Fiesta Del Concho selects Ebenstein as Ambassador

Sheri Ebenstein, daughter of Mr. & Mrs. Jerry Herring of Robert Lee, has been selected as an Ambassador for the Fiesta Del Concho

Sheri Ebenstein

1985. A number of area girls are chosen each year to represent communities of West Texas during the week-long activities in San Angelo.

The Ambassadors will be presented next Tuesday evening at the Patron's Ball to be held in the Convention Center in San Angelo. Miss Ebenstein will be escorted by Eddie Hood, also of Robert Lee. The group of representatives will be featured on floats in the street parade next Saturday night, June 15, as well as be associated with the children's theatre, talent shows, and other divisions of the history-based Fiesta.

Miss Ebenstein, a student at Texas Tech University, is a 1984 graduate of Robert Lee High School.

Boone begins sojourn to Korea

Bobby Boone of Robert Lee caught a plane from San Angelo to Dallas Tuesday evening on the first leg of a trip half way around the world to Korea. Wednesday morning he took a flight to Houston and joined the Texas squad of athletes and coaches and flew to California. The California and Texas athletes and coaches departed Wednesday at 3 p.m. for Korea.

Bobby, who graduated from Robert Lee High School in May, was invited by the International Sports Exchange to participate as a high jumper in a track and field meet against the Korean National High School team. Bobby excelled in high jump competition in 1985, culminating in a tie for second place at the State Meet. He gained 6'10" in one meet and 6'8" many times this year.

The main purpose of the exchange is to promote athletic competition between United States athletes and other nations while giving individuals the one-in-a-lifetime opportunity to observe

other cultures firsthand. Since the International Sports Exchange is a non-profit organization, Bobby was told he would have to raise the \$1800.00 required for plane fare, hotels, meals, and etc. A number of individuals offered assistance to the young high school athlete and the total was raised in just over a

week, enabling him to accept the invitation.

Bobby is expected to return to the United States about June 14. In addition to the track and field competition, the group will spend 2 days sight-seeing in the Republic of China.

His parents are Mr. and Mrs. Bob Boone of Robert Lee.

Body recovered from Spence

The body of Nathan Smith, 25, of Midland was recovered from Lake Spence on Saturday morning, June 1. Smith was an apparent drowning victim in a boating accident on the lake on Sunday, May 26.

Smith, and a friend, Eric Bechner, 27, were thrown into the water when their boat hit the rough wake of other boats in the middle area of Spence. Bechner was immediately picked up by another boat but Smith was never seen again.

Colorado River Municipal Water District and Texas

Parks and Wildlife Dept. personnel continued to drag and search all week in 40-70 feet of water at a point marked by witnesses.

The body was found near the marker after surfacing by Sterling County Game Warden Wayne Posey, CRMWD patrolman Royce Hood, and others involved in the search.

Shaffer Funeral Home handled local arrangements and the body was taken to Midland where arrangements were pending by Ellis Funeral Home.

Letter To The Editor

Dear Concerned Friend,
 When I wrote my letter about the "messy" restrooms, I did not know about the Little League's agreement to keep them clean. In the time that my children have played ball, I did not know of a volunteer committee. If I had known that, I would have contacted them. (I had assumed over the years that it was up to the County since it was at the County park.)

I do want to say that I have taught my children, and I am trying to teach many more children not to "deface" public property and how to "behave" in public places.

If I am needed to clean the restrooms, then please let the committee notify me,

and I will take time out of my busy, busy schedule to help keep them clean. I would like to see them in working condition for people using them besides the baseball players.

Thank you for your answer.

RL Stamp Club meets

The Robert Lee Stamp Club met May 30th at the Post Office for their regular meeting with thirteen members and six guests present. Nonie Green of the Concho Valley Stamp Club gave a very interesting program on "Developing Specialized Collections."

She emphasized that philatelists enjoy a hobby that is very flexible where each person does what is most interesting to him. She stated each one needs to assess where he is-accumulator, collector, specialist, investor, exhibitor, or perhaps just learning or making friends.

Some specialty areas discussed included: individual countries, cancellations, topicals, first flights, postal stationery, special events covers, postal history, registered mail covers, plate blocks, "back-of-the-book items", marginal markings, and postmarks. She also suggested sources of information such as philatelic newspapers and catalogues, and state and national organizations.

Each person then introduced himself and stated his area of interest. Door prizes of special cachets and foreign covers were donated by members of Concho Valley Stamp Club and won by the following persons: Coe Lewis, Attis Babbitt, Buzz Sawyer, Lois Dunklin, Jessie

Faye Russell, Ella Reeder and Jerry Thomason.

The meeting closed with refreshments of cookies, coffee and soft drinks, and the exchanging of stamps and other philatelic items.

Those present were: Nonie Green, Bob Bark, Ed Fisher, Don Franks, Attis Babbitt, and Mary Mays all of San Angelo; Dennis Parker of Odessa; and the following from Robert Lee: Lois Dunklin, Kay Lackey, Jerry Thomason, Bobbie Allen, Eloise Guerrant, Wanda Smith, Ella Reeder, Peggy Davis, Jessie Faye Russell, Vivian Jacobs, Coe Lewis, and Buzz Sawyer.

Oak Creek Fishing News

The fishing pressure on Oak Creek has been heavy these past few weeks and with good reason—a lot of nice fish are being caught and the ones catching the fish are coming back and often bring a friend. It don't take long to gather a crowd when you have this going on.

Jack Hazard of Sweetwater took a fine string of fish both on Sat. and Sunday of this past weekend. The fish (bass) Sat. tipped the scales at 6 lbs 3 ozs, 4-2 & 3-0. Sunday his bass came in at 4-8, 3-13, 2-14 & 2-12. This was the best overall string of bass weighed in at the Sportsman's Lodge this past weekend but by no means the only one. Gary Stracner of Sweetwater got four bass with the top two going 4 lbs. 3 ozs & 3-8. Sam Wright, also of Sweetwater, best bass tipped the scales at 3 lbs 4 ozs.

The Kermit Bass Club was in for a tournament and caught a lot of bass in the two and three pound range but nothing as large as the Sweetwater fishermen were able to land.

W.A. (Shine) Kuck of Odessa has been a weekend resident of the Sportsman's Lodge for a number of years and knows how to catch fish in this lake. When he goes after fish to eat he will use a number of different methods and when they all work you can get more fish than you want to process. Using a

trotline, he got 16 channel cat ranging from 2 to 4 pounds, using minnows caught a nice string of crappie with fish up to a pound and trolling got several nice white bass.

The way Harold Kennedy of Oak Creek has been catching cat fish he could eatum ever meal and still stock his deep freeze. The people that's been working their trot lines as they should these past few weeks have caught a ton a fish.

Oak Creek received a second stocking of small mouth bass last week, when 50,000 fry were placed in the lake by the Parks & Wildlife people. We want to thank Bill Follis for this and since we have our own hatchery going again this year we hope to have 50 to a 100 thousand Florida bass to add a little later. The future bass fishing in Oak Creek looks great from where we sit.

Cooking pavilion completed at Bronte

A new cooking pavilion has been completed at the county park in Bronte. The facilities were finished in time to be used by the Bronte Volunteer Fire Department for the annual Memorial Day Benefit Bar-B-Q.

Located in the same area

as the old pits, the two large cooking pits are placed on a newly poured 15 X 30 foot concrete slab with a raised brick podium. The pits were formerly 500 gallon butane tanks that no longer met safety restrictions as such. They were donated by Dewey Luckett and J.R. Thompson. Doyle Caulder, a

local welder, designed and constructed the pits. Extending the length of the concrete foundation is a waist level butcher block counter. A new steel frame awning covers the complete cooking area.

Adjacent to the pits are two cast iron wash pots suspended from a cemented iron framework. These pots are used for frying, simmering, or boiling food in large quantities.

Cost of construction was paid out of county precincts 2 and 4 funds.

SHERIFF'S REPORT

Coke County Sheriff Marshall Millican reported a break-in last weekend at Hurley Pharmacy in Bronte. An undetermined amount of drugs was taken from a locked cabinet inside the building. Forced entry was made through the front door in the early morning hours Sunday.

Millican said the investigation is continuing in the matter.

Sheriff Millican was also called to Oak Creek Lake on Sunday afternoon at 5:00 to investigate the death of Henry Grady Gardenhire, 88.

Mr. Gardenhire had been in ill health for some time and had been living at Oak Creek Lake since March 31 with his daughter, Marie Airhart. After returning from the yard Mrs. Airhart found her father dead of a gunshot wound.

Cecil Kemp, Justice of the Peace from Bronte, was in charge of the inquest and ruled the death a suicide.

Gilbreath Funeral Home of Stanton was in charge of arrangements.

When it comes to the extravagant, misleading and sometimes dangerous claims from manufacturers of dietary products, government consumer protection goes only so far.

Three federal agencies have some jurisdiction over all advertising and labeling, and the merchandising of mail-order products. They are the Food and Drug Administration (FDA), the Federal Trade Commission (FTC), and the U.S. Postal Service. All three agencies handle complaints on a case by case basis.

The FDA can block interstate commerce of unproven drug products. It can also seize products which are hazardous or misbranded with false healing claims.

But the FDA has been stopped by Congress and the courts from requiring that high-dosage vitamin supplements be labeled and regulated as drugs.

Although the FDA is empowered to prosecute when false claims occur on product labels, it has no power to prevent the making of false claims through broadcasts and publications. These claims are protected by the U.S. Constitution's First Amendment provision for freedom of speech and expression.

Both the FDA and FTC also have difficulty in regulating printed matter because manufacturers are careful in their claims. They know the loopholes in the regulations and consumers don't. In addition, for the FTC to follow-up on a complaint, the agency must

deem it "within the public interest."

The Postal Service investigates mail fraud and mail-order complaints on an individual basis. They have been successful in halting some diet schemes, such as the grapefruit pill diet, while the regulators and the manufacturers go to court. But their authority extends only to dietary products sold by mail.

The government can help some, but for the consumer, the motto "let the buyer beware" still applies to all diet products. Before starting any new diet, consult your physician or a registered dietitian. Protect yourself from fraudulent diet schemes.

"Cheerfulness is the spice of all truth."

Social Security News Items

The Social Security programs are characterized by a combination of stability and flexibility, Franklin H. Upp, Social Security manager in San Angelo, said recently.

"Since the Social Security Act became law on August 14, 1935, its basic principles have remained unchanged," Upp said. "However, the law has been amended on several occasions to meet society's changing needs. The ability to adapt as the times require is the best guarantee that Social Security will be as relevant to the

decade of the 1980's and beyond as it was to the postwar years of the 1940's and every decade since."

In terms of history, 50 years is a relatively brief period of time, Upp said. But, the past half century has seen Social Security established as the cash benefits program in which virtually all Americans have a stake.

The San Angelo Social Security Office is located at 2214 Sherwood Way, and the telephone number is 949-4608.

Benefit barbecue, donations pay off defibrillator

Another fine benefit Barbecue was held in the county park at Robert Lee on May 31 by hospital personnel assisted by several volunteers. The effort netted \$763.00 for the defibrillator for use at West Coke County Hospital.

Bud Maxwell of Bronte and Dr. Terry Pulse each gave \$100.00 to the benefit fund along with a large crowd who paid generously for meal tickets. Upon hearing that the balance on the expensive equipment

was about \$500.00, Dr. Pulse then gave that amount to hospital representatives.

West Coke County Hospital director of nurses Marci Johnson announced a balance in the fund of \$183.00 over the price of the defibrillator and said it would be donated to the fetal monitor fund. She spoke in behalf of everyone as she expressed her gratitude to Coke County residents for recent support of hospital projects in an effort to improve and update the facility.

Students to attend seminar

The Texas Farm Bureau 23rd annual Citizenship Seminar for junior and senior high school students will be June 17-21 on the campus of Angelo State University in San Angelo.

Planning to attend from Coke-Sterling County are: Jann Tounget, daughter of Mr. & Mrs. Billy C. Tounget; Amanda Montez, daughter of Mrs. Christina Tapia-both of Bronte, and Katherine Kidd, daughter of Mr. & Mrs. John Williams of Sterling City.

They were chosen to represent Coke-Sterling County because of their leadership ability, scholastic achieve-

ment and character, said Billy Johnson Coke-Sterling County FB president.

The seminar, which runs for three full days, is designed to give these selected high school students a better understanding of the various forms of government and their responsibilities as citizens. Comparisons of the different kinds of economic systems are outlined in lectures, history and economics.

Students attending the citizenship seminar will be eligible to enter the TFB Young Speakers for Free Enterprise contest.

Community Chest depleted

An appeal for financial help is made to the residents of Bronte and the east Coke County area served by the Bronte Community Chest.

Chest funds have been depleted and the organization is in serious need of help in order to carry on assistance to both local and transient people that are in

financial trouble.

Several Bronte churches and citizens have already generously donated and this has helped to keep us a float temporarily, but a lot more help is needed. Please send your donations in care of Mike Mecke, Secretary-Treasurer, P.O. Box 101, Bronte.

Tips for mildew

You may have to live with the summer heat and humidity, but you don't have to live with the unsightly mildew growth it produces on the exterior of your house, says housing specialist Dr. Peggy Owens. She suggests a cleaning solution of one quart liquid chlorine bleach, one-third cup of powdered laundry detergent and three quarts of warm water. Use the solution with a fairly soft brush to scrub affected areas and then rinse well with clean water. Because this cleaning solution is strong, the Texas A&M University Agricultural Extension Service specialist advises wearing rubber gloves and protective clothing to avoid contact with the skin. Shrubs and grass near the wall should also be covered with plastic sheets.

Low-income households may be eligible for funds

Austin-Some low-income Texas households may be eligible for help in paying their cooling bills this summer through the Home Energy Assistance Program, according to Texas Department of Human Resources Commissioner Marlin Johnston.

Commissioner Johnston said the one-time payment is available to many low-income households which this month received food stamps, Aid to Families with Dependent Children, Supplemental Security Income, or needs-tested Veterans Administration benefits.

Potentially eligible veterans are those who receive payments under Section 415, 521, 541, or 542 of Title 38 of the U.S. Code or under Section 306 of the Veterans and Survivors Pension Improvement Act of 1978.

Eligibility is limited by gross income. For instance, aid is available for a one-person household having less than a \$371.49 gross income

per month. The gross income limit is \$608.49 for a two-person household, \$835.49 for a three-person household, \$1030.49 for four persons, \$1,216.49 for five, and \$1,422.49 for six.

Eligible households must be subject to electricity cost increases-because of higher bills or rent due to rising electricity costs.

Households in privately owned or rented housing are eligible if the cost of electricity is included in the rent payment or if the household pays a portion of its electricity costs.

Energy assistance checks are sent directly to the people who are eligible for assistance. However, the checks are made payable to the electricity company for the benefit of the eligible person.

Households receiving one of these energy assistance checks should mail it or take it in person to the electricity company business office

with the regular utility bill. The check can be cashed only by the electricity company. If the HEAP check is more than the electricity bill, the additional amount will be credited to the person's account for the next month's bill. If the electricity bill is higher than the check, the person is responsible for paying the difference.

Johnston said application forms are mailed automatically to households receiving food stamps, AFDC, and SSI. Households receiving needs-tested veterans benefits must request an applica-

tion from DHR in June.

Those who have not received an application and think their household may be eligible should contact a local DHR office.

Mr. & Mrs. Randal Drue Davis

Taylor, Davis marry

Vonie Nadine Taylor and Randal Drue Davis were united in marriage in a double ring ceremony held Saturday, May 18th at 3:30 p.m. in the Central Christian Church, Weatherford, Texas with the pastor Dr. Claude Stinson officiating.

The bride is the daughter of Mrs. Rheba Taylor of Springtown, Texas and Dean Taylor of Azle, Texas, and granddaughter of Mrs. Pearl Ditmore of Robert Lee and Mrs. Ray Taylor of Ft. Worth.

Parents of the groom are Mr. & Mrs. Kenneth Davis of Springtown.

The bride, given in marriage by her brother Charles, wore a tea length gown designed and made by her mother. The gown, fashioned of silk taffeta and Chantilly lace featured an open neck fitted bodice sprinkled with seed pearls and sequins with elbow length lace sleeves and a double circle skirt. The bridal veil was fashioned of shoulder length bridal illusion and attached to a halo of white silk carnations and roses sprinkled with seed pearls.

The bridal bouquet was a white catalya orchid and long white streamers attached to her bible.

In keeping with tradition, the bride wore her gown and gold nugget bracelet as something new, her grandmother's gold wedding band as something old and borrowed, and her garter, made by herself, as something blue.

Serving the bride as Matron of Honor was Mrs. Annette Robertsol of Sagi-

naw, Texas. Mrs. Robertson wore a tea length dress of mauve taffeta and carried a silk bouquet fashioned of roses and greenery to match.

The groom was attired in a gray formal tuxedo accented with a gray and white pleated shirt and white rose boutonniere.

Ken Davis, brother of the groom served as Best Man.

Attending the register for the family and close friends were Valerie Baker and David Bell.

Immediately following the ceremony, a reception dinner was held at the home of the groom's parents in Springtown. One hundred and thirty guests attended the gala reception.

The three-tiered bride's cake, baked and decorated by the bride, featured mauve colored streamers and confectionary accents. The top was a pair of doves with wedding bells.

The groom's cake was chocolate topped with slivered almonds.

The bride is a graduate of Springtown High School and is employed by Texas American Bankshares Inc. Her husband is a student at North Texas State University. The couple will make their home in Springtown.
