E. Sear brought were in Dallas on business last week.

Mrs. W. S. Keys, G. T. Maltby and Goyle Simpson were elected delegates at Council meeting, Mar. 9th to attend district meeting in Brownfield April 9th.

Home demonstration clubs of this county will entertain their husbands, and county commissioners and their wives with a buffet supper in Fellowship Hall at eight o'clock, April 26th.

Longview club, with a membership of 12, wins first place in replenish club funds for the month of March. \$83.59. —Reporter.

### 4-H State Award Winners in Texas

OUTSTANDING 4-H records in field crops, better farm-and-home methods and frozen foods activities have won 1945 state championship honors for three Lone Star State club boys. The winners, who were selected by the state club office, and brief outlines of their records follow:

Ray Adams, 14, of Kress, has been selected as the state's top ranking participant in the 4-H year of the National 4-H Field Crops activity, in which International Harvester provides the awards. The boy's record shows that during five years of 4-H club work he produced and harvested 135 acres of wheat, 55 acres of maize and 70 acres of sorghum. These crops returned him \$5,617.50 in addition to \$107.00 in cash prizes. His livestock projects have netted him \$2,233.54. He served as president of his club during 1942-44 and as junior leader since 1943.

Herman Fowler, 16, Lakewood, received the Club Congress (4-H) award for his achievements in the Westinghouse 4-H Better Methods Electric award program. The boy has been a 4-H club member for seven years. Among his better methods achievements are building an electric pig brooder, water warmer for chicks and cows, relay for shop bell,

two-way telephone between home and barn, fans to deflect auto windows, water pump, reading lamps from vases and switch clock to light chicken house. He wired or rewired all buildings and equipment on the farm.

Alfred Neuman, 19, of Bigfoot, is Texas' state winner in the new National 4-H Frozen Foods Activity. His reward is a \$50 U. S. Savings Bond provided by the International Harvester Co. The boy's record shows that he has prepared, packaged and frozen meats for the family for several years for placement in a frozen-food locker, to supplement foods preserved by other methods. He tries to keep about equal quantities of beef and pork in the locker. His family usually freezes one baby head and three or four pigs a year. Alfred is in the army now. He stated in his record: "It was a pleasure to come home on truck and get a big fat juicy steak out of our locker box."

All of these activities were conducted under the direction of the Extension Service of the State Agricultural College and Experiment Station operating. The winners are eligible to compete for a \$300 college scholarship national award in his or her activity.

## American Red Cross Aids Wounded and Able-bodied

Not long ago to a Red Cross field director with an outfit on maneuvers flashed a message that the mother of a man in his unit was critically ill, and the man was needed at home immediately.

With this message from the soldier's Red Cross chapter verifying the illness, the field director called on the commanding officer who arranged an emergency furlough. While a courier sped up the line to fetch the soldier, the Red Cross man was busy arranging transportation.

Within a few hours the boy was at the Red Cross field office where furlough papers and a ticket awaited him. The field director drove him to the airport, and the boy arrived home in time—not to see his mother die, but to save her life with a blood transfusion.

Today, almost seven months after V-J Day, some 17,000 Red Cross workers are still with the GI's at home and abroad. Hundreds of clubs and rest homes overseas are in operation where men meet on leave, get home-cooked food, and that prize American favorite—doughnuts and coffee. Music and entertainment, books, magazines, and home town newspapers, lounge and writing rooms—all are popular. For men staying overnight there are comfortable beds, clean sheets, and hot showers.

More important than Red Cross services to the able-bodied are those for the wounded and ill. In army and navy hospitals the country's best professional and volunteer Red Cross workers serve in many ways.

To be hospitalized a financial or family problem may prey upon the mind and dull the will to recovery. Under guidance of Red Cross medical assist workers many a problem is all solved, and obstacle overcome. Programs carried by recreation workers help patients forget their troubles. Red Cross volunteers supplement these workers with every conceivable service.

For example, there was the blinded soldier whose face was horribly scarred, who was expecting a visit from his wife and five-year-old daughter. It would be the first meeting in two years, he told the Red Cross girl who was teaching him Braille cards.

"My little girl knows I'm blind and she's planning how she'll do things for me," he said.

But what she did not know, what had been kept from him so that it might not retard his readjustment, was the way he was scarred and disfigured.

The Red Cross girl caught her breath. "That's fine," she said. "I'll meet them at the train."

Gently she told the child about her daddy's face, how it would get better, how much he loved her, and that she mustn't be afraid. Then, with a prayer in her heart, she led mother and child to where the blinded soldier waited.

The crucial moment had come. Now, upon the return of a little girl, the future of this family would depend. For a moment the toddler stood in the doorway, looking at her father across the room. Then, without hesitation, came the patter of little feet, and she threw her arms around her father's neck.

"Daddy," she cried, "Daddy, it's me—we're so glad to have you back!" A simple service, yes. But it determined the happiness of three people. Without the understanding heart, and the many who daily give of their minds and souls, the adjustment of thousands of servicemen might be seriously retarded.

The American Red Cross needs \$100,000,000 to carry on during the next fiscal year.

Because farm families have a big stake in the Red Cross they consistently support the organization. The Red Cross is confident that families in agricultural areas, the backbone of the nation, will generously support the 1946 Fund Campaign.

## QUICKIE QUIZ

**FACE OFF:** Modern mayhem, better known as Ice Hockey, originated in Canada. First game was played in Montreal March 3, 1875, at Victoria skating rink. In 1897-98 the sport was introduced to the U. S. by a Brooklyn promoter.

**SKATE:** The sport jumped in popularity in 1935-6 but it wasn't until Boston and New York joined the National Hockey League that it became firmly entrenched in the U. S.

**SHOOT:** Six men make up team. Defense drops the puck (a circular hard-rubber disc) between two centers, and game begins. Object of game is to speed puck through or around enemy's defenses and shoot it into a netted cage, where goalies, in protective padding, attempts to stuff off shot. Body checking (similar to football block) is permitted. Players committing fouls are banished to the penalty box for varying periods of time. Teammates play on minus the offender till his time is served.

**GOAL:** A regular league Hockey game is divided into four 20 minute periods, but can you tell Bill Brandt of Mutual's "Inside of Sports," what happens when the game ends in a tie score?

**ANSWER:** One 10 minute overtime period is played. If the score is still deadlocked after this, the game goes into the books as a tie.

**FOR RENT**—Bed room. Mrs. Rita Johnson. 11-1tp

**RIBBLE'S RIPPLES**

"What is wrong with our children?" Mainly, just what is wrong with their parents—sin and evil living.

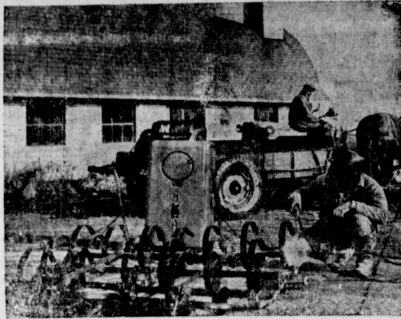

What causes such evil living and sin? We are all the creatures of inheritance and environment. Most of the evil tendencies of our children are just their parents' lives being lived over again.

What wonder when our sons and daughters are careless and indifferent about their ways of life. Fathers have set before them that kind of living for years. Mothers have been gossiping, shandering, irreligious before their families for years.

"Behold everyone shall use this proverb against thee, saying, 'As is the mother, so is her daughter.'" *Ezek. 16:44.* As well it might have been said, "As is the father, so is the son." Many besides the Israelites of Isaiah's times have said, "prophesy not unto us right things, speak unto us smooth things, prophesy deceits." *Isa. 30:1.* Today is the same as in Bible times. "And there shall be like people, like priests." *Hos. 4:9.* Or again, "As with the people, so with the priest . . . as with the maid, so with her mistress." *Isa. 24:2.*

Our teen-age children deserve not severe criticism, but all the aid and assistance we can give them. They are passing through the greatest age of stress and strain that comes to mankind. The great trouble with so many of us older ones is that we have forgotten that we

**• MASKED MARVEL ON FARM •**

A new farm-hand is performing unusual chores these days, fixing broken and worn-down equipment. Here, on an Ohio farm, an agricultural welder is restoring an old harrow to service. Such jobs can be written about by farm people to win awards and scholarships totaling \$27,500 offered by The Lincoln Arc Welding Foundation, Cleveland, Ohio.

were once teen-age ones. We have lost the touch of youth, and are soured on the world, and are souring and ruining the lives of our children, and are drawing them out of our hearts and lives and into the arms of their worst enemies—the men and women of sin in the world. Think, father! Think, mother!

What shall we do? Give our boys and girls, our younger ones still about our feet, the best of exam-

ples in the way of right and Christian living. Be their friend and understand, and go with them to church and Bible school. Don't undertake to send them, but go with them, and before them to such. Don't criticize your best friend—the one who preaches and teaches the word of God. The parents who criticize and condemn, for minor foibles, the one who teaches his son and daughter, turns them against the only guides they have for a sane and useful life, their teachers in their school and church.

at the Church of Christ in Muleshoe Sunday. Mr. Ribble spent Saturday evening and night with his parents, Mr. and Mrs. S. A. Ribble.

Mr. and Mrs. Wilford Willis of Clovis, N. M., were visitors with Mrs. Wilford's aunt, Mrs. S. A. Ribble Sunday afternoon.

A number of our young folks are enjoying the privileges of the Boost Singing School at Sudan this week. Several nights were used last week for such trips. A very profitable time is being spent.

Minister S. A. Ribble and Mrs. Ribble were guests at the Ministers' Luncheon at the Clovis Hotel Tuesday evening.

Announcements are out for the teachers meeting with the Lubbock schools this week end. Such awakes a long line of memories back over the thirty odd years of teaching service this reporter has had. Many strenuous periods of such service are recalled. Here's hoping our teachers may all come to recognize the great and serious responsibility they have to the American

people. What we are to be in the years to come depends largely upon the teachers' efforts. They should have the best of support in financial and moral lines, and to be held to the strictest account for their use of the opportunities they have of molding the plastic lives of our children. God bless and keep them.

district meeting. Mrs. J. C. Cummins was elected alternate.

There were 10 regular members present. Mesdames W. W. Williams, W. L. Key, R. C. Sheeg, Carl Evans, M. A. Snider, Everett Roark, Jess Cummins, Harding, A. J. Jones, and W. W. Couch. Also the following visitors: Mrs. Harold Mardis, Mrs. R. H. Brown, from Progress, Mrs. Roy Sheriff, Mrs. Ivan Tarr.

After our business session there was a surprise miscellaneous show, in honor of Miss Joyce Sheegog. —Reporter.

**WEST CAMP CLUB**

The West Camp Home Demonstration Club met March 6th in the lunch room at the school house. President Mrs. W. W. Williams was in charge. As we had no program material we attended to old, unfinished and new business. Mrs. W. L. Key was elected as our nominee to go to council for the delegates to be elected to go to the

**Fidelis Class In Meeting Thursday**

The social and business meeting of the Fidelis Class was held last Thursday afternoon in the home of Mrs. Hattie Griffiths. Sunshine gifts were exchanged and sunshine friends re-drawn.

Corsages of pink carnations were presented to each lady in attendance. Mrs. Jackie Tate brought the devotional, reading from Proverbs 31:10-31. Mrs. Eddie Lane led in prayer.

Attending were Mesdames Mary Hart, Mary Young, Naomi St. Clair, Mabel Bristow, Jackie Tate, Lavine Crow, Myron Pool, Jennings, Eddie Lane, Billie Mathis, Margaret Holt, Mary Thomas, H. E. Schuster, Elizabeth Barnett. Mrs. Crow was elected president, succeeding Mrs. Mathis who is moving away.

**Muleshoe Club**

At the meeting of the Home Demonstration Club in the home of Mrs. J. E. Day, Feb. 28, Mrs. Wilson discussed cleanliness and home sanitation, also reusing waste water for subirrigation.

Mrs. Gale Holt was elected as a nominee for district meeting to be voted on as a delegate at the council meeting in March.

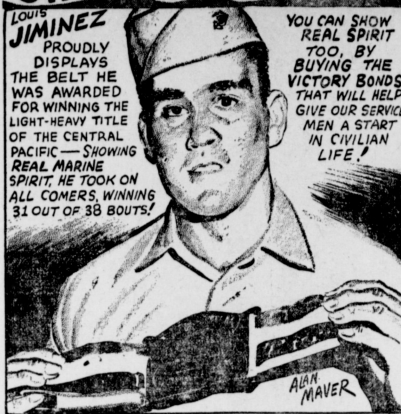

Mrs. Wilson explained the T. H. D. A. and the meaning of the T. H. D. A. funds. Each member is to pay ten cents yearly.

The hostess sponsors a picture drawing game.

Mrs. Gale Holt gave a reading: "The Ladies, God Bless 'Em."

By Frances Ainsworth

Have you ever been through a bakery? Last week I was taken on a tour through one of the country's new, large, modern bakeries—and I was simply amazed at the many precautions taken to assure positive sanitation and freshness of the bread, rolls, and other things that they turn out in just mountainous quantities.

Did you know that bread wrapped in waxed paper is scarcely touched by human hands between baking operations and delivery to you? I was really fascinated as I watched this process. As each loaf of bread comes from the oven it is automatically wrapped in a waxed paper that is odorless and tasteless and, of course, absolutely sanitary. As it is wrapped, it passes through an electrically heated machine that melts the wax temporarily—automatically sealing the ends. The baker explained to me that this heat sealing creates a perfect protective wrap—a vacuum-like enclosure that safeguards the freshness and actually seals in the flavor of your bread.

And it's so easy to keep bread fresh after the loaf has been opened! I've found that by carefully re-closing the waxed paper wrapping, my bread stays moist and fresh much longer. I can save several slices of bread every week. And... with the newspapers and radios telling us of the starving people of Europe—and the need to send grains and food to them—isn't this an easy way to help?

If all the millions and millions of American housewives would take this simple precaution—millions and millions of loaves of bread would be saved for those who need it so badly in Europe!

For REAL PROMPT Relief from **MUSCULAR ACHES-PAINS**  
Easier To Apply Than Mustard Plaster!  
**JUST RUB ON MUSTEROLE**

ine and niacin and iron. Two years later the standards were raised. More thiamine, niacin and iron was added in addition to riboflavin, another of the B vitamins.

Now definite standards for enriched bread or flour have been set up by law. The process puts back into the flour about the same amount of thiamine, niacin and iron that is lost in milling white flour from the whole grain. Riboflavin is added in even larger amounts than found in whole wheat. Standards have also been set up for calcium and vitamin D, but the audit on of these is voluntary.

In "restored" foods the manufacturer puts back the nutrients lost in processing. Sometimes breakfast foods are restored and manufacturers put back the thiamine, niacin, and iron that were lost in the processing. This process is voluntary on the part of the manufacturers.

When the manufacturer adds nu-

trients that were not originally present in the food, his foods become "fortified." For example, almost all margarine is fortified with vitamin A and sometimes milk is fortified with vitamin D.

**LOCAL TEACHERS WILL BE AT LUBBOCK MEETING**

Annual meeting of the West Texas District, Texas Teachers Association, will be held the coming week end in Lubbock, and many Bailey county teachers are planning to attend.

Supt. W. C. Cox of Muleshoe schools said about fifty percent of Muleshoe teachers will be in attendance. He and Mrs. Cox will attend, but he was unable to supply a list of all who will go. Carl Macon, well known school man of Bailey county, who is now serving in another county, is president.

**Luzier's Sales Ladies Tendered Luncheon Saturday**

Mrs. Sallie M. Schuster entertained Luzier's salesladies with a luncheon at the Muleshoe Coffee Shop Saturday, March 9. Attending were Mrs. Lois Reese, local distributor at Levelland; and salesladies Mrs. Wanda B. Nickels, Bula; Mrs. Benny F. Wiedebush, Mrs. Billie Mathis, Miss Mamie Kelson and a guest, Mrs. Bertha Faye Holdeman, all of Muleshoe.

Following the luncheon a short sales training and business session was held.

Mrs. Schuster has recently been promoted to local distributor for this district. She plans to add four more salesladies for her territory, and they will be able to contact each and every lady who is interested in improving her personal appearance, and to acquaint them with Luzier's individual cosmetics.

Mrs. Opal Ray Buchanan is Luzier's saleslady at Priona. Mrs. Mathis has signed her application for training to become a Luzier's saleslady in Center Point, Texas, which is to be her new home.

**Fashion Frock of the Week**

**STRAIGHT TALK**

The T formation steps into the 1946 fashion lineup! Shoulders are extended to give exciting width and to form the merest bit of cap sleeves. And the length of the dress falls straight as a plumb line from the broad shoulders.

The liquid lines of rayon faille and the rustling whisper of plaid tulle are combined in this Fashion Frock of the Week. The cap sleeves are winged and slashed open, and then cut deep into the armpole to bare pretty arms. The season's light-hearted softness is found in the shoulder shirring and in the shirred plenum that ripples in cutaway fashion from the waistline. That's a Fashion designer's trick for making your waist look smaller than ever before. The separate skirt is slim and true to the T formation.

**NOTICE OF CITY ELECTION**

Whereas, Article 2351 of the Revised Statutes of Texas, 1925, provides that the Mayor shall order elections pertaining to Municipal affairs, give notice and appoint election officers to hold Municipal elections, and

Whereas, it appearing that the term for which the present Mayor and Commissioners were elected shall terminate on the first Tuesday in April, A. D. 1946.

Now I, R. L. Brown, in my official capacity as Mayor of the City of Muleshoe, Texas, under the Commission form of government as provided in Chapter 12 of Title 28 of the Revised Civil Statutes of Texas, 1925, do hereby order that an election be held on the first Tuesday in April, A. D. 1946, the same being the 2nd day of April, A. D. 1946. Said election to be held at the City Hall in the City of Muleshoe, Texas, on said date from 8:00 o'clock A. M. to 7:00 o'clock P. M. as provided by law for holding Municipal elections for the purpose of electing a "Board of Commissioners"

consisting of a Mayor and two Commissioners whose terms of office shall end on the first Tuesday in April, A. D. 1944.

M. E. Finley is appointed as presiding officer for said election and he is to appoint two assistants to hold such election and the said presiding officer shall within five days after date of said election,

make due return thereof to me, R. L. Brown, Mayor of the City of Muleshoe, Texas, as is required by law for holding municipal elections.

Given under my hand and seal this 13th day of March, 1946.

R. L. BROWN, Mayor, of the City of Muleshoe, Texas

**DITCHING MADE Easy**

Adjustable Wings, Wheels and Beam

Actual performance proves that Double Wing Chattin Ditchers take the hard work out of ditching and save time and expense.

Thousands of farmers agree Chattin Ditchers are by far the best for building new ditches and cleaning old ones. All Chattins have the famous

**Curved Mold-Board Wings** which build a rounded, strong, fastening bank and handle any type of soil with a minimum of draught.

The Chattin Ditcher builds a firm, flat bottomed ditch; is quickly and easily adjustable to any cut.

### Hospital News

Herbert Huff of the Watson community, who was in with a badly infected finger, has been discharged.

Mrs. J. P. Mount quickly recovered from pneumonia, and has been dismissed.

Mrs. Boyce Lowery of Hereford was in for observation. She has been discharged.

We are glad Glenn Harland's illness did not prove to be appendicitis. He was discharged after 36 hours observation.

Mrs. Reece Lowery is in for medical attention.

Mrs. J. H. Ingram is in the hospital for medical attention.

### Muleshoe Lodge

No. 1287 A.F. & A.M.  
Regular Meeting Second Tuesday Night of Each Month  
Vance Waggon, W. M. - R. J. Klump, Secretary  
-Visitors Welcome-

Bobbie Black, son of Mr. and Mrs. Pete Black, stayed overnight as the result of a broken elbow.

Congratulations to Mr. and Mrs. W. R. Bowers on the birth of a daughter, Dorothy Virginia. Weight 5 lbs., 15 oz.

We are sorry that Mrs. Sam Gorell, R. N., has been ill, but we are glad to hear she will be back on duty in a few days.

In the month of February there were 44 admissions and 19 births.

You are probably wondering who the new R. N. is on duty duty. She is Mrs. Clyde Knight, formerly of North Dakota. I'm sure all of you will like her—we do.

Dr. L. T. Green's brother, Dr. M. F. Green, is with us to stay, for which we are proud. He is quickly gaining the confidence of those who are associated with him. He's sure a worker, we've quickly found out.

Mrs. Leo Baker, R. N., has been helping us out the last week. We are surely thankful to her and hope she will be with us quite often.  
Mrs. M. F. Green, R. N., has helped us out, too.

— BUY SAVINGS BONDS —

### Letters From Service Men

The following letter was received by Mr. and Mrs. H. G. Harvey, from their son, Lt. Clark Harvey, who is overseas in the South Pacific:

Dear Folks:  
Enjoyed your letter very much yesterday morning and will try to catch up with you now.

First I will tell you a little more about the trip out here. We left Oakland at midnight February 4. I must be getting old, because after 11:00 I started getting tired and sleepy, so you can imagine how I enjoyed a 12-hour ride when I was "give out" to begin with. We arrived at Hawaii at 1:00 p. m. by my time, but we set our watches back 2 1/2 hours. After eating dinner and getting a little sleep, I went over to where Herbert and Florence were working. They are both on the Navy Yard (Pearl Harbor) and work about two hundred yards from each other. For the night, I was stationed at the Pearl Harbor base.

After they got off I went home

with them and had supper. They live in a housing area and have a very nice apartment. After eating we rode into Honolulu on the bus and walked about the town for an hour. It wasn't as glittering as I had expected. The streets weren't too well lighted, and the sidewalks were very narrow. I expected to find a lot of open air but didn't find any at all. No grass skirts or lily music I didn't go down on the beach area I suppose that is where the music is. The islands are pretty. Herbert had some pictures of the sugar cane fields and pineapple fields. The soil here is red. I went back to the room about 8:00 p. m. to get some sleep.  
The next morning we left Hon-

olulu at 9 a. m. and landed on a tiny island of Johnston about 4 hours later. We ate and refueled and left there around 3 p. m. for Kwajalein. About 5:30 p. m. Wednesday we crossed the 180th meridian line and had to set the date up 24 hours to 5:30 p. m. Thursday. So we left Johnston at 3 p. m. Wednesday and about 9 hours later landed at Kwajalein at 10:30 p. m. Thursday.

Guam is the largest island in this area and the vegetation looks very much like Florida, coconut palms, and such. It will be warmer here because we are 13 degrees from the equator. Panama is 10 degrees from the equator. We are living in raised tents boarded in at the bottom and screened in on the sides. Bed and table and locker each about make up our furniture. There are three of us in one building; the other two are Lt. Commanders. I have known since being in Atlanta. They are nice fellows to get along with.

Twelve o'clock noon Sunday there would be 8 o'clock Saturday there Noon Sunday at Shanghai would be 10 o'clock Saturday night there.

I've been to Japan and China and will tell you about them next time. Best wishes.

CLARK.

Farmers are your neighbors - They want you to know that -

## Cooperatives

were born of economic necessity

THREE out of every four farmers in the great Northwest belong to cooperatives.

These cooperatives are associations of farmers.

They were created for farmers' mutual benefit.

They render their farmer-owner-patrons the services they need—at cost.

The farmers take their products to their cooperatives. These products are handled at cost and sold—at a saving to the farmers. And, to complete the cycle of cooperation, farmers may purchase equipment and supplies used in operation of their farms—at a saving.

But back of the beginning and growth of every farmers' cooperative is the old story of economic necessity. Farmers had to do something.

There is a saying that necessity is the mother of invention. Dire necessity for organization and self help forced farmers into action.

For generations, farmers and their families had eked out a precarious living off their land. They never knew what their crops would bring until after harvest. Then they got the bad news.

They did know that the speculator, the commission merchant from the markets in the big cities, would be on hand to buy up as much as they could for as little as possible.

The farmers knew that what they received would be a very small portion of what consumers in the cities and towns would have to pay.

Then, on the other hand, the farmer knew that everything he had to use in operations of his farm he would pay for at the top retail rate.

The farmers were caught between the millstones. They bought high and sold low.

Your neighbors, the farmers, like to consider themselves America's foremost individualists.

But, as individuals, they found themselves unable to solve the problems common to all of them. So, the farmers consulted together. They decided to enter into a partnership to build and operate their own marketing and purchasing enterprises. They built their cooperatives.

They made all these enterprises non-profit organizations. All the savings made by working together were to be returned to them on the basis of their patronage. And, as true partners, each had a voice and a vote in all decisions.

Your neighbors, the farmers, like their co-ops. Their co-ops have helped farmers to increase their incomes. They have helped farmers to farm more efficiently. They have helped farmers to provide their wives and children with a few more of the good things of life.

Farmers are your neighbors. They want you to know about their cooperatives. They want you to understand their problems. They want the friendship and good will of all of you.

Next time you go by a farmers' co-op, stop in and get acquainted with the manager. He's one of your town neighbors. Let's pull together.

These cooperatives help build your community

## Our Composers

**WOLFGANG MOZART**  
1756-1791

Wolfgang Amadeus Mozart was born at Salzburg, Germany. He began composing at the age of 5. Mozart travelled extensively with his father and his sister, Maria Anna.

He became very poor, and had hardly enough money to buy paper on which to write his music.

When Mozart died only the undertaker and his men went to the cemetery. No one knows where he is buried. Mozart's monument at Vienna, Austria, stands over an empty grave.

Music Lovers Club,  
By Rufus Aylesworth.

## Progress News

We had preaching Sunday. Bro. Cole will be here Sunday, March 17 both morning and evening.

## UP-TOWN-DOWN-TOWN

**NEW YORK VIGNETTE** . . . by Bob Wilson

**ON THE BROADWAY FRONT:** Dave Ballard's giant, known to all Manhattanites for his portrayal of an out-sized Uncle Sam during war bond campaigns, for his work as sandwich man for restaurants and as night-club doorman, sells Christmas cards as a seasonal sideline . . . Jack MacGregor, quiet-spoken, be-wiskered gentleman-director of detective dramas, starting work in production of his 50th whodunit series in Mutual's new "True Detective" mystery show . . . Squat, bespectacled Sadie Hertz of Brooklyn who treks to Manhattan daily to follow her hobby of cranking radio's audience participation programs and getting in on the swag, an activity frowned on by all radio nets but profitable to Sadie. Claims that "Quick As A Flash" and "Info Please" are the only two that she has yet to crash . . . The tiny blackmoors, always alert to the unexpected approach of police, who haunt theater entrances ready at second's notice to whip out a soft-shoe dance for pennies tossed by players . . .

The legless World War I veteran who piles Broadway on a roller skate carriage, seeking largesse with the aid of his tiny terrier, tin cup in mouth . . . The tiny walk-down shop on West 58th which offers a notary public service with its lingerie . . .

**IN ADVANCE:** Eddie Dowling all smiles at word that his Broadway show, "The Glass Menagerie," has been selected to do a "command performance" in Washington, January 27, for the benefit of the infantile Paralysis Foundation . . . Dave "Radio Auctioneer" Elman to road-show a travelling exhibit of his historical curios . . . Those fantastic funny characters of Isabel Manning Hewson's, "Land of the Lost" aler will soon appear on cosmetic counters as novelty soap

**Halsey Assails Merger**

Merger of our armed forces under one head would be ruinous to our national security, in the opinion of Admiral William F. Halsey Jr., shown above as pictured in the February issue of Cosmopolitan magazine. Admiral Halsey expresses the fear that such a single command covers too much of dictatorship, and casts a serious doubt on the motives of the proponents of the merger.

## SEVENTY THIRD BIRTHDAY CELEBRATED

Mr. and Mrs. Jarvis Angeley entertained in their home Sunday, March 10, in honor of the seventy-third birthday of H. A. Angeley.

Well filled baskets were brought in by the guests. At noon a bountiful dinner was served. Games and visiting filled the afternoon. Five of the seven children of Mr. and Mrs. Angeley were present. Enjoying the occasion were Mr. and Mrs. John Haberer of Hereford, W. E. Angeley, Mr. and Mrs. Lawrence Folger of Morton, Mr. and Mrs. E. K. Angeley and children, Mr. and Mrs. Haberer and Ted, Lt. and Mrs. Russell Haberer, O. K. Angeley and family, the host and hostess, and Bobby, Tracy, and Gene Angeley.

## Behind Your Bonds

Los the Might of America

**MISSISSIPPI'S CONTRIBUTION**  
The U. S. Waterways Experiment Station, near Vicksburg, Miss., solves problems arising in the improvement of rivers and harbors throughout the Nation. Over 10,000 women in the state can three million quarts of food a year; a Pascagoula factory makes beach slippers from wood, and 80 per cent of the Nation's shrimp is caught and shipped there. Their contribution to the National wealth behind Savings Bonds will increase in coming years.  
U. S. Treasury Department
