Patriots Stop Eagles 26-0 To Launch New Football Season

JESSE W. TURNER

Turner Is New WTU Manager For Quitaque

Jesse W. Turner, a serviceman in the West Texas Utilities Company Local Office in Shamrock, has been named manager of the Quitaque Local Office according to an announcement made recently by A. D. Green, district manager of the WTU Panhandle District.

Turner replaces Paul Sublett, who was recently transferred to Bronte as local manager.

Joining WTU as a lineman trainee in Vernon in 1966, Turner was transferred the following year to Shamrock as serviceman.

Turner was born in Wheeler, Texas in 1936. He attended public schools at Mobeetie and graduated from Mobeetie High School in 1955. He served in the U. S. Army for two years.

Mrs. Turner is the former Dora Keelin. They were married in 1956 at Pampa, and are the parents of two children, Teresa and Stephen.

The Turners are members of the Baptist Church.

MRS. GILBERT SURPRISED

When Naomi Gilbert returned home from church Sunday morning, she had a big surprise. Her family was there. Gauvain Gilbert, Pam and a friend, Mrs. Donna Postlewait, Rickey and John Robert, Mr. and Mrs. Calvin Gilbert, all of Lubbock; Mr. and Mrs. Harold Thrasher, Mr. and Mrs. James Thrasher, Mrs. Rosa Carlile, Mr. and Mrs. Dennis King and Devin, Turkey; Mr. and Mrs. Bud Thrasher, Shamrock; Leonard Carlile, Amarillo; Mrs. Lonnie Cagle, Kim and Joann, Quitaque.

Paul Sublett's Honored Recently

The Paul Sublett family, former West Texas Utilities Manager in Quitaque, was honored with a going-away party at the Community Center. Approximately 70 people were in attendance. They were presented with several beautiful and useful gifts. The Subletts are being missed in the community, but we hope they are making new friends and are enjoying their new home in Bronte.

Over 200 Enjoy Salad Supper

A great crowd gathered at this week's Valley Booster Club Meeting, where a delicious salad supper was served. It was a family affair and the Cafeterium was filled with appreciative parents and fans of the Valley Patriots.

Booster Club President Jarrell Rice welcomed all guests and recognized the football teams and pep squad for the great job they did in their games this past week. The Valley High Patriots downed the Chillicothe Eagles, 26-0. Coach Rick Dill showed film of the Chillicothe game and praised the Patriots for their efforts in a very fine game. Coach Dill also reviewed what the Patriots could expect this week at Claude and encouraged everyone to go to Claude and give the Patriots all the moral support possible. Class "A" Claude is highly regarded in the early polls and beat the powerful Groom Tigers last week. He added, with continued support from the fans and continued improvement the club can bring home a victory.

Coach Robert Phelps reported that the Junior High Patriots will open their season Thursday afternoon at 5:30, taking on the Spur Junior High at Spur. Also the Patriot JV will challenge the Spur JV immediately following the Junior High game. He and the Booster Club urge everyone to follow the Junior High and Junior Varsity to Spur Thursday.

In the business meeting it was announced that the Booster Club will sponsor the programs at all home games and advertising will be solicited from local fans. The club also voted to sponsor the "after game parties" for the student body by furnishing the drinks.

The Booster Club urges everyone to come out and join their efforts to support the youth and their athletic endeavors. Next meeting will be Monday, September 13, at 8:00 p.m.

See you at Spur Thursday and Claude Friday. **WE'RE PROUD OF THE PATRIOTS!**

Fifty young people from the Church of Christ in Turkey were in Chillicothe recently for a bowling fellowship and pizza supper.

SCOTT EUDY

Scott Eudy Receives Highest FFA Degree

Scott Eudy of Turkey has been nominated to receive the American Farmer Degree, highest degree presented by the National FFA Organization, Scott was nominated for the degree by the Texas FFA Association. The nomination was approved at a recent meeting of the National FFA Board of Directors in Alexandria, Virginia. One of 747 FFA members nominated for the American Farmer Degree, Scott will receive the degree in a special ceremony on Thursday, November 11, pending a final vote of approval of 119 student delegates representing over half a million FFA members.

Scott is the son of Mr. and Mrs. Jay Eudy of Turkey and is currently farming and attending Texas Tech University where he is a sophomore. He is majoring in agricultural engineering.

He earned the American Farmer Degree on the basis of his farming program consisting of swine, sheep, milo, hay and cotton. Scott served on various leadership and judging teams while a student at Valley High School. He was the Star reenGhand, Star Chapter Farmer and Star Lone Star Farmer from the Greenbelt District and a public speaking winner on the Area level. He attended all District, Area and State conventions

while in high school. Scott was also active in high school sports and was selected as Most Likely to Succeed by the high school faculty.

Rick Dill, new head football coach and assistants Robert Phelps and Bob Dvorak accompanied the Valley Patriots to Chillicothe Friday night of last week where all hands combined to take a 26-0 opening season win over the Eagles.

The coaches were pleased with the overall performance of the Patriots, although there were mistakes made and assignments missed, but considering it was the first game of the season and also that five of the starters were sophomores it was a good showing, both offensively and defensively.

The Patriots moved in for scores on the first two possessions. Barry Wheeler, senior fullback, rammed it over for the TD from short yardage and Ron Eudy kicked the extra point. Later in the first period Eudy tossed a pass to end Kenny Chandler for the second touchdown. Once again Ron Eudy kicked the extra point and the Patriots led 14-0 at the end of the first period.

Kenneth Helms got on the scoreboard in the second period after a short run to put the Patriots out in front 20-0. The try for extra point was missed and that was all the scoring for the first half. The Patriots chalked up their final touchdown late in the fourth period when Eudy again hit Kenny Chandler with a pass good for six points and again the try for extra point was missed.

Chillicothe fielded a team that was considerably bigger than the

Patriots. Coach Dill reports that the Eagles have four linemen who tip the scales at over 200 pounds, and one of them weighs 235. The job of keeping that big one out of the Patriots' backfield fell on the shoulders of sophomore Jeff Crump, who is quite husky but was outweighed by at least 30 pounds. Coach Dill, however, was very pleased with Crump's performance and in showing the game film, backed up the film several times to show Jeff taking the big boy out of the play or putting him on the seat of his pants. Defensively, the coach had a word of praise for the entire team, and in addition to Crump, he mentioned the play of the defensive ends, the Woods brothers, Jimmy and Randy, and Jesse Ferguson, for Larry Curry who intercepted a pass, for Lyndall Couch who was punting for the first time in game conditions. On offense Barry Wheeler gained 116 yards on 22 carries and scored one touchdown. Barry rushed for more than 1000 yards last year and got off to a good start toward topping that mark year. Quarterback Ron Eudy completed 8 of 15 passes attempted, two for touchdowns and he and Wheeler were mentioned in the Amarillo Daily-News Player of the Week story. Sophomores Kenneth Helms and Darrell Dowd received words of commendation from the coach. The coach had good words for guard Jeff Tiffin, the fastest man on the squad, who pulls and runs interference for the ball carriers.

Although the Patriots dominated the game with the Eagles, the coach stated that the team will have to play even better in this week's game, which will be against the Claude Mustangs, a Class A team that took a 13-12 win over Groom, who was rated either Number 1 or Number 2 in the two wire services in Class B.

Friday night's game will be at Claude and will start at 8 o'clock. Coach Dill stated that he hoped that a large crowd of Valley fans will be on hand for the game at Claude and the Patriots will need a lot of support to help them as the game will probably be as tough as any the Patriots will have this season.

FRANCIS LAROCQUE

Coming In Revival

Francis LaRocque, full-time evangelist, will be bringing the Bible messages September 19-26 at the First Baptist Church.

LaRocque has served in Crusades for Christ and given concerts throughout the United States and in foreign countries as well as preached countless revivals throughout the nation.

Before entering the field of Evangelism he served Baptist churches in Bridge City, Texas; Lake Charles and Sulphur, Louisiana. He is a graduate of McNeese State University with a degree in Voice Music Education. He is married and is the father of four children.

Quitaque Lions Have Family Picnic

Members of the Quitaque Lions Club hosted their families and special guests at an outing in the City Park Monday, September 6. Lion Grady Tyler directed the cooking of an excellent barbecue dinner. Generous helpings of homemade ice cream topped off a perfect meal.

We the Women, represented by the president, Delene Tyler, presented very nice plaques of appreciation to local citizens who completed the Emergency Medical Technician course. Their knowledge is a great asset to everyone in the community.

Many other special guests were also recognized.

The next Lions meeting will be September 13, with the District Governor presenting the program.

MRS. JOE KING RECEIVES

SERIOUS BURNS

Mrs. Joe (Owayne) King of Dumas was seriously burned Thursday night about 9:30 when she tripped carrying a large vessel of scalding water. She was in the process of pickling. Luckily her husband had not gone to work that night and he rushed her to the Dumas Memorial Hospital. She is suffering with first and second degree burns from the left shoulder down. She is still in the hospital, but according to reports she is improving.

Mr. and Mrs. Wendell Farley, Mrs. D. C. Duck and Mr. and Mrs. A. B. Ramsey went up Thursday night and stayed until Saturday.

Mr. and Mrs. Wesly Woods of Plainview spent the weekend with their parents, Mr. and Mrs. Buster Chadwick and Mr. and Mrs. Carl Woods.

Mrs. Wayne Whittington returned home from Central Plains Hospital in Plainview Wednesday of last week, after spending twelve days there. She reports she is improving.

Visitors in the Whittington home were Mrs. Willie Gragon and Laura of Wellington and Dee Whittington of Lubbock.

Seventy Complete Driving Course

Highway Patrolmen Tony Guest and Jerry Burgtorf presented an excellent program to a packed room at the Quitaque Community Building. Driver attitude and driving strategies were the focal points of discussion. Those completing the 8-hour course will receive certificates entitling them up to 10 percent discount on auto insurance. This program was sponsored as a community service project by the Quitaque Lions.

MRS. LYON RETURNS HOME

Mrs. Will Lyon returned home Thursday from Swisher Memorial Hospital in Tulia where she had been a patient for several days. She reports she is improving.

Quitaque Baptist Women To Meet

Baptist Women of Quitaque will meet at 9:30 a.m. Tuesday, September 4, for the Week of Prayer program. There will be a salad luncheon served in the fellowship hall of the church at 12:00 noon. All ladies of the church are invited. If you work, please come to the luncheon.

Mr. and Mrs. Preston Sanders of Sunnyvale, California have been visiting in the Willie Woods home this week. They came to attend the Hamilton Reunion. Mr. and Mrs. James Starkey and boys of Plainview were here Sunday.

The Barney Bogans of Nacogdoches and Dorrie Bogan of Richardson were visitors at the First Baptist Church in Quitaque Sunday. They enjoyed visiting former neighbors and friends. Sid Bogan has company other than them but he promises a story for next week.

Mr. and Mrs. Wendell Farley and Dennis of Quitaque, Mr. and Mrs. Larry Farley and April of Amarillo spent Saturday night and Sunday visiting their daughter and sister, and her husband, Mr. and Mrs. Jack Wellman in Wichita Falls.

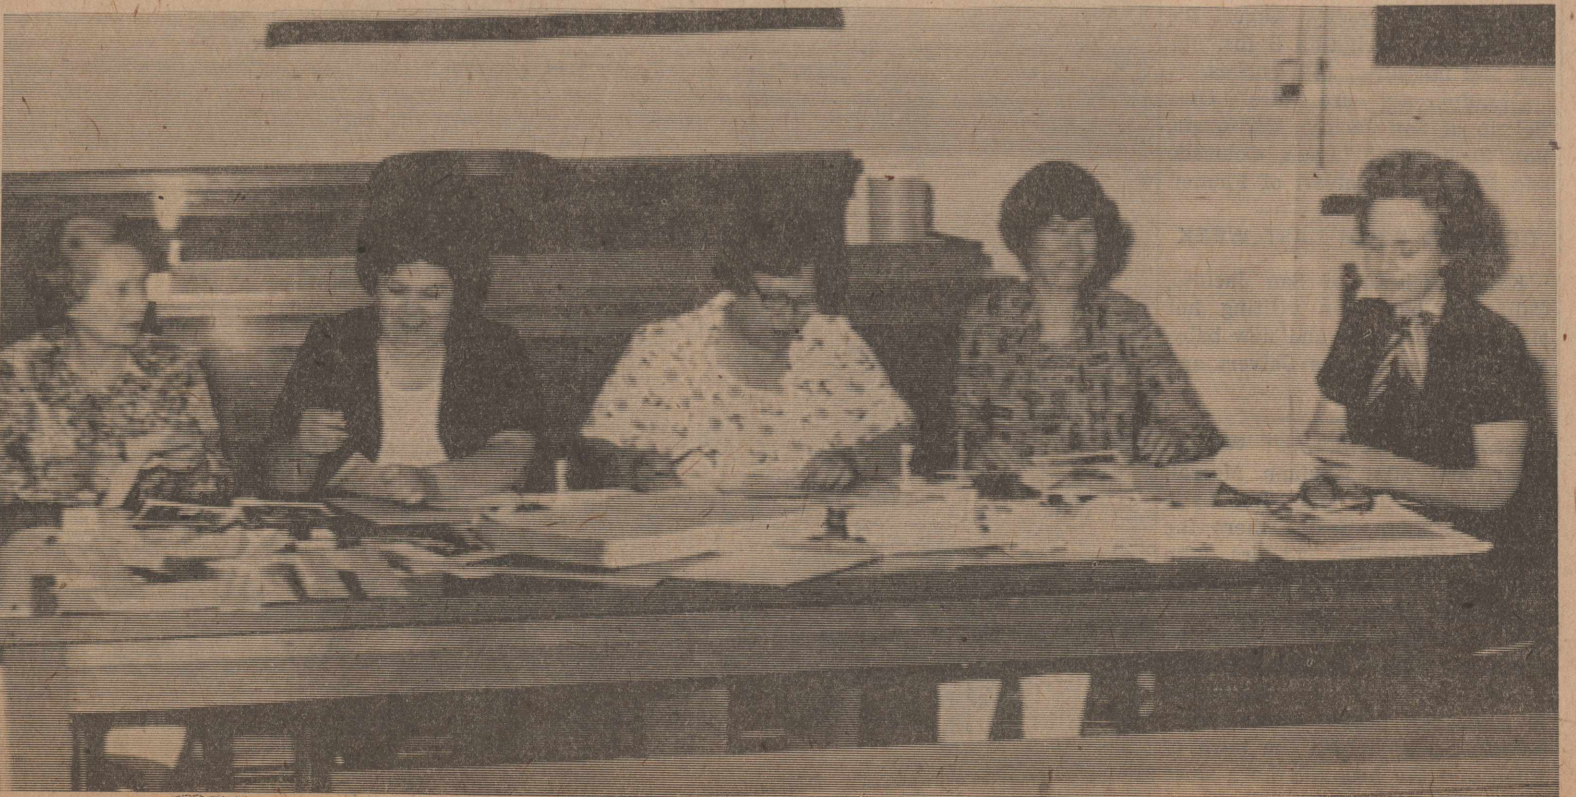

Mr. and Mrs. Shorty Woods spent from Saturday until Tuesday visiting their daughter and family, Mr. and Mrs. Eugene Corrigill and boys, in Midland. They report they were in heavy rain all the way home until they got to the Quitaque Cap.

O. R. Stark, jr. and Scotty flew to Nacogdoches and spent the weekend with their daughter and sister and family, Mr. and Mrs. Rick Braden and baby daughter, and Mrs. O. R. Stark, jr., who has been there helping care for the new baby and mother. They all returned home Monday night. Mary says the grandbaby and Sherry are both doing fine. (Being a typical grandmother, the baby is a beautiful child.)

Mr. and Mrs. Odis Reagan and Eva Gail, Mr. and Mrs. Rex Harmon, Jon David and DeeDee visited Mr. and Mrs. Earnest Reagan, Vicki and Ricky in Amarillo Sunday evening. The Earnest Reagons were unable to attend the Reagan family reunion.

Mr. and Mrs. Stan Price and Chastity left Wednesday evening of last week to spend a few days in Houston visiting and sightseeing. They returned home Monday night, reporting a nice trip. They were in rain all the time. (Surely someone will bring some home with them before long.)

Mr. and Mrs. Bert Lane and family of Plainview were visitors with his parents, Mr. and Mrs. Leon Lane, this past weekend.

Members of the Briscoe County Historical Survey Committee have been busy pasting-up the copy for the county history to be published soon. The books are expected to arrive about December 1. Shown at work on the bicentennial project are Mrs. Fred Mercer, Mrs. Murry Morrison, Mrs. C. L. McWilliams, Mrs. Joe Brannon and Mrs. Edwin Dickerson. (Briscoe County News Photo)

MASSIVE STATEWIDE VOTER REGISTRATION DRIVE BEING CONDUCTED THIS YEAR

Secretary of State Mark White has announced that his office is conducting a massive, statewide voter registration drive for this fall's Presidential election.

A pilot registration drive was conducted last spring, White said, and it added around 400,000 new voters to the rolls in Texas.

"Last spring's experience convinced us we need to enlarge our registration efforts," White said. "The new Texas registration law makes it easier than ever before to vote in Texas, and we are trying to make sure every citizen is aware of that fact."

Under the new registration law, Texans need only fill out a registration postcard and mail it, White said, adding that the registration deadline for the November 2 election is October 1.

Registration applications are available through county tax assessors or by calling a toll-free number in White's Austin office, he said. The number, which is open

during business hours, is 1-800-292-9602.

"Applications will also be on display in food stores around the state," White said. "There is one printed adjacent to this news release in your hometown newspaper. We hope to literally put voter registration at the fingertips of most Texans before the registration deadline."

White noted that only 20 percent of voting-age Texans went to the polls in 1974, which was an "off year" involving no national elections. In the last Presidential election, White said, 43 percent of voting-age Texans cast ballots.

"Clearly there is room for improvement, and we hope our drive will help," White said. "We hope every Texan will register and vote."

Mrs. Duck Has Surprise Party

Mrs. D. C. Duck was surprised Saturday night, August 28, when her family gathered at the community building in Quitaque to honor her on her birthday anniversary.

After the honoree had opened her gifts, refreshments of homemade ice cream and cake were served. The group enjoyed visiting and some played games.

Those helping to celebrate her birthday were Mr. and Mrs. Bert Degan, Turkey; Mr. and Mrs. Joe Degan, Shawna and Shea, Flomot; Johnnie Morrison and Joe, Judy Morrison, Colvin, Chris and Cari, Roberta, Wendell and Dennis Farley, Marie and A. Reddy's Helpful Tips For your Home Laundry

- ★ Utilize the washer's full capacity. Wash larger loads — wash less often.
- ★ Same goes for dryers: dry more than just a few items at a time.
- ★ Use the washer's load selector to save on hot water when you must wash small loads.
- ★ Use a cold rinse whenever possible to conserve hot water.
- ★ For more efficient drying, clean the dryer lint screen after each load.
- ★ If your dryer has an automatic cycle, use it to prevent unnecessary over-drying. Also, when allowed to over-dry, clothes tend to wrinkle, thus require more ironing.

Slow Driver Not Necessarily A Safe Driver

Is the slow driver a safe driver? Not necessarily, according to a landmark study recently conducted for the Texas Office of Traffic Safety (OTS).

According to Ken Nevil, OTS administrator, the study on the causes of fatal traffic accidents reveals that while lives can be saved by controlling the average speed of motorists, an even more effective way of reducing fatalities may be to control the "speed differential."

"In basic terms," Nevil said, "speed differential is the difference in speeds between two vehicles traveling in the same direction on the same highway."

"Think of the highway as a river whose current is constant. If you threw two blocks of wood into the river a few seconds apart, the chances are very unlikely that the second one would ever catch the first, Nevil explained. "So, if all vehicles were to travel at approximately the same speed, there would be fewer conflicts, and thus, fewer possibilities of an accident."

According to the study, when one vehicle catches or passes another traveling at a slower rate of speed, the chances of an accident rise as the difference in the speeds of the two vehicles increase. And the higher the speed at the time of an accident, the greater the probability of serious injury or death. This result, of course, could be reduced by proper use of safety belts.

The study indicated that reaction time and other factors make the ten mph speed differential between two cars traveling 50 and 60 miles per hour much more dangerous than the same ten mph

difference between vehicles traveling 30 and 40 mph.

"The study explodes the myth that you can play it safe on the highway by traveling slowly," Nevil emphasized. "Slow drivers are safe only if there are no faster cars on the highway with them. And driving too slowly causes a potentially serious hazard to all."

It is safer, according to Nevil, to move with the flow of traffic at the speed limit rather than forcing other drivers to pass because of a low rate of speed.

Three factors influencing the rate of traffic fatalities were recognized in the study: the average speed, variation in speed, and vehicle miles driven each year in Texas.

Researchers concluded that of the three factors only the average speed driven by Texans and the variation in speed of vehicles on the highway offered any possible alternative programs for control.

"While reducing the average speed was shown to be an effective way of reducing fatalities, reducing the speed differential could hold more promise," says Nevil.

"The figures in the study show that small reductions in either the average speed or the speed differential will produce reasonably large reductions in fatalities."

"For example, a one mile per hour reduction in either of these factors can be expected to save 40 to 50 lives annually in Texas. But of the two, variation in speed has the greater impact," he said.

Nevil pointed out that a reduction of one mph in the variation of vehicle speeds would save about ten more lives than a one mph reduction in the average speed.

"If the cost and ease of controlling the two factors are the same, controlling the variation of speed will save about 20 per cent more lives than controlling the average speed," Nevil said.

Field Day To Feature Darrell Renfro Named Hall County Extension Agent

Cotton, corn, sorghum and sunflower research are featured at attractions for this year's field day of the Texas Agricultural Experiment Station at Halfway. The premier event begins at 1:00 p.m., September 14, at the research site 14 miles west of Plainview on Highway 70.

According to County Extension Agent Eddie Holland, field tours will be conducted throughout the afternoon with special presentations planned on irrigation, variety evaluations, weed control and insect pest management.

The Texas Agricultural Experiment Station at Lubbock is co-hosting the event, says Holland. In past years, the Lubbock and Halfway stations held separate field days but will begin this year alternating as hosts. This means the field day this year will be at Halfway and next year (1977) it

will be in Lubbock. Cooperators are the Texas Agricultural Extension Service, High Plains Research Foundation, Agricultural Research Service—USDA and the National Weather Service.

A large machinery display featuring latest farm implements available will be a part of the field day activities, says Holland. Guests will be able to take tractor-drawn trailer tours of the 320-acre research site to closely preview latest developments in crop production. During the six featured stops of the tours, Experiment Station scientists and Extension Service Specialists will present brief summaries of research highlights and will answer questions.

The six tour stops include a comprehensive review of cotton variety studies, soil fertility, corn irrigation, modified pivot irrigation systems, insect pest management in sorghum and corn, weed control and other research highlights of particular interest to High Plains agriculturists.

Holland says that an irrigation well capable of pumping 1300 gallons of water per minute of clear sand-free water will be of particular interest to field day-goers. The well, recently completed, triples the output of two other irrigation wells at the same location and features new innovations in well drilling.

The field day marks the 67th consecutive year for the Texas Agricultural Experiment Station on the South Plains.

Field Day To Feature Darrell Renfro Named Hall County Extension Agent

Darrell Renfro of Dumas has been named as the new Extension Agent for Hall County, according to an announcement Monday afternoon by Ed Garnett, District Extension Agent of Vernon.

Renfro, 43 years of age, is married. His wife, Kathy, a native of Amarillo, and their two sons, Barry, 14, and Clay, 9, accompanied him to Memphis Monday. The family will move to Memphis as soon as suitable housing can be found, and the two sons will enroll in school there immediately. They are members of the Methodist Church.

Renfro graduated from Borger High School and attended Texas Tech University at Lubbock, where he received his bachelor of science degree in animal science. For 2½ years he served as assistant county agent in Moore County, making his home in Dumas. Then he was associated for five years with the North Plains Conservation District in Spearman.

Renfro then attended Texas A&M and received his veterinary medicine degree in 1971. Following this, he has been self-employed in farming and ranching in the Dumas area.

Garnett explained that Renfro is highly interested in all phases of agriculture, including both farming and livestock production. The older son, Barry, has had considerable experience in calf roping, and finished sixth in the state in his class in this sport last year.

The new county agent will work with the sponsors of the Northwest Texas Research Demonstration program in the five counties of Hall, Donley, Collingsworth, Wheeler and Childress.

SUMMARY OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION NOV. 2, 1976

NUMBER ONE ON THE BALLOT (S.J.R. 49)

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution; S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

NUMBER TWO ON THE BALLOT (H.J.R. 99)

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

Broxson Reunion

by Hattie Lois Carter

The Broxson family held its annual reunion at Lugart Lake in the Quartz Mountains near Altus, Oklahoma over the Labor Day weekend.

This was one of the larger reunions, with 30 arriving Friday night. By noon the next day the camp was alive with activity with many more arriving and 74 being present for the evening meal. Nine more came Sunday morning, making a total of 83 present.

The reunion was a very special one since it was our 25th. Our president and secretary, Mr. and Mrs. Raymond Trantham, with the help of Mrs. Cecil Broxson and the Trantham children, prepared a very special honor for the brothers and sisters. The young took over almost all of the preparing of meals and the cleaning up. They did include the husbands and wives, the brothers and sisters in some of the work.

For the noon meal Sunday the brothers and sisters and their spouses were seated at two beautifully-decorated tables, where the bicentennial theme was used. The tables were laid with blue cloths, centered with an arrangement of

red, white and blue flowers with the numerals "25" encircled with silver centered on a mirror reflector. Balloons were flying everywhere. The great-nieces served as waitresses.

After the meal, a very touching program was presented. Mrs. Raymond Trantham, a niece, made a very nice talk, expressing how much she had enjoyed preparing for the occasion, asking for the eldest child of each brother and sister to come forward. She presented each with a complete history book of all members of the family with complete addresses and telephone numbers. The children then presented them to their father or mother and then it was announced that in each of the packages were enough books for the children and grandchildren of each brother and sister, also a personal gift of two potholders and a hot pot mitt made by Mrs. Trantham. This was indeed a labor of love.

Another niece, Mrs. Larry Hedrick, along with Mrs. Trantham had a beautiful cake baked, decorated with a large family tree with 10 pieces of sugared fruit hanging from the branches inscribed with the name of each brother and sister on a piece of the fruit and the names of their children. Another niece, Mrs. Ryan Smith, baked and decorated a bicentennial cake inscribed with "Reunion 1976."

Mr. and Mrs. Bob Broxson of Sunray sang a very beautiful and appropriate song, expressing the love of God. This was followed by a humorous and historical poem covering the complete history of Charlie and Dora Broxson, telling of the start of their marriage and the birth of each child and each move, the death of the mother and other events as they happened. This was composed and read by Melvin Carter. He also presented a copy to each brother and sister. It was a beautiful and touching tribute from the children to their parents.

Games of all kinds with prizes were prepared for the young children. The little ones enjoyed

the sand pile most. Mountain climbing, volleyball, horseshoes, and "42" took up most of the time for the others.

Our new officers for the next year will be starting the third generation. It will be Mr. and Mrs. Bill Broxson, jr., a grandson of Willie Broxson.

After such an enjoyable day, the family was dealt an unexpected blow. When they settled their bill at the lodge and asked for reservations for 1977, it was learned that it had already been reserved for Labor Day weekend 1977. It has not been decided where we will meet another year, but we do plan to meet.

Those present this year to enjoy the get-together were Mr. and Mrs. Willie Broxson and her sister and husband, Lillie and Earl of Pampa; Mr. and Mrs. Bill Broxson, Francis and Damon, Hugoton, Kansas; Mr. and Mrs. Randy Parker and JoBeth, Saginaw; Mr. and Mrs. Cecil Broxson, Fort Worth; Mr. and Mrs. Benny Tinker, Grapevine; Mr. and Mrs. Terry Payne, Terry Ben and Troy, Fort Worth; Mr. and Mrs. Raymond Trantham, Houston; Mr. and Mrs. Dennis Lake and Gregory, Plano; Mr. and Mrs. Cecil Ray Trantham, Shane and Shannon, Huntsville; Mr. and Mrs. Tommy West and Tiffany, Houston; Mrs. Sherri Dillard, Twilla and Angie, Hurst; Mr. and Mrs. Jack Broxson, Pampa; Mr. and Mrs. Don Tindall, Borger; Mr. and Mrs. Marc Tindall, Lubbock; Mrs. L. B. Fawver, Mr. and Mrs. Ryan Smith, Marti, Vicky and Bryan, Fort Worth; Mr. and Mrs. Gibbs Rucker, Broadview, New Mexico; Mr. and Mrs. Donald Rucker, Billy, Leigh and Lynn, Clovis, New Mexico; Mr. and Mrs. Johnny Rucker, Rusty, Terry, Schree and Tasha, Texico, New Mexico; Mrs. Opal Broxson Page, Mr. and Mrs. Bob Broxson, Bruce, Annette and Lance, Sunray; Mr. and Mrs. Ralph Carter, Quitaque; Mr. and Mrs. Larry Hedrick, Scott, Todd and Layne, Hereford; Melvin Carter, Lubbock; Mr. and Mrs. Harry Barnhill, Fort Worth; Mr. and Mrs. T. J. Broxson, Farwell; Kim Broxson, Mrs. T. J. Broxson, Clovis, New Mexico; Mike and Kelly Broxson, Fort Worth.

GILBERT - SHERROD

Mr. and Mrs. Calvin Gilbert announce the engagement of their daughter, Cheri, to Greg Sherrod, son of Mrs. Frances Sherrod. Both families live in Lubbock.

The bride-elect is the granddaughter of Mrs. Naomi Gilbert of Turkey.

The couple plans to be married October 15 in the Lubbock Highland Baptist Church.

Miss Gilbert was graduated from Coronado High School and the future bridegroom from Monterey High School. Both attended Texas Tech University.

Mr. and Mrs. Verlon Hamilton and children of Roanoke visited with her parents, Mr. and Mrs. George R. Colvin, over the Labor Day holiday. They also attended the Hamilton Reunion in Quitaque.

Mrs. Solon Owens was in Tulia last Friday on business. While there she visited with her son and family, Mr. and Mrs. Jim Owens and son.

**Swine Flu
Innoculation Plans
Being Made in Area**

Mary Hazlewood of Amarillo, Regional Volunteer Coordinator of the First Lady's Volunteer Program, Office of the Governor, has announced that Louise Evans Bruce of Amarillo has been appointed to serve as regional co-

ordinator of volunteer participation during the swine flu inoculation this fall. Assisting Mrs. Bruce in Briscoe County will be Mrs. Elizabeth (Becky) Woods, R. N.

In making the announcement, Mrs. Hazlewood said, "The First Lady's Volunteer Program, a division of the Texas Center for Volunteer Action, is co-sponsoring with the Texas Department of Health Resources the massive effort to protect 10 million Texans from swine flu during a ninety-day inoculation period this fall. The First Lady's Volunteer Pro-

gram will be responsible for all statewide volunteer recruitment and placement during the big health campaign."

"Members of the First Lady's Volunteer Program need many more volunteers to assist during the mass immunization drive against the A/New Jersey strain of influenza. Persons wishing to help as volunteers should contact either Mrs. Bruce, who serves as Executive Director of the Amarillo Area Academic Health Center, or Mrs. Becky Woods at Silverton," Mrs. Hazlewood concluded.

Bobby Setliff of Amarillo was the speaker for the morning service at the Turkey Church of Christ Sunday morning. Mr. and Mrs. Benny Setliff of Lubbock joined Bobby and his wife at Turkey Sunday for a visit.

Hamilton Family Has Reunion

By Melba Jo Merrell

The family of the late W. S. Hamilton gathered at the Quitaque Community Center Labor Day weekend, September 5-6 for its first reunion. Approximately 75 people gathered on Sunday and another 50 were together again on Monday. Four of the nine brothers and sisters and their families were represented. The family of J. N. (Newt), Henry, George, and one sister, Letha Oakley, were present. There were 12 first cousins present. The time was spent visiting, reminiscing old times, telling about their children, grandchildren and great-grandchildren.

All of the J. N. (Newt) Hamilton family except P. C. and his wife, Hazel, who live in South Dakota and have had recent illness, attended. Those present were Mr. and Mrs. Paul Hamilton, Denton; Mr. and Mrs. B. K. Hamilton, Granbury; Mr. and Mrs. Keltz (Mary) Garrison, Plainview; Mr. and Mrs. Noman Hamilton, Floydada; Mr. and Mrs. E. J. Hamilton, Plainview; Mr. and Mrs. George (Sabra) Setliff, Turkey.

All of the George Hamilton children and a great host of grandchildren and great-grandchildren and great-grandchildren were present. Those present were Mr. and Mrs. Preston (Clara Nell) Sanders of Sunnyvale, California;

their son and wife, Mr. and Mrs. Don Sanders, Escalon, California; Mr. and Mrs. Andy (Velma) Anderson, Hooks, Texas; Mr. and Mrs. Lester Hamilton, Lytle; Clifton Hamilton and Tony, Grand Prairie; Mr. and Mrs. Juriel Hamilton, Quitaque; Mr. and Mrs. Gus Chandler, Nellene Tucker and Scott, Lubbock; Mr. and Mrs. Roland Hamilton and Susan, Quitaque; Mr. and Mrs. Willie (Dolly) Woods, and all six of their daughters and families, Mr. and Mrs. Truman (Melba Jo) Merrell, Cheryl, Jayne and Don, Mr. and Mrs. Jimmy (Clara Ruth) Davidson, Jimmy Don and Jon David, Quitaque; Mr. and Mrs. D. W. (Mary Joyce) Baca, Kay and Kim, Iowa Park; Mr. and Mrs. Gail (Willie Mae) Gregg, Jeff, John and Randy, Menard; and Mr. and Mrs. James (Chlonez) Starkey, Steve and Tracy, Plainview.

Two of the Henry Hamilton children were present: Mr. and Mrs. Earl Hamilton of Clarendon; Mr. and Mrs. Leroy Hamilton, Quitaque; and three of their four sons: L. W. and Butch of Quitaque, Mr. and Mrs. Verlon Hamilton, Vicki and Sammie, Roanoke.

The only child of Letha Hamilton Oakley was present: Mr. and Mrs. Valton Oakley and son, Mr. and Mrs. Noland Oakley and Kim, Lytle, Texas.

Several friends stopped by for a visit during the two days. Included were Mr. and Mrs. R. L. Brunson, Quitaque; Molly Riddle, Silverton; Mrs. E. E. Woods, James Brunson, Mrs. Polly Honea, Mr. and Mrs. Carl Woods, Seritha Helms, Estelle Davidson, Sid Bogan, all of Quitaque, and Mr. and Mrs. Barney Bogan of Nacogdoches.

Jimmy Davidson was elected president, with his wife, Clara Ruth, and his sisters-in-law, Melba Jo Merrell and Janelle Smith, helping with the secretarial work.

The group decided to make this an annual affair with the next reunion to be the first Sunday in August at the Community Building in Quitaque.

Everyone reported enjoying the fellowship and good food and a bigger reunion is planned next year.

Mr. and Mrs. Gail Gregg and boys spent the weekend with Mr. and Mrs. Jimmy Davidson and boys. Jimmy Don Davidson was home from Clarendon JC also.

Mr. and Mrs. R. S. Lewis of Stanton spent the weekend in Quitaque visiting relatives and friends.

Mr. and Mrs. LeRoy Lowrance and Mr. and Mrs. Carl Davis of Amarillo visited Gladys Stroup and Mr. and Mrs. R. J. Harmon Wednesday afternoon last week. The Harmons and the Lowrances were friends in Roaring Springs and Gladys worked with the ladies in Amarillo several years.

Reagan Family Has 25th Reunion

The Reagan family took basket lunches and spent Sunday in Thompson Park in Amarillo. Most of the young folk and children spent some time at the Zoo and Wonderland Park, riding, playing games. The older folk visited, took pictures and rested.

All the Reagan brothers and sisters were there, eight of them. Those from Quitaque were Mr. and Mrs. Cecil Reagan, Mr. and Mrs. Jim Saul and boys, Mr. and Mrs. Odis Reagan and Eva Gail, Mr. and Mrs. Rex Harmon and children, and John Reagan.

Others present were Mr. and Mrs. Bennie Reagan and boys, Mr. and Mrs. Bill Reagan, Mr. and Mrs. Robert Reagan and son, Mrs. Leona Dorsey, Mr. and Mrs. Ely Reagan and grandchildren, Mr. and Mrs. Earl Reagan and son, Mr. and Mrs. Harry Mortimer and son, Mr. and Mrs. Marvin Reagan, Mr. and Mrs. Gary Foreman and family, Mr. and Mrs. Jim Reynolds and family, Mr. and Mrs. Jim Henry and family, Mrs. Margaret Chapman and family, Mrs. Alice Moss and son, Mr. and Mrs. Tom Coon and family, Mrs. Eunice Simpson and son, Mr. and Mrs. Richard King and family, Mr. and Mrs. Johnny Wooten, Mr. and Mrs. Jimmy Henry, Mr. and Mrs. Rod Howard and son, Mr. and Mrs. David Hough, Mr. and Mrs. Ray Wooten, Mrs. Shirley Stoop and children.

States represented were California, Colorado, New Mexico, Missouri, Oklahoma and Texas. There were approximately 85 present, and they report a great day for all present.

WHAT JESUS MEANS TO ME

"Jesus is all the world to me, my life, my joy, my all. He is my strength from day to day, without him I would fall." These words from the familiar song end with, "He's my friend." Although "Jesus-people" sayings have over-emphasized the human aspect of Jesus as "friend," in a real sense he is "friend"—only in a much deeper and more meaningful way. Jesus is all the world because the whole world was made for him and he is Lord of it. Not only does he offer salvation and its blessings, but as our "friend" and Lord he is constantly leading us in our daily lives, guiding us according to his perfect will.

Jesus means freedom from the guilt and anxiety that plague us on earth, tensions that lead many into suicide or insanity. Yet what he means to us each day on earth is only a meagre prelude to what he will mean on that day when he comes again to take the faithful and obedient into heaven and everlasting life with our brethren throughout the ages. Jesus is Savior, Lord, and "friend"—and the best is yet to come!

The Bible teaches: "For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us" Romans 8:18

Area Water Levels Told

Several water systems in this area exceed maximum contaminant levels for nitrates or fluoride, or both, as set out under Safe Drinking Water Act of 1975, according to the State Department of Health Resources.

That federal law, effective June 24 of next year, sets a maximum level for fluoride in most of the Panhandle at 1.6 milligrams per liter.

A ceiling of 10 mg-liter of nitrates in drinking water is specified for both systems include such public water supplies as those found in isolated restaurants, motels and clubs. These usually are water-well supplies.

Community water systems under scrutiny range from the small Halfway Water Supply Company to the City of Silvertown. The only known health hazard associated with fluoride found in the levels is mottling of the teeth of children under age 14.

Nitrates in drinking water have been determined by the Environmental Protection Agency to present a danger of illness or death to infants under the age of six months.

City of Silvertown has a fluoride mg-liter of 4.4. The City of Tullia is 1.7, barely over the 1.6 maximum. City of Happy is 2.7 and City of Kress, 2.0. City of Floydada is 3.6 and Lockney is 2.6. Hart is 1.7 and Quitaque, 4.7. Caprock Canyons in Briscoe County

has nitrates of 14.9 and Quitaque has 33.0.

The high nitrate area, concentrated primarily in those counties west of Wichita Falls, includes water systems just over the 10 mg-liter limit such as that operated by the City of Vernon with 10.78 mg-liter nitrates in the water supply and those systems which the State rates as being significantly over the allowable level, including the City of Quitaque at 33 mg-liter and the City of Haskell at 30.8 mg-liter. The costs to correct fluoride and nitrate contamination may stagger the operators of smaller systems.

To remove nitrates by a mechanical process known as reverse osmosis, the health agency estimates a water system serving 25 to 99 persons daily would have to pay \$30,000 on the average. Using the electronic process of ion exchange would push that single system cost to \$41,000.

A nitrate treatment process of Vernon and Brownfield soar as high as \$2 million.

Proponents of the \$400 million November water development bond issue are urging passage of that measure so that loans can be made available for cities and other governmental entities for the upgrading of water systems.

Of the approximate 500 systems not meeting fluoride standards, however, only an estimated 160 will be eligible for Texas Water

Development Fund loans; trailer parks, water corporations and so on cannot receive loans from this fund.

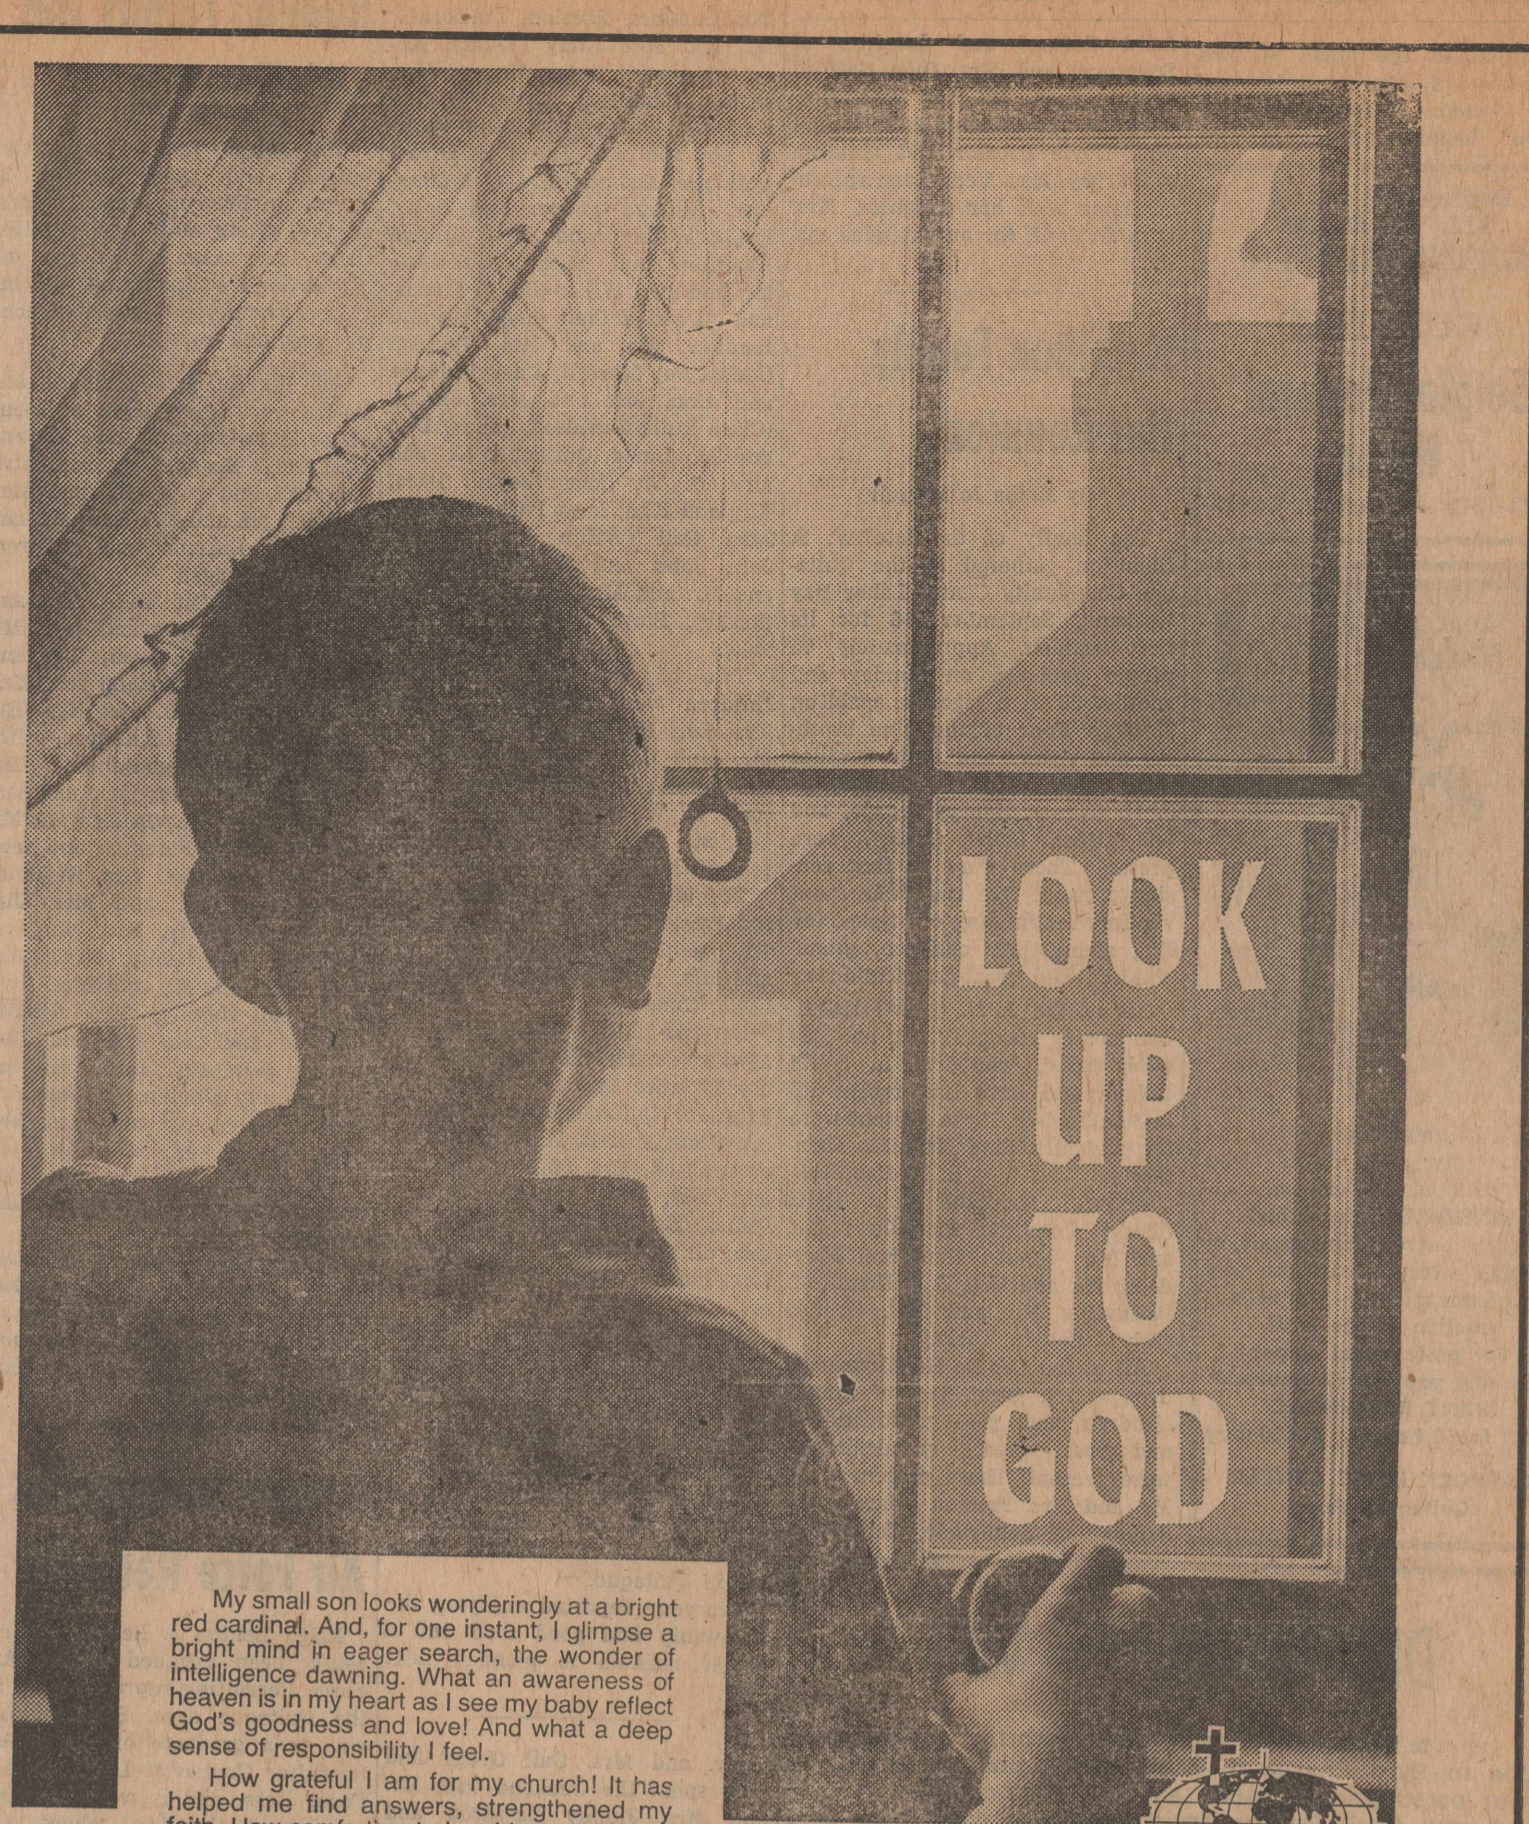

More than half of 50 water systems needing expensive nitrate removal equipment will not be able to apply for state loans.

Those which cannot meet the standards by one means or another eventually will have to cease service.

Another aspect of the act is the law's requirements for public notification of a water system which does not meet standards on June 24.

Community water systems will be required to place a notice in customers' water statements outlining the problem, its potential health hazards and preventative measures which should be taken. The billing notice must be repeated every three months as long as the system remains noncompliant. Additionally, the water system owner must place a notice of the violation in a newspaper of general circulation and furnish copies of the notice to local television and radio stations.

Non-community water systems likely will be required to post printed notices in a conspicuous location on the premises warning of the violation and giving preventative measures. The law states that, where appropriate, the notice must be bilingual.

My small son looks wonderingly at a bright red cardinal. And, for one instant, I glimpse a bright mind in eager search, the wonder of intelligence dawning. What an awareness of heaven is in my heart as I see my baby reflect God's goodness and love! And what a deep sense of responsibility I feel.

How grateful I am for my church! It has helped me find answers, strengthened my faith. How comforting to be able to guide the religious training of my child as his questions grow in scope and depth!

More than anything else I want to share with him the wealth of love and understanding, joy and strength I have found in the love of God and His Church.

Mrs. Alfred Barton and Mrs. Roy Gene Stephens of Matador visited with Mr. and Mrs. Jesse Johnson Saturday, September 4, on Mr. Johnson's birthday.

SYMBOL OF NOBILITY

The bald eagle, a noble bird, emblem of America.

And yet it was not the choice of Benjamin Franklin, one of our wisest patriots.

To emphasize the differences between the world's first democracy and the warlike, aristocratic powers of Europe, Franklin chose the docile turkey, so common to America—instead of a bird of prey—to symbolize the United States.

But the eagle, long a sign of courage, freedom and power, caught the fancy of Franklin's fellow patriots gathered at Philadelphia in 1787.

To them "noble" meant more than hereditary rank.

Noble also meant "an exalted moral character, admirable in conception, stately"—all qualities epitomizing the democratic experiment called the United States.

And to this day the United States strives to retain that noble character symbolized by its emblem, embodied by its spiritual heritage.

Home Demonstration Clubs Have World's Largest Membership

Home demonstration clubs have the largest membership of any other women's club in the world, Miss Linda Mullin, County Extension Agent, says.

What do these women have in common that interests young and old, rural and urban, and highly educated to average educational level women all over the world? The Homemaker Creed gives an insight. "We believe in the present and its opportunities, in the future and its promises . . . improving, enlarging and endearing the greatest institution in the world—the home."

Over 29,000 women belong to the Texas Home Demonstration Clubs and EHE Study Groups. They are interested in their home, their family, their community and their country—also in self-growth. Each home demonstration club meeting offers its members an opportunity to receive an educational program that is planned around the family, home, community or county need request, Miss Mullin said.

Education is an important part of the organization, but there are many other opportunities offered besides education and the immeasurable social aspect. It is also

hard to measure self-growth. Leadership growth and self-confidence often happen without realizing when or where it was happening.

The Briscoe County Home Demonstration Clubs and EHE Study Groups will begin meeting again this month. Also, a new home demonstration club created especially for young women and mothers is being organized now. Home Demonstration Clubs and EHE Study Groups are open to all. Anyone who would like to join a club should contact the County Extension Agent at 823-2343 or come by the Extension Office for a personal visit.

Hartwig To Be Guest Speaker For Farmers Union

David Hartwig, Texas State Director of the Green Thumb Program, will be guest speaker of the local Farmers Union Monday, Sept. 13, at 8:00 p.m. in the Pioneer Room at the First State Bank.

He will be accompanied by Silvertown by the District Director from Lubbock.

Mr. Hartwig will explain the Green Thumb Program, its progress and future projections.

The Green Thumbs are doing work all can be proud of. A special invitation is extended to all Briscoe County Green Thumbs, and all interested citizens. Refreshments will be served. Attend, and help support this worthy project.

Pivot System Irrigation To Be Discussed

Thursday, September 9, at the P. C. A. community room, the Silvertown Young Farmers will have as their guest speaker Leon New, Area Irrigation Specialist with the Texas Agricultural Extension Service.

Topic of the program on irrigation will be "Pivot System vs. Open Ditch." New will discuss various pivot systems and the cost of irrigation.

This informative meeting is open to the public, and will begin at 8:00 p.m.

ATTITUDES TOWARD DEPRESSION DETRIMENTAL TO TREATMENT

About 1,500,000 Americans are currently being treated for mental depression, according to figures released by the Mental Health Association and as many as 8 to 15 million more are estimated to need treatment but are not getting it.

"The reason so many depressed people remain untreated," said Carroll B. Bryant, President of the Texas Association, "is the widespread lack of knowledge about the condition. People view depression as a sign of weakness, as a failure to meet the demands of society. The truth is that depression is a condition, a condition that can be effectively treated so that its victims can return to active, productive life."

To support this statement, Bryant refers to a list of prominent figures in history who suffered from depression. Among the familiar names on the list are George Washington, Abraham Lincoln and Winston Churchill. Important scientists and productive writers and artists are included as well.

"Nobody would call these people weak or incapable of coping with daily life," he said, "but the truth is that at times they were so miserable that they simply couldn't function adequately. Lincoln, in particular was so depressed that his friends feared he would commit suicide."

That fate awaits many depressed people. The Association reports that many of the 35,000 people who take their own lives in the United States each year are depressed. The suicide rate among depressed people is greater than that of the total population.

The Mental Health Association has found that "people are beginning to realize that depression is not something to be ashamed of and more depressed people are accepting treatment," Bryant concluded. "If this trend continues we can bring an end to the incalculable misery this condition has caused throughout history."

The Mental Health Association is a volunteer organization funded completely by private donations such as those contributed by local citizens in the May bellringer drives conducted in Quitaque by Mrs. Delene Tyler, chairperson, and in Turkey by Mrs. Arlo-wene Williams, chairperson.

Growing Washington-based GOVERNMENT seeking branches all points West.

Major BENEFITS.

Option for STATEHOOD.

Even the Founding Fathers knew thirteen was only for starters.

So it wasn't long before sights were set on the land to the west.

But it took money to explore and settle. And thanks to Americans taking stock in their country, the money was there.

Today, taking stock in your country is just as important. And one of the best ways to do it is to buy U.S. Savings Bonds.

Just join the Payroll Savings Plan at work. Out of each paycheck, a little is set aside to buy Bonds. Automatically. And that means regular savings you can depend on.

Buy U.S. Savings Bonds. There's no safer way to save.

After all, the money's guaranteed by the home office.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

200 years at the same location.
