

Wheat Harvest Is On, Light Crop Seen

Huge Tank Gives Movers A Workout

The moving of a massive butane storage tank 62 1-2 feet long and weighing 79,000 pounds from two Santa Fe flat cars on which it was shipped to a recently built concrete pier erected on the Clovis highway by the Muleshoe Liquefied Gas company, Muleshoe Wednesday gave a Levelland moving firm a stiff workout and Muleshoe people something to watch for quite a spell. While it may be a common sight in the oil fields it was very unusual here.

The huge tank holds 30,000 gallons of butane. It nearly triples the storage capacity of the local firm, whose owners are Raymond Green and E. O. Baker.

Two large Diesel trucks were required to do the job of moving. The tank was fastened to each truck bed and the trucks then got into line, one going forward, the other backing in line with the first.

Alfalfa Crop Is Rolling To Town

The alfalfa movement in Muleshoe is in full swing, and the Muleshoe Alfalfa Dehydrating Company mill here is working full blast to keep up with the harvest, Bob Herrington, manager, said.

Two large Diesel trucks were required to do the job of moving. The tank was fastened to each truck bed and the trucks then got into line, one going forward, the other backing in line with the first.

Gene Autry Rodeo Showing At Lubbock

West Texans by the thousands will have their second opportunity in as many years to see the famous cowboy movie star, Gene Autry, in a personal appearance in Lubbock four nights beginning June 9.

Autry stars in the World's Champion Rodeo, opening on that date and continuing through June 12, with nightly performances starting at 8:00 p. m. in the new Clifford and Audrey Jones Stadium at Texas Tech. The American Business Club again is sponsoring the show, proceeds of which will be placed in the capital fund of the Lubbock Boys' Club.

Roberts Buys Funeral Home In Muleshoe

Purchase of the Muleshoe unit of Steed Funeral Home by Loyd O. Roberts, recently of Wharton, Texas, was announced this week by Mr. Roberts and L. V. Sparks of Clovis, co-owner and manager of the business. The Steed company will continue its funeral home in Clovis.

Mr. and Mrs. Roberts and their two small daughters already have moved here to live.

Mr. Sparks turned over the business to Mr. Roberts June 3.

Wheat Test To Be Shown Tuesday

A formal inspection of the experimental wheat plots growing on the Millen place northeast of town will be held the coming Tuesday, June 15, County Agent Adams announced today. He said the veterans agriculture classes, numbering about 80, are making plans to attend on that day, and in addition he hopes to have some extension officials and others present.

REBEKAHS MET

Members of the Muleshoe Rebekah Lodge met at the hall Tuesday night. After a business session was over a forty-two party was enjoyed and everyone reported a nice time. All members are urged to be present next Tuesday night for drill practice.

NEW BAPTIST PROGRAM

A new West Plains Baptist hour over Radio Station KVOW, Littlefield, will begin Friday morning at 10:15 and will be heard each Friday thereafter at that time. Rev. A. W. Blaine, radio and publicity committeeman, made the announcement of the new program.

Hedges To Teach Agriculture Here

Willard Hedges, the envy of all Plains football coaches when playing a few years ago for Olton high school, is now a resident of Muleshoe.

Hedges has accepted a position as an instructor in Bailey county veterans agriculture schools. Recently he has been teaching at Hale Center.

Local football fans are suggesting that the new resident would make an ideal assistant to Coach James A. Beam, who has been doing two men's jobs with high school athletic teams.

Ramm Grows Fine Oat Crop

Walter Ramm, residing northwest of Muleshoe, is bringing in some of the highest quality oats seen here in a long time.

Ray Griffiths, local elevator man, told The Journal that the grain is very heavy, weighing 38 to 40 pounds to the bushel, and that the oats have a nice red color.

Mr. Ramm estimated that on the first patch he was cutting he was getting about 80 bushels to the acre. Mr. Griffiths said this is a high yield for the territory.

Wheat Test To Be Shown Tuesday

A formal inspection of the experimental wheat plots growing on the Millen place northeast of town will be held the coming Tuesday, June 15, County Agent Adams announced today. Recreation Program Gets Underway Here

Renaming Streets JayCee Proposal

Members of the Muleshoe Junior Chamber of Commerce at a meeting Friday night went on record as favoring the renaming of Muleshoe streets in the interest of clarity, and appointed a committee to confer with the city commission on the subject.

Speakers pointed out that in most towns of the Plains streets have been named in alphabetical order in one direction and have been designated numbers in the other direction.

Hospital News

Edith Henry had a tonsillectomy this week. She has been discharged.

Luelle Burge was a medical patient several days. She has gone home.

Robert Hunt, son of Mr. and Mrs. Buford Hunt, had a tonsillectomy the past week. He has been discharged.

ATTEND A & M GRADUATION

Mr. and Mrs. Arnold Morris and daughter, Barbara, were at Texas A. & M. College graduation exercises this week when Marshall Morris, son of the couple received his BS degree. Graduation was June 4. Marshall and his wife will go to Seattle, Wash., where he will enter the service of the Plains association, will preach at Main Street Baptist church here the coming Saturday night, Sunday morning and night.

WORN ON THE LEFT HAND OR SIDE, RUBIES WERE BELIEVED TO PROMOTE PEACE WITH ONE'S ENEMIES.

WEARERS OF THE RUBY ARE SAID TO ATTRACT HEALTH, WEALTH, WISDOM AND SUCCESS IN LOVE.

Copyright 1948 Jio

The youth recreation program, sponsored by the Muleshoe Lions Club for the youth of Muleshoe officially started Tuesday, June 8th. The program is designed to include all children of school age. Activities take place in the morning from 9:00 until 11:00, and in the evenings from 6:00 until 8:00.

At the present time the local school grounds are being used for the activities, but it is expected that by Monday the city park will be leveled off and places provided for the different games.

The program is being planned especially for the children and if there are enough children desiring any particular game or sport not included in the program, it will be arranged.

Boy and girls softball leagues are being organized at present and games will be announced for play-offs to take place during the evening sessions of the recreation program. There will also be football and basketball for those who prefer them. The school basketball court will be available as soon as the floors have been refinished.

Tournaments are also being planned for playoffs in table tennis and volleyball. As soon as arrangements are made there will be badminton, croquet and horseshoe tournaments.

If possible, arrangements will be made to go swimming at least once each week in Clovis. It is believed enough parents will volunteer the transportation to make this possible.

All children are urged to attend these sessions now in order to be placed on one of the softball teams at the earliest possible time.

Director of the program is Don Jackson, of Oklahoma City, who is 24 and single. He is a student in the University of Oklahoma and is to receive his degree in January. Mr. Jackson is majoring in child psychology, and his minor course is in social work. During the war he was a pilot in the Army Air Corps in the Pacific. During his school days at Elk City high school and in the University he has been active in all sports, and was on all conference basketball and football teams.

First load of wheat to be reported to The Journal was received Tuesday by King Bros. Grain & Seed Co., and it was believed this load was the first of the new crop to be harvested and brought to Muleshoe.

Conrad Williams was again first with a load of new wheat for Muleshoe. He brought the first load of 1947 wheat to the city last year.

Mr. Williams began the work of harvesting a large acreage this week. The grain was thoroughly dry testing only 13 per cent moisture content. It weighed about 59 pounds to the bushel the elevator reported.

The first load came in this year several days ahead of the normal beginning of the harvest in this territory. Usually, little wheat is cut before the 20th of June and harvest is usually in full swing by the 4th of July.

The dry weather has contributed to the early maturity of the wheat this year. There will be little grain harvested this year from dry land fields. No moisture was received on the crop this year, in fact many of the fields were plowed under as rains failed to arrive in time to mature the grain. Only a fraction of the wheat harvested in this territory will be garnered this year, local elevators men believe.

Wheat was bringing around \$2.00 a bushel Tuesday. Kings paid Williams \$2.05 and said the market was probably about \$2.03.

BAILEYBORO WMS MEETS THURSDAYS

The Baileyboro W. M. S. met the regular day being Thursday of each week, beginning at 2:30 o'clock.

There were nine present. Mrs. Claud Coffman gave the devotional on stewardship. Mrs. Bill Huckabee gave a discussion on the 22nd chapter of Matthew. Next Thursday we will take up the first chapter of Mark. We are looking forward to getting our literature for our next meeting. Reporter.

Good Rains Fell In Stegall Vicinity

F. A. Kopplin, who owns land near Stegall, in the south part of the county, was all smiles as he came into The Journal office Wednesday afternoon to tell the editor about some fine rains that have fallen in some parts of that community. He said rains fell Monday morning and again Wednesday afternoon. He was told by one farmer that another rain in July will make this crop on one place he owns there. When digging into the ground he found that the soil was wet to a pleasing depth.

ATTENDS WTSC

Mrs. J. J. DeShazo is attending summer school at WTSC, Canyon.

HOME FROM A & M

J. J. DeShazo, Jr. is home from A & M College for a few days before reporting to the ROTC Camp Maryland June 20.

VISIT IN LEVELLAND

Mrs. Alvis Burge and Mrs. Maude Jones visited in Levelland last week with Mrs. Jones' daughter, Mrs. H. B. Byerley and family.

TO BUTANE MEETING

Mr. and Mrs. E. O. Baker have returned from a trip to California. He attended a Butane Dealers Convention held in Sacramento and Mrs. Baker visited a brother in Los Angeles.

HAS TO REPLANT COTTON

Jack Oberhaus, farming south of town, says he will have to replant his entire field of cotton. He said the delinting he gave his cotton seed apparently destroyed its germination qualities.

REBEKAHS MET

Members of the Muleshoe Rebekah Lodge met at the hall Tuesday night. After a business session was over a forty-two party was enjoyed and everyone reported a nice time. All members are urged to be present next Tuesday night for drill practice.

'49 Fords To Have, New Look

The distinctive styling of the 1949 Ford convertible features smooth, flowing contours, full fender-width body and luxurious interior appointments. Completely new, the convertible chassis is doubly reinforced.

A precedent has been established in the low-priced automotive field by combining handsomeness and beauty with durability and comfort in the interiors of the 1949 Ford cars.

Ford has broken away from the neutral tones which have been traditional for mass production automobiles as designers have turned to textured fabrics popular in fashions and interior decorating.

Of the three new fabrics, the most unusual is a soft gray tweed mixture with a blue stripe which gives the 1949 Ford interiors a freshly tailored look. It has been combined with a bolster of blue-gray broadcloth to protect the upholstery.

The same tailored good looks are obtained with the other fabrics—a smooth green striped broadcloth and two new adaptations in a green and maroon stripe and green and

gray stripe combination. In proper combination, they complement the new Ford exterior colors such as Sea Mist Green, Birch Gray, Arabian Green and Bayview Blue.

The instrument panel of the new Ford has been simplified. All instruments are combined in a single cluster directly in line with the driver's view. Projecting slightly for better visibility, the large figures on a telescoped dial indicate speed, fuel level, rate of battery recharge and oil pressure.

The clock dial has been centered on the panel and placed higher. Night glare is eliminated on all instruments by "black lighting."

Chrome trim throughout the car has been reduced. On the panel it is expressed in a neat arrangement of uniform knobs which control choke, windshield wiper, lights, heater and defroster.

On each door, the chrome strip makes a decorative arc over the heavy artificial leather kick pad at the bottom. Flame-shaped center pillar lights provide plenty of illumination for the interior and for per section of both front and rear stepping in and out of the car.

Interior door handles pull up instead of down to open the door. This eliminates the possibility of the doors swinging open if the handles should be pressed down accidentally.

The new Ford's functionality has been extended to the roomy seats—57 inches wide in front and 60 inches in the rear, plenty of room for six persons.

New windows demonstrate the new trend. The rear window alone is 88 per cent larger—as large as the ordinary windshield. The windshield is deeper and wider. They give a picture window effect to the entire car and greatly improve all around visibility.

Sudan Defeats Muleshoe Again

Sudan's Capitol League baseball nine handed Muleshoe their second straight defeat at the hands of the Lamb county outfit Sunday, 10 to 7. Sudan had won over the Muleshoe lads the previous Sunday.

Shows Seven Ways To Save Gasoline In Farm Tractor

College Station, June 8—Fuel conservation can be started right on

the farm and the farm tractor is one of the first vehicles to watch when it comes to saving fuel.

Texas tractor owners own close to 180,000 tractors, and from these it is estimated that nearly 18 million gallons of gasoline are wasted each year in the Lone Star State alone.

No. only will the conservation of fuel keep more dollars in the far-

mers' pockets, but it will also lighten the fuel shortage that is expected this fall, says W. L. Ulich, assistant extension agricultural engineer of Texas A. & M. College.

Ulich says there are at least seven good ways to save gasoline, and here they are:

1. Don't let the motor idle when the tractor is not in use, such as when hooking on equipment or vis-

iting neighbors.

2. Prepare all farm petroleum storage in advance and see that the drums are in good repair. If you need more storage, get new drums ready beforehand.

3. Look into the future and see how much you will need and when. Then tell the tank wagon salesman well in advance.

4. Make one trip to town do for many. Keep on hand a supply of spark plugs, fan belts, tools, gaskets and so on.

5. Haul full loads whenever possible.

6. Tune up the tractor during slack periods when it is not needed in the field. Adjust the carburetor.

7. Put equipment in the field in the best possible condition, and by doing so, you will prevent costly breakdowns when in use.

Here is another 7-step program the farmer will probably find to good advantage, says Ulich.

Soil Conservation District News

A topographic survey has been completed on 86 acres of land owned by O. D. Troutman. This survey will be used in planning improved methods of water application.

Kenneth Briscoe, tenant on the H. G. Burchett farm, received assistance from Soil Conservation technicians in laying out irrigation ditches for watering row crop land.

Technicians ran terrace lines on land owned by A. X. Erickson and located in the south part of the county.

Jester Declares For More Roads

Austin, June 8—A speeding up of the rural road construction program in Texas was made one of the first orders of State business by Governor Beauford H. Jester in his recommendations for action during the next 32 months.

To span the period which may elapse between the exhaustion of present Federal appropriations, the Governor announced Saturday that he would recommend to the 51st Legislature the appropriation of 20 million dollars from the surplus in the general revenue of the State.

He estimated that this would carry through the construction program without delay and would also finance 2 or 3 thousand additional miles of rural roads, beyond the regularly scheduled number planned. The Governor's statement on highways and roads is as follows:

"Two or three years ago, a study revealed that if approximately 25,000 miles of farm-to-market roads were added to our present system, we would reach the point where the State System would be carrying 85 per cent of the total traffic. The remaining 15 per cent of the traffic would be handled on gravel or dirt roads as provided by the County Commissioners Courts from their revenues.

"So we set out to construct those 25,000 miles of rural roads. A total of 8,600 miles of that total are now built, or in the process of develop-

ment.

"By the end of the next three years, 16,200 miles will have been developed by the State Highway Department with Federal and County assistance, without additional taxation. This is the greatest progress in the farm-to-market road field of any other State in the Union and probably more than any two or three States combined.

"In this three year program, we are in the process of spending 60 million dollars, 30 million in Federal funds and 30 in State funds, plus some funds provided by the counties.

"In addition to the State-Federal program, the State Highway Department has a cooperative plan for those counties which desire to expedite the construction of farm-to-market roads in their particular jurisdictions by pooling their funds with the State Highway Funds, and it has been gratifying to note that approximately 10 million dollars of this cooperative money has been spent on farm-to-market roads by the State Highway Department throughout the State, involving some 40 or 45 counties. It is estimated that by the end of this year, 1,200 miles will have been financed through this new source of programming for rural roads. This will bring the number of miles completed since V-J day up to the 16,200 figure mentioned.

Friena Man Is Given Fellowship

Lubbock, June 8—Howard Lovelless, a Texas Technological college student from Friena, has been given a teaching and research fellowship at North Carolina State college, Raleigh, to begin Sept. 24.

Lovelless is scheduled to take a BS degree in August from Tech in textile engineering. During his senior year, he has worked as a student assistant in the textile department and has been in charge of several undergraduate textile laboratories.

At North Carolina he will teach and pursue graduate study in the yarn manufacturing department. The fellowship has a limit of two years.

HAY CAN GET TOO RIPE

When hay is allowed to get too ripe, it becomes coarse and loses a great deal of its protein food value. After it has been cut, get rid

of the moisture in hay as soon as possible to prevent spoilage.

Farm Cash Income In Big Increase

Austin.—April farm cash income, totaling \$108,492,000, more than doubled the March level, the University of Texas Bureau of Business Research reported.

For the greatest source of income cattle sales totaled \$49,319,000 in April. Fresh vegetables brought \$16,

125,000 and milk products, \$10,389,000. All types of farm products except rice exceeded income levels of the preceding month.

South Plains of Texas reported the highest farm cash income for April, \$19,310,000. The North Plains was second with \$11,375,000; Edwards Plateau, third, \$10,809,000. All districts made gains over March income.

DR. COX WARNS ABOUT "SUMMER COMPLAINT"

Austin.—Dr. George W. Cox, the State Health Officer, has issued a warning to parents that this is the season for an increase in dysentery, diarrhea and summer complaint.

"The chief cause of these intestinal diseases are contaminated milk, water, or food; allowing the child to get overheated or exhausted; excessive sugar in the baby's formula and improper amount of food," Dr. Cox said.

From where I sit... by Joe Marsh

Who is this Man?

Now and then, in the pages of the *Clarion*, I run a biographical quiz, under the heading of "Who is This Man?" For instance...

"He was one of the earliest lovers in American history..."

"And yet he was too shy to court a woman outright..."

"He came to the New World on the Mayflower..."

"A cooper to repair the beer barrels accompanying the Pilgrims..."

"Who is this man?"

I thought that everybody was stumped. But not Ma Hoskins, who returned the clipping to me with "John Alden" on it. She recognized all the clues—including that reference to "beer" and "cooper."

For Ma—who's read her history, knows that beer as the beverage of moderation, is as old in this land of ours as the never-ending American search for tolerance which brought the Pilgrims over to this country in the first place.

Joe Marsh

Miss Helen Holt And Mr. Paul Gardner Wed In Beautiful Ceremony Read Friday Evening

Miss Helen Holt, daughter of Mr. and Mrs. H. C. Holt of Muleshoe, became the bride of Paul Gardner, son of Mr. and Mrs. A. J. Gardner, also of Muleshoe, in a service performed Friday evening in the First Methodist church. Rev. T. G. Craft read the double ring ceremony before a mantel banked with white gladioli, green palms and lighted candles.

MRS. PAUL GARDNER

Traditional wedding music was played by Mrs. Sam Damron, organist, and Mrs. Pat Bobo sang "Because," "I Love You Truly," and "Oh Promise Me." "Ave Marie" was played softly during the ceremony.

The bride, given in marriage by her father, wore a gown of white slipper satin designed with a sweetheart neckline and leg o' mutton sleeves ending in points over the hands. A seed pearl trim circled the neckline and waist. She wore a fingertip veil of illusion with a crown of orange blossoms and carried a white orchid tied with satin streamers and a white prayer book borrowed from Miss Kay Hudson, aunt of the bridegroom. For something old, the bride carried a lace handkerchief belonging to her mother.

Are Bride's Attendants

Miss Helen Earle Moore, maid of honor, wore a blue taffeta dress and carried a colonial bouquet of yellow roses, tied with yellow satin streamers. Misses Strickland and Mary Frances Jordan were bridesmaids and wore identically styled dresses of yellow and roses taffeta. They carried colonial bouquets of blue daisies tied with blue streamers. Misses Carolyn and Mary Jo Holt, nieces of the bride and junior bridesmaids wore white dresses identical in design to those of the senior bridesmaids. Their small colonial bouquets were of blue daisies.

The bride's mother chose a dress of mist grey crepe with dark grey accessories and hat of pink maline and roses. Her corsage was of pink roses. Mrs. Gardner, mother of the bridegroom, wore a dusty rose crepe dress with an orchid hat and an orchid and black accessories. Her corsage was of pink roses.

Max Gardner, brother of the bridegroom, served as best man, and Don Gardner younger brother of the bridegroom, was ring bearer. Ushers were Bill Pierson, Dick DeShazo, June Wagon, and Bruce Horsley.

After the wedding service, a reception was held in the church fellowship hall. Cut flowers and candles decorated the lace covered serving table. Double wedding bells and love birds topped the tiered wedding cake. Mesdames Horace Holt and Clyde Holt, sisters-in-law of the bride, served cake and poured punch. Mrs. Lester Garth, sister of the bride, presided at the guest book.

For traveling, the bride chose a navy blue faille suit with navy and pink accessories. After a short wedding trip the couple will be a home in Abilene. The bridegroom will attend McMurry College, where he plans to receive a degree in science in August. The bride graduated with a B. S. degree from McMurry in May.

Out of town guests were Mr. and Mrs. Nance and children, of Lubbock; Mrs. E. L. Gardner, mother of A. J. Gardner, Hollis, Okla.; Mr. and Mrs. W. F. Hudson, Hollis, Okla.; parents of Mrs. A. J. Gardner; Miss Clema Hudson, a sister, of Oklahoma City; Mrs. W. S. Bradshaw of Slaton, Texas; Miss Jean Walker, Miss Virginia Norris of Lockney, Miss Kathryn Norris, of Roscoe, Mrs. Lester Garth and little son, of Montebello, Calif.; and Miss Carol Jean Byerly, of Rotan.

O. E. S. Officers Are Entertained

Mrs. Delma McCarty entertained at her home Friday evening, May 28 with a buffet dinner for the past matrons, patrons, and officers of the O. E. S. chapter.

Individual tables decorated with cut flowers carried out the O. E. S. colors and lighted tapers were used in the entertaining rooms.

Favors of gavels were given past matrons and small plaques of the Lord's Prayers were received by the officers.

Mrs. Pat Bobo sang several solos, accompanied at the piano by Mrs. E. H. Kennedy.

Attending were past matrons: Mesdames Truma Griffiths, Virginia Weyer, Mary Hart, Elizabeth Gardner, Mary DeShazo, Clemmie Ladd, Jackie Tate, Miss Elizabeth Harden, Worthy Patron R. J. Klump, Officers Melvina Elliott, Ruby Cox, Viola Layne, Grace Lane, Inez Kennedy, Betty Burkhead, Annie Lucy McAdams, Dorothy Barron, Beth White, Nona Blake Douglass. Other members present were Mesdames Bobo, Pat Bulloch, Jim Burkhead, the hostess, and Mrs. Buford Butts, who assisted her.

Lewis, A. W. Crow, L. C. Roddam, E. R. Hart, E. H. Kennedy, M. F. Green, S. L. Busbice, E. C. McWilliams, G. C. Bristow, Ty Young, C. M. King, W. B. McAdams, H. E. Schuster and daughter Jo Anna.

John Haberer Is Honored At Party

John Haberer, of Antioch, Calif., was honored with a party by his grandchildren in the home of his son, Johnnie Haberer, last Friday night.

Those present were: Mr. and Mrs. Jerrell Haberer, Mr. and Mrs. Roger Haberer, Mr. and Mrs. Russell Haberer, Mr. and Mrs. Phil Haberer, and Mr. and Mrs. Ted Haberer. Refreshments of sandwiches, salads, cake and iced tea were served to the group.

TO LORENZO

Mrs. Nettie Lambert and Mrs. Woodie Lambert and little daughter, Judy Kay, visited with relatives in Lorenzo Wednesday.

Lane-Stuckey Marriage Vows Spoken May 28

MRS. EDDIE LANE

G. F. Stuckey, the bride wore a white slipper satin dress designed with a sheer yoke outlined with imported lace and embroidered with seed pearls, leg o'mutton sleeves and a full skirt swept into a train. Her fingertip veil of illusion fell from a tiara of net and satin decorated with seed pearls. An orchid and split carnations were on top of the white Bible which she carried.

Matron of honor, Mrs. Ralph Jumper of Huntsville, wore a dress of pale blue organdy and carried a bouquet of pink gladioli. Misses Norma Meers, Yola Faye Jettan, Joyce Chambless of Hamilton and Patsy Ruth Lane of Muleshoe, bridesmaids wore dresses of pink organdy and carried bouquets of pink gladioli. Dixie Lackey of Carlton, cousin of the bride, and Sharon June Robison served as flower girls. Joe Darl Lane, brother of the bridegroom, was ringbearer.

Eddie Lane of Muleshoe attended his son as best man, while Joe Holt, Cecil Carpenter, C. M. Holt and J. B. Lane of Fort Worth were ushers. A reception was held after the ceremony at the home of Mr. and Mrs. T. J. Rector, 2700 Herring Avenue. The three tiered wedding cake was served by Mrs. Dee Anderson Ranger, and Mrs. Ocie Maxfield of Temple presided at the punch bowl. For traveling Mrs. Lane wore a white linen suit, navy and white accessories and an orchid corsage. After a short trip Mr. and Mrs. Lane will make their home in Ft. Worth where Mr. Lane is a student in a trade school. Mrs. Lane was graduated from Waco high school and attended Baylor University. Her parents, Mr. and Mrs. G. F. Stuckey, former Wacoans, moved to Ft. Worth several months ago. The bridegroom, son of Mr. and Mrs. Eddie Lane of Muleshoe, attended the Muleshoe high school and served one year in the U. S. Navy.

Several of the girls plan to attend the Grand Assembly, to be held at El Paso June 13, 14, and 15.

The next meeting will be June 17. There will be a meeting Friday, June 11 to practice and all Rainbow Girls are urged to attend and to be on time.

Rainbow Girls Hold Installation

The Muleshoe Assembly of Rainbow Girls met Thursday, June 3 to install officers for the coming year. Installed were: Joyce Nickels, worthy advisor; Eva Truelock, associate worthy advisor; Billie Collins, Charity; Billie Faye Graves, Hope; Kay Malone, Faith; Janice Jordan, chaplain; Melba Bryant, drill leader; Dixie Jennings, records; J. Ann Weyer, treasurer; Patsy Lane, Love; Jerie Nell White, Religion; Barbara Barnett, Nature; Marilyn Gupton, Immortality; Wanda Fern Black, Fidelity; Patricia English, confidential observer;

Janett Kirk, outer observer; Dolores Locker, musician; Ollie Lou Bowen, choir director; Choir: Holly Ann Cox, Shirley Evans, Peggy Julian, Doris Gatlin, Marlon Davis, Betty Gutherie, Helen Lambert, Joy Snyder, Joe Winstead, and Sondra Wagon.

Blackburn - Coffman Vows Read Sunday

Miss Anna Jo Coffman became the bride of Dean Blackburn of Friona Sunday, June 6.

Miss Coffman was a graduate of the class of 1945 from Muleshoe high school.

The couple took a wedding trip to northern New Mexico. They plan to make their home at Friona.

Pre-Nuptial Shower For Miss Williams

A pre-nuptial bridal shower honoring Miss Frances Williams, bride-elect of Muri Armstrong, of Denver, Colo., was given Tuesday evening June 1, at the Fellowship Hall. Miss Ann Horsley greeted the guests and presided at the bride's book.

Refreshments of cookies and punch were served to about twenty guests from a lace covered table centered with a bouquet of sweet peas. Mrs. W. W. Barbour presided at the punch bowl.

Others assisting with hospitalities were Mrs. W. B. Winn and Miss Barbara Morris.

Murray Seeks Aid For Butane Users

Railroad Commissioner William J. (Bill) Murray, above, is pleading in Washington for larger allocations of steel with which to prevent another butane shortage next winter.

Testifying before a joint meeting of the U.S. Senate's Small Business Committee and the steel industry's advisory council, Murray, a gradu-ate petroleum engineer, said "Peo-ple in Texas will be cold again next winter unless we get more steel with which to store butane during summer months."

Murray's appearance before the steel-use conference last week was in answer to an urgent invitation for Texas representation at the hearing sent to Gov. Jester by Sen. Kenneth Wherry, senate committee chairman.

NOTICE

A meeting of the Tax Equalization Board of the Three Way Independent School District will be held Friday morning, June 18, 1948, at 9 o'clock, in the school building.

H. H. HOMSLEY, Supt.

RETURN HOME

Mr. and Mrs. C. W. Goss and son, Bobbie, returned home Monday after a ten day visit in Chandler, Okla., and Ft. Worth, where they visited Mrs. Goss' mother, Mrs. Duvey Robinson.

VISIT IN TULIA

Mr. and Mrs. J. R. Prather, Deanne

and Jane Julian were visitors Sunday in Tulia with Mrs. Prather's sister, Mrs. Ralph West and family.

BROTHER VISITS

W. B. Strange, of Tahoka, was a visitor here Sunday in the home of his sister, Mrs. J. L. Alsop and Mr. Alsop.

CONGRATULATIONS:

To Major and Mrs. Herschel Alsop of San Antonio, who are the proud parents of a son, John Andrew, born Sunday morning, June 6, and weighing 6 pounds. Mr. and Mrs. J.

L. Alsop, Muleshoe, are the grand-children and they're beaming too.

CARD OF THANKS

We wish to express our thanks to our neighbors and friends for their acts of kindness in our recent misfortune when our home and contents were destroyed by fire.

L. L. Cole and Family.

CARD OF THANKS

We wish to thank our many friends and neighbors for their sympathy and for the floral offering at the loss of our dear mother, Mrs. T. I. Hollis. May God bless each of you.

The Hollis Family.

Slight Danger Noted In DDT Dusted Corn Tests of Silage Show Minute Trace in Milk

Farmers are being told to use DDT dust or spray for control of European corn borer. This raises a question. Can corn dusted or sprayed with DDT be used for silage for beef or dairy cattle without danger to the animals, or to people who use the milk?

Tests in Wisconsin showed there was a trace of DDT in the milk of dairy cows fed silage made from canning factory pea vines which had

been dusted with DDT. The amount of DDT was so minute, however, that it was not considered dangerous.

On corn, an application of 30 pounds of dust (containing 5 per cent DDT) per acre might amount to two ounces of DDT per ton of silage; that is, if all the dust stayed on the corn, which is extremely unlikely. Even that much would result in only about a gram of DDT daily in the ration of a cow or steer.

DDT toxicity studies at a private research farm indicate no danger to animals from considerably larger amounts. Even so, if any farmer fears a trace of DDT in milk from silage made from sprayed or dusted corn, he can feed the silage to steers, helpers or dry cows.

Twice-Day Record

With a record-smashing total of 1,118.8 pounds of butterfat, Crestview Tolilla Susan, purebred Holstein dairy cow owned by Lakefield Farms, Clarkston, Mich., has established a new all-time U. S. butterfat figure for cows being milked twice daily. "Susan" produced close to 1,400 pounds of table butter during the year.

Herds and Flocks

Fall pigs have advantages over spring litters because they are farrowed under more favorable conditions. Sows and gilts have been on summer pasture soaking up sunshine during pregnancy. Iowa State college swine specialists say fall pigs usually come stronger and more pigs are saved.

Turkey raisers are being advised now not to put baking soda or salt in drinking water for poult, because use of these in excessive amounts causes a condition known as "water belly."

Burn the carcass of every animal that dies of anthrax. Don't open the carcass. Soak it with kerosene, cover it with a load of coals or straw, put a load of manure over them and set fire to the pile. If possible, burn anthrax carcasses right where the animal dies.

Castrate pigs any time after they are a week old. After castration, keep them on clean grass pasture where there are no mudholes, to reduce danger of lockjaw infection.

Caution Urged In Feeding Salt to Poultry Flock

Extra salt will control cannibalism for a short time after it is added to the ration of chickens, according to Pennsylvania State college. Usual amount is two teaspoons per gallon of drinking water. Salt should be fed only long enough to stop cannibalizing, except the small amount contained in the mash. Feeding large quantities actually may prove harmful.

First in quality and LOWEST-PRICED LINE in its field!

CHEVROLET Today, when real value means most to every American family, Chevrolet continues to offer the lowest-priced line of passenger cars in its field as well as the only line of cars giving BIG-CAR QUALITY AT LOWEST COST! Yes, Chevrolet gives more value, any way you look at it, any way you figure it. That's why more people buy Chevrolets—and more people drive Chevrolets—than any other make of car. That's why we believe you, too, will agree that CHEVROLET AND ONLY CHEVROLET IS FIRST in dollar value as it's first in registrations.

SPECIAL EXTRA-LOW PRESSURE TIRES*—on Wide-Rim 15-inch Wheels (24-lb. pressure only all around). Chevrolet offers you the tire of tires for easy, restful riding. Remarkable new extra-low pressure tires that give a much safer, more comfortable ride; absorb road shocks instead of transmitting them to you and your car. *Optional at small extra cost.

Charles Vaughn was here visiting his mother, Mrs. Annie Vaughn.

Mr. Vaughn is in the Naval Reserve and had just completed a two weeks cruise on the U. S. S. English, a destroyer, to Havana, Cuba. Mr. Vaughn returned to his home in El Paso Monday.

Mrs. Willie Steinbock and Mrs. H. D. Hutchison and daughter, Sheryl Dene returned Saturday from a visit to Clifton, Ariz., where they visited their niece, Mrs. Joel Landrum. While there they went to Lookout Point and viewed the Morenci Copper Mines which has the largest, reduction plant in the U. S.

Mr. and Mrs. Rex Steinbock entertained friends with an ice cream supper Sunday night. Those present were Mr. and Mrs. Junior Matthews, Mr. and Mrs. Raymond Treider and son, Raymond, Jr., Trixie Steinbock, Carol Jean and Mitzi Ivy, O. D. Spitzer, Mr. and T. D. Vaughn and son, Junior, Mrs. H. D. Mathison and baby daughter, and Mrs. Annie Vaughn.

Mrs. Carl Lane had as a visitor Monday Mrs. Rex Steinbock.

Mr. and Mrs. Roy Cheney and children, of Amarillo, visited over the week end with Mrs. Otto Treider.

VISIT IN FT. WORTH AND WACO

Mr. and Mrs. Eddie Lane and children returned Tuesday from a trip to Fort Worth and Waco. They visited in Fort Worth in the home of Mr. and Mrs. G. F. Stuckey and in Waco with Mrs. Lane's parents, Mr. and Mrs. T. A. Holt, and attended the wedding of their son, Eddie.

GUESTS IN SMITH HOME

Mr. and Mrs. Shelton Smith had as guests in their home over the week end Mrs. Neva Patterson and children, Ellis Smith of Clinton, Oklahoma, Mr. and Mrs. Estill Smith and daughter, Irvin Smith of San Angelo, Mr. and Mrs. J. B. Smith of Andrews, Judge and Mrs. H. W. Fillmore and son of Wichita Falls, Mr. and Mrs. Spud Thomas and son and Mr. and Mrs. James Warren of Muleshoe.

VISITING PARENTS

Mrs. A. J. Roberts and son, Roy Jene, of Albuquerque, N. M., arrived Friday for a visit with her parents, Mr. and Mrs. R. T. Tibbets.

GLENN TIBBETS HOME

Glenn Tibbets is home for the summer months. He has been attending the University of New Mexico at Albuquerque.

FROM LAWRENCE, KANS.

Mr. and Mrs. John Wedding and two daughters, of Lawrence, Kans., are visiting here in the home of Mr. and Mrs. H. D. King and other friends this week.

HOME FROM SCHOOL

Miss Jayne Damron returned home from Baylor University last Tuesday to spend the summer with her parents, Mr. and Mrs. Joe Damron.

TO MASON

Mr. and Mrs. Sam Damron spent the week end and the first part of the week visiting in Mason with her parents, Mr. and Mrs. Eli Jordan and friends.

TO CAMP WHITE

Mr. and Mrs. Noel Woodley and Mr. and Mrs. Morris Douglass left Monday to take their daughters, Ann Woodley, Barbara Douglass, and Carolyn Holt, and Carolyn Mc-

Neige to Camp White where they will spend several weeks.

VISITING GILMORES

Visiting in the home of Mr. and Mrs. Leo Gilmore were Mr. and Mrs. Wayne Gore, James, Gerald and Joyce of Muleshoe. Mr. and Mrs. Paul Huber and Shirley, of Texico Mr. and Mrs. W. R. Gore and Tom, of Texico, Mrs. Huber and Shorty of Clovis, Mr. Payne of West Camp, Mr. and Mrs. Emmet Byford, West Camp.

VISITING MOTHER

William (Bill) McGee of El Paso is visiting in the home of his mother, Mrs. Leo Gilmore, of Farwell, and a sister, Mrs. Wayne Gore, Muleshoe.

VISITED JONES FAMILY

Visiting in the home of Mrs. Roy Jones Friday was Mrs. Roy Atchison and children, Leon, Caroline, and Joyce, a sister-in-law, Mrs. Wayne Gore and children, Gerald Wayne and Joyce.

CALLAWAYS HERE

Mr. and Mrs. E. J. Callaway, Jr., and little son, of Jal. N. M., are here to visit their parents, Mr. and Mrs. Roy Hogan and Mr. and Mrs. E. J. Callaway Sr.

RIBBLE VISIT HERE

Mr. and Mrs. S. A. Ribble, former residents of Muleshoe, now living at Loop, Texas, visited briefly here Tuesday. Mr. Ribble formerly was minister of the Muleshoe Church of Christ.

LIGHTED WATERFALLS

The lighting of Seven Falls and the mile-long canyon at Colorado Springs, Colorado, has now been completed and will be open to the public at night this summer. This is the only completely lighted canyon and waterfalls in the world and the lighting effects are quite spectacular.

HOME FROM FISHING TRIP

Mr. and Mrs. J. J. Haun and Melva Lee, Mr. and Mrs. C. E. Haun, and Mrs. Rita Haun have returned from a two weeks fishing trip at Hot Springs, N. M.

They caught their limit of fish, and brought home two weighing 50 pounds, one weighing 25 pounds and one weighing 18 pounds as well as several small ones weighing from 1 1/2 to 8 pounds. All enjoyed the trip and the cool weather.

A New One For You —

Dam Up Caprock - Milk The Clouds!

Why not milk every cloud dry that comes over the High Plains? Why not dam up the escarpments on the eastern edge of the High Plains and increase the water supply?

These are questions raised by a geologist who's a better than average engineer, Frank Bryan, Groesbeck.

He's the geologist for Humble Oil company in Navarro and Limestone counties and is a consulting geologist for Stanolind. He worked out the geology of the High Plains several years ago, and on his judgment Seaboard Oil Company planked down \$100,000 for leases checker-boarded over the Plains.

Bryan says that seeding rain clouds with dry ice has proved a practical way of making the clouds give up their moisture. He thinks that it would not take a great organization to seed every likely one

Roots of Culture YOUR BIRTHSTONE AND ITS MEANING

JUNE — PEARL OR MOONSTONE

PEARLS WERE SO HIGHLY PRIZED IN ANCIENT ROME, THAT A ROMAN GENERAL ONCE PAID A CAMPAIGN'S COST WITH ONE PEARL FROM HIS MOTHER'S EAR.

IN THE 17TH CENTURY, ENGLISH WOMEN TWINED THEIR HAIR WITH PEARLS, WHILE MALE FASHIONABLES WORE A SINGLE, PEAR-SHAPED PEARL DANGLING FROM ONE EAR.

FAMOUS CLERGYMEN, ACTORS, POLITICIANS, CRAFTSMEN, INVENTORS, ARE AMONG THE JUNE-BORN.

IN THE EAST, THE MOONSTONE IS BELIEVED TO CONTAIN A LIVING SPIRIT, GIVING POWER TO AROUSE LOVE AND FORETELL THE FUTURE.

MOONLIT NIGHTS ARE RAINLESS, SO THE MOONSTONE MEANS "NO TEARS." WEARING PEARLS OR MOONSTONES IS SAID TO CONFER HEALTH, WEALTH AND LONG LIFE.

that comes above the caprock. The upsurges of air current at the escarpment make it the gathering place of clouds that should be very easily encouraged to give up their moisture.

Three airplanes and some powdered dry ice could do wonders, he thinks. His idea is that counties go in together on the expense, and if under aken by a public agency, it would not be likely to run into suits for damages by people who did not want precipitation.

As to damming up the water above the escarpment which is commonly called the caprock, Bryan thinks it is as feasible as damming up rivers to hold water in reservoirs.

He believes that the sand mat in the Muleshoe and Lamb Co. vicinities is a great collector of water. This water moves slowly, retarded by friction, in the sands underlying the Plains. The run-off of the many springs along the caprock is the excess water the sands give up. If there were dams along the escarpment the water table will rise back

the Muleshoe and Lamb Co. vicinities is a great collector of water. This water moves slowly, retarded by friction, in the sands underlying the Plains. The run-off of the many springs along the caprock is the excess water the sands give up. If there were dams along the escarpment the water table will rise back

Farm Loans

DRY LAND — IRRIGATED LAND — RANCH

L. S. BARRON

Representative

Kansas City Life Ins. Co.

Neglected Farm Forest Termed Valuable Asset

The farm woodland is paying off. That long neglected group of trees that stands on the back "forty" and which once was eyed with a resentful attitude because it occupied land that could far better be devoted to grazing, now becomes a definite and valuable asset.

It is one that can be quickly converted into cash. To the owner has come the realization that the farm will produce something more than grain, root crops, pasture or dairy products. Trees also are a crop, and a paying crop, even on the poorer types of soil where intensive agriculture is an impossibility.

Modern Stock Barn

War-born quonsets have been adapted to many farm uses. Above photo shows how a Brighton, Mich., farmer utilized a quonset. Note the improved window arrangements.

Prompt Action Required To Relieve Cattle Bloat

Removal of the gases from the rumen is the primary object in treatment of bloat in cattle. If bloat has just started, the animal should be forcibly exercised and the distended abdomen massaged or kneaded with the clenched fist to bring about belching of the gases from the stomach. A wooden gag can be placed in, and across, the mouth of the bloated animal.

FOR Refrigeration Service and Refrigerators

Call 272-W

BOX 1025

PERKINS' Refrigeration Service

along the Plains for several miles, he believes.

And how would a dam be built? It would be by a process called "grouting." One wall, for example, could be dug, above the caprock, through the water bearing sands. Another would be drilled about 50 yards from it. Into one would be pumped concrete mixture that will remain in place by mixing with the sands, and not settle to the bottom. If water were present suction could be applied to the next well, while

mixture was being force-pumped into the other one. This would provide an excellent barrier against the water, now escapes, and is lost in the sand soon after leaving the caprock to become gyp water.

Bryan is not perturbed about the abundance of water on the High Plains. He says that as long as there is water in the Muleshoe area, for example, there will be water most everywhere else.

—From Crop & Stock Magazine.

After ridin' into town, dusty an' tired, a hot bath, haircut, an' shave can set a feller up fer a all-night dance.

There are only 3 ways to pay Tax money due at death of an estate owner:

1. Borrow the money and repay the loan out of future sale of estate property, or from estate income.
2. Maintain liquid funds sufficient at all times to provide the necessary tax money.
3. Through Life Insurance.

How...

WILL YOU SETTLE YOUR DEATH TAXES?

Yes, just how will you settle your Death Taxes? Federal Estate and State Inheritance Taxes will have to be paid some day. And payment must be made in cash, even though your heirs have to sell some of your most valuable possessions, or liquidate the estate entirely, to meet the obligation. So, just how do you propose to settle those taxes?

If you have such a future financial problem, you can solve it today, with Southwestern Life Insurance, if you want to solve it. You can arrange now to pay your Estate Taxes out of income rather than out of your estate assets after death. You can arrange it so that cash on demand will be available to your executor, and so your estate may be left intact for your family.

The Southwestern Life plan makes it possible for you, rather than your executor, to determine how your Death Taxes will be paid. Now, while you may adopt the plan, is the time to discuss it... and both you and your heirs will be glad that you did. Get an analysis of your estate needs today.

HOME OFFICE • DALLAS

BE A CAREFUL Pilot!

THAT'S TOO CLOSE TO THE POWER LINE — WITH THAT STEEL CONTROL WIRE YOU'VE GOT!

OK REDDY, WE'LL MOVE TO A SAFE PLACE!

Yes, fellows (dads, too), it's fun to fly your model planes on control wires. Most of the time your wires are short enough to go under power lines. But if they don't—well, once is enough for a bad accident! The best way is never to fly ANYTHING near any kind of lines. Then you'll be sure you won't tangle with them.

By the way: If you go in for "free flight," your plane may get hung up in the lines or atop a pole some time. Don't try to rescue it yourself. Call your Public Service office for a lineman or serviceman to handle the job. When you're flying model planes, be a careful pilot—always!

OFFICE SUPPLIES — The Journal

Ram-Jet Aircraft

Future air transportation at supersonic speeds with simple ram-jet engines developing 25 horsepower per pound of weight was visualized before the Society of Automotive Engineers at its annual convention. While admitted that the new development has one serious handicap — it may be limited to military uses since flight at such terrific speeds is likely to be a one-way trip — the ram-jet is superior to the rocket for war purposes.

Injury to Teeth

Some cola-type beverages have a 10 per cent content of phosphoric acid. Although destruction of enamel by acids varies with individuals, some injury was observed at Mayo clinic, which is believed caused by habitual use of acid beverages. Continued vomiting and therapeutic administration of hydrochloric acid, topical application of acids and acids in confections may have similar damaging effects on tooth structure.

When a President Resigns
If a president of the United States resigns, he submits his resignation not to congress but to the secretary of state.

OFFICE SUPPLIES — The Journal

An Opportunity

320 ACRES located 7 miles from Friona. 6 room house, plenty of outbuildings, 80 acres wheat, all goes. Immediate possession, very smooth place. Priced too cheap, at \$75 per acre. \$14,000 cash, bal. 10 years at 5%. Subject to irrigation.

D. R. Aylesworth

Dangerous Flame Heaters

Emergency operation of open flame gas and oil heaters brings a serious hazard into the home, engineers of the National Board of Fire Underwriters warn. During heavy snowstorms in the northeastern states, many deaths were caused by gas poisoning through use of unvented open flame heaters in tightly closed rooms. If a house is tightly closed or a room is small, the amount of oxygen in the room is gradually burned up, with the result that the products of combustion will contain high percentages of deadly carbon monoxide.

Lemons Go Underground

A lemon tree 1,300 feet underground has been thriving in a west coast mine. The tree receives sun, lamp treatments.

Lyndon Johnson For U. S. Senator

LYNDON JOHNSON

Congressman Lyndon Johnson, of Johnson City, Texas is carrying on a vigorous campaign for the Democratic nomination for United States Senator.

Mr. Johnson has served several years in the House and in 1941 he ran Pappy Lee O'Daniel a tight race for the nomination.

Senator O'Daniel has announced that he is not a candidate to suc-

ceed himself. Other major candidates include George E. B. Peedy, of Houston, and former governor Coke Stevenson.

Early Writing Implement

Earliest writing implement was probably the stylus, a pointed piece of metal, bone or ivory used to produce letters on tablets covered with wax.

Where Water Goes

During the summer months, 103 million gallons of water a day are required by America's ice plants to freeze into ice.

Enjoy Ice Cream

Diabetics now can enjoy ice cream. A new Wisconsin law sets standards for a special ice cream sweetened solely with saccharine.

Howdy Folks: "In the good old summer time, in the good old summer time." Yessir, summer is here for sure.

There's one nice thing about summer, though. If you don't pay your bills, your creditors will think you're away.

Howdy Folks: If you snore so And summer air is clearer than winter air, because ceratin radio programs are off the air. (Of course, that's only one man's opinion.)

In summer, the baseball season is half gone and the grandmothers are all gone.

This is the season to go to a summer resort. That's the place where stuffed shirts become stuffed shorts.

Some people summer in the mountains; others summer in the city.

Summer or winter, we never relax on service. Try us and be convinced.

Why summer at home when we have the air conditioner that will keep you cool.

Berry Electric

NEW CROP MOVER

With government experts predicting continued high level income for farmers, as America carries on the "Feed the World" program, these industries manufacturing machinery and equipment designed to speed up and lighten the burden of raising and moving crops are bending all efforts to supply the farm needs.

Furthering a policy of putting American farms on rubber was the thought behind the design and production of the Implement tire by engineers of The General Tire & Rubber Company. Made in three standard sizes that will cover most farm implements, except the tractor, the new 7-rib tire has been constructed for speed in operation and economy in use.

Pretty Miss Eileen Schott lends eye-appeal to a new product that will greatly assist in moving the estimated 1,117,000,000-bushel wheat crop this year.

TO PRESIDE—Senator Alben W. Barkley (D., Ky.), left, keynoter, and Representative Sam Rayburn (D., Tex.), commended as permanent chairman for Democratic National Convention July 12.

Executive Body Picks Chairmen For Convention

Barkley Named Keynoter, Rayburn Commended

In recognition of their long and valiant service to the Democratic Party and to the nation as a whole, Senator Alben W. Barkley, of Kentucky, and Representative Sam Rayburn, of Texas, minority leaders of the Senate and House, respectively, have been named unanimously to fill key posts at the Democratic National Convention, convening in Philadelphia at 2 P.M., Monday, July 12.

The party executive committee, meeting in Philadelphia recently, elected Senator Barkley as temporary chairman and keynoter and commended Representative Rayburn to the convention as permanent chairman.

Representative Mary Norton, of New Jersey, was commended to the convention as chairman of the credentials committee, a more im-

HONORED — Representative Mary Norton (D., N.J.), commended as chairman of credentials committee for convention.

portant post than ever before held by a woman. Commendation by the executive committee is usually tantamount to election by the convention.

The executive committee authorized Senator J. Howard McGrath of Rhode Island, chairman of the Democratic National Committee to select a temporary committee to begin the preparation of a platform draft. It also authorized Senator McGrath to make other necessary convention arrangements.
