

15,000 Farmers Receive From Soil Bank

Members of Haskell County received approximately \$325,000 in checks as the first batch of checks for compliance with the Soil Bank program. The checks were mailed Saturday, the Agricultural Conservation and Conservation Reserve Act. These checks were mailed Saturday, the Agricultural Conservation and Conservation Reserve Act. These checks were mailed Saturday, the Agricultural Conservation and Conservation Reserve Act.

Local Warehouses Approved For Grain Storage

Facilities of the Haskell Warehouse Company were approved this week for storage of wheat, oats, and other grain sorghums placed in the Government loan, it was announced Wednesday.

Boon in Marriage License Reported By County Clerk

Most of the county's business slowed to a standstill during June as County Clerk Horace Oneal did a land office business in issuing marriage licenses. Seventeen licenses were issued during the month.

Saddle Tramps Win First Place Award In Stamford Parade

The Haskell Saddle Tramps was judged as top riding group Tuesday at the opening day parade of the Stamford Cowboy Reunion. This is the second consecutive first place award for the Haskell Club this year. They captured the top award in Seymour Rodeo and Reunion two weeks ago.

Haskell Couple's Daughter Tells of Hurricane Damage

Last week's death-dealing hurricane which struck in the vicinity of Lakes Charles and Camille, La. Also caused extensive damage in Port Arthur, a Haskell couple learned in a letter from their daughter in that city. When news reports last week indicated that the hurricane might strike the coast of Texas, Mr. and Mrs. John Rike of this city attempted to call their daughter, Mrs. Dick Winstead in Port Arthur. After finally getting their call through, Mrs. Winstead told her parents that the worst part of the storm apparently was missing Port Arthur.

W. O. Smith, Jr., Bailey L. Toliver New Owners of Chevrolet Agency Here

Announcement was made this week of the purchase of the local agency of Chevrolet cars and trucks by W. O. Smith, Jr., and Bailey L. Toliver, both well-known young businessmen of this city and area.

Mr. and Mrs. Smith have three children, Stephen, Celia, and Phillip. Mrs. Smith is the former Mary Alice Abbott, daughter of Mr. and Mrs. H. S. Abbott of Stamford.

Youth Recreation Program Given Good Send-Off Friday

More than 50 boys and girls gave an enthusiastic send-off to Haskell's first Recreation Night program Friday night in Junior High School gymnasium.

Assembly of God Revival Meeting To Begin Sunday

A two-week revival will be held at the Assembly of God Church in this city, beginning Sunday July 7 and continuing through Sunday, July 21.

Truett Parsons Is Parts Manager at Chevrolet Agency

Truett Parsons, who has been employed with the Sullivan Chevrolet Company in Andrews since last summer, has returned to Haskell and is new manager of the parts department in Smith-Toliver Chevrolet Company.

Social Security Man Schedules Visits To Haskell

Schedule of visits to Haskell by a representative from the Abilene office of the Social Security Administration has been announced for the months of July, August, and September.

Citizens Asked to Cooperate In Water Conservation Plan

Extremely hot weather which has prevailed since the coming of summer has resulted in a heavy increase in water consumption that has taxed the facilities of the municipal water system. Water Department officials said Wednesday.

Alvin Kelley, 58, Rule Businessman, Dies Saturday

Alvin J. Kelley, 58, well-known Rule businessman, died at 12:30 p. m. Saturday in the Haskell hospital. He was brought to the hospital Saturday morning after he had suffered a heart attack at his home in Rule. He was owner and operator of Kelley Hardware Store in that city.

New Officers of Lions Club Are Installed

New officers of the Lions Club for the ensuing year were installed at the regular weekly meeting and luncheon Tuesday at noon in the dining room of the Texas Cafe.

Youth Recreation Program Given Good Send-Off Friday

Members also welcomed four guests and voted enthusiastically to enter an attendance contest with the Rochester Rotary Club. Guests at the luncheon were Geo. McCall of Dallas, brother of Dr. R. K. McCall, Presbyterian minister of this city; Harry Duffy, member of the Franklin, Tenn., Rotary Club; Manfred Reid, Rochester Rotarian; and Robbye Lou Roberson, HHS senior who was pianist for the club sing-song.

Local TB Workers Attend Workshop In Lubbock

Mrs. Fred Monke, Weinert, Mrs. W. P. Trice and Mrs. Jetty V. Clare, Haskell, attended a tuberculosis workshop in Lubbock Wednesday, June 26. The local women are executives in the Haskell County Association.

Paint Creek Grads Awarded A. and M. Scholarships

Wallar and William Overton, Spring graduates of Paint Creek High School, received letters this week from R. G. Perryman, secretary of the Faculty Committee on Scholarships at Texas A&M College that they were among the 98 winners of Opportunity Award Scholarships offered freshmen students.

Howard Cemetery Working Planned Saturday, July 6

A Cemetery Working has been scheduled at the old Howard Cemetery in what is now the Paint Creek community, on Saturday, July 6th.

Chamber of Commerce ... Indian Boosters.

Higher Rates Now In Effect on Some Postal Services

Starting July 1, it now costs you more to send a special delivery letter, buy a money order, insure a package, or use any of the other half-dozen special postal services.

Postmaster General Summerfield announced increases in special service charges a month ago, to become effective July 1. It is part of his drive to cut down some of the 651 million dollar deficit the department is facing in fiscal 1935, which started Monday.

Under the law, the service charges are fixed by the postmaster general. The announced hikes are expected to yield about 28 million dollars a year in additional revenues.

Meanwhile, Summerfield said an extra 133 million dollars provided by Congress for postal operations in the next fiscal year "eliminate any necessity of significant curtailments in the present mail service."

The Post Office Department, like other federal agencies, must meet its expenses out of money appropriated by Congress. Money collected for postal services goes into the Treasury's general fund and is not earmarked for use by the department.

Summerfield has been trying without success for several years to get Congress to raise rates on first, second and third class mail.

Special Delivery—From 20 to 30 cents for items up to two pounds, with similar 10-cent increases in the other weight categories.

Money Orders—An additional 5 cents on each, raising the minimum charge from 10 to 15 cents.

Reply Cards—From three to four cents, with the charge for each piece of mail enclosed in business envelopes upped from one to two cents.

Notice of Undeliverable Second, Third and Fourth Class Mail—from three to five cents per notice.

Registered Mail—Where liability is limited to \$1,000, as now, an increase in the minimum fee from 40 to 50 cents, with the \$1,000 rate raised from \$1.75 to \$2. The department will expand this service to include liability up to \$10,000, for which charge will be \$4.25. The return receipt fee will be advanced from 7 to 10 cents.

C. O. D. Service—From 20 to 50 cents on items which must be delivered to a specific individual.

Insurance Fees—Increases ranging from five to 100 cents on items valued above \$10.

Certified Mail—An increase in the service charge from 15 to 20 cents, with the return receipt raised from 7 to 10 cents. The charge for delivery to a specified person would be hiked from 20 to 30 cents.

Special Handling For Parcel Post Items—The present range of 15 cents to 25 cents advanced to 25 to 50 cents.

Openings for Fifty License Examiners Announced by D.F.S.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, has announced that there are openings for fifty men in the Drivers License Division of the department.

The positions are that of Driver License Examiner. Applications will be accepted through July at the department in Austin or by DL Examiners throughout the state. Those persons selected will be paid during the six weeks training period that starts in early September.

Col. Garrison pointed out that examiners are thoroughly trained in all phases of traffic laws, highway law, driver license law and other subjects pertaining to the job before being assigned their stations.

He said application, mailed to Austin should be addressed to A. F. Temple, chief of the Driver License Division.

Applicants applying for the position of DL Examiner must be between the ages of 21 and 35, be a graduate of high school, physically fit and good moral character, weigh not less than two pounds or more than three pounds per inch in height.

For benefits and advantages of the law enforcement position Col. Garrison suggested that persons interested either write to the division in Austin or contact a DL Examiner locally.

MARGARET HERREN VISITS IN BRECKENRIDGE
Margaret Herren, daughter of Mr. and Mrs. Sam Herren, visited last week in the home of Mr. and Mrs. J. R. Coody and daughter Nancy of Breckenridge. They attended the Albany Fandangle and rodeo and Margaret returned to Haskell Sunday.

VISITS IN LUBBOCK
Jan Herren, daughter of Mr. and Mrs. Bob Herren is visiting in Lubbock with her sister and family, Mr. and Mrs. Edward Corzine.

SPENDING VACATION IN NEW MEXICO, COLORADO
Mr. and Mrs. George Fouts and children, Bill, Betsy, and Johnnie; Dr. and Mrs. Frank Cadenhead and children, Dianne, Wayne, J. F., and Helen Mary, and Mrs. Cadenhead's mother, Mrs. Buntyn are spending a 10-days vacation in New Mexico and Colorado.

ATTEND FUNERAL IN ASPERMONT
Mr. and Mrs. C. S. Gay of this city attended the funeral services in Aspermont June 19 for Jeanette McCoy, 4-year-old daughter of Mr. and Mrs. Orville McCoy, Jr., of Aspermont. The child died of leukemia June 17 in a Dallas hospital. Mr. McCoy is a nephew of Mrs. Gay.

PARENTS OF SON
Mr. and Mrs. James Dodson of Dallas are the parents of a baby boy born June 13. He weighed seven pounds, 12 ounces and was named Jerry Don. James Dodson attended school in Haskell and Mrs. Dodson is the former Joyce Trussell of Haskell.

Haskell County History

30 Years Ago—June 25, 1907

A fine of \$5 and costs was assessed in Corporate Court Tuesday against the representative of a Chicago tea company, charged with selling merchandise within the city limits without paying an occupation tax. Mayor F. G. Alexander presided as Corporate Judge, and prosecution was conducted by H. F. Grindstaff in the absence of City Attorney French Robertson. The defendant gave notice of appeal. Jurors hearing the case were Henry Atkinson, J. E. Leflar, Virgil Brown, T. C. Hahill, Sam Parks and D. H. Persons.

Ralph Duncan, secretary of the Haskell Chamber of Commerce, announced this week that three 20-passenger buses had been chartered for the Haskell County delegation going to the Fort Worth Frontier Fiesta on July 16, which has been designated as "Haskell County Day" at the Fiesta. A few reservations are still available at \$2.75 for the round trip, Duncan said.

Proposed consolidation of Cliff Common School District with the Weinert Consolidated District was turned down by voters in the Cliff district last Saturday. Vote in the Cliff box was 15 for the merger and 24 against, while a majority of the voters in the Weinert district favored the consolidation.

Mr. and Mrs. M. D. Hudson of Fort Worth are here this week, visiting in the home of Mrs. Hudson's parents, Mr. and Mrs. Jim Cameron.

Mr. and Mrs. Gaines Post and little son will leave today for their home in Madison, Wis., after a visit of several weeks here in the home of Mrs. Ada Rike and Mr. and Mrs. H. S. Post.

30 Years Ago—July 7, 1907
Mr. and Mrs. N. I. McCollum and daughter Marguerite left Wednesday for McCamey to visit Mr. and Mrs. H. L. South. The two families will spend several

vacation in the Davis Mountains. Mrs. Jess Campbell of Wichita Falls is the guest of her father Mayor T. C. Cahill and is visiting other relatives and friends here.

Miss Mary Sherrill has returned home after a visit to the Tencher ranch home near Albany. She accompanied Miss Nona Tencher and Mrs. Irwin Tencher home after they had visited in Haskell.

Mrs. J. S. Rike and children, John and Katherine, spent several days in Sweetwater last week, visiting in the home of Mr. and Mrs. R. H. Fitzgerald.

Miss Ruby Fitzgerald has returned from Seymour, where she has been for the past two months.

Mrs. James Williams, and baby daughter, Carolyn, of Fort Worth, are here for a visit in the home of Mrs. Williams' parents, Mr. and Mrs. R. E. Sherrill.

Mrs. Arthur Edwards and daughter, Frances Merle, and Mrs. Jesse Edwards and daughter Cleo are spending several days in Christoval with relatives

and attending the annual Edwards family reunion.

Mrs. Wiley Reid left Tuesday night for Dallas where she will spend a week with relatives and friends.

Miss Ethel Bland, who is attending a business school in Abilene, spent several days this week with her parents in the Center Point community.

Farmers in the Vernon community report one of the poorest grain crops in years. Wheat is yielding only 4 to 5 bushels per acre, while oats average from 10 to 15 bushels per acre.

50 Years Ago—July 6, 1907

Messrs. L. C. and Jack Eastham of Huntsville were here Thursday. L. C. Eastham, a banker, purchased property here 15 years ago which he still owns.

Sherrill Bros. & Company are moving their stock into their splendid new building on the northwest corner of the public square.

Capt. W. W. Fields, J. U. Fields, Mrs. Evers, Mrs. Hollis Fields, Mr. and Mrs. G. Andrus and Mr. and Mrs. C. M. Hunt returned Monday from a fishing trip on Paint Creek. They intended to come in Saturday but the heavy rains made the creek impassable for crossing. They report excellent luck fishing and brought back a quantity of channel catfish.

Rev. L. O. Cunningham came

in Tuesday from Austin, where he has been attending the Presbyterian Seminary, and will serve the Presbyterian Church here as pastor.

J. W. Bayless, the pioneer fruit tree man, was here this week taking orders for fruit trees. He has been selling fruit trees in this section for 22 years, or practically since the county was organized.

Rev. D. M. Cogdill of Mineral Wells has purchased 160 acres out of the Cunningham Ranch two miles southeast of town.

Mr. Snapp, the new blacksmith with Tudor, Williams & Co., did us an expert job of repairing casting on one of our presses Friday.

There is a good deal of talk among the people of Haskell about getting up a big barbecue and day of celebration at some time in the near future. The proposition will be put before the Commercial Club at its meeting Monday afternoon.

Mark Whitman has moved to town.

Mayor A. J. Smith returned Thursday from a trip to Belton. He says the corn crop is good in Bell County but that the boll weevil has shown up in force and threatened much damage to the cotton.

R. C. Montgomery of the Farmers National Bank spent Friday in Munday on business for his bank.

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEVY... ITS BEST SHOWROOM IS THE ROAD.

Beauty in motion—Chevrolet Bel Air Sport Sedan with Body by Fisher.

Here's why Chevy's best showroom is the road!

Because Chevrolet's sleek good looks, its advanced features, are only part of the story. The big bonus is its remarkable roadability, the crisp precision handling that has posted an entirely new standard for cars in every price class. You can't read about that... but you can feel it in one minute on the road! Good drivers know roadability is the single thing that means more

driving satisfaction for more thousands of miles than anything else. More safety, too, for it grants greater stability on curves, greater traction on wet roads, better "bite" under hard braking, more accurate steering. There are reasons for all this, of course: Chevrolet's balanced weight distribution that takes excessive loads off the front wheels, the wide stance of outrigger rear springs, Ball-Race steering, spherical-joint front suspension. Sure, you can admire the sculptured lines in the showroom. But Chevy's

a car specifically designed for beautiful motion—you have to travel in this one to know just how terrific it is. Try it, this week!

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

Only franchised Chevrolet dealers display this famous trademark

Myra Stevens of Haskell, Gail Crenshaw of Houston, and the hostess.

The annual Lammer Reunion was held Sunday at Buffalo Gap. Those present were: Mr. and Mrs. Albert Lippe and sons of Ballinger, Mr. and Mrs. E. A. Lippe of Odessa, Mr. and Mrs. J. D. Kupat and children of Rule, Mr. and Mrs. John Lammert of Snyder, Mrs. Bill Bradshaw and family of Anson, Mr. and Mrs. Fritz Lippe of Grand Falls, Mrs. Bill Lippe and children of Brownwood, Mr. and Mrs. Willie Lippe of Miles, Mr. and Mrs. Seidel of Miles, Mr. and Mrs. Emil Kalner of Sagerton, Mr. and Mrs. Emil Kalner Jr., and daughter of Paducah, and Mr. and Mrs. Oscar Kainer and children of Stamford.

Mr. and Mrs. J. C. Kainer and Keith and Karen of Olton are here visiting with Mr. and Mrs. Emil Kainer and Mr. and Mrs. C. M. Latham of Stamford, and other relatives and friends.

Guests in the home of Mr. and Mrs. Melvin Lewis Saturday night were Mr. and Mrs. Emil Kainer and Mr. and Mrs. Emil Kainer, Jr., and daughter of Paducah.

Mrs. Minnie Koch and son of Luaders visited Mrs. August Angerman Sunday.

Guests in the home of Mr. and Mrs. Herbert Stremmel Thursday night were Mr. and Mrs. August Stremmel, Mr. and Mrs. Adolph Helm and Jeanette, Mr. and Mrs. Jack Monse and Diane, Mr. and Mrs. Edwin Stremmel and sons, Mr. and Mrs. Albert Stremmel, Hilda and Emil, Mr. and Mrs. August Angerman, Mr. and Mrs. Adolph Ender and Mr. and Mrs. Raymond Ender and son. The occasion was Mrs. Stremmel's birthday.

Children visit in R. I. Johnson home

Mr. and Mrs. R. I. Johnson had all of their children as guests in their home Friday. Present were Mr. and Mrs. Hartsell Johnson and children of Chickasha, Okla., Mr. and Mrs. Gene Long of Midland, and Pvt. Loraine Johnson, who has just completed basic Army training at Camp Chaffee, Ark., and will report at Camp Jackson, N. C. at the end of his leave.

Guests in the home of Mrs. J. W. Martin during the weekend were Mr. and Mrs. Roy Killingsworth of San Angelo, Mrs. Don Henley and children of Chicago, Ill., Mr. and Mrs. E. D. Engleman of Spur, Mr. and Mrs. Alfred Walker and children of Spur, Mr. and Mrs. Bill Richey and Mrs. Ruby Smith and son, Jim, of Haskell.

Don Payne in Tech Student Group Doing Practical Work in Nation's Park Systems

Don Payne of Haskell is among 24 Texas Tech horticulture and park management students who are getting a look at the practical side of their chosen field this summer as interns in various park departments throughout America.

Payne, a graduate of Haskell High School, is the son of Mr. and Mrs. W. E. (Elbert) Payne of this city. He is spending his third summer working in the Yellowstone National Park in California. Payne is also doing a special project toward his degree requirements while at Yellowstone. He is photographing facilities and making a complete study of the reaction of Yellowstone visitors to these facilities.

According to Elio Urbanovsky, Tech horticulture and parks management department head, "So great was the demand for our students to take summer intern positions, that at least 50 offers were turned down from this country, Canada and Mexico. Urbanovsky explained that

Tech's internship program has been in operation for seven years. Students receive stipends of from \$260 to \$330 per month for their work.

"We have found this program extremely beneficial," Urbanovsky said. "It not only gives our students practical experience, but the people who hire them get a chance to evaluate the training they have received here. More often than not an intern is hired to return to the place of his internship upon completion of his training at Tech."

Carol Bledsoe to Move from Alaska To Portland, Ore.

Mr. and Mrs. Carroll Bledsoe and children plan to move from Fairbanks, Alaska, to Portland, Oregon, during the next few months, relatives and friends here have learned. The couple has been in Fairbanks since March, 1953, where Mr. Bledsoe has been employed with a construction company and Mrs. Bledsoe has been teaching in Fairbanks schools.

Mrs. Bledsoe and their two sons, Mark and David, plan to move to Portland, Ore., in August. She has a contract as teacher in the Portland school system. Mr. Bledsoe will join his wife and sons in September. He is studying for a degree in dentistry and will complete his studies in Portland, in addition to his other work.

Mr. and Mrs. Bledsoe both are former residents here. She is the daughter of Mrs. G. C. Bartlett, now of Abilene, while Mr. Bledsoe is the son of Mr. and Mrs. Hubert Bledsoe of Haskell.

WEEKEND VISITORS IN W. C. CHILDRESS HOME

Mr. and Mrs. W. C. Childress had several of their children and grandchildren as visitors in their home during the weekend. Among the visitors were Mr. and Mrs. Carlos Haynes of Aztec, N. M., and Mrs. Thurman Rhoads and Carolyn of Wink, Texas; Mr. and Mrs. C. C. Childress of O'Brien. Grandchildren visiting them were Sue Rhoads of Abilene and Rev. and Mrs. Roy Don Rhoads of Ft. Worth. Also, Gwen and Mike Billington of Los Angeles, Calif., great-grandchildren of Mr. and Mrs. Childress.

HASKELL VISITORS

Dr. and Mrs. Harry Duffey of Franklin, Tenn., spent several days last week in the home of Mr. and Mrs. A. Y. Corley in this city. They were on a summer vacation and to attend the Texas Cowboy Reunion in Stamford.

Haskell Man Buys Purebred Milking Shorthorns

Herbert H. Ruetter of Haskell has purchased two bulls, Frekeba Harry Lee 240948, a roan, calved June 22, 1956, and Frekeba Imperial Leo 2400949, a red bull calved February 9, 1957, and a red heifer, Frekeba Lula 240951 calved February 6, 1957, from Fred K. Bailey of Weatherford, Okla.

The new animals are purebred Milking Shorthorns and the record of the transfer of ownership has been made by the American Milking Shorthorn Society at Springfield, Missouri.

BURTONS LEAVE FOR EXTENDED VACATION

Mr. and Mrs. R. L. Burton left the first of the week for Houston for an extended vacation. They were joined in Houston by Mr. and Mrs. Joe Rogers of Fort Worth and Mrs. Alice Ray of Kermit who was accompanied by Mrs. Myrtle Meyer Menefee. The party plans to spend a few days in Houston, then will go to Galveston for a more lengthy stay.

Burton, former Chevrolet dealer here, plans to try his hand at fishing in the Gulf. They will return by way of Kerrville where they will spend a few days, and Buchanan Lake, where they will visit several days with Mr. and Mrs. Andy Norris.

RETURN TO SIERRA BLANCA

Mr. and Mrs. Marvin Medford and little granddaughter, Janice Medford, accompanied Mrs. Medford's parents, Mr. and Mrs. Dave Josselet to Sierra Blanca during the weekend. The Josselets had been visiting here in the home of their daughter and with other relatives and friends.

WOMEN OF INTEREST

Caron Lotus Pickett And Glen D. Vaughn Wed at Panhandle

Miss Caron Lotus Pickett and Glen Dolan Vaughn were married recently in the chapel of the Methodist Church at Panhandle, by the Rev. James Carter, pastor. Fan shaped arrangements of white gladioli and woodwardia palms decorated the altar area. Mary Lou Miller, organist, played traditional nuptial selections.

Attending the bride as maid of honor was Phyllis Garcia, who wore a blue sheen dress styled with a scoop neckline and an overskirt of organza caught up with white daisies. Her hat was of blue tulle, rosebuds and daisies and she carried a colonial bouquet of pink and white carnations.

Glenn Saterwhite, White Deer, was best man. Ushers were Jas. Hawkins of Weimert, nephew of the groom, and Bobby Jenkins of Weimert.

The bride, given in marriage by her father, wore a gown of chantilly lace and silk tulle over satin. It was designed with a fitted bodice outlined at the neck with pearls, long tapered sleeves and full skirt of silk tulle applied with hand-clipped chantilly lace. Her circular fingertip veil of French illusion fell from a cap of lace. She carried a white Bible covered with satin and marked with a white orchid.

A reception was held in the Friendship Room of the church. Presiding at the bride's table were Mrs. L. D. Vaughn, aunt of the groom from Anson, and Mrs. C. A. Pingleton of Pampa, aunt of the bride, and Mrs. Bill Callaway of Pampa, registered guests.

The couple are at home in White Deer, where Mr. Vaughn is employed by the Cree Drilling Co. He is a graduate of Weimert High School and attended Texas Tech.

U. S. postage stamps were first placed on sale July 1, 1947. The average American consumes about 187 soft drinks a year.

MR. AND MRS. BARRY E. WICKLIFFE

Wickliffe-Dauler Rites Solemnized In San Francisco

A former Haskell resident, Barry Eugene Wickliffe of Lubbock, and Miss Dale Norene Dauler of San Francisco, Calif., were married June 15 in Temple Methodist Church in San Francisco.

The bride is the daughter of Mr. and Mrs. George F. Dauler, and the bridegroom is the son of Mr. and Mrs. Edwin E. Wickliffe of Lubbock.

The bride, given in marriage by her father, chose a white ballerina-length bouffant gown of tulle over satin, highlighted by allique and a seed pearl trim. A tulle headpiece frosted with seed pearls secured her elbow-length veil of nylon tulle. She carried a bridal bouquet of fleur d'armour and a white orchid.

Miss Eleanor Gruhn was maid of honor. Miss Rosemary Kay of Lubbock was bridesmaid and Miss Nadine Paine was junior bridesmaid. Richard Cooper was best man and Joris Martin and John Peilerin were ushers.

Baptist Junior GA Camp Opens Monday At Lueders

Baptist Junior girls will be going to Lueders Baptist Encampment next week for the annual Junior GA camp. Dates are July 8-11.

Miss Jaxie Short, of Abilene, missionary to the Orient, will be camp missionary for this camp, giving the girls an insight into the work where she has been.

Rev. Charles Wood, pastor of the First Baptist Church, Cisco, will be camp pastor. Mrs. Lenard Hartley of Sweetwater, district Girls Auxiliary leader, will conduct the counselor's clinic and the coronation service.

The girls will have a varied schedule with time for handwork, swimming and other recreation. Dr. C. D. McEntire, chalk artist, will give the camp a sample of his artistry. Mrs. Nelson Howard will be pianist; Mrs. Geo. Graham will conduct the Beauty Box.

Mr. Ralph Perkins will be in charge of stunts. Mrs. D. N. Morrison of Abilene, handwork; Mrs. Donald Baird, recreation. Other personalities will include Mrs. L. L. Trot of Abilene, district WMLU youth director; Mrs. Oscar Fanning, camp nurse; Mrs. Ardis Murphy, lifeguard; Mrs. C. S. Gibson, camp hostess. Rev. and Mrs. Henry Little are in all of the camps of the summer. He is camp manager and she is in charge of the book store.

The United States produced 45 per cent of the total world output of trucks and motor buses in 1956.

Killingsworth Family Get-Together Held at Lake Nasworthy, San Angelo

All roads led to Clay Lodge on Nasworthy Lake, three miles from San Angelo on June 21. That is, for one family, at least, who had come together for a summer's rest.

The Killingsworth family had traveled the "Happiness Road" many times before and from the four corners they came, all forty-one of them. As the sun dipped low and splashed its brightness across the lake, from small tables in front of the Lodge came the First-Nighter supper. What a treat to watch the boat, skim across the lake, with two absent daughters and two absent sons, which two absent daughters had sent, spotlighted the scene later. Then the games! Ten to one the old Lodge had never heard such gaiety and laughter.

On Sunday, a ham-turkey dinner was served buffet, and the table decorations were love and congeniality; the thoughts were relaxation and thoughtfulness for so many things.

Dick Therwanger Family Reunion Held Sunday

Member of the Dick Therwanger family of Weimert met in Abilene State Park Sunday for their annual family reunion.

After a prayer by a grandson, Truman Therwanger, a delicious lunch was served. Afterwards, games, swimming and picture taking provided entertainment and recreation for the large gathering.

Those present were Mr. and Mrs. Herbert Simmons, Margaret, Charlotte and Larry of Lamasa; Mr. and Mrs. Roger Zingerman, Stevie and Sharon of Pittsburgh, Penn.; Mr. and Mrs. Bill Raney of Denver City; Mr. and Mrs. G. Therwanger, Alfred Lynn, Karen and Kathy of Abilene; Mr. and Mrs. Billy Therwanger and Randy of Odessa; Mr. and Mrs. Bobby Therwanger of Abilene; Charles Therwanger, Truman Therwanger, and Mr. and Mrs. Dick Therwanger, all of Weimert.

In the afternoon, Mr. and Mrs. Johnny Chamberlain of Goree, and Mr. and Mrs. Jackie Therwanger of Abilene joined the gathering.

Allen will be at home at 2916 Mt. Vernon, Fort Worth. The bride graduated from Electra High School with the 1956 class and attended Pampa Modern School of Business. She has been employed for the past 3 1/2 years in the district office of Forest Lumber Co. in Lubbock. Upon moving to Fort Worth, she will be employed with Georgia Pacific Corp.

Mr. Allen attended school at Rochester and served four years in the US Air Force, 3 years of which was spent in England. He resumed his position at Convoir upon his return last December. A wedding rehearsal dinner was held in the home of Mr. and Mrs. Don Riddle. Mr. Allen is the grandson of Mr. and Mrs. Dee Allen of Rochester and Mrs. J. L. Reid, Sr., and the late Mr. Reid of Haskell, formerly of Rochester.

employed with Magnolia Petroleum Co. three years. The bridegroom is a graduate of Haskell High School, served in the U. S. Air Force, attended Draughon's Business College and is now employed by Furr's, Inc., of Abilene. Mr. and Mrs. Adams will live in Abilene, at 310 Peach Street.

Garden Club Elects Mrs. C. O. Holt as First President

Mrs. C. O. Holt was elected the first and incoming president of the Haskell Garden Club at an organizational meeting when the group met in the home of Mrs. Roy Johnson Thursday afternoon, July 2.

Decorations were featured by Shasta daisies, gladioli and other summer flowers and greenery. Mrs. R. C. Couch, Sr., presided over the business meeting and submitted the report of the nominating committee. Mrs. J. M. Glass, Mrs. Woody Frazier and Miss Nettie McCollum, which was accepted. Mrs. Johnson discussed by-laws and constitution and read a letter from the district governor, Mrs. E. G. Thornton of Olney.

Installation of officers was also under charge of Mrs. Couch who presented each officer with a plant, seeds or book representative of her office. Officers to serve on the official staff with Mrs. Holt are Mrs. Roy Johnson, first vice president; Mrs. Ira Hester, second vice president; Mrs. Courtney Hunt, third vice president; Mrs. W. E. Huss, recording secretary; Miss Nettie McCollum, treasurer; Mrs. James Crawford, corresponding secretary; Mrs. Earl Atchison, parliamentary and Mrs. Jetty V. Clare, reporter.

During her brief address, Mrs. Holt talked on the importance of an active membership and mentioned some of the many worthwhile projects of a garden club that could be city-wide in scope in Haskell. In conclusion she stressed the fact "that each member has something to learn and to put into practical use."

For the ensuing club year, a wide variety of topics related to garden, culture of flowers, shrubs and other plants will be outlined and discussed by members and for members. Meetings have been set for the first and third Thursday of each month beginning Sept. 2. Attending were the following charter members: Mesdames Earl Atchison, Ruby McDonald, Mittle Weatherly, A. C. Pierson, S. P. Herren, Morrell Dick, Scott Greene, Jr., C. O. Holt, Woody Frazier, J. M.

Miss Martha Laverle Caldwell Is Bride Of Glyndal Allen in Pampa Ceremony

Miss Martha Laverle Caldwell, Lubbock, and Glyndal Dee Allen of Fort Worth, exchanged vows June 23 at 3 p. m. in the First Assembly of God Church, Pampa.

The bride is the daughter of Mr. and Mrs. Ben L. Caldwell of Brownfield, formerly of Electra. The bridegroom is the son of Mr. and Mrs. Herahel Allen of Rochester.

Rev. Thural Reid of Byers, uncle of the bridegroom officiated in the double ring ceremony, which took place in a setting of jade palms, floor baskets of white gladioli tied at the base with blue ribbon placed at the base of 15-branch spiral candelabras; in the center of this setting was the traditional Prie Dieu, on which the bride and bridegroom knelt for the concluding prayer. White bows were used as pew markers on the bridal aisle.

Traditional wedding music was played by Wesley Bruce, organist, who also accompanied Miss Pat Reid of Fort Worth, cousin of the bridegroom as she sang "True Love" "Whither Thou Goest" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of an original model of white imported chantilly-type lace and nylon tulle ruffles over net and satin. Designed with high neckline framed with Mandarin collar of lace; the fitted lace bodice had sheer yoke enhanced with appliques of lace-long sleeves ending in points over the hands and terminated with point at center front waistline. From this stems a magnificent skirt made of lace, fully skirted with scalloped edge heading a full ruffle of tulle that outlined the bottom edge and cascaded to center back to form a small bustle effect; a panel of alternating ruffles of scalloped lace nylon tulle highlighted the back, and the hemline, fullness was emphasized by hoops worn underneath.

Her fingertip veil of French silk imported illusion was attached to an elaborate lace and seed pearl, and the bride carried a white "Bible" covered with white satin and Lily of the Valley nestled in the center with a white orchid and her handkerchief, which was one 40 years old belonging to her grandmother.

Carrying out the tradition, she wore a strand of pearls, a gift of the bridegroom and an heir-

loom ring 100 years old, belonging to the bridegroom's grandmother.

Miss Bertha Lynn of Electra served as maid of honor. Mrs. Don Riddle, niece of the bride, Ray Smith of Pampa, Jack Palmer of Plains, cousin of the bride and Miss Dana Davis of Lubbock were bridesmaids. They wore identical floor-length princess-style dresses of blue crystalline over taffeta fashioned with scalloped necklines studded with rhinestones. Matching picture hats were identical to those of the bridesmaids. Their wrist corsages were blue lace carnations.

The miniature bride was Miss Tommie LeAnn Walse of Lubbock, wearing a white lace dress styled identical to that worn by the bride, with a veil falling from a matching headband. She carried a prayer book with feathered white carnations.

Ringbearer was Mike Lee of Plains, cousin of the bride, wearing a white coat and blue trousers identical to the attendants and the bridegroom.

Jimmy Reid of Rochester, cousin of the bridegroom was best man. Ushers were Don Riddle, Curtis Graham of Pampa, Travis Solomon and Sam Walley of Fort Worth.

Mrs. David Green registered the guests. Mrs. Caldwell mother of the bride, chose a navy costume with white, with which she wore a white carnation corsage. Mrs. Allen, mother of the bridegroom, also chose a navy dress with white accessories and a corsage of white carnations.

The wedding reception was held in the home of Mr. and Mrs. Joe Barton, sister of the bride. The bride's table was laid with a lace cloth over blue and centered with the bride's bouquet, guests encircling the table. Wedding cake, danked by white lace.

Miss Annette Allison presided at the cake service, with Miss Ronnie Walker of Dallas at the punch bowl. Others assisting was Mrs. Barton and Mrs. Odessa Lester.

For a wedding trip to points in Oklahoma and East Texas, the bride wore a two-piece dress of imported pink linen with pink and black accessories and an orchid corsage. After June 27 Mr. and Mrs.

Creek... Community News

MRS. GENE OVERTON

We think Arvie's grade, and the fact that Waller and William Overton won two of the 98 scholarships offered to 600 candidates at A&M speaks well for the Paint Creek High School. Our graduates have almost all been outstanding college students.

Mr. and Mrs. Mack Earles and son Eddie Mack returned from their vacation last week. They and Mack's brother, Mike Earles, and his wife of Shamrock, spent a week in Houston where the Mike Earles' daughter-in-law is a patient in the hospital.

Mr. and Mrs. W. E. Byakley celebrated their 50th anniversary last Sunday in their home in Stamford with seven of their children present for the occasion. They came to Stamford after their wedding on June 3, 1907 and Mr. Byakley worked for several dry good stores before moving to a farm in the Rockdale part of Paint Creek and living for five years. Then they moved to their place on the Stamford-Haskell highway and lived there for 20 years. Their children attended McConnell school. In 1942 they moved back to Stamford where Mr. Byakley has worked for Bryant-Link and later when Bryant-Link was sold to J. M. McDonald Co., he has worked for that company since. Here for the day were Mr. and Mrs. Earl Bunkley of Sweetwater, Mr. and Mrs. J. D. Jones, Cindy and Judy and Mr. and Mrs. Jimmy Jones and son Jimmy of Big Spring, Mr. and Mrs. Farris Shoefee, Billy and Barbara Ann of Little Rock, Ark., Mr. and Mrs. Neal Bunkley, Roger and James of Stamford, Mr. and Mrs. Wilmer Bunkley, Gary, Marcus, Cathy and Terry of Abilene, Mr. and Mrs. Kermit Brown, Steve, Kay and Mike of Austin, and Dan Bunkley of LaFayette, La. Those who could not come were Dr. and Mrs. Don Rolley of Salisbury, Md. and Mrs. Dan Bunkley of LaFayette, La.

Mrs. Jewell McLennan and son Paul are living in Abilene this summer. Mrs. McLennan is taking a beauty course at Scoggin's Beauty School. Mrs. Raymond Bounds and Mr. and Mrs. A. D. Gressett spent last week end in Lubbock visiting their children, Mr. and Mrs. Ray Deen Gressett. Mr. and Mrs. W. C. Hughes and Jerry, and Mr. and Mrs. Russell Hughes and son Terry of Kalamazoo, Mich., and Mrs. A. L. Hughes spent Monday afternoon with Dan and Ira Hughes in the New York community. Mr. and Mrs. Clarence Raughton and Mr. and Mrs. Doc Raughton were in Fort Worth week before last where Clarence had his regular checkup at the Harris Memorial Hospital. He is doing fine. Mr. and Mrs. Leo McKeever and Eddie had as their guests Saturday their daughter's family, Mr. and Mrs. Sonny Johnson and Deborah Ann of Lubbock, and Mrs. W. H. McKeever and sons Carl and David of Abilene. Eddie Dawson went home with his sister to spend several days with her uncle and aunt Mr. and Mrs. W. W. Watts and Frank and Jay Lindon of Lubbock. Mary Lou McLennan and Joan Griffith attended the 4-H Camp at Buffalo Gap last week. They went as representatives of Haskell County for the 4-H Leadership Training Camp. Rev. and Mrs. V. P. Morrison were recent guests of his son's family, Mr. and Mrs. Pat Morrison and girls. Helen Cox is working this summer in the Teachers Credit Union office in Dallas. She will attend North Texas State at Denton again this fall. Mrs. Garland Calloway has been a patient in the Haskell Hospital suffering with flu. She returned to her home Friday. Danny, Jeanine and Janice Isbell are taking swimming lessons from Sudy Mickler who teaches at the Stamford pool.

U.S.—Bulwark of Freedom

BIRTHDAY OF A FREE NATION as the Declaration of Independence was presented to Congress in 1776. Contrary to popular belief, instead, the Act by which the original 13 states broke colonial allegiance to Great Britain was approved by Congress July 2, proclaimed on July 4th, and signed at various times up to Nov. 4.

SYMBOL OF HUMAN RIGHTS and freedom, the Liberty Bell in Independence Hall, Philadelphia, where Continental Congress met, Declaration of Independence adopted and proclaimed, Washington appointed Commander-in-Chief, and U. S. Constitution framed.

BIRTHPLACE OF OUR NATION was Independence Hall, Philadelphia, where Continental Congress met, Declaration of Independence adopted and proclaimed, Washington appointed Commander-in-Chief, and U. S. Constitution framed.

News from Rule

By MRS. H. H. HINES

Mrs. David Abbott has returned home from the Haskell Hospital where she received treatment. Mrs. Jim Frazier, Peggy and Dick, and Mr. and Mrs. Punk Martin visited their son and brother Mr. and Mrs. Roger Frazier Snyder. Roger underwent surgery last week. Rev. Robert Bunam of Fort Worth will preach at the First Christian Church Sunday. First Baptist Church has set the date of July 28 through Aug. 4, for the time for summer revival. Rev. Howard J. Jones will be the guest speaker. Billy N. Davis, local minister of music will direct the music for the revival.

Dr. and Mrs. W. J. Wooten and Ronny of Canyon attended the Hunt-Honea wedding Sunday. Mrs. Dave Hunt accompanied them home and they will go up in the mountains of Colorado before returning home. Mr. and Mrs. K. J. Childress and grandchildren Jo and Norma Johnson of Phoenix, Ariz. are visiting in the home of Mr. and Mrs. Floyd Stepp.

Mr. and Mrs. Morris Neal and Mr. and Mrs. Olen Carruthers visited their sister, Mrs. M. D. Ellis of Dallas Sunday. Mike, Phyllis and Mary Ann Brown of Monahan are visiting their grandmother and aunt, Ruth and Mrs. Mollie Hines this week. Mrs. H. L. Funk of Carlsbad, N. M., is visiting her parents, Mr. and Mrs. Jim Cameron. Mr. Cameron has been ill. Mr. and Mrs. Rayberne L. Oliver are the proud parents of a baby born in the Haskell Hospital Wednesday.

Mr. and Mrs. W. V. Almond and Mr. and Mrs. Jack McAdoo and children visited in the home of Mr. and Mrs. Wesley Almond in Fort Worth Sunday. Mr. and Mrs. Virgil Hunt left Monday for California to visit relatives for several weeks. Mr. and Mrs. Roy Foster and Mr. and Mrs. B. P. Gunlack and family of Fort Worth have returned from Salt Lake City, Utah where they visited their daughter and sister, Mr. and Mrs. Kenneth Mourman and family.

Mr. and Mrs. Luther Malone visited their son C. G. Malone, in the hospital in Big Spring Wednesday. Mr. and Mrs. Herbert Hines spent the weekend with their son Mr. and Mrs. Alvin Hines of Electra. Mr. and Mrs. Paul Gibson spent the weekend with his sister, Mr. and Mrs. L. C. Griffin in Wichita Falls.

Mrs. Pete Thompson and H. J. Patricia and family spent Monday in Anson visiting friends. Mr. and Mrs. Lloyd Hamilton and son moved to Bridgeport Saturday. Mr. Hamilton was employed by Wilcox Oil Well Service in Rule before moving. Mrs. Joe Smith drove to Snyder and met her children, Mr. and Mrs. Bobbie Smith and daughters, Becky and Cathy who will visit for several days. Mrs. Exa Lott and children of Fort Worth are vacationing in Colorado this week. Miss Maye Hamilton spent the weekend with her niece and family, Mr. and Mrs. Chas. Snodgrass of Idalou.

Mr. and Mrs. O. D. Toney and children visited her sister, Mrs. Lee Hardin Tuesday. The Toneys are formerly of Stamford and are now living in Los Angeles, Calif. Mr. and Mrs. J. A. Hilcher and granddaughter Reba Weaver attended the golden wedding anniversary of Mr. Hilcher's brother, Mr. and Mrs. Fred Hilcher of Elgin, and visited with Mrs. Hilcher's sister Thessa Gebaver, in Austin, and Mr. Hilcher's sister Mrs. J. A. Banner. Mr. and Mrs. Johnnie Milwee and Mr. and Mrs. L. B. Jones of Lubbock are visiting Mr. and Mrs. S. H. Gray this week. The annual homecoming was held at the Rule Primitive Baptist Church Friday through Sunday noon. Lunch was served each day. Services were held twice daily.

Linda Alene Lewis of Rule was among 74 listed on the spring semester honor roll at West Texas State College. The list is composed of the upper five per cent of the undergraduate student body. Miss Lewis is the daughter of Mr. and Mrs. O. G. Lewis. A sophomore elementary education major, she is a Pi Omega member and a Mary E. Hudspeh honor society member. Mrs. Carl Hoag of Old Glory suffered serious injuries when she slipped and fell as she stepped out of a pickup truck at her home. She fell on some rocks. She was unconscious for a few minutes, and suffered a back injury, hip injury, and some fractured ribs. She was taken to the Haskell Hospital following the accident. Visiting in the home of Mr. and Mrs. Joe Smith are Mrs. Bulah Riddle and Miss Della Still Buchanan, her aunt Mrs. Edith Allen of DeWitt, a cousin, Tom Reevy of DeWitt, an aunt, Mrs. Steel of DeWitt, Calif. and her daughter and family, Mr. and Mrs. Rex Climo of El Paso. Mrs. Felt Thompson and children visited friends and relatives in Abilene Friday. Mr. and Mrs. Sarah Hines spent the weekend with their children, Mr. and Mrs. Glen Hines and girls, in Rankin. Gale and Gwendolyn Freeman of Haskell have returned home after a weeks visit with their grandparents Mr. and Mrs. Ira Brinkley of Paul. Mr. and Mrs. Ollie Kitley of Weatherford are visiting her

Heavy Rainfall, Excessive Floods Mark Texas Weather Picture in May

Heavy rainfall and excessive flood runoff continued in Texas on all rivers east of the Pecos during May, reports the Board of Water Engineers. In some few cases peak discharges established record highs. The water resulting from rains falling on areas already flooded, with reservoirs full and spilling, pointed up the vital fact that there is no such thing as complete flood protection. When river channels are full and reservoirs are discharging there is no reserve capacity to hold back water which collects from later rains, consequently flooding in areas below reservoirs occurs, except where protected by levee systems. Below normal rainfall was reported for May in the Houston-Beaumont area along the coast and in the Texarkana-East Texas area; and also in the far West Texas-El Paso area. A large portion of the remainder of the State recorded above normal rains.

The Brazos River was at flood stage most of the month. Some small towns in the Brazos basin between Possum Kingdom and Whitney Reservoirs were evacuated several times. Palo Pinto Creek near Santo had a peak stage of 31.1 feet, which was 3.2 feet higher than the historical flood of 1908. The flow of the lower Brazos River was at a critical flood stage for the month. Reservoir Storage Total reservoir storage increased from 11,260,960 to 17,281,990 acre-feet. The usable storage increased about one million acre-feet. Lake Stamford, on Paint Creek southeast of Haskell, held 47,300 acre-feet of water at the end of May, representing 71 per cent of conservation capacity. This compared with 24,400 acre-feet, or 41 per cent of capacity at the same date in 1956.

CALIFORNIA VISITORS Mr. and Mrs. H. C. Winters and children, Bob and Sharon of Los Angeles, Calif., are in Haskell visiting her brother, Mr. and Mrs. Myron Biard and other friends and relatives. **SPEND VACATION AT BUCHANAN DAM** City Secretary and Mrs. T. J. Arbutuckle left last Friday for a several days vacation at Buchanan Dam. They also planned to attend the annual reunion of the Arbutuckle family while away. **VISITORS IN COLLINS HOME** Visiting in the home of Mr. and Mrs. W. C. Collins this week are Miss Joyce Collins, Breckenridge, and Miss Paula Wooten, Haskell. There's no vacation time for Want Ads. They work all year round. Henry Clay is credited with saying "I'd rather be right than president." Edison invented the flash light in 1914. The dean and Stripes has flown over West Texas continuously since the academy was built.

OIL NOTES

Lomac Drilling Co., Shreveport, La., will drill its No. 1 Joe A. Campbell as a 2,000-foot wildcat, to be drilled with rotary. Location is 3,176 feet from the north and 1,263 feet from the east lines of J. M. Stephens Survey, 10 miles east of Weinert. B. A. Duffy of Abilene has completed No. 1 C. G. Burson, Section 107, Peter Allen Survey 140, three miles northwest of Haskell. The well has a potential of 93.79 barrels of 40.2 gravity oil. Flow was through a 16-64-inch choke with packer set on the casing and 80 pounds tubing pressure. It is producing from 46 perforations at 4,738-51 feet, treated with 500 gallons of acid. Casing is set at 4,791 feet. Gas-oil ratio was 520-1. Duffy No. 1 C. G. Burson will be a new project. Location is 330 feet from the north and 467 feet from the west lines of Section 109, same survey. Permit is 5,500 feet with rotary. A Tannehill sand wildcat has been staked in Haskell County. It is Gardner Drilling Co., Wichita Falls, No. 1 Kleiner Estate, six miles southeast of Haskell. Location is 2,485 feet from south and 4,282 feet from east lines of Richard Lanham survey, A-307. Proposed depth is 2,300 feet with rotary. Potential has been taken at an O'Brien East Strawn Field well three miles northeast of Rockwater. It is E. L. Wilson of Dallas No. 5 Martha E. Gaunt, Block 48, Red River County School Land Survey. Daily potential was 114.94 barrels of 41 gravity oil, plus 15 per cent water. It is pumping from 76 perforations at 4,829-39 and at 4,850-59 feet with the casing set on bottom at 4,900 feet. Kendrick Oil Co., Abilene, No. 1-22-G Hendrick Estate has been spotted in the Clear Fork, West Cook Field in Southeastern Haskell. Drillsite is 1,706 feet from the south and 3,075 feet from the east lines of A. Rodriguez Survey. Proposed depth is 2,000 feet with cable tools.

BROWNFIELD OFFICER HERE SUNDAY Deputy Sheriff B. T. Gordon of Brownfield spent Sunday night with relatives here. Gordon, a former chief of police and deputy sheriff here, was transferring three men from Brownfield to State Prison at Huntsville. The three men were held overnight in county jail here. Government run by women is called gynarchy. "Veto" comes from the Latin meaning "I forbid."

There is more water than land on the earth's surface.

Summer heat may stop most of us but it is duck soup for Want Ads. They work all the time. It took Washington and the members of the Constitutional Convention 96 days to frame the Constitution.

Profitable Uses Developed For Johnson Grass

Johnson grass is a forage crop or a weed depending on where it occurs. It can be undesirable anywhere under certain field conditions, but farmers in adapted areas may well sing its praises if they are willing to tolerate certain peculiarities.

Johnson grass can be a good quality hay or grazing crop, according to recent data from the Denton Agricultural Experiment Station. When used as hay it should be harvested in the boot stage, says Extension Agronomist E. M. Trew. Properly harvested, Johnson grass is as nutritious as Sudan and has comparable quality.

One or two hay crops per season can normally be harvested from Johnson grass, he says, with yields ranging from one to three tons.

Although condemned by some, Trew says Johnson grass is definitely valuable as a pasture if properly managed. It can be profitably grown with such winter legumes as sweet clover or burr clover. There is some danger, as in all sorghums and sorghum grasses, of prussic acid poisoning if the crop is grazed while resuming normal growth after drought or frost retardation. Usually the plant contains only small quantities of the acid, however, and few livestock are poisoned by it.

Improved Johnson grass, Sorghum-Johnson grass and perennial sweet Sudan grass in 40-inch rows at Denton averaged 5,640 pounds of hay per acre—over 900 pounds above similar crops in 12-inch rows. Overcrowding the plants reduces production materially, Trew warns.

Johnson grass does have a profitable place in certain agricultural situations. Given a proper chance this "weed" can pay handsome dividends.

DRILLING SHOT HOLES for seismographic surveys has come a long way from the hand auger days of the mid-30's, pictured here. Where terrain permits, today's shot hole crews use power-driven bits mounted on trucks. The holes are drilled for explosive charges which, with the aid of sensitive instruments, give geophysicists valuable information about the position of formations deep in the earth.

Swatin' Sam's and Hungry Hilda's Make Life Hazardous on Highways

A bee in your car may turn out to be a fly in the ointment that spoils your Sunday pleasure drive—and wreck your life.

Swatin' Sam, a driver who's annoyed by the buzzing bee inside his auto, may cause a traffic accident by batting away at it.

That's the word from the National Safety Council, which says Sam and others like him often are victims of little distractions which cause big traffic accidents.

You've probably read about Rapid Robert, who doesn't take time to shave in the morning. So he mows his beard with a plug-in electric shaver in the modern manner as he speeds down the highway, saving time—and losing his life.

Hungry Hilda actually was observed maneuvering her car through a curve onto a bustling expressway using only her elbows to steer as she used her hands to eat ice cream from a paper cup.

Crazy people? Sure! You would not do that? Maybe not. But how about the dropped cigarette ashes? While you brush frantically, your car travels 73 feet a second at a moderate 50 mph. The kids start a squabble in the back seat. Do you turn around to break it up?

How about reaching for something in the glove compartment? Ever do it, taking your eyes off the road?

Have you ever said this to the little woman? "Here, gimme that map. A woman can't tell north from south." And while your eyes follow Route 32 to the next turn, you shear off a mailbox that says Rural Route 2 and end up in a ditch.

So don't say you aren't subject to distractions. Maybe you don't.

Humble Oil Co. Closely Linked To West Texas

West Texas—back in 1926—did not figure much in the production picture of Humble Oil & Refining Company.

Yet, two years later, this area was supplying nearly half of that company's total oil production.

The difference was a highly successful exploration program in the Permian Basin—highlighted by Hendricks field discovery in Pecos County—which jumped Humble's West Texas production from a 200,000-barrel trickle in 1926 to a 7,000,000 total in 1928. West Texas has been a major source of Humble crude ever since.

Forty years ago this month, in Houston, Humble Oil & Refining Company came into corporate existence—the pooled properties and experience of a group of pioneer Texas oilmen who, believed in themselves, each other and the future.

Although June is the company's official anniversary, the story of Humble begins months earlier. Without a charter or a single signature, the company began its operation on March 1, 1917, under a gentlemen's agreement among the principals. For three months and three weeks, until the charter was received on June 21, oral promises and individual integrity preserved a merger that involved \$8 million in properties and a net daily production of some 8,800 barrels of oil.

In a way, Humble Oil & Refining Company dates from Spindletop, for it was there that most of the men who later organized Humble met and became friends. W. S. Farish, who was one day to become chairman of the board of Standard Oil Co. of New Jersey, came to Spindletop from Mississippi where he had practiced law. At the same time, R. L. Blaffer left New Orleans and his father's coal business to work in Beaumont for the railroad. He soon found himself in the oil business instead.

A third original incorporator of Humble, W. W. Fondren, started in the oil business in Corsicana with a drilling rig purchased from money saved when he worked there as a roustabout. He went to Humble, Texas, in 1906 when the field was discovered, and his equipment was part of the Humble Company when it was organized.

The Sterling family—Ross S. Sterling, Frank P. Sterling, and Miss Florence Sterling—organized the old Humble Company, from which the present organization took its name. Another block of property came from the Weiss family of Beaumont, brought into the new company by H. C. Weiss, who took over the Weiss properties upon his father's death in 1912. Other holdings and properties which went into the merger were those of J. C. Wilson, Frank Ireland, Charles Goddard, L. A. Carlton, Ed Prather and Bert Broday—along with the Schulz Oil Company, owned principally by Mr. Blaffer and Mr. Farish.

As an integrated company Humble started out with most of the necessary facilities—but nothing fancy. There was one "washpot" refinery at Humble, Texas, which processed 300 gallons of gasoline a day from oil out of a single well. The marketing division, a model T truck, picked up each day's product at the refinery and hauled it into Houston for sale to "filling stations." There was a pipe line, three miles of gathering line in the Goose Creek field. Until March of the following year the company had no geologists. This was not unusual. Petroleum geologists were a new and rare breed then. But there was a land department, established a few months after the company was founded.

It was a modest beginning in the light of Humble's present scope.

Sensible Clothing Helps Combat Hot Weather Discomfort

AUSTIN—With daytime temperatures consistently in the 90's and with prospects of going even higher, it appears that what is needed is a complete overhaul of acceptable summer clothing for men.

Women have the right idea when it comes to summer clothing. Lightweight sleeveless, open-necked dresses permit free circulation of air and encourage heat loss. A man, though, with a tie around his neck and belt about his middle—all topped off with a coat—is at a disadvantage in trying to throw off body heat.

Elevations of body temperature will develop inevitably in a man so dressed because such clothing prevents loss of body heat through conduction, radiation, and evaporation of sweat. And this much is physiologically true: The body thermostat is so constructed that a fall in temperature is much harder to produce than is a rise.

Heat stroke, sometimes fatal, is due to exhaustion or inadequacy of the heat dissipating mechanism of the body. It occurs as a result of exposure to a hot, humid atmosphere such as is common over most of Texas during the summer months. Sunstroke is a form of heat stroke, complicated by absorption of radiant energy from the sun which causes a temperature rise in local body areas, such as the brain, higher than the temperature of the rest of the body.

How do you avoid heat stroke? By doing what you can to keep heat loss and heat production in balance. The wearing of loose, airy clothing is known by physiologists to be among the best means of maintaining that balance. Open throat sport shirts and light trousers are of course more practical than heavy suits.

Excessive clothing causes excessive perspiration and excessive perspiration means loss of body fluids and salts. Unless the loss is compensated for by drinking additional quantities of water and consuming extra amounts of salt, painful stomach cramps can result.

During periods of high humidity body perspiration doesn't evaporate. It clings and you feel constantly damp. Skin rash often develops at these times and the rash is liable to infection.

Since body temperature represents the balance struck between heat production and heat loss, a disturbance in the value of either will be followed by a temperature change. The most sensible ways of avoiding the effects of a rise are these:

processed 300 gallons of gasoline a day from oil out of a single well. The marketing division, a model T truck, picked up each day's product at the refinery and hauled it into Houston for sale to "filling stations." There was a pipe line, three miles of gathering line in the Goose Creek field. Until March of the following year the company had no geologists. This was not unusual. Petroleum geologists were a new and rare breed then. But there was a land department, established a few months after the company was founded.

New School Fiscal Statutes Stop Unapproved Outlays

AUSTIN, June 17—Any school board member who after August 22 votes to spend any school money not authorized by an approved budget will be subject to a \$100 fine.

That new provision is carried in two of four school fiscal laws just enacted, which education authorities say will be of far-reaching effect in future administration. The laws set up substantial new procedures, and are sufficiently complex that the Texas Education Agency conducted a two-day conference with superintendents, trustees and other school officials to explain and explore the new statutes. The conference was held Monday and Tuesday at A&M College.

Senate Bills 174 and 175 by Senator Floyd Bradshaw repeal the old school budget laws and make a fresh start. For the first time, they make a mandatory requirement for a uniform school accounting system. Besides personal penalties on trustees or officials failing to comply, both the new laws carry the drastic requirement that the Texas Education Agency drop from the list of accredited schools—and thus withhold state school money—from any district which fails to comply with any part of the new laws or the rules and regulations of the State Board of Education.

SB 175 re-enacts the old provision that the president of the board of an independent school district shall be the official budget officer of the district. He is required to name the superintendent or business manager as deputy budget officer. The budget must be approved by the board and submitted to the state. After that, no expenditures not provided in it may be made, except that a supplemental emergency budget may be prepared and approved in the same way.

SB 174 also re-enacts the provision that the county superintendent shall be the budget officer of each rural high school and common school district in his county. He does not name deputy budget officers. The re-written statute is supposed to strengthen and clarify the county superintendent's control over financial affairs of the county, outside independent school districts.

The two other school measures, affecting both independent and common school districts, are:

HB 199, making an annual independent audit of school finances mandatory.

SB 131, making the publication of the annual financial report of each district mandatory. These are among the bracket of "good government" bills enacted at the recent session.

Since the laws will go into effect August 22, the publication statute will cover the report for the state fiscal year ending August 31. The Texas Education Agency has reminded all districts

Cotton Industry Facing Vital Decisions
The cotton industry of Texas and the nation has a vital decision to make in the next few years, points out John C. White, State Commissioner of Agriculture.
It must decide whether to accept more and more controls and restrictions or meet the challenge of modern technology. The first path leads to virtual extinction of the small farmer in a decade or so—the other open, up vast new fields in marketing and demand.
The key to a successful future for cotton lies in greater research towards developing new uses and wider markets for the product. We have a number of research projects now—but they have been directed mainly towards increasing production, or per acre yield. We have gone about as far as we can in that direction under the present economic demand.
It is a cold hard fact that almost every bale we produce over the 9-million bale mark each year must be either stored, subsidized or dumped at a loss in countries abroad. Once our domestic consumption exceeded 12 million bales. But synthetic fabrics have cut deep inroads in cotton markets at a time when our main goals were to get more cotton from less acres!
Today, the industry and government agencies must develop a new approach. The surface hasn't been scratched on all the potential uses for cotton. Only a vast research program will bring them into being.
There are several immediate goals which could create a market demand to equal and eventually surpass our previous 12-million bale consumption. But the cotton industry, and the government, have been guilty of letting many opportunities slide away.
As an example, a vast quantity of jute is imported each year to make binding cloth for cotton bales. Using even poor grade cotton, a competitive fabric could be manufactured to wrap cotton bales and increase consumption by about 35,000 bales annually—right on the cotton industry's doorstep.
Other outlets can be developed by producing superior quality in cotton fabrics such as:
1. Flame resistant cloth which would open up a demand for an additional 1 1/2 million bales each year.
2. Cotton garments that require no ironing would utilize some 1 million bales.
3. Rot and weather resistant cloth—200,000 bales.
4. A superior but competitive cloth for auto seat covers—100,000 bales.
These are just examples of new possibilities in cotton marketing.
Of course, our present controls and regulations cannot be immediately abandoned until demand comes closer to the supply. But restrictions should be regarded as emergency measures, not permanent institutions.

Wheat Marketing Quotas Approved By Farm Vote
Farmers of the nation voted June 20 to continue federal marketing quotas on next year's wheat crop.
The count from 36 states gave 143,333 for and 28,833 against the Agriculture Department's control program.
That was a favorable majority of 83.3%—far in excess of the necessary two-thirds. It compared with a majority of 87.5% given quotas a year ago.
The department had said that if quotas were approved, it would support the 1958 crop at an average of \$1.78 a bushel, but would drop this to about \$1.19 if quotas were rejected.
With granaries carrying a full year's supply from previous crops, growers thought market prices would drop to the lower support level if controls are abandoned.
In approving controls for the fifth consecutive year, farmers will limit sales to the amount grown on a 55 million acre allotment—the same as on the past four crops.
Other crops being grown under quotas this year—and likely to be subjected to them again next year—are cotton, rice, peanuts and major types of tobacco. Surpluses exist in all of them.
Approval of the controls came while they are under attack by Secretary of Agriculture Benson. He has told Congress quotas and price supports are not working to stabilize agriculture.

Cautions Advised In Spraying Cotton
The annual war against cotton insects is on and will be stepped up as infestations increase.
Because of the hazards involved in the use of several recommended toxic phosphorus compounds, Extension Entomologist F. M. Fuller, cautions all persons, including applicators (aerial and ground) cotton checkers, farm laborers, growers and others to take no chances with such compounds as parathion, menthyl parathion and demeton.
He points out that the Texas Agricultural Extension Service is cooperating with the Texas Department of Health and the Texas Medical Association in a safety program aimed at preventing serious accidents or fatalities. A kit of information on the safe handling of insecticides is on file in each county extension office and is available to any doctor who may need information on safety precautions and treatment of poisoned persons. A similar kit has also been provided for all local health units and physicians by the co-operating medical groups.
Presently, one poison control center is operating in Texas, but more are planned. W. L. Wilson, M. D., is in charge of the center operated by the Texas Department of Health in Austin. The center may be reached by day or night on an emergency basis. Information on pesticide poisoning and the action to take can be provided if such is not available locally.
Fuller offers ten suggestions for preventing accidents and perhaps serious injuries which could occur in connection with the handling of highly toxic insecticides. All applicators, he warns, must avoid breathing the pesticide dust, vapor or spray and also keep it off the skin. Approved respirators should be worn at all times when highly toxic insecticides are being handled. Local county agents or Fuller can supply a list of approved respirators.
Too, says the entomologist, gloves and freshly laundered protective clothing should be worn when handling toxic materials. If toxic materials are spilled on the skin or clothing, work should be stopped immediately and the person should bathe with soap and water and change clothing. After a poisoning job is completed, a bath and change of clothing are in order.
All persons and livestock should be protected from drifts, sprays and dusts, says Fuller. He warns against entering the fields for two or three days after an application of highly toxic insecticides. All persons who regularly handle highly toxic phosphorus compounds should have cholinesterase tests made at intervals of not more than 10 days during the period they are working with the materials. Fuller advises seeing your local doctor about such tests.
Keep sprays and dusts away from children and irresponsible persons and if they are to be stored, put them under lock and key. Also do not store such materials near food or feed and make sure livestock and pets can't get to them.
Finally, Fuller advises that the information given on the manufacturer's label should be followed to the letter.

Come in and "COMFORT TEST" a new

Golden Anniversary INTERNATIONAL

There's a look of motion in every fresh, clean line of the new Golden Anniversary International Trucks. And there's a feel of comfort that's hard to believe.

You just have to take our "Comfort Test" to believe it.

We'd like you to check the comfort on roads you know are rough. Try out INTERNATIONAL for easy handling, roominess, quietness... for visibility of the new Sweep-Around windshield. Compare it, too, for power and performance.

And keep this in mind all the time: INTERNATIONAL Trucks cost least to own over the years—cost records prove it!

Come in for this eye-opening test.

INTERNATIONAL TRUCKS cost least to own!

Humble's MULTI-PURPOSE GREASE H is one grease with many uses

Humble's Multi-Purpose Grease H covers the widest possible range of farm lubrication needs.

Its quality equals or surpasses that of every single-purpose grease that it replaces.

Multi-Purpose Grease H keeps your transportation and storage problems to a minimum, because you need only one grease instead of several. This wide range of use also reduces the chance of grease misapplication.

Multi-Purpose Grease H will fill the needs of most farmers and ranchers for greasing all their equipment. It's a superior lubricant for chassis, track rollers, wheel bearings, water pumps, ball and roller bearings and universal joints.

Call me for Multi-Purpose Grease H, and for other top-quality Humble products for your farm or ranch—

'Break' in Daily Work Routine Is Help to Farmer

College Station—A "break" in morning and afternoon hours is as important to farmers as it is to city workers, according to the Texas Farm and Ranch Safety Council. In fact, these "breaks" in work routine can prove especially important, for they reduce the possibility of accidental deaths and injuries as well as improving work efficiency.

The farmer who just can't spare 10 or 15 minutes required to get off the tractor, walk around or maybe have a snack or something to drink, should be reminded that recent accident studies indicate that the highest percentage of farm work accidents occur during the late morning and mid-afternoon hours.

Farm wives can serve as break reminders to their husbands by packing a mid-morning and mid-afternoon snack and taking it to the field.

This break can also provide mothers an excellent opportunity to take children to the field to

watch father operate the dangerous machines that they sometimes find such fascinating "play-pretties." This may satisfy the children's curiosity and make a much anticipated event in the daily life of the youngsters.

So, why not follow the advice of the Texas Farm and Ranch Safety Council and take time out for a mid-morning and mid-afternoon break? It can pay off in safety, pleasure and efficiency.

HERE FOR VISIT WITH AUNT AND UNCLE

Johnny Hanson of San Mateo, Calif., arrived the first of the week for a two months visit in the home of his uncle and aunt, Mr. and Mrs. Myron Biard. The 9-year-old boy made the trip by plane to Abilene, where he was met by Mr. and Mrs. Biard.

VISIT IN HOME OF MOTHER

Mr. and Mrs. Thos. L. Donohoo of Abilene spent Sunday in the home of Mrs. Donohoo's mother, Mrs. J. L. Odell.

Lots of people have great aims in life, but never pull the trigger.

To protect the life of the President and to suppress counterfeits are the two statutory duties of the U. S. Secret Service.

The width of United States ships is determined by the Panama Canal, and the height by the Brooklyn Bridge.

Cows have four stomachs.

Pictured are the ruins of Bell's Cafe at Sagerton after an early morning fire recently, which also did about \$800 damage to the Letz Grocery next door. Fire trucks from Rule and Stamford arrived in time to extinguish the fire after it spread to the grocery store. (Photo courtesy Abilene Reporter-News.)

Improvement groups were eligible for Smith-Doxey services. Nearly 90% of the cotton produced in the state during 1956 was classed under the program.

Instructions and applications are available from county agricultural agents, local AMS cotton classing offices, or from the Cotton Division, AMS, USDA, Room 506, U. S. Terminal Annex, Dallas 2, Texas.

State Board of Education Sets State Aid at \$82 Per Student

The State Board of Education, meeting in Austin Monday approved an increase in State Aid of \$4 per pupil for distribution to school districts in 1957-58.

A total of \$165,282,875 will be passed out to the districts at a rate of \$82 a student for the nearly two million scholastics.

An additional seven million dollars will be used to finance the free textbook program. The board action came after State Comptroller Robert S. Calvert estimated \$172,282,875 would be available.

Great volcanic eruptions throw so much fine dust into the air that "spectacular" sunsets follow for months afterwards.

Growers Urged to Apply for Cotton Classing Service

College Station—Cotton improvement groups, other than those in counties where the deadline has passed, are urged to apply now for free cotton classification and market news service. The final date for submitting a group

application is Aug. 1, says Fred Elliott, extension cotton specialist.

Any group of producers, which improvement of cotton, adopts a program to promote the single cotton variety, files application, arranges for sampling and meets certain other requirements is eligible for free Smith-Doxey services, according to Elliott.

He urges producers to submit their applications well in advance of the ginning season if they wish to obtain the classification of cotton ginned early in the season.

Samples submitted must be cut from each side of the bale by a bonded sampler or by an employee of a public warehouse or compressor, which issues negotiable warehouse receipts. Representative samples must be obtained.

The deadline for filing applications from Dimmit, LaSalle, McMullen, Live Oak, Karnes, DeWitt, Jackson, Matagorda and all counties lying to their south has passed. Applications from other eligible counties should be made as soon as possible after members have planted their cotton. The actual deadline is Aug. 1. Last year, more than 126,500 Texas farmers in 239 cotton im-

NOTICE!

The cooperation of all Haskell citizens is requested in a water conservation program during the summer months.

There is ample water for all domestic and industrial needs. However, the supply available from city wells is only slightly above the maximum amount now being used, making it imperative that any wasteful use of water be prevented.

Water customers are encouraged to use all water needed for domestic purposes, gardens, lawns, shrubbery, etc., but to prevent all waste possible.

With the cooperation of all our citizens in a water conservation program, we believe that an adequate supply will be available to meet all normal needs.
