

I venture to say that, never in the history of this school district, were so many school patrons, members of the general public, enlisted in the work of developing the Muleshoe public schools.

This Supt. Cunningham has them all at work. A very large number of ladies are working to make the annual school carnival a big success, because the school so desperately needs books and equipment in its library.

Mr. Cunningham can't hardly understand why the citizenry don't always put their school first in everything. More of them are now "putting it first" than ever before. Mr. Cunningham, and you just stay in there and keep a working and keep telling the rest of us what we ought to do and we will soon see such a growth and betterment of our schools as will astonish and please us all.

The P. T. A. is a very active organization, and a very large number of our mothers especially are helping to put over its objectives. Right now, the organization wants to raise \$2,500 for the library and we wouldn't want to waver they won't accomplish what they set out to do.

Our boys took a nice shellacking down at Littlefield, but none of us fans are downhearted. After all, a team that was as crippled as ours was that night and could score three touchdowns, one at least against the Wildcat's best—a team that can do that merits our highest esteem. Personally, I think I never saw a bunch so stubborn, so hard to put down and make stay down as our bunch of football players. They don't give up easily. And I predict the teams that beat our Jackets from here on will come few and far between.

Blocks are being signed up rapidly in the city's street paving program and you fellows as want the pavement better get busy soon. There will be great gnashing of teeth if we wake up and find the city has already designated all it can take care of before we get ours accepted.

The Journal has contributed to lessening the shortage of skilled workers in the typographic arts. Miss Elzada Benson, after 13 months of apprenticeship in our shop and front office, took her own part on her coat and walked into a full-paying job as a linotype operator with a Tennessee paper. We pride ourselves that she learned so fast—she is our star pupil. Very few people can spend only a year at a complicated trade then step into a situation she has done. It is an honorable trade and she could practice throughout life and earn a livelihood at it she desires.

But all this is leading up to an expression of our P. T. theory: namely, that all young people should decide as early as possible what profession, trade, or avocation they wish to follow. Then, we think, they should devote every minute of time allowed them, as Elzada undoubtedly did, to making them selves proficient in that line of work. The road to proficiency in farming, business, trade, or profession is not an easy one. Only by the strictest application to duty and by keeping the mind wide open to learn may our young boys and girls become adept. Take a tip, youngsters, from a man who has been "through the mill." Apply yourselves to your job, whatever it may be. I venture to say there is no job that does not offer advancement to the ambitious. And a word, too, to our business men. Give these kids a

E Bond Drive Goal Is \$21,500

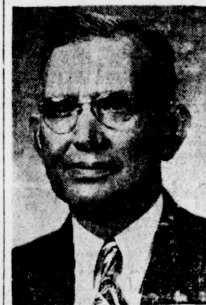

A drive to place \$21,500 in E bonds between November 11 and December 7 in Bailey County was announced this week by Jesse M. Osborn, co-chairman, Bailey County Savings Bonds Committee.

Mr. Osborn said F and G Bonds will be offered larger purchasers, but the emphasis will be on E bonds, as in the past. Goal for Texas has been set for \$5 million for this November campaign. All bond sales for eight months in Bailey County totaled only \$75,736.75, Mr. Osborn said. Included in this amount were some fairly large purchases of F and G bonds, however E bond sales were shown to be \$7,256.25 in August for this county.

The Treasury needs to sell 8 billion in bonds during this calendar year, according to a letter received here from Nathan Adams, Dallas, chairman of the Advisory Committee for Texas.

Bonds may be purchased at the U. S. Postoffice or at the Muleshoe State Bank.

Congress Candidate

MOHLER D. TEMPLE

Spearheading the campaign to secure a large vote in the general election, Mohler D. Temple, Lubbock business man, will be a candidate for Congress from the 19th district on the Republican ticket in November, it was announced Saturday.

Temple's candidacy marks the first time in history that the Republicans have had a candidate for Congress from this district. Temple stressed in his announcement that his candidacy was based solely on the desire for a large GOP vote over the area in the fall election.

Complete Slate Sought "The more votes we get for the party in the general election, the more delegates to the state and national conventions will be allowed in 1948," Temple said. "We are allowed one delegate for every 500 votes in the general election. In the recent State convention we were allowed two delegates from this district. We hope to increase that number this fall."

Temple also said his candidacy was part of a movement by the state organization to turn Texas into a two-party state.

Accept DFC Awarded To Their Son

Mr. and Mrs. Glenn T. Maltby, Sr., were presented with the Distinguished Flying Cross and the Air Medal which were awarded to their son, 1st Lt. Glenn T. Maltby, Jr., who gave his life for his country in the Mediterranean Theatre of Operations. Lt. Col. Phil O. Rasmussen, Commanding Officer, of the Clovis Air Field, made the presentation at an informal ceremony Friday, October 18, at the Clovis Army Air Field.

1st Lt. Glenn T. Maltby, Jr., was awarded the D. F. C. "for extraordinary achievement while participating in aerial flight as a pilot of a P-40 type aircraft." On May 15, 1944 Lt. Maltby led eight P-40s

to attack an enemy bridge near Piek, Italy. Despite adverse weather conditions, Lt. Glenn T. Maltby, Jr. executed a perfect bomb run which resulted in heavy damage to the enemy-held positions and permitted our ground forces to move in. The Air Medal was awarded "for his rigorous achievement while participating in nine sorties against the enemy."

Lt. Maltby was killed later, while flying on a routine flight in Southern France. His outstanding leadership and steadfast devotion to duty reflect great credit upon himself and the Military Service of the United States.

Yellow Jackets Play Abernathy Here Friday In Third Conference Contest

Abernathy's Antelopes come to Muleshoe Friday afternoon for a 5A district conference game with the Yellow Jackets. Abernathy record this season is not known, and it is their first year for a competition.

The Jackets went down to defeat at Littlefield last Friday night, 45 to 20, making three touchdowns despite the fact they were severely crippled. Even Farrell went out.

KICA To Broadcast Grid Game Friday

Radio Station KICA, Clovis, N. M., will broadcast the football game here tomorrow, Friday afternoon, between Muleshoe and Abernathy high schools, beginning at 2:30.

Those who cannot attend the game may hear a running account of everything that happens on the field by tuning in at 1240 on their radio dials. The radio station will have two experienced men on the job reporting the game and the report will go to every section of the big territory served by the station. A group of local merchants are sponsoring the broadcast of the game.

because of that injured ankle and Waldon McCarty, stepping into Farrell's post at quarter, gave a very good performance, running the team carrying the ball and making a veteran. He made one of the team's touchdowns.

With Farrell, Moore, and Lowry out because of injuries, Coach Beam said his line-up for the game tomorrow will look something like this:

Left end, Don Barnett, left tackle, Bobby Goss; left guard, Jim Bickel; center, Herbert Griffiths; right guard, Bill Garrett; right tackle, Dewitt Tiller; right end, Glen Tibbets; quarter, Weldon McCarty; fullback, Bill Jim; fullback, Eugene Huff; wingback, Fuston McCarty.

George M. Props Died Saturday

George Mason Props, 64, died in the Green Hospital & Clinic here Saturday morning at 10 o'clock after a very short illness. Mr. Props had been admitted to the hospital at midnight Friday.

The family has lived in the Progress community two years. Survivors are his wife; three daughters, Mrs. Orlean George and Mrs. Walter Steinbock, of Muleshoe, and Mrs. Lewis Bowman, of Lovington, N. M.; four grandchildren; and a brother, E. E. Props, Muleshoe.

Steed Funeral Home had charge of arrangements. Final services and burial were conducted at Silverton.

Lions Would Back Local Pig Program

Members of the Lions Club Wednesday voted to sponsor the beginning of a registered pig program in this county, planned to be similar to the registered dairy heifer program initiated by the club last spring.

Rufus Gilbreath had charge of the program and quizzed members on facts about Muleshoe and Bailey County that few could find all the answers to.

ROY TRUELOCK TO SELL DAIRY HERD WEDNESDAY

A farm sale featured by big list of fine milk cows will be held by Roy Truelock, Wednesday, October 30, at his place 8 1/2 miles northwest of Muleshoe.

Twenty-two head of milk cows are listed, all of them being T. B. and Bangs tested. The sale will include also household goods and farm implements. W. D. Wamser will conduct the sale.

FFA Boys Bring Back 6 Firsts And A Junior Champion From Dairy Show

Muleshoe FFA boys entered nine classes in the Jersey department of the Farmer-Bailey Dairy Show last week and emerged with six first places and the junior champion heifer award. Altogether, the local boys won premiums of \$51.

About 125 head were entered in the dairy show held October 16-19, judging being done Friday. Club boys first competed against all comers in the two counties in the

open classes, where they won their six firsts and automatically won the same awards in the club division.

First places were won by dairy animals entered by: Hoshall Thommas, Don Sanders, Ernest Ramms, Dean Williams and Cecil Mardis, who won first on a female and the club male which he keeps.

An entry Bill Garrett placed second in class 13; Cecil Mardis won second on an entry in class 15a. Ernest Ramms' heifer was adjudged junior champion female of both the open and club divisions, Jersey department.

Other awards, placed outside the money won by the Muleshoe boys included: Class 12—Cecil Mardis 5th; Class 13, Jimmie Wingo, 4th; Bill Stenson, 5th; and Jimmie Clements, 7th.

Class 15—Bill Thompson, 6th; Class 15a—Jerry Julian, 6th; Ernest Ramms, 7th; and Charles Brown, 8th.

Class 16—Curtis Goss, 5th; Earl Henry, 6th.

The show included Jerseys, Milkings, Shorthorns and Guernsey divisions. An annual affair, the show likely will be held in Muleshoe next year, probably in August.

The entire class of vocational agriculture students at Muleshoe high school attended judging Friday and several local business men were there also. A barbecue dinner was served at noon. F. W. Jones and Edward White, vocational agriculture instructors, were with the boys during the show.

Guy Holt Dies In Auto Accident

Guy Holt, 38, of Roswell, N. M., a former resident of Muleshoe, lost his life in an automobile accident that claimed the lives of two companions Monday night, 10 miles southwest of Raton, N. M.

The three were killed when the automobile in which they were riding struck a bridge abutment and plunged upside down into the ditch below. Officers surmised the driver had fallen asleep. The accident occurred about 3 a. m. as the men returned from a pheasant hunting trip to South Dakota. A fourth man was seriously injured. Wreckage of the car was found at 6 o'clock by a bus driver.

Bill Holt of Muleshoe had talked to his brother while they were both in South Dakota hunting. The Muleshoe man returned home Sunday.

Killed in the accident with Holt were Homer C. Ledbetter, 36, New Mexico state police chief, and Dr. Charles D. Pickett, 34, also of Roswell. The injured man was S. L. Pitts of Roswell.

Cattle Movement Here Is 207 Cars

To date, the fall movement of stocker cattle out of Muleshoe over the Santa Fe has reached 207 cars. H. O. Barbour, local agent, said today.

Each car ran about 20,000 pounds, and if prices were figured at around 17 cents, each car would be worth \$2,400. Total money value of the shipment to date would be these figures were \$3,630,000. Mr. Barbour said two more sizable shipments, as well as smaller ones, are in prospect.

Cattle are shipped from this city from a wide territory. Few realize how much money is involved.

Four Calves Born To Club Heifers

A male calf was dropped this week by Everett Lee Redder's registered Jersey heifer, bringing to four the number of calves added to the original dairy herd brought into Bailey County last spring by the FFA boys of Muleshoe in co-operation with local business men.

Other calves were dropped by heifers of Earl Henry and Cecil Mardis, both females, and that of Charles Brown's male.

Under the program, he's pay for their heifer by giving the sponsor the first female calf.

Meantime the boys announce they have decided to take full interest in the bull that was bred to them by Chester Eliff, Welcome Volunteer Standard. The bull calf they had taken a two-thirds interest in, developed pneumonia and the boys believed the trade was beneficial to the program here.

Their present bull, being cared for by Cecil Mardis, is developing nicely, and won first place in his class at the Farmer-Bailey Dairy Show last week.

Oklahoma Lane Youth Killed Sunday In Crash Of Light Plane, Another Hurt

W. M. Donaldson, 16-year-old Oklahoma Lane high school football star, was fatally burned Sunday afternoon when the plane in which he was a passenger crashed and burned near Oklahoma Lane.

He died in Memorial Hospital at Clovis at 6 p. m. Sunday, about four and a half hours after the crash.

Earl Sparks, 16, of Texico who was pilot of the plane, is in Memorial Hospital also, suffering from burns.

The light plane, owned by Sparks, caught fire in the air while the two youths were making a pleasure cruise which was a customary Sunday event. Something appeared to go wrong with the landing gear, witnesses said, and the plane landed on its nose. Sparks was able to jump clear before the plane turned over.

Donaldson was unable to loosen his safety belt and sustained severe burns before he was finally able to free himself after the plane had turned over on its back. Sparks, it was said, received his burns while trying to liberate his passenger.

Sparks, son of Mr. and Mrs. Clyde Sparks, who live on a farm southwest of Texico, had owned the plane several months and had taken young friends on short flights each week end. Other boys were waiting their turn for the usual rides when the Cub crashed.

Donaldson was the son of Mr. and Mrs. Joe Donaldson, who lives on a farm in the Oklahoma Lane neighborhood. Although of the same age, he was an uncle of the plane's pilot.

Funeral services were held at Oklahoma Lane at 2:30 p. m. Tuesday.

In addition to his mother, the boy is survived by a brother, Sterling, of Payroll, and ten sisters.

High School Classes Elect Queens For Hallowe'en Carnival October 31

NURSERY IS PLANNED Room mothers of Mrs. J. J. Deshazo's first grade room announce they plan a nursery for smaller children on the night of the Hallowe'en carnival at the high school, Mrs. L. T. Green, one of the room mothers, said they will care for children up to three years of age so that the parents may attend the carnival. A room of the building will be fitted up for the purpose, and there will be bassinets, play pens, baby beds, etc. A small charge will be made for the service.

SALE OF HOUSEHOLD GOODS SET FOR SATURDAY

S. E. Bradley will sell a list of household goods at public auction the coming Saturday, October 26. A list of the articles to be offered will be found in another column of this paper. The sale will begin at 4:30 p. m. and will be held on the lot back of Phillips 66 Station in the business district. W. F. Hays, Jr., will conduct the sale.

chance, try to teach them, give them a chance to be and I am and they will surprise and gaily you by their eager acceptance of their opportunities.

Five high school classes, eighth grade through the twelfth, began their campaigns today at noon to nominate their queens for the big Hallowe'en Carnival to be held at the school symposium the night of Thursday, October 31. The queens will be made known by school authorities at noon next Thursday.

The carnival, sponsored by the Muleshoe P. T. A., has for its purpose the raising of money for the school library. The P. T. A. has set out to raise \$2,500 to buy books and equipment for the library, which needs about \$7,000 worth of new books to become a standard school department, it was said.

Meanwhile, room mothers are taking the lead in organizing booths, planning features for the carnival, etc. There will be fortune tellers, rogues' gallery, everything that goes with the carnival and Hallowe'en spirit. The fun begins at 8 o'clock.

Also, there will be hot dogs, ice cream, popcorn, peanuts and cokes for the crowd, who need not prepare supper at home that night for they can slake their thirst and satisfy their hunger at the carnival.

Classes will be dismissed at 2:30 Thursday afternoon, so that children living at a distance will have time to get home and get back to the carnival.

Valley Theatre NEW ADMISSION PRICES Sun, Mon, Thurs, Fri, and Sat, Night, 42c. Tues, and Wed, 25c Sat, Matinee, 30c. Doors open at 6:45 p. m. Show begins 7:00 p. m. Saturday, Doors open at 6:15, show at 6:30. Thurs, Fri, October 24, 25 Claudette Colbert, Don Ameche and Richard Foran in "GUEST WIFE". Saturday, October 26 Hoosier Hot Shots in "SINGING ON THE TRAIL". Sun, Mon, October 27-28 Cary Grant, Alexis Smith in "NIGHT AND DAY". In Technicolor. Tues, Wed, October 29, 30 "HOT CARGO". Starring Wm. Gargan, Jean Rogers and Philip Reed

Community Sale At Maple Saturday

Another community auction sale is scheduled at Maple the coming Saturday, October 26. The sale will begin at 11 a. m. and continue until the list of articles consigned to the sale are disposed of.

The sale, sponsored by the firms of Maple, will be conducted by W. F. Hays, Jr., Muleshoe auctioneer.

The sale list is carried in an announcement on another page of this paper. It includes hogs, household goods and appliances, and a large number of miscellaneous articles.

Free coffee will be served and a program of entertainment has been arranged.

Paul Carmack will clerk the sale and Ralph Burt is cashier.

### WHY LOSE THE GOLDEN EGGS?

COLLEGE STATION—A lot of

Texas dairymen are killing the goose that lays the golden eggs by cross-breeding their dairy cows with beef sires.

The dairyman who makes a steady practice of cross-breeding will end up with no replacements for his

## Soil Erosion... A Dangerous Enemy

Some of the dangerous enemies of soil conservation methods are:

1. SHEET EROSION, by which the top layer of soil is skimmed off the land.
2. GULLIES, a more obvious form of erosion, that gouge out the sides of sloping fields.
3. ONE-CROP FARMING, without proper rotation, which weakens the soil, and brings on erosion.
4. OVER-GRAZING OF PASTURES, which strips the land of soil-binding grasses.

This Information Furnished By The Soil Conservation District

## Muleshoe State Bank

Member Federal Deposit Insurance Corporation

herd, and just like the man who killed the gold-producing goose, he will kill the chances for more profit from a better dairy herd in the future, explains G. G. Gibson, dairy husbandman of the Texas A. and M. College Extension Service.

Dairymen cross-breed their stock because a cross-bred calf is worth more for beef than a straight-bred calf at the same age, says Gibson. But, he warns, the deal isn't as good as it sounds on the surface. It takes plenty of feed to make a cross-bred calf weigh 400 or 500 pounds at six months of age, and whole milk makes up a good share of the feed that the calf gets. Suppose it gets a gallon of milk a day for five months says Gibson (and a lot of them get twice that much). At present milk prices, that amount of milk is worth \$45. If the calf gets two gallons, the cost, of course, is \$90, which doesn't leave much profit from the selling price of the calf.

But the real loss, emphasizes Gibson, is to the future dairy herd. Continuous cross-breeding cuts out herd replacements. The dairyman goes out to find replacements but can't find them. He ends up milking a herd of scrub cows—the result of breeding a good milk cow to a good beef bull.

### AMERICAN AGRICULTURE WORTH 101 BILLIONS

COLLEGE STATION—American agriculture has increased in value practically 90 per cent since 1940, and was worth 101.5 billion dollars at the beginning of 1946.

This dollar valuation of U. S. Agriculture is shown in a study recently released by the Bureau of Agricultural Economics in Washington, D. C. Indicating that the figure is still on the rise, the Bureau's survey showed a 12 per cent

increase since 1945.

Significant points brought out in the study might be that very little of the increase in agriculture's value was the result of improvements of farms and farm property. Very large part of the increase has come from price increases on farm products and from accumulations of money due to large sales. The report indicated that approximately 800 million dollars that were added to farmers' cash holdings during the war will have to be re-invested in improvements of farms and equipment that weren't maintained through the period 1942-45.

Property of farmers and other owners of farm businesses accounted for 93.2 billion dollars of the total dollar worth of agriculture. The remaining 8.3 billions were taken up by creditors' claims. Although farmers' mortgage debts declined during 1943, they did not decline as much as in previous years, and actually increased in 20 states.

### COTTON PULLERS WANTED

COLLEGE STATION.—Cotton growers in almost every county in West Texas are crying for pullers to help in the cotton harvest.

State Farm Labor Supervisor C. Hohn, of Texas A. and M. College Extension Service, reports that Dawson county needs 1500 additional workers to harvest cotton. There is a demand for the same number in Scurry county. Hohn says, where the cotton harvest is reaching its peak, and Jones coun-

ty, as cotton begins to come in, is calling for 1000 laborers. Very few counties in West Texas have enough migrant help, and pullers are being paid from \$1.50 to \$2.50 at the gin.

Since the yield of cotton throughout Texas is below standard, farmers are having a hard time holding the pullers on the job, says Hohn. Laborers "keep looking for greener fields and are losing valuable time," he adds. There are about 33,000 migrant laborers in the cotton pulling area now, and extension agents and farm labor assistants are working constantly on replacements as workers move to other areas. Bad weather has caused many pullers to leave West Texas and go to other sections where the

housing situation is better.

A call for help from the Plains wheat country has come in also, says Hohn. Plains counties need tractor hands for plowing and seeding and year-around workers are being offered from \$2.50 to \$7.00 a day.

### TEXAS 36th DIVISION PICTURED IN HISTORY

AUSTIN, Oct. 22—Just off the press and in the mails for distribution to subscribers is a 360-page pictorial history of Texas' own 36th Division's combat from the bloody shores of Italy through France, Germany and Austria, it is announced by President Carl L. Phinney, Dallas, of the Division Association.

## A FARMER TOLD ME

"Electric Service is my BEST Hired Hand..."

It's no wonder that farmers praise the advantages of electric power. Electricity has scores of uses on a modern farm and provides reliable, efficient power at extremely low cost.

For milking, incubation and brooding, light to work by, power for a work shop, there's nothing to match it. And today, electricity is cheaper than ever before. It's always ready 24 hours a day and doesn't register on the meter when not working for you.

We're proud that in our 22 years of service we've been a pioneer in building ahead for the future. Our 12 million dollar expansion program is bringing the advantages of dependable low-cost electric power to more and more farmers in the entire Panhandle-Plains Pecos Valley area.

A PIONEER IN BUILDING AHEAD FOR THE FUTURE!

## Texas Leaders Endorse Amendment To Provide Permanent Road Fund

AUSTIN, Oct. 14—An important step toward establishing a sound financial policy to provide for the farm-to-market roads and primary highway needs of Texas was taken here tonight (Monday) when the state's road leaders launched a campaign on behalf of the Good Roads amendment to the constitution.

Approximately 500 advocates of better roads for Texas heard Governor-Nominee Beauford Jester, Lt. Governor-Nominee, Allan Shivers, Congressman O. C. Fisher, San Angelo; State Representative Nevelle Colson, Navasota, and John S. Redditt, chairman of the State Highway Commission address the huge kick-off rally and urge the adoption of the Good Roads measure in the November 5th General Election. Col. The Ashburn, Houston, served as master of ceremonies and introduced the speakers and other outstanding personalities present.

Jester, whose campaign platform stressed more and better roads, declared, "We face a critical need for more farm-to-market roads, a need we propose to meet. The roads Texas needs cannot all be built in a day. And if they were all built today it would not be long before the normal growth of Texas and the obsolescence of our road system would require still more roads.

**Long Range Planning**

"We must," the Governor-Nominee asserted, "recognize the fact that road building is a continuous, never-ending operation, which must be planned and financed on a long-range basis if our road system is to approach the minimum needs of a growing Texas."

Jester said that Texas cannot realize the greatest value from its roads until revenues are established and agencies can effectively plan more than a year ahead.

"The Good Roads Amendment," he asserted, "has been proposed in the spirit of distrusting some future Legislature's motives in diverting road funds to some purpose other than roads—but rather the spirit of trusting the people by giving them the opportunity to vote on the disposition of their own road user taxes, and to assure that the financial policies the people shall approve by their vote will not be changed without their full knowledge and consent."

Author of the Good Roads Amendment, State Representative Nevelle Colson told the gathering that schools and roads are of paramount importance to Texas. "The only woman in history of the House of Representatives to successfully sponsor an amendment to the Senate Constitution," Mrs. Colson declared that the Amendment not only will advance Texas in roads but also in

the cause of public education.

"Transportation is the key to a successful rural school program but Texas cannot have an adequate school program until we construct an adequate road system," the representative from Grimes and Montgomery counties charged. "In my studied opinion, roads and schools go hand in hand and head the list of the people's needs."

**Mobility Needed**

Lieut. Governor-Nominee Allan Shivers, sponsor of the measure in the Senate, recalled, "During the war, mobility on the home front meant mobility on the battlefield. War added to road deficiencies at home. Construction virtually stopped. To meet the needs of post-war traffic is a huge job—and this traffic is mounting faster than roads can be built to serve it. I am convinced that Texas will never have a well planned system of paved state and farm roads, unless we

Muleshoe Texas

establish a sound, permanent financial policy."

Congressman O. C. Fisher, San Angelo, member of the House Roads Committee explained the effect of the amendment upon Federal Aid apportionment for Texas. "Congress has written into the Federal Aid Acts a penalty for those states which divert these funds to non-road purposes. Passage of the Good Roads Amendment will guarantee that Texas will never be subjected to this penalty."

Chairman of the Highway Commission, John S. Redditt, warned that the welfare of Texas demands a sound rural economy. "High on the list of measures that must be taken to nurture a sound rural economy is a better system of farm-to-market roads," he said. "By stabilizing road finances, this amendment will be the greatest forward step of our generation toward the development of an adequate road system for Texas."

Among the other dignitaries who participated in the program were Sid Callavett, president, County Commissioners; Ben Judges, Rural Letter Carriers' Association; Mayor Joe Jenkins, Amario, president, League of Texas municipalities; Geo. Butler, chairman, Board of Insurance Commissioners; Senator Pat Bullock, chairman, State Education Committee;

Harold Gaulrapp, Master, Texas State Grange; and J. E. McDonald, Agriculture Commissioner.

**SISTER KENNY ANNUAL CAMPAIGN IS PLANNED**

DALLAS, Oct. 14—Plans for the 1946 Sister Elizabeth Kenny Infantile Paralysis campaign, which will run from November 18 to December 7, are proceeding rapidly, according to George C. Francisco, Jr., Houston, state chairman. The Texas quota is \$150,000.

The state campaign is being conducted by counties, with a separate quota for each county. Chairmen are now being selected for the individual county campaigns.

Funds from this campaign will be used to send nurses to Minneapolis to train as Kenny technicians, and to eventually build a Kenny clinic in Texas, so that Texas victims will have access to the best known treatment of this dread disease.

Mr. and Mrs. A. L. Hargrove and son, of Anton, Texas, visited in the home of Mr. and Mrs. L. D. Taylor Sunday.

## Jerry Osborne Entertains In Home

Miss Jerry Osborne entertained a number of her friends at her home Wednesday evening, Oct. 16. Games were played throughout the evening and refreshments were enjoyed by the following guests:

Misses Ann Horsley, Frances Williams, Gayetta Farrell, Barbara Morris, Eva Mae Phipps, Ellen Goodson; Messrs. Woody Splint, Medford Sellers, Plunket Barbour, Hardy Barrow, and Claude Riley.

## Seniors Elect Queen Candidate

The Senior class of Muleshoe high school nominated Virginia Faye Nelson, daughter of Mr. and Mrs. George Nelson, candidate for Halloween queen. Virginia Faye will be escorted by senior president, Wiley Moore. The Halloween carnival and crowning of the queen will be October 31, in the High School gym.

In order to raise money for her race with the other class queens, the seniors will hold a pie and cake sale Saturday, October 26, at 1:30 in front of Burkhead's Insurance office. Come buy a pie, a cake, to win for the seniors sake Vote for Virginia Faye Nelson.

## Half Century Club Met Thursday

The Half Century Club met October 17, at 2 o'clock in the home of Mrs. Anna Moeller, where we spent a very pleasant afternoon. Mrs. Moeller, assisted by her daughters, Mrs. Walker and Mrs. Swint, and her granddaughter, Mrs. Green, served delicious refreshments to 18 members and 8 guests.

Mrs. Curtis Taylor of Albuquerque, N. M., joined the club and was welcomed by all.

The club will meet October 31 with Mrs. Neil Rokey in an all day meeting with a covered dish luncheon, celebrating the 9th birthday anniversary of the club as is her custom each year.

## JUDY K. LAMBERT'S 4th BIRTHDAY OBSERVED

Judy K. Lambert's fourth birthday was observed with a party in her honor at the home of her parents, Mr. and Mrs. Woodie Lambert, last Thursday, October 17. Games were played and refreshments were served to Mike Barron, Frosty Jones, Dixon Ray, Wally Moeller, Wickey Spivey, Susan Holt, Donna Copen, Kay Brown, Roxanna Hart, Kay Lenderson, Laguna Stone and Judy K. Several who could not attend sent gifts.

## BIRTHDAY DINNER GIVEN AT WILLIAMS HOME

A dinner honoring Messrs. J. J. Williams and T. A. Shelton was enjoyed in the home of Mr. and Mrs. J. J. Williams last Sunday.

A lovely two-tiered birthday cake adorned the dining table. The dinner was served buffet style to C. T. Rucker and two children of Amarillo, Mr. and Mrs. Eules Waggoner and family of Dimmitt, Mrs. T. A. Shelton of Kress, Mrs. Williams, Hehl Williams, Frances Williams and the hostesses, Mr. Williams and Mr. Shelton.

## Fashions

Everyone wants a suit that can be worn by day and by night such as the one shown above as pictured in the September issue of Good Housekeeping magazine. A black, soft wool, unlined, with well set jacket, braided frog fastenings, H goes well with a bright blouse or scarf by day, softer shades by night, with tailored hat and jewelry or feathers and veiling.

Mr. and Mrs. E. E. Dyer were visitors in Lockney and Plainview Sunday.

J. B. Young, Jr. who received an eye infection from a piece of steel on Oct. 12th, was taken to an Amarillo eye specialist Tuesday.

Johnnie Glascock, after two years of overseas duty, returned to his home October 12. He, his father and niece, Jackie Mae Lawler, were in Dallas last week visiting his sister. Although Johnnie has not received his official discharge, he is considered a civilian.

Mrs. Snow Davis and Miss Mildred Davis left Thursday for Vernon, where Mrs. Davis will remain for some time with her mother, who is ill. Miss Davis returned after spending the week end.

Mrs. Howard Elliott and Mrs. Irvin St. Clair of Muleshoe and Mrs. Anna Hewitt of Littlefield left Sunday morning for Houston to attend the OES Grand Chapter convention held there, this week.

Mr. and Mrs. Gil Willard and Leo attended the Baylor-Tech football game at Lubbock Saturday.

Mr. and Mrs. B. Whitte of Leveland were here over the week end visiting with her sister, Mrs. Marvin Wimberley, Mrs. Pinnis Jennings and other Labuddy friends.

Jack and Alfred Hicks have gone to Colorado on business.

Mr. and Mrs. Jim Cox and Edwin, and Mrs. J. C. Willard, Jimmie Mae and Leo visited relatives in Colorado over the week end.

Mr. and Mrs. Pete Jenkins visited Pete's sister in Clovis, Sunday.

E. E. Dyer and Roy Dyer were in Santa Rosa Monday of this week.

Mrs. Harold King and Max spent the first part of the week visiting in Spitt with her parents, Mr. and Mrs. A. E. McClain.

Mrs. S. A. Ribble was in Lubbock Oct. 14 to 18 attending showers and teas given in honor of her granddaughter who is to be married Oct. 26. Bethelwina, Mrs. Ribble's small granddaughter, returned with her for a short visit.

H. D. King was in Tulsa, Okla., Monday, on business.

## Fashions

Teens usually hate hats but not one like the face-framing wool-roller to wear up or down shown above as pictured in the October issue of Good Housekeeping.

## Hospital News

Bonnie Anders, daughter of C. A. Anders, spent a few days in the hospital as the result of a fall from a combine. She is at home now.

Mrs. W. E. Howard is in a few days for medical care.

Dillard Chitwood had the end of his finger taken off while working on an engine.

CONGRATULATIONS:  
To Mr. and Mrs. J. J. Brackman on the birth of a son, Ronnie Dale, weight 8 lbs., 2 oz., born Oct. 19.

To Mr. and Mrs. Carroll D. Black on the birth of a daughter, Beverly Jean, weight 7 lbs., 6 oz., born October 22nd.

## Loreta Roddam Boyd Burlesmith Vows Solemnized

Miss Loreta Roddam daughter of Mr. and Mrs. L. C. Roddam, and Mr. Boyd D. Burlesmith, son of Mr. and Mrs. Ed Burlesmith, Muleshoe, formerly of Vernon, were united in marriage October 5 in the Baptist parsonage with Rev. A. W. Blaine, officiating.

The bride was attended by her sister, Mrs. James Crow, as her maid of honor. James Crow was best man.

The bride chose a green suit with black accessories for the ceremony. The immediate family and Mrs. R. L. Clark attended the wedding.

After a two weeks honeymoon trip to Fort Worth, Galveston and Huntsville the couple returned to their home west of Muleshoe. Loreta returned to her work at the Western Drug. Boyd will enter school in Fort Worth in December to study refrigeration.

**John Tarleton Amendment Will Correct Error**

COLLEGE STATION, Oct. 23.—Attention of the people of Texas was directed today to an obligation involving payment for a \$75,000 building at John Tarleton Agricultural College at Stephenville by President Gilchrist of the A. & M. College of Texas, who is also president of the John Tarleton Agricultural College at Stephenville.

President Gilchrist urged careful study and complete understanding of the provisions of a Constitutional amendment, S. J. R. Number 5, which will be submitted at the forthcoming November election.

"In 1937 the Legislature in the John Tarleton appropriation bill authorized \$75,000 for a science building. An error was made in copying the instrument and this particular item was inadvertently left out of the final bill which the Governor approved. Who apprised of the error, the Governor, under his constitutional authority, authorized a deficiency appropriation. After two years the Attorney General ruled that the deficiency warrants were issued without proper legal authority. Many lawyers regard the legal question as a close one.

What it takes to correct it is the passage of S. J. R. Number 5, which simply authorizes the Legislature to appropriate money to pay the contractor who constructed the building. This is an honest obligation of the State of Texas which should be paid. The people of Texas have many times shown their willingness to correct an error and pay an honest

debt. For that reason, I presume to ask that full publicity be given this proposal so that everyone may understand just what is meant by the proposed amendment."

**Plainview Caravan Will Tour County**

PLAINVIEW, Oct. 23.—Every community in Bailey County likely will be visited by a 100-car caravan of Plainview citizens on a three-day good will jaunt just before Thanksgiving to invite the people to the city's official "Santa Claus Day," December 5.

The itinerary set-up includes trips to the following communities around Muleshoe: Progress, Muleshoe, Mill Switch, Circle Back, Baleyboro, Goodland, Maple, Enochs, Bula, Needmore. A definite schedule will be announced in a few days.

It is planned to have small mementos favors of the trip to be distributed to the school children and others in the communities visited. Plainview merchants will visit with local merchants during each stop.

**Veterans Land Measure Approved**

AUSTIN, October 22.—Passed by the legislature unanimously and approved by the American Legion, the Veterans of Foreign Wars, the 98th Division and the State Democratic Convention, a Constitutional Amendment making it possible for Texas veterans to purchase farm and ranch homes from the State, faces ratification by the voters on Thursday, November 7, two days after the general election.

Over 5,000 Texas veterans have already expressed a desire to participate

**Champion of Clean Milk**

ALBUQUERQUE, N. M.—Clean milk and milk products will always command a good market, according to Secretary of Agriculture Clinton P. Anderson, who isn't worrying about farm surpluses—either on his own 600-acre dairy farm-ranch near here, or on the nation's farm front. He believes the war actually stimulated the market for milk and milk products. Here he is shown examining one of the milking machines used on his farm. Anderson is particular about maintaining high standards of farm cleanliness because he is convinced that American farmers must continue to improve quality and production of their milk in order to hold the peak market. The Secretary milks about 150 cows.

Under the plan the State would put some 10,000 tracts located in every sector of the State on sale to the veterans for as little as ten per cent down with 40 years to pay the balance at 4 per cent interest. The tracts would range from 50-acre farms to 2,500-acre ranches with a maximum price of \$5,000. Each tract would carry a fifteen-sixteenths mineral fee interest in oil and gas and seven-eighths mineral fee interest in sulphur. Purchasers would not be required to homestead the land. They would also be permitted to dispose of their equity.

**WAA Agent Will Be In Lubbock**

J. M. Rogers, representative of War Assets Administration, Fort Worth, will make a two-day visit to Lubbock on Oct. 31 and Nov. 1, to familiarize automobile and parts dealers, veterans, service garages and fleet owners with surplus automotive parts the WAA has for sale.

Rogers has for interested parties a National Consolidated Inventory, giving the number, name and price of all surplus automotive parts available in the entire United States. Repair shops and garages receive a 50 per cent discount from the manufacturer's current list price; fleet owners receive 45 per cent discount, dealers, both automotive and parts receive 55 per cent discount, and wholesalers and distributors receive a 75 per cent discount. Veterans in any of the above categories receive a 75 per cent discount. All purchasers, except veterans, must place a minimum order of \$500.00 net. Veterans, in an emergency can buy automotive parts without any minimum.

During his two-day stay Rogers will be located at the American Legion Home, 910 Texas Ave., Lubbock.

**PROGRESS HALLOWEEN CARNIVAL**

Everyone is invited to come join the fun at the Progress Halloween carnival, Wednesday night, Oct. 30, 7:30, at the Progress school house.

Hub Motor Freight, which operates through Muleshoe and maintains an office and warehouse here is squarely behind the Muleshoe Chamber of Commerce in its current membership drive. The firm happened to be on a list to be seen

by Glenn Rockey and ye editor and these workers wrote to Mr. L. S. Jackson, Lubbock, president of the big freight movers, who promptly replied as follows:

Lubbock, Texas  
October 16, 1946

Dear Sir:  
In reply to your letter of October 14, regarding your membership drive for the Muleshoe Chamber of

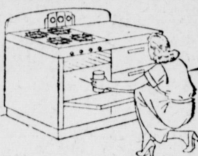

**FIXING UP the HOME**  
*By Diane Greiter*

**HOW TO CLEAN OVEN**

KEEPING a new range clean, or cleaning up an old one, has always been a major problem for most housewives. Meat cooked without fat is almost always tasteless. Meat baked slowly will get tough. When fat is subjected to this fast cooking process it will splatter and splash over the inside of the oven. The result is a coating of grease which must be removed as soon as the oven is cool if one is to keep the appliance clean.

Do not use any abrasive material in cleaning any part of the range. The manufacturers put on a surface which is a first cousin to glass. If you scratch tiny lines into this surface, it will produce fine cracks or check marks later. A

good strong soap solution will remove the grease easily, but do not use it until the range is cool. Putting cold water on this surface will break it, just as your glassware will break if you put it in boiling water and then into ice cold water.

If the grease is not cleaned off and successive coats are allowed to remain, the whole will bake into a new and dirty surface as hard as baked enamel. To remove this, put a cup of strong ammonia in the oven overnight with the door tightly closed. In the morning most of the hard grease will be loose and can be easily washed off.

**FOR SALE**

Best residential lot in Muleshoe. Inquire at SPENCE RADIO SHOP

Commerce, you may list our firm as a member in your drive.

We assure you we are glad to be a member of the Muleshoe Chamber of Commerce. I can see that you have a working chamber by the amount of traffic that moves into your city.

We appreciate this business very much, and wish you 100 per cent success in your drive for members. I will mail you a check the first of the month for this account.

**Forces of Attraction  
Keep a Comet  
in its Course...**

**and OIL-PLATE Your Engine!**

BASIC forces of attraction and repulsion keep a comet in its course around the sun. By countless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco N<sup>th</sup> motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

## Veterans' News

Veteran students who fail to notify the Veterans Administration of all changes of address will encounter serious delays in receiving their subsistence checks, VA warned today.

Changes of address must be reported to VA over the veterans own signature or their subsistence checks will be undeliverable. Eldon F. Fuller, VA's Chief of vocational rehabilitation and education in the West Texas Regional Office at Lubbock said.

This regulation is a treasury ruling and is not subject to action by VA.

In a survey recently completed, most veterans complaining about not receiving their checks were in

the group which had changed address without notifying VA, Fuller said.

Forms for giving all information required can be secured from VA offices or training officers on the campus. Telegrams or telephone calls are not sufficient since the notification must bear the veteran's signature.

In frequent cases where VA is not informed of moves, training officers must make difficult and often lengthy investigations to locate veterans before their subsistence checks can continue, Fuller said.

"VA is anxious to get these checks out promptly," he added. "With a little cooperation from veteran students in this matter, a big handicap to quick service will be removed."

### Baileyboro News

B. M. Seales and G. P. Fair spent Thursday afternoon, Oct. 18, in Portales, New Mexico, shopping. They had had luck coming home and ran a wheel off their car near Arch, New Mexico, arriving home at 11 o'clock that night.

George, Jr. and Reuben Fair, sons of Mr. and Mrs. G. P. Fair of the Longview community, left Thursday after spending two months with homefolks here.

Mrs. G. P. Fair received word from her daughter, Mrs. Lee Holland, better known here as Mary,

## Your Home

Weren't you thrilled to hear about America's record breaking wheat crop? I know I certainly was—and my first thought was that now we housewives will once more be able to bake with the fine, white flour we've all been accustomed to using. The minute I heard the news I began planning to bake all the real delicacies that experience has shown are truly delicious when baked with normal extraction flour. One of my favorite "company" recipes is for Parker House Rolls. You might like to try it:

- PARKER HOUSE ROLLS**
- 1 package compressed or granular yeast
  - 1 cup lukewarm water
  - 1 cup milk
  - 6 tablespoons melted butter or margarine
  - 3 tablespoons salt
  - 3 tablespoons shortening
  - 1 egg
  - 6 cups sifted enriched flour (about)
  - 2 tablespoons melted butter or margarine

Soften yeast in lukewarm water. Scald milk and add sugar, salt and shortening. When lukewarm, add 1 cup flour and beat thoroughly. Add beaten yeast and beat well. Add enough flour to make soft dough. Turn out on board and knead until smooth and satiny. Place in greased bowl, cover and let rise in warm place until doubled in bulk. Punch down. Roll out 1/4 inch thick, brush with melted butter or margarine. Cut with 3 inch biscuit cutter. Fold each roll 1 inch apart on greased baking sheet. Brush with melted butter or margarine and let rise until doubled in bulk. Bake in moderately hot oven (425 degrees F) 15 to 20 minutes. Yield: 3 1/2 dozen rolls.

Serve these rolls at your next "company" dinner or luncheon. I'm sure your guests—as mine always have—will beg you to give them each a copy of your recipe!

a new girl, 9 1/2 lbs. named Patsy Ruth.

Word has reached here that Cpl. William Lewis a nephew of Mrs. G. P. Fair, was in the States, after serving a year or more in Japan.

Somebody sure seems to enjoy shooting mail boxes to pieces in this community. Several people would like to find out who it is so that something could be done about it.

### GARDNER ASSISTS AT UN NEW YORK MEETING

Paul Gardner, son of Mr. and Mrs. A. J. Gardner, of Muleshoe, is one of twenty Navy boys sent from New Orleans to help with the United Nations conference in New York City. Paul acts as chauffeur for officials during the meeting. He has had the opportunity, he writes, to see some of the big football games, having recently witnessed the Columbia-Navy game, and nav-

ing tickets for the Army-Duke game this week.

### WTCC Meeting At Lubbock Friday

There will be a meeting of District 2, West Texas Chamber of Commerce at Lubbock Friday, October 25, according to letters of invitation received by all Muleshoe members of the regional organization, from George Stallworth, district director.

At the meeting there will be a discussion of the various planks that will be considered for inclusion in the work program of the regional organization, and this will be the opportunity of local members to have a part in formulating this program as each town will be asked to vote on these activities.

Ralph Broyles returned to Aberdeen Proving Grounds, Maryland, October 18.

## From where I sit... by Joe Marsh

### On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or criticize.

Because the spirit of harmony is there—harmony between folks who love each other's company, who enjoy the simple, homey atmosphere

Joe Marsh

Second At Fair**

LUBBOCK, Oct. 14 — The 29th Annual Panhandle South Plains Fair closed Saturday with attendance estimated at nearly 85,000 people. Rains, low temperatures and cold winds held crowds down to a much lower figure than had been anticipated, but fair officials expressed themselves as well satisfied with the

**MATERIAL ASSEMBLED  
FOR HOSPITAL ADDITION**

Material is being assembled for the addition to the Green Hospital & Clinic in Muleshoe, much of it being already on the ground. Dr. L. T. Green, Jr., and Dr. P. M. Green recently announced plans for the addition which will double the floor space of the hospital.

support given the Fair under the circumstances.

At a meeting of the Fair directors Friday, it was decided that whether the Fair made money or not, full premiums would be paid all exhibitors. The directors also voted to hold the rodeo over Sunday.

In the county agricultural exhibits, Floyd County took first place and won the \$100 premium. Parmer County placed second and Scurry third. New Deal won the community exhibit contest limited to the eight school districts in Lubbock County. Lubbock high school won first premium in the vocational agriculture exhibition, followed by Roosevelt school and Plainview high school. Every year the Fair association gives a prize to the woman's home demonstration club garnering the most points in the woman's department competition. This year's first prize went to the Hurlwood club which had thirty points all made by Mrs. G. P. Pace. Slide and Monroe tied for second.

Livestock exhibits were somewhat short because of the torrential rains over the weekend preceding the Fair the time when most exhibitors had planned on bringing their stock to Lubbock. Those on hand were of fine quality and provided fair visitors a chance to see some of the best stock of the Plains.

**Millinery Magic**

Pretty Ruby Lawton displays her millinery magic by fashioning her own hat for the big football game. Her simple formula can be duplicated in a few minutes. Here's how: Attach hat elastic to each end of a grosgrain ribbon (one inch wide and twelve inches long). Then take another grosgrain ribbon five inches wide and eighteen inches long and fold into bow. Take four large mums and seven baby mums from waxed paper and arrange in interesting fashion and attach to bow with corsage pins. Then fasten entire arrangement onto the elastic ribbon and slip on over head. To insure maximum beauty and freshness keep mums in waxed paper until last minute.

**Member Drive  
Making Progress**

Some delays have occurred, because of the bad weather, in the Chamber of Commerce membership campaign, but indications are the solicitation by several member teams will be completed this week.

Already the Chamber of Commerce probably can count more members than the organization ever boasted before. The aim is to enlist every firm and every business and professional man and woman in Muleshoe in the work of the civic body.

Dues have been set at \$12 a year or \$1 a month. Some firms are contributing considerably more than that, realizing the organization needs a ready supply of money to finance the many things such a group is called upon to do in a year's time.

The Chamber of Commerce meets tomorrow Friday, at noon at the Cross Roads Cafe and all the new members as well as the regular attenders are invited to be present.

**IN VETERANS HOSPITAL**

J. K. Adams, Bailey County agricultural agent, is in a veterans hospital in Illinois for treatment.

Adams left here shortly after accompanying 4-H Club boys to the Dallas Fair, and expected to be there about 28 days.

**TO TENNESSEE**

Mrs. John Benson and daughter, Elzada, have gone to Elizabethton, Tenn. Mrs. Benson has a son and another daughter living there. Elzada has accepted a position with the daily newspaper at Elizabethton. Mr. Benson and Junior will remain here for the time being. Elzada has been an employee of The Journal the last thirteen months.

**Enough Food is no Accident**

It is no accident that the largest crops in our history are being harvested this year when we, and the rest of the world, need them most.

In spite of war, loss of labor and little new equipment, the American farmer has again taken care of us and provided a life-saving surplus for abroad.

How do our farmers do it? How is it that only sixteen per cent of our people can feed all of us and go on breaking records in the face of circumstances which slow up industry?

There are three reasons: First, farmers work harder and longer than most other Americans. Second, they know how to make the best use of tools. And, third, they have a long-standing partnership with industry seeking to satisfy their urge to get more out of the land for the same labor. Farmers are still practicing the kind of enterprise that built America.

National thanks are due the farmer for the job he has done in the last five years. Universal respect is due him for his foresight in helping industry equip farms to meet a whole series of emergencies.

BUT... we should not crowd our luck, or the farmer's luck either. Too many farm tools are now worn out. Without new ones production may go down. Farmers need over eight hundred million dollars' worth of new implements and equipment. It is up to industry and labor to keep wheels turning to produce them, but any recurrence of strikes would prevent this.

America should see that the hard-working farmer gets what he needs.

AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet STEEL SERVES THE FARMER. Write for a copy and it will be sent gladly.

# Here We Come

With another carload of Seat Covers. Those old famous Jumbo Brand. Just got the invoice on them and the first 25 people in our store on the day of arrival gets a set for exactly what we are asking for them ??? How you like them apples?

We have plenty of Norway Anti-Freeze at present at \$1.00 per gallon, which is B grade, next to Zerex and Prestone or Peak. Better grab yourself some, 'cause the Permanent is going to be very scarce. A few sets of musical horns in stock.

We have one of those good old Norge Refrigerators and Gas Ranges on the floor for your inspection. Come in and look them over—Us, too. THANKS.

## Fats Are Short

"No improvement in the fats and oils situation for a good long time," according to E. A. Meyer, Deputy Administrator, Production and Marketing Administration, Department of Agriculture who spoke before the New York Newspaper Representatives Association in New York City recently. He urged continued

Bushman, Wayne King, Wayne and Dan Moore, Kiel Quisenberry, Norman Head, June Bushman and Mr. and Mrs. Loyd Quisenberry.

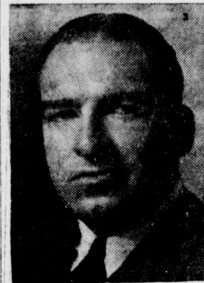

## FALL SOIL PREPARATION

Poor growth of trees and shrubs is often caused by little or no preparation of the soil before planting time, says Mrs. Laurette A. Williamson, county home demonstration agent of Bailey County. For winter planting of trees and shrubs, the early fall is the most suitable time to get the soil ready, the home demonstration agent says. The ground should be first cleared of rubbish, loose stones and sticks. Then, in case of tight soil, it should be spaded to a depth of eight to ten inches. On sandy soils the spading can be more shallow. Three or four inches of barnyard fertilizers, leaf mold or decayed hay will enrich the soil and increase its water-holding power, says Mrs. Williamson. Hay that is spoiled or

feed that is left over from emptying a trench silo makes a good soil conditioner when cut up into a fine mixture in the feed grinder. This material, mixed with the soil, will be decayed by January or February when trees or shrubs are ready to be planted. Fallen leaves and grass clippings run through the grinder also make good material to mix with the soil.

In soil preparation, it is often advisable, Mrs. Williamson says, to dig around the spots where the plants are to be located to see that no old concrete foundations or layers of brick or stones are beneath the surface. These obstructions often dwarf a plant or make it suffer during the hot summer months.

## MARCH OF DIMES

George D. Wilson, of Houston, above, has been named Texas State chairman of the 1947 March of Dimes. A prominent civic and religious leader, Mr. Wilson was formerly president of both the Board of Trustees of Houston University and the Board of Education of the Houston public schools.

## Drivers Warned About Violations

No. 3776, of Muleshoe, recently re-activated, Nathan Theoford, field representative, has been assisting in the reorganization.

The lodge meets every first and third Fridays at 7:30 p. m.

Other officers are: Walter Kemp, past consul commander; Homer Millsap, adviser lieutenant; H. C. Lee, banker; Frank Kemp, escort; W. H. A. Roberson, watchman; B. A. Dearing, sentry.

Sheriff J. C. Buchanan this week requested The Journal to warn motorists here that a more strict enforcement of traffic laws is beginning.

The sheriff said life and limb as well as property are being endangered by recklessness or carelessness and officers are going to bear down on all violators.

## Uncle Sam Says

For vacationing no month in the whole year is more popular than August with my countrymen from coast to coast. As I stroll the beaches, I see many fellows like Mr. Thriftys sitting under an umbrella to shade himself. You'll notice his umbrella is made of United States Savings Bonds. There are millions of Mr. Thriftys who are finding a peaceful shelter under an umbrella of Savings Bonds.

U. S. Treasury Department

## Mostly Static --

By Berry  
Howdy, folks; The way the stock market is fluctuating, we are reminded of the old bucket shop days of '29 when we all held the bucket.

People who play the stock market are usually known either as bulls or bears. Wonder why the ass never figured in there.

Many who play the stock market find that Wall Street is a one-way street.

Thought For Today  
See your stockbroker and then call your pawnbroker. Bulls and bears aren't responsible for as many stock losses as bum steers.

A lot of good buys in Wall Street turn out to be far-walls.

Wall Street stockbrokers should make good farmers. They know how to water the stocks and shear the sheep.

Well, we're only an observer as far as the stock market is concerned, but we're mighty active when it comes to supplying wiring material and lighting fixtures. Give us a call next time you need some.
