It's "Too Wet To Plow" All Across The Valley

In a normal year in the first week of June farmers in this area anxiously scan the skies when clouds appear, worrying about crops that have recently been planted, wondering if they will have to be replanted, or the farmers will be wondering if it will rain enough and soon enough even to get their crops planted. This is not a normal year, however, for the rains started falling earlier than usual and it is still too wet to plow.

Not very many farmers have managed to plant anything as yet and few, if any, will not replant what has been planted.

Driving around the local countryside a person is reminded of an oldtimer's description of one of the local riverbeds: "There she is folks; too thick to drink and too wet to plow!" A lot of the valley is in that condition—terraces full of water and many of the low places still under water.

The current rainy cycle start-

ed on Sunday afternoon, May 27, when from three to five inches and more fell starting southwest past the Turkey-Bridle Bit area. Along with the rain, a great deal of damaging hail fell in a four to five mile strip from south of Quitaque to Bridle Bit. A hail storm moved in on Turkey from the north causing much damage in that city, damaging most of the homes (rooftops and windows) and damaging autos and pickups. A great deal of damage to buildings, vehicles and other property, was suffered south of Quitaque.

Since that storm hit the area several showers have fallen all over the area, keeping the fields soaked.

The countryside now needs a lot of warm, dry weather for a change.

Tuesday night's showers seemed to average about .3 of an inch. South and east of Turkey heavier rains of 2½ inches or more were reported.

Blood Pressure, Diabetes Screening Clinic Planned June 14 at Quitaque

A blood pressure and diabetes screening clinic will be conducted at the Quitaque Community Center from 10:00 a.m. until 2:00 p.m. on June 14.

The clinic is sponsored by the Briscoe County Family Living Committee working with the Texas Agricultural Extension Service. Rita Anderson, Public Health Nurse from Memphis, will be conducting the testing.

There is no cost for either of these checks. Everyone is urged to take advantage of this service.

High blood pressure is a disease for which there are no reliable symptoms. Regular blood pressure checks are the only accurate methods of diagnosing the disease.

Mrs. Johnnie Morrison is the committee member in charge of the testing in Quitaque.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Missionaries To Africa

Visit In Quitaque

The Rev. and Mrs. Roy Davidson and daughters, Gay and Gwen, were guests in the home of Mr. and Mrs. O. R. Stark, jr. in Quitaque from Saturday of last week until Thursday this week.

The Davidsons have been in Africa as missionaries for the past 13 years. They have been home on furlough three times. They have been in the States since December 1978 and are living in Augusta, Georgia.

Rev. Davidson spoke at the First Baptist Church Sunday morning. Before he went into the pulpit, he asked his wife to tell about some of their work in Africa. They are now stationed at Botswana, located in the southern part of Africa. They were stationed at Malawi for part of their ministry in Africa. They both brought good messages and told of the great blessings the Lord has bestowed on America, and how primitive the conditions are in Africa. (It also showed how selfish America has become.)

Monday morning, Mrs. Davidson met with the Women's Missionary Society and showed a film and discussed it with the ladies. Those who were present report a very enlightening and interesting service.

There were 12 ladies present. They were Meses. Davidson, A. E. Gragson, Lillian White, War-

ren Payne, Thelma Loving, A. C. Barrett, Glen Ramsey, Leon McCracken, James Cathey, Elvie Hamner, R. J. Harmon and Willie Woods.

GRAGSON ROUND-UP HELD IN LAS VEGAS, NEVADA

Mr. and Mrs. A. E. Gragson drove to Amarillo May 17 and left their car there, emplaning for Las Vegas, Nevada to attend the Gragson Round-up, which was held the weekend of May 19-20. A. E. Gragson received a plaque for "riding the trail the longest." His brother, Nelson Gragson, received a plaque for having the largest "herd," including four children, ten grandchildren. A niece, Evelyn Gragson Pruter, received a plaque for traveling the furthest to attend the Round-up. She came from Alaska.

This was the A. E. Gragson's first trip by plane. They report the view over Grand Canyon and Boulder Dam was breath-taking. They were gone for six days.

Micro-Mini Tractor Pull Slated Saturday Night

The Quitaque Firemen's Women's Auxiliary is sponsoring the Texas Micro-Mini Tractor Pull Saturday, June 9, in the Valley Gym starting at 7:00.

All proceeds will go to the Quitaque Fire Department. Admission prices are \$1.50 for adults and \$1.00 for students. Children under five years of age get in free.

This should be a night of fun. Make plans now to attend.

Lions Club Has Bargain In Trees

In a unified effort to enhance the beauty of our community and the surrounding area, the Quitaque Lions Club has taken on the project of selling a large variety of fruit, nut and shade trees to anyone interested.

A list of these trees as well as an order form is included in this week's paper. The Lions Club invites anyone in Turkey, Silverton, Quitaque, or elsewhere to feel free to take advantage of this offer.

The trees will be brought direct from the nursery prepackaged, so as to give a much healthier tree than those that have been sitting in a store for several days or weeks. Delivery will be in February, and no money is required until the purchaser receives the tree.

The prices on these trees are well below the prices asked in Amarillo and Lubbock for the same size trees.

The Lions Club feels that this is one of the most worthwhile projects it could undertake to make the Valley an even better place to live.

Firemen's Women's Auxiliary To Have Softball Tourney

The Firemen's Women's Auxiliary of Quitaque will sponsor a men's and women's slow-pitch softball tournament July 19-20-21 in Quitaque.

Turkey Firemen's Women's Auxiliary Had Bridge Tourney

The bridge tournament sponsored by the Turkey Firemen's Women's Auxiliary began at 10:00 a.m. Saturday and continued until 3:00 p.m. It was held in the Senior Citizens Room at the Bob Wills Community Center.

There were six tables in all. First prizes went to Fredia Fuston and Beth Mills. Second prizes were awarded to Cleo Ham and Jimmie Sue Mullin.

Valley Students Win Gold And Silver Medals In State Competition

Cindy Griffin, a junior, and Dana Ramsey, a sophomore, left Friday for Austin for the State U.L.L. Piano Solo Competition. They were among several thousand band, choir and ensemble groups from all over Texas who placed highest in their regional contests to win the trip. Cindy and Dana both qualified by making a I (the highest possible grade) at regional in Lubbock. They were accompanied by their teacher, Mrs. Ross Herrington, and Lisa Herrington, Mrs. Glenn Ramsey and Mrs. Weldon Griffin.

Cindy Griffin performed at the Music Building Recital Hall of the University of Texas with Dr. Richard Morris as judge. Dana Ramsey played at Burdine Recital Hall with Dr. Drusilla Huffmaster as judge. All classes of schools were entered together, not just Class B schools.

After the grades were posted, it was discovered that Cindy was one of the 3% who had made the highest possible grade of I and received a gold medal. Dana also performed very well and made a II and received a silver medal. Approximately 8% of students entered made a II. Most grades posted were III's or IV's. The fact that these girls were playing beside AAAA and AAA school students only enhances their proficient performances. Valley School and the community is extremely proud of these girls and they are to be congratulated.

Jimmy Davidson Named Quitaque's "Man Of The Year"

Jimmy Davidson was honored Monday at the "We the Women" luncheon as "Quitaque Man of the Year." He was chosen by votes cast in ballot boxes in the community from a group of six men who had been singled out as nominees for this honor. The others were Jake Merrell, O. R. Stark, jr., Grady Tyler, Monte Stephens and David Brunson.

Davidson moved to Quitaque with his parents in 1946 from Hall County. He graduated from Quitaque High School in 1954, and attended Texas Tech for two years before serving in the United States Army for two years. He returned to Quitaque after being in the service and has been with the First National Bank since November of 1959. He can best be remembered by many Quitaque young men for being the Boy Scout Leader for 13 years. He is also a member of Masonic Lodge, Lions Club, and is active as a volunteer fireman, ambulance attendant and is a certified Emergency Medical Technician. He and his family are members of the United Methodist Church and have been very active in the church and community in every capacity.

Davidson and his wife, Clara Ruth, have two sons. Jimmy Don will be a senior at Texas Tech next fall, and Jon David is a spring graduate of Valley High School.

Quitaque is fortunate to have a man like Jimmy Davidson, who is loved and respected by everyone. On receiving the award, he commented that he didn't do any of these things to receive recognition or award but just because he wanted to. In thinking of Davidson, the phrase "... one brotherhood uniting

all mankind in service and love" comes to mind, because this describes this man who has so unselfishly given his time and love to the service of his fellowman.

What Is Y. E. A.?

by Teresa Turner

What is YEA? I doubt if many of you are asking that question. YEA stands for Youth Evangelistic Alliance. It is to sponsor a 4-day Crusade which will be held at the Valley Football Stadium. This is an 8-month-old organization of Valley High students and many adult leaders have been working through the common bond of Christianity to put this together. The Crusade will be June 14-17.

Each night, Thursday through Saturday, services will begin at 8:00 p.m. On Saturday night at 6:00 there will be a barbecue meal. On Sunday at 3:00 p.m. the final service will be held.

The preacher will be Richard Dunigan from Greenville, Texas. The songleaders are David Garrett from Mesquite and David Crane from Grand Saline, Texas. Both Davids have been in revival meetings at the First Baptist Church in Quitaque.

It is hoped that God will bless the progress that has been made for this event and that it will be used to the greatest potential for His kingdom.

Remember to "pray for YEA"! Psalms 34:2, "Let us praise the Lord together, and exalt His name."

Mr. and Mrs. Tut Garnet of Matador visited in the Bill Farley home.

McCrackens Win Yard Beautification Award

Leon and Lockwood McCracken were singled out as having the most attractive and neatest yard for the month of May. Their yard is always meticulously groomed and the large expanse of grass looks like carpet without a blemish in it. They have flowers blooming and fruit trees in the spacious back yard. Lockwood has provided several bouquets of roses from her yard for the coffee time at Roye's.

This is the second time in three years that Leon and Lockwood have received the "Yard of the Month" honor and they also kept the lawn at the Baptist Church for several years in the same attractive way they have done their home. When they were recognized as the recipient of the honor for this month, Lockwood was missing from her usual place at "We the Women." She was found mowing the grass at the old Chandler home. Typical!

"We The Women" Entertains Guests

There was a lot of fun and excitement at the regular meeting of "We the Women" Monday because there were many guests present and honored for the day. All of the men who had been nominated for "Man of the Year" were present. They were Jake Merrell, O. R. Stark, jr., Jimmy Davidson, Grady Tyler, Monte Stephens and David Brunson. Jimmy Davidson was given a plaque with the inscription "Quitaque Man of the Year."

The students who had represented Valley High School at some of the events in the State Interscholastic League were present and were recognized. Cindy Griffin and Dana Ramsey went to State in piano and were introduced by their teacher, Mrs. Ross Herrington. Jimmy Davidson introduced the girls' and boys' relay track teams who both went to State. The girls were Dana Ramsey, Karla Meyer, Debra Clinton and Nadine Rice. The boys who were present were Joe Kirk Smith and Jon David Davidson. Lisa Herrington was introduced as representing Valley in tennis at State. Quitaque is proud of each of these students for their good conduct and sportsmanship as they represented the school and community.

Roy and Patsy Davidson, who pastored the First Baptist Church in Quitaque 17 years ago, were also guests at the luncheon. They are missionaries in Botswana, Africa, and are now living in Augusta, Georgia, while home on furlough.

Lynnette Barefield gave a demonstration of a CPR (Cardiopulmonary Resuscitation) lifesaving technique and stated that there will be another class in CPR training as soon as 20 people sign up. Quitaque is fortunate in having four qualified instructors in CPR and it would benefit everyone to take this course.

A delicious "Mexicane Fiesta" was served by Johnnie and Judy Morrison and tables were decorated with flags in recognition of Flag Day. The next meeting will be on the first Monday, July 2.

Vincent - Ferguson Vows Exchanged

Leatrice Vincent and Bruce Wayne Ferguson exchanged wedding vows at the First Methodist Church in Clarendon Friday, May 18, at 7:00 p.m. The Rev. Robert Brown officiated.

The bride is the daughter of Mr. and Mrs. Edward Vincent of Lefors, and the bridegroom is the son of Mr. and Mrs. Eugene Ferguson of Turkey.

The double-ring ceremony took place before an altar lighted by three arched seven branched candelabra holding white tapers enhanced by white bows in a sea of greenery.

Organ selections preceding the ceremony were played by Mrs. Dee Williams and included "Traumeri," "O Perfect Love" and "Wedding Prayer." The traditional wedding marches were used. Duets, which were a part of the ceremony, were "What a Difference You've Made in My Life" and "The Lord's Prayer," sung by Mrs. Keith Fields, sister of the bride, and Mrs. Joe Watson, cousin of the bride. The pianist who accompanied them was Mary Ann Nichols. Mrs. Fields and Mrs. Watson wore identical formals of soft yellow with long pleated skirts.

The bride, given in marriage by her father, wore a formal length white wedding gown with a fitted lace bodice, Fescher lace neck and sleeves, and full flowing skirt which swirled into a chapel length train. The veil of net was trimmed with lace scallops held in place by a matching lace band. For something old, the bride wore her grandmother's diamond earrings. Something new was her veil; something borrowed, her dress; something blue was the traditional blue garter, and for good luck, she placed a sixpence from England in her shoe. The bride's bouquet was of yellow daisies.

Attending the bride as matron of honor was her sister, Carol Vincent of Lefors, who wore a yellow gown of qiana with formal length pleated skirt. She carried a nosegay of daisies.

The bride's mother wore a long peach colored gown of polyester knit. The bridegroom's mother was attired in a floor length gown of teal blue polyester. Both wore orchid corsages.

Best man was Joe Bob Crowell, brother-in-law of the groom. Ushers were David Brown and Leck Fuston, relatives of the bride and groom.

A reception was held in the Fellowship Hall of the church following the ceremony, and Carolyn Furr registered the guests for both the wedding and reception.

Silver candles and daisies provided decoration for the tables where punch was served from a cut glass bowl. The three tiered wedding cake was covered with daisies from which peeped love birds.

The bride is a graduate of Lefors High School and Clarendon College where she was affiliated with the National Honor Society.

The groom graduated from Turkey High and finished Texas Tech. He is employed by the ASCS in Clarendon, where the couple will make their home.

Mrs. Roy Shepherd of Throckmorton had surgery in Snyder Hospital Monday of this week. She is the mother of Mrs. Sid McFall, who went to be with her mother during the surgery. She reports her mother came through in good condition.

Eudy - Phillips Vows Exchanged Recently

William Douglas Phillips of Amarillo and Karen Lee Eudy of Fritch were united in marriage Sunday, May 27, at 3:00 p.m. at the Trinity Fellowship Church in Amarillo. Pastor of the church, Jerry Phillips, the uncle of the groom, performed the double ring ceremony.

The large tiered cake was decorated with white icing and orchid flowers. Grape punch and white mints were served with appointments of crystal and silver.

Jayne Eudy, cousin of the bride, Laura and Lana Fuston served at the bride's table.

at Trinity Fellowship, followed by a dinner at The Country Barn hosted by Dean Phillips and Mrs. J. R. Brissey.

Mr. and Mrs. Homer Parker of Fort Worth were recent visitors with Mrs. Annie Parker in Quitaque. They attended the wedding of Mrs. Annie Parker's granddaughter, Karen Eudy, to Doug Phillips. The wedding was held in Amarillo.

Mr. and Mrs. Jesse Turner, Teresa and Stephen were in Amarillo Saturday for Stephen's medical checkup. On Sunday they attended a reunion of the Clemons family, Beth's family.

Mr. and Mrs. Lon McKay recently visited Mr. and Mrs. Melvin Justus, Jeff, Chad and Jake in Mustang, Oklahoma, spending three days there. The Justus family has moved from there and is now living at Yukon, Oklahoma where they are in the process of building themselves a new home.

Mr. and Mrs. Wilburn Hamner of Houston spent the Memorial holiday visiting his mother, Mrs. Elvie Hamner.

The bride is the daughter of Mr. and Mrs. Tom J. Eudy of Turkey. The bridegroom is the son of Mrs. J. R. Brissey of Quincy, Washington and Dean Phillips of Amarillo.

The bride was escorted to the altar by her father. Two large Boston ferns on gothic columns flanked the altar. A table, covered with an ecru cloth, held the large antique white unity candle, two lighted tapers and two long stemmed roses. The communion table was covered with a white linen cloth, with drawn embroidery of the bridegroom.

The bride wore a full-length gown of candlelight chiffon, gathered at the waist with a satin cummerbund. She wore a lace covered hat with a tulle headband train, and carried a cascade of gardenias, stephanotis and ivy. She had a borrowed old penny in her shoe and wore a borrowed blue garter. Her dress and hat were new and were made by the bride.

Mrs. Jack D. Fields of Claude, sister of the bride, was matron of honor. Bridesmaids were Kathy Hodges of Tulia and Mrs. Rex Adamson of Lubbock. The attendants wore ankle length sheer dresses of turquoise and plum floral fabric. They carried nosegays of Chantilly roses, orchid daisies, purple flowers and baby's breath showered with antique satin streamers.

Tommy Brissey of Quincy, Washington, brother of the groom, was best man. Groomsmen were Steve Cole and Jimmy Albracht of Amarillo.

The bride's mother was attired in a light aqua dress and the bridegroom's mother wore a burgundy silk suit. The three grandmothers of the couple wore dresses of pastel spring colors and all added corsages of cymbidium orchids.

Jill Eudy, cousin of the bride, played musical selections while the guests were being seated, including a special song, "Music Box Dancer." The processional and recessional was "The Hallelujah Chorus." During the ceremony, she played another special song, "Ice Castles." Craig and Sherice Felty of Amarillo sang special selections, one of which was "In Remembrance of Me" just before the couple partook of communion. They lighted the unity candle, then each gave a single long stem Chantilly rose and a kiss to their mothers.

Christi Parker of Canyon, cousin of the bride, registered the guests. Ushers were Terry Todd and Kevin Donnell, Amarillo, friends of the groom.

Immediately following the ceremony, the reception was held in the Trinity Fellowship Hall. The bride's table was covered with a white appliqued wedding cloth.

FARMERS UNION IS

STANDING PROUD

The last few months have been very busy for many Farmers Union members.

We have attended four major meetings plus the Washington Fly-In, and lobbying in Austin. We have traveled approximately 7,000 miles. We made our policies at the Texas Convention, combined them with all the other states at the National Convention. We know what we want and tell the story like it is in a business-like manner. This is the way it should be. If more farmers would come in with us, we could get a lot more done. We can't understand why they don't.

F. U. has been organized 77 years. It takes years to build an organization like F. U., and yes, it gets better each year. It has withstood several major wars, the good years and the bad years. Outsiders have tried to take it over, others have tried to tear it up, but the F. U.'s Constitution is strong.

Well, it's all over for awhile, but not for our state and national presidents and all their staff members; it is not over for our Washington staff and our lobbyists. All these people work year around. They are specialists. F. U. has qualified personnel ready to meet with anyone anywhere in the world at any time if it will help sell farm commodities or get higher prices. You can't do any better than that!

Family Farmers for Parity.

Mr. and Mrs. Lon McKay spent last weekend visiting in Amarillo with Mr. and Mrs. Corky Davis and Mr. and Mrs. Dwight McKay and family.

Weed control in the home garden depends on garden size, kinds of vegetables being grown and types of weeds.

Weeds (any unwanted plants) compete with vegetables for soil moisture and nutrients. They have extensive root systems and flourish under a variety of conditions.

Effective control of weeds depends on how they spread. Crabgrass and other annual weeds survive by seeds. Perennial weeds such as bermudagrass and johnsongrass survive both by seeds and underground plant parts.

Seeds are transmitted by wind, water or animals. They may also reach the garden in improperly prepared compost, manure or other organic matter added to the soil.

Some weed seeds remain viable in the soil for years. They and underground storage parts contain stored food reserves to support weed seedlings until they emerge and are exposed to sunlight.

Herbicides or chemical weed killers are the least desirable home garden weed control. While they are a necessity in commercial crop production to reduce labor and achieve maximum yield, there are not enough chemicals with a wide enough margin of error to be used safely and successfully in home gardens. Also, most herbicides are effective on specific weeds in specific crops, and most gardens contain a variety of vegetables. Furthermore, herbicides are expensive; a gallon can cost \$70 or more.

The best method is probably "hoeicide," using a sharp hoe. Most gardens are small enough to be weeded with a hoe or by hand pulling. This is most effective when done regularly and when weeds are small.

Mulching makes weed control easier. A three-inch mulch layer (after it settles) controls annual weeds from seed and prevents many weed seedlings from reaching light. Also, those that do push through are easier to pull.

Euonymus, a popular shrub in Briscoe County, is often damaged severely or killed by euonymus scale. These scale insects are found on the shrub's leaves, stems and trunk.

There are two or three generations each year. Scale insects spread to new foliage during the crawler stage which first appears during May. As crawlers begin to feed, a wax covering forms over the insect.

Summer oil will control adult euonymus scale. Malathion or diazinon added to a summer oil and water mixture will control crawlers. Two or three insecticidal applications may be required to control scale insects. Thorough coverage of the entire shrub is important.

Inspect euonymus 10 to 14 days following each insecticidal application. The waxy covering will remain on the plant even after scale insects have been killed.

Rub scales on a leaf or stem to determine if they are still alive. If a yellow liquid can be forced from the scales, they are still alive and another insecticidal application will be required. If only brown and white waxy scale coverings are removed when rubbing leaves and stems, the scale insects are dead.

Be sure to follow directions on the insecticide label when spraying for euonymus scale. Too much oil in the mixture can damage the foliage.

Texas horse owners should begin plans to vaccinate their animals against Eastern, Western and Venezuelan Encephalomyelitis. This sleeping sickness is caused by viruses transmitted by mosquitoes.

Early clinical signs of the disease are depression and high fever. Diminished reflexes, a drooping lower lip, reluctance to move and incoordination soon follow.

Horse owners should consult their veterinarians about vaccination against all types of the disease. Following the initial series, annual booster shots are required.

These vaccinations are worth the trouble since prevention is cheaper than treatment or losing a valuable animal. Since the

FORMER AREA RESIDENT DIES IN AUTO ACCIDENT IN NEW MEXICO

The funeral services for Mrs. Emma Cassidy, 73, of Texico, New Mexico were held Tuesday, June 5, 1979, at 2:00 p.m. (MDT) in Steed Memorial Chapel with the Rev. J. W. Doke and the Rev. Gerald Woods officiating. Burial was in Sunset Terrace Memorial Gardens Cemetery in Farwell.

Mrs. Cassidy was killed early Sunday morning in a two-car accident when the cars hit head-on in a dense fog just a mile from the Texas-New Mexico line.

Mrs. Cassidy was born in Mineral Springs, Arkansas. Her husband, Carey A. Cassidy, preceded her in death in 1974.

Survivors include three daughters, Mrs. Dorothy Pruitt and Mrs. Beverly Gamble, both of Clovis, New Mexico and Mrs. Judy Cummings of Friona; a son, Phillip of Gruver; two sisters, Mrs. Iva (James) Barefield of Quitaque and Mrs. Mae Reeves of Plainview; two brothers, Greer Smith of Nashville, Arkansas and Arthur Smith of Clovis, California; 13 grandchildren and three great-grandchildren. Mrs. Bud (Charlie) Bailey is a niece.

Those attending the services from here were Mr. and Mrs. James Barefield and Joey, Mr. and Mrs. Greer Smith of Nashville, Arkansas, Mrs. Bud Bailey, Mrs. Janet Turner and Jim Stell.

Mrs. Dwain Henderson and her mother, Mrs. H. M. Cowell, of Silverton were in Quitaque on business Monday of this week. (They were shopping for what they couldn't find in Silverton.)

Mrs. Ralph Carter spent from Wednesday until Friday in Central Plains Hospital in Plainview. She underwent minor surgery but is home and reports she is doing fine.

Kevia and Keith Price of Amarillo visited last week with their grandparents, Mr. and Mrs. Cecil Price, in Quitaque and Mrs. Virginia Dudley in Turkey.

course of the disease is short, treatment is generally unsuccessful. Also, treatment costs would pay for several animals' vaccinations each year.

To aid mosquito control, insect repellents, sprays and screened enclosures for night stabling may be helpful.

Eddie Allen Gonce and Beverly Hulsey of Hereford are spending this week visiting Mrs. J. A. McKay. He went home Sunday and returned to Quitaque Monday.
