Local absentee election balloting begins

Absentee balloting began on Monday, April 16, for the May 5 elections for Coke County taxing entities. Voting will continue through May 1.

In the city of Robert Lee, voters will name a mayor and two council members in the election. Three candidates, Les Gray, incumbent Joe Barrett, and Keith Eubanks will appear on the ballot for the two positions. No candidate filed for the mayor's office by the March 21 deadline, dictating that the position be filled by a write-in. Two write-in candidates have made known their campaigns for mayor - Jackie Walker and Kenneth Green. Polling place for both the absentee balloting and the May 5 election is the Robert Lee city hall.

Robert Lee Independent School District's board of trustees has two vacancies to be filled. Three candidates will vie for the two slots - Bill Burns, incumbent; John Carver; and Darrel Pitcock. Location for absentee balloting is the county clerk's office in the courthouse. Polling lo-

cation on election day will the high school foyer.

Three vacancies exist on the West Coke County Hospital District board. Five candidates will be on that ballot, including Golda Brown, Evelyn Flanagan, Ruth Robertson, Gary Jack Thomas, and Johnny Sevier. Absentee ballots may be cast at the county clerk's office in the courthouse. On May 5, voting will take place in the commissioner's courtroom in the courthouse.

The City of Bronte voters will elect a mayor, three aldermen to two-year terms and one alderman to a one-year term. Mayor J. T. Henry is the only candidate for the mayor's position. Incumbents Wesley Gibbs, Edward Hart and Gary Shaffer are candidates for the two-year council terms, along with newcomer Roenna Thomas. Martin Lee will be on the ballot for the one-year alderman term. Both the absentee voting and balloting on election day will be carried out at the city hall in Bronte.

Incumbent Ray Barnett,

James Nelson, and Wayne Coalson will vie for the two vacancies on the board of trustees for Bronte Independent School District. Absentee voting is underway in the school superintendent's office. The May 5 election will be held at the Bronte city hall.

Unopposed for the three vacancies on the governing board of East Coke County Hospital District are incumbents Eddie Alexander, LeDrew Arrott, and Pat Oglesby. Bronte Nursing Home business office is the absentee polling location. Election day, May 4, will see the district's voting at city hall.

Coke County Underground Water Conservation District voters will elect three directors, one from Pct. 1, one from Pct. 2, and a director-at-large. Candidates for the panel are Pct. 1 - Wayne McCabe; Pct. 2 - Otis Smith; and director-at-large - J. D. Harmon. Absentee voting got underway Monday in the county clerk's office in the courthouse. May 5 election votes may be cast in voters' respective precincts. Precinct 1 voters will vote at the Robert Lee School; Precinct 3 polling location is the courthouse; Precinct 2 will vote at Bronte City Hall; and Precinct 4 will cast ballots at the Old Railroad Depot.

Kenneth Green, Robert Lee - Silver Lions Club president, presents a \$500 check from the organization to Henrietta Baker, president of the West Coke County EMS, to be used toward the automatic blood pressure monitor for the ambulance. Fred Beaty (r), member of both organizations, looks on as the funds are transferred.

Long-range plans slated

As many as 45 leading citizens of Coke County will gather April 26th to help identify critical issues facing the county over the next four years.

The purpose of the meeting, one of many being conducted in counties around the state this spring, is to assist in the development of educational programs by the Texas Agricultural Extension Service that are responsive to local needs.

"Local people usually have the best ideas on how to solve local problems," said Tommy Antilley, County Extension Agent - AG, Coke County. "The Extension Service wants to tap into that collective wisdom, and structure its programs in ways that make them relevant and effective."

More than 10,000 people are expected to participate in this grassroots planning effort in Extension Service-sponsored county meetings throughout Texas.

In Coke County, the meeting is scheduled for Thursday, April 26th at 7 pm in the

Robert Lee Rec Hall. This citizens' group, chaired by Robert Wink was organized earlier in the year.

To begin the meeting, the study group will hear status reports on the economic, environmental and social conditions in the county. The group will then divide into task forces to identify the most critical issues facing the county in the broad fields of agriculture and natural resources, community development, youth, and home economics.

Afterwards, the study group will reconvene, hear task force reports, and discuss how these issues impact the county's economy, environment, and social welfare.

The work of the study group is one of the first major steps in an intensive effort for determining Extension Service programs of 1991-1994. Each county long-range Extension program, developed by October, will be considered in the development of the Extension Service's statewide program plan.

Junell advises of increased funding

Representative Robert Junell advised the Observer/Enterprise of the passing of a bill Monday by the Texas House of Representatives that will equalize 95% of the state's school districts. The bill will increase state funding by \$450 million for the 90-91 school year and add \$5.5 billion over the next five years in state aid to the public schools.

Coke County school districts managed to come through the battle with no loss for the upcoming fiscal year. Under the plan passed by the House, Bronte ISD will gain \$153,369 for fiscal year 1991. Holding the same, Robert Lee ISD will not receive any additional state monies for that time period.

While the House measure meets the governors limit of \$450 million in state aid, the

bill still faces a conference committee where appointed members from the House and Senate will work to produce a compromise bill somewhere between the House's proposal and Senate's. The

Senate proposal carries a price tag of \$1.2 billion for FY91. The legislature has until May 1 to pass a bill that will meet the courts mandate to equalize public school funding.

Harris

James Floyd Harris, 55, of Manchester, Michigan, and formerly of San Angelo, died Thursday, April 12, in an Ann Arbor, Michigan hospital.

A memorial service will be scheduled at a later date. Arrangements were by Staffan-Mitchell Funeral Home.

He was born July 27, 1934, in Junction, and had lived in San Angelo until he moved to Manchester in 1989. He was an electrician.

Survivors include his wife, Molly Harris of Manchester; his father, Thomas A. Harris of Robert Lee; four daughters, Mrs. Daniel (Teresa) Garza of San Angelo, and Connie Castillo, Mrs. Dennis (Sandra) Burgess and Pamela Harris, all of Manchester; three brothers, Alvin Harris of Robert Lee, Thomas Charles Harris of Scottsburg, Indiana, and Eddie Harris of Salem, Indiana; one sister, Nada Sparks of Vista, California; and six grandchildren.

RTA discusses legislation

Coke County Retired Teachers Association met in Bronte Methodist Church for a covered-dish luncheon on Monday, April 16. Present for the delicious meal were C. B. and Wanda Barbee, Jean Fancher, Mary Frances Glenn, Luther Guffy, J. T. and Sybil Henry, Laura Herford, Irene Newell and Jack and Nina

Brewer. Vice President J. T. Henry presided over the business meeting.

The group discusses and expressed their concern regarding S1511/HR3200. In attempting to prohibit age discrimination in employee benefits, this legislation would result in adjustments to public employee benefit programs that may actually harm the employees whom proponents are trying to protect.

Because of the vague wording of the bills, it is difficult to determine all of the potential areas that would be impacted. The TRS consulting actuary has determined that in one area certain to be impacted by the present language of S1511/HR3200, an actuarial cost of up to \$1.7 Billion could be exacted. This amount is greater than any benefit increase in the history of the Teacher Retirement System. Retired teachers do not have an automatic cost of living adjustment so the bill would most likely jeopardize retirement benefits in the future.

The next meeting is scheduled for May 21 at the First Baptist Church in Bronte.

Carousel contest winners listed

The Carousel Fashions and Gifts of Robert Lee held an Easter Extravaganza contest and sale last weekend to celebrate the holiday. Coke and popcorn were served to all customers as they shopped for good bargains on new clothes. The turnout for the event was tremendous.

A sterling craft silver serving tray was won by Jesse Moore, Juanita Schnabel, Suzie Wilson, Faye Roe, and John Williams, all of Robert Lee. Eight \$10 gift certificates were awarded to Joyce Dodson, Gayle Shandley, Gayle Bolding, Janet Mullins, Maurine Vosburg, Etia Smith, Margaret Jones, and Coleta Fenley, also all of Robert Lee.

"Since the event lasts until 3 p.m., I hope Rehab's friends in communities near San Angelo will come join the fun and help us help the handicapped," Smith said.

Green announces mayor candidacy

Kenneth Green, local businessman, has advised the Observer/Enterprise, "I respectfully submit my name as a write-in candidate for the office of mayor of the city of Robert Lee."

Due to the failure of any candidate to place his or her name on the election ballot before the March 21 deadline, the mayor's position will be filled by write-in vote.

Green expressed is willingness to serve as a concerned citizen and taxpayer. He added, if elected, he would use his years of public service and business experience to work along with the city council to confront critical problems now facing all small municipal governments. The foremost of these are new landfill regulations and the city's water supply.

New Bronte OES officers named

The Bronte Chapter #1048 Order of the Eastern Star met Monday evening, April 9 at the Masonic Lodge Hall.

Worthy Matron Dorothy Pruitt and Noah Pruitt, Jr., Worthy Patron presided at the meeting.

New officers for the ensuing year were elected and an installation service will be held in June. New officers are Dorothy Collins, Worthy Matron; E. G. Collins, Worthy Patron; Margaret Martin, Associate Matron; Paul McGuire, Associate Patron; Betty Lee, Secretary; Royce Lee, Treasurer; Mary McGuire, Conductress; and Joy Ehl, Associate Conductress.

Hosting the social hour following the meeting were Mildred Thomason and Ivy Spiller.

the State 4-H Advisory Committee, 6 years as match director for the State 4-H Light Rifle and 3 position rifle matches held twice annually at the State 4-H Center at Brownwood, as well as coaching local 4-H youngsters in Coke County.

Richard has served in many different positions in shooting sports, both for the National Rifle Association and the 4-H in the last 20 years. He is a life member of the NRA, and the Texas State Rifle Association. He holds an NRA Class C Rifle Coach Rating, which is an advanced level coach, and has just completed his final requirements and test to become a Class B coach which is a level just under the Olympic class. He is rated as a certified NRA rifle, pistol and shotgun instructor, home NRA firearms safety instructor, and a Texas hunter safety instructor, who has trained and certified over 200 youngsters and adults in hunter and firearms safety.

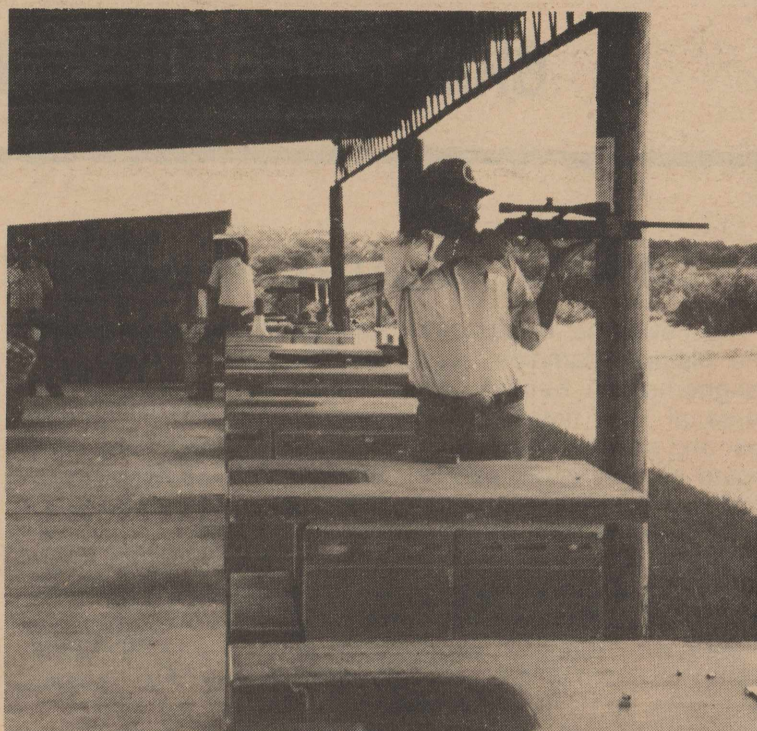

He has been an active rifle and pistol competitor for 25 years. His competitive shooting career began as a teenager when he earned a spot on his local National Guard rifle team. He says he has been bitten by the shooting bug ever since.

He has won 2 regional and 1 state championship in high power rifle and small bore rifle competition over the past 25 years.

Richard has also held a

master rating in the high powered rifle, a master rating in bullseye pistol, and an expert rating in smallbore rifle, both indoor and outdoor competition. He earned his distinguished Expert Rifleman's badge in 1972, an award presented by the NRA for excellence in competition and target qualification shooting. Currently, he holds a AA Rating in small bore silhouette rifle. He is a NRA training counselor who works through the Texas 4-H in training new adult rifle instructors to work with youngsters in the 4-H shooting sports program.

Said Richard, "I still enjoy a good rifle or pistol match, but do not make but 3 or 4 matches a year, mostly in small bore rifle silhouette shooting. I don't have the time to compete like I used to, but will have to say the most rewarding experience for me is working with young people in 4-H shooting sports, watching a young person win his or her first medal in competition, watching them progress up the ladder in shooting and grow up as safe and responsible hunters and shooters. This to me is my most rewarding accomplishment."

Richard Johnson, of Robert Lee, an authority on shooting sports, competes in a smallbore .22 silhouette match in Kerrville.

Ladies capture district track title

The Few, The Proud and The District Champion Lady Longhorns ran behind five personal best times of the year and set one new school record as they captured the District Track Title last Wednesday at Water Valley.

Sophomore Teresa Vaughn scored 35 pts. to earn her the high point girl of the meet. Teresa won the high jump when she jumped 5'0", the long jump at 16' 6 1/4" and the 400 when she crossed the finish line in a time of 61.1 to set a new school record.

Junior Angela Reyes scored 31 pts. by winning the 300 hurdles with a time of 47.8, she came in 2nd in the triple jump with a jump of 33' 7 3/4" and was 2nd in the 100 m. dash when she clocked in at 12.8.

Junior Eboni Taylor scored 25 pts. by winning the 3200 in a time of 12:07 and the 800 with a time of 4:16.0.

Darla Scott finished 6th in the discus and Ree Baldwin

finished 5th in the Junior Varsity Shot Put.

Eboni, Teresa, Angela and Jami will represent Bronte in the Regional Track Meet. The four girls will compete in nine different events. Teresa in the high jump, long jump, 400, and 1600 m relay. Eboni in the 3200, 800, and the 1600 m relay. Angela in the triple jump, 100 m dash, 300 hurdles and the 1600 m relay.

Jami will complete the 1600 m relay foursome.

The Lady Horns track team may be few in number, but that has not dampened their spirits this season as they have run and jumped to first and second place finishes all season.

Congratulations Ladies on a Super Season!! Keep it up, and "Let's Do It Again!!"

Taylor wins 10K run; Tandy finishes (barely)

This past weekend Eboni Taylor and David Tandy ran in the 6.3 mile Goodfellow Air Force Base Bulldog Run. There were an estimated 350 runners that ran in the race.

Eboni's time of 43 minutes and 30 seconds was good enough to win the 17 and under female division. She also

came in 2nd overall in the women's division. The only female contender to beat her was the defending Lone Star Conference Cross Country Champion.

Coach Tandy's goal was to finish the race unassisted, and that he did, in a time of 46 minutes and 29 seconds.

Winters to relive Pony Express days

In the year 1890, mail was brought in to the new town of Winters by the Pony Express. Winters will be reliving that experience this Saturday, San Jacinto Day, April 21, 1990 at 10 am.

The Rock Hotel will be the station for the Pony Express to deliver mail from the east. There will be a stamp cancellation so bring something with a postal stamp on it and Dean Thompson, chairman, will cancel it with the pictorial cancellation, a picture of the Rock Hotel and Winters Centennial. Stamp collectors from all parts of the United States are sending cards and envelopes to the local post office to receive this cancellation. The cancellation of a stamp often effects the value, particularly of an old specimen.

In the dining hall of the Rock Hotel, a mock bar will be selling sarsaparilla at 10 cents a shot. High school girls will be bar maids. There will be simulated gun fights, a lot of spitting, whittling, and tall tale spinning going on.

There is also going to be a big flea market sponsored by the Chamber of Commerce. All around town will have garage sales taking place, too. There is going to be lots of food and drink booths and this will be a fun day for the whole family.

Upcoming band events set

The Bronte Band Boosters met April 10, with one of the largest groups in attendance for the year.

The officers' reports were followed by a discussion regarding the High School Band trip.

Upcoming dates that will be of interest to the band members and boosters are:

- April 24 - High School Concert and Sight Reading Contest
- April 28-29 - High School overnight band trip to Schlitterbaum
- May 8 - Spring Band Concert (Grades 4 - 12)
- May 11 - Pizza and Skating Party (Grades 4 - 7)

May 12 - Solo & Ensemble Contest at Angelo State University

May 14 - Band Booster Meeting - Parents and Booster members are urged to attend this meeting. Officers for the 1990-91 year will be elected.

Range management planning review

by Bruce Deere, District Conservationist, Soil Conservation Service

About now is one of the times of the year when ranchers review their operations and plan for the future with the objective of producing the greatest number of quality livestock at the lowest possible cost. The basic ingredient for success is a plentiful supply of quality forage. A planned grazing system is an excellent management tool for the most effective production and utilization of forage - harvesting the maximum amount without damaging future production.

There are two basic types of planned grazing systems, deferred-rotation and short duration. Each has a number of variations, providing suitable adaptations for all types of range and ranch operations.

The deferred-rotation system is excellent for steady range improvement and good animal performance. In this system, grazing time on a given area exceeds rest time with the stock spread out over most of the ranch. Pastures are rested a minimum of three months on a rotation basis. This rest allows grass to grow leaves which are the site of 95% of the plant's food production, extend root systems, expand bases, lengthen runners, and make seed.

Short duration systems generally provide rapid improvement of grass production and composition, accompanied at times by some sacrifice in animal performance. The short duration system concentrates all livestock on less than half the grazing area, thus providing more rest time than grazing time. Animals are moved relatively rapidly through the

system, staying in each pasture only a short time.

Flexibility is the key to the success of any grazing system. The range manager must be able to "read" his range and make adjustments when needed. Some factors to consider include length of grazing period, season of use, class and kind of livestock, and stocking rates.

The Soil Conservation Service, through the Coke County Soil and Water Conservation District can assist with planning grazing sys-

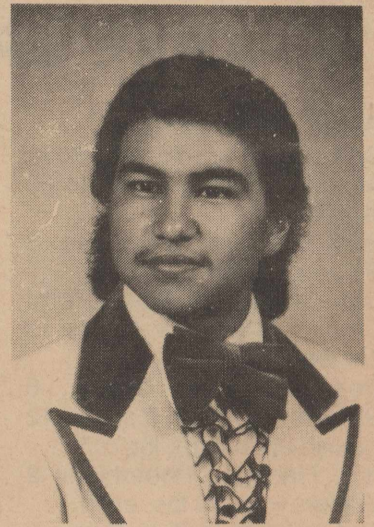

tems. In the past several years, Coke County ranchers have installed 26 planned grazing systems on 65,237 acres of rangeland with SCS assistance. These systems are characterized by improved range condition, increased forage production, and lowered supplemental feed costs. Anyone interested in investigating a planned grazing system for his own operation can contact the Soil Conservation Service office at 11 East Sixth St., or call 453-2623.

Bryan James receives third Songfest invitation

Songfest '88 established Bryan James of Tennyson as a songwriter. Songfest '89 focused a CBS record producer's eye on him and scored a single song publishing contract from Larry Gatlin. Now an unprecedented 3rd invitation to the songwriters Pro-Am competition of Songfest '90 has been received by Bryan.

"It's been a great year," says Bryan, "George Strait is looking at my entire catalog and Reba McEntire is considering another published song." It seems that things are going his way. He's also had the opportunity to work with Gretchen Polhemus - Miss USA 1989 and some of the top songwriters in Nashville. Among them are Royce Porter and David Chamberlin who have scored several big hits with George Strait. Songs such as *Ocean Front Property*, *What's Going On In Your World* and *Am I Blue* are a few of their works. Although the biggest hitmaker he's had the chance to work with this year is Larry Henley. Larry penned a song called *Wind Beneath My Wings*. It was a big hit for Gary Morris, but a monster hit for Bette Midler. She received Album of the Year honors with it at the 1990 Grammy Awards in Los An-

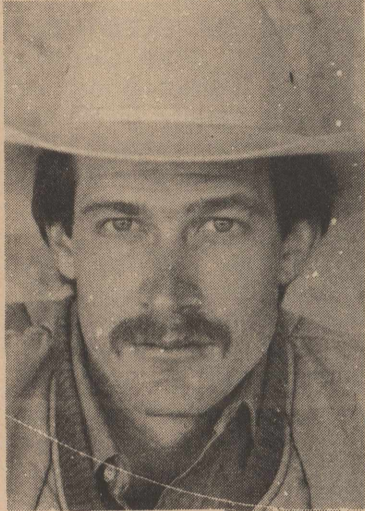

Oryx Energy Co. details discovery

Oryx Energy Company today announced a Gulf of Mexico gas discovery that tested nearly 15 million cubic feet of gas per day (MMcf/D).

The OCS-G-7769 #6 on South Timbalier Block 198 flowed 14.8 MMcf/D and 68 barrels of condensate through a 17/64-inch choke at flowing tubing pressure of 6,500 pounds per square inch. The discovery well tested from the Upper Pliocene formation through perforations between 14,265 and 14,329 feet. The deeper pool wildcat was drilled to a total depth of 14,599 feet and is in 130 feet of federal water, offshore Louisiana.

Oryx Energy has a 25-percent working interest, as does Union Pacific Resources Co. (the operator), Wolverine Exploration Company and Pogo Producing Company.

The Dallas-based Oryx Energy Company conducts its domestic operations through Sun Energy Partners, L.P. Oryx Energy, the managing general partner and 98-percent owner of the partnership, is the largest independent oil and gas company in the world with assets in excess of \$5 billion and proved reserves of more than one billion equivalent barrels. Oryx Energy trades on the New York Stock Exchange with the symbol "ORX" and the partnership with the symbol "SLP".

Bryan James

geles. Larry also took home Song of the Year honors at the ceremony for the song. "I knew he was doing ok with the song when I visited with him in July at St. Simon's Island, Georgia and he drove up in a new Porsche," says Bryan.

Working with great songwriters is not the only thing that Bryan does. Recently, he returned from Puerto Vallarta, Mexico after shooting pictures for his modeling portfolio. After having the pleasure of staying in the Coral Grand, where Life Styles of the Rich and Famous was filmed, he will prepare a composite of photographs for a major motion picture art director. He requested the composite mainly for the western look that Bryan typically exhibits. "It's a lot of work," Bryan admits and he couldn't do it without the help of his father who takes care of the ranch. The ranch is located in Coke County where home will always be according to Bryan. "It's really a false world in the entertainment business; but the country roots are planted deep to keep me in line," explains Bryan.

So what's in store for Songfest '90? "I really don't know, I guess the good Lord is the only one who does, but I don't foresee any big contracts or publishing deals yet. There are just too many miles between Texas and Tennessee and too many faces the record producers see each day for them to roll out the red carpet," states Bryan. Whatever does happen will be good if the past indicates the future. Good Luck!
