# Odessa Police Department absolved

### Ector County grand jury finds no wrongdoing

ODESSA - The Ector County grand jury Monday absolved the Odessa Police Department of any alleged wrongdoings.

The grand jury began its investigation about three weeks ago after a front-page article in the Oct. 20 Dallas Morning News charged the Odessa Police Department of being "in partnership with crime."

The article accused police of not cracking down on known high-class prostitutes, especially at the recent oil show, or on gambling operations. The story also said a main control panel in the jail was broken and had been for months.

'That means a jail trustee, for example could open the unlocked panel door and open a half-dozen cells in one of the blocks, allowing inmates to overtake the lone jailer," said the Dallas Morning News.

Two other major allegations in the story were that evidence was improperly stored and that club "bosses" were not prosecuted properly.

The day after the article was published, Police Chief Jack Tomlin called a press conference in which he denied all but one charge — and that one he clarified. Tomlin admitted that one jail cell was malfunctioning but said a purchase order and contract for its repair had been signed in Sep-

"The headline of the article implied that the Odessa Police Department was in partnership with crime and certainly I want to assure the people here that that is not so," said Tomlin at the press conference.

The Dallas article quoted several unidentified officers. "I don't know what they (the officers quoted in the story) hope to attain by ridiculing almost implying - there is a criminal activity within the department. It's kind of like they have a death wish," Tomlin said Oct. 21.

"Obviously, more than one person talked to this Dallas reporter. But how many or how representative they ae I don't know.

Tomlin urged any officers with complaints to take their information to a higher investigative body. Shortly thereafter, the grand jury an-nounced it would be investigating the allegations. Several patrolmen and higher-ranking officers were called to testify before the investigative body.

partment of involvement in criminal activities:

"The Ector County grand jury has made an in-depth investigation of the Odessa Police Department. This investigation concentrated not only on the allegations made in the Dallas Morning News but also other items

"While we found the department has the...problems peculiar to any other organization of its size, we found no evidence of criminal activities by the department.

"The grand jury, as previously stated, is always open to citizens for input about matters that they feel should be investigated.

Late Monday, the grand jury released a statement absolving the de-

related during this investigation.

in Algeria with response

ALGIERS, Algeria (AP) -Deputy Secretary of State Warren Christopher arrived in Algiers today carrying the latest American response to Iran's terms for freeing the 52 American hos-

**DAY 395** 

Christopher was accompanied by Redha Malek, Algeria's ambassador to Washington, and a delegation of other American officials.

The deputy secretary is scheduled to meet with Algerian Foreign Minister Mohamed Benyahia to relay the U.S. reply. Algeria has been acting as intermediary in the negotiations between the United States and Iran.

There was no immediate indication of a breakthrough on gaining the re-lease of the hostages after nearly 13 months of captivity.

Christopher and other U.S. officials will be prepared to answer any questions the Algerians might have regarding the U.S. position, State Department spokesman David Nall said Monday night.

Christopher conferred over the weekend with President Carter at Camp David, Md., about the U.S. response to Iran's request for clarification, brought here last week by Algerian emissaries.

The contents of the U.S. message were not disclosed, but it is known that the administration has tried to persuade authorities in Tehran that there are major legal and technical complications to the terms.

The Washington Post quoted unidentified sources today as saying the message represents no change in the basic American position carried to

Algeria by Christopher three weeks ago. The latest response, the paper said, is merely a more detailed reiteration of a stance that has not changed "in broad outline" since an unsuccessful round of negotiations with Iran last spring.

The newspaper also quoted official U.S. sources as saying Christopher's delegation is ready to cau-tion Iran that American flexibility on the hostage issue may expire next month when President Carter leaves office. The delegation is ready to inform the Iranians through the Algerians "it will be a whole new ball game after Jan. 20," The Post quoted one U.S. official as saying.

Iran's demands, set by its parliament Nov. 2, call for an American promise not to interfere in the country's internal affairs, cancellation of all American claims against Iran, release of more than \$8 billion in impounded Iranian assets and return of the wealth of the late Shah Moham-

mad Reza Pahlavi. State Department spokesman John Trattner dismissed on Monday any suggestion that the United States is engaged in humiliating negotiations with violators of international law.

"Obviously, when you have a hostage situation you have to work to resolve it," he said. "That's what we've been doing. We'll worry later about whether there is humilitation involved. I don't think there is."

President-elect Ronald Reagan, meanwhile, said it would be "pretty foolish" if Iran waited until after his Jan. 20 inaugural to try to get better terms. His comment was in response to a report from Tehran that an Iranian official had suggested

such a delay. Earlier Monday, a ranking White House official said the outcome of the hostage situation remains unpredictable and the domestic political situa-

# Warning issued Polish labor leaders

WARSAW, Poland (AP) - Communist Party leader Stanislaw Kania opened a two-day session of the party's Central Committee with a warning to militant independent labor leaders to "sober up" and cooperate with the party. He said they are threatening the peace of Europe.

Kania in a speech Monday that was broadcast nationally offered to cooperate with leaders of the independent labor movement who showed restraint. But he warned against "prestige or downright political strikes" and rejected demands of the Warsaw chapter of Solidarity, the largest independent union, for a reduction in the budgets of the prosecutor's office and other police agencies.

"It is high time to sober up, to understand that the basic condition

and chance for a further favorable development of the nation is an immediate halt to activities weakening and undermining the functioning of the

people's state," he said. Such activities "threaten to eventually destabilize the peaceful order of Europe," he said, apparently referring to the possibility of Soviet military intervention if challenges to the political system continue.

Kania thanked the Soviets for their "understanding of the nature of our difficulties and the conviction that we shall find a way out of the crisis." He said the Soviet Union provided \$600 million worth of goods to Poland in 1980 and would advance \$1.3 billion in Western currency next year to pay for consumer goods and other commodi-

Although the committee was expected to take action on the country's grave economic crisis, Kania did not outline a program to restore economic stability, refinance the foreign debt estimated at more than \$20 billion and end shortages of food and consumer

There was speculation that the meeting would produce more changes in the party leadership, with Kania boosting men of his choice to key posts. He replaced Edward Gierek as first secretary of the party Sept. 5 following the nationwide strike wave that resulted in the formation of the first legal independent unions in the Soviet Bloc.

Meanwhile, East Germany, one of the harshest Soviet Bloc critics of the situation in Poland, closed its entire

200-mile border with Poland to Western military observers and canceled all army leaves, the British Broad-

casting Corp. reported Special access to the border area was allowed to Western military observers under the occupation agreements at the end of World War II. The BBC said while much of the East German-Polish border is normally off limits to Westerners, in the last few days all of it was closed to them to a depth of 25 miles.

BBC sources said there was no indication the East Germans had closed the frontier to all travelers. But they have drastically curtailed the admission of Poles, apparently in attempt to prevent the independent labor movement from spreading to East Ger-

### Summer drought now influencing food prices By LOUISE COOK

Grocery bills jumped by almost 2½ percent last month — six times faster than they did in October, an Associated Press marketbasket

Economists, meanwhile, are warning that the worst is yet to come, as the full impact of the summer drought makes itself felt at the supermar-

The AP survey covers 14 food and non-food items, selected at random. Prices for the items were checked at one supermarket in each of 13 cities on March 1, 1973, and have been rechecked on or about the start of each succeeding month. A 15th item, chocolate chip cookies, was dropped from the list after the manufacturer discontinued the package size used in the survey

November brought higher prices up and down the aisles. Eggs increased at the checklist store in 12 cities; milk went up in seven cities; sugar and pork chops each rose in six cities. Coffee - which dropped in price at the checklist store in seven cities - provided the only bright

The AP found that the marketbasket bill went up at the checklist store in 10 cities during November, rising an average of 3.2 percent. The bill decreased at the checklist store in only one city - Atlanta, where it dropped half a percent. The total was unchanged in two cities. On an overall basis, the average cost of the items in the AP marketbasket was 2.4 percent higher at the checklist stores at the start of December than it was a month earlier.

During October, in contrast, the marketbasket bill increased in six cities and decreased in seven, for an overall rise of only four-tenths of a

November's retail price fluctuations generally reflected changes at the farm and the wholesale level. Milk prices, for example, have been boosted by an Oct. 1 increase in the government price support level and by higher marketing costs. Coffee roasters have reduced wholesale prices several times in recent months.

Comparing prices today with those at the start of the year, the AP found that the marketbasket increased at the checklist store in every city surveyed, rising an average of 13.4 percent. During the same period of 1979, the marketbasket total went up an average of 7 percent.

### Press attacks on Polish labor movement harsher

By DAVID MINTHORN **Associated Press Writer** 

MOSCOW (AP) - Soviet press attacks on Poland's independent labor movement are getting harsher after months of official attempts to play down the unrest in the neighboring communist nation.

President Leonid I. Brezhnev expressed confidence Oct. 30, after a meeting with Stanislaw Kania, the new chief of the Polish Communist Party, that the Poles would be able to solve their labor problems on their own, an official report said at the

But Soviet government sources admitted privately to Westerners that many Kremlin officials believe the Polish situation threatens the existence of the Soviet system in Eastern

The published Soviet view became less tolerant last week when Polish railway workers began short strikes in some areas in a wage dispute. Tass, the official Soviet news agency, reacted with a warning that Soviet interests were also at stake, saying a

railway strike "could touch on national and defense interests."

It appeared to be a clear indication that the Kremlin was keeping open all options, including military interven-

(The British Broadcasting Corp. quoted Western military observers in West Berlin as saying the "western districts" of the Soviet Union bordering Poland have been closed for some weeks, and that Soviet troops in those districts have now had their alert raised by four points to level six, the highest in the Soviet army.

(The sources said East Germany has closed its entire 200-mile border with Poland to Western military observers and canceled all army

The railway dispute was settled by a government pledge to negotiate a new pay package. Later in the week, another strike threat forced the government to free two men arrested in connection with a classified government document found in the Warsaw offices of Solidarity, Poland's biggest independent trade union.

### Man shot while describing slayings of his family,

DALLAS (AP) — A man who allegedly killed his wife and executed his four children after promising them surprises was slain by officers as he described the grisly slayings over the telephone, police said.

Thomas Ray Walker Jr. died Monday night at Presbyterian Hospital. about an hour after he stepped from a phone booth screaming, "Shoot me! Shoot me! Shoot me!" and was gunned down by police.

Police had converged on the phone booth shortly after the man's call to KDFW-TV was traced, police spokesman Bob Shaw said.

Kenny Boles, executive producer at KDFW-TV, said a male caller told a switchboard operator that he "had a good story."
"I've done something terribly

wrong," Boles said the man told him. Then he described in graphic detail how he murdered his wife and children. Basically he said he had murdered his wife in the shower while his children were outside.

"One by one, he brought the children inside, telling them he had a surprise for them," Boles said. "As to why, he simply said he was depressed, that he did not feel his family could live through his suicide." After Walker, 36, was shot, officers

located his address and kicked in the front door of his southeast Dallas home, police said. Inside the bloodied home they discovered the body of Linda Jo Walker,

35, sprawled in the bathroom, and Traci, 14, Tammi, 11, Tommy, 9, and Nicholas, 7, dead on the floor, Shaw Mrs. Walker had been shot twice in the face while she was in the shower.

Nicholas, who was shot behind the right ear, he said. "At least three of the children were shot on the pretext of 'I've got a

All were shot in the face, except for

surprise for you,' " Shaw said. A preliminary investigation showed the shootings began Monday morning, the spokesman said.

"He got the boys out of school about 9:30 a.m. and police theorize the woman was already dead," Shaw

Lt. Roger Duncan and Sgt. Bill Parker went to the television station Monday evening after receiving a call from reporter Tom Steyer, who talked to the man on several occasions through the afternoon, Shaw said. Boles said the man seemed "very

depressed" during his conversations with station personnel. "The man said he wanted the world

to know why he had done what he had done," the producer said. The man called again shortly after the officers arrived at the station, Shaw said, and they were able to trace his location to a phone both outside a northeast Dallas grocery

"When they got there, Duncan got closest to the man and held out his badge and said, 'I'm a police officer' and held his pistol in the other hand," Shaw said. "He (the man) earlier had talked about having a pistol stuck in

his pants. "So, when Duncan confronted him, Duncan said he (the man) went crazy and...reached for his back pocket." Duncan said the man pulled a pis-

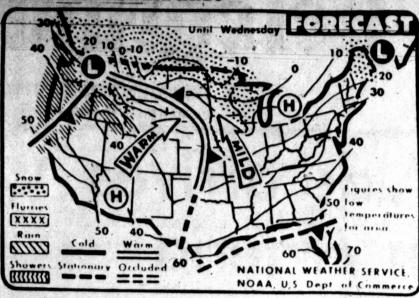

Duncan fired twice and two other officers fired five times, Shaw said.

### Mercury to rise again Wednesday

Temperatures in Midland and the Permian Basin cooled considerably today, but the forecast is calling for mercury to begin rising again on

Skies should be fair tonight and Wednesday, and it should be warmer on Wednesday.

Low temperature tonight should be in the low 30s, but Wednesday's high should reach the middle 60s. Tonight's winds will blow out of the southeast at 5-10 mph and increase to

10-15 mph on Wednesday. Monday's high reading was a spring-like 75 degrees, just short of the record high 79-degree reading es-

tablished on that date in 1950. This morning's low of 29 was nine degrees above the 20-degree record

low for this date, set last year.

### Chamber has permanent funds for Midland Center

The board of directors of the Midland Chamber of Commerce announced Monday it had set up permanent funding for the cost of Midland Center, having taken a \$495,000 mortgage with First National Bank of Mid-

Ray Moudy, president of the Chamber of Commerce, told directors at a delayed November monthly meeting the mortgage was established as a 30year note and payments would be about \$4,700 a month, with the balance of the account due after the 60th payment, or after five years.

Moudy said he believed there would be a renegotiation with the bank after

Moudy said negotiations for the note began two months ago; however, plans were delayed until the building was completed. He estimated the cost of the building would be about \$30,000 a year after rental income.

In other Chamber news, Col. Wilson Banks told directors of the progress at Midland Regional Airport. Banks said he expects an expansion in the airport services in two years. With 42,000 customers served a month and a 2 percent steady increase, the airport already serves more customers than Lubbock, Banks said.

"If our economy stays as strong as it is and our growth continues the way we are now, in two years we will need two new concourses," Banks said. "We're trying to look ahead and see down the pike to get some planning done," he added.

Banks reported the City Council had already approved plans for an additional taxiway and he said there would be enough room for the addition of four new gates without disrupting the general airport plan. However, he said in 20 years, the expansion of "the terminal building area is going to start disrupting general

Grant Billingsley of the Chamber staff reported Midland was currently averaging a net gain of 90 families a month; that airline boardings were up 6 percent; that labor employment up 6 percent; that labor employment was up 10½ percent; and that build-ing permits for residential properties was up 50 percent while those for commercial properties was up 100 percent over last year's figure. findings of the Urban Land Institute in its study of the south and east sides of Midland

Basically, he said, the ULI made three remarks on the programs suggested by the Chamber findings: that the renovation idea was a "bold program" for success; that massive amounts of money would be needed; and that large amounts of participation would be needed from the individuals living in the affected area as well as from contributors.

Williams said ULI decided Midland Airpark should be moved - not necessarily for safety reasons - to "one of the non-growth areas of the city.'

As far as commercial development Williams said ULI's attention focused in three areas of the city: Lamesa Road, Lee Street and Florida Avenue. The Lamesa Road area, ULI said, was "fairly well on its way" with commercial development.

The Lee Street area should also be left as it is, Williams said ULI suggested. Although the area has an "historial flavor with the black community," Williams said ULI reported the poor overall image and perception of crime in the area needed to be removed before development would be significant. "We need to wait until the timing is a little better," Williams said, before development begins

The Florida Avenue area, which was the southern border of the area ULI studied, can be an area for improvement, he said. If Midland can 'provide community rehabilitation loans and small minority business. help," Williams said the area could be a more viable center for the commu-

Bill Collyns reported a successful, albeit snowy, clean-up campaign conducted in November with "200 loads of trash of all kinds" picked up. Collyns said there were about 500 calls to the Chamber for pick-ups from Mid-

He added the beautification committee was trying to set up a perma-

nent clean-up campaign.
Nominations for new directors for a three-year term were approved as follows: Dr. Bob Henry, William C. Thomas, Robert Sutherland, Paul Davis Jr., Dave Leonard, Pat Estes, Bill Rogers and Bob Peyton. The nominees will be voted on by a mailed-out ballot to Chamber members by the next meeting scheduled

### Dirt, bug, plant men gathered to judge pecans

By ED TODD

A dirt man, a bug guy and a plant fellow got together in Midland on Monday and pawed, chawed, eyed and nibbled on a common interest: nutty pecans. "That's a good pecan there," said

the bug man, entomologist Charles "Look at the quality of that thing," voiced the pleased plant man, horti-

culturist Dr. Michael Kilby. "All right?" asked Neeb. "Yeah," approvingly agreed the

dirt dauber, agronomist Dr. Kenneth Lindsey. Kilby nibbled on a pecan kernel, a

Wichita. Its taste confirmed its choice rating, which was based on size, texture, uniformity and overall quality of The pecan judges, all assigned to the Texas Agricultural Extension Service, were rating 155 samples of

pecans produced in Midland County and currently on display in the downtown Midland Center, site of the Midland County Pecan Harvest Festival. Lindsey and Neeb are based in Fort Stockton. Kilby is assigned to El

They spent about 11/2 hours slowly edging, stopping and edging on down an aisle of shelled and unshelled

"This is pretty good," said Kilby of the fruit of another nut. "That's unreal for texture.

"Great texture," echoed Neeb. As the threesome, moving like over-fed turtles, slowly sauntered from pecan to pecan, a small but hovering crowd of on-lookers scrutinized the judges's choice. But there was no second guessing. Just comments - disinterested and interest-

"I'm glad I'm not a judge," said Harold Semple, a commercial pecan producer, who didn't always agree with the judges' choices for prize ribbons. "I'd argue with them." He didn't.

Lindsey examined a sampling of Mahan, an oversized, elongated paper-shell pecan. The Mahan is not his favorite eating variety - not by a long shot.

"That's the only pecan (kernel) that tastes like the whole (unshelled) pecan - like cardboard," Lindsey said of the Mahan, which is tabbed the 'banana" pecan due to its length.

Kilby fondled a Mahan. "That's a better quality pecan in my opinion," he said for benefit of the other judges. "I'll have to go with that

The judges eased over to the Stuart

variety:

prerogative," said the nibbler, Kilby, who needed no excuse to excite his taste buds. "I'll go with this one," he said and

didn't back down. "This one is irregular in shape, but it's the best pecan. The judges continued their looking,

fondling, nibbling and leisurely chatting about the nuts. "Excellent," opined Lindsey.

"You've got your two best pecans there," Kilby said. "Here's your two top (nuts)," bug man Neeb said of the blue-ribbon

choices. "There's no doubt about that," said Lindsey.

### Pope tells church to speak out for mercy of mankind

VATICAN CITY (AP) - Deploring that justice is still meted out on the basis of an "eye for an eye and a tooth for a tooth," Pope John Paul II said in an encyclical today that the Roman Catholic Church must speak out for

mercy in the name of all mankind. The pontiff's 83-page letter said threats to the world from atomic weapons, materialistic society, the abuse of power, the systematic use of torture, increasing inequality and distortions of the idea of justice are

greater than they have ever been.
"It is obvious, in fact, that in the name of an alleged justice (for example, historical justice or class justice) the neighbor is sometimes destroyed, killed, deprived of liberty or stripped of fundamental human rights,"

The encyclical, the second of John Paul's 25-month papacy, was titled "Dives in Misericordia," Latin for "Rich in Mercy." It was sent to the church's 3,300 bishops earlier and made public at a news conference today by the Jesuit priest director of the Vatican Radio, the Rev. Roberto

An encyclical is a papal letter informing the church and its members on matters of importance. It is the chief vehicle used by popes to communicate their teachings.

Tracing the concept of mercy through the Old and New Testaments, the pope said: "The Church lives an authentic life when she professes and proclaims mercy — the most stupenous attribute of the Creator and of the Redeemer .... "

If modern man at times "lacks the courage to utter the word mercy, ... so much greater is the need for the Church to utter this word, not only in her own name but also in the name of all the men and women of our time."
The encyclical underlined some of

the themes in John Paul's first encyc-

lical, "Redemptor Hominis," or "Re-

deemer of Man," issued in March

Dr. Kenneth Lindsey, left, the agronomist with the built-in smile, holds a pecan up for scrutiny. Sternly eyeing the nut is Charles Neeb, center, an entomologist, and sizing up a pecan of his own is Dr. Michael Kilby, a horticulturist. The three men, all assigned to the Texas Agricultural Extension

Service, judged 155 pecan entries in the Midland County Pecan Harvest Festival in the Midland Center. The festival culminates at 8 p.m. today with a pageant to select a county pecan queen. (Staff Photo by Brian Hendershot)

## 16-year-old girl exhibits two grand champion pecans, wins blue ribbons

By ED TODD Staff Writer

Sixteen-year-old Karen Green likely would have won any sweepstakes award - had any such laurel been cast upon her - on Monday when she exhibited two grand champion pecans in the Midland County Pecan Harvest

They weren't, though. But Miss Green, daughter of Charlie Green, Midland County's agricultural agent since 1949, won two of the three grand-champion ribbons in the fourth annual Pecan Show in the downtown Midland Center with her batches of Wichita and Chevenne

The show featured 155 nut entries, which represent about 30 pecan varieties produced in the county, and pecan-laced snacks and desserts, recipe books and pecan sheller.

The festival will wrap up tonight at 8 when the Midland County Pecan Harvest Queen pageant will be held in Midland Center. Television talk-show host Linda Bond will emcee the pageant, which will feature a score of pecanized gals - mostly teen-agers - in talent acts. The festival is being jointly sponsored by the Midland County Pecan Growers Association and by the Texas Agricultural Exten-

## Prosecutor says Abscam defense is a 'fairy tale'

By RICHARD'T. PIENCIAK Associated Press Writer

NEW YORK (AP) - The defense of Reps. Frank Thompson Jr. and John M. Murphy is "an absolute fairy tale," a prosecutor said during closing arguments of their federal Abscam trial. Defense attorneys said the government's case against the two Democratic congressmen was "poppycock" and a "flim-flam."

The jury of eight men and four women was to begin deliberating in U.S. District Court in Brooklyn after receiving instructions today from Judge George C. Pratt on the technicalities involved in the five-count bribery conspiracy indictment. Thompson, from New Jersey, and Murphy, from New York, are charged with taking money from FBI agents who posed as representiives of Arab sheiks seeking influence.

In another Abscam case, E. Barrett Prettyman, an attorney for the House Ethics Committee, said Monday that Rep. John Jenrette, D-S.C., convicted of taking a bribe from FBI agents, should be expelled. Jenrette's attorney, Ken Robinson, told the committee that his client was set up by the FBI. The final arguments set the stage for deliberations by the committee on possible disciplinary action against Jenrette.

And in a third Abscam case, attorneys for Sen. Harrison A. Williams Jr., D-N.J., were to go before Pratt today asking that a bribery conspiracy indictment against Williams be thrown out because of a constitutional clause which says congressmen "shall not be questioned in any other place" than Congress to explain 'speech or debate'' relating to official

In the Thompson-Murphy case, Prosecutor Thomas Puccio said Monday that Thompson's testimony was absurd. "It's recurrent in Congressman Thompson's testimony. He lied and lied and lied, and the tapes fly in the face of his lies."

A prosecution implication that Thompson was laundering bribe money by making cash loans to staff aides and long-time friends was "poppycock," Thompson's attorney, Stephen Kaufman, told the jury. He claimed the government's case was "filled with false alarms and red her-

Michael Tigar, Murphy's attorney, termed the government's case a "flim-flam." Tigar said there was no

evidence except for the "merest speculation" that his client ever received any bribe money.

Puccio said the central issue was whether the two lame-duck congressmen, with a combined 44 years seniority in the House, knew there was money in the briefcases co-defendant Howard Criden carried from payoff meetings Oct. 9 and Oct. 20, 1979.

The defense attorneys attempted to depict Criden, a Philadelphia attorney who is to be tried separately, as a liar, a bounty-hunter and scam artist who pocketed the money and conned the congressmen to innocently appear at the meetings.

The defense contended the congressmen attended meetings with undercover FBI agents solely to discuss investments in their districts. But Puccio asserted they attended to make promises to help the sheiks with immigration problems in return for sharing in bribes totalling \$100,000.

Kaufman pictured his client as a trustful man conned by Criden, "a bounty hunter without peer."

Videotapes made by the government during the undercover sting operation clearly show, Kaufman contended, that FBI agents and Thompson "never reached a level of understanding that my client knew what was in the briefcase.'

Despite government claims that Rep. John Murtha, D-Pa., an unindicted co-conspirator, testified without receiving immunity, Kaufman maintains that the House Ethics' Committee member took the stand against his colleague "because he had a free ride.

At one point Monday, Puccio agreed to stipulate to the jury that the Justice Department has no current plans to indict Murtha.

According to government testimony, Thompson netted \$30,000 -\$20,000 from his Oct. 9, 1979, payoff, and \$10,000 for introducing Murphy to his deal. Murphy allegedly netted \$15,-000 from the \$50,000 payment passed to Criden in Murphy's presence on Oct. 20, 1979

The remainder of the \$100,000 went to middlemen, according to Puccio and testimony at the trial, including Criden, members of his former law firm, and Angelo Errichetti, a New Jersey state senator and mayor of Camden, who was convicted in the first Abscam trial with Criden and then-Rep. ### Teen accused in stabbing death fails to appear at murder trial

SAN ANTONIO, Texas the accused youth on a cused of stabbing a 17year-old friend more than 100 times was at large today after he failed to appear for his trial on murder charges and the judge was told he had been released on a personal recognizance

Officials defended the release, saying it was routine, and termed the ineident "a misunderstanding."

State District Judge James Barlow issued an arrest warrant for the 17- \* presenting personal reyear-old, who was declared a fugitive after he failed to appear for his trial in Barlow's court Monday. The youth is accused in

the March 11 death of Daniel Rocha Jr., who was stabbed 108 times in the chest. Police said Rocha's body was found buried under a pile of brush in the accused youth's back yard.

"This guy should never have been allowed (out of jail) as long as there is a question about whether he is safe," Barlow said. District Judge Mike M Machado, who released

### Girl raped, killed as 911 dispatcher mishandles her call

MIAMI (AP) — A 13-year-old girl placed an emergency telephone call to police moments before an intruder raped and stabbed her to death, but officers didn't respond for 40 minutes because a gruff-voiced police dispatcher labeled the call a routine juvenile disturbance, authorities said.

Rena Pollard dialed the 911 emergency number last Friday and spoke with dispatcher Glenn Metzler, an 18-year veteran, said Clyde Burdick, supervisor at the Dade Emergency Communications

Burdick said Monday that the girl told Metzler she believed a teen-ager was trying to break into her home, where she was baby-sitting with two small children. He said a tape-recording of the conversation is being reviewed.

"I'm not at all pleased with the way this call was handled," Burdick said. "We are investigating it." The call came into the emergency center at 2:48 p.m. last Friday, records show.
"Dade County Police and Fire," Metzler ans-

"Yes," the gentle-voiced girl said. "There's someone trying to break into my house right now.' Metzler asked the girl her address, age and then

asked who was outside, according to the tape. "Some kid," the girl responded. "He's trying to get "Some kid?"

"He's about 15 or 17." "He live around there."

Metzler concluded the conversation by saying "All right. I'll send the police over."

But police weren't dispatched until 3:28 p.m., 4 minutes later. Officers arrived on the scene three minutes after they received the call, about the same time Rena's mother returned home.

Authorities said Metzler classified the call as a routine "34," which is used to describe disturbances in which no one's life is in imminent danger. In such cases, the police sergeant on duty uses his discretion in deciding how to handle the call.

When the call was entered into the 911 computer, Metzler wrote "juvenile disturbance."

"She was extremely calm. I'm not trying to make excuses or anything, but she was exceptionally calm. There did not appear to be any fear on her part," Burdick said. "Usually you can tell if they're scared.

### to fight in El Salvador's war soft black beard, said members of the National Guard, El Salvador's army, beat him up one

By VICENTE MORALES **Associated Press Writer** 

SAN SALVADOR, El Salvador (AP) - Thousands of teen-agers have given up basketball, dances and other games for rifles and the civil war that has taken more than 8,500 lives in El Salvador this year.

Dances and games are hallucinogens and keep us from realizing the exploitation and the massacre that victimizes our people," said one 15-year-old identifying herself as Yesenia.

"My parents agree with me. My father says, 'Go ahead, daughter. The struggle should be constant," said-13-year-old Blanca.

With red and black bandanas masking their faces, they were two of the dozens of teen-agers among leftists occupying the Metropolitan Cathedral since Friday, keeping vigil beside the bodies of six leaders of the Democratic Revolutionary Front who were kidnapped and murdered by right-wing terrorists last week.

Many other youths have joined the guerrilla bånds fighting the military-civilian government and ultra-rightist armed groups.

Yesenia and Blanca said they have been members of leftist groups for more than a year. They said they hope to become guerrilla fighters soon.

'My mother is a worker," said Yesenia, who is a member of MERS, the Salvadoran Revolutionary Student Movement, made up of high-school students. . "I have seen her exploited. She works and works and our situation never improves. I used to feel angry, but I forgot my anger playing basketball, in dances and other games.

"Now I have learned that dancing and music are hallucinogens because it makes us forget the reality that surrounds us. That is why my mother agrees that I should be organized. She is afraid sometimes, but she knows our struggle is a just

Blanca, 5-feet-2-inches tall and soft spoken, said she is "not afraid. Yesterday there was a military operation all around. They detoured the traffic for more than three hours and we were waiting for an attack. Nothing happened, but they were three very The two girls were inside the cathedral last

**TODAY'S ANSWER** 

### Stock market

### loses

NEW YORK (AP) - The stock market took its sharpest drop in more than a year today in a selloff blamed on fears of a further rise in interest rates.

Trading was active. Analysts said new creases were expected soon in the bank prime lending rate, now at 17% to 18 per-cent, and the Federal Reserve's discount rate, now 12 to 14 percent.

'You can't ask the market to continue to barrel ahead in the face of this rate spiral," said Larry Wachtel at **Bache Halsey Stuart Shields** 

Wachtel noted that rates

on margin loans - borrow-

ings by traders using stock as collateral - now generally stand above 20 percent, a level that could be expected to discourage them from buying and holding stocks on margin. The Dow Jones average of 30 industrials fell 23.89 to 969.45, for its largest loss since it tumbled 26.45 points

on Oct. 9, 1979, following an announcement of new credit policies by the Federal Re-At the American Stock Exchange, the market value

index was off 5.72 at 365.03.

## Farm Bureau meets

By MACK SISK **Associated Press Writer** 

SAN ANTONIO, Texas (AP) — The key resolution up for debate at the 1980 Texas Farm Bureau convention is short and to the point; "We oppose

all government farm programs."

The 1,200 voting delegates to the convention are being asked to make up their minds once and for all: "whether we want more government in our lives or whether we want less," said state Farm Bureau president Carrol Chaloupka.

Chaloupka, who opened the convention Monday with a rousing call for farmers and ranchers to put their trust once again in the face entermine creating.

their trust once again in the free enterprise system, said "we can't have both of those worlds. We have to decide which we want to have."

"I think the time is right," the Dalhart farmer later told reporters. "I think it's time we make up our minds. We say it and we preach it in our preamble, but we don't always follow it our poli-

"I think it's time we decide which we want to change. Either we change it in our premable or we change it in our policies and go back and believe in the free enterprise system, and that will be less government in our lives if that's what we want.'

Another resolution in a thick package up for debate the next two days says: "We urge abolition of the Federal Government's cheap food policy."

### NEWSPAPER BIBLE

### Even the devil can make himself look really good

Did I do wrong and cheapen myself and make you look down on me because I preached God's Good News to you without charging you anything?

Instead I "robbed" other churches by taking what they sent me, and using it up while I was with you, so that I could serve you without cost. And when that was gone' and I was getting hungry I still didn't ask you for anything, for the Christians from Macedonia brought me another gift. I have never yet asked you for one cent, and I never will.

I promise this with every ounce of truth I possess -that

I will tell everyone in Greece about it!

Why? Because I don't love you? God knows I do. But I will do it to cut out the ground from under the feet of those who boast that they are doing God's work in just the same way we are.

God never sent those men at all; they are "phonies" who have fooled you into thinking they are Christ's apostles.

Yet I am not surprised! Satan can change himself into

So it is no wonder his servants can do it too, and seem like godly ministers. In the end they will get every bit of punishment their wicked deeds deserve.

2 Corinthians 11:7-15

### DR. NEIL SOLOMON Ketones form when body burns own fat

Dear Dr. Solomon: I read a magazine article that mentioned "Ketones," but it did not explain what they are. Then I tried looking the word up in the dictionary, but the definition wasn't helpful either. Will you explain what ke-tones are? — Dan

Dear Dan: Ketones are waste products that are formed in the body under certain conditions. When a person does not have sufficient insulin to completely break down food, the body cannot make optimal use of the caroohydrates that are supposed to supply it with energy. As a result, the body obtains energy by burning its own fat, and products that result from this process.

Dear Dr. Solomon: According to what I've been reading lately, even if I decrease my intake of cholesterol, it will have no effect on the possibility of my developing coronary artery disease. Is this true? If it is advisable to lower cholesterol levels, how might this best be accomplished? -

Dear Don: The association between the intake of cholesterol and the possibility of developing coronary artery disease is not subject to the kind of proof we find in the field of mathematics. For example, two plus two always equal four, regardless of who does the computation or how often the computation is done.

In the absence of such absolute proof, I believe the prudent person should exercise some care about his or her intake of cholesterol. For a detailed discussion of the part cholesterol plays in Solomon's High Health etary fat. published by G. P. Putnam's Sons. You should be able to pick up a copy

at your local bookstore. The report to which you refer, which says, in effect, that lowering cholesterol intake does not reduce the risk of coronary artery disease, has been attacked as inaccurate. Dr. Simeon Margolis, professor of medicine at the Johns Hopkins University School of Medicine, says it is

based on three premises, two of which are false. The first premise - that there is no absolute proof that decreasing the cholesterol level prevents coronary artery disease - that dietary restrictions do not lower the cholesterol level — is false. Finally, the third premise - that consuming too much polyunsaturated fat in the diet is

as long as the person follows a reasonable diet. The most effective dietary measures for lowering cholesterol levels are to partially replace saturated fats with the diet, you might want polyunsaturated fats, to refer tomy book, "Dr. and to reduce total di-

harmful — also is false

### Hobby turns into business

BOLTON, Conn. (AP) - Fred Luck got his stripes early in life and they've kept him in business since he turned his artistic talent to painting stripes on cars.

"It's always nice to take a hobby and turn it into a livelihood," said Luck, who works out of his home in this eastern Connecticut town

Using a small, longbristled brush to paint his patterns of stripes and swirls, Luck adds a touch of personality to all kinds of cars and trucks, giving owners a sense of individuality.

'You can usually tell after meeting the person (customer), and seeing the kind of car, what he would want," Luck said. 'I very rarely have anyone pinpoint exactly what they want, unless it's initials."

Luck graduated from high school in 1956, about a year before pinstriping of hot rods became popular, he said. While striping was becoming common in the West, it was fairly new to the East, he

"I used to do my own car every month," he

"At that time, I thought, what a great way to make a living,' he said. "But it was just a hobby then because there was no way to make a living at it.'

In 1965, Luck again tried to make a go at striping on his own, and this time succeeded.

Luck says 1965 was a turning point for automobile striping — that's when Ford put out its first Mustang and "since then it's been steadily progressing."

Striping flourished during the days of the big American car.

PLAN YOUR RETIREMENT BEFORE YOU RETIRE.

The time to realize that Social Security is not going to be enough to live on is not when you are 65 and about ready to retire!

Now is the time to begin preparing for your retirement with an IRA or KEOGH. Either account is as easy to open as a simple savings account . . . and if you are not participating in a company-sponsored plan where you work, then IRA and KEOGH may be the best plan for you.

With the First Savings IRA, a typical 35 year old employee regularly saving the maximum \$1500 each year may retire after 30 years as a quarter-millionaire!

Setting aside \$7500 each year in a KEOGH plan for 30 years allows a 35 year old self-employed businessperson to retire as a self-made millionaire! With either program, our 35 year olds will save thousands of tax dollars throughout the years because of the tax shelter both programs enjoy.

Consult a Retirement Specialists about IRA or KEOGH programs at either First Savings and Loan location in Midland . . . downtown at 500 West Wall or in San Miguel Square.

## Upton, Borden strikes complete

Energy Reserves Group, Inc., of Midland No. 2 Rosa H. Barnett "F" has been completed as an unidentified oil discovery in Upton County, 12 miles northwest of

The operator reported a daily flowing potential of 635 barrels of 42.8-gravity oil and six barrels of water, with a gas-oil ratio of 1,178-1.

Completion was through a 1/4-inch choke and perforations at 8,630-8,969 feet. The zone had been acidized with 1,500 gallons.

The openrator reported the following tops on ground elevation of 2,748 feet: Wolfcamp, 8,507 feet; Strawn, 9,570 feet; Strawn detrital, 9,810 feet; lower Strawn, 10,043 feet, and Bend, 10,292 feet.

Total depth is 11,551 feet, with 41/2-inch casing set at 10,551 feet. Hole is plugged back to 9,200 feet. Location is 1,980 feet from north and 660 feet from west lines of section 78, block Y, GC&SF survey.

#### BORDEN STRIKE

7.350 feet.

Texana Resources Corp. of Dallas No. 1 Vittrup has been completed as a Spraberry oil discovery in Borden County, eight miles northwest of Gail.

The operator reported a daily pumping potential of 62 barrels of 38-gravity oil and 117 barrels of water, with a gas-oil ratio of 225-1. Completion was through perforations from 7,333 to

Total depth is 9,922 feet, and 41/2-inch casing is cemented at 7.533 feet

The strike is 11/4 miles northeast of Spraberry production in the Borden multipay field and 1,980 feet from south and east lines of section 35, block 32, T-6-N, T&P

RK Petroleum Corp. of Midland No. 4 Anchor, drilled as a wildcat, has been completed in the Spraberry Trend Area field of Martin County, 10 miles north of

It finaled for a daily pumping potential of 42 barrels of 43.2-gravity oil and one barrel of water, with a gas-oil ratio of 1,429-1, through perforations from 9,213 to 9,220 feet after a 5,000-gallon acid treatment.

Location is 5,155 feet from north and 1,980 feet from west lines of league 252, Ward County School Land

The well is 1,700 feet northwest of RK Petroleum No. 3 Anchor which drilled to 1,030 feet and a wildcat. It was plugged back and completed as a well in the Spraberry Trend Area field.

The well, 3/4 mile northeast of the closest other Canyon oil production, completed for a 24-hour flowing potential of 20 barrels of 38.2-gravity oil and no water, with a gas-oil ratio of 2,950-1.

The flow was gauged through a 1/4-inch choke and was from perforations at 6,818-6,966 feet. The zone was acidized with 2,590 gallons and fractured with 40,950 gallons.

Total depth is 7,100 feet, 4½-inch pipe is set at 7,090 feet and hole is plugged back to 7,025 feet. Location is 1,980 feet from south and west lines of section 1148, H&BO survey, abstract 1145.

of fracture fluid.

Ralph L. Way, Inc., of Midland No. 2-48-15 University "A" has been completed 5/8 mile southeast of production in the Block 49 (2450) field of Reagan County, eight miles southeast of Big Lake.

Finaled from the 2,450-foot pay, it potentialed for on the pump for eight barrels of 30-gravity oil and 46 barrels of water per day, with gas-oil ratio of 238-1. Completion was through perforations from 2,361 to 2,556 feet after 3,000 gallons of acid and 45,000 gallons

Originally staked inthe Farmer (San Andres) field, it is 330 feet from south and west lines of section 15, block 48, University Lands survey. Total depth is 2,775 feet, 41/2-inch casing is set at 2,770

#### YOAKUM COUNTY

feet and plugged depth is 2,765 feet.

The Ownby (Wichita-Albany) field of Yoakum County gained its seventh well with completion of Conoco

Inc. No. 2 M. T. Fitzgerald. The well, nine miles east of Plains, completed for a 24-hour flowing potential of 216 barrels of 40-gravity oil and 80 barrels of water, with gas-oil ratio of 2,468-1. Completion was through a 20/64-inch choke and perforations from 7,971 to 8,190 feet after a 2,500-gallon

acid treatment and a 70,000-gallon fracture job. Total depth is 8,500 feet, 41/2-inch casing is set at 8,497 feet and plugged back depth is 8,464 feet.

Wellsite is 1,670 feet from north and 450 feet from west lines of section 492, block D, J. H. Gibson sur-

#### STONEWALL WELL

Marshall & Winston, Inc., of Midland No. 4 Pitcock is a new well, the fourth, in the Gloria Gay, West (upper Tannehill) field of Stonewall County, 10 miles north of Aspermont

It finaled for a daily pumping potential of 48 barrels of 36.2-gravity oil and one barrel of water, through perforations from 2,942 to 2,947 feet.

Total depth is 3,052 feet, and 4½-inch pipe was cemented on bottom. Wellsite is one location southeast of other upper

Tannehill production and 1,331 feet from north and 945 feet from west lines of section 69, block D, H&TC

# Wildcats, new wells, tests reported in Basin counties

Hanson Corp. of Midland an nounced location for a 9,600-foot oil wildcat in Winkler County, 18 miles southwest of Kermit.

It is No. 1 Sealy-Smith Lease, 1,980 feet from south and east lines of section 17, block A, G&MMB&A sur-

The location is 5/8 mile southwest of a 5,942-foot dry hole and the same distance west of the depleted Arenoso, West (Strawn detrital) field which produced at 8,390 feet.

#### HOWARD PROJECT

Wagner & Brown of Midland announced plans to re-enter a Big Spring (Fusselman) will in Howard County and plug back for completion in the lower Strawn.

The project, No. 1 Haney, is 660 feet from north and west lines of section 34, block 31, T-2-N, T&P survey and 10 miles northeast of Big Spring. It will be tested at 9,340 feet.

#### HOCKLEY OILER

Diamond Shamrock Corp. of Amarillo No. 1-17 C. D. Felding has been completed as the sixth well in the Hamilton (Clear Fork) field of Hockley County, three miles southeast of Levelland.

One location northwest of other Clear Fork production, it completed for a daily pumping potential of 97 barrels of 26.5-gravtly oil and 30 barrels of water, through perforations from 6,307 to 6,423 feet. The gas-oil ratio is 51-1.

Operator acidized the pay with 10,-

Total depth is 6,600 feet, 51/2-inch casing is set on bottom and hole is plugged back to 6,480 feet.

Location is 660 feet from south and east lines of section 17, block 26, Wharton County School Land survey.

#### MITCHELL PRODUCER

Sun Oil Co., operating from Midland, has completed its No. 36 V. T. McCabe in the Jameson, North (Odom oil) field.

On 24-hour potential test, it flowed 76 barrels of 46-gravity oil, no water, through a 14/64-inch choke and perforations from 6,842 to 6,860 feet. The pay was acidized with 1,500 gallons, and the gas-oil ratio is 1,534-1 Total depth is 7,260 feet and 51/2-inch

casing is cemented on bottom. It is 5/8 mile southeast of the closest other Odom producer.

Location is 588 feet from north and 951 feet from west lines of section 224. block 1-A, H&TC survey and four

### CROCKETT TESTS

Alford Petroleum Corp., The Woodlands, announced locations for three Canyon gas projects in the five-well Hudspeth (Canyon gas) field of Crockett County, 25 miles southwest of Ozona.

Each is scheduled to 4,700 feet.

No. 3-80-73 Hudspeth is one location south of production and 1,980 feet from south and 510 feet from east lines of section 73, block O, GH&SA survey. Ground elevation is 2,148

No. 2-80-74 Hudspeth is 5/8 mile southeast of production and 1,980 feet from south and west lines of section 74. block O. GH&SA survey. Ground elevation is 2,137 feet.

Alford Petroleum No. 4-80-73 Hudspeth is 5/8 mile southwest of production and 660 feet from south and 2,080 feet from west lines of section 73, block O, GH&SA survey. Ground elevation is 2,078 feet.

### REAGAN OFFSETS

Bodark Oil Co. of Ozona staked a pair of offset to production in the three-well Grayson oil pool of Reagan County, 10 miles southwest of Big Lake.

Each of the project will be drilled to

No. 9 H. S. Grayson is one location southeast of production and 2,504 feet fromsouth and 453 feet from west lines of section 33, block 8, University Lands survey.

Bodark Oil No. 10 H. S. Grayson is one location south of production and 2,017 fet from south and 343 feet from east lines of section 34, block 8, University Lands survey.

### **DRY HOLES**

BORDEN COUNTY
Wildcat: NRM Petroleum Corp., Midland, No. 1
Clara; 660 feet from south and 860 feet from west lines of
section 14, block 32, T-3-N, T&P survey, 4.5 miles
northeast of Vealmoor, td 9,700 feet.

Wildeat re-entry: Geochemical Surveys, Inc., Dallas, No. 1-40 Mims Ranch; 535 feet from north and 1,006 feet from west lines of section 40, block W, T&P survey, 10.5 miles northwest of Water Valley, td 6,945 feet. DAWSON COUNTY
Wildcat: WTG, Midland, No. 1 Koger; 1,326 feet from north and 800 feet from west lines of section 43, block 35, T-4-N, T&P survey, 15 miles south of Lamesa, td 11,361

(,056 feet Dublin: Blanks Energy Corp., Midland, No. 1 Robert Yates; 1,980 feet from north and west lines of section 19-26-38e, five miles southeast of Jal, td 10,815 feet.

McCULLOCH COUNTY
Wildcat: James Rich, Santa Anna, No, 1 Douglas Ol
Schrader, 339 feet fom north and 1,289.4 feet from east
lines of section 55, H&TC survey, abstract 651, three
miles northwest of Fife. Abandoned location.

#### UPTON AREA

Flag-Redfern Oil Co. of Midland refiled application requesting permission to drill its No. 1 B. S. Darby in the King Mountain, North (Bend) field of Upton Conty, 12 miles southeast of Crane

The original application was filed in November 1979.

The drillsite for the 10,500-foot test is 660 feet from south and west lines of section 140, block E, CCSD&RGNG sufvey and 1/2 mile southeast of one of the field's nine Bend producers.

#### IRION LOCATION

Indian Wells Oil Co. of Ozona spotted No. 3-4 Phillips as a south offset to a 1%-mile north extension to the Irion, West (Canyon oil) pool of Irion County, four miles southwest of Mert-

Scheduled to 6,900 feet, it is 467 feet from north and 1,558 feet from west lines of section 4, Gonzales County School Land survey. Ground elevation is 2,264 feet.

#### TOM GREEN WELL

SUNEX Energy Corp. of San Angelo No. 1 Aileen B. Trimble and R. B. Trimble has been completed as the seventh Canyon oil well in the Susan Peak, North field of Tom Green Coun-

ty, three miles southast of Wall. On 24-hour potential test it pumped 12 barrels of 43.8-gravity oil and two barrels of water, with a gas-oil ratio of 2,000-1.

Completion was through perfora-tions from 4,192 to 4,198 feet after a 3000-gallon acid treatment and an 8,-000-gallon fracture job

Total depth is 4,321 feet, 41/2-inch pipe is set at 4,278 feet which is the plugged back depth. Location is 467 feet from south and

east lines of section 122, block 11, SPRR survey and one location north of other Canyon oil production.

**CULBERSON GAS WELL** C&K Petroleum Co., operating from Midland, completed its No. 1 Cattail County portion of the Marsh, South

(Delaware gas) field. It finaled for a calculated absolute open flow potential of 317,000 cubic feet of gas per day, through perfora-tions from 2,739 to 2,820 feet after a

1,500-gallon acid treatment. Total depth is 2,865 feet, where 51/4inch casing is set, and plugged back

depth is 2,832 feet. The well is 11/4 miles southeast of other Delaware gas production and 1,320 feet from south and east lines of section 33, block 45, psl survey and 14 miles southwest of Orla.

CROCKETT WELLS
International Oil & Gas Corp. of Midland announced potential test on its No. 1-38 Ingham in Crockett Coun-Scheduled as a wildcat, the project was drilled to 8,007 feet. Operator set 5½-inch pipe at total depth and plugged back to 7,845 feet.

ty, 28 miles west of Ozona. Completed from the Devonian, it finaled for a calculated absolute open flow potential of 5,200,000 cubic feet of gas per day, through perforations from 7,338 to 7,597 feet. The pay was acidized with 7,500 gallons and frac-tured with 147,000 gallons.

Location is 3/4 mile west of other Devonian gas production and 1,905 feet from north and 1,980 feet from west lines of section 38, block 1, I&GN survey.

J. Cleo Thompson of Dallas No. 1-4 University has been completed in the University 31 (Queen) field of Crockett County, 14½ miles west of Ozona. The field's second well, it finaled for

a calculated absolute open flow po-tential of 160,000 cubic feet of gas per day from open hole at 829 feet, where seven-inch casing is set, and total depth of 896 feet.

Drilled as a wildcat, it is 660 feet from north and 860 feet from east lines of section 4, block 31, University Lands survey and 4½ miles southwest of the other Queen producer.
