## Changes alter tonight's county grid match-up

Bronte and Robert Lee play this Friday night (tonight) in Bronte's Homecoming game. Several changes from past years have taken place. The game is no longer a district game due to last year's realignment of the districts by the U.I.L. Therefore, the game comes earlier in the season and perhaps won't have quite as much impact on either school's record as it might at the end of the season. The winner will be Coke County Champions 1988 and there has never been a lack of spirit for the game.

Bronte comes into the game at 1 and 1, while Robert Lee is 0-2 on the season.

Jim Rawlings has kept a record of the games from 1931 to the present. With help from Ronnie Baker of Robert Lee, he provides these scores and facts. There have been 4 ties. The most points scored was in 1945 when Robert Lee won 54-0 and in 1986 when Bronte won 54-27. The lowest total was in 1977 with a score of 0-0.

Here is how the teams scored in their games (sometimes meeting twice a season) over the past 57 years, according to Jim's research:

1931 - RL 26, Bronte 0; 1932 - RL won, scores Not Available; 1933 - RL victory, scores NA; 1934 - RL won 2 games, scores NA; 1935 - Bronte won 2, scores NA; 1936 - RL won both games, scores NA; 1937 - Bronte won both, scores N.A.; 1938 - Bronte 2 wins, scores NA; 1939 - Bronte 6, RL 6 and Bronte 8, RL 0.

In 1940, Bronte won both games, the first score being 12-0 and second game score NA; 1941 - Bronte won both; 1942 & 43, the schools did not play during those two years of World War II; 1944 - Bronte 6, RL 6 and RL 12, Bronte 7; 1945 - RL 29, Bronte 0 and RL 54, Bronte 0; 1946 - RL 13, Bronte 7 and RL 13, Bronte 0; 1947 - Bronte 25, RL 0 and Bronte 32, RL 0; 1948 - RL 14, Bronte 0 and RL 13, Bronte 12; 1949 - Bronte 14, RL 12 and Bronte, 7 RL 0.

In the fifties, the teams mixed up their wins with Bronte recording 10 wins to Robert Lee's 6 within that pe-

riod. Scores were: 1950 - RL 33, Bronte 0 and RL 25, B 12; 1951 - RL 29, Bronte 19, and Bronte 12, RL 7; 1952 - RL 8, Bronte 7 and RL 7, Bronte 7; 1953 - B 28, RL 6 and B 39, RL 6; 1954 - B 34, RL 25 and B 29, RL 25; 1955 - Bronte 38, RL 6; 1956 - Bronte 13, RL 0; 1957 - RL 25, Bronte 7; 1958 - B 31, RL 8; 1959 - B 23, RL 8 and B 38, RL 0.

Bronte won 6 of the 1960's games and RL took 4. In 1960 it was Bronte 32, RL 8; 1961 - Bronte 25, RL 8; 1962 - RL 24, Bronte 6; 1963 - RL 28, Bronte 0; 1964 - RL 34, Bronte 14; 1965 - Bronte 20, RL 15; 1966 - Bronte 31, RL 6; 1967 - B 28, RL 12; 1968 - RL 30, B 15; 1969 - B 12, RL 0.

In 1970 - RL over Bronte 32-0; 1971 - RL 28, Bronte 0; 1972 - RL 33, Bronte 15; 1973 - RL 19, Bronte 0; 1974 - Bronte 41, RL 0; 1975 - Bronte 20, RL 0; 1976 - RL 28, Bronte 0; 1977 - Bronte 0, RL 0; 1978 - RL 21, Bronte 14; 1979 - RL 7, Bronte 3.

The 1980 years are tied up with 4 wins each. Scores look like this: 1980 - Bronte 25, RL 0; 1981 - Bronte 6, RL 0; 1982 - RL 28, Bronte 0; 1983 - Bronte 16, RL 13; 1984 - RL 21, Bronte 6; 1985 - RL 35, Bronte 26; 1986 - Bronte 54, RL 27; 1987 - RL 14 - Bronte 7.

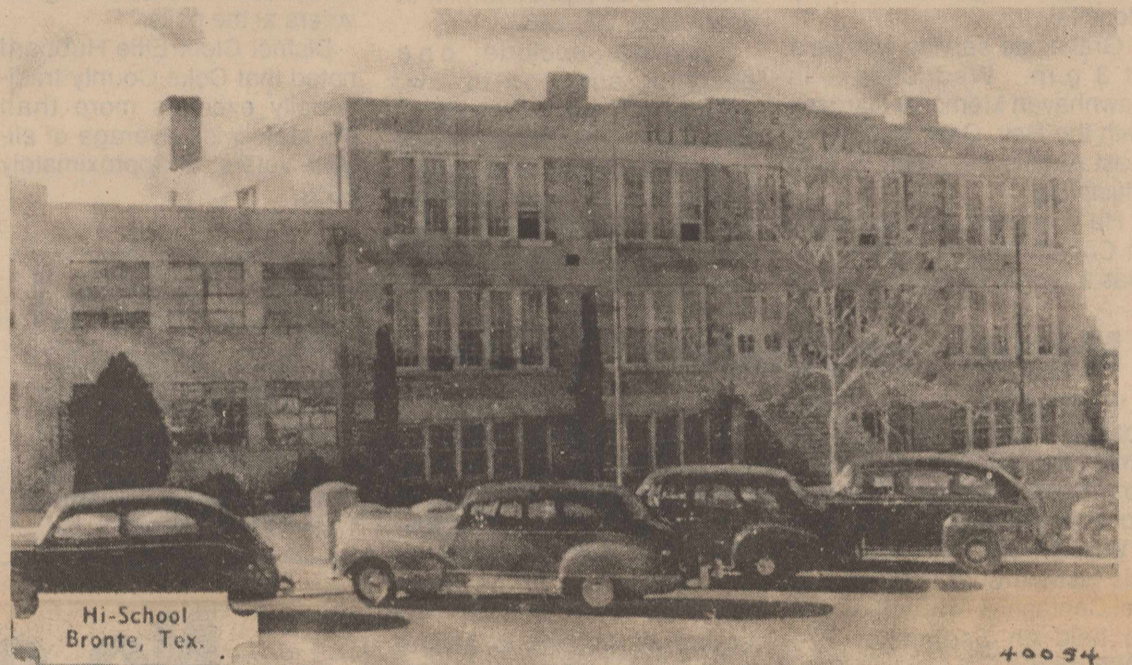

Regardless of the outcomes, the Longhorns and Steers have always provided lots of exciting football for all of their fans. Thanks to Jim Rawlings for this look at past Coke County Football.

### Sweetwater girl fatally injured in auto accident

Eighteen-year-old Wendy Marie Davis, an Angelo State University student from Sweetwater, was pronounced dead early Sunday morning by Bronte Peace Justice France Kemp following a 5 a.m. car crash 7 miles south of Bronte on Hwy. 277. Miss Davis, driving a late-model vehicle, veered to the right, crossed the highway and struck a concrete culvert, and was thrown from the car, said investigating DPS trooper Roy Blair of Robert Lee. Her passenger, Christine Marie Menifee, 18, and also a San Angelo college student, is in St. John's Hospital with a broken collar bone, cuts, and abrasions.

Funeral services for Miss Davis were held on Tuesday in Sweetwater. Local arrangements were handled by Shaffer Funeral Home of Bronte.

weekend. Homecoming will begin Friday with the football game against Robert Lee. Saturday will be a day filled with activities for ex-students and guests.

A parade will be held at 11:00 a.m. featuring vehicles from the different eras of the school's history. Decade re-

unions will be Saturday afternoon, as well as an Open House by the school board to show visitors the new construction which has taken place over the last few years.

A barbecue meal in the evening, and a special version of the "Trivia" game will be held highlighting the day.

## Upcoming

### Free Landfill

During the week of September 26 through October 1 the City of Bronte will offer free landfill usage for residents. There will be no special trash collection as in the spring clean-up but any resident who wishes to haul trash to the landfill may do so free of the usual landfill charges.

**Voters advised to register**

Secretary of State Jack Rains, whose office governs Texas elections, advised voters to register before Sunday, October 9, to be eligible to vote in the November 8 election. Rains said during a recent voter-registration drive, "This election is of the utmost importance; we are going to the polls to elect the next leader of the free world." Also on the statewide ballot will be candidates for U.S. senator, all 27 U.S House seats, all 150 Texas House seats, six members of the Texas Supreme Court, two Texas Railroad Commission members and numerous local officials. Three proposed constitutional amendments will appear on the Texas ballot, too.

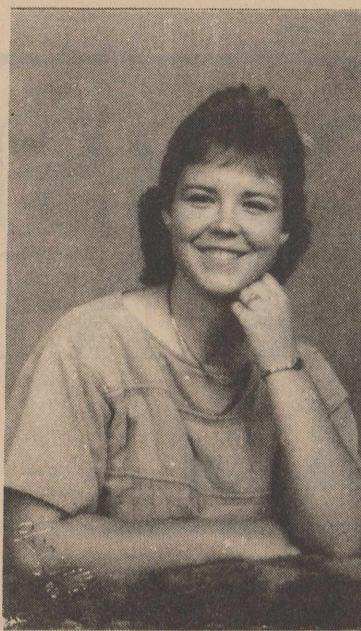

Rains hopes to encourage registered voters to get involved in promoting registration for friends, relatives, and fellow workers. Texas now fields about 60% of eligible voters at the polls.

District Clerk Ettie Hubbard noted that Coke County traditionally exceeds more than the state-wide average of eligible voters, at approximately 65%.

In 1862, to cure the problem of babies crying during performances, a Salt Lake City theater charged 35 cents admission for adults and \$10 for infants.

**Taylor earns HE degree**

Penni Taylor

Penni Taylor, 21, of Bronte graduated from Tarleton State University August 20, 1988 with a Bachelor of Science Degree in Vocational Home Economics.

Miss Taylor graduated from Bronte High School in May

1985. She enrolled at Tarleton State University the following fall. She was active in many clubs and organizations including the Baptist Student Union, Tarleton Center Advisory Board, Rho Iota Delta, Vocational Home Economics Teacher's Association of Texas - Student Section, Texas Home Economics Association, and American Home Economics Association. She served as a Home Economics Representative and secretary to the Vice President of Finance in the TSU Student Government. She was a Peer Advisor for Freshman Orientation.

Penni was named Who's Who Among American Colleges and Universities by the TSU faculty and staff. She was named to the Distinguished Student's List each semester. She also held a job as a Student Assistant to the Director of Financial Aid of TSU.

Penni is the daughter of Mr. and Mrs. Ben Taylor, Jr. of Bronte.

**Millican visitors noted**

## Horn v'ball underway

Bronte Lady Longhorns' volleyball season is well underway with some encouraging play, indicated Coach Connie Bryan.

The varsity team won Consolation last Saturday at Abilene's Key City Tournament. They were beaten by Cooper High 6-15 and 10-15, but came back to win 2 good series by trouncing Aspermont 15-6 and 15-3, then with a victory over Water Valley 15-13 and 15-8. Melissa Arrott was named to the All-Tournament Team.

In scheduled matches in Colorado City Tuesday night, the varsity squad beat the locals 15-8 and 15-8. Melissa Arrott had an outstanding night with 7 kills, 3 blocks, and 2 aces. The team's record stands at 4-9 but Coach Bryan noted that they have had no losses to schools under 4A classifications.

Bronte's Lady Horns freshmen lost their 3-game series

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

## CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 8, 1988

### PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

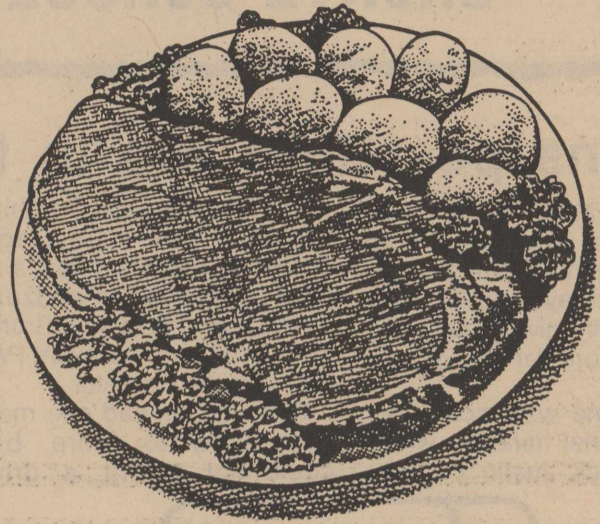

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

## Horns post first win in final minutes

by Mike White

Bronte's Longhorns won their first game of the '88 season last Friday night 6-0 over Sterling City giving them a 1 and 1 record for the young season.

The game was scoreless until the final minutes when Quarterback Justin Phillips,

under heavy pass rushing pressure from three Eagle defensive players, threw a 34 yard bomb into the endzone to #28 Adam Minjarez. Bronte tried a run for the 2 point PAT but was unsuccessful.

Sterling City had one more opportunity to score, but could not mount a drive

against the tough Longhorn defense.

Defensively, Bronte controlled the game and they moved the ball well offensively with the exception of a few plays which lost huge yardage. Those losses kept the stats unimpressive for the offense.

Justin Phillips had a good night passing and Shannon Hoffman added good yardage rushing.

The leading rusher was Tim Davis, who came into the game in the second half and provided the spark the Longhorns needed.

Tim Sims led the defense at the line while Adam Minjarez led the defensive backs.

This week's opponent in Bronte's Homecoming game is County Rival Robert Lee. It will be the 100th Anniversary of the Bronte School and the players should be fired up.

Come out and back the Longhorns!!

### Michael Dukakis is ready to declare South Africa a Terrorist Country.

Here are some reasons why that would be wrong:

Russia has a much worse record than South Africa. Look at the terrible atrocities and suffering recently in Afghanistan at the hands of the Soviets.

We have been depending upon South Africa for many essential materials for national defense. The Soviets and the Soviet bloc countries are the other source for defense raw materials.

Take chrome ore. It is essential to the manufacture of stainless steel and superalloys. It is crucial to the aerospace, chemical defense, power generation, and transportation industries.

The purchase of industrial grade diamonds from the Soviet Union has increased about a 65.5 fold monthly average since Congress slapped sanctions on our friends in South Africa.

Antimony is a mineral which is essential in the manufacture of bullets, computers, radar, and sonar -- and of which the United States has inadequate domestic sources.

Ninety-eight and eight tenths percent of all world reserves of platinum are located in South Africa or Russia.

South Africa holds 68.7 percent of the world's reserve of manganese and the Soviet Union holds 20.2 percent.

Rhodium is essential for use in catalytic converters, particularly in the United States and Europe. South African reserves of rhodium may soon dry up unless sanctions against South Africa are lifted so that United States investments will be allowed there.

Since Congress voted sanctions against South Africa, chrome ore imports from the Soviets have increased about eight-fold. Likewise, U.S. dependency on Russia for the other strategic materials has increased alarmingly.

Interior Secretary Donald Hodel has taken a leading role in calling attention to the problems the sanctions legislation has created.

"If you ask somebody should we buy a major component of a weapons system from the Soviet Union," noted Hodel, "they would say, 'Of course not, that's crazy!' Then should we buy the raw material that is necessary to make the weapons system from the Soviet Union? Of course not. Because of the sanctions against South Africa, we are increasingly dependent on the Soviet and Soviet-bloc countries for raw materials that are essential to the defense establishment, at the very least."

Do we want to trust good old Gorbachev to sell us materials to build defense weapons against him?

It is Mikhail Gorbachev who is quoted as saying on November 2, 1987, quote:

"In October 1917 we parted with the Old World, rejecting it once and for all. We are moving toward a new world of communism. We shall never turn off that road."

Gorbachev seems to agree with Vladimir Lenin: "First we will take Eastern Europe, then the masses of Asia, then we will slowly encircle the last bastion of capitalism (America) and it shall fall like an over-ripe fruit."

## Hale honored at Tennyson

Jansen Hale was the honoree of a gala celebration at his Tennyson home following Bronte High's May 27 graduation exercises. Uncle Jeff set up a video camera before the first guests arrived and the evening was captured to build lifetime memories.

Presiding at the cake-punch and gift table was a stuffed clown wearing a tag denoting "Wittiest Boy", since the graduate was bestowed with this accolade at school.

Relatives and friends from

Tennyson, Bronte, San Angelo, and Buchanan Dam joined the festivities of this notable occasion. His paternal grandparents, four uncles, three aunts and six cousins from Carlsbad were unable to be present, because his cousin's graduation from Wa-

ter Valley was the same evening.

Jansen is now attending school at ASU on a Carr Scholarship. His possible future plans include becoming an optometrist but trying to be on Dean Horn's list takes priority now.

## Club holds first meeting

The Bronte Diversity Club had their first meeting of the club year Thursday, Sept. 8 at 2 p.m. in the home of Edith Hipp. Co-hostessing were Virginia Boatright and Margaret Martin of the yearbook committee. Mrs. Martin introduced the new club president, Helen Kirkland and she gave her welcoming address. Mrs. Rolls distributed the

yearbooks to members present. Club dues and programs were discussed.

Mildred Thomason won the floating prize.

The hostesses served refreshment plates to Ruth Hageman, Kirkland, Drexel Ragsdale, Louvenia Rees, Flora Smith, Ona Hughes and Thomason.

## Pennys attend reunion

R.D. and Doris Penny of Edith joined the Veterans' of World War II 8th Air Force 390th Bomb Group when they held their reunion in Nashville, Tennessee at the Opryland Hotel. Tours of the city, tours of the homes of the artists of the Grand Ole Opry, two nights at the Grand Ole Opry, breakfast on the General Jackson floating down the Cumberland River and tours of President Jackson's home were only part of the entertainment enjoyed. Over 875 people attended and they honored 75 P.O.W.s from the 390th Bomb Group.

The couple traveled on down to Florida where they saw lots of rain, toured the

state, and visited friends. It was so dry in Arkansas, Mississippi, Louisiana and East Texas, that it looked like West Texas, they said, but were glad to be back home where a person can see some distance.

Carol Elma Longoria and Heath Alan Gardner, both of Robert Lee, exchanged wedding vows Saturday, August 20, in Bethel Baptist Church, with the Rev. Alan Keith Williams officiating.

The bride is the daughter of Mr. and Mrs. Joe Longoria of Robert Lee. The bridegroom is the son of Johnny Gardner of Snyder and Ms. Marsha Doss of Euless, Texas.

Lisa Bower sang **You Are My Inspiration and Glory of Love** accompanied by Gayle Bolding.

Linda Wojtek of Robert Lee served as maid of honor and Mary Galvan of Robert Lee served as matron of honor. Bridesmaids were Shirley Spain, Lee Ann Molinar, Diane Palmer, Gayla Sanchez and Becky Padgett, all of Robert Lee. Melissa Longoria of Midland served as flower girl, escorted by Freddy Wojtek of Robert Lee. Samantha Doss of Euless, and Maranda Wojtek of Sterling City served as rice bag girls.

Bobby Joe Longoria and

Athina Clawson, both of Robert Lee served as ring bearers. Jeremy Longoria of Midland and Elizer Saucedo of Abilene served as train bearers. Ushers were Richard Jacobs of Robert Lee and Oscar Tavarez of Abilene. Candlelighters were Lisa Bower and Richard Jacobs of Robert Lee.

Curt Gardner, brother of the groom served as best man and groomsmen were Brian Hester, Lupe Torres, Micheal Wilson, Mike Sanchez, and Joe Torres, all of Robert Lee.

Mrs. Gardner is a 1985 graduate of Robert Lee High School and is employed by the West Coke County Nursing Home.

The bridegroom is also a 1985 graduate of RLHS and is attending Angelo State University, majoring in Medical Technology. He is employed by the C&W Convenience Store in Robert Lee.

Following a wedding trip to Montego Bay, Jamaica, the newlyweds will reside in Midland, Texas.

## Farm safety proclaimed

### FARM SAFETY WEEK IS SEPT. 18-24

In conjunction with National Farm Safety Week, Gov. William P. Clements Jr. has proclaimed the week of Sept. 18-24 as Texas Farm and Ranch Safety Week.

This year's theme, "Ensure Your Future with Farm Safety", stresses the hazards involved with agricultural production and the effort into preventing injury and illness on the farm, especially during times of economic stress.

Each year this event is observed to initiate and promote safety on Texas farms and ranches. About 100 Texas fatalities result from farm and ranch related accidents each year, and an estimated 10,000 disabling injuries and 100,000 injuries requiring medical attention occur annually.

According to National Safety Council figures, most fatalities are caused by (in descending order) tractors, firearms, drowning, burns, falls, electrical shock and machinery. During the past 10 years, rural fatalities have

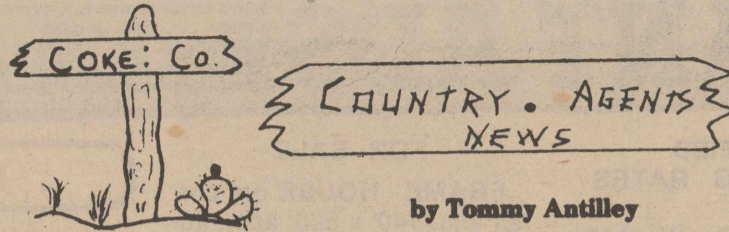

been reduced by 50 percent due to increased awareness and improved safety design. Some 1,600 farm deaths were estimated for 1987.

Most agricultural accidents and work illnesses can be prevented at little or no expense. For instance, safety features on farm equipment and machinery should be maintained and repaired when needed. These precautions and the use of safe work procedures can reduce the needless suffering of rural accident victims and prevent the financial burden of agricultural accidents on productivity and family income.

### Personal

Mrs. Sue Frankliah of Texas City flew home over the weekend following a week's visit with her mother, Frances Lindsey, of Robert Lee. Sue was on vacation from her work as a registered nurse and supervisor at a Texas City hospital.

The average traveling speed of a garden snail is .03 miles per hour.

by Tommy Antilley

The annual ram performance test conducted by the Texas Agricultural Experiment Station here is set to begin September 16-19 with delivery of the rams according to Dr. Maurice Shelton, Test Coordinator. Shelton said the test is scheduled to culminate with a Field Day and Sale set for March 16, 1989.

"The rams may be entered as individuals or in sire or ownership groups," said Shelton. He added that entries may be registered or non-registered and of any breed, though based on the type of data collected the information from the test is more useful with Finewool breeds.

"Animals should be lambs at the time they are entered, continued Shelton. Those showing yearling teeth will not be accepted."

A part of the test, the American Rambouillet Sheep Breeders' Association Registry of Merit Program, is open only to registered rams born on or after October 1, 1987.

Shelton suggests that animals be introduced to feed before delivery, and that they not be heavily shrunk when starting the test.

All animals going on test will be required to undergo and pass an examination and test for epididymitis. If they have

not been tested before arrival, a blood sample will be collected at the time of delivery.

Breeders are asked to provide as much information as possible on their rams including sire, birth-date, type of birth, age of dam and her reproductive history. The Certified Ram Category and eligibility for sale will continue to be based on the ROM index.

Soon after arrival, but before the first official weigh-day, the rams will be examined by a committee appointed by Shelton. Animals thought to be unsound will be noted and owners can remove these animals if they desire. Also at this time, owners can remove animals for any other reason. After animals are officially weighed, breeders are asked to leave all animals on test except for health reasons.

Once on test, the rams will be self-fed a commercially prepared and pelleted ration. Shelton will formulate the ration with the help of staff nutritionists.

When placed in the feed pens, the rams will be self-fed in large groups. However, selected sire groups may be fed for short periods in small pens to collect feed efficiency data.

As in the past, the test will be on a self-sustaining basis.

An initial deposit of \$135 per animal will be required. Any unused funds will be returned following the test.

For further information contact: Dr. Maurice Shelton or Dr. George Ahlschwede, Texas Agricultural Experiment Station, 7887 North Hwy. 87, San Angelo, TX. 76901, phone - 915-653-4576 or Donald Spiller, T.A.E.S., Box 918, Sonora, TX. 76950, phone 915-387-3168.

## Home residents dress for school

On September 1, the Bronte Nursing Home celebrated the opening of school by dressing as near as possible as each one did when they went to school along with sack lunch being served at noon.

The tray mats were handmade with paper doll cutouts. The residents enjoyed their sack lunch of sandwiches, chips, pickles, fruit and cookies.

Once again the Activity Dept. of the Nursing Home is sponsoring a Christmas Craft Bazaar and Bake Sale on Saturday, Oct. 22 at the City Hall. Contact Dean Pope or Pam Stokes at 473-3621 for more information or space reservations.

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small even before it can be felt.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

I. 35-40 years of age - One baseline mammogram.

II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over - An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk

factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

### Auxiliary sets activities

The West Coke County Nursing Home Auxiliary met for its first regularly scheduled meeting after their summer break on September 6, 1988, in the Recreation Room of the Nursing Home. There were 16 members present.

It was the first time for some of the auxiliary members to see the mini-blinds purchased for the Recreation Room in order to darken the room for videos for the residents.

Also, it was voted on to purchase another patio table and chairs for the lawn. If you have not seen the others purchased by the Auxiliary at the beginning of summer, it would be worth your time to drop by the nursing home and see how much the residents and their visitors are enjoying them.

The Auxiliary is making plans for its bake sale before Thanksgiving and its membership drive.

Mrs. Pauline Vaughan, special interest and entertainment committee chairperson, says the Switzerland Party is still on for September 20th at 6:30 p.m.

We are still looking for and in need of new members. Our next meeting will be at 1:30 p.m. in the Rec Room Octo-

ber 3, 1988. You are welcome to join us.

#### TEAMS exit test set for Bronte

During each regular administration of the Texas Educational Assessment of Minimal Skills (TEAMS) Exit Level Test, individuals who are no longer enrolled in school and have not previously passed both sections of the TEAMS test but have met all other graduation requirements may retake the section or sections not passed. The October administration will be as follows:

Mathematics - Tuesday, Oct. 25, 1988  
English - Wednesday, Oct. 26, 1988

Those individuals who are no longer enrolled in school and wish to register to retake the exit level tests may pick up a registration packet at any high school campus. These forms must be completed and mailed so as to arrive in Iowa City, Iowa prior to Sept. 28, 1988. Individuals residing in the Bronte School District can obtain a packet by contacting Mr. Sheldon, Counselor, Bronte I.S.D., phone 473-2511.
