Bronte school initiates new VIPS program

The Bronte School is starting a new program this year. The VIPS Program or better known as Volunteers in Public Schools. In Bronte, volun-

teers will play an essential role in meeting many needs in our school.

The recruiting of volunteers is now underway. You will be

working to help meet the needs of our teachers who have requested the VIPS services. There are several different programs in which you can volunteer, such as a classroom assistant, a tutor, assist in the library, read stories to children, act as an interpreter for children who do not speak English, and listen to children read. These are just a few of the different programs to help work with.

The two qualifications to be a VIPS volunteer are:

1. Giving of your time.
2. A desire to work

with children.

This will enable the children to receive the time and attention they need.

This program is not limited to parents only. If you are a grandmother or a retired person and you have a desire to work with children, then you can be a volunteer, too.

If you are interested in becoming a VIPS Volunteer, you can contact Vicky Fisher at 473-7341.

BBQ, Buck contest slated

The West Coke County Community Development governing board met in executive session on Friday, Sept. 29, in the office of President Robert Wink in downtown Robert Lee. Board members present for the session included Wink, Edna Havins, Richard Johnson, Joe Brazier, D'Ann Eubanks, Bobby Wrinkle, and Joann Runnion.

Main topic on the panel's agenda was the upcoming Hunter Appreciation BBQ to be sponsored by the organization. Bob Wrinkle, chairman of the BBQ committee, reported at length on final plans. Hard work by committee members has resulted in the acquisition of various food items, reservation of the Rec Hall, the securing of pledges and donations from merchants, businessmen, leasing landowners, and individuals, plus volunteers to help with their time to cook, serve, and the clean-up.

The new venture by the community development group is meant to welcome and show appreciation to hunters who contribute to the economy by hunting and visiting the county numerous times during the season. The BBQ is scheduled for Saturday evening, Nov. 4, opening

day, 7-9 pm, at the Rec Hall in Robert Lee. Hunters may acquire tickets at no cost to them from the person they lease from or participating businesses who have contributed to the project. Time still remains for those who want to furnish tickets to their hunters or customers by participating in the BBQ with their support. Call Bob Wrinkle or Robert Wink for more information.

In addition to the Hunter's Appreciation BBQ, the WCC-CD will also sponsor their annual Big Buck Contest. Dave Hughes, chairman of that committee, finalized plans for the contest this week. Both gun and bow hunters are eligible for the top prizes.

A Winchester Model 70-.243 caliber rifle will be given for the buck with the widest spread. A Schrade skinning knife with gut-hook and sheath will be awarded to the hunter who takes the turkey with the longest beard. Both must be killed in Coke County. Entry fee for the contest and a chance at both prizes is \$2.00. Measuring station for the deer and turkey is Skinner's Grocery and Station on HWY 158. Registration for the contest will be available at local businesses.

Auxiliary activities set

Pauline Vaughan, Reporter West Coke County Nursing Home Auxiliary met Monday, September 2, for its monthly meeting with President Dianne Simpson presiding.

Plans for helping the Activities Department with the Halloween Carnival for the residents of the home, and the annual Thanksgiving Bake Sale were discussed.

Members voted to buy a VHS Camcorder for use at the nursing home with a committee being appointed to get prices and other information. Plans were made to buy shade trees for the enclosed back yard at a later date.

Plans for the next year, 1990, were started with each

one volunteering for the activities where she could serve and/or hold an office. The slate of officers was almost completed.

New members are always sought, welcomed, and encouraged to volunteer for the services she cares to perform. There is a variety of these services with one on one visitation always being needed. Serving juice to the residents, playing dominoes, assisting with the walkers and wheelers at coffee break, giving manicures and many other activities are considered as visitation according to Joyce Wilson, Activities Director.

The song service was led by Donna Waldrop with Mrs. Lola Beth Rogers as pianist. The President, Mrs. Ruth White, presided over the business meeting in which new officers were elected.

Central Baptist Church, Bronte presented the program "Thy Will Be Done" and Bro. Clyde White gave the devotional "Away With Self".

An offering was taken and was sent to "World Life", formerly known as "The Harvest Gleaner Hour".

Special music was presented by the Pecan Baptist Church and Bro. McFadden of Santa Anna brought the message.

The meal was hosted by the Central Baptist Church of Bronte.

TALK ABOUT PRESCRIPTIONS

Remember when there was time to talk with your doctors and pharmacists? And remember how your relationship with them seemed more personal?

Today, it can be the same way-if you speak up. Even though things may seem more rushed and impersonal, your doctors, pharmacists, and nurses want to take the time to talk about the things you need to talk about most-your medicines.

Communities reunite

Fort Chadbourne-Hayrick Reunion 1989 was held in the Bronte Community Center with 60 former and current residents attending. A potluck meal was served with the Association furnishing the coffee, tea, bread, plates and eating utensils.

A business meeting was held by Pres. Bon Spoons and it was decided to keep the same officers for the 1990 Reunion. Bon Spoons, President; Katherine White, Sec./Treas; Jean Fancher and Willie Eades, Food Committee; and Royce Fancher and

Wilburn Wrinkle as clean up committee.

The minutes were read by Katherine White. Tom and Frances (Saunders) Sneed of Fort Worth and Grant and Dorothy Richards of Lake Brownwood attended for the first time this year. The program consisted of short talks by different ones, to catch us up to what they have been doing in their lives the past year.

A great time was had by all and officers hope to see more in attendance next year.

Diversity Club meets

The Bronte Diversity Club met Tuesday, September 26, at 2:00 p.m. with Virginia Boatright as hostess and Edith Hipp and Margaret Martin as co-hostesses. This meeting began the new year for the club.

The club collect, pledge to the flag and salute to the Texas flag were recited by the members.

President Helen Kirkland presided over the business meeting where plans were made for the coming year. The new handbooks were presented to each member by Margaret Martin. The yearbook committee was made up of Edith Hipp, Virginia Boatright and Margaret Martin.

A floating prize was won by Ruth Hageman. Refreshments were served

to Drexel Ragsdale, Flora Smith, Louvenia Rees, Ona Hughes and the hostesses, Virginia Boatright, Edith Hipp and Margaret Martin.

Parent Program

As a response to the high incidence of child abuse, teen suicide and teen pregnancy in Texas, a joint effort between the Texas Agricultural Extension Service and the Childrens Trust Fund of Texas has initiated a project called "Partners for Parenting." This effort is designed to equip adults with parenting skills needed for the prenatal period through the adolescent years. Training will be October 27th at the Brownwood 4-H Center. For more information, call the County Extension Office 453-2461.

Sims, Roll marry in Houston ceremony

Penne Alisa Sims and Craig Anthony Roll were united in marriage on Saturday, August 12, 1989 at half past seven in the evening at Saint Vincent De Paul Catholic Church, Houston. Monsignor Jamail officiated the ceremony. Music was provided by a string quartet from the Houston Symphony as well as a special piano solo by the bride's father of Quejas o La Maja y El Ruisenor by Enrique Granados.

The bride is the daughter of Dr. and Mrs. Ronald E. Sims of Houston. She is the granddaughter of Mr. and Mrs. Charles Sims and Mr. and Mrs. R.C. Sawyer, all of Robert Lee.

The groom is the son of Mr. and Mrs. William P. Roll, Jr. of Houston. He is the grandson of Mr. William P. Roll, Sr. of Beaumont, and Mrs. Susie Macey of Houston.

Escorted by her father, the bride wore a gown of white silk taffeta and ivory Alencon lace adorned with white silk rose buds designed by Ron Lovece for the Marissa collection. To compliment her gown she wore a head band of ivory lace and pearls accented by a full pouf scattered with pearls.

Miss Kelly Sims of Dallas served her sister as maid of honor. Bridesmaids included: Glenda Sue Camp, Sherry Tofte, Sandra Dean, Ginger Lee, and Isabelle Maisse. Flowergirl was Brandi Sawyer, cousin of the bride.

Mr. Brad Roll served his brother as best man. Groomsmen included: Sam Roll, brother of the groom, Ricki Garza, Ricki Dorman, Vincent Lacuado, and Tom Pitcock. Ring bearer was Bryon Garza. The U.S. Marines from the 4th Marine Division, Galveston Marine Reserves, served as ushers and provided the Honor Guard with crossed swords for the recessional.

The bride is a graduate of The University of Texas and is currently in the process of obtaining her Ph.D. from the University of Houston in Clinical Neuropsychology. The groom is employed as a private investigator for Havard and Associates and is in the process of obtaining his Bachelor's Degree in Pre-Law Political Science and plans to pursue a law career.

After a wedding trip to Nassau, Bahamas, the couple has made their home in Houston, Texas.

Angelo pageant announced

The Diamond Miss has set a preliminary pageant to be held on Saturday, October 14, 1989 at the San Angelo Country Club. Diamond Miss is a pageant system that has something to offer children from the ages of 0 to 18 years of age. Babies must be between 0-24 months of age. Girls and boys are both eligible for baby competition. There are six age divisions for older girls: 2-3 years; 4-6 years; 7-9 years; 10-12 years; 13-15 years, and 16-18 years.

All contestants are eligible to advance to the State Competition in Abilene in June, 1990. Nationals will be staged in Wichita, Kansas in August, 1990.

Competition for babies consists of party dress or dress suit only. Winners will receive a trophy, crown, banner, plus entry fee paid to State competition. 1st and 2nd alternates will be awarded. Baby divisions are: 0-12 months and 13-24 months.

The older six age divisions will compete in interview, sportswear, party dress with talent being optional. A crown winner and 1st and 2nd alternates in each age division in modeling and talent will be awarded. The crown winners

will receive a crown, banner, trophy, and entry fee paid to State competition. Alternates receive trophies. All contestants will receive an award.

A special prize at each preliminary of a diamond necklace is given to the girl in the pageant that has the highest combined points in modeling, talent, and beauty. This girl is crowned "Our Diamond Miss".

BRONTE SCHOOL NEWS

Horns strum Cross Plains Buffs, 28-8

The Longhorns hosted the Cross Plains Buffaloes in a non-district game last Friday night, beating them 28-8. Thoughts of last week's game were quickly forgotten after a quick score which seemed to unite the Longhorns and guide them to victory. Team captains this week were Dean Casares and Mike Walser.

The Longhorns took the opening kickoff on the 10 yard line and returned it to the 42 yard line. On the third play, quarterback Justin Phillips hit Darrell Lucas with a 55 yard touchdown pass. Phillips connected with Bill Windham for the two point conversion, Bronte 8, Cross Plains 0. That is how the first quarter ended.

In the second quarter, Tim Sims recovered a fumble on the Horns 46 yard line and on the next play the Horns fumbled the ball back. Cross Plains scored on this possession with 9:56 in the half, Bronte 8, Cross Plains 8. With 0:26 remaining in the half, the Horns held Cross Plains on a 4th down and 4 yards for the first, Sims knocked down a pass to end the half.

In the second half, Cross Plains received the kickoff. On the third play of this series, Casares recovered a fumble on the Cross Plains 23 yard line. On 4th down and 6 yards to go on the 15 yard line, Phillips hit John Seals for the second Horns touchdown. Bronte led 14-8. On the next series, the Horns dropped a punt and Cross Plains recovered. On the next play, Windham recovered on the Bronte 33 yard line. Eleven plays later Tim Davis scored on a 15 yard run over the left end. Bronte led 20-8 with 1:57 in the third quarter.

The fourth quarter did not see any scoring, only a hard hitting aggressive Longhorn defense. Seals recovered a fumble in the quarter. The Horns refused to let the Buffaloes score, stopping them

on the 5 yard line to end the game.

Defensive standouts of the game were Sims and Windham. Davis had his second 100 yd. game on 22 carries for 131 yards behind his offensive team.

The Longhorns travel to Roby this Friday night at 8:00 for their last non-district game. Support those Longhorns. **GO HORNS!!**

Locals take 2nd at Eastland club

Lone Cedar Country Club of Eastland held their annual Four-Ladies golf tournament September 30. A team consisting of Maxine Percifull, Peggy Jackson, Katie Campbell, and Sue Caudle shot a 63 to win second in the championship flight.

The week before, Sept. 23, at Menard Country Club, Maxine Percifull and Sue Caudle tied for third in the Championship flight with Rose Doyle and Betty Backer, and won it on a card play-off. It was a 27 hole tournament and they shot a score of 100.

Bronte RA's hold annual round-up

The Royal Ambassadors from the First Baptist Church in Bronte held their annual round-up Saturday, September 30.

A hamburger cook-out at the City Park was enjoyed by six R.A.s and their families.

While the boys played, counselor Ray Barnett discussed with the parents plans for the new year. The first outing will be in November when the RAs attend the Baylor football game in Waco.

Boys in grades 1-6 are invited to come and join in the mission studies, and the other fun activities.

RAs will meet each Wednesday at 6:00 pm at the First Baptist Church.

Counselors for the boys will be Martin De La Garza and Ray Barnett, along with helpers Lee Sonnenberg, Nathan Barnett and Terry Queen.

Volleyball teams raise records

Both Bronte's JV and varsity VB teams raised their records with wins over Water Valley Saturday.

The JV took a big 15-5; 15-0 win. Kristie Cooper led all servers with 9 pts. in Game 2. Amie Parker and Tina Smith teamed up for 5 blocks in Game 1.

The JV has now won 8 games in a row for a 10-1 season record and a 2-0 district record.

Varsity action was a little tighter as the Lady Longhorns won 15-8; 15-6. Jennifer Robinson took serving honors with 7 pts. followed closely by Kelly Webb with 5.

The varsity now has a 7-3 season record and a 2-0 district record.

Winters to host annual barbecue

Winters First United Methodist Church will sponsor their Annual Lord's Acre on Sunday, October 15. A meal of barbeque brisket and chicken, beans, potato salad, drink and dessert will be served from 11:30 to 1:30. Following the meal there will be an Auction.

Some items to be auctioned: handcrafted furniture and various other pieces of wood, handmade quilts-including a Methodist Quilt, Community, A&M and many others. A three story white doll house with yellow shutters included.

Be a part of this fun day in Winters at the Community Center at City Park.

Pruitts return from tour

Mr. and Mrs. Noah Pruitt, Jr. of Bronte, accompanied by Mr. and Mrs. Joe Allbright and Brian of Odessa, recently returned from a vacation traveling to many educational and exciting places in the western section of the United States.

After leaving Coke County with high temperatures, warm ups and jackets felt good in Flagstaff, Arizona. The Boulder Dam (Hoover) tour, which explained the construction of the dam and how the water was rechanneled during the construction and Mead Lake was a real educational highlight. While crossing Death Valley, 282 ft. below sea level, the temperature was 124 degrees in the early afternoon. Joe and Brian made a trial run climbing Mt. Whitney, afterwards spending the night at the base of the mountain. Mammoth Lakes in the California High Sierra National Forest, a newer ski resort in California was beautiful. From Lee Vining, we crossed Tioga Pass, 9941 ft. elevation, to Yosemite National Park.

Mr. and Mrs. Tom Collins (Ruby Keese), residents of Lockford, met us for breakfast and a short visit. We visited the Capitol in Sacramento and the almond and olive industry. At Redding, we crossed the Trinity National Forest to Highway 1 enroute to Crescent City, California visiting the Trees of Mysteries, home of Paul Bunyan and Babe the Blue Ox in the Redwood Forest. Driving through 2 redwood trees in a van and seeing trees up to 21.6 ft. in diameter was almost unbelievable. On the Pacific Ocean beach, we walked to the outlet of the Klamath River to see and watch the salmon migrate up the river where hundreds of people were fishing and netting. We traveled the Redwood Highway and California Highway 1 much of the time, spending a night in Ft. Bragg,

a very historical place with plenty of logging. The Napa Valley was intriguing, landowners' vineyards were well groomed, also visiting the California Geyser in Napa Valley, one of the two geysers in the U.S. A tour of Falcon Crest grounds and winery proved interesting. Brian and Noah spotted a live rattlesnake in the flower bed of Emma's cottage which aroused the Swedish tourist in the group.

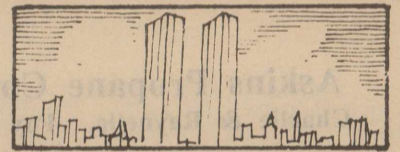

As we entered the San Francisco Bay area, the fog had just rolled in and the five foot banisters was all that could be seen when crossing the bridge the first day. Carmel by the Sea with all the wildlife preserve and Monterey was a beautiful setting for visiting Pebble Beach and walking the golf course.

Returning to San Francisco, a boat ride to and a tour of Alcatraz was most educational. Dinner at Fisherman's Wharf and shopping, riding the famous cable cars, and world's most crooked street (Lombard) were exciting.

After 10 days of travel, the Allbrights caught the Bart System to Oakland and flew back to Odessa for Brian to start school.

The Pruitts remained for 7 days for the National Association of Postmasters of United States of American National Convention September 2-8 in the Hilton Hotel.

After leaving San Francisco, they took a tour of Hearst Castle in San Simeon, visiting in San Bernardino with Mr. and Mrs. Don Treet enroute back to Texas.

The two 1,350 foot towers of the World Trade Center in New York City occupy only two acres, but can accommodate 130,000 people.

Glasses fresh out of the dishwasher may be clean, but look cloudy. Part of the reason may be the water.

The key to dealing with cloudy glasses is determining the cause.

There are two main types of cloudiness: a build-up or a film of matter on the glass or etching or leaching out of metal ions from the glass.

To determine what problem you have, try scratching the surface of the glassware with a pin or other sharp object. If some of the cloudiness scratches off, the problem is filming.

Another method of identification is dropping some vinegar on the surface in a cloudy area and rub with your finger. If the surface of the glass is clear when it dries, the type of cloudiness is a film.

If, after scratching the glass, the surface seems pitted or if vinegar does not remove the cloudiness, the problem is etching.

Story Hour begins in RL

Coke County Library's Story hour began on Wednesday, Oct. 4, for 3, 4, and 5 year old children not in school. Story hour moved to Wednesday this fall instead of being held on Tuesday as in the past and is from 10-10:45 AM. Sharon Pitcock will hold forth as the storyteller, announced librarian Nancy Rasco.

Use of the library has greatly increased over the years. Patrons are always amazed at the books and information found there. Library hours are Tuesday 8-12; Wednesday 8-4; Thursday 1-5; and Friday 8-12. The facility is closed Saturday, Sunday and Monday.

Filming is most commonly caused by water hardness. The calcium and magnesium in hard water drops left on glassware at the end of the washing cycle will dry in place.

Food films result when the protein residue of milk, soft cooked eggs or rare meat combine with the calcium and magnesium in hard water.

Treating the film with an acidic material such as white vinegar or citric acid should remove the buildup. Commercial products also are available, but care should be exercised when using these products. Rinse additives that cause the water to "sheet" off the dishes also may help.

Etching is an unusual combination of soft water (especially chemically softened), alkaline dishwasher detergents, the chemical composition of the glassware and excessive water temperature.

The quality of the glassware has nothing to do with etching. The true cause appears to be very soft water and/or the overuse of detergent since the largest component of the detergent is a water softener.

When etching is identified as a probable cause, try using only one tablespoon of dishwashing detergent in each detergent cup or holder in your dishwasher.

Whether filming or etching is the problem, hand washing helps eliminate the film and can prevent the etching.

Barbara Fass has served as mayor of Stockton, Calif., for the past four years. She was elected to the Stockton City Council in 1979. She also is involved in private law practice.

YES

Should government ban assault guns?

As the mayor of Stockton, Calif., where 31 people were physically injured, five children killed and a community emotionally damaged by an AK-47, I am dedicated to banning anti-personnel assault weapons. Their rapidity—capable of firing 106 rounds in 90 seconds—and devastating harm far exceed what is needed to protect home and property. These weapons were not designed for sportsmen or hunters.

Government must now step in to impose reasonable limits on these dangerous guns. The U.S. Constitution is a living document, flexible in adapting to a changing world, with a Supreme Court designed to interpret it as need be. We know that free speech does not give one the right to call "fire" in a crowded theater, drive a tank down the street, own a military submarine or possess a mininuclear bomb. It is now time to define the limits of the weapons we may bear.

Are there effective ways to safeguard the public without banning these weapons?

The arguments that "people kill people, guns don't," and that we can "compromise" by requiring registration and waiting periods are ludicrous. "Legal guns" fall into the hands of criminals. A friend or relative can easily purchase a gun for your use. Yes, people kill people, but the randomness and volume are reduced if automatic and semiautomatic weapons are removed from our cities. We need tougher sentencing of criminals and help for the mentally ill, but we must have control of weapons, too.

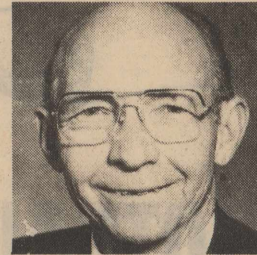

How can law enforcement agents effectively arm themselves against these weapons?

They can't; nor do they wish to. One bullet at Cleveland School was traced through two cinder-block walls, a metal cabinet and into a shelf. The police, sheriffs and all law enforcement agents in California are united in seeing automatic and semiautomatic anti-personnel assault weapons banned.

If you or a loved one were forced to enter a nursing home for a prolonged stay, how would the monthly costs be met? By your hard-earned savings? How long would the savings last? By your children? Can they afford to help with the burden of expense? There is another way! A long-term nursing home plan is now available.

Ban Assault Guns?

NO

Kent L. DeChambeau is legislative advocate for the California Rifle and Pistol Association. He previously served for 30 years as deputy legislative counsel to the California Legislature.

Should government ban assault guns?

"Assault guns" are by federal regulations defined as fully automatic firearms, i.e., "machine guns." They generally are prohibited in civilian hands except under special permit. The so-called assault gun, which is a semiautomatic rifle or pistol, is in every function identical to legitimate hunting rifles and target pistols. In many models, the hunting rifle is far more powerful and just as fast, if not faster. To really accomplish any true protection, all semiautomatic firearms would have to be banned, and this is not proper. We must punish the criminal illegally using any firearm, semiautomatic or otherwise, *not* make a criminal out of otherwise law-abiding citizens simply for possessing certain firearms. Remember, the criminal will never obey any firearm ban.

Are there effective ways to safeguard the public without banning these weapons?

Put any criminal using an assault firearm in jail — no plea bargaining, no probation, no parole. If every time someone who committed a crime with an assault weapon was sure to spend 10 or more years in jail for such use, it wouldn't take long to see assault guns no longer used.

How can law enforcement agents effectively arm themselves against these weapons?

Only by arming themselves with the same weapons can they have equal effect, but this is totally unacceptable except in the rarest of situations, such as those involving SWAT teams. We cannot have open warfare in our streets.

What we can have is swift, sure and exact enforcement of the more than 20,000 laws regulating crime already on the books. Our streets can become safe again. We must make the funds available to provide more police, more prosecuting attorneys and judges and more jails. But what a small price to pay to stop the killing of innocent persons and the police trying to protect them. **ll**

Permits needed for diesel

State Comptroller Bob Bullock Tuesday reminded Texans buying diesel fuel tax-free that state fuels tax permits are needed to comply with the law.

Bullock said that some customers can buy diesel fuel tax-free in Texas by signing a statement saying that they don't own or operate any diesel-powered vehicles driven on Texas roads. The Comptroller's office provides the printed statements.

Purchases made in this way are restricted to 2,000 gallons or less at any one time with a monthly limit of 10,000 gallons or less.

The statement becomes invalid if the customer buys or uses any vehicles powered by diesel fuel on Texas highways but taxpayers have a couple of options if that happens, Bullock said.

First, they could pay the fuels tax of 15 cents a gallon and file for a refund with the Comptroller's office. Refunds are given for tax paid on any diesel fuel that wasn't used on Texas roads.

A prebidder's conference will be held Thursday, October 12, 1989, at 10:30 am in the District training room located at the above address.

All interested parties are encouraged to attend. Usual Rights Reserved.

PUBLIC NOTICE

Pursuant to Procedural Rule 21.24 (c) (1) of the Public Utility Commission of Texas (PUCT), West Texas Utilities Company (WTU) herewith gives notice that it has requested a Certificate of Convenience and necessity from the PUCT for the construction of 4.75 miles of 69kV transmission line within Coke County of Texas. The proposed line route originates at West Texas Utilities' existing Cedar Hill Substation located 3/10 of a mile northeast of the intersection of FM 2059 and FM 2742 and proceeds northeast for 1.3 miles, crossing the Colorado River. The line route then proceeds east for 1.3 miles, and turns northeast for 1.6 miles, traversing rural pastureland within the Jameson Oil Field. The line route then turns north for 1/2 of a mile, paralleling a county road, and then terminates at West Texas Utilities' existing Silver Substation located 1.3 miles south of the Community of Silver. The estimated cost of this project is \$273,962.

Persons who wish to intervene in the proceeding or comment upon action sought, should contact the Public Utility Commission of Texas at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or call the Public Utility Commission Public Information Division at (512) 459-0223, or (512) 458-0227 or (512) 458-0221 for teletypewriter for the deaf within 15 days of this notice.
