Seventy Muleshoe Merchants Participating In Trades Day Event

Mr. Muleshoe . . .

By J. M. Forbes

Dear You Sam
How could one forget to do what the man said when he got a communication like this one from Sam E. Fox, the big Texaco man of Muleshoe:

INTER-OFFICE NOTE, PERSONAL AND INFORMAL:
FROM: Sam, TO: Forbes.
Comments: Get that envelope out of the waste basket and make me 500 like it. (The one you received this note in.)

I was digging into the waste basket before I got thru reading it. Personal and informal, indeed.

Seen and Heard:
60 Year Old Business Man: I do not want to be rich, gave up that idea a long time ago. I mostly want to make enough to be comfortable, don't need lots of money. Sometimes lots of money just permits a fellow to choose the manner in which he can be most miserable. I hope I can keep my health to the last of my life and that I will be able to work every day, I have no desire to retire.

I am wondering what would happen to me by now if fifty years ago some fluent talker had converted me to the theory of the eight-hour day and convinced me that it was not fair to my fellow workers to put forth my best efforts in my work. I am glad that the eight-hour day had not been invented when I was a young man. If my life had been made up of eight-hour days I do not believe I could have accomplished a great deal. This country would not amount to as much as it does if the young men of fifty years ago had been afraid that they might earn more than they were paid for. — Thomas A. Edison.

Young man, if you can become highly proficient in your profession, or reach the top by working a few hours each day and burning no midnight oil, you are a miracle worker. I am glad that every man to work only 8 hours a day, but I'm hanged if I can see why he wanted the right. Eight hours a day is probably enough for each man to spend on his job—but if he doesn't do something in the hours that remain to improve himself in his job, he may not be prepared to hold a higher rated job if the opportunity comes.

You will read elsewhere in this paper about the telephone system's plans for Muleshoe. Mr. Shelley, the district manager, assured this writer that the fact that when one dials for long distance his call will go to Littlefield will not slow our toll service. The phone company will erect a building on a 40x140 foot lot which faces the north about the courthouse, alongside the former Lambert Plumbing location.

In Muleshoe they will have to maintain a service man and an office manager, the latter to collect for Muleshoe, Bovina, Friona, and Earth.

This is all scheduled to happen in 1950.

Mr. Shelley did not corroborate statements made here that Muleshoe now has the most antiquated phone system in Christendom. He said more magnet phones are in use in the U. S. than any other types combined; many towns larger than Muleshoe, Perryton for one, has this same system. But the company is proud of Muleshoe and not so proud of their building and switchboard, he added and which will do something about it.

For the rush this fall another circuit will be in use to Lubbock to speed toll calls, he said.

BACK FROM EAST TEXAS
Mr. and Mrs. J. E. Perkins have returned from Jacksonville, where they went to be with her sister, who had undergone surgery.

Local Markets

Wheat, bu.	\$2.05

New Shop Will Hold Open House

Muleshoe Floral and Gift Shop is celebrating the formal opening of its new shop with an open house Sunday afternoon, April 10, from three until five o'clock.

The public is cordially invited to drop in for a friendly visit and to see the display of cut flowers (featuring many unusual and exotic flowers) floral arrangements and distinctive gift ware.

Mrs. Lee R. Pool, owner, operator, and designer has recently returned from Houston where she received her diploma from Benz School of Floral Design. Her studies included flower arrangements, wedding work, corsages, funeral work and holiday designs. The building for the shop located on the Morton highway, is quite modern throughout and equipped with a large electrical display and storage refrigerator. The interior is decorated in a pleasing shade of green, with pottery shelves in Antiqued green and floor in reddish brown California original linoleum.

The work shop in the rear is most conveniently arranged with cabinets running the entire length of the back, work tables in the center and supply shelves in every available space.

While the shop was under construction, Mrs. Pool worked as an apprentice under designers from Tommy Brights School in Chicago and has already created some outstanding work. She also attended a regional design school in Temple.

Easter lilies, hydrangeas and other beautiful pot plants are already arriving for Easter. Mrs. Pool is busy planting dish gardens and planting vix in copper and pottery for the home.

Mrs. Pool invites everyone to stop by Sunday afternoon, register, visit a while and receive a flower favor.

W. Q. Casey Is On Bank Job Here

W. Q. Casey this week took up his new duties here as active vice-president of the Muleshoe State Bank. Mr. and Mrs. Casey are at home here. Their daughter, Beverly Ann, has enrolled as a freshman in Muleshoe high school.

The Casey's come here from Haskell, where Mr. Casey was serving as mayor. He is in business there.

A son of the couple, who is a staff sergeant in the U. S. Air Force, is based on Okinawa, and will be joined soon by his wife and their small son, who now reside at Haskell.

Mr. Casey lost no time in lining up with civic forces, attending the Lions Club here Wednesday.

FFA Boys Win At Plainview Show

The local FFA boys finished a rather pleasing record at this season's fat stock shows with winnings at the Plainview Fat Stock Show Friday and Saturday, April 1 and 2. The exhibitors with 2 pigs, Ernest Ware with 1 pig, Marion Waggoner, 5 pigs, J. R. Henry 1 pig, Harvey Coffman, 1 pig and Alton Taylor, 2 calves.

In competition with FFA and 4-H boys from 20 South Plains counties J. B. Henry placed his Chester White barrow second against all light weight hogs of the show. Marion Waggoner placed his group of 5 barrows first in the light group classification. Alton Taylor's calves were placed 4th and 5th in the class of light calves.

Although this ends the year so far as fat stock shows are concerned, the local FFA boys plan two more shows this year. One is the Panhandle-Plains Dairy Show at Plainview April 9 to 16. The following boys plan to take one heifer each for competition in this show: Herbert Ramage, Jack Chastain, and R. E. Williams.

Another show in which the FFA boys will compete will be the gilt show to be held here in May.

ATTENDED FUNERAL
Mr. and Mrs. Horace Edwards and Gary and Mrs. Finny Pierson spent the weekend with Mr. and Mrs. William J. Pierson and Sunday they attended the funeral for Dr. Caroline Hooten, formerly pastor in Plainview, that was held in Lubbock. Dr. Hooten was a pastor in Oklahoma at the time of his death.

VISITED IN LEVELLAND
Joyce Blackburn visited Helen Starr in Levelland last Thursday and Friday and attended the annual band concert there. She also became a member of the Levelland Concert Association.

NEW PHONE SYSTEM ANNOUNCED

Easter Choral To Be Given Here Next Thursday Evening

Mrs. Thomson Funeral Rites Were Held Today

Funeral services for Mrs. Virginia Helen Thomson, 81, were held this afternoon, April 7, at 3 o'clock at Progress, Rev. C. M. Jones, pastor of Progress Methodist Church officiated. Interment was in Muleshoe cemetery under direction of Muleshoe Funeral Home.

Mrs. Thomson had been a resident of Progress community the last eight years. She was born in Tennessee March 6, 1868. She is survived by four sons: O. C. Thomson, W. S. Thomson, and J. W. Thomson, all of Muleshoe, and Courtney H. Thomson, Fowler, Colo.; a daughter, Mrs. E. A. Johnson, Baytown, Texas; two brothers, J. E. Morrow, Corpus Christi, and W. S. Morrow, Sylvester, Texas; one sister, Mrs. Annie Walker, Willis Point, Texas; seventeen grandchildren and three great grandchildren. Grandsons of Mrs. Thomson were pallbearers.

Muleshoe Gin Being Rebuilt

Rebuilding of the Muleshoe Gin plant and building was to begin, probably this week, according to announcement of H. M. "Boots" Bryant, manager.

The gin was destroyed by fire last November 20. Building will be constructed, and most of the old equipment will be of steel. Continental and Mitchell ginning machinery will be installed.

Mr. Bryant said the latest type cleaning equipment made will be installed in the new gin. An electric motor will be used.

He said the gin will be completed, it is hoped, by August 1 and ready to operate by that date.

"Good Intentions" Name Selected For JayCee Donkey

Jerry Blaylock, of Muleshoe, won the JayCee donkey naming contest with the catchy suggestion "Good Intentions". He was awarded \$750. James Curtis Browder's suggestion, "Snazzy," was good for second place and a \$250 prize.

Old Good Intentions was returned to his owners, the Levelland JayCeess recently after stimulating attendance here the last several weeks. Most obstinate non-attenders were compelled to feed and water the donkey brute.

The awards were announced at the meeting held Monday night in the Cross Roads Cafe. Jim St. Clair, of Levelland, the regional vice-president, was present and gave the local boys a report of the state convention, which he attended.

Plans for a dial telephone system at Muleshoe were announced today by G. D. Shelley, District Manager for Southwestern Associated Telephone Company.

Shelley stated that studies were now being made of equipment and costs of a dial system for Muleshoe and that as soon as they were completed he would go before the City Council to explain operation of the system and present rates that will be necessary for dial telephone service. After the City Council has approved plans and rates for dial service, the Telephone Company will make a canvass of subscribers to determine whether they want dial service and are willing to pay the rates necessary. Shelley said that if 70 percent approved of the new type service and rates, final plans would be made.

In discussing plans for the dial system, Shelley said that it would be of the switch type, which could be expanded to serve several thousand telephones. It was also stated that a building would be constructed to house the dial equipment.

The rapid growth of telephone service at Muleshoe in the past few years is shown by the following figures:

January 1st	Telephones in Service
1933	69
1935	79
1940	119
1945	229
1949	433

More than 200 telephones have been added in the last three years, or almost as many as were in service on January 1, 1945. This has been possible only by major additions to the cable and wire system, together with additional switchboard equipment in the telephone office here.

Seven Trustees Elected Saturday

Voters of the Muleshoe Independent School District Saturday selected almost a new board of trustees, with only two of the old board being reelected. Only four had consented to serve another term.

The following were the seven high men in the voting: Raymond Gaede 138. E. W. Locker 134. L. J. Sanders 131. A. J. Lenderson 124. Bill Collins, 118. Morris Shields 116. Bert Seals 112.

Fourteen men had been nominated for the seven places. Others in the race placed as follows: C. A. Barnett 109; Harold King 106; Marion Harris 96; Jim Cox and Loyd Stephens 91 each; Bill Millen 90; Doc Wilhite 73.

Postal Receipts Register Big Gain

A gain of 35,828 per cent in postal receipts for the first quarter of 1949 over the same quarter of 1948 has been registered by the Muleshoe postoffice, A. J. Gardner, postmaster reports.

Total receipts for this year during the first three months were \$5,780.68, against \$4,255.87 for January, February and March of 1948, or a net gain of \$1,524.81.

WERE SNOWBOUND

Mr. and Mrs. M. E. Finley are back home after a longer than expected visit in Albuquerque with the family of their daughter, Mrs. R. G. Spence. They were snowbound in Albuquerque when a five inch snow blocked the highways. Snow lay upon the ground from Vaughan to Albuquerque, and when they returned there still remained some drifts of snow here and there.

Muleshoe Choir Gains Panhandle Wide Recognition In Broadcast

Muleshoe's a capella choir, composed of nearly forty high school girls and boys under direction of George L. Moore, school music director, has set Panhandle music lovers afire with their concert broadcast over KFDA, Amarillo, Sunday afternoon.

Reaction has been favorable and plentiful. Phone calls and telegrams were received from widely distributed points during and after the program, in fact, said Howard Cox, who acted as announcer, messages began coming in as early as 11 o'clock. A message from Quail school, large consolidated district, said the student body was assembled in their auditorium to hear the program.

The choir is well known to local music lovers, who have heard them on numerous occasions. Mr. Moore's work with this group is nothing short of superb. He has taken a group of youngsters, who didn't know whether they could sing, many did not know one note from another, and has welded them by his leadership into a truly fine chorus.

In fact, Pat Flynn news editor of the radio station believes this group is ready for net-work performance. Read his letter below, written to Mr. Cox.

I still think Muleshoe is overlooking a good bet in not sending the group on Panhandle Salute yesterday afternoon on a nationwide tour, and that includes you as master of ceremonies too. It was that good, and our response from listeners bear out our statement the program was indeed of net-work quality. So, in just saying "thanks" it sounds like a masterpiece of understatement. But we are grateful and are already making plans to bring back Muleshoe on another "Panhandle Salute".

Have scouted around the talent field today and can assure you we'll be available for that kids day event you mentioned, if and when you give the green light. Also talked with Mr. Robertson and he said it would be two or three weeks before he could be there but to count on his coming down. He's grateful for your interest.

And, under separate cover we are sending you the two disc recordings of yesterday's program. For goodness sake don't let Muleshoe lose George L. Moore. You have a gold mine in that man's ability, energy and knowledge of leeway and your school's choir will be known nationally.

Again thanking you and each person from Muleshoe with us yesterday for an excellent presentation and with kindest personal regards and best wishes, I am

Cordially yours,
Pat Flynn

The a capella group will present a 30-minute program over radio station KVOW (1490 KC) Littlefield, Sunday afternoon, April 10, at 4 p. m.

ence Kelley, Eudene Spradley, Joyce Blackburn, Mrs. Lonnie Arnold.

TEXAS CROP OUTLOOK

Weather in Texas the past month generally was favorable for land preparation and crop planting. Rain and scattered showers improved moisture conditions. Probably 85 per cent of the cotton crop has been planted south of a line east and west through Houston, and has been prepared. Some increase in acreage over last year is indicated. Corn is up to a good stand in a large area around Houston and planting is in progress as far north as Dallas and Fort Worth. Rice land has been prepared and some

planting has been completed. Indications point to increased acreages of corn, watermelons and tomatoes, but that of peanuts will be reduced. Winter wheat and oats are doing well in the North Texas area. Moisture is now ample after a long dry spell and farmers have hopes of a favorable crop. Bad weather delayed onion planting and some growers expect only half a crop this year.

AMERICAN MATURITY

The American people are frequently told they are politically immature, as compared with older lands. Europeans have regarded with amazement American troops who showed complete indifference to political struggles rocking the world. Gen. Omar N. Bradley himself speaks of the "political immaturity" of these troops. What is the meaning of such charges? The American is emerging from a past in which every man has been his own Daniel Boone to a present in which he is willy-nilly involved in a highly organized, complex, worldwide network of political, economic, social, and moral interrelationships. His education has not yet caught up with the facts. Speaking of public as whole, General Bradley declares in a recent Collier's. Their shocking apathy to the conditions of their curriculum is responsible even today for the political immaturity the economic ignorance, the philosoph-

ical indifference and the spiritual insolvency of so many young men.

Are these words too harsh? We think, rather, they are a sign of the growing maturity of Americans, the sort of constructive self-criticism which is democracy's greatest strength. To foreign critics who label the United States militarist and materialist, it should be instructive to find the Chief of Staff of the United States Army insisting that the country has too many men of science, too few men of God; that it has grasped the mystery of the atom, but rejected the Sermon on the Mount; that education must raise a generation which, when driven into a corner intellectually, will not be forced to resort to argument to "our wage scales, our automobiles, our refrigerators—and eventually and triumphantly to the American bathroom." It would be hard to find anywhere in the world a military man who could surpass in political and moral maturity General Bradley's call to regenerate education for today's world.—Christian Science Monitor.

EVERY CITIZEN OWES \$1,917 ON DEBT OF FEDERAL GOVERNMENT

Judge J. D. Hamlin of Farwell, heads a committee of the West Texas Chamber of Commerce on the public debt. According to his committee, each citizen of America owes \$1,917 as his share of the national debt. According to the distribution of the debt, Judge Hamlin figures that Randall county has a federal debt of \$13,773,645. This debt has nothing to do with county, school and city debts. The present debt of the federal government is nearly 252 1/2 billions of dollars.

MHS STUDENTS RECEIVE ANNUALS
On Tuesday morning of last week the High School annuals arrived from the publishing company and were distributed to the students who had purchased them. A short program was given in the study hall with Miss Waneen Beller and Don Fudge gave very impressive presentation and appreciation speeches before the annuals were distributed to students.

Soil Conservation District News

Topographic surveys have been completed on farms owned by G. W. Mimms and G. G. Young. Irrigation ditches for watering row crop land have been laid out on farms owned by Mrs. Birda Garrett and W. G. Kennedy. A well location has been made on a farm owned by J. W. Roberts and operated by T. J. Bovell. Both owner and operator are residents of Tahoka. Conservation surveys have been completed on farms owned by Ernest C. Kube, by the V. V. N. Ranch, by W. H. Judd, by Roy L. Ritchie, Jr., and by Lonnie Wilhite. Soil Conservation Service technicians have checked terraces which have been constructed on farms owned by C. E. Davis and M. L. Collins. They also gave Albert Ramm information for the construction of an elevated ditch. Complete plans of conservation operations have been worked out on farms owned by Lonnie Arnold, J. D. Henderson, and C. R. Mayhugh. Technicians checked ditches which have been laid out on a farm owned by Allison Cassidy. Applications for soil conservation assistance have been received on 200 acres of land owned by J. D. Henderson, on 150 acres owned by G. V. Coker, on 80 acres owned by J. W. Roberts, on 160 acres owned by Mrs. J. E. Walter, on 80 acres owned by Noel Woodley, on 80 acres owned by Wm. H. McGee, and 160 acres owned by W. Lewis Scoggin.

The first performance of the Passion Play was given in 1634.

Kaiser-Frazer invades new price field!
Kaiser... new price \$1995*
now world's lowest-priced big car

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation

HENRY J. KAISER Chairman JOSEPH W. FRAZER Vice-Chairman

Happy days are here again! Today you can get a big, big 1949 Kaiser Special for only \$1,995*... a saving to you of over \$333.00! Prices of all Kaiser and Frazer models have been materially lowered. These are by far the most sweeping price revisions the automobile industry has seen.

*\$123 1/2" wheelbase... 10 foot 7 inches seating space... 27 1/4 cubic foot trunk space... over 206 inches long... 7.3-to-1 compression ratio

Listen to Walter Winchell every Sunday night, ABC

- So, now you can buy the big car you've always wanted... at virtually "little car" prices and at "little car" economy of operation!
- Think of what this means to you and your family in terms of riding comfort, driving ease and prestige!
- Go choose your Kaiser or Frazer today. Your nearest Kaiser-Frazer Dealer can probably give you immediate delivery. Fair-and-square trade-in allowances... but you do not have to have a car to trade to get the benefits of Kaiser-Frazer price revisions!
- So, enjoy the comfort, luxury and safety of a new, 1949 Kaiser... the lowest-priced big car in the world!

Look what these new prices save you!

model	old price*	new price*	you save
1949 Kaiser Special	\$2,328.57	\$1,995.00	\$333.57
1949 Kaiser DeLuxe	2,509.01	2,195.00	314.01
1949 Frazer	2,593.37	2,295.00	298.37
1949 Frazer Manhattan	2,856.71	2,595.00	261.71
1949 Kaiser Virginian	3,311.52	2,995.00	316.52

*F.O.B. Factory. Transportation and local taxes (if any) additional. All prices include complete factory equipment. Nothing else to buy.

Truelock-Clements Vows Exchanged

Miss Thelma Truelock, daughter of Mr. and Mrs. J. A. Truelock and Olan D. Clements, son of Mr. and Mrs. S. D. Clements, vows were read Saturday night at 10 p. m. with Minister Ebb Randall performing the double ring ceremony.

The bride wore a powder blue suit with black accessories and her corsage was of white carnations.

Miss Jeanette Vinson and Miss Eva Truelock sister of the bride and Eran Cochran of Lubbock, attended the couple. Miss Vinson was her brides maid and wore a grey suit with black accessories and Mr. Cochran served as best man.

A reception was given Sunday evening in the home of his parents, Mr. and Mrs. Clements with only close friends attending. Miss Viola Stinett of Plainview, niece of Mrs. Clements, Duard Reeves of Lockney, Jeanette Vinson and Dorman Toton.

Miss Truelock and Mr. Clements both attended the Muleshoe High School.

Mr. Clements received his discharge from the U. S. Air Corps Monday, after serving three years and two days and fifteen months over seas duty with the Fifth Air Force in Japan.

After a short wedding to points in New Mexico, the couple will be at home in Muleshoe, where he is farming.

Half Century Club Has April Fool Party

The Half Century Club was entertained at a jolly April Fool party at Mrs. C. M. West's home with Mrs. C. D. Julian as co-hostess. Mrs. Walter Witte had charge of the entertainment with plenty of April Fool jokes.

Mrs. W. G. Panter wore the tackiest costume. She was almost a Christmas tree. Mrs. C. R. Farrell ran second with the next tackiest costume. Mrs. Sallie Harden won the first prize on the Pinto Bean contest.

Music was furnished by Mrs. Mabel Hunke on the accordion and Mrs. Walter Witte on the guitar. Refreshments were served in courses with so many jokes everyone was afraid to drink their coffee. But all came out alright and everyone co-operated nicely. The refreshment plate consisted of an open face sandwich, pickle, mints, cornbread topped with whipped cream and a red cherry on top, and coffee.

Everyone enjoyed the afternoon so much they didn't even mind going in the snow storm. The next meeting will be Thursday, April 14, with Mrs. W. H. Kistler and Mrs. Maud Jones as co-hostess.

Members present were Mesdames Bulah Carles, W. G. Panter, W. H. Kistler, C. R. Farrell, Mabel Hunke, Welch, Sallie Harden, Haney, Glibreath, Duke, Paul Snyder, Walter Witte and the hostesses C. D. Julian and C. M. West. We

Local Girl Scouts Elect New Officers

The Girl Scouts met at Muleshoe grade school, then walked to the Girl Scout house April 4.

They elected new officers, as follows: Bettie Dell Collins, president; Paula Provence, vice-president; Barbara Douglass, secretary; Texann Holdeman, treasurer; Diana Barnett, reporter.

Those present were Paula Provence, Bettie Collins, Wynell Bowen, Laura Whalin, Venette Wood, Jean Wright, June Freeman, Leta Allen, Margaret Stallings, Louise Bowers, Texann Holdeman, Ginger Gaede, Barbara Douglass, and Diana Barnett. Ladies present were Mrs. Watson and Mrs. Douglass.

AT LECTURESHIP

Minister Ebb Randol and wife attended a two day lectureship Tuesday and Wednesday at Melrose, N. M., this week.

had one visitor, Mrs. West's little granddaughter, Marilyn Gupton.

Progress H. D. Club Enjoys Dinner

The Progress H. D. Club met Tuesday, April 5, in an all day meeting in the home of Mrs. Harold Mardis.

In the morning work was done on aluminum trays. Several were painted and two were completed. So many more were interested, another order is being sent.

A large dinner with all the trimmings was enjoyed at the noon hour.

Several ladies tried textile painting in the afternoon. A pooled order for the paints was distributed.

The meeting was called to order and "Beautiful Dreamer" was sung.

Demonstrators and members gave good reports of work done.

The club voted to have a bazaar in October or November, so watch for these useful homemade articles.

Seven ladies are planning to attend the District meeting in Floydada April 16.

The Finance Committee reported another kidnap breakfast had been held in the home of Mrs. John Thomson.

Mrs. Corrington then gave a very interesting demonstration on bulbs and plants suitable for this country.

Those present and enjoying the day were: Mesdames Kelly and Show, members now living in Littlefield; Mr. and Mrs. Cecil Sigman of Portales, N. M.; Bratcher Murrah, Maberry, Shankles, Miers, Dairs, Lela Gulley, Dairs Gulley, O. C. Thomson, John Thomson, Maltby, Sinnacher, Wedel, one new member, Mrs. Little; Mrs. Kriegel, a visitor; Mrs. Corrington, agent; and the hostess, Mrs. Mardis.

In the early Middle Ages Amalfi was the rival of Genoa and one of the greatest seaports in Italy.

Young-Williams Rites Are Read

Friday morning at 10 o'clock in Clovis, N. M., Rev. Storm, pastor of the First Baptist Church performed the double ring ceremony uniting Miss Kathryn Williams of Clovis and Lowell K. Young of Muleshoe.

The ceremony took place in the church parlor with the bride attired in a lovely grey suit with brown and gold accessories. She chose white carnations for her corsage.

Mrs. Tommy Haley, sister of the groom, served as bridal attendant. She chose for her costume a tan suit with brown accessories. Tommy Haley performed the duties of best man.

Only close relatives of the bride and groom attended the impressive ceremony. Out of town guests included Mrs. Ludie Barlow, grandmother of the groom, Cliff, N. M.

Following a wedding trip to Ruidoso and other points of interest in New Mexico, the couple are making their home in Muleshoe, where Mr. Young is employed by D. H. Sneed Supply Co.

HALF CENTURY TO MEET WITH MRS. KISTLER

The Half Century club will meet with Mrs. Bill Kistler on April 14. The last meeting was held at Mrs. West's country home. All reported a fine time.

HEAR A CAPELLA CHOIR

Mr. and Mrs. Ike Robinson and Jack Lane were in Littlefield Friday morning of last week and in Clovis Friday night to hear the Capella Choir from Howard Payne college sing. Mary Lea Henderson of Coleman, granddaughter of Jack Lane is a member of the choir.

MARRIAGE LICENSES

H. L. Brandon, Jr. and Wanda Jean Bowen, Muleshoe. Harry Leon Albin and Norma Noreave McKnight, Muleshoe. Olan D. Clements and Thelma Alice Truelock, Muleshoe.

The name "Windsor" means "winding shore."

CHRISTIAN SCIENCE SERVICES

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 10.

The Golden Text is: "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases; who redeemeth thy life from destruction" (Psalms 103:2-4).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Touching the Almighty, we cannot find him out: he is excellent in power, and in judgment, and in plenty of justice: he will not afflict"

(Job 37:23).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The jurisdiction of the world is in Mind controlling every effect and recognizing all causation as vested in divine Mind" (page 379).

SPENT HOLIDAYS VISITING

During the Spring holidays Mr. and Mrs. H. A. Owens and son visited his mother and father, Mr. and Mrs. W. C. Owens of Moran, Texas, and in Abilene they visited her aunt and uncle, Mr. and Mrs. Henry Crabtree and her grandmother, Mrs. R. A. Street.

SPRING WARNING

DON'T DRIVE WITH YOUR FINGERS CROSSED

OFF YOU GO on that summer drive, and bang goes a tire, or puff goes a plug, or out goes a light or what not. That's driving with your fingers crossed in a great big way. WHY DO IT? NOW'S THE TIME with spring coming up and summer around the corner. Get your full seasonal treatment,—with plugs that click, ignition that purrs, engines that sing, wheels that are true, brakes that are safe, oils that are fresh, and a lot of grease where it should be. No, whatever you do, don't drive with your fingers crossed.

Get our full beauty treatment below and above. We'll give you our scrub treatment for the crusted salt, the traces of rust, and the barnacles of winter. Then with soap, water, rouge and massage,—we'll give you that outside summer look all over. That's how you *save money—not how to spend it.*

Greatest Farm Mechanization Era Of All Times In U. S. Now Underway

COLLEGE STATION, April 6—We are definitely in the midst of the greatest farm mechanization era of all times, says W. L. Ulich, extension agricultural engineer of Texas A. & M. College. Here is some proof so far as Texas is concerned.

At the beginning of this year, some 211,799 tractors are in use on Texas farms. Today approximately 82 percent of the cultivated land in the state is plowed with tractor power. In the case of wheat, oats, and other small grains, 86 percent of the harvesting is done with power equipment.

The use of highly specialized machinery requires the farmer to make large investments, adds Ulich. The depreciation of this costly machinery eats deeply into the profits of the farm operator, but he can do something about it. The life of tractors or other expensive farm machinery can be increased by proper care and maintenance.

The 4-H boys are learning through their "Live Power Program" just what proper tractor maintenance can mean to their home farm. Boys enrolled in this program keep an accurate record of the operating costs of their farm tractor. They have found that regular servicing, using the correct oils and lubricants, keeping the cooling and ignition systems in good shape and cleaning the air filters daily operating cost. Ulich says repair bills can be cut to a

minimum if the boys put into practice the things they are taught in the "Live Power" program. This fact is proved by the records submitted by former winners in this program.

Five area tractor maintenance clinics have been scheduled for the latter part of March and the first half of April. Local 4-H leaders and county agents will be given special training and they in turn will hold similar schools in their counties for the 4-H boys who enroll in the "Live Power Program," says Ulich. The training for the boys is important because they operate many of the farm tractors, he concludes.

Baptist Hour Series Started

ATLANTA, April 5.—Dr. J. D. Grey opens The Baptist Hour series, "Consider Jesus," Sunday April 3. He is the first man chosen to preach an entire series of thirteen weeks since the program's inauguration in 1941, according to S. F. Lowe, Director of the Radio Baptist Commission of the Southern Baptist Convention, Atlanta.

The Baptist Hour series, with Dr. Grey as preacher, will be heard over a 70-station independent network Sunday mornings April

Are You Eating As You Should?

This is the time of the year we all need to check up and see if we are eating sufficient food as to variety and quantity to give maximum health. The Texas Food Standard is a good measuring stick for the daily diet needs of the average person.

These requirements are as follows: 1 pint to 1 quart of milk a day, 1 egg, 1 serving of meat or meat substitute, 1 serving of potatoes, 1 serving of green or leafy vegetables, 1 serving of other vegetables, 2 servings of fruits (one of these citrus or tomatoes), 1 serving of whole grain, enriched cereal and bread, butter or margarine with vitamins added, some sweets and 6 to 8 glasses of water. To furnish additional calories needed more of the above or other foods may be added.

An Extension Service leaflet C-232, "Are You a Good Eater" briefly gives foods we need, the nutrient values of these foods and what happens if the body supply is low. This leaflet may be secured from the home demonstration agent's office.

BACK FROM VISIT

Mrs. Essie Plunkett returned Tuesday morning after a visit in Bowie with her mother, Mrs. Franklin, and in Fort Worth with a sister-in-law, Mrs. W. F. McGee and family.

TRADES DAY, Muleshoe Saturday, through June at 7:30.

H. D. Club Met In Caldwell Home

On Thursday, March 24, the Muleshoe Home Demonstration club met at the home of Mrs. S. C. Caldwell with five visitors and one new member and fourteen regular members present. Roll call was answered by each lady telling something of Easter Celebration in Other Lands.

The subject for the program was "First Aid". Mrs. Tom Zimmer gave a talk on "Remedies for the Home." After her talk, Mrs. Zimmer demonstrated the proper way to make a bed. Mrs. J. T. Shotner gave a talk on "First Aid Boxes."

Mrs. Mack Hale gave the Council report. Mrs. J. E. Day and Mrs. A. W. Copley landscape demonstrators gave reports. Mrs. C. E. Briscoe a food demonstrator gave a report.

Mrs. Hale will attend a meeting in Floydada March 31 where Mr.

Deer will speak on "Garden and Insect Control".

The club will serve lunch at "Your Exchange Sale" which will be held on April 5.

Refreshments were served to: Mesdames T. E. Magness, Ebb Randol, Scott Donaldson, Eubanks, Maddox, A. W. Copley, D. L. Morrison, D. E. Beller, Roy Carney, D. R. Aylesworth, J. T. Shotner, J. E. Day, Tom Zimmer, Jack Stallings, Mack Hale, J. T. Boydston, C. E. Briscoe, Stidham and the hostess, Mrs. Caldwell.

The next meeting will be April 14, at the home of Mrs. Roy Carney. The Enoch club will be guests at this meeting.

Farm Cash Income Shows Decrease For Past 6 Months From 1948 Income

AUSTIN, April 5.—Texas farm cash income for February 1949 fell 15 per cent from a year earlier, the University of Texas Bureau of Business Research reported. February marks the sixth consecutive month that farm income has fallen below its year-earlier level. Totaling \$53,594,000, farm income was at the lowest point in February 1949 since March 1942.

Marketing of rice, wool, cattle, hogs, poultry, and milk products rose during the 12-month period, but income from other types of farm products was substantially below February a year ago.

Coastal Prairies and Trans-Pecos districts showed increases of 14 and 2 per cent over February 1948, while decreases ranged from 1 per cent in Southern Texas Prairies to 67 per cent in the Lower Rio Grande Valley.

Texas farmers received \$9,857,000 from sales of milk products, which was the greatest source of income in February 1949. Sales of cattle amounted to \$8,866,000 and eggs, \$4,431,000.

Except for small increases from marketings of hogs and rice, all types of farm products brought Texas farmers less income than in the previous month, contributing to over-all decline of 28 per cent from January.

With the exception of a 6-per cent gain in Coastal Prairies, all crop-reporting districts registered sharp declines from January to February.

After adjustment for seasonal variation, the Bureau's index of farm cash income fell to 192 per cent of the 1935-39 level in February 1949, the lowest index since July 1942. The index was 211 in January and 234 in February 1948.

COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- EARLY MATURITY
Of 25 varieties tested recently . . . "54" was first in percentage of crop harvested in a four-month period.
- HIGH YIELD
In this same test, "54" was third among all varieties in yield per acre.
- BETTER STAPLE
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- TESTED FOR DRY LAND
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your ginmer, your seed dealer, all branches of the Western Cottonoil Co., and at Lockview Farm, Plainview, Texas.

SPORTS

Plenty Of Action Seen Sat. Night

The most spectacular bout that has ever been carded in the local gym was witnessed by a thrill-packed crowd of area wrestling fans when Alex Kosoboski met Buck Weaver in one of the roughest bouts ever seen in this part of the country, and ending up with the referee disqualified both men.

The match was a no-time-limit bout with the winner taking all the purse, but since the referee disqualified both men, neither of them could claim the purse, which didn't make either of the two men very happy.

In the first bout of the double main event, Jack Pappenheim of Troutdale, Oregon was awarded the decision over Hy Sharman of Salt Lake City, Utah.

Each man won a fall apiece and then the decision was awarded to Pappenheim when Sharman interfered with the referee.

Brownwood To Hold Sports Event

AUSTIN—The plain, ordinary, everyday hunter and fisherman has just as good a chance at a prize in the Texas Sportsmen's Competition at Brownwood April 7-10 as the guy who counts his trophies on an adding machine. All phases of the competition except the dog show are broken down into classes so that the unskilled as well as the skilled will compete against sportsmen of the same relative skills.

In addition to the medals and trophies, prizes are offered in most events of the four-day competition sponsored by the Texas Wildlife Federation. Topping the list is the gate prize, a Martin 40 outboard motor donated to the Federation by Worth Boggeman of Fort Worth, state distributor for Martin motors. The winner of the motor will be drawn from among all who register at the site of the competition, both participants and observers.

Other prizes offered include rods, reels, artificial bait, and other sporting equipment.

Medical Aid Given Nearly 4 Thousand Texas Children

AUSTIN, April 5.—Almost four thousand Texas children from more than 225 counties have received beneficial services and aid to happy, normal living under the Crippled Children's Division administered by the State Health Department, during the calendar year 1948. This information is shown by the annual report issued by Dr. Geo. W. Cox, State Health Officer.

According to Dr. Cox, the most commonly treated conditions are late effects of acute poliomyelitis, cerebral palsy, osteomyelitis, tuberculosis of joints, cleft palate, harelip, and clubfeet. Although the services are provided for children from birth to 21 years, the largest group treated were from the age bracket of 5 to 14 years.

The help given these crippled children represents 3,747 clinic visits, 43,433 days of hospital care, 2,897 days of convalescent home care, and 4,866 doctor's visits. "As long as sufficient State funds are available, any crippled Texas child of normal mentality, under twenty-one years of age, whose parents or guardians are unable to pay for proper care, is entitled to the help of the Crippled Children's Division," Dr. Cox said, "if his doctor believes that it is reasonable to expect that the child can be improved through hospitalization, medical or surgical care, artificial appliances, or through a combination of these services."

Parents of crippled children should make application for this assistance by completing application forms, which should be signed by the physician and approved by the County Judge. The application is then mailed to the Crippled Children's Division, Texas State Department of Health, Austin, Texas.

VIRGINIA BOWERS HAS THIRD BIRTHDAY PARTY

Virginia (Shorty) Bowers celebrated her third birthday with a party March 5, from 3 to 4 p. m. Different colored balloons were given each one. After running and playing the gifts were opened. The candles were blown out with help from the other children.

Ice cream and cake were served to Gay and Tommy Lewis, Garry Stephen Smith, Barbara Ann Surratt, Robert Fielding Green, and the honoree, Virginia Bowers.

Egyptians watered their fields with organized irrigation systems 5,000 years ago.

FHA Girls Attend Canyon Meeting

March 26, the FHA Chapter of Muleshoe went to Canyon for an all day meeting of Area I. There were around fifty-five schools represented with about 1200 girls and their sponsors attending.

The program for the day was: 8:45 to 10:00—Registration. 9:00 to 10:00—Open house at West Texas State College.

9:45 to 10:00—A broadcast of "Rhapsody in Blue" by the WTST Band.

10:15—Morning session. 11:00—Chapter reports on program of work. Mary Jo White represented Muleshoe in this program speaking on "To Encourage Democracy in Home and Community Life."

11:45—Presentation of candidates for office.

12:10 to 2:00—Lunch. 2:00—Afternoon session—Program by West Texas State College Chorus.

2:10—Style Show. 2:40—Recognition of degrees of achievement.

2:50—Installation of officers. 3:10—Adjournment.

3:15—Tea at Randall Hall and tour of college campus.

The forty girls from Muleshoe who attended returned home at 6:00 tired, but agreeing it was a wonderful day.

VISITS MOTHER

Mr. and Mrs. Clyde Holt and children left Thursday for Clyde, to visit with her mother, Mrs. J. E. Wild, and will visit her sister, Mrs. Ferrel Little in Stephenville.

THANKS A MILLION

FOLKS FOR MAKING OUR COMMUNITY AUCTION SALE A SUCCESS

We also appreciate the Bailey County Club Women for serving such delicious lunch and for their cooperation.

If you were not here you missed something so be with us again on May 5th, and bring a friend.

MR. & MRS. EMETTE CROSS

● 20 acres with 2 modern homes, good wells, 1 mile from town on the Clovis highway. Well worth the money.

● Nine 80 acre tracts well improved with good wells.

● Several 160's and 320's with good wells and good improvements. Priced to sell. All above land or any other land we advertise can give possession for 1949. We have several farms located in Lubbock county near Lubbock and also near Littlefield for sale or trade.

● We have several 3-bedroom homes and 2-bedroom homes in Muleshoe at attractive prices well located near school and church for sale or trade.

● At Lubbock we have several home owners who would like to trade nice homes in on Muleshoe irrigation farms. We appreciate the listings we have received from Bailey and Lamb county residents, but due to excessive buying we still need listings on Muleshoe homes and Bailey and Lamb county farms. All listings will be given our personal attention.

SEVENTEEN YEARS IN THE FLORAL BUSINESS

We Wire Flowers - - Day or Night

As We Plan This Year's Operations

As we plan this year's farm operations let us bear in mind those practices which tend to enrich and save our soil.

This year is not the only year that we plan to use our land. It must be made to help feed and clothe our people through future generations.

Let us not feel that what we do is insignificant. Forces are at work all over our country to save our most precious natural resources, our soil, for the benefit of ourselves and those who will come after us. The little we contribute to that end when added to the efforts of millions is important.

Steel Bottle Necks...

Cleaning pipe in West Texas Gas Company's pipe yard.

Are Hard to Break

West Texas Gas Company is spending approximately \$2,250,000.00 this year to meet your demands for natural gas service.

Although most materials are available for the 1949 improvement and expansion program... there is still one big "bottle neck." The "bottle neck" is the scarcity of steel pipe in the quantity and quality required.

To meet the demands for natural gas service, large sums of money are being spent replacing various sizes of lines in our transmission system and in our distribution plants with larger pipe.

When a line is replaced it is necessary to recondition the pipe we take out before it can be used elsewhere.

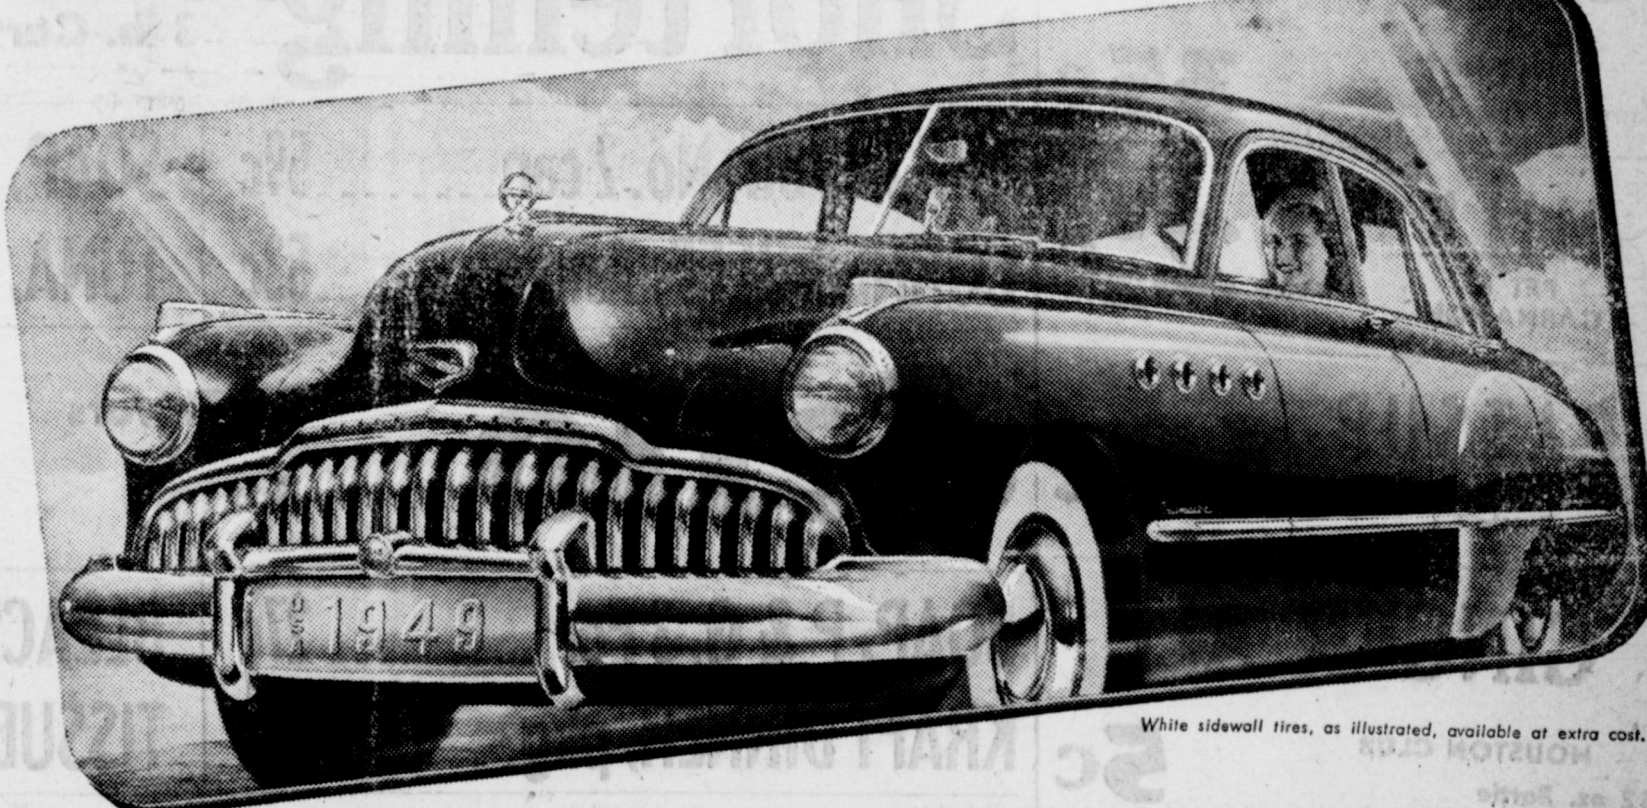

Pipe that we remove from the ground is cleaned, inspected and tested with all the meticulous care of new pipe. It is subjected to high pressure tests and pipe that will not stand "above normal usage" is discarded.

Costs of reconditioning pipe, new steel pipe, wages, and other items have risen sharply during the past few years... yet despite the increased costs... natural gas service for your home and business is still furnished you at pre-war prices.

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

Give it Room-

White sidewall tires, as illustrated, available at extra cost.

it's ROADMASTER!

WHEN this sight greets you in your rear-view mirror—mistake, better give over!

Overtaking you is just about the ablest performer on the road today—and wise drivers long ago learned the only thing to do with ROADMASTER is give it road room and a salute as it passes.

Reason is—ROADMASTER is something excitingly new in fine cars.

Big, yes—stretches a gorgeous eighteen feet, with all that such size means in comfort and inside stretch-out space.

But part and parcel of every one of its 4,400-odd pounds is the fastest footwork on the highway. Action is the key of every part, from its 150-hp Fireball power plant to the swift, silken, unbroken surge you get from Dynaflo Drive.

As a matter of fact, action's even invited by the price tag. By the pound, by the inch, by any yardstick you want to lay against it, it's the buy of the fine-car field.

For proof, just gather a few delivered prices on other cars and bring them around. We'll show you so much more for your dollar you'll waste no time getting an order in.

BUICK alone has all these features

- Silk-smooth DYNARLOW DRIVE
- FULL-VIEW VISION from enlarged glass area
- SWING-EASY DOORS and easy access
- "LIVING SPACE" INTERIORS with Deep-Cradle cushions
- Buoyant-riding QUADRIFLEX COIL SPRINGING
- Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS
- CRUISE-Line VENTIPORTS
- Low-pressure tires on SAFETY-RIDE RIMS
- DUREX BEARINGS, main and connecting rods
- BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on SUPER models.

Capitol League To Start 1949 Schedule April 17; Four More Teams May Be Admitted Into League

Last Monday night a special meeting was called by the Capitol Baseball League which was held in Littlefield to determine whether or not two more clubs would be admitted to the league.

There are already eight teams in the league and the schedules are already prepared for publication. The season is scheduled to open Sunday, April 17.

Only six clubs of the league were officially represented at the meeting and at a secret vote the two clubs asking for admission were refused by a four to two vote. However the league representatives stated that if two more teams could be found to enter the league, making a total of twelve teams that all four clubs would be automatically admitted to the league and that a new schedule would be drawn up with the twelve teams playing a split schedule East and West.

The two teams that were asking admittance into the league were Lazbuddy and Olton. Friona and Bovina may be the other two teams that will enter the league which will bring the number of teams to twelve including the original eight which are as follows: Springlake, Muleshoe, Sudan, Dimmitt, Anton, Earth, Amherst, and Needmore.

Regardless of whether or not the league remains as it is or whether four more teams are admitted, the season will start on Sunday April 17 and at the end of the season the top two teams in each half (should there be 12 teams in the league) will play a Shaughnessy play-off. If there are only 8 teams in the league at the end of the season the four top teams will be in the playoff.

New uniforms have been purchased for the local baseball team as well as other equipment with donations they have received from the local merchants and will be a well-dressed and well-equipped team this season.

The site for the new baseball field in Muleshoe has not yet been chosen and it is possible that the team may have to use the old field which is located in Legion addition for their first game. However it is hoped that the new site will be located and the field completed in time for the opening game.

Slants From The Sidelines...

By W. E. Hill We attended the meeting of the Capitol League which was held in Littlefield last Monday night for the purpose of voting on the acceptance or refusal to let two more teams into the league.

The manager of the Anton team put up the strongest battle against accepting the two teams asking for admittance for two reasons. (1) The season would be prolonged and would interfere with his farming duties and (2) some of the teams would be using high school boys and that it would interfere with their football program next fall.

Neither of these reasons were very logical since the season is not scheduled to end until September 11, or 18 which will interfere with high school boys playing on the teams anyway and in the first argument very little cotton is being gathered in this country at that date. Not only that, but a schedule was figured out at the meeting which would end the season at the same time with ten teams instead of only eight. However the Anton manager's argument stood up and the Olton and Lazbuddy teams were refused admittance.

It was agreed however, that should two more teams be persuaded to enter making a total of twelve teams, that all four would be accepted into the league and the teams would be split into two districts or in to

Four Man Tag Team Match Slated For Wrestling Bouts Here Saturday Night

HY SHARMAN

BUCK WEAVER

three fall event with a one hour limit. Billy Sanders will referee the bouts and Dory Detton will act as standby referee. In the opening bout of the night

Local wrestling fans will see plenty of action at Saturday night's bouts at the local gymnasium when Alex Kasaboski and Hy Shorman will meet Jack Pappenheim and Buck Weaver in an Australian tag team match.

The bout will be a two out of East and West halves with the two top teams of each half playing for the pennant.

According to the local wrestling fans, the bouts that were staged here last Saturday night were the best that have ever been carded here with Kasaboski and Weaver putting on the real show.

Coach Hedges will take his track squad down to Lubbock this weekend where they will enter the district meet. Coach Hedges stated that he would take twenty-odd boys with him and that he would have at least three men entered in each event.

Coach Hedges stated that he did not have any exceptionally real fast men on his squad, but that he had them all in good condition and that he was relying on his boys being able to stand the pace rather than speed to place in some of the contests.

That is true. Many a man who is not as fast as his opponent has consistently beaten him due to the fact that the slower man was in shape and could out-last the speed-merchants who were not in as good a condition as the slower man.

Of course we have a few fairly fast boys on our track squad, but they will be competing with the cream of the crop in this whole section of Texas and it is a known fact that there are many boys in this section of the state faster than our boys, but are they in as good a condition as our boys? If they are and can stand the pace we're licked, but if they aren't we will have the advantage over them with our slower, but better conditioned boys.

Good luck to you coach and to your boys and we hope that we see some of you going down to Austin in a few more days.

DORY FUNK

Steve Nenoff, native of Hungary, will meet Billy Sandow of Toledo, Ohio.

This will be the first appearance

in the ring here for these two men and it is claimed that they are both excellent wrestlers.

In between the bouts a drawing will be made in which some lucky spectators will win 1 free wash job for their automobile and another lucky spectator will win two free airplane rides.
