

Derrick Is Up For A Deep Oil Test On Kimbrough Land 12 Mi. Northeast

Recreation Program Activities Provide Training For Youth

By DON JACKSON
The Recreation Program is getting into full swing now. Three softball leagues have been organized, one of boys over nine, one of boys under nine and a third of girls. The organizing of girls softball teams has been slow due to the fact that several of the girls have been out of town at camps. Three table tennis leagues have been running along smoothly.

Members of the Lions Club gave two new croquet sets last week and each of them has been given a work out by the kids, tournament will begin as soon as all learn to play. A badminton set has been ordered for the program; as soon as the gym is available plans are to play badminton and basketball there. At a later date volleyball games will begin, but plans are to wait until we move the program to the park which is expected to be within a few days.

Arrangements have been made for the school bus and the transportation charges and price of swimming is being taken care of by a member of the Lions Club. Free swimming will be enjoyed each Friday by all who maintain regular attendance for the week. Plans are to leave for Clovis each Friday morning at eight and to return by twelve. Swimming lessons will be given those who do not know how to swim.

The Recreation includes seventy kids now and the one hundred mark is in sight. Little Mike Barron has the distinction of being the youngest boy participating in the program, in the softball league, however, he is considered a heavy hitter.

In the Peewee League there are six men batting 1000 per cent. They are Dick Johnson, Virgil Maxwell, Billy Holly, Buddy Pool, Charles Waggoner and Johnny Tubbs. Buddy Pool is leading in the number of home runs with three. Close behind are Charles Waggoner, Virgil Maxwell and Dick Johnson with two each.

The leading batters in the Major League are Freddie Harvey and Jimmy Allison with 1000 each, Ted Millsap and Dewayne Burkhead, 838, Phillip Jennings, 750, Jimmy Holt, 700, Phillip Providence, Buddy Lane, and Pete Collins are batting .666 and Ed Nickels .636. Logan Cummings and Leon Harvey each have two home runs to lead that department. The leading pitcher is Jimmy Wagoner with two wins and no losses.

Softball games are being played each evening at six o'clock at the school ground and the pub. He is given a special invitation to attend. All children not already attending the Recreation Program are urged to do so. The time is from nine until eleven in the mornings and from six until eight in the evenings. At the present time all activities are taking place on the school grounds.

108 Degrees Hot Here Tuesday

The weather man was on the job this week and gave Muleshoe weather to talk about. Tuesday the mercury soared to 108 degrees and the citizens sweated.

However, the temperature the day before reached a high of 104 degrees. Minimum during the hot spell was about 70, and some complained of a hot night or two, "very unusual" as California would say. Thunderstorms passed over around the city first of the week but no rain fell.

Insemination Is Available Here

Artificial insemination is now available to Bailey County dairymen and breeders of dairy cattle. County Agent J. K. Adams announces. A fine bull with an outstanding record belonging to a Clovis breeder will be used in the program.

This will enable the average dairy-cattle owner to have the services of a proved sire and at a very small cost, it was said.

Since all dairymen and breeders cannot afford the expense of keeping a bull, especially if the herd is small, this arrangement should be of special interest to them.

Mr. and Mrs. J. T. Smart, and son, M. C. Smart and Mrs. Smart and daughter of Longview, are visiting in the home of Mrs. J. T. Smart's sisters, Mrs. Hattie Jones and Mrs. Mertie Priboth and other relatives.

Muleshoe territory will have a deep, thorough test for oil if reports concerning a projected well 12 miles northeast of town are correct.

The derrick has been erected for a reported test, to 9,500 feet on land belonging to Finis Kimbrough. The land is 9 miles north, three east of Muleshoe.

The location is in Farmer county. It was said the derrick towers to a height of 163 feet, and drillers will be enabled to go to a depth of more than 13,000 feet if it is desired. The test is being drilled by Sunray and Skelly oil companies.

George Johnson of Muleshoe, who owns land about three miles from the site of the test, said a test was made on the same section line, five miles due west of the new venture in 1927. No oil was found.

Rumors are flying that the immediate territory around Muleshoe will soon see additional tests made, but nothing has been announced about this. Two seismograph companies now have crews stationed in Muleshoe, and it was said that the northwest corner of Farmer county is being given a comprehensive doodle bugging.

Alexander Little Accident Victim

Alexander Little, Jr., 18, was fatally injured last Saturday afternoon when the motorcycle he was riding was in collision with an automobile in Muleshoe. The accident occurred on Clovis highway, near Pop's Cafe.

The youth was rushed to Green Hospital & Clinic in a Muleshoe Funeral Home ambulance. The accident occurred about 4:30 and death came about 8 o'clock. It was said death was caused by internal injuries.

Young Little is survived by his parents, Mr. and Mrs. Alexander Little, Sr., of Decatur; two brothers, Walter Little and Marion Little, both of Muleshoe; and three sisters, Miss Rosa Lee Little, Muleshoe, Miss Joy Little, Decatur, and Mrs. Marie Rawle, Decatur.

He was born Dec. 1, 1929. He graduated this spring from Decatur high school, and had come here on his motorcycle to visit the relatives.

The body was prepared for burial by Muleshoe Funeral Home and was taken overland to Decatur, where funeral services were held at the Baptist church Monday afternoon. Burial was in Decatur cemetery. Loyd O. Roberts, of the funeral home was accompanied to Decatur by the boy's father and a friend.

Cotton And Feed Crop Acreage In County Predicted To Equal Last Year

Everything points to a 1948 cotton acreage in Bailey County about equaling that of 1947, according to qualified observers here interviewed by the editor of The Journal.

That would be about 115,000 or slightly more acres, including both dry land and irrigated land. County Agent J. K. Adams said that a survey indicated to him that our acreage last year was about that many acres, and that this year's acreage planted to cotton should be about the same. He said that had the rains fallen a few days earlier the cotton acreage here could have run as high as 150,000 acres.

He estimated that cotton under irrigation this year will total about 6,000 to 7,000 acres. He based this on interviews and personal observation while driving about the county, and said that while some farms will have no cotton, others will have enough to make the average per well in the irrigated section about 20 acres. There are 363 wells now in operation in Bailey County, according to a recent count of Bill Mathiesen, who made a survey for the Bailey County Water Conservation association.

Much Sorghum Grain
At the same time, Mr. Adams and other observers believe the acreage that will be planted to sorghum grain crops this year will run about the same as that planted to cotton, or about 115,000 to 130,000 acres.

This writer can say that fair crop conditions exist over a very large part of the county. While there are still dry spots, and still exceptions, feed and cotton crops were off to a very good start the first of this week. This situation is better than it was in the years immediately past.

Last year the county produced more than 56,000 bales of cotton and the sorghum grain crop by its production surprised most early forecasters, because most of the growing season was dry. We still haven't had enough rain, but a fair start has been made toward a row crop in 1948 in this county.

1949 Ford Will Be On Display Here Friday - Distinctive Changes Noted

Muleshoe Nine Wins From Springlake

The Muleshoe baseball nine got back into the win column Sunday, defeating Springlake in a game here 18 to 14. The home team had been in a slump for several Sundays. Les Lambert rapped out a home run for the locals and Watson and James had one each for Springlake.

The Muleshoers play Anton here the coming Sunday afternoon.

Score by innings:
Springlake 0 2 5 0 1 4 1 1 1 4
Muleshoe 1 0 1 3 2 6 0 5 x 18
White and Freeman divided the pitching chore for Muleshoe.

Two Earth Men Killed In Plane

Two young men of the Earth community, Waldo Drake and Jim Bob Wood, both 27, lost their lives last Thursday when their airplane struck a combine at a farm near Childress, burst into flames and burned them to death.

They were taking off from a wheat field and failed to clear the combine.

The two men were visiting their uncle at the Hunter farm approximately halfway between Childress and Tell, Texas.

Witnesses said that the plane, a Piper Cub, hit the combine with its undercarriage, slipped up the side on the ground and started blazing. They said the engine was not functioning well and the fliers were unable to gain altitude to clear the combine.

Only the skeleton of the plane remained after the fire was out and the two men were in a sitting position, upside down with their heads in the ground, Kermit Waters, Childress county sheriff, said.

E. K. WARREN HERE
E. K. Warren flew in Wednesday for a brief visit and business trip. The Warren family own the Muleshoe ranch.

The 1949 Ford, which reveals a radical departure from traditional Ford styling and engineering, will be unveiled all over the United States tomorrow, Friday, June 18. Muleshoe Motor Company, dealers for Ford in Muleshoe, will have in their showrooms a model of the new car, Neil Rockey of the firm told The Journal.

Mr. Rockey issued the invitation of his company to the public to come and view the new automobile.

"New standards of beauty, comfort, economy and performance in the 1949 Ford passenger cars advances them far ahead of others in the low priced field," Mr. Rockey said. "Styling of the new Ford definitely establishes it as The Car of the Year."

The modern design has been molded along functional lines, resulting in a long, low, sweeping silhouette. The grille is distinctive, the hood massive but shorter and the body so wide the rear fenders have been eliminated. There are clean, unbroken lines from front to rear.

Comfort has been one of the primary objectives in the new Ford. There is more room in the "Lounge Car" interiors than in many cars with much larger over-all dimensions, the dealer pointed out. Front seat widths have been increased six inches and the rear seat nearly eight inches.

A new type of suspension system "Hydra-Coil" Springs, replaces the traditional transverse springs and the front axle.

ROYCE GARTH CAFE IS UNDER NEW MANAGEMENT

Mrs. C. E. Layne and son, Billy Payne, have bought Royce's Cafe, located on "W" street here in Muleshoe and began its operation this week. The cafe had been closed down for some time while Mr. and Mrs. Garth took a vacation. The cafe will serve regular meals, sandwiches, short orders, and will specialize on good coffee.

MULESHOE CAFE IS OPEN AFTER REDECORATING

The Muleshoe Cafe opened for business Saturday morning after a complete redecorating job on the interior. Customers claimed that the place looked better than when new.

Mr. and Mrs. Bill Collins and their three daughters, Billie, Bobbie, and Bettie, had been on a vacation trip. They went first to Hot Springs, N. M. for the baths, thence to south-west Texas. Bill said he sat on the same stool that Roy Bean used while dishing out his famous Law west of the Pecos. They visited Del Rio, San Antonio, Austin (going through the State capitol), then Temple, Waco and Fort Worth. At Marlow, Okla., they visited Mr. Collins' mother, Mrs. M. F. Collins and his sisters, Miss Bessie Collins and Mrs. Frank Ray.

NEEDMOCK SUNDAY SCHOOL

Sunday school is held every Sunday at Fort Chapel church, Needmoock. Preaching is every first, second, afternoon, 3 o'clock, night and morning on the third Sunday and on each fifth Sunday. Our pastor is Rev. Luther Baker. You are welcome.

FROM PORTALES

Mr. and Mrs. H. A. Phillips, Jr., and children have moved here from Portales to make their home. Mr. Phillips recently purchased the Conoco Agency here.

TO SAN ANTONIO

Mrs. J. L. Alsup went to San Antonio yesterday to spend a time with her son, Major Herschel Alsup and family. She was accompanied there by her son and family, Mr. and Mrs. Jimmy Alsup and Robin, who will return here in a day or so.

Freezer Showing At Johnson-Nix Company June 23

A demonstration of IHC Freezers will demonstrate methods of packing the freezer, and what can be accomplished in preserving food for future use. She will be assisted by Mrs. Laurette Williamson, Bailey county home demonstration agent.

Mr. Johnson said Mrs. Harding will demonstrate two models, the 11 cubic foot and the 4 cubic foot boxes, and these models are now on display in the show rooms of the Johnson-Nix company. He invites everyone to attend. Refreshments will be served.

Workers To Meet At Baileyboro Church

A workers conference of the West Plains Baptist association will be held with the Baileyboro Baptist church Friday, June 25, beginning at 10 a.m. Theme will be "Man's Need."

W. D. Kay will be in charge of the song service. Troy Perkins will lead the devotional. Lloyd Garrison will discuss "Man's Need of God in Life." John C. Cory will have for his subject "Man's Need of God in Death," and Elvin R. Ingram will continue this series with the subject "Man's Need of God in Eternity."

Rev. C. T. Jordan, Earth Baptist pastor, will give the sermon in the morning and Rev. Franklin E. Swanner will deliver the afternoon sermon.

2, 4-D Spraying Brings Results

Good results from spraying 2, 4-D on alfalfa in a permanent pasture of Ross Goodwin, west of Muleshoe, was observed Monday morning when the county agent, J. K. Adams, and the editor accompanied Chief Jones on an inspection of the pasture.

Mr. Goodwin had Jones to spray the pasture to kill out excessive alfalfa which had bloated his cattle. He had lost one animal but saved two others by prompt incisions.

Much of the alfalfa was killed. Mr. Goodwin, after nine days' observation, thought it was safe to turn the cattle back in the field and they had been grazing on the pasture about two days without causing any further trouble.

His permanent pasture was planted on old alfalfa ground, and all the alfalfa had not been killed when he plowed, consequently there was too much in the pasture which contained a mixture of bromo and other grasses.

The local men observed on the same morning the results of 2, 4-D spray on bind weed on the farm of Burl Black, north of town. In some places, especially along irrigation ditches where there was some moisture in the ground, the chemical had done a good job in killing the weed, but in other places the men noticed very little result. The county agent and Mr. Jones decided that right after a rain or when there is a moist condition is the time to spray noxious weeds.

Some chemicals used to kill plants are to be applied under the reverse conditions, when things are very dry and hot, it was said. Further experiments are going on, all over the country, in an effort to further define the usefulness of chemicals in weed control and for other purposes.

METHODIST CONFERENCE TO BE HELD SUNDAY

Quarterly Conference is scheduled to be held at the First Methodist Church of Muleshoe the coming Sunday night, at 8 o'clock. Rev. E. D. Landreth, Amarillo, district superintendent, will preside. All of officials are urged to attend, and members and visitors are welcome. Rev. T. G. Craft, pastor said. The conference will begin immediately after the evening worship services.

VISIT IN KLUMP HOME

N. R. Harding, brother of Mrs. R. J. Klump, spent last week with Mr. and Mrs. Klump. He has recently undergone surgery at the Krueger, Hutchinson and Overton Clinic in Lubbock.

Saturday, June 19, Is Last Day For Candidates To File To Get On Ballot

New Firestone Store Opening

Harvey Bass, owner and operator of the Bass Firestone Dealer Store in Muleshoe, this week announced an opening sale to be held Friday and Saturday of this week, with special prices on seasonal merchandise.

Mr. Bass bought the Firestone store from the Neil Rockey family, who have operated it for several years in the building with their Ford, Mercury, and Lincoln agency.

He has moved the stock to the Elliott building, located at the corner of Main street, just across the street north of the bank, and is now open for business. On another page of this paper will be found his opening announcement. Mr. Bass said a formal opening will be held next fall for the new store.

The Firestone store stocks tires, household appliances, auto accessories, etc.

Mr. and Mrs. Bass and their little daughter are at home here. He is a former resident, having attended school here in 1935-36. Mr. Bass is a brother of Melvin Bass, county clerk, and Jimmie Bass, Bailey county farmer.

Goodwin To Head Masonic Lodge

Ross Goodwin was elected Worshipful Master of Muleshoe Lodge No. 1237, A. F. & A. M., in an election of officers held Tuesday night, June 8.

Other officers chosen were O. C. Thomson, S. W. W. B. Winn, J. W. Ray Griffiths, treasurer; Earl Ladd, secretary; and A. J. Lenderson, filer.

Installation will be held at the regular meeting night on the second Tuesday in July. Goodwin will succeed Lenderson as Master.

AT RAINBOW ASSEMBLY

Joyce Nickels and Eva Truelock this week attended the Texas Grand Assembly of Rainbow for Girls, held in El Paso. The local girls, representing the Muleshoe assembly, joined a group at Farwell for the trip to the assembly city.

PEEPER APPREHENDED

Charles Alsup reports that he discovered a peeper at his home Sunday night. He accosted the person, a young boy. Mr. Alsup reported to the officers.

Land Use Recommendations Adopted At Bailey County AAA Meeting Here

An all day meeting was held at the Bailey County AAA office Wednesday, June 9, for the purpose of determining long range conservation AAA Meeting

needs for Bailey county. Soil experts say that at the rate our soil is depleting it will not be too long a time before our nation will not be able to produce enough food to feed its population without importing foods. Inasmuch as the European nations are already at this stage, farmers of this nation should give serious consideration to the problem of conserving and improving our farm lands to avoid our reaching a state where this nation would become a famine nation.

At the joint meeting of the Bailey County AAA Committee and representatives of other agricultural agencies within the county and a representative of the State Production and Marketing Administration it was determined that the following practices should be carried out in Bailey County as in aid to conserving our farm lands. Approximately 150,000 acres of crop land not now terraced should be terraced.

About 48,000 acres under irrigation on about 300 farms need some type of reorganization practices instituted on their farms for the conservation of irrigation water. About 30,000 acres now under irrigation need to be leveled for better distribution of water, with heavy type equipment.

All candidates for office, who wish their names to go on the printed ballots for the July Democratic primary, must file with the County Democratic Executive Committee by midnight of the coming Saturday, June 19, George Johnson, county chairman, said.

Mr. Johnson said there are still some county and precinct candidates who have not filed their names, so far as he knows. He warned that the committee must have the candidate's names and the office for which he is offering by midnight Saturday. Ballots will be made up and will go to the printer soon.

The committee will meet Saturday afternoon in the courthouse to make final arrangements for the election. Mr. Johnson suggested that this will be a good time for all to see that they are properly filed with the committee.

The executive group will go into such matters as the printed ballot, the order of names, and the amount of the assessment against each candidate to bear expenses of holding the election in the eleven voting boxes of the county.

Holland Is New Magnolia Agent

Jack Holland, formerly territory man for the Magnolia Petroleum Company, this week became agent for Muleshoe and territory, succeeding Wiedebush & Childers, who have long been agents and who will now devote their entire attention to their butane business.

Mr. Holland and wife are making plans to move here from Amarillo. He is a veteran of 21 years with Magnolia.

Wiedebush & Childers recently built an office and plant on the Clovis highway, in the west part of town and by June 21 they expect to be operating from that location. They will continue their butane business and will stock butane equipment and appliances.

Douglass Heads The Lions Club

Morris Douglass was elected president of the Muleshoe Lions club at the meeting of the club held last week. He will take office July 1, succeeding Cecil H. Tate in the office.

Other officers elected are: Noel Woodley, first vice-president; L. S. Barron, secretary - treasurer; Red Johnson, tail twister; and Pat R. Bobo, Lion tamer.

Land Use Recommendations Adopted At Bailey County AAA Meeting Here

manent pastures under irrigation need to be phosphated about every two years and about 3,300 tons of superphosphate should be applied to alfalfa for hay each year. We have about 40,000 acres of crop land that should be seeded and turned back to native pasture, and about 40,000 more acres of range land that should be overseeded with additional grass seed. We have about 30,000 acres of sandy soil that should be broke to a depth of from 15 to 30 in. deep to bring the heavier clay soils to the surface to control wind erosion.

About 10,000 acres of winter legumes should be seeded on irrigated farms each fall, about 10,000 acres of summer legumes should be seeded each year, about 6,000 acres of small grains should be seeded each year for green manure cover, and about 42,000 A. of non-legume cover crop should be seeded each year.

About 150,000 acres should be cultivated on the contour following terraces each year and about 25,000 acres seeded to small grains following the contour each year. Stubble should be left on about 120,000 acres each year to protect from wind erosion.

About 8,000 acres should be summer fallowed each year for small grains and about 100,000 acres should be contour listed each year. About 10,000 acres of range land should be deferred each year and about 8,000 acres of permanent pastures should be moved each year to prevent soil erosion and about 20,000 acres of small grain pastures should be moved.

About 8,000 acres should be summer fallowed each year for small grains and about 100,000 acres should be contour listed each year. About 10,000 acres of range land should be deferred each year and about 8,000 acres of permanent pastures should be moved each year to prevent soil erosion and about 20,000 acres of small grain pastures should be moved.

Favorable Feed Prices Are Noted

College Station, June 15—Grain crop prospects over the country are quite favorable, the USDA reports. Grain producers and consumers rea-

lize that supplies of feed grains are low in comparison to stocks a year ago. Now, with Texas' oat and barley crops not turning out so well, what are feed prices likely to do? C. H. Bates, extension farm management specialist of Texas A. & M. College, says that according to the Bureau of Agricultural Eco-

nomics prices of feed grains will probably hold near the April level through the spring. Prices this summer will be affected by the size of the grain crops harvested, and by the prospects for this year's corn crop. If crops are indicated to be average or larger, the oats and barley prices are expected to decline sea-

THE AMERICAN WAY

sonally, beginning late in the spring. Corn prices are likely to be relatively higher than other feed grains and wheat this summer, since most of the decline in corn prices will take place this fall. Prices of feeds are expected to be generally lower in the last half of this year than in the same period of 1947.

So the total U. S. production, or prospective supplies seem to be the thing to watch. It seems a safe guess that the feed prices should soon turn lower, if there are no bad weather developments.

Here's what Texas farmers we're getting for their grains in April of last year, and what they got in the same month of this year. The first price listed is for April 15, 1947, and the second price is for April 15, 1948:

	April 15 1947	April 15 1948
Wheat	\$2.43 per bu.	\$2.23
Corn	1.67 per bu.	2.25
Oats	.98 per bu.	1.25
Barley	1.34 per bu.	1.77
Grain-sorghum	2.70 per cwt.	3.55

Local prices of grain and other

crops often decline during the harvest seasons because of temporary "piling up" of supplies. During periods of prospective price declines, the inventory stocks should be held to a practical minimum, concludes Bates.

State Continues 4-H Girls Record Award Program

Now its 26th year, the National 4-H Girls' Record awards program is being continued in Texas.

The purpose of the program is to encourage 4-H girls to become proficient in housekeeping skills and managerial abilities that make for a comfortable, satisfying home.

Awards for superior records on county, state and national levels are the same as provided by Montgomery Ward last year, viz: gold-filled

medals of honor, Chicago 4-H club Congress trips, and \$200.00 college scholarships, respectively.

More than \$15,000.00 in college scholarships has been awarded to the national winners alone since the program's inception.

Last year's state winner in Texas was Helen Grace Kolaja, Damon.

There were 37 county winners in 1947.

County extension agents will furnish full information regarding this program.

Yellowing of the leaves of shrubs, rose bushes, shade trees, peach trees and other plants may be prevented by adding coopers and sulphur to the soil at the rate of about one pound per large shrub or small tree.

Lazbuddy News

Cousins of Harold D. Hutchison, Billy and Buddy from Waynoka, Oklahoma, spent the past week here. Then all three and Warren Bartlow journeyed to visit points in New Mexico, including Santa Fe and Albuquerque. They reported rains and hail storms which wasn't very pleasant since they were traveling by motorcycles.

Charles Vaughan of El Paso spent

For Commissioner, Prec. 4: G. W. (JOE) SEAGLER W. E. "Woody" GOFORTH R. P. McCALL

the week end visiting relatives here.

Mrs. Willie Steinbock, Mrs. Raymond Treider and Mrs. Harold D. Hutchison and daughter, Sheryl Dene, returned with him to El Paso, and later journeyed to Clifton, Ariz. to visit Mr. and Mrs. Joel Landrum, daughter of Mrs. Raymond Treider. Mrs. Steinbock and Hutchison returned home but Mrs. Treider will remain a couple of weeks.

Mrs. Ruth Spraggins of Muleshoe spent the weekend visiting relatives in Frederick, Okla.

Mr. and Mrs. Laverna Roberts, a newlywed couple, spent a couple of days with Mr. and Mrs. Rex Steinbock. Other visitors were Miltzi and Carol Jean Ivy and Trixie Steinbock.

The singing school at the Lazbuddy Church of Christ is progressing wonderfully. Everyone is invited to attend.

The amount of fuel lost every year through incorrectly adjusted tractor carburetors alone would fill a train of tank cars 200 miles long. More than \$12 worth of fuel is being wasted every year by the average tractor.

Potato salad fills the bill when summertime temperatures call for a cool dish. Potato chips, too, add to summertime dishes, and are excellent snacks to go with hot weather drinks.

Centipede grass grows best in rich, sandy, well-drained soil with fair amount of moisture. However, once this grass is established, fertilizers must not be added, as they will kill the grass next year.

From where I sit... by Joe Marsh How to Live Longer Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him: "Well, sir—when I work, I work hard. When I set, I set loose. When I think, I go to sleep." According to Doc Hollister, that formula isn't far amiss. "Hard work," says Doc, "never wore out anyone before his time, providing he knew how and when to relax." Doc himself works overtime, with his daytime patients at the office, and his evening calls. And when he gets home he takes it easy with a mellow glass of beer and chats with the missus until it's time to go to bed. From where I sit, relaxing is a fine art—especially in these tense, fast-moving times. And there's nothing like a temperate glass of beer—enjoyed with pleasant company—to restore that easy frame of mind that one needs after a hard day's work. Joe Marsh Copyright, 1948, United States Brewers Foundation

THINGS KEEP Electrically

That just about sums up the advantages of electric refrigeration. "Things keep." Yes, everything keeps with electric refrigeration. Milk stays cool and wholesome... cooling salads, vegetables and fruits stay crisp and tasty in an electric refrigerator. All foods keep better all the time... protecting your family's health day after day. In fact, electric refrigeration is just about the homemaker's best friend. If you don't have electric refrigeration... make sure you have it for the hot summer ahead. And remember, cheap electricity in the area we serve is at your service for better living electrically.

We have nothing to sell but good electric service. Near-by appliance dealers can show you a choice of makes and models in electric refrigerators.

Miss Frances Williams Becomes Bride Of Murl C. Armstrong In Pretty Home Ceremony

Miss Frances Williams, daughter of Mr. and Mrs. J. J. Williams of Muleshoe, became the bride of Mr. Murl C. Armstrong, son of Mr. and Mrs. W. S. Armstrong of Denver, Colorado, Monday evening, June 7, in the home of her parents.

Before baskets of daisies, Minister Ebb Randol read the beautiful and impressive double ring ceremony.

The bride, given in marriage by her father, J. J. Williams, wore a navy blue two piece crepe dress with white accessories. Her flowers were red roses. For something old and borrowed she carried a lace handkerchief belonging to the bridegroom's mother and carried by her on her wedding day.

The bride's attendant, Mrs. Sybil Barbour, wore a black and white floral print silk. Her corsage was a gardenia.

Mrs. W. S. Armstrong, mother of the bridegroom, wore a black and white floral printed silk and a corsage of gardenias. Mrs. J. J. Williams, mother of the bride, wore a light blue black figured silk with a corsage of pink carnations.

Mr. W. W. Barbour served as best man.

Immediately after the ceremony a reception was held in the home wedding party.

A bouquet of salmon colored centerpieces the lace covered table. After the bride and groom cut the first slice of the two-tiered wedding cake, topped with an ornamental bride and groom, cake was served by the bridegroom's mother with Mrs. Barbour presiding at the punch bowl.

For traveling the bride wore a two piece gray corduroy with green accessories.

The couple left immediately for Albuquerque, N. M., to visit with relatives of the bridegroom. After a short wedding trip they will be at home in Denver, Colorado, where he is with the May Co.

OFFICE SUPPLIES — The Journal

Post Nuptial Shower Honors Newlyweds

Mrs. Rex Steinbock was honored last Wednesday with one of the largest and loveliest post-nuptial showers in the home of Mrs. Otto Treider, with Mrs. D. L. Morrison as co-hostess.

The living room was resplendent with pink baby roses and the brides chair was prettily decorated with blue crepe paper.

The numerous miscellaneous gifts included complete sets of silverware, china and crystal.

Guests present were: Mrs. Alma Steinbock, Bose Abrams, Mrs. H. D. Hutchison, Ray Lawhon and Janice, Chester Embry, Riley Goodnough, George Crain, Joe Reagan, Jack Smith, N. M. McCurdy, Frances Treider, Fren Clark, Ed Steinbock, Alfred Steinbock, E. A. Seaton, Forrest Greene, O. M. Jennings, H. W. Carpenter, Alex Steinbock, C. C. Matthews, Annie Vaughan, R. G. Treider, Opal Bewley, Raymond Precure, Ed Clark, Calvin Clark, John Gammon, Walter Steinbock, D. B. Ivy, Roy White, Dan Winn, Jr., Johnnie Steinbock, F. L. Oliver.

Frank Hinkson, Ernest Merriott, C. H. Long, Rindy Steinbock, Eulan Farham and Sharon, Mrs. Alfred Mayfield, W. S. Menefee, Randy Johnson, Golden Benton, Ruby Gonsler, Irene Thorne, Douglas Gonsler, Theron Vaughan, Melvin Treider, Patty Gonsler, Clara Treider, Waunita Long, Trixie and Anita Steinbock, Mrs. D. L. Morrison, Mrs. Willie Steinbock, Joy McDonald, Reta Joy Graef, Carol Jean Ivy, Metzie Ivy, Wanda Mae Steinbock, Fern Steinbock, Nelly Mace Steinbock, and the bride's mother, Mrs. Opal Lane.

After the many varied and lovely gifts were viewed a delicious plate luncheon consisting of cheese toasts, angel food cake, fruit salad and punch were served by Clara Treider, Mrs. H. D. Hutchison and Mrs. R. G. Treider.

Those sending gifts were: Mrs. Henley Wilson, Edga.

Broyles, W. E. Payne, Mathis Gordon Dundan, Raymond Grees, Roy Daniels, W. H. Gammons, Truman Gleason, F. W. Greene, D. A. Carter, Clyde Bray, Ernest Nowell, Mrs. Don Cantrell, Mrs. F. C. Wagon, Jimmy and Henry Ivy, Mrs. Dunn, Mrs. D. G. York, Ray Griffiths, Leslie Barnes, Opal Jennings, Archie Tarter, Perry Barnes, Jimmy Seaton, Greta Paul, Gil Wollard, Bea and Betty Tarter, Mrs. R. B. Seaton, J. B. Jennings, Gene Seaton, R. L. Biedsoe, Elvin Crow Charley Guston, C. E. Merriott, Plainview, Mrs. Roy Jordan, Emil and Walter Hanson and Mrs. Walter Reed, Frederick, Okla.

Plate favors were tiny paper rolling pins with "Rex and Carlene, May 9" printed on them.

Mrs. Juel Treider sang "Always" and other appropriate wedding songs, accompanied by Miss Joy McDonald at the piano.

Longview Club Met Last Tuesday

The Longview Home Demonstration Club met in the home of Katherine Buzard Tuesday, June 8, with nine members present.

Katherine Buzard gave a demonstration on hot desserts, she also received the hostess gift.

Delicious refreshments of cinnamon rolls and ice tea were served to Gladys Dorsey, Mildred Newkirk, Ina Griffin, Ruth Hunt, Lois White, Berta Kitchens, Naomi Black, Oletha Buzard and the hostess.

The next meeting will be with Mrs. Dawson Tuesday, June 22.

West Camp Club Met With Mrs. Austin

The West Camp Pollyanna home demonstration club met Wednesday, June 9, in the home of Mrs. Guy Austin. Our opening exercise was a reading, "Green Squash" by Marilyn Austin. A short business session was conducted by the president, Mrs. A. J. Jones.

"Be sure floral or other centerpieces are low so one may see over them, excepting at a buffet dinner or shower when tall ones may be used," said Mrs. W. W. Williams in her very interesting talk on "Table Decorations."

After we played "Alphabet Quiz" led by Mrs. Partin Austin, delicious ice cream was served to the following members and guests: Mesdames Partin Austin, Pershing Busby, W. W. Couch, O. L. Dutton, A. J. Jones, C. E. Roark, M. A. Snider, Oleen Watts, Johnnie Williams, Elmer Willingham, Misses Lola Mae Roark, and Marilyn Austin; Masters Jerry Don and Danny Dutton, and Olan Busby, and the hostess, Mrs. Guy Austin.

Next meeting will be June 23 with Mrs. Watts.

FISHING AT JUNCTION
Mr. and Mrs. Leonard Bartlett and Mr. and Mrs. Earl Jeter are fishing near Junction this week.

Hair beauty secrets... by toni

A FEATHERCUT

If you're the woman who wants a hair-do you can take care of easily, this is for you! There's nothing so casual, so charming, so simple to manage as this Feathercut! It makes baby fine hair look fluffy and fuller, and it is particularly attractive for thick hair which has been properly thinned. Of course, the basis is a good short hair cut and a good soft permanent, and the home permanents of the best hair-do yourself and put it up in pin curls. The sketches show you how to do it. Follow the procedure outlined in 1, 2, and 3 above. Tie a ribbon behind your ears and lend a festive look when you're planning a sport date or an evening out. (See 4).

Muleshoe HD Club Met In Awtrey Home

The Muleshoe Home Demonstration club met Thursday, June 10, in the home of Mrs. W. H. Awtrey.

Mrs. A. W. Copley gave a talk on The Texas Mother of 1948 and The American Mother of 1948 for the benefit of those who were unable to attend the Enoch club meeting.

There were reports from two landscape demonstrators. Three clothing demonstrators gave reports.

Mrs. S. C. Caldwell gave a demonstration on Italian Hemstitching. A pink and blue shower was given in honor of Eva June Marrs. She received many lovely gifts.

Refreshments were served to one visitor, Mrs. Jack Julian, four new members, Mesdames W. T. Miller, J. H. Bailey, Eva June Marrs and Byron Jeffcoat; nine old members, Mesdames Kenneth Briscoe, H. M. Shofner, S. C. Caldwell, D. R. Aylesworth, D. E. Beller, J. T. Shofner, C. E. Briscoe, A. W. Copley and the hostess, Mrs. W. H. Awtrey.

The next meeting will be at the home of Mrs. A. W. Copley on June 24 at 3 p.m.

Each club member is urged to be present for this meeting.

Wesleyan Service Guild In Meeting

Mrs. Jim Cox and Mrs. H. D. King were hostesses to members of the Wesleyan Service Guild and their husbands Monday evening at the Fellowship Hall.

Guest speaker for the evening was Bob Dorris of Clovis, member of the Alcoholic Anonymous Association who was introduced by Fred Johnson.

Rev. T. G. Craft gave the invocation. Mrs. Francis Gilbreath, pres-

ident of the Guild, presided over the meeting.

Refreshments were served to the following: Mr. and Mrs. W. B. Leveque, Mr. and Mrs. Harold Weyer, Mr. and Mrs. Fred Johnson, Mr. and Mrs. Jim Cox, Mr. and Mrs. H. D. King, Mrs. Bill Collins, Miss Elizabeth Harden and four visitors: Mr. Mason, Mrs. Gibson, of Clovis, and D. H. Sneed of Muleshoe.

The Guild members will visit Boys Ranch in Castro County when they meet next on June 28.

REBEKAH LODGE MET AT LODGE HALL TUESDAY

Rebekah Lodge No. 114 met at the lodge hall Tuesday night. Some nice talks were made by Mrs. Fern Davis and Mrs. L. A. Green, who attended the school of instruction in Lubbock last Thursday.

All members are urged to be present for drill practice next Tuesday night.

Winsome Class In Monthly Meeting

The Winsome Class of the First Baptist church met in the home of Mrs. Morgan Monday night for their regular monthly session. Mrs. Edward White was co-hostess.

The president, Mrs. Rufus Gilbreath, took charge of the meeting. Devotional was given by the teacher Mrs. Lela Barron, followed by a short business session.

Gifts were exchanged and refreshments of sandwiches, lemonade and brownies were served to.

Mesdames E. W. Evans, Lela Barron, Horace McAdams, N. G. Phipps, Willard Hedges, Rufus Gilbreath, L. S. Barron, A. W. Blaine, A. P. Lambert, Vernal King, Clifton Griffiths, Hoyt Morgan and Edward White.

Homemakers Class Met Last Tuesday

Home Makers Sunday School class of the First Baptist church met in the home of Mrs. Myrtle Harper on Tuesday, June 8 at 3 o'clock with fifteen members present and one visitor, Mrs. Sue Motheral, of Kentucky.

Mrs. Aleen Dyer presided over a short business session.

Opening prayer was led by Mrs. Bessie Harlan.

Refreshments of angel food cake, and ice cream were served to the following: Mesdames Birdie Paul, Myrtle Maxwell, Katie Lehw, Emille Snow, Nellie Norwood, Dora Riddle, Lula Thornley, Clara Belle Young, Lovie Benson, Ella Spence, Aleen Dyer, Bessie Harlan, Claudie Hinkle, Beulah Motheral, and Mrs. Harper.

METHODIST YOUTH AT CETA CANYON ASSEMBLY

Intermediates of the local Methodist church Sunday school last week attended the assembly held at Ceta Canyon. Rev. T. G. Craft accompanied them.

In the group from Muleshoe were D. G. Morrison, Billie Morrison, Roald Johnson, J. B. Moore, Keith Bray, Marilyn Gupton, Juanita Kirk, J. Ann Weyer, Bobbie Collins and Doris Jean Copley.

YOUNG PEOPLE IN MEETING

Young people of the Muleshoe Church of Christ Monday night attended a young people's meeting in the Plainview church. Minister and Mrs. Ebb Randol and about sixteen members of the local church made the trip. Carl Spain, head of the Bible chair at Texas Tech, was the speaker.

FROM FORT WORTH

Miss Dorothea Faye Dodgen of Ft. Worth is visiting this week in the home of her aunt, Mrs. Earl Ladd and family.

IN NEW MEXICO

Mr. and Mrs. L. F. McCormick and children, and Roxie Hoover Mr. and Mrs. Bryan Woody of Clovis, N.-M., are vacationing this week in New Mexico.

Roots of Culture YOUR BIRTHSTONE AND ITS MEANING

AUGUST--PERIDOT OR SARDONYX
EGYPT'S PHAROAH PRIZED THE PERIDOT, JEALOUSLY GUARDING ITS CHIEF SOURCE, THE "SERPENT ISLAND," IN THE RED SEA.

THE LOVELY, OLIVE-GREEN PERIDOT IS A "SUN" STONE, BANISHING NIGHT TERRORS AND EVIL SPIRITS. IT SOMETIMES LITERALLY FALLS FROM HEAVEN--IN METEORS.

MANY GREAT SOLDIERS, ACTORS, ORATORS, POETS, LINGUISTS, HAVE BEEN AUGUST-BORN.

AWAITING EXECUTION, THE EARL OF ESSEX, SOUGHT QUEEN ELIZABETH'S MERCY BY RETURNING HER GIFT, A SARDONYX RING. ENEMIES PREVENTED ITS DELIVERY.

THE ANCIENTS BELIEVED AS DO SOME MODERNS-- THAT WEARING THE SARDONYX ENSURES A HAPPY MARRIAGE.

Copyright, 1948 *file*

HOLLANDS BACK HOME
Mr. and Mrs. Ernest Holland have returned from Mineral Wells where they have been for several weeks. Mr. Holland's health is reported improved.

TO TURKEY
Mrs. Woody Lambert and Judy Kay are visiting this week in Turkey with her parents, Mr. and Mrs. Jim Arnold.

TO NEW MEXICO
Mr. and Mrs. Bill Boothe and little daughter, LaNelle, left Wednesday morning for Santa Fe and Red River to stay a few days. They are to return Sunday.

AT NEPHEW'S FUNERAL
Mr. and Mrs. M. E. Finley returned Monday from Durant, Okla., where they attended funeral services held last Wednesday for Lt. Kenneth McCreary, her nephew, killed in March, 1945, on Iwo Jima.

Reburial was in Durant cemetery. Mr. and Mrs. Finley visited there with her sister, Mrs. A. E. McCreary, and her sister-in-law, Mrs. Emma Russell, and with his brother, A. C. Finley. They reported the country is very dry, and that it was hot wherever they went.

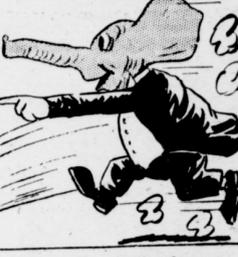

MORE RAIN FOR STEGALL
Additional rain, amounting to about 1 1-2 inches has fallen in the Stegall community since this paper reported good rains there in the paper of last Thursday. Fred Kopplin reports. About one half inch fell Sunday evening. The cloud drifted by Muleshoe.

ON FISHING TRIP
H. S. Sanders, Sr., and Bill Maddox are fishing near Hot Springs, N. M., this week.

EROSION VICTIM

TOO COMMON
A SIGHT
IN OLDER
SECTIONS

This farm home is an erosion victim. Well dried up, fields became too sterile to produce profitably, so the family moved elsewhere hunting a living. Conservation operations will prevent this sort of thing. It has already improved this particular place until now it is a going enterprise.

SOCIAL SECURITY MAN

Elliott W. Adams, Social Security administration representative, is to be in Muleshoe at the post office at 9 a. m., on June 24 for the purpose of answering any questions concerning Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.
When you multiply your social security account numbers you stand a good chance of dividing your future benefits, because only wages posted to account of the worker involved are considered when a claim is filed. Unless the applicant can furnish a record of all numbers he has used, some wages on which he has paid social security taxes won't be counted.
Protect your future social security benefits by asking for a duplicate instead of a new card to replace the card which has been lost or worn out.

ERNEST O. NORTHCUTT

Candidate For Associate Justice of the Court of Civil Appeals

Ernest Northcutt became interested in law at an early age, worked his way through law school, received his law degree and entered private practice in Amarillo in 1919.
Judge Northcutt practiced law in Amarillo until he was elected County Judge of Potter County in 1940. He is now serving his fourth elective term.
Ernest Northcutt has tried cases in all Courts over the Panhandle. His trial work carried him into the State and Federal Courts and into all Appellate Courts, State and Federal. He is familiar with the duties of the Office of Associate Justice of the Court of Civil Appeals. He has tried hundreds of Civil cases. THERE IS NO SUBSTITUTE FOR EXPERIENCE.
Judge Northcutt is 56 years old, married and has three children. He is active in civic work, a member of the Baptist Church and was President of the West Texas Judge's and Commissioner's Association in 1947.
Your Vote and Influence Will Be Appreciated
Subject to the Democratic Primary July 24th
(Political Adv. Paid for by Friends of Ernest O. Northcutt)

I do if he promises to buy me a new **AUTOMATIC GAS RANGE** built to "CP" standards.

YES, a new AUTOMATIC Gas Range, built by any one of 19 leading manufacturers to "CP" standards, is one answer to a happy married life. For whatever "make" or model you choose, if it carries the "CP" seal of the Gas Appliance Manufacturers Association, you get the world's finest cooking fuel combined with a range specifically designed to give you the world's best cooking results. For faster, finer, fully automatic cooking—order a new AUTOMATIC GAS RANGE today.

- WHAT YOU WANT ... THE NEW GAS RANGES HAVE!**
- ✓ Automatic lighting
 - ✓ Automatic heat control
 - ✓ Automatic clock control
 - ✓ Instant high-heat
 - ✓ Instant shut-off
 - ✓ Smokeless broiling
 - ✓ Non-clog burners
 - ✓ Streamlined design
 - ✓ Full-size separate broiler
 - ✓ Extra-insulated oven
 - ✓ Thrifty-simmer burners

It's the '49 FORD
It's The Car of the Year!
We'll have it Friday... The Car of the Year, the Ford Forty Niner! It's the one and only NEW car in its field, and you can see it at our showrooms Friday! There never was an automobile like this before. There is no other like it today.
The revolutionary, new '49 Ford is a complete break with the past. It was designed by you—all the way through. Yes, in surveys, letters and personal interviews, you told Ford what you wanted. And it's on its way! It looks like a custom-built car!
Just for the thrill of it, look at the list of new features. And for an even bigger thrill—your biggest thrill of the year—see the '49 Ford, "The Car of the Year", at our showrooms Friday!

It Will Be At Our Showrooms June 18!

CITATION BY PUBLICATION
 THE STATE OF TEXAS:
 TO:
 William T. Priest, L. A. Gamble, L. F. Gamble, Fred Ritner, Elsie Ritner and Miles M. Weaver, if living, and if deceased, the unknown heirs of William T. Priest, deceased, the unknown heirs of L. A. Gamble, deceased, the unknown heirs of L. F. Gamble, deceased, the unknown heirs of Fred Ritner, deceased, the unknown heirs of Elsie Ritner, deceased, the unknown heirs of Miles Weaver, deceased, and the unknown legal representatives of each of the said deceased Defendants.
 You are hereby commanded to appear before the Honorable District Court of Bailey County at the Court House thereof, in Muleshoe, Texas, at or before 10 o'clock a. m. of the first Monday next after the

expiration of forty-two days from the date of the issuance of this citation, same being the 26th day of July A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 12th day of June, A. D. 1948, in this cause, numbered 1572 on the docket of said court and styled W. W. Branscum and Thurlio Branscum Plaintiffs vs. WILLIAM T. PRIEST, L. A. GAMBLE, L. F. GAMBLE, FRED RITNER, ELSIE RITNER AND MILES M. WEAVER, if living, and if deceased, the unknown heirs of William T. Priest, deceased, the unknown heirs of L. A. Gamble, deceased, the unknown heirs of L. F. Gamble, deceased, the unknown heirs of Fred Ritner, deceased, the unknown heirs of Elsie Ritner, deceased, the unknown heirs of Miles M. Weaver, deceased, and the unknown legal representatives of each of the said deceased, Defendants.

ants.
 A brief statement of the nature of this suit is as follows, to wit: This action is brought as well to try title as for damages, being a suit in trespass to try title, the plaintiffs claiming in fee simple the following described land and premises to-wit: All of the West One Half (W 1-2) and all of the West One Hundred Twenty Acres of the East One Half E. 1-2) of Tracts Numbers Six (6) and Seven (7), Block S-3, John H. Stephens Survey situated in Bailey County, Texas, and containing Three Hundred Sixty-Two & .95 (362.95) acres of land.
 Plaintiffs further specially plead the three, five, ten and twenty-five years statutes of limitations, respectively, and laches on the part of the defendants in their failure, neglect or attempt to exercise any rights that they might have had in and to said lands from January 1, 1923, at which time plaintiffs and persons successively with a privity of estate between them under whom plaintiffs went into possession of said lands on January 1, 1923, since which time plaintiffs have been in peaceable possession and possession that is adverse to all the defendants as is more fully shown by Plaintiff's Petition on file in this suit.
 The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
 Issued and given under my hand and the Seal of said Court, at office in Muleshoe, Texas, this 12th day of June A. D. 1948.
 Attest:
 M. G. BASS, clerk
 District Court, Bailey County, Texas. 25-4tc

Constance Joannes, Model, Is "Old Fashioned" Girl; Cooks, Too

"No girl," says Constance Joannes, John Robert Powers model, "is really a glamour girl unless she shines in the kitchen as well as on the cover of a magazine. I spend a good deal of time in my kitchen making my favorite dish, which is American Lobster."

American Lobster
 3 lobsters
 olive oil
 3 onions
 2 cans of whole tomatoes
 (for six people)

"Here's how I make it:" Cut three lobsters in half, leaving shells on. Fry in olive oil with cut-up onions. Add two cans of whole tomatoes. (A glass of white wine may be added for flavor if desired.)

Like all good cooks, Miss Joannes saves every drop of used fats. "The world is terribly short of Constance Joannes' vital fats and oils," says Connie, "our government needs every drop that is not eaten, and it's real kitchen thrift to sell every pound to your meat dealer."

GUESTS OF DELLARDS
 Guests in the R. L. Dillard home last week were Mrs. Gabe Wright and children, sister of Mrs. Dillard, and an apt. Mrs. Sid Session Wellington.

TO MINERAL WELLS
 Buford Butts and daughter, Patricia, Miss Barbara Mae Morris, and Buddy Blackman visited Saturday in Mineral Wells with Mrs. Butts and son Charles.

RETURNS HOME
 Mrs. McFerrin Stowe and son, Billy Mac, returned to their home in Nashville, Tenn., Saturday, after visiting here with her parents, Mr. and Mrs. C. R. Ferrel, and other relatives.

TO DALLAS HOSPITAL
 Mr. and Mrs. H. V. "Hopper" Ivy left Monday to go to Dallas, where he was to have his arm treated. The arm was injured in a farm machinery accident several months ago.

Justice Hart Is Weekend Campaigner

Austin—For a "weekend campaigner," Associate Justice James P. Hart, of the Texas Supreme Court has been covering a lot of ground these last three months.
 Running for his first State office and his first elective term on the Supreme Court, Judge Hart has campaigned in more than 85 counties and made speeches in some 25 Texas cities.
 Meanwhile he has attended every formal session of the Supreme Court, when arguments are heard and decisions handed down, since his appointment to the bench last October.

Watson HD Club Met In St. Clair Home

The Watson Home Demonstration club met in the home of Mrs. Bob St. Clair Wednesday, June 9.
 Recreation chairman Mrs. R. R. St. Clair led two games. Mrs. Mitchell won the prize in one and Naomi Henderson in the other.
 Very interesting household hints were given by each member.
 The hostess gift was drawn by Mrs. James Henderson.
 Mrs. Dave St. Clair gave a demonstration on table setting for lunch, dinner and breakfast. She also told about decorations for each meal, made of vegetables and flowers.
 Salad and ice tea were served to Misses Dave St. Clair, Clyde Krebs, Roy Tunnell, Hutch Mitchell, James Henderson, Jim Henderson, George

AT SUMMER ASSEMBLY

Waneen Beller and Janette Kirk returned Sunday from Abilene where they had attended the Methodist summer assembly, held at McMurry College. The meeting lasted all through last week.

HAVE GUESTS

Visiting in the home of Mr. and Mrs. T. W. Drinkard and family were Mr. and Mrs. U. L. Childers and son, Donald of Odessa. Miss Tommie Ann returned home with them and her parents, Mr. and Mrs. E. F. Pope of Levelland.

WHEN did you last look at your battery?

EXPERIENCE has shown that for best results, you should have the electrical system of your car checked at least every three months. In that way you save money... avoid costly ignition troubles... keep headlights and windshield wiper operating safely and efficiently... make sure your stop light goes on every time it should.

If you're due for a check-up, try us. Our electrical wizard will test the battery and clean the same... brighten and system the terminals... inspect cables for wear... check generator charging rate and starting operation... test condition of headlights, stop lights, and wiper.

Come in soon. We'd like to show you how expertly, reasonably and conveniently we can do a job.

HARVEST IS HERE AGAIN

And we will offer the same kind of service as last year. When many elevators refused to store grain in the past year, our policy was to STORE or BUY the grain as long as we had room of any kind, therefore giving the customer the benefit of a gain over prices that usually prevail at harvest time. We will appreciate serving you again in this same manner.

Healthy Plants Needed To Assure Good Crop
Sturdy Growth Hinges On Well-Fertilized Soil

Healthy plants, like healthy humans, are better fitted to fight off insect and disease attacks than are undernourished ones. Enemies have a tougher time getting under the guard of well fed plants. Such plants have stronger root systems and harder, better developed growth above ground. They can stand on their "feet" and defend themselves.

Whether your crops are well fed or undernourished depends on the condition of your soil. If your soil is loose, mellow, high in organic matter, of good tilth and carries plenty of plant food, it can give your crops a body-building diet. If your soil is worn down by overcropping and

failure to put back plant nutrients and organic matter, it cannot support healthy, sturdy crop growth.

Any farmer can build his soil's fertility and crop producing ability by good management methods. He can get bigger crop yields per acre through use of fertilizer carrying nitrogen, phosphate and potash as needed. He can build soil structure by growing deep-rooted legumes such as alfalfa or sweet clover in the rotation. Roots of the legumes will open tight soil and let air and water in. Plowed under, the legumes will add to the soil's organic matter supply. Crops following in the rotation will have more "elbow room" to seek water and nutrients deep down in the soil. The organic matter supply can be further increased by returning manure and crop aftermath to the soil.

Paging you teen-agers with pocketbook trouble, not about money matters, but this news will affect that department, too. For few girls in the sub-deb set seem to have as many purses as they would like, and anyone in the know knows that a variety at today's prices would bankrupt the budget.

We have two ways to solve your money bags trouble, however, and with the most wonderful results. Like this. Lay claim to a one pound coffee can and make a saucy number like the one illustrated. It's easy for all you do is cut two circles of fabric about 26 inches in diameter and dye a dress-matching color. (Make sure you use an all-purpose dye, though, then you won't have to worry about what type of fabric you use because

that dye works on all types.) After circles have been dyed and ironed, place tin between two pieces of fabric and stitch outside edges of circle together. Pink raw edges for a combined trim and finish.

Now measure in from edges 4 1/2 inches and make two circular rows of stitching about 1/2 inch apart. Insert a drawstring, pull up and shove lining inside. And that's a new purse for you.

The second gay addition to your pocketbook assortment combines a small shallow basket of natural colored straw with a fabric top, dyed to match a favorite ensemble.

This one also closes with a drawstring and offers unlimited color changes. Just dye a number of tops, then stitch them in to match the dress of the day.

BLACKWATER VALLEY SOIL CONSERVATION DISTRICT NEWS

A topographic survey has been completed on 160 acres of land owned by D. O. Burlsmith.

Soil Conservation Service technicians ran terrace lines on land owned by A. X. Erickson. Terraces which have been constructed were checked last week according to AAA specifications.

O. D. Troutman and I. L. St. Clair received assistance from technicians in laying out irrigation ditches. The diversion terrace which has been constructed on the R. L. Crosthwait farm has been checked according to specifications.

Complete plans of conservation operations have been worked out on farms owned by Verney Townes of Texico, New Mexico, by L. W. Brooks of Dallas, Texas, by A. X. Erickson of Denver, Colorado, and by Willie Ramm, F. S. Bamert, Floyd Marrs and T. A. Miller of Bailey County.

Myles A. Kella, agricultural engineer whose headquarters are at Dimmitt, Texas, was here several days last week assisting with the work of the District.

Baileyboro Club Met June 8th

The Baileyboro home demonstration club met in the club house June 8. The meeting was called to order by Mrs. Perkins. Minutes were read and approved.

A discussion of the question of moving the building and improving and beautifying the grounds followed. Committee of three was appointed

to see about getting the old school house moved to the center of 5 acres left to the community by Jack Brannon. Since there are large trees, it was decided to build a barbecue pit and set out grass to use as a park for community benefit.

A social a month was planned. On June 25 Janie Moraw and Sadie Howard will be hostesses. Everybody is invited to attend to make this project a success.

Mrs. Perkins gave an interesting talk on international affairs. The club decided it would try to

Mostly Static

By Berry

Howdy Folks: An optimist is a fellow who takes a market basket when he goes shopping with five dollars in his pocket.

If that cheap cut of meat annoys you, just whistle at the gristle.

There's a lot of business waiting for the butcher who puts on the market some choice cuts in price.

Two could never live as cheaply as one, but now one can live as expensively as two.

One of our customers says that the old adage "all things come to him who waits" is a lot of hooey. There are too many waiting for them.

(He's been waiting for a new automobile.)

Well, you won't have to wait to get one of our new Admiral Electric Ranges.

Come in and pick up yours, any time.

Berry Electric

About a third of the American farmers' cash income last year came from the sale of meat animals. Meat packers paid out almost 10 billion dollars for livestock. From their total cash income, livestock producers paid out large amounts for stock, feed, help and increased operating costs.

Gavin Astor, Assistant to the publisher of The Times of London, England, will address Texas newspaper publishers during their 69th Annual Meeting in San Antonio June 18 and 19. With Astor will be his wife, Lady Astor who is a daughter of the late Earl of Haig, the famous General Haig of World War I fame. The Astors are on a six month's tour of North America, visiting newspaper plants and meeting newspaper publishers. They will remain in San Antonio for the entire two-day convention. They will accompany the newspapermen and their families on a tour of the Dude Ranches in the Bandera area Saturday afternoon, and will partake of their first barbecue and witness their first rodeo Saturday evening. From San Antonio, the Astors will fly to Mexico City.

Farm Topics

Furacin Is Effective In Coccidiosis Control

New Chemical Proves Valuable to Poultrymen

Animal health, already in debt to human medicine for some effective help, now must acknowledge further aid from the same source. The thing for which acknowledgement is due is a drug called furacin.

Natural source of this drug is oat hulls, corn cobs, bran and similar farm wastes. It is one of the furfural series of chemicals, some of which are used in trades and industry.

In the very first trial with coccidiosis of chickens, furacin demonstrated that it was equal to the well-

known sulfa drugs in stopping losses. Further research proved that the drug is generally less toxic to chickens than the sulfa drugs, and that the growth of treated chickens is not retarded as much as in the case of those which have been treated with sulfa.

This chemical is as yet available only in small quantities, and still is high in price. Even so, the amount required to be effective against coccidiosis is so small that the cost of treatment is less than with the sulfa drugs. Before long, products containing this new chemical will be available to poultry raisers on a less limited scale.

DDT Emulsion Controls Flies in Poultry House

Spraying a 1 per cent DDT emulsion on poultry manure two days before the manure was removed from the dropping boards, which were cleaned once a week, gave 100 per cent fly control at the Hawaii agricultural experiment station.

The emulsion was applied at the rate of one pint per 30 square feet of area.

The addition of lime twice a week to the manure before use of the DDT treatment reduced odor and moisture and reduced the number of flies, but apparently decreased DDT efficiency in the opinion of poultry specialists.

All-Time Champion

Above is Bess Skylark Ormsby Dora, 2388170, new all-time champion junior four-year-old Holstein for the United States, being milked three times daily. With her, on the last day of her record-smashing 365-day period, are left to right, three generations of her owners, G. F. Walters, Waterloo, Iowa; his son, Harold Walters, and his grandson, Robert Walters.

2,4-D Formulas Classed In Three Major Forms

Since 2,4-D itself is insoluble in water, it is made soluble by treating it with other chemicals. This results in the manufacture of many formulations, all of which can be classified as ester, amine or sodium salt sprays.

Ester, amine and sodium salt dusts also are manufactured. The ester and the amine sprays are produced in liquid form, the sodium salt spray as a powder and the others as dusts.

The 2,4-D chemical is used extensively as a weed killer.

Zinc Coating Provides Protection From Rust

Ten year tests at Indiana indicate that wire having less than a half ounce of zinc coating for each square foot of wire surface had 100 per cent of the surface rusted during the period. Samples having more than one ounce of zinc coating showed no rusting. Stainless steel and copper clad samples showed no rusting. Lead clad samples showed a third of the area discolored.

GUESTS AT RODEO

Members of the Batley county commissioners court were guests of Fred Berryhill Equipment company at the Gene Autry rodeo held in Lubbock. Those attending were County Judge Cecil H. Tate and commissioners L. T. McKillip, Tom L. Smith, Glen Williams, and P. A. Altman.

FARMERS

MR. H. C. LEWIS

McAllen, Texas

Chemist for Southwest Chemical Corp. will be here for several days beginning Friday of this week to advise with farmers on fertilizers and other chemicals.

He will have complete laboratory equipment, which will be set up at our plant. Mr. Lewis will analyze soil and advise with you on any problem you may have. As head chemist for Southwest Chemical Corp. the last several years and previously with the U. S. Department of Agriculture, he has acquired invaluable experience with defoliants, insecticides, sprays and fertilizers.

We invite all farmers to consult with Mr. Lewis. We want you to meet him.
