History Of The Allsup's Stores

Allsup's Convenience Stores, Inc. is a New Mexico Corporation licensed to do business in Texas and Oklahoma as well. The corporation is operated by Lonnie Allsup, President, with all stock owned by Lonnie and his wife, Barbara J. Allsup.

The company was started over 20 years ago when Lonnie, at the age of 23, bought one store in Roswell, New Mexico with a bank loan. After acquiring the store Lonnie and Barbara worked full time in the store doing all the things required, such as bookkeeping, stocking, cleaning, waiting

on customers, and checking merchandise.

Together they developed their knowledge of what was required to successfully operate a convenience store. As the business grew they began adding more stores so that by March of 1960 they had 12 stores operating in three New Mexico communities. It was at that time they formed the corporation.

In 1963 Lonnie felt that because of the economy in Roswell he should take advantage of an offer made to purchase his stores by Southland Corporation of Dallas. After selling his stores in Roswell, he moved the corporation to Clovis, New Mexico, along with many of his employees.

Once in Clovis, Lonnie began buying and building stores and has continued, until today the corporation has over 145 stores, two radio stations and employees numbering well over 1200 people—and the corporation is continuing to grow.

During the past few years there have been many job positions and departments opened as a result of this growth. These departments include construction, security, auditing, computer, training, personnel and maintenance. Many of the departments have enlarged as well. As the corporation has grown, the Allsups have been constantly aware of employee needs and have made efforts to provide and contribute to employee benefits with programs such as profit sharing and group insurance. They are looking forward to adding more benefits as they continue to grow.

All Teams Win Trophies In Tournaments

Valley's varsity basketball teams did not win a championship trophy at the Paducah Tournament last weekend but both brought home trophies. In girls' action the Patriots went to the finals where they lost to Crowell 37-32 and brought home the second place trophy. In first round action Valley won over Chillicothe 50-31. In the second round they defeated Motley County, a team that had beaten Valley earlier in the season.

The varsity boys downed Chillicothe 70-47 in first round action, lost to Paducah 46-42 in the second round, then defeated Vernon 52-50 for the third place trophy.

Valley's JV teams played in the Spur JV Tournament and both teams did well there, the girls winning first place by defeating Post 44-36 for the title, and the boys losing to Snyder 80-52.

The Valley girls won over Aspermont 44-18 in first round action, then won over Jayton 29-23.

The Valley boys won 74-32 over Aspermont in the first round, then defeated Spur in second round action 43-39.

Thus, the Valley basketball teams performed well in tournament action. Congratulations to coaches and players alike.

THE ODIS HONEAS TO OBSERVE ANNIVERSARY

Mr. and Mrs. A. W. Self, 2118 Beech, Abilene, Texas 79601, are honoring Mr. and Mrs. Odis Honea on their fiftieth wedding anniversary with an open house Sunday, December 31, 1978. All of their friends are invited.

FRIENDS INVITED TO CHRISTMAS OPEN HOUSE

Everyone is invited to our annual Christmas Open House Sunday, December 17, at 7:30 p.m. Del Ray and Jack House

SENIOR CITIZENS TO HAVE SALAD SUPPER

Turkey Senior Citizens will meet December 19 at 6:00 p.m. for a salad supper and the annual Christmas program. Everyone is cordially invited to attend. Gifts will be exchanged. Each man is to bring a man's gift and each lady is to bring a ladies gift, with the price in the range of \$2 to \$3.

CORRECTION

The name of Mrs. Gordon (Totsie) Bain was left off the hostess list for the shower of Miss Renee Smith, bride-elect of Rex Fuston. Mrs. J. T. (Totsie) Mullin was added by mistake.

Mr. and Mrs. Eugene Corgill of Midland spent Monday night of last week visiting her parents, Mr. and Mrs. Shorty Woods.

Detailing the muscles of a horse of clay is Stanton's ranch hand and sculptor-artist Don Turner. His hobby has become profitable.

His Interests Are Farming, Ranching And Western Art

He's a farm hand, ex-rodeo clown and former U. S. Army Green Beret soldier. He is Don Turner, a native of Turkey, Texas, son of Mr. and Mrs. Aubrey Turner and nephew of Mr. and Mrs. Emmett Baisden and Shorty Hollingsworth.

However, the modest West Texan also has another interest.

Fact is, Don Turner's two years of work on the "V" Bar Ranch outside Stanton have allowed him to turn an artistic hobby into a profitable part-time job.

Born in Turkey, hometown of the late creator of the "Western Swing" sound, Bob Wills, Turner hardly looks the artist his bronzed sculptured western pieces prove him to be.

He wears cowboy boots and jeans and talks with keen interest of the modern-day western life.

The 32-year-old grew up in the country about 100 miles northeast of Lubbock.

He said a friend in Fort Worth convinced him to pursue the hobby.

Requests for his modern era western pieces of cattle, horses and cowboys are on order from people as far away as Canada, Turner said.

The graduate of the Class of 1964 at Turkey High School said he didn't just plunge into the sculpturing end of the art world. Turner said he sort of worked his way to his present status.

Right out of high school, he snared a job as an artist for Cattleman magazine, based in Fort Worth.

He expanded upon his natural talent there between 1964 and 1967 before signing up for four years service with the Army, which included a stint in Vietnam.

Back in 1976, Turner sculpted a bull's head out of clay and entered it in the Martin County Fair, where the piece won first prize.

"There aren't too many people doing modern western scenes today," he said. "I try and do modern type cattle, not longhorn steers and Indians like other artists have done."

"I want to sculpt life on a ranch today," he said.

Turner said he has appeared on an Abilene television show, asked

to make a return appearance and been invited to be on an Amarillo television program.

"Why, a man down near San Angelo has even asked me to do a bronze piece of a coyote," declared Turner.

The popularity of his work may stem from the time and meticulous effort he puts into each piece.

His tools consist of assorted style knives, a pocket knife and a caliper.

If he is not working, Turner said, he can finish a small detailed animal piece in two week's time.

That's short, compared to his normal length of time per subject, because of his full-time job showing champion Hereford cattle around the Southwest and keeping up with chores on the "V" Bar Ranch.

Turner first draws his subjects on paper.

Next, he seeks out books about animal anatomy from the offices of veterinarians.

Turner then develops a wire skeleton similar to the forms of the animals he sees in the anatomy books.

He studies every muscle line he sees, trying to make his skeleton match the bone structure of the drawings.

He then puts the clay on his wire skeletons and develops the animals or cowboys or whatever the subjects are.

"I shape the animals just like the pictures I look at as I sculpt," he said.

He admitted the process takes more time. But he added, "I feel I can get surfaces just right where I want them. On animals, once I sculpt them, I go back and I put hair on them, too."

He has a comfortable, carpeted upstairs loft for a studio in the country home he shares with a fellow farmhand at the "V" Bar Ranch.

Up there, nearly surrounded by mirrors, Turner painstakingly molds the clay into the exact likeness he wishes it to become.

The mirrors, he said, aid him in recreating the shapes of the subjects being worked on.

When rains come, Turner said he can devote more time to his hobby because on such days not

Valley Teams Split Games With Hedley Here Tuesday Night

Old rival Hedley came to Valley Tuesday night to play a pair of basketball games and when the night was over the two teams, whose rivalry goes 'way back, had split games, the girls' contest going to Hedley by a 4-35 score and the boys game won by Valley in a real thriller, a 50-49 overtime affair.

The girls played first and that game was close all the way with neither team able to do 'very much scoring. Valley had the best of it in the early minutes but the Owlettes tied the score at 12 and then went ahead 14-12 at the end of the first period. Hedley outscored Valley 10-8 in the second period and led by four points, 24-20, at halftime.

The third period was all even with each team getting eight points and the Owlettes maintained their four-point margin 32-28 at the three-quarter mark. Valley pulled to within two points at 34-36 about midway of the last period and were still very much in the ballgame but just couldn't score. The Owlettes have a big, aggressive team and the Patriots did not match their aggressive-

ness. With 4:51 to play and with the Patriots owning the biggest margin of the game, 45-38, the Owls started to whittle away at the lead and at the 2:08 point the Owls tied it at 47-47. At this point the Owls started to stall the time away, trying for the last shot to win the game. The strategy did not work, however, for neither side was able to put a single point on the board that last two minutes.

In the overtime period, Jon Davidson was fouled in the early going then very calmly put in a couple of free tosses and then Kirk Proctor sank one free shot for a three point lead. The Owls got their chance at a shot and the Patriots just made sure that they did not foul to give the game away. It was a good, deserved win for the Patriots, who are improving with every outing.

Kenny Chandler scored 24 points to lead the Patriots in that department. Jon Davidson tossed in 11 points, including the two free shots in overtime; Terry Brittain scored five points; Kirk Proctor hit five points, and Rod Carpenter and Greg Ramsey scored two points each.

The varsity teams are entered in the New Deal Invitational Basketball Tournament this weekend. The tournament begins Thursday and finals will be held in both girls and boys brackets on Saturday night. Teams in both boys and girls brackets are Meadow, Frenship in the girls bracket and Hale Center in the boys division, Kress, Ropes, Christ the King, Valley, Anton and New Deal. Valley is in the lower bracket with CTK, Anton and New Deal. The Valley teams play CTK in first round action on Thursday, the girls game scheduled to start at 3:00 and the boys game to start at 4:30. The Valley-CTK game winners will play the winners of the Anton-New Deal games. Those games will begin at 6:00 and 7:30 Friday. Losers of the above named games will play in the losers brackets at 12:00 and 1:30 Friday.

Valley's basketball teams will go to Jayton Tuesday of next week for four games, the first of which will start at 4:00 p.m.

Turkey Boy Scouts To Sponsor Turkey Shoot Dec. 17

Boy Scout Troop 272 will sponsor a turkey shoot at 1:00 o'clock December 17, at the Compress Yard in Turkey. All ages are included. Pries to be given.

OPEN HOUSE PLANNED FOR KAY BEAVERS

An open house for Kay Beavers and family is planned for Sunday, December 17, from 3:00 to 4:00 p.m., a come and go affair. She is located in the southwest apartment in the new apartments north of the First National Bank in Quitaque. Everyone is invited.

much can be done on a cattle ranch.

The multi-talented artist has done western subjects in drawings and leather, too.

"I'm trying to get into art full-time now," he said.

"I'm doing what I like and I'm doing it about what I know."

Paul Tadlock, a Fort Worth artist, is the man who Turner said furnished him the clay for his first efforts in bronze two years ago.

"He keeps telling me I should get into it full-time by saying I'll become the modern-day Charles Russell," said Turner with a laugh.

However, he insists, "I'm just trying to do what I know. I think the best teachers I've had as far as training, have been the old cowboys and cattlemen of West Texas, because they can look at a cow and tell you if you've got it right."

Turner said the point he's trying to make is that modern day West Texas life "should be preserved. Some artists are doing it, but not that many."

He also said he hopes one day he can help someone "because I've had a lot of people help me further my artistic goals."

The man who calls his hobby "Kowboy" art, said such works as his detailed, "Going To Water," piece which features a mother and a calf on their way to a watering hole sell for \$900 per bronze cast "with or without the rancher's brands."

"Being a working ranch hand, I have studied cattle and horses and know the bone and muscle structures of each animal I do," Turner said.

He also knows what direction he's headed, too.

Fund-Raising Projects Discussed By Auxiliary

The Firemen's Women's Auxiliary of Quitaque met Thursday evening, December 7, at the bank room. Most of the two-hour meeting was spent discussing possibilities for fund-raising projects. The meeting was very productive and

several projects are being planned to raise money for needed firefighting equipment.

The first project the ladies are undertaking will be operating the Hot Dog Stand at the Grand Opening of Allsup's Grocery this weekend, Thursday, Friday and Saturday. The Auxiliary wishes to thank Clyde Dudley and Allsup's for this opportunity to raise some funds.

Other projects will be decided upon, planned and publicized during the coming year.

The ladies also formed a committee to see to it that food and coffee are provided for the firemen during extended firefighting.

The Women's Auxiliary will meet again the first Thursday in January.

Mrs. Ida Faulkner of Turkey has been in the Central Plains Hospital for several days since apparently suffering some heart trouble. Her daughter and son-in-law, Mr. and Mrs. Wayne Whittington of Quitaque, have been at her bedside much of the time.

Gamma Kappa Has Luncheon

Gamma Kappa Chapter of Delta Kappa Gamma, a teacher's organization, met December 2 for a luncheon at Mrs. Bromley's Dining Room in Clarendon. Members were present from Turkey, Memphis, Childress, Wellington, Hedley and Clarendon.

Mrs. Marjorie (Gordon) Bain of Turkey presided in the absence of President Betty White of Childress. Mrs. L. C. Sweatt of Wellington gave the invocation. Following the business meeting, Mrs. Bain gave the Christmas story and the meeting ended with Christmas carols sung by the group.

Lighthouse Electric Cooperative
Box 580 Floydada 79235

Mr. and Mrs. Donnie Brunson and Joe Bedwell had quite an experience last week while at Lake Falcon where they had gone fishing. The men were in a small town grocery shopping and Donnie was talking on the telephone in an outside telephone booth when two boys stole his car. He had his back turned and was about fifteen feet from the car. When he turned around, his car was gone.

The cops took off after the boys, one 15 and the other 18, who were traveling 100 miles an hour. When they found the car, it had been stripped of a CB radio, a gas tank used on the mobile home, and other articles. The papers for the car had been thrown away. They were found near Pharr, Texas, about 150 miles from where it was stolen, and the car was found at San Antonio. The car was not damaged, according to report, other than being stripped.

The store manager graciously lent the men a pickup to go back to the mobile home on the lake until Mr. Brunson's son, Roger Brunson, could get there to help them. Donnie, Joe and Roger drove to Pharr to get the papers (after Donnie's brother, James Brunson, had already been called to get some papers from his home to identify the car), and then they drove to San Antonio to pick up the car. They returned home the latter part of the week.

According to report, the officers said had the boys gotten across into Mexico, there would have been nothing they could do to recover the car.

Mrs. Bill Ebbs and Mrs. Olive Owens were in Quitaque Monday afternoon on business.

Mrs. Jo Dean Cobb and daughter, Jeri Riddle of Fort Worth were visitors with their parents and grandparents, Mr. and Mrs. Joe Bedwell, in Quitaque recently. Miss Riddle was entering service in the Air Force basic training in San Antonio. She had enough schooling that she entered officers' training school.

Mr. and Mrs. Tom Barbee were in Plainview Monday. She went for a checkup with her doctor and reports she received a good report.

Ricky Pointer, six, son of Mr. and Mrs. Jimmy Wayne Pointer of Lubbock and grandson of Mr. and Mrs. Jimmy Pointer of Quitaque, was hit by a pickup in Lubbock several weeks ago. He suffered a fractured skull and a broken leg in the accident and remained in Methodist Hospital in Lubbock for a month. The Jimmy Pointers stayed in Lubbock to help care for him all that time. Ricky came home with them and spent last week. His parents and brother joined them Friday night and took him home Saturday. They report he is recovering fine.

Mrs. A. E. (Cora) Gragson goes back to Highland Hospital in Lubbock Thursday (today) and she will have the second hip surgery the following Monday, December 18, if things go as planned.

KIMBELL FAMILY ENJOYS PRE-CHRISTMAS DINNER

A pre-Christmas dinner was held in the Quitaque Community Center Sunday, December 10, for the Kimbell family. Those enjoying the bountiful meal and fellowship were Mrs. E. W. Smallwood, Mrs. Mallie Lee, Mr. and Mrs. Edgar Lee, all of Matador; Mr. and Mrs. J. W. Kimbell, Mr. and Mrs. Charles Wallace, Donetta, Melissa and Randy, Quitaque; Mr. and Mrs. J. C. Mabry, jr., Cindy and Jeff, Tullia; Mr. and Mrs. David Setliff, Bruce, Doug and Craig, Mr. and Mrs. James Lynn Kimbell, Travis and Shorty, Turkey; Mr. and Mrs. Bobby Brunson, Edmonson; Mr. and Mrs. Neil Smith, Terri, and Brenda Jackson, Floydada; Mr. and Mrs. C. B. Kimbell, Mr. and Mrs. Ike Smith, Tullia; Mrs. Fay Reed, Wendell and Wayne, Quitaque; Mr. and Mrs. J. W. McBee, James McBee, Mr. and Mrs. Dale McBee, Donna and Darren, Nelda and Kenda Fithen, Roy Williams, Heather and Magan, all of Amarillo;

Freddie Stockton, Estelline; Mr. and Mrs. Joe Edd Smith, Larry Tyler, Quitaque. Jena Smith visited in the afternoon. The afternoon was spent playing games, taking pictures and visiting.

Mr. and Mrs. Freddie Edwards of Silverton were dinner guests of Mr. and Mrs. H. A. Cagle in Quitaque Sunday.

Dennis Farley spent the weekend in Amarillo with his brother and family. Mr. and Mrs. Larry Farley and children. Dennis went pheasant hunting with his brother (a new experience) and they had good luck, killing their limit, according to report.

Mr. and Mrs. Terry Woods and daughter, Asley, of Amarillo spent Thursday night of last week in Quitaque with his parents, Mr. and Mrs. Shorty Woods. They left Ansley for a longer visit with the grandparents while they attended to business in Lubbock over the weekend.

Moreland To Retire As Briscoe County Judge On December 31

On December 31, M. G. Moreland will retire as Briscoe County Judge. He has served for 16 years and feels that it is time to retire, but he has not fully decided how he will spend his retirement. He has spent 54 years in public service. He and his wife, Margie, plan to travel some in the future.

Judge Moreland commented that voters in Briscoe County re-elected him as judge three times. "I want to thank each one of you for your cooperation," he said. "You have been wonderful and it has been a pleasure to serve you.

"I spent several years in public schools, the last ten years of which were as superintendent of schools in Silverton. These are years we will not forget. I had the pleasure of teaching the parents of most of the pupils now in Silverton Schools. We want you to know we shall not forget the more than 28 years we have lived in Silverton." The Morelands moved to Silverton in July 1950.

"When I say thank you for electing and re-electing me as your County Judge, I am speaking to all the people of Briscoe County, and again I say thanks to you one and all," he continued.

"There are so many stories I could tell about happenings in school and in the courthouse, but time and space would not allow.

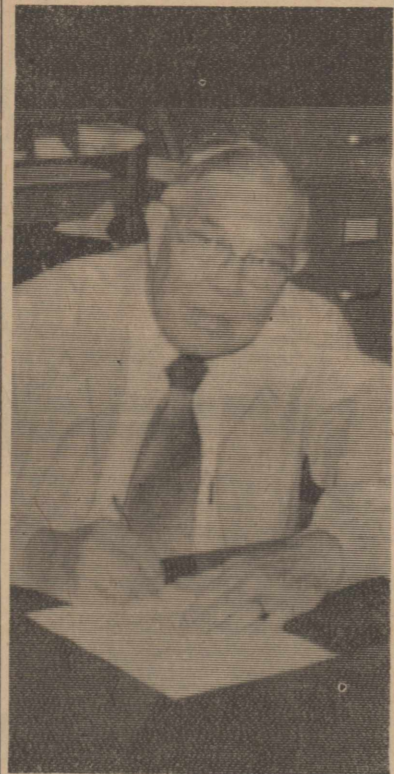

"Many changes have been made in the courthouse in the past 16 years. To note a few: we carpeted the hall; new metal shelves have replaced the old wooden ones; drapes replaced the old shades; new heating and air conditioning have been installed; new ceiling and lights have been installed in the district courtroom; a new communications system has been installed in the sheriff's office.

"We feel that all this was needed and we are quick to tell you that we could not have done all this without the revenue sharing program. We have raised taxes, but still have one of the lowest rates and valuations in Texas and are proud of it.

"The County of Briscoe was in good financial condition when I came into office on January 1, 1963, and we are still in good financial condition as of today. On December 1, 1978, we had a total balance of \$128,130.10, and on January 1, 1963, we had a balance of \$110,847.06, so as you see we have not changed that very much. This means that we have operated within the budget and made the above-mentioned improvements.

"I want to express a special thanks to those who have worked with me in the courthouse. We disagreed at times but were never disagreeable. If all members of the court, for instance, were in agreement all the time, there would be no need for more than one member. We are appreciative of all the commissioners and other officials who have worked with us. Thank you very much for your help and the cooperation with me and other officials."

"It is the time of year to wish for each of you a Merry Christ-

JUDGE M. G. MORELAND

mas and a Happy New Year, and we do sincerely make this wish for each of you," Judge Moreland concluded.

NEW ARRIVALS

Mr. and Mrs. Conrad Mullin of Hereford announce the arrival of a son that weighed 9 lbs. and 3 ozs. The couple have two girls, Christy and Sheila, to welcome their new brother. Grandparents are Mr. and Mrs. Jess Mullin of Turkey.

Mr. and Mrs. Barry C. Lane of Turkey are the parents of a daughter born December 5. She weighed 8 pounds and 8 ounces and has been named Sasha LaRay.

Paternal grandparents are Mr. and Mrs. Tink Lane of Turkey and maternal grandparents are Mr. and Mrs. Raymond H. Martin of Memphis. Mrs. U. F. Coker, sr. of Turkey is the paternal great-grandmother.

Daisy Power of Dallas suffered a heart attack Wednesday, December 6, and was hospitalized. Mrs. Frankie Bell of Turkey accompanied by Anita Christian of Lubbock left immediately to be with Daisy. Daisy's husband was released from the hospital this past Sunday after having been in intensive care following a recent heart attack.

Elmore Pointer, father of Jimmy Pointer of Quitaque, is seriously ill at his home in Cisco. Mr. and Mrs. Jimmy Pointer have been with his parents on several visits. They spent from Friday until Monday with them. Mr. Pointer appreciates hearing from friends and loved ones in the Quitaque - Turkey area. His address is Elmore Pointer, 612 W. 11th, Cisco, Texas 76437.

Mrs. Pete Blankenship and Mrs. Charlie Grundy were in Lubbock on business last Thursday. They

What Think Ye?

The serene silent beauty of a holy life is the most powerful influence in the world, next to the might of God.

The rocking chair used by a hymn-singing mother has more power to rid the world of evil than the electric chair used by a justice giving state.

Even if you are on the right track you will get run over if you

COUPLE UNITED IN MARRIAGE AT LEWISVILLE

In a ceremony held November 25 at the First Baptist Church in Lewisville, Christi Bryan, daughter of Mr. and Mrs. Joe Bryan of Lewisville, became the bride of Gene Payne, son of Mr. and Mrs. Warren Payne of Quitaque. The Rev. James L. Ballard of Mobile, Alabama officiated the ceremony.

Music was presented by Dora Boone, organist and soloist, with a solo sung by the groom to his bride as they lit a unity candle together.

The bride wore a gown designed by Fink of ivory satin and chiffon, appliqued with alencon lace and seed pearls with a cathedral length train. A matching headpiece was worn of chapel length and she carried a bouquet of roses, carnations and baby's breath.

Traci Bryan attended her sister as maid of honor. Bridesmaids were Terry Wallace of Lewisville and Brigitte Peace of Benton, Louisiana. They all wore pink and burgundy gowns of disco satin.

Flower girl was Shelly Denison, who also wore pink disco satin and dropped pink rose petals as she descended the aisle.

Best man was Salt Jones. Also attending the groom were two brothers, Darrell and Lyn Payne of Quitaque. Eric Vincent and Brian Crawford of Lewisville were ushers and candlelighters.

A reception following the ceremony was held at the bride's home. After a honeymoon to Las Vegas, the couple will reside in Grapevine.

Mr. and Mrs. Darrel Payne of Lubbock, Mr. and Mrs. Lyn Payne and Mrs. Warren Payne of Quitaque attended the wedding.

spent the night with a brother and his wife, Mr. and Mrs. Joe Chandler.

just sit there.

In the footprints on the sands of time some people leave only the marks of a heel.

A young mother was worried about her nine-year-old son. No matter how she scolded him, he kept running around with his shirt-tail flapping. On the other hand, her neighbor had four boys, and each one of them always had his shirt-tail neatly tucked in. Finally the young mother asked her neighbor for her secret. "Oh, it's really simple," she

replied. "I just take all their shirts and sew a trim of lace around the bottom."

Language, like linen, looks best when it is clean.

The father told his little son that he couldn't go to church because he was suffering from a severe case of voluntary inertia. "I bet you are not," the little boy answered, "I bet you are just lazy!"

There are so many people, even church members, who want to go

to the promised land without going through the wilderness.

If all our misfortunes were laid in one common heap, whence everyone must take an equal portion, most people, after beholding, would be content to take their own and depart.

God never promised smooth sailing on the sea of life, but a safe landing.

Let us take a lesson from the lowly oyster: its pearl is develop-

ed because of the irritation of grains of sand.

A smooth sea makes no good sailors —they who undergo no trials enjoy no triumphs —"No battle, no victory."

The world we're living in is mighty hard to beat; you get a thorn with every rose, but ain't the roses sweet?

Now may every one of you have just enough clouds in your life to make a beautiful sunset.

Looking for a Christmas gift idea with a special ring to it?

This Christmas, why not surprise someone you love with a very special phone of his or her very own.

We have so many different ones to choose from. Each with its own unique style and character to express the person (and personality) you have in mind.

You'll be dazzled by the choice of colors too. So if you're searching for a Christmas gift that says something special, call your General Telephone business office soon and we'll help you find just what you're looking for.

FOOD STAMP RECIPIENTS TO EARN MONTHLY QUOTA

Able bodied food stamp recipients aged 18 to 60 in 14 pilot areas will be required to "work off" the value of the food stamps they receive, Assistant Secretary of Agriculture Carol Tucker Foreman announced recently.

In signing final regulations for the pilot "workfare" projects, Foreman said that cities, counties or other political subdivisions that already sponsor public service employment programs or that have demonstrated an ability to operate such a program are eligible to conduct the project.

The Food Stamp Act of 1977 specified that the workfare projects be carried in one urban and one rural area in each of the seven administrative regions of the department's Food and Nutrition Service. The projects will be administered jointly by the department and the U. S. Department of Labor and are scheduled to begin in the spring in conjunction with new food stamp eligibility rules.

Potential sponsors must submit an application within the next 45 days if they want to operate a workfare pilot project, Foreman said. She said that the department is actively seeking cities, counties and other political subdivisions that might participate. It is up to the sponsor to determine what type of jobs food stamp recipients will do, Foreman said.

Foreman also said the Agriculture Department will reimburse workfare sponsors for the cost of keeping records needed to evaluate the program. The Agriculture

and Labor departments will evaluate the costs, benefits and operational feasibility of the program and submit a report to Congress by October 1980, Foreman said.

Basic administrative costs borne by sponsors in running workfare operations will not be federally reimbursed, she said.

Under workfare, employable persons 18 to 60 in families receiving food stamps will be required to work for their household's food stamps if their household's total earned income is less than the value of its food stamps. Workers will receive the equivalent of the federal minimum wage rate to pay for food stamps.

The number of hours a workfare participant will be required to work will be calculated by subtracting earned income from the dollar value of the food stamps the family receives and dividing the remainder by the federal minimum wage.

Participants must have been unable to find paid employment within 30 days after registering for work.

Refusal to comply with workfare requirements will result in suspension of food stamp benefits.

Political subdivisions wanting to sponsor a project should apply to Deputy Administrator, Family Nutrition Programs, Food and Nutrition Service, U. S. Department of Agriculture, 500 12th Street, S. W., Washington, D. C. 20250.

Final regulations on the projects were published in the November 28 Federal Register.

Interest Rate Went Up December 1

Ted D. Jordan, manager of the Federal Land Bank Association of Floydada, announced today that The Federal Land Bank's billing rate on farm and ranch loans and rural residence loans was increased from 8% to 8½%, effective December 1, 1978. This increase in billing rate will affect 20,000 loans in the total amount of \$1.2 billion.

In making this announcement, Jordan stated, "The rapid acceleration of the cost of money in the recent weeks, with the dramatic 1% increase in the discount rate to an all time high of 9½% and an 11% prime rate being charged by commercial banks, are indications of the significant effect in the average cost of funds to finance the Bank's lending programs." Also, he mentioned that the 8½% rate is a very competitive rate in today's economic climate.

The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch land and rural residences throughout Texas, and now has more than \$1.4 billion in loans outstanding. The local association makes and services loans in Floyd, Briscoe, Motley, and parts of Hall counties. Officers and directors of the association are Carroll Garrison, Malvin Jarboe, John Irwin, Edgar Lee and Dorris Jones.

BIDS FOR JAIL REMODELING TO BE OPENED IN JANUARY

Bids for remodeling and enlarging the Collingsworth County jail into the future Collingsworth-Hall Counties jail will be opened either January 4, 1979 or January 11, 1979, County Judge Lester Campbell said this week.

A joint meeting of the commissioners courts of the two counties was held recently in Wellington to accept the plans and specifications from Corgan and Associates, architects of Dallas employed to handle the plans and construction of the project.

Meeting with the Hall and Collingsworth commissioners were representatives of the Donley County commissioners court, and it is hoped by the two counties presently involved in the project that Donley will also join. Both costs of construction and costs of operation can be cut considerably, it was explained, if the third county will agree to participate.

Total cost of the project, which includes utilization of the present Collingsworth jail, is estimated to be \$375,000. Earlier estimates by the architects had been \$330,000 but additional requirements by the federal and state jail standards have increased the costs.

Of the total cost, a grant of \$159,955 from the federal government has been obtained. Governor Dolph Briscoe has given his okay to the grant, and the grant has been accepted by the two counties. If only two counties go into the project, Collingsworth County will pay 60 percent and Hall County 40 percent. (This same percentage will apply to the operation of the jail when completed.) However, should Donley County join the project, the per-

Judge Campbell stated that the architects estimate that from eight to ten months will be required to complete the work once the construction is started.

GOVERNMENT PAYS \$33 MILLION IN 1977 TO HALL COUNTY FARMERS

Hall County farmers and ranchers received \$33,221,000 in marketing and government payments during 1977, the Texas Department of Agriculture has announced.

The total included \$26,963,000 in cash receipts from all crops and \$5,369,000 from livestock and livestock products. Government payments made up \$889,000 of the total.

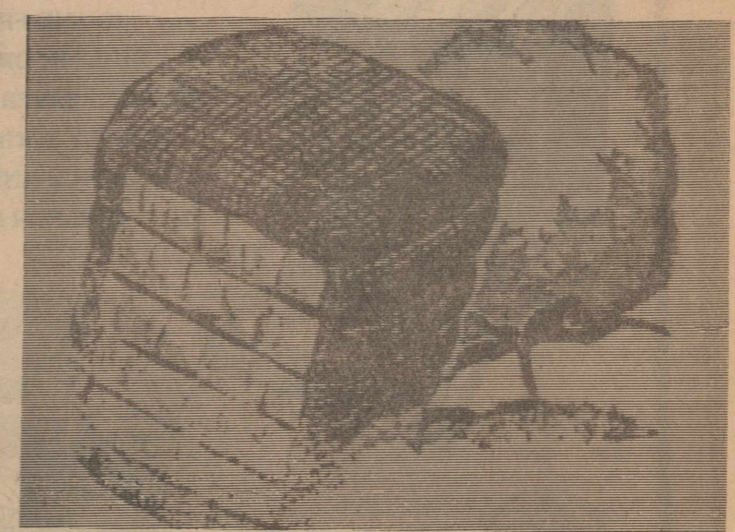

Across the state, agriculture added \$7.1 billion to the economy last year, Texas Crop and Livestock Reporting Service surveys showed, with receipts from all crops almost balancing those from livestock and livestock products. Livestock receipts totaled \$3.5 billion, followed by \$3.3 billion for crop receipts. Government payments made up \$206 million of the total, including over \$120 million through drought and flood assistance programs.

Two Travelers Pass Through Turkey

Sean McGuire and Jon Ruvero, two Berkeley, California youths, arrived in Turkey around noon Tuesday. They are traveling across the country from Alaska to Florida. McGuire is walking the journey while his companion drives a vehicle carrying their gear.

They began this journey June 6 in Alaska, having traveled this far on their way to Florida. They arrived from west of Turkey, stopping at the Bob Wills monument at the west edge of Turkey. They visited a short time at the Big "T" Restaurant and were taken to the Bob Wills Community Center by Rev. Elroy Wisian because they had requested to see the Bob Wills Museum.

McGuire states that his friend, Ruvero, drives down the highway about eight to ten miles and waits for him to walk the distance. Most of the time McGuire is accompanied by his dog, Sweden. The two youth are doing this project in support of the Alaskan Wilderness, which they wish to save for future generations.

WESTWARD DOUGH!

OR
how DO you COVER A Wagon?

The wild, wild West. Land of hope and opportunity to thousands of courageous settlers. But, if it weren't for the dollars of thousands more Americans taking stock in their country, there might never have been a West to go west to.

You see, money raised from the sale of government securities helped us purchase the Louisiana Territory from the French. Other securities helped buy the states of California, Nevada, Utah, western Colorado and most of New Mexico and Arizona from Mexico. Even settlement of the Oregon Territory was made possible through the issuance of United States securities.

Today, you can still take stock in your country's growth by buying U. S. Savings Bonds. Just sign up for the Payroll Savings Plan where you work. There's no easier, safer way to save or help your country. After all, U. S. Savings Bonds are still a great way for you to go West. Or East, North and South.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

A public service of this publication and The Advertising Council.

CELEBRATES BIRTHDAY

Mrs. Murry Morrison and Joe and Mrs. Ruby Cushenberry drove to Dimmitt Sunday to visit their brother, Bailey Eddleman, and help him celebrate his 58th birthday anniversary. Bailey grew up in Quitaque (and was a favorite of those who knew him) and made his home here until a few years ago when he moved to Dimmitt to a home. He has two sisters living there.

Mrs. Weldon Purcell and Mrs. James Cathey were in Childress Thursday on business. Mrs. Purcell went on business for Plants, Flowers & Things.

Mr. and Mrs. James Barefield spent the weekend in Wolforth visiting their daughter and family, Mr. and Mrs. Richard Pittman.

Mrs. Mary Pittman came to Quitaque and spent the weekend with her mother, Mrs. C. T. Rucker.

Denise Bynum, 10-year-old daughter of Mr. and Mrs. Oliver Clark of Quitaque, was rushed to Central Plains Hospital in Plainview Thursday night of last week and she underwent an appendectomy early Friday morning. She is still in the hospital at this writing but recovering satisfactorily.

Reevaluate Toy Buying Policy This Year

Too often the toy buying is overdone. Parents unload eight or ten toys on their children and the children just can't handle it, so says a doctor and director of a guidance clinic. He also said that many parents feel guilty if they don't have numerous toys under the tree on Christmas morning.

Some hints to ease the task for Christmas toy hunters:

A toy should reflect the personality of the child. Don't buy a set of tools for a child who has no interest in building things.

Keep in mind the age of the child and consider his mental and emotional capabilities. Don't give toys beyond his present abilities or potential.

A toy should be fun! Don't choose an educational toy that's all work and no play.

Toys that teach as well as amuse are the ideal gifts, according to doctors.

In Quest Of Peace

Three wise and good men followed a star one night in search of truth, in search of peace. Their quest led them to a town called Bethlehem where lay an infant Babe. Then and there, new hope for mankind was born.

Two centuries later, we are still on a desperate quest for peace. But as yet our path is not as easy as those who followed the light of a star, nor is it likely that we will find our answer in historic Bethlehem. But the message of that place is still as clear, still as strong, if only we heed the words.

Seek Him, and you shall find Him . . . in quiet contemplation, in prayer, in church He waits to welcome you.

Go to church this Sunday. Pray not only for your own needs, but for all the world! Pray for peace! Goodwill to all men!

Who doesn't dream, sometimes? Who doesn't stand gazing into the future, picturing that new house, that graduation day, that wedding ceremony, that deluxe-model car . . . the thousand and one dreams that man holds in his heart?

We realize that a worthwhile life must contain more than just material satisfactions. Without a confident frame of mind, our future will be nothing but tension and uncertainty. Where can we find this inner feeling of courage that will make things easier for us every hour of every day?

Millions of people find it in the Christian faith. The apostle Paul said that he was strengthened in everything he did by faith in Christ . . . and this truth is constantly being rediscovered by men and women urgently in need of something they can trust.

Faith is the key to peace of mind. With faith, you will be able to move mountains of frustration.

LYNDA

Lynda Fogerson
Briscoe County
Assistant Extension Agent

When we think of the Holiday Season, all the joy of this time comes to mind: the sharing of gifts, excitement of children, and the beauty of a brightly ornamented tree.

Many families, however, have somewhat grimmer Holiday memories—brought on by just one unsafe act which caused a needless, tragic accident.

To help you have a safe Holiday Season with pleasant memories, take the following precautions:

*Purchase only UL Listed light strings. For outdoor use, only water-proof cords and lighting should be used.

*Check all lights carefully. Make certain bulbs are not loose in their sockets. Use rubber light socket gaskets and replace if needed.

*Selection of a tree, whether natural or artificial, is a crucial matter. Artificial trees should be labeled flame resistant. Never put light strings on a metal tree—this is a shock hazard—use only spot lighting. Natural trees should be

fresh—deep green, strong scent, no falling needles and trunk butt sticky with sap. Keep trunk in water, and check it daily. Remember, heated rooms dry trees out rapidly, and a dry tree is a fire hazard.

*Inspect all wiring. Watch for insulation deterioration, frayed and bare wires, lights with broken or cracked sockets, or loose connections. Unsafe equipment should be discarded immediately.

*Never overload circuits. By placing more current on a wire than it was intended to carry, overheating and fire can result. Look for the capacity of the wire and follow manufacturer's suggested use.

*Disconnect all lights when working with them. Never stretch the strings or extension cord wiring.

*Always turn off decorative lights when leaving home or retiring. A short circuit could cause a fire while you are away.

*Never set up your tree near the fireplace—this is a potential fire hazard.

*Always dispose of wrappings in a trash container. Don't burn them in the fireplace; they may ignite suddenly causing a flash fire.

*Exercise care with candles—

GIVE A BOOK

Time was when a Christmas gift book was considered a stocking stuffer—as a little something extra. The many books of interest in our society should become the piece de resistance of Santa's bag.

NOT EASY

The poinsettia is one of the most difficult of all flowering pot plants to rebloom successfully, and probably the one most often attempted.

Keep them away from other flammable decorations and place them where they cannot be knocked over.

*If you have children around the holidays, avoid decorations that break easily or have sharp edges and keep tree trimmings that are small or have removable parts out of reach of small children.

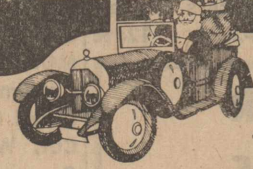

*Keep a fully-charged fire extinguisher handy in case an emergency should strike.

*Know your fire department number and have a plan of escape in case a fire does break out.

*Plan for safety. Remember there is no substitute for common sense.

Have a safe and happy Holiday Season!

NOTICE OF ELECTION

In accordance with and by the authority given in Article 990, Vernon's Civil Statutes, the Commissioners Court of Hall County, Texas, in a called meeting held on Friday, November 17, 1978, does hereby call a special election for Saturday, January 20, 1979, between the hours of 7:00 a.m. and 7:00 p.m. in the usual voting place in Turkey, Texas for the following purposes: the election of a mayor for the City of Turkey for the unexpired term to April 1980, due to the resignation of the mayor; the election of a street commissioner for the City of Turkey for the unexpired term to April 1980, due to the resignation of the street commissioner; and the election of a water commissioner for the City of Turkey for the unexpired term to April 1979, due to the resignation of the water commissioner. This order of election is to be published in a newspaper of general circulation in the Turkey area not less than three times prior to the election. The election will be held in accordance with the standard Texas election codes. This order for the election was passed unanimously by the Hall County Commissioners Court on Friday, November 17, 1978.

Great Aunt Of Mrs. Odis Reagan Buried Monday

Mrs. Drucilla E. Adams, 74, died Saturday in Childress. Services were held Monday in the First Baptist Church chapel with the Rev. James Tynes, pastor of the Assembly of God Church, and the Rev. J. W. Newton of Spur, officiating. Burial was in Lockney Cemetery by Newberry Funeral Home.

Mrs. Adams was born in Oklahoma and married Ben Adams of Canadian, Oklahoma in 1925. They had lived in Childress for 14 years. She was a member of the Assembly of God Church.

Survivors include her husband; five daughters, Mrs. Olga Yates of McAlester, Oklahoma, Mrs. Margaret Stone of Mulshoe, Mrs. Lois Lightfoot of Pearsall and Mrs. Frieda Bryant of Elk City, Oklahoma; three sons, Roy of Casa Grande, Arizona, James of Plainview and Cleo of Wylie; one sister, Mrs. W. W. Anderson of Cheatoah, Oklahoma; two brothers, Jewett and Easton Delozier of Tulsa, Oklahoma; 19 grandchildren and 28 great-grandchildren.

She was an aunt of Mrs. Ella Mason and a great-aunt of Mrs. Odis Reagan, both of Quitaque.

Mr. and Mrs. Reagan and Eva Gail, Mrs. Mason and Mr. and Mrs. Raymond Hamilton, all of Quitaque, visited the family in the home Sunday. Mrs. Reagan and Mrs. Mason drove back for the funeral Monday.

The Adams family once lived in Quitaque for several years. They will be remembered by many here.

4-H Organizational Meeting Held

Area 4-H and Youth Specialist Martha Couch from Lubbock and Briscoe County Extension Agents Earnest Kiker and Lynda Pogerson met with 21 4-H'ers and parents for an organizational meeting in the Quitaque Community Center Tuesday, November 28.

Miss Couch used a slide presentation to illustrate what 4-H is and how youth and adults can be involved in the 4-H program. She stated that the three largest 4-H projects are foods, clothing and horse, but stressed that there were numerous other projects of which many people were less aware, such as photography, dog care and training, consumer education, safety, bicycle, home improvement, and others.

Using a flip chart she illustrated the roles and responsibilities of the 4-H member, the parent, the adult leader, and the Extension Agents.

Since Quitaque is involved in the Community Improvement Program, the 4-H specialist suggested ways in which 4-H members and youth could be involved in citizenship and community service.

She concluded by discussing projects and activities that could be undertaken in a Teen 4-H Club, and a meeting of this age group was scheduled for December 11.

Extension Agent Earnest Kiker

GED TESTING TO BEGIN

IN CHILDRESS SATURDAY

The Childress GED Testing Center will open for testing December 16, 1978 beginning at 8:00 a.m. in the study hall at Childress High School, 800 Avenue J NW. Persons interested can call the high school to find out more details.

The GED Test is made up of five sub-tests. They are English, Social Studies, Science, Literature and Mathematics.

These five tests must be passed before a person can qualify for receiving a Certificate of High School Equivalency. The entire testing session takes from six to eight hours and all five tests must be taken to complete the GED. Once passed this GED Certificate can be used for entering the job market, entering trade, technical or academic schools for higher education, entering the armed forces, or for personal satisfaction.

Further information can be obtained from Herman Vinson at Childress High School, 817-937-2531.

Willie Gragson and daughter and their granddaughter of Wellington spent Sunday visiting their parents and grandparents, Mr. and Mrs. A. E. Gragson, in Quitaque.

gram. Schedules of planned leader activities at the State 4-H Center in Brownwood were distributed to interested leaders. Refreshments were provided by several members of the Community Improvement Committee.

THE AG SIDE
Presented By
DANNY FUSTON

Conservation emphasis from land to water is turning heads at least in the southwest and mid-central plains. The conservation research for water is going a lot deeper than just fun-off. The programs on conservation of water run from the efficient use of irrigation water to the conservation of the rainfall that takes place directly on the soil. An example of this was first used a couple years back by a group in the Oklahoma Panhandle. Plastic sheets were placed over plots and holes cut in the plastic for the plants. The results were astounding, it took only half the amount of water to grow the plant. Although the cost was too high for immediate use, ideas in other areas have been helped. The development of new breeds of feed grain for dryland farming is one of the better developments in the use of less water for maximum production. Some of the programs now being tested for water conservation is direction of rows, furrow spacing, and the expert timing of irrigation water.
