## New lab provides latest technology

Coke County residents are scheduled to benefit from more of the latest advances in health care, according to Dr. Tharwat Hamamcy, and Dr. Terry Pulse, Coke County physicians.

The most recent technology available to residents is access to the new \$1.5 million mobile diagnostic scanner, which is designed to serve smaller hospitals, and will be headquartered at Big Spring, Texas, and available on an at-once basis to Coke County residents.

The purpose of the equipment on the mobile unit is to make computerized scans for all organs of the body. The scans are able to detect very small tumors or cysts in any organ or lymph nodes, and the unit also possesses the capability to detect aneurysms and any other abnormalities in the body.

According to Dr. Hamamcy (Dr. Ham), in a telephone interview on Tuesday,

"the mobile unit will offer Coke County residents the latest and most advanced technology available in the field of medicine, and the cost for the use of these facilities will be cheaper and much more convenient than sending the patient to San Angelo."

Three county residents have already had tests made, using the mobile facility, and more are scheduled for next week. One of the most desirable characteristics of the mobile scanning device, according to Dr. Ham, is that the results of these tests are available at once, and any recommendations for treatment, if needed, are expedited, due to the immediacy of the test results.

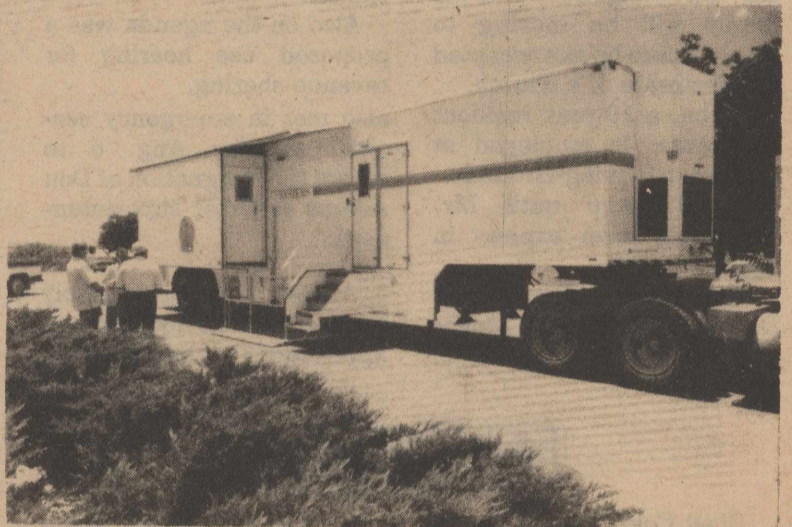

Concerning the cost of the mobile scanning service, Dr. Ham indicated that the use of these facilities would be much cheaper and more convenient than sending the patient to San Angelo for the

same tests. He also stated that the hospital would pay the company who operates the mobile scanner, and would in turn collect for the tests performed by the mobile unit from the patient, his insurance company, or Medicare.

### Health Nurse attends Pageant

Among those attending the 1985 final performance of the "Ole Coke County Musical Pageant" Saturday July 29, were Mr. and Mrs. Richard W. Nichols, Sr. of San Angelo and their grandson, Jerid Nichols. Jerid has been visiting his paternal grandparents and other relatives in the San Angelo area. He will return home to Florida later this month.

Mrs. Nichols spends a great deal of time in Coke County as public health nurse at Bronte School.

IN THE TOP photo, an overall view of the new mobile diagnostic scanner, which is available to county residents. Dr. Ham, in the bottom photo, operates some of the computer equipment which is part of the mobile unit. This mobile unit will offer county residents the latest technology in detecting very small tumors or cysts in all organs and lymph nodes of the body. Results of the tests are immediate, and the costs will be less than sending the patient to San Angelo.

## Court appoints election judges

The Coke County Commissioners Court met in regular session Monday, August 5 to conduct the county business.

Minutes of the last meeting were read and approved as the first item on the court agenda.

John Dorsett, personnel with Trappers Association,

met with commissioners and suggested that a full time trapper be employed. No action was taken.

Commissioners accepted the insurance policy presented by Glenn-Bivins Insurance Agency of Bronte covering the Senior Citizens building in Bronte.

Discussed the idea of sell-

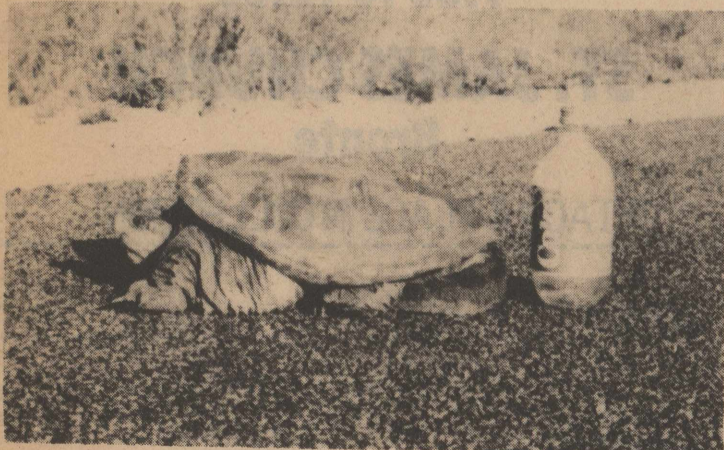

ing the old light fixtures removed from the county baseball fields.

Appointed county election judges and alternate judges. The following precinct and judges named are: Prec. 1: Patti Ivey, presiding judge and Louise Walker, alternate; Prec. 2: Royce Fancher, judge and Flora Smith, alternate; Prec. 3: Lois Dunklin, judge and Polly Large, alternate; Prec. 4: Lora Belle Brown, judge and Bill Hartman, alternate; Prec. 5: Willie B. Edmiaston, judge and Pearl Mae Andrews, alternate; Prec. 9: D.O. King, judge and Connie Millican, alternate.

Appointed to the absentee canvassing board for 1985-86 were Kenneth Lackey, Noel Perciful, James P. Arrott and Golda Smith.

The interlocal contract between the city of Bronte and the county was renewed for another year.

Bills were approved for payment. Commissioners worked on the budget and adjourned.

WHEN TOMMY LEE found this humongous turtle several weeks ago, crawling across the highway south of Robert Lee, we all took it as a sign of more rain. And, true to the old legend, the rains did come, and they were welcomed by all Coke County residents. With the sweltering 100 degree plus weather residents have experienced recently, we are urging Tommy to go out and find us another one.

## Superior rating announced

The Bronte Nursing Home recently received a superior rating, according to Administrator Pam Stokes. The certificate is awarded by the Texas Department of Health to nursing homes who have exhibited outstanding performance in the overall operation of the nursing home. Each Dept. in the nursing home is graded on a point system and a sufficient amount of points will earn a superior rating.

Ms. Stokes contributes the superior rating to a very knowledgeable and

caring staff, concerned Board of Directors and the support of the surrounding communities.

### Card of Thanks

Appreciation is such a difficult thing to voice because words are futile when we try to interpret the expressions of the heart.

No words of ours are adequate to express the emotions of thankfulness we feel from friends for the countless prayers, cards, visits, flowers, telephone calls and words of concern and encouragement you have sent our way the past weeks.

We are acutely aware of the truth penned in the line by the old English Bard

But in deede a friend is never known till a man have neede.

We shall always remember you and be grateful for your loving and caring friendship.

Gerald and Nancy Allen  
Bill and Bobbie Allen

## Extension Service Briefs

**SURIMI AT THE seafood counter--**The term "surimi" on the frozen fish food label may sound like an exotic additive, but it's not. Actually, surimi is the name given to a simulated shell fish. Surimi-based products are created from fresh fish with natural or artificial flavoring added, says a Texas A&M University Agricultural Extension Service nutrition specialist. "The fish

fillets are minced, washed, strained and mixed with sugar, sorbitol and salt to yield a concentrated fish paste," explains Mary K. Sweeten. "The surimi fish paste is then frozen, and later thawed and restructured into various products or ingredients." Food and Drug Administration rules require that surimi-based products which resemble other foods and are intended to be substitutes for them be labeled "imitation," Sweeten points out.

A lot of people still do not wear seat belts when driving a vehicle due to some common myths, notes a safety engineer with the Texas Agricultural Extension Service, The Texas A&M University System. These myths include the following: seat belts are unnecessary for short trips; seat belts trap people inside cars, and I'd rather be thrown clear; seat belts cause injuries; I don't need belts since I'm a careful driver; and I don't need seat belts; I can brace myself.

## Cancer Society reminder

Coke County American Cancer Society Chairman Dianne Simpson of Robert Lee reminds the public that in comparison to other cancer organizations, the ACS spends their donations for early diagnosis and treatment services, research, cancer education, and patient services to aid patients in coping. All of these are aimed at the ultimate goal of eliminating cancer, which has been the ACS's aim since their beginning in 1913.

Some concern has been shown recently in the manner the public is solicited for cancer donations and what organization will help the most. The American Cancer Society is supported by area

groups as one of the wisest agencies. Now, as the U.S. government is cutting down on medical research, it is more important than ever to keep the American Cancer Society in mind when giving a donation or memorial. Give wisely in the cancer fight.

An estimated 1,260 people a day--about one every 70 seconds, an annual total of 460,000--will die of cancer in 1985. According to the American Cancer Society, an additional 895,000 new cases will be detected this year, as well.

For donations or memorials, contact Dianne Simpson, 453-2910, Robert Lee, or Joann Runnion, 453-2438, Robert Lee.

## Texas Theatre is filmed

The Texas Theatre contin-  
 ues to put Bronte on the map  
 as a television crew out of  
 Dallas was in town shooting  
 footage of the building last  
 week. A check with owners,  
 Mr. and Mrs. Luis Charles,  
 revealed the company was  
 here to shoot scenes of the  
 theater to be used in a  
 feature story about a Japan-  
 ese commercial made here a  
 couple of years ago. This

film is for the Houston area,  
 but further details are not  
 presently known.

The theater is no longer in  
 operation, but continues to  
 attract interest in the film  
 industry as a result of the  
 filming of the commercial  
 here. A photograph of the  
 theater also appeared on the  
 cover of the Texas State Film  
 Commission magazine.

## SOIL CONSERVATION DISTRICT NEWS

The board of directors of the Coke County Soil and Water Conservation district met recently to take care of district business. One conservation plan has been developed since the last board meeting. This makes a total of 19 conservation plans that have been developed since last October 1st. Funding for one more Long Term Agreement has been approved. It will be administered through the ASC office. Technical assistance in planning and application will be furnished by the SCS. Barney Jefferson discussed results of the last legislative session, results of the last West Texas Association meeting, and other items of interest to conservation districts. The board made a request for additional matching funds, which will help with the operation of the district. If conditions are favorable, the

district will sponsor a field tour to view results of prickly pear control with picloram. About 3000 acres have been treated in Coke County with picloram in the mixture this year. If there are any favorable results from the spraying, a tour will probably be held sometime in October or November.

Those attending the meeting were: Joe Rawlings, Royce Fancher, Wilbern Millican, Paul Burns, Eph Cummins, and Barney Jefferson.

Gerald Sandusky recently completed a pond on his place north-west of Bronte. It was constructed to provide livestock water and to assist in the control of erosion. It contains about 3300 cubic yards. There is a spring in the bottom of it and there is about four feet of water in the pond now.

## Boy Scouts plan 'Fun Shoot'

The Concho Valley Council Boy Scouts of America has planned a "Fun Shoot" program for anyone who likes to shoot a shotgun at clay targets and for those who are not expert shots.

The "Fun Shoot" will be held (Saturday) August 24 at the San Angelo Skeeet and Trap Club, 3.1 miles West past "Liquor City" on the Arden Road.

The \$100.00 cost will be tax deductible to the participant and will benefit the camping and outdoor programs of the Boy Scout in West Texas.

Also there will be a "handicapping system" set up to provide an equal "shot" at the beautiful prizes to be awarded; among the prizes will be given away 3 BERETTA Vent-Rib shotguns.

The fun starts at 10:00 with practice rounds followed by a catered lunch with competition starting at 1:00 p.m., all topped off with a barbecue dinner and awards at 7:00 p.m.

So come out Saturday

August 24 for a fun time with other games and prizes to benefit the Concho Valley Boy Scouts of America.

## Historical exhibition set for Fort

Browse through 115 years of a changing San Angelo! A special exhibition of historical photographs and artifacts has been collected in a nostalgic celebration of times past. Members present included: Dale Wojtek, Sam Williams, Gene Hinnard, Dorothea Helen Wright, Pat Brasuel, Dr. Pulse, Dr. Hamamcy, Fred Beaty and Lou Wright. Guests present included Judy Williams and Mike Fluhmann. It was reported that the ambulance made eight runs in July. Memorials for July 1985 included one in memory of Bert Blaylock by Roy Martin, Jr. and M.L. Varnadore. Our thanks to them for remembering the EMS. It was reported that Lou Wright

had been in attendance at the Texas Association of EMT's Executive Council session in Austin on August 3rd. She serves that organization as its secretary. Many important items are under consideration at the state level including a requirement that all advanced EMS courses be held under the umbrella of a four-year college or university. There is also a proposed ruling that all EMS instructors will have to be certified as vocational instructors by the Texas Education Agency. Both of these items would pose a hardship for rural EMS volunteers.

## Paisano tradition carries on

[by Zada Denman]

In the mountains between Alpine and Marfa, Camp Paisano had its initial beginning. It was in 1915 that a group of seven ranchers and a Circuit preacher met to begin what is now known as Paisano Baptist Camp and campers have met 65 consecutive years.

In the midst of the camp there is a large Tabernacle that seats 2,000-Surrounding in the distance are cabins, dormitories, two trailer parks, teaching sheds, cooking and eating sheds in which all are in keeping with the rustic look as from the beginning.

Meals are served 3 times a day at no charge as all the camp is operated on a love offering basis, except for lodging.

We were most happy to be a part of the camp this year, July 22-28, as we went on an

early Thursday morning to arrive at noon-enabling us to enjoy the evening meal, great preaching and singing that night, as throughout the remaining week.

It was good to have Crowley and Nola Harmon to go with us as it was their first time.

Each year is always the best as former acquaintances are renewed and new ones made. For 24 years Marguerite Gailey, formerly from Bronte and now with Baptist Memorial in San Angelo, has served as Camp nurse.

It was great to see families attending-with day camp for children, Bible study for all ages and recreation, then all coming together at the Tabernacle morning and evening for evangelistic services.

We found their camp slogan to be true-"when you once come-you come again."

## Pearson, Blair win tourney

Lisa Pearson and Bill Blair captured first place in the Thursday, August 1, Afternoon Delight. They were followed by second place finishers Jake Jacoby and Toby Black. Ronnie Baker and Jackie Walker took the third slot.

Ivey Motor Company of Robert Lee will sponsor a 3-Club Tournament on Sunday, Aug. 11, with a 1:00 tee time. Entry fees have been set at \$20.00. Cash prizes will be awarded in 3 flights. This promises to be a fun tourney with the 3-club rule pertaining to each golfer allowed 2 clubs of choice plus a putter.

"The Star Spangled Banner," when it was first published, bore the title "The Defense of Fort Mchenry."
