Dove season opening slated September 1

Mourning Dove season opens Thursday, Sept. 1 in Coke County as a part of the Central Zone hunting season. The shooting period continues through Oct. 30, 1988 and will open for a short winter season Jan. 7 - Jan. 16, 1989. Shooting hours for the migratory birds are one-half hour before sunrise to sunset, with the daily bag limit set at 12.

Current hunting licenses expire on August 31, 1988. Resident hunters under 17 or 65 or older, and qualified disabled vets must have a special hunting license at \$6.00. All other hunters must have a resident license at \$10 or a hunting/fishing combo at \$15 to hunt any game animal or game bird in Texas. Hunters 17 and over must have valid identification on their person while hunting. Shotguns no larger than 10 gauge are lawful weapons for doves and they must be plugged back to hold no more than 3 shells.

One little-known factor emerged in the 1987 season to cause grief (and fines) for a number of Texas shotgunners. Baiting, defined as the placing of feed to lure

doves, and the hunting over baited areas is against game laws. Crops or feed available in normal agricultural activities are not considered baited areas.

To be on the safe side, hunters should acquire the free 1988-89 migratory game bird supplement available now at Texas Parks and Wildlife offices or retail stores where hunting supplies are sold.

Locally, prospects look good for mourning doves despite, hot, dry weather. As opposed to quail, doves can travel good distances for feed and water. Milo crops are coming off now; good stands of sunflowers and other weeds are plentiful. As always in Texas, waterholes will be a factor for dove hunting. Although Coke County has had little rain this summer, it is supposed to rain during the opening week of mourning dove season to drive the birds to Uvalde, Del Rio, etc.

Dove hunters will need their new license, shotgun shells, shotgun, a good shade tree, and maybe even a box or stool would be nice.

CRCC chairmen named

Ed Cumbie, Joe Rawlings and Clifton Reed, all of Bronte, and Daryl Copeland of Robert Lee have been appointed area chairmen for the Cattlemen's Round-Up for Crippled Children, according to James Alexander, CRCC general chairman.

These Coke County supporters are among 230 statewide chairmen assisting the CRCC fundraiser which benefits West Texas Rehabilitation Center in Abilene and San Angelo.

Aubrey Stokes of San Angelo is co-chairman for this 29th annual event which is anticipated to raise \$275,000 this fall. Midwest Feedyards in San Angelo will serve as a regional collection point.

"The agricultural community has always practiced the philosophy of neighbor-helping-neighbor, and the Cattlemen's Round-Up is an excellent example of that belief," says Shelley V. Smith, WTRC president/executive director.

Sales of livestock are converted to dollars and the

amount helps provide out-patient care for the more than 11,000 handicapped children and adults who will be treated this year at the Rehab Center.

Trained, licensed professionals provide physical therapy, occupational therapy, speech/language therapy, audiology, orthotics, education, diagnostic clinics, social services and work evaluations. Patients are admitted by referral, and are treated without charge except for braces and hearing aids.

Scheduled 1988 CRCC sale dates include Haskell Sale - Sept. 24; Cattle Sale - Sept. 26 at Abilene Auction; Horse Sale - Oct. 1, Abilene Auction; Coleman Sale - Oct. 5; Stephenville Sale - Oct. 5; Junction Sheep and Goat Sale - Oct. 10; San Saba Sale - Oct. 13 and Brownwood Sale - Oct. 26.

Early workouts continue

The Robert Lee Steers have fared well in the heat during pre-season practice, Athletic Director Edward Poehls related. In a departure from traditional two-a-day workouts, he ordered early practices continuing straight through till noon and the squad did not come back at all in the 100 degree plus afternoons. He said the boys have been able to keep up a high level of energy, concentration and hustle.

Coach Poehls lauded his 26 member squad for their enthusiasm and desire, saying the boys are generally small

and inexperienced. The team has also been beset by several cases of sickness for two weeks, mostly sore throats and stomach problems.

Working with Poehls will be Lane Jackson calling the defensive signals, Bobby Bolding with the split ends, Max Anthony the offensive line, and Debbie Smith on the stats.

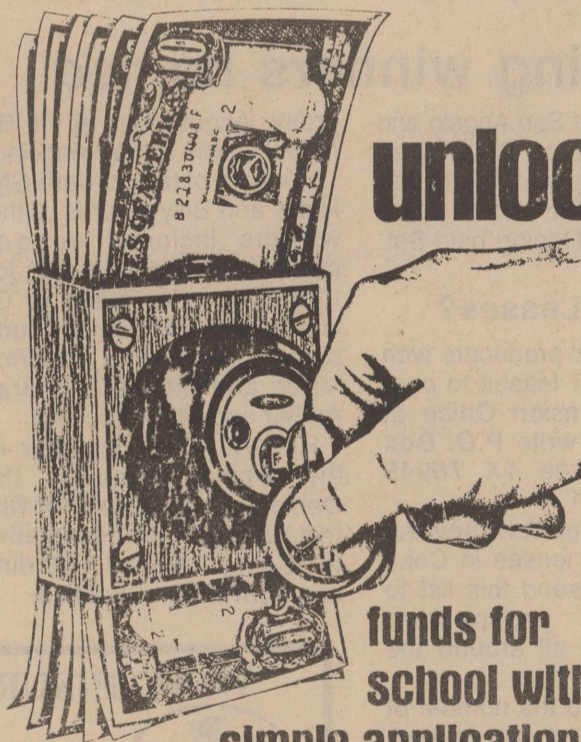

The Steers won't have long before tasting some action. They will scrimmage Roby Thursday evening here at 6 p.m. The opener of the season will be at home against Miles at 8 p.m. on Friday, Sept. 2.

Christian Concert slated

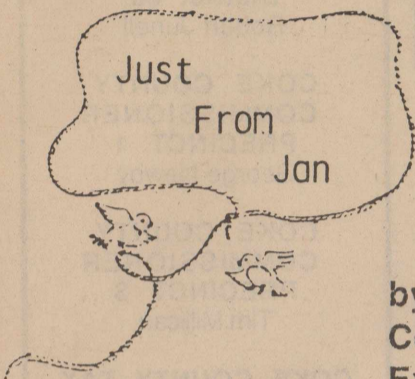

The Methodist Youth will sponsor a Christian Concert, Sunday, August 28, at 3:00 p.m. in the Bronte Community Center.

Coach Tuttle and the Fellowship of Christian Athletes will have the concessions and Mills Caraway, First Baptist Youth Director, will be the master of ceremonies. This will be a Free Concert and all the area youth are invited.

David McReynolds of Midland, who has just recorded his first album, "Hand On Experiences" will be the guest singer. He is a 1981 graduate of Stanton High School. While

in high school, he was an outstanding athlete and musician, a member of Fellowship of Christians and band. He furthered his education at Howard County Jr. College on a basketball scholarship. David is married and has one daughter.

Also appearing with David will be his sister, Kimberly of Lubbock. She graduated from SHS in 1986 and was an outstanding athlete and musician, FCA member and Miss Martin County 1986. Presently, she is a junior majoring in music at Texas Tech University.

SHOPPING STRATEGIES CUT-BACK-TO SCHOOL CLOTHING COSTS

The mythical average American family spent an estimated \$353.00 for clothing and shoes for each child ages 6-11 in 1987, according to U.S. Department of Agriculture figures.

Yet depending on where they shop and what they buy, families can easily exceed that figure just buying school clothes.

A complete school wardrobe was priced for a 10-year-old boy and another for a girl of the same age. Each wardrobe included enough underwear and socks, shoes, jeans, shirts and tops for a week at school; one casual and one dressy outfit; and a lightweight jacket.

When purchased at the discount store, the girls' wardrobe cost \$249.00 compared to \$576.00 for similar items at the department store. The boys' wardrobe cost \$182.00 at a discount store and \$559.00 at the department store.

Most children don't need a complete wardrobe at once, so costs are spread over several months. Beginning the school year in summer shorts and making use of hand-me-downs from older siblings also reduced clothing needs.

Whatever the size of your clothing budget, it is good strategy to spend the most money to buy quality in those clothes that will be worn most often, receive the hardest wear and be laundered frequently.

Then shop for these items during the children's clothing sales, generally held in August and October.

For staple items such as underwear, socks and t-shirts, discount stores may have real bargains, especially if you buy in quantity.

Discount and outlet stores carry a variety of less-expensive clothing, but it may also be less durable. That may not matter if you expect the child

to grow out of the item quickly or it is a garment with a limited use, such as a dressy dress.

Check the catalog sales at the department stores that have mail-order services. Sometimes the catalog sale price will be less expensive than the in-store price for the same or very similar item.

If your child is growing rapidly, buy sizes as large as possible without being ill-fitting. Clothes with adjustable straps and waistbands, raglan sleeves, stretchy fabrics, deep hems, dropped waistlines and two piece outfits provide more room for growth.

You may be better off waiting to buy clothes as your growing child needs them. This can also give your youngster time to see what the other kids are wearing and feel happier about his or her choices in school clothes.

BRONTE SCHOOL NEWS

Horns scrimmage tough Water Valley

The Bronte Longhorns scrimmaged a tough Water Valley team last Friday. Bronte

has only 4 starters from last year on offense and 4 on defense. A new defense is being implemented and the combination added up to a tough night for Bronte. Water Valley who had 8 starters returning, as well as 11 seniors, scored 7 times to Bronte's 0.

Coach Gene Tuttle found some good points, in that the

new players learned a good deal about the defense and they matched up well physically. Bronte suited up only 18 players.

Garden City comes to Bronte this Friday for a 6:00 p.m. scrimmage and it also promises to be a tough contest.

Ice Cream Supper set for Thursday

The annual "get acquainted" Ice Cream Supper in the Bronte County Park is set for Thursday evening, August 25th at 8:00 p.m. The event is sponsored by the Longhorn Band Boosters and the Longhorn All-Sports Boosters.

The event highlights the coming year's band program and the beginning football and volleyball season. Booster Club members will provide the cake and ice cream.

Everyone is invited to attend.

Tips on allergy treatment kits

If an individual is allergic to stinging insect venom, a physician has probably prescribed a treatment kit to use in an emergency. To get best use from the kit, the following advice is recommended:

- Store the kit in a cool, dark place.

- Be sure to check the expiration date on the label before using the kit.

- Keep several kits in various places. For instance, keep one in a knapsack when hiking, one in the car, one at work or one in a school locker in addition to the kit kept at home.

A fully loaded supertanker travelling at its normal speed of 16 knots needs at least twenty minutes to stop.

Drug program attended

A group of young people traveled to Abilene on August 9, to participate in a training program on "Celebrate! Life Drug Free", held on the campus of Abilene Christian University.

This was a training on Positive Prevention Programs which stressed personal growth and decision making, drug education and information, positive programs and fun drug free activities. The message was clear to the teens that they can be "Proud to be Drug Free!"

The purpose of the state funded seminars is to help

schools, communities and families start drug prevention organization in their hometowns. With the whole community involved in the "Just Say No!" to drugs clubs, they can be their own support groups with their own unique plan of action for a growing community.

Attending the drug program were: Jami Morrow, Misty Mackey, Brent Taylor, Jay Parker and sponsor, Jerita Taylor.

Community businesses furnished the funds for the students to attend the program.

Morris has OES program

Worthy Matron Mary Belle Hilliard and Harley Hilliard, worthy patron of Bronte Chapter #1048 Order of the Eastern Star, presided for the Rob Morris program at the

August meeting.

Following the meeting a social hour was hosted by Drexel and Charles Ragsdale and Willie B. Edmiaston.

Tim Turner leads LS & Meat Board

Tim Turner, of Water Valley, was one of 119 agricultural leaders from around the country who were here this week guiding the future of the National Live Stock and Meat Board.

During its annual meeting here, the Meat Board celebrated its 66th year of building dollar demand for red meat -- beef, pork, lamb, veal and processed meats -- through industry checkoff. Turner and other directors reviewed existing programs and approved new ones. Turner is a pork director representing Texas.

The meeting this year was also the 25th anniversary of the species divisions of the Meat Board.

The Way I See It

by Johnny Sevier

Politicians and unions have a lot in common, not the least of which is greed. There is no way that they are ever satisfied with the money they get. If times are kind of on the downside, the politicians want more money to off-set the lower revenues, which wouldn't have been a problem if they hadn't spent more money than they took in. The unions cry because they are losing jobs because of cut-backs, primarily caused by demanding so much that employers can not survive an economic slowdown. By the same token, when times are fairly well, they both have the same attitude. The government feels like we won't holler so much about another tax hike. The union, as soon as it appears that an employer is going to make a decent profit, wants the lion's share of that and usually gets it.

Example:

The head of the teachers union in Texas has come up with the bright idea, that we should raise teachers salaries by about \$5000.00 per year.

Now a raise is one thing, being ridiculous is another. One of his reasons was that poor old Texas had the 26th lowest pay in the nation at \$25,000+ per an average. Seemed like we were bad off, but wait, the highest per average is \$27,000+. Guess where, California. I don't believe many would like to have the 27K and live in California. What he fails to point out is that cost of living in California is so much higher, that someone making 25K here in Texas has more net dollars than his 27K counterpart.

Now, I am not by any means against good and competitive pay for our teachers and I believe we are doing just that and I also believe that the last thing the State of Texas needs is another hike in school taxes and state taxes to pay for it.

Somehow, sometime, someday, the government and the unions are going to have to learn to live within our means and not their dreams.

And that's the way I see it.

Panther visits fishermen

Charles, Bob and Joe Bob Ragsdale and another young fellow by the name of Lee Fosett all worked for the catch on a recent fishing trip to the Pecos River. They caught 5 yellow cat from 10 1/2 lbs. to 44 lbs. and had several fish fries on the river.

One night they had a little excitement when a panther came near the camp growling and then screamed. Charles

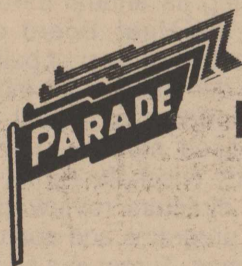

yelled and Bob jumped up and lit a lantern. They did not hear any more from the panther.

The group went through the wilds where no one had been since the Indians and they were not sure there were not still a few Indians around.

All the Ragsdales had a fine time and plan to go back next year.
