try to entertain people. Those un- cess story. discerning people passed up this column and many other fine things creased from 12 to nearly one and

Free Publicity:

Charlie Guy writes in his "Plains-Avalanche:

Our hustling, bustling neighbor, Muleshoe, is getting some good advertising and all for free.

"Quote," a nationally circulated weekly digest of this week carries the following "Scandal Sheet," a college publication:

"It is said that a native out near Muleshoe, Texas, is doing a thriving business, selling cockleburs to tourists at \$1 apiece, as porcupine

We don't know whether that's true or not-but we do know that there are plenty of people in Muleshoe smart enough to cash in on

any sort of opportunity! Thanks for that additional publicity, Charlie. But this editor is sort of puzzled about the cockle burr angle, since he has never seen one growing here-

This writer just thrilled all over when he heard that our good friend, Meade F. Griffin, had been appointed by Governor Jester to the Texas Supreme Court. In the first place, what a pleasure it must have been to Mr. Jester to be able to appoint to the highest court in Texas his old school mate

of University days. In the second place, we wonder if there is a man in Texas who is more deserving of such a high honor. As a young lawyer he was about the hardest working man in town; as a county and district official he was zealous for the common good; as a churchman, lodge and organization member he was always loyal and faithful. It is a fitting climax to Meade F. Griffin's lifetime of good citizenship that he should be made a member of the Supreme Court of

Cal Farley, of Boys' Ranch, says:

If children were taught to mind, there'd be no delinquency. The boy who has done just as he pleases for 12 or 14 years isn't easy

to saddle and bridle. If you want your son to drink, do your guzzling in front of him. A lot of good athletes smoke and drink, but I've never heard one of them claim that it helped

him win a title. If a boy fears trouble, he'll never be in trouble.

All boys are born with a certain amount of devilment in them. Whether they become community problems or community assets depends largely on the first 10 years of parental association.

A boy is the only thing a man can be made from. When a boy is brought to me, I

usually say: "Son, if you've been in any more trouble than I was when I was a kid, you must have developed something new."

"I reckon I was just in the right spot at the right time," says H. S. Sanders about his auto accident "I sometimes think that has as much to do with it as fast or slow driving. Not that I ever drive

Ceasar had somewhat the same idea when, along about this time of March a hundred years or so hefore Christ was born, he told Calpurnia, his wife, who had gone down upon her knees to plead with her lord not to go to the Senate the day that he was stabbed to death, according to Shake-

Of all the wonders that I yet have heard.

It seems most strange to me that men should fear; Seeing that death, a necessary

Will come when it will come. To editor believes that what A kindly bystander said, "Was happens or not.

March 12th is the thirty-seventh anniversary of the forming of Girl Scouting in the United States. When the Girl Scout organization was launched into the quiet, easygoing life of America in 1912, its founder planned for it a program that would help girls to become Supt. Cunningham: When I not only better home-makers, but

Thirteen Farmhouse Plans Are Now Available To Texas Farmers

Bids To Be Received On City Water And Sewage Projects

Bids have been requested for the construction in Muleshoe of an elevated water storage, water mains, another well, sewage collecting lines, three lift stations, force main and an Imhoff

sewage disposal tank. Plans and specifications for these additions, authorized at a recent election, are available at the office of Hasie & Green, city engineers, in Lubbock. Bids are to be turned in by March 30.

Voters at the election authorized the issuance of \$300,000 city bonds, \$95,000 of which was refund an old bond issue, \$205,000 to go for new sewer and water system extensions, additions, and improvements. Largest items in the program is the new elevated tank and the Imhoff sewage disposal plant.

Clovis Man Begins Wheel Chair Trip

Off on a long, slow and tedious the first sentence because it will nade in a wheel chair. Mr. Lebow, who has suffered an

attack of infantile paralysis, is to house Plans for the Northeastern nephew of H. T. Lebow, of Maple, perintendent of Documents, Wash-Mr. Lebow spent Monday night

here in the home of Mr. and Mrs. Ike Robinson, then started on his way again Tuesday morning. He was accompanied here by a cousin last year, but that swine will be Bill Lebow, farmer of near Clovis, with whose family he had been staying. Already three days on the road, Mr. Lebow estimated he could make New York City in eight

Golden Benficient surroundings, are pictured ton and Roland Bigham have been and described in a U.S. Department of Agriculture bulletin, "Farm Pete said. house Plans for the Northwestern States". W. S. Allen, extension agricultural engineer-buildings of Texas A. & M. College, says that returned from Mineral Wells where county home demonstration agents both have been taking treatments now have the bulletin in their of-

These 13 houses are adapted to nost Texas conditions. Since a farmhouse is a combined home and work center, the designers have seen to it that each house outstanding features that farm families want and need. Included are: rooms planned for family work and living; space for eating in the kitchen; a place near the back door for the men to wash up and hang work clothes; indoor traffic routes that do not cross busy work areas; adequate storage space for food and fuel; and ample closet space.

Every house, adds Allen is designed for running water and each plan provides for at least one bathroom.

These plans are the product of the Regional Plan Services. This is a cooperative arrangement between the U.S. Department of Agriculture and the states in a region. They work together in developing plans for farm buildings that are suitable for the region. The 13 farmhouse plans for the northeast were developed by three agencies in the Department-the W. C. "Bill" Lebow, of Bureau of Plant Industry, Soils ourney, W. C. "Bill" Lebow, of Bureau of Plant Industry, Soils Clovis, N. M., stopped in Muleshoe and Agricultural Engineering—the The journey he has Bureau of Human Nutrition and planned will be as described in Home Economics and the Extension Service-and twelve Northeastern States cooperating.

Copies of the bulletin, travel to New Yor! City via Warm States," may be purchased for fif-Springs, Ga. The Clovis man is a teen cents per copy, from the Suington 25, D. C. The order should be accompanied by coin or money order (no stamps), says Allen.

and information. Livestock To Be **Banned In City**

of a city ordinance to keep livestock, cattle, horses, or hogs, within the city limits of Muleshoe at a distance of less than 150 feet from a residence struc-

The city commission passed the ordinance at its last meeting, and the full ordinance will be published in The Journal in an early issue.

Dr. L. T. Green, the county

health officer, will see that pro-

visions of the ordinance are car-

ried out. Members of the city commission said the ordinance is to eliminate breeding places for flies and to prevent other unsanitary conditions. Last summer, they said, despite the fact the city used their own spraying machine, flies were numerous, because livestock furnished breeding places for them. It is hoped to better this condition

the coming summer. The officials told The Journal that a grace period of 30 days will be given by the ordinance, in which period residents will be enabled to make necessary

arrangements to comply. H. S. SANDERS, SR. HURT IN CAR MISHAP

H. S. Sanders, Sr., received painful bruises and lacerations when the car he was driving crashed into the rear of a parked truck and training division at Camp on the highway near Ralls last Shanks, N. Y., a staging area for Friday morning at 7:30. Three stitches were required to close a cut in his forehead. He was given emergency treatment at a Lubbock hospital.

Mr. Sanders was alone. Another automobile, which had just passed avoiding the parked truck, and the ensuing dust obscured the truck from Mr. Sanders' view until he was within a few feet of it. He was within a few feet of it. He swerved to the right but the truck caught the rear end of his car, stopping him. Mr. Sanders felt fortunate to get out of it with no more serious injury. His car was badly damage.

AVERAGE MAN CAN ADVANCE IN THIS COUNTRY

A Swiss journal recently publish ed a study of how much working time the average man in various nations has to put in to earn e- problems. nough to buy certain basic commodities. Russia was at one end of the scale and the United States really imparting unto youth the at the other. It was found that a things they need and most of some church and bring their childan hour for the purchase price of ing their delinquent youth prob-2½ pounds of bread, while the U. lem by means of recreational cen-15 minutes. That same Soviet lot of money, but it is reducing worker required 580 hours for a crime at a rapid pace, and maksuit of clothes. In this country, 28 ing good citizens. Idleness is the hours was sufficient.

Many causes contribute to this amazing difference-such as skill of American workmen, our advanced technology, and an economic system which rewards initiative and enterprise. There is still another cause which many of us may overlook-and that is the contribution to our living standards and purchasing power made by American retailing.

In Russia, there is no such thing as competition among stores. The

OUR NEEDS

By Rev. T. G. Craft

lost, and that we are losing our youth to the same subtle forces ties, and give an instructive and that make any people depraved. What can we do to redeem mankind, and to save our youth?

First, let the church and church save themselves. The church is tied to traditions many of which have no meaning in the edemption of our people and our youth. We have ample preachers who preach the gospel along with a lot of antiquated ideas. Many things are preached in the pulpits of our land that are silly. Much preaching is ranting and lambasting, and does no one any good. We need men to first discover the ancients was perhaps good for them, but truth is never fully grasped. We need to discover more fully the truth of our Lord, and then help others to see it and practice it. The Church must first save herself if she hopes to save others. A new discovery of Jesus Christ will help solve our

Much is said about our youth going to the "Devil," but who is worker could earn enough in ters. These centers are costing a work shop of the "Devil." Keep any people employed all the time in work and play, and there will be less time for evil planning and

Muleshoe needs a Recreational

state owns or controls them all and stocks and prices are whatever the dictators think desirable In this country retail competition s wide open. Chains, independents big department stores and little specialty shops-every kind and character of store is aggressively seeking consumer inducements such as lower prices, special serice, more varied and attractive displays, and so on. The result is that we get better goods at a low-er price than any other kind of economy can provide. The consumer's income, even in a period of inflation, pays for all the necessities and leaves him a surplus for luxuries that would be undreamed of elsewhere.

Those who think a controlled economy would benefit the masses should look at Russia, where regimentation is complete. The result yon, was guest speaker at morn-has been one of the lowest living ing services of the First Metho-

We realize most fully that our center for our youth and adults, world is lost; that our nation is lost; that millions of adults are lost, and that we are losing our full time director of youth activities and the control of the cont a wholesome program, we will produce even better boys and girls. We do not need any one to lead our youth except clean Christian leaders. Examples of goodness is the best teaching. It

Then too, let our business men and farmers employ these children who need the work and pay them ample for their wages, and help solve another angle of the delinquent problem. Children want and true gospel; experience it, and need spending money, but if the practice it. The doctrines of the parents cannot give them what money they need, make it possible for these children to work and earn some money. Most children prefer to work for what they want. and then apply it first to ourselves Children who work and play properly seldom cause any body or anyone any trouble. Give the "Kids" a chance to work and play, and we will soon forget about youth problems. An underprivileged adult is an unhappy fellow. We earn something worth while.

> Then if the parents would see to it that they themselves attend ren to attend with them, their purely religious angle will be solv-forth in the specifications. Each at home and see nothing in church his experience, financial resources for them, their children will usu-ally follow the parents. Let the parents try the church, and re-commend it to their children by or all hids Plans and to reject any example. No one has to be a saint tions may be inspected at the ofto attend church. If you do not fice of the City Clerk, Muleshoe, like one church; then try the oth- Texas, Texas Contractors' Publicaers. There are enough churches in this town for all. Progress Club In Kidnap Breakfast

Ada Murrah, and Mrs. Harold Mardis, took their cars and gathered up fourteen members of the club and took them to Mrs. Bill Maberry's for a kidnap breakfast. It was quiet a comical sight as everyone had to go dressed as they were. However most of the women were already at their daily some dressed in overalls, ready to do their laundry, others in their house shoes. Mrs. Maberry fed them a delic-ious breakfast of ham, eggs, toast,

elly and coffee. Everyone reported a good time and added \$8.35 to the club funds.

Mrs. Wedel Hostess To Progress Club

The club meeting was opened by Mrs. Frank Cummings and roll by a song. Mrs. Ada Murrah, presicall was answered with a verse dent, had charge of the business The club answered roll call by

bringing one plant and telling how to plant it and what it was. The Council report was given letter was read from Lourdes Silva by Mrs. Roy Maberry.

There will be a short course given at Lubbock for ten Bailey County women. Some of the subjects taught at the school will be interesting report on Paul, who advanced leather tooling and metal was recently ordained to preach. tal work. It will be a very instruction as Brazilian student whom tive and interesting course. Those she has seen through school. who wish to attend must send in the class will have a St. Patheir names and what they wish trick's Day dinner at El Monterey

to take by July 15.
All the club committees gave good reports.

Mrs. Birda Garrett gave a demonstration on pruning the land-scape. The landscape committee reported 48 tulips, 7 evergreens, and 5 shrubs had been planted. The club donated \$5.00 to the American Red Cross.

There were fourteen pieces of metal etchings completed at this Davis, Mary Hart, and the hostess. American Red Cross.

Delicious refreshments of cake and coffee were served to six-

teen members. The next meeting will be in the home of Mrs. Gordon Murrah, Mar.

Fidelis Class To Have St. Patrick Dinner March 17

Mrs. Ray Griffiths entertained the Fidelis class in her home The Progress club met in the Thursday afternoon with Mrs. Lefty home of Mrs. J. P. Wedel, March McWilliams as co-hostess. The Thursday afternoon with Mrs. Lefty meeting was opened with prayer by Mrs. Frank Cummings and roll of scripture. An interesting devotional was given by Mrs. M. F. Green.

Mrs. Green's group is leading in attendance for Sunday school. A thanking the class for paying her tuition in school and for the beau-

More Power! More Speeds! Greater Economy!

Open the throttle of the new Ferguson Tractor under a full 2-plow load. You'll fully appreciate the responsive power that walks away with your

Stepped-Up Power

There's no secret about what gives the new Ferguson Tractor improved performance. It's the combination of the genuine Ferguson System with a new, special-design, valve-in-head engine, product of Ferguson and Continental engine designers. With the Ferguson System to develop traction without excess built-in weight, plus this wonderful valve-in-head engine, you'll be amazed at the amount of work you can do with a gallon

But stepped-up, valve-in-head engine power is only one of the reasons why you can save so much in time, money and work with a new Ferguson Tractor!

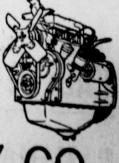

So easy to use! The original built-in system of hydraulic implement control, both Finger Tip and automatic, with 3-point, one-minute attachment of Ferguson unit implements · 4 forward

speeds . Front wheel tread adjustable without the bother of adjusting steering linkage · Automatic hydraulic overload protection if unit implement hits a solid, hidden obstruction . Individual turning brakes, plus a single pedal that brakes both rear wheels to stop the tractor without side pull. Tip-up hood to give instant accessibility.

But try it for yourself! We'll gladly show you the "proof of the pudding", with a demonstration on your own farm, at your own work. Just tell us a convenient day.

Powerful Fuel-Miser Valve-In-Head Engine

Exceptionally high torque at low engine speeds gives amazing tugging poweroften lets you use third gear when you'd expect to need second. "Wet" sleeves fully water-jacketed, improved cooling fan, full pressure lubrication and precision manufacture-it's an engine built

Senator Kilmer B. Corbin of Lamesa strongly supported the se-cond of a series of Gilmer-Aikin educational bills last week after the highly controversial measure was amended several times.

Corbin and other West Texas senators added amendments to the bill that will provide for great er transportation aid to the sparsely settled areas that they represent, also guaranteeing at least as many teachers as the small schools now have.

Senator Corbin this week introduced a bill that will set up a Commodity Distribution Agency for the purpose of aiding the school lunch program, dependent children, the aged, needy and blind. He voiced the opinion that this measure will meet with little opposi-

A bill that will benefit the rural areas of the state with more farmto-market roads quickly passed the senate this week. It would provide \$1,250,000. a month for the next two years for rural roads.

"I want to do my part to help set up some kind of definite pol-icy on rural roads", Senator Cor-bin said in urging passage of the

Invisible Eye Protection

Snow and mist collecting on eyeglasses, the nemesis of bespectacled skiers, is now eliminated with specially designed plastic contact lens developed by American Optical Co. scientists. Richard Dwelley, U. of Maine star skier, is about to fit invisible, non-shatterable lens on eyeball before ski meet.

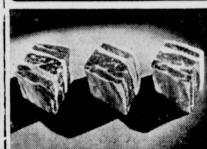

The freedom enjoyed and taken for granted by so many Americans is a priceless jewel to Gaida Miller of Canton, O. Seeing her country of Latvia overrun twice within a few years, first by the Germans and then by the plundering Russians; seeing her family vanish; knowing the heartbreak of forced labor camps, — all these have taught an appreciation of the freedoms in the country where she came as a war bride of ex-G. I. Gilbert Miller.

The United States is Latvia, enlarged many times, according to Gaida, for her country had a democratic government patterned closely after that of the U. S. Telephones, radios, electrical appliances and many of the other conveniences which Americans enjoy, with the exception of automobiles, were common to them. However her country had nothing to compare with giant industries like the Timken Roller Bearing Company where both she and her husband work. "In Eastern Europe there are no benefits for the working people as are taken for granted here," says Mrs. Miller.

Refrigeration

Service BOX 1025

Q. What is the name of this cut of

A. These are short ribs of beef. Q. Where does this cut come from and how is it identified?

A. The short ribs are cut from the plate and rib sections of beef and are made by sawing across the ribs. They consist of layers of fat and lean, and contain portions of the rib bones Usually, they are cut in square, in-dividual-sized serving pieces.

Q. How should this cut be prepared? A. Short ribs of beef are either braised or cooked as a stew. To braise them. dredge in flour and brown on all sides in hot fat. Add a small amount of liquid (water, tomato juice, tomatoes, or other), cover tightly and cook slowly until tender, about 11/2 hours To cook as a stew, follow the same procedure, but cover with liquid, and cook 21/2 to 31/2 hours. Near the end of the cooking time, vegetables may be added. Either method produces a good homey meal that will more than satisfy family appetites.

Supt. Cunningham **Reports On Meeting**

By Supt. Cunningham

On February 25 two hundred nembers of the Texas Division of National Association of School Administrators met in Dallas to take the special train to St. Louis Missouri, where the association was o hold its annual convention. About one hundred and twenty-five other members left from other points by train or plane and arrived in St. Louis February 26, to start the convention.

every day, and every piece of teaching equipment and school furniture on sale was on display there. A man could have easily spent the entire week looking over

ne exhibits. We enjoyed some of the best eye service.

speaking America is capable of producing (as well as some of the

poorest).
The various phases of the twelve month program of educa-tion was discussed with special emphasis on summer camping. It was decided that some of the Texas schools probably lead the na-

tion in this development. The Texas deligation was elated over the fact that Texas had the largest group at the convention though many other states doubled us in membership.

ANNOUNCING---

Irrigation Loans Irrigation Loans

Federal Land Bank Loans On Shallow Water Land, Based On An Irrigated Loan Value, With Net Interest Cost At Less Than 3.5%.

We are pleased to announce that this office is now in position to accept applications for loans on farm land, located in the shallow water area with proven irrigation water supply, on an irrigated basis. Values are based on the Normal Agriculture Value of the land, as to production under irrigation.

For the information of those who are familiar with our loans; the better irrigated land, with low water lift, should carry approximately double the dry land loan value.

If you have farm land now under irrigation, and have a loan against that land that is costing you more than 31/2% interest, and you would like to reduce your interest, then come in and let us figure with you.

If you are considering an irrigation well, and want the cheapest money, with the best of repayment terms. then let us figure with you.

All notes payable on or before. NO PENALTY.

We are still making dry land loans, as before. Net interest cost past 3 years has been 3.4%.

Cerebral Palsy Clinic Set April 4

Cerebral Palsied children will be neld Monday, April 4 at the Cere-Tenth Street, Lubbock.

Orthopedic specialists from Amarillo and Plainview will be present | WON A DRESS to examine patients.

Cerebral palsy is sometimes referred to as spastic paralysis or birth injury and may be evidenced by the child's inability to sit alone, stand alone, walk or hold objects at the age these things are accomplished by the average child. Research has shown that treatment is most effective if started within the first few months of the child's life although children respond to treatment begun at a much later age.

Parents planning to bring childkerchief as something old, and ren to the clinic are requested wore a watch, borrowed from her to register the children at the Center prior to the date of the Miss Ruffener wore a beige suit clinic. Information regarding the clinic may be obtained by writing Dr. Esther Snell, Director or calling Lubbock 6541.

Capacity crowds are expected to be on hand at the local high school gymnasium next Saturday night as the first professional wrestling matches will be staged in Muleshoe.

The card consists of a two main vent attraction with the opening out between Dory Funk and Kill-

Funk is the ex-Southwestern at Whiteface. There was only three States Junior Heavyweight Champ-States Junior Heavyweight Champ-on and is widely known from Whiteface and Muleshoe; each oast to coast for his wrestling bility. Funk hails from Hammond, the events. The Muleshoe men are

Killer Karl Bray is also nation- Running Events ally-famous in wrestling circles. He hails from Milwaukee, Wiscon-first place; Ray Kersey, third

The second main event of the Saturday night attraction will be Buck Weaver of Toledo, Ohio vs. Alex Kasadoki of San Francisco, California. Both of these men are vell-known wreslers from coast-to-

four men slated for the pening bouts here Saturday night are also well known by most all of the South Plains-Panhandle wrestling fans as they have all fought in various larger cities such as Amarillo, Lubbock, Clovis, and

The JayCees, sponsors of the weekly wrestling attractions here in Muleshoe, have been giving the opening bouts wide publicity with news stories of the attraction being published in the Amarillo papers, Clovis and Lubbock papers and in the area papers at Level-land, Littlefield, Morton, Dimmitt, Sudan, Farwell and possibly oth-

These wrestling bouts will give the area wrestling fans as well as local citizens who have never witnessed a big-time wrestling match an opportunity to see some of the big-time wrestlers perform.

Very few small towns ever get the opportunity to card nationallyknown professional wrestlers and therefore very few small town pportunity to see top-flight wreslers perform.

The opening bout is scheduled to start promptly at 8:15 p. m. Saturday night. General admission will be 75 cents, ringside seats \$1.00, and children 25 cents.

Lions Call Off Boxing Tourney

According to Morris Douglass, the oxing tournament which was scheduled to have been held here this week was called off due to several reasons.

In the first place most of the fighters that were expected to enter the tourney here entered a tourney which was slated for the same dates at Plainview. In the second place it was thought that the dates set for the tournament were just a little late in the sea son for boxing and that a post ponement of the fights would be too late in the season for sure Another reason is the fact that very little enthusiasm had been nanifested locally since none of the local high school boys had been matched this season eventhough they have been in training or several weeks.

By W. E. Hill

The reserve lettermen were a-warded their football jackets last Friday night at an 'M' Club meeting by Coach J. A. Beam. The jackets for the regular lettermen still had not arrived, but will be awarded to them as soon as they arrive. The jackets are purple, trimmed in gold.

The MHS track squad went to Whiteface where they participated in a practice track meet and came out with second place. Coach Beam said that they won more first places not to win the meet than he had ever seen, but they were nosed out for first place by one point.

There will be some practice neets held here stated coaches | Beam and Hedges before they enter the district meet which is to e held at Littlefield.

The JayCees weekly wrestling matches should start off with a bang as they have been widely pulicizing the event which is Saturday night, March 12, in all the area daily and weekly newspapers as well as through other means of advertising.

having several men to enter into These professional bouts will give many local and area citizens chance to witness some bigime wrestling matches at a very small admission price for such events. It also brings the big-time wrestlers to the people, whereas 220-yard dash-Weldon McCarty, before the people of this area had to either go to Clovis, Lubbock or Amarillo to witness such bouts. first place; Joe Cummings, second

This is truly an opportunity for the wrestling fans as well as for the citizens that have never seen the big-time wrestlers in action The Muleshoe Junior basket-

More Windbreaks Needed In Texas

A windbreak to protect the flowers and shrubs about the homesteads is needed in every county in the state.

That's the advice from Sadie Hatfield, extension landscape gar-dening specialist of Texas A. & M. College, who explains that the de-structive mechanical action of the wind often mars the beauty of shrubs by spoiling their shapes and destroying the blooms.

Besides this, tender plants are hindered in growth or may be killed by the wind, Unless there's a natural windbreak to protect the farm homestead, planting one is the logical first step in land-scaping a home, says Miss Hat-field. It will pay special dividends by breaking the force of the wind 800 feet of poplar weather boards.

and modifying the temperature. and shrubs that are well adapted kettle; 85 sugar troughs made of been successfully planted for this mutton tallow. purpose are desert willow, tamarix or salt cedars, native pine, western willow pine, red cedar and 300 poles; 100 split hoops; 100 emthat the plants native to the locality are good ones to use for windbreaks.

In areas free of root rot, the Chinese elm is a strong favorite because of its rapid growth. All plantings should include several varieties of trees, because it's not a good idea to depend on just one variety.

Where root rot is found black walnut, cedar elm, red cedar and, Chinese pistacia are often grown for windbreaks because of their resistance to this disease, says Miss Hatfield.

ATTEND GIFT SHOW

Mr. and Mrs. C. M. McMath returned Tuesday, from Dallas, where they attended the Gift and Jewelry Show being held there.

Newspaper files afford one of the most authentic sources of historical facts available. And, if you're interested in earlier American customs and living standards, take a look at the advertisements

published in any given year.

Jape Kindell, while in Texas some time ago, got a clipping of an advertisement of a personal property sale. Published orginally in Kentucky in 1849 and later reproduced in Texas papers, it clearly visualizes the meaning of the passage of time from the 19th to the 20th.

The ad, as originally published reads:

"Having sold my farm, and am leaving for Oregon Territory by ox team, will offer on March 1, 1849, all of my personal property, to "All ox teams, except two

teams, Buck and Ben and Tom and Jerry; 2 milk cows; 1 gray mare and colt; 1 pair oxen and yoke; 1 body yoke; 2 ox carts, 1 iron plow with wood mile board; "1,000 3-ft. clapboards, 1,500 ft. There is a combination of trees fence rails; 1 60-gallon so ap

for use in windbreaks, says Miss ash timber; 10 gallons maple syr-Hatfield. Among those which have up; 2 spinning wheels, 30 pounds "20 pounds of beef tallow; large loom made by Jerry Wilson;

Arizona cypress. The landscape pty barrels, 1 32-gallon barrel of gardening specialist points out Johnson Miller whikey, 7years old; 20 gallons of apple brandy. "One 40-gallon copper still,

sides of oak tanned leather, 1 dozen reel hooks, 2 handle hooks, 3 scythes and cradles, 1 dozen wooden pitchforks, one-half interest in tan yard, 7 32-caliber rifles. "Bullet molds and powder horn rifle made by Ben Miller, 50 gallons soft soap, hams, bacon and lard; 40 gallons sorghum molasses

mouthed except one. "At the same time, I will sell my six Negroe slaves, 2 men, 35 and 50 years old; 2 boys 12 and 18 years old; 2 mulatto wenches, 40 and 39 years old. Will sell all together as will not separate.

6 head of foxhounds, all soft-

"Terms of sale: cash in hand or A Workers' Conference for the note to draw 4 per cent interest "My home is 2 miles south Versailles, Ky., on McConnell's Ferry Pike. Sale will begin at 8 Theme for this conference will eat.—J. L. Moss."—Contributed by

NEW BOOKS FOR

A new book for Muleshoe Li-brary is "Golden Hawk", by Yerby. This is a novel of adventure, reenge, and exotic love in the West ndies of the seventeenth century When the might of imperial Spain was making its last great stand to retain its conquest in the World.

Kit Gerado, master of the Sealower, was a man without a name. Because the shameful secret of his birth was shrouded in mysery somewhere in Cadiz, he is in search for revenge on Don Luis Del Toro, the Spanish grandee who killed his mother and touched his life with unspeakable horror Here among the birth pangs Kit fought his long fight to win the ove of the woman whose spirit natched his own.
"Spring Fever," by Wodehouse,

s a new book on the library shelvs for the juniors.

Dry DDT Crystals Now Practical for Spray

A new animal disinfectant device, called the "iscomist cow bomb", is now available for use on live-

The cow bomb is used to apply a deposit of dry DDT crystals to the hair and hide of livestock for protection against the horn fly, house fly, stable fly, cattle lice, ticks, mosquitoes and certain other in-

Dry DDT goes into suspension in water less readily than any other form and withstands rain more desirably. It contains no oil to cause burning or to help DDT penetrate the hide. The DDT particles are microscopic in size and thus a given amount covers a greater area than other forms. It is said one iscomist cow bomb will treat approximately 100 cattle with the recommended 30 second treatment. It provides protection for cattle on pasture for about three weeks under average conditions. To help prevent lice infestation, prophylactic treatment of all additions to the herd is recom-

The iscomist cow bomb can be used on dairy and beef cattle, hogs, horses and sheep.

The procedure recommended for cows is to cover the body of the animal with paint sprayer motions at from 12 to 18-inch distances; for legs only 6-8 inches. Total time per cow is about 30 seconds.

Advantages of the bomb include microscopic coating of each hair and the hide of the animal with the DDT particles; less wash-off as compared with wettable powder and dusts, more equal results; saves chore time, and can be done w no mixing, cleaning or fuse.

Drastic Drop In Farm Income

AUSTIN, March 7 .- Texas farm cash income totaled \$60,406,000 in January 1949, falling 36 per cent from December and 30 per cent from a year earlier, the University of Texas Bureau of Business Re-1948 levels in all crop-reporting search reported.

Cattle was the greatest source of income in January 1949, bringing Texas farmers \$14,667,000. Income from milk products totaled

districts. Declines varied from 13 per cent in the Southern Texas Prairies to 65 per cent in the Southern High Plains.

The highest dollar income for \$10,464,000; and sales of fruits and January was recorded by farmers vegetables amounted to \$5,784,000. in the Northern High Plains, \$8,-Gains over December 1948 were 848,000. For second place, Black
