## Extravaganza promises to be best ever

The West Coke County Community Development's Labor Day Extravaganza Saturday, September 1, has mushroomed into the largest festival-type event ever held in Robert Lee. At press-time Wednesday, 49 arts, crafts, food, and game booths from all over Texas had made reservations with a few others still in limbo. Booths will open at 10 am and be located under shade trees in the county park. Free stage entertainment, including the Kaylan Gardner Band and other local musicians will hold forth from 1-4 pm. An ABC golf tournament will tee-off at 1 pm adjacent to the booth area. Eight teams have entered the Beach Volleyball tourney at

the park and promises a wild time from 10 am until finals later in the afternoon. The Little Miss WCCCD beauty contest will be on the entertainment stage at 4 pm.

Robert Lee Volunteer Firemen will hold a barbecue, beginning at 5:30 pm in the Rec Hall next to the booth area. Tickets are available at the door if you don't have advance tickets.

Dancing to well-known

Shadofaxx will take place in the Rec Hall from 8-12 midnight to conclude the day's activities. The band plays country/western plus a wide variety of other music. A number of advance tickets have been sold but tickets will also be available at the door.

The WCCCD is anticipating a large crowd at the park on Saturday. Bring a blanket, lawn chairs, etc. and spend the day at these family activities!

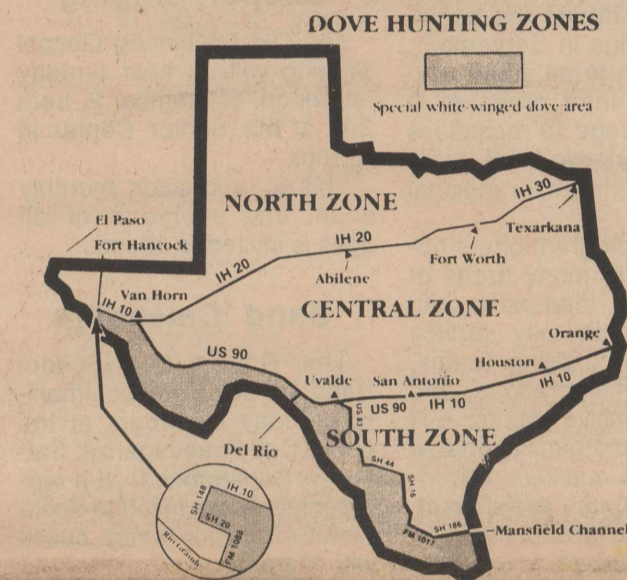

## Fall hunting regs listed

The Texas early hunting season for migratory birds, which includes all dove species and teal ducks, will

open Saturday, September 1. The teal duck season has been closed for 1990 in light of drought in the breeding ground areas.

Coke County is in the central dove hunting zone in which the Texas Parks and Wildlife Department made some changes in the hunting dates for 1990-91. Mourning dove fall season opens September 1 and closes October 24, 1990. The 1991 winter season is scheduled for January 5-20.

Migratory hunting laws have always differed slightly from other hunting rules. The shooting hours for mourning

doves are 1/2 hour before sunrise to sunset with a daily bag limit of 12. Shotguns must be plugged back to a 3-shot capacity. Law prohibits baiting migratory birds. Standing crops or feed present in normal agricultural activities are not considered baited areas. Texas hunting licenses are required.

In south Texas, white-winged dove hunters will find that season limited to 2 days, September 1 and 2. They must purchase a \$6 white-winged dove stamp for those

2 days, in addition to their Texas hunting license.

State hunting license expire on August 31, 1990. When purchasing your license prior to Saturday's opening day, pick up a migratory game bird brochure and the 1990-91 Texas Hunting Guide and read them through. Chances are you will see some facts you were not aware of. Refer to these guides for information or call Coke County Game Warden Sparks Burdett of Robert Lee with your questions.

## Adopt-A-Spot at Bronte

The Bronte Chamber of Commerce is announcing an "Adopt-A-Spot" program in the Bronte area.

Local civic groups and individuals are asked to contact Chamber Directors for a location available for adoption. Areas needing attention range from very small locations that need only weeding to medium areas that need mowing or trimming.

The corner at Main and Washington (see photo) involved weeding and one planting of zinnias and moss

rose, and occasional watering. Local citizens and tourists have commented all summer as to how nice it looks.

The Cactus League issued a special challenge to other local civic groups to join the Chamber in this endeavor. Contact any Chamber Director for more information. Chamber Directors include Earlene Alexander, Royce Lee, Chester Wilson, Garland Richards, Martin Lee, Mike Hartman, Pat Martindale, Jolene Barrett, and Susan Arrott.

This corner at Main and Washington has enjoyed the work of Cactus League volunteers this summer and has begun the "Adopt - a - Spot" program.

**WCCCD minutes posted**

The Labor Day Extravaganza wrap-up planning took up much of the agenda at the West Coke County Community Development meeting last Monday night. It promises to be a much larger event than expected and a full day's work is ahead for members after 3 months' planning by chairman Jo Runnion and committee heads.

The organization is attempting to develop some aggressive self-help tactics for promoting West Coke County. On September 17, Marsha Stabel of Menard will present a program at the WCCCD meeting concerning some downtown projects. On October 8 and 9, an economic development program will be conducted in Robert Lee by Dr. Don Stebbins, Texas A&M Extension Service.

Elane Francis, chairman for the WCCCD's upcoming highway cleanup on the group's 2 mile responsibility, said participation in the "Great Texas Cleanup-Greenup" on September 15 will begin early that Saturday morning. Members should be on hand to get reflective vests, trash sacks, and seeds.

Francis also introduced some proposals involving recommendations for possible pay increases for sheriff's department employees. A group discussion followed and volunteers offered to look into a presentation to commissioner's court.

A membership drive contest was installed with Speedy Brasuell and Joan Davis as group leaders with the deadline for September 17 when the group will meet in general session.

## Families host "back to school" party

On Friday, August 24, 1990, Mr. and Mrs. Steve Oleksiuk and Mr. and Mrs. Roy Epperson were hosts for a "Back to School" party for the 1991 Senior Class of Robert Lee High School. All of the 21 returning seniors, family and a guest were invited to the festivities at 1121 Euel, Robert Lee.

## Longhorns scrimmage at Menard

Hello again Sports Fans, it's time for the new 1990 Bronte Longhorn football season. Get your Longhorn Spirit ready for an exciting season. Enthusiasm is very high among the players and coaches because the combinations of talent, ability, the experience and leadership of the upper classmen and their mentors will make a winning season.

The Longhorns traveled to Menard last Friday evening for their first scrimmage of the season. The scrimmage consisted of 20 plays offense and defense with the first team, 15 plays offense and defense with the second team, and then 15 plays offense and defense with the first team. The coaches were also on the field to give instructions and answer questions between each play.

It's been a long two weeks of two-a-days and now they get to show themselves and the coaches what they have learned. The Horns took the

first offense session and moved the ball well. With six plays left, they connected on a 48 yard touchdown pass play. Five plays later they scored on a 44 yard run. There are not any names to go with yet, because scrimmages do not have numbered jerseys.

Now it is Bronte's first defense. Menard tested the horns on the ground game and through the air. The executed well holding Menard two times to make them score on fourth downs from the 2 yard line and the 14 yard line when they finally scored twice.

The second team got the turn and moved the ball impressibly on the ground to score a touchdown on their tenth play. The second team defensive held Menard to

only one first down to shut them down.

The third series of fifteen plays had the Longhorn first team on offense again moving the ball on the ground game using eleven plays in the drive to score from the three yard line. Now it was time for the Horns defense to stand tough. The secondary was really tested this series as Menard completed 4 for 52 yards and had nine rushing plays for 14 yards. The Horn defense was facing Menard's offense with a 1st and 5 on the 5 yard line. The Horns stopped Menard 5 times from scoring, even with a pass interference replay. Good job, Horns.

The Longhorns will play Wall Thursday night in another scrimmage at the Longhorn Stadium in Bronte. Come out and support them! Go Horns!

## Volleyball season opens

Volleyball season opened with a bang Tuesday afternoon when Big Spring came to Bronte for Junior Varsity and Varsity action.

Taller and more experienced than Bronte's young JV, Big Spring took the first game 15-1. Amber Bairrington scored the Horns single point.

Game 2 saw a more even contest as Bronte gained confidence. The score saw-sawed until the Steers won 15-10.

Vanessa Halstead scored 1; Tamara Richards - 1; Misty Mackey - 6; Marcia Reyes - 2.

Big Spring Varsity packed a big gun offense catching the Lady Longhorns off guard in the first game.

The Steers raced out to a 10-0 lead before the Horns regrouped and began their comeback. The Steers held on for a 15-12 win.

Game 2 was neck and neck all they way. Blocks and kills were traded back and forth until the Horns managed the last two points to win 15-13.

Game 3 saw the Horns take a 6-1 lead, but Big Spring chipped away until they tied it up at 6-6.

The Longhorn block shut down the Steers heavy hitters and won 15-9.

Thursday, the Ladies played Sweetwater. The JV played with more composure and captured the 1st game 15-4. Bairrington and Blair led the serves with 6 and 7 points respectively.

Game 2 was a nailbiter going down to the wire. However, Sweetwater managed the 17-15 win.

The Longhorns pulled it together in Game 3 for a relatively easy 15-6 win. Their record is now 1-1.

## Gibbs hosts Cactus League

Cactus League members, new and old, resumed their monthly meetings on Monday evening, August 20th, at the home of Sharon Gibbs. Everyone, including those on a diet, enjoyed a wonderful meal of all kinds of tasty salads.

Business taken care of after supper included the revealing of secret sisters and then the drawing for new ones for the upcoming year. Plans are in the making for the Fall Festival to be held at the school again in October. A special week has also been set aside in September, the 10-14, in which all members are encouraged to wear their snake boots and come on out and pick up trash along the highway. Then on Saturday, the 15th, come on out again, only this time to spread wildflower seeds.

The next meeting is scheduled to take place on Monday, September 10th, 7 pm at Cumbie & Arrott. See you there!

## Band members enjoy week camp

Monday, August 6, forty-two members of the Bronte Longhorn Band met at the band hall to begin their first day of a week-long band camp.

They divided into teams to play beach volleyball with the overall winning team being Justin Phillips, Billy Magness, Darrell Lucas, Brian Arrott, and Jason Cooper.

Eboni Taylor was awarded first place in the "Hairy Legs Contest". She had a lot of stiff competition from members of the Longhorn Football Team.

The band camp ended Friday evening with the band presenting a mini-concert in the band hall.

## Cumbie, Copeland named

Ed Cumbie of Bronte and Daryl Copeland of Robert Lee have been appointed area chairmen for the 31st annual Cattlemen's Round-Up for Crippled Children, according to James (Jim) Alexander, general chairman.

These Coke County supporters are two of 225 volunteer chairmen statewide assisting the CRCC fundraiser which benefits West Texas Rehabilitation Center in Abilene and San Angelo.

"Livestock donated by ranchers is collected at designated points in each community and transported to the auction site," Alexander explains. "The local chairman's job is to make a personal pledge, then ask others to join him in this 'neighbor-helping-neighbor' drive which has a goal of \$183,000 this year."

Proceeds from the Round-Up activities are converted into treatment dollars which provide out-patient services for 13,500 adults and children

## UMW salad supper hosted by Dunklin

The United Methodist Women of Robert Lee held their first meeting following summer vacation on Wednesday evening, August 22, at the home of their president, Lois Dunklin. The meeting was a salad supper and Nina Brewer, Dianne Simpson, and Laura Herford assisted the hostess.

After the delicious meal, the president conducted a business meeting. The San Angelo District Annual Meeting will be held September 15 in Sterling City. Some of the items discussed concerned the Candle Burning Service for missions, being a 5-Star Unit, giving a Special Mission Recognition, hosting the September Birthday Party at the nursing home, and the Reading Program.

Dell Parker presented the program, "The Power of Love." She was assisted by Dianne Simpson and Laura Herford.

Guests present were Mary Bessent, Ava Lou Davis, Mary Tubb, and Kary Wilshusen. Other members present were Emma Lee Bickley, Irene Newell, Fay Roe, and Pauline Vaughan.

"If ranchers sell stock at other times of the year, Alexander adds, "we hope they will make a pledge now and later ask local auctions to send the Rehab Center a check when the stock does sell."

Persons wishing to make a donation of livestock or cash, or those needing to arrange for transportation of animals should contact their local chairman or call the nearest WTRC facility -- Abilene at (915) 691-7200 or San Angelo at (915) 949-9535.

## Personal

Sondra Hester of Robert Lee returned Monday from a week's vacation to Ruidoso, New Mexico with her daughter and family, Mindy and Bimbo Wright and Danya and a friend, Stephanie, of Gardendale. Jeb Wright visited his friend, Jeremy Burns, in Robert Lee.

While in New Mexico, the vacationers toured the Space Museum and Planetarium in Alamogordo, White Sands

Proving Grounds, Bonito Lake, the Inn of the Mountain Gods, the Indian Petroglyphs and horse stables near Three Rivers, as well as Lincoln, the home of Billy the Kid.

They also went to the horse races in Ruidoso and got in a couple of days trout fishing in Eagle Creek Lake.

They were camped about 2/3 of the way up Ski Mountain and found the days warm and nights very cool. They had a wonderful time.

## The ABC's of Back-to-School

The lazy days of summer are over and the back-to-school race is here.

Running to school in the morning or from school in the afternoon, children run the risk of injury.

"Head injury is among the most dangerous of injuries, especially for children," according to Dr. James Wasco, medical director for the New Medico Head Injury System. "Any injury to the brain can significantly impair a child's ability to learn, concentrate or remember information and this can have a damaging effect on a child's development."

Before you send your children back to school, outfit them with a few safety reminders.

### Walking to School

Most pedestrian accidents are the fault of the walker, not the driver, according to the National Safety Council, so:

- Be sure to allow enough time for your child to get to school without rushing.
- Plan your child's walking route to minimize the number of street crossings.
- Teach your child always to use sidewalks and to cross at crosswalks. Where there are no sidewalks, have your child walk

facing traffic, so the child can see oncoming cars.

### Riding the School Bus

Although school buses are much safer than family cars, statistics indicate that 40 students die and 7,000 are injured each year in school bus accidents. The majority of these accidents occur outside the bus, when students are boarding or exiting.

- Have your child wait for the bus to stop completely, then board carefully, using the handrail.
- Tell your children to take their seat quickly and stay in that seat for the entire ride — never putting head, arms or hands out the window.
- Teach your children to cross at least 10 feet in front of the bus so the driver can see them.

If you need more information about head injury and rehabilitation, call the New Medico Head Injury System at 1-800-CARE TBI, ext. 3070.

"Going to school without parents is a sign of a child's independence," said Dr. Wasco, "but children must learn that practicing safety is a prerequisite for independence."

### VA Questions

**Q.** Can I get a release of liability from the VA if a non-veteran assumes my VA-guaranteed home loan?

**A.** If the buyer meets with Department of Veterans Affairs approval, you may be released from liability.

**Q.** My spouse and I do not live together, neither do I contribute to her support. Can I claim her as a dependent on my pension claim?

**A.** No. A pensioner can claim a dependent spouse only if living with that spouse or, if separated, contributing to the spouse's support.

## Nat'l. Grandparents Day

Grandparents have always been valued for sentimental reasons. For most Americans, they are living symbols of cultural traditions, family history and moral values passed along through the centuries. But they're more than just symbols. Recent social changes are bringing today's grandparents back into the mainstream of life as workers, providers, child-rearers, and political leaders.

National Grandparents Day, which will be celebrated September 9, gives Americans a chance to honor their grandparents for all of their contributions, both traditional and current.

National Grandparents Day has been an official national day of commemoration since 1978, but it hasn't yet achieved the public recognition of Mothers or Fathers Days. According to Texas Department on Aging spokesman Allen Baca, that is beginning to change.

"A special day for grandparents is an idea that appeals to nearly everyone," Baca said. "We began promoting the holiday heavily when we first heard about it five years ago, and the response to a special day for grandparents just took off like crazy."

"I've noticed that a lot of greeting card sections in variety stores and supermarkets are featuring special Grandparents Day sections, which is really gratifying to us."

Baca said the recognition is overdue for older men and women whose contributions to society continue long after retirement and their children's establishment of their own families.

"Grandparents are more important than ever to their families, and to society. Many of them are taking care of grandchildren for their working children. A significant number of grandparents end up with custody of grandchildren after their children's marriages dissolve."

### Brockett named to all-star team

Jason Brockett of Houston, 12 year old grandson of Louvenia Rees, Bronte, and son of Marla (Rees) Brockett, formerly of Bronte, recently completed playing 7 years of Little League Baseball in Houston (and was also selected to play on the 1990 Braeburn All Star Team). During those 7 years, Jason played on several different teams with various coaches and players but was fortunate enough to have been on a First Place Team for 6 years out of the 7 years that he played baseball. Jason says that it almost seems like a dream when he looks at the six First Place trophies that he has accumulated as keepsakes! Jason played numerous positions but finished up his Little League career this spring by playing catcher for his team.

Mrs. Rees' younger grandson, Kevin (age 10), just completed his 5th year of Little League Baseball and was also the catcher for his team this spring.

The role of seniors in the economy and workforce has also changed in recent years, Baca noted.

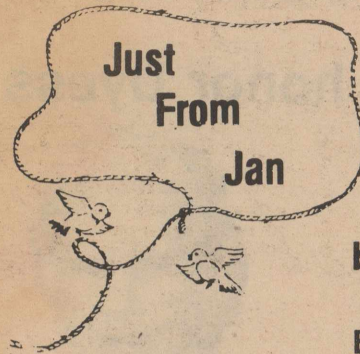

"It takes an increasing amount of family income to maintain a decent standard of living these days, so a lot of grandparents are rejoining or staying in the work force after they turn 65. They do it to supplement their own income, or to help support their adult children, or sometimes both.

"The truth is, most grandparents are far from the burden on their families they're sometimes thought to be. Their contributions are important - and often essential - to their families' economic survival."

Most people, though, would probably say their grandparents' greatest contributions are gifts of themselves like good advice, love, emotional support and a sense of family identity.

"We're urging everyone with living grandparents to take time to get in touch with them, and to let them know they're appreciated," Baca said. "This can be done individually, or by groups such as schools, civic groups, local governments, nursing homes or senior centers. We've found that intergenerational activities - those that give young people and seniors a chance to be together - have been especially successful."

"It's very easy for the elderly to feel forgotten or taken for granted. National Grandparents Day is a perfect time to show them that we remember, and that we care."

Eating alone isn't unusual. Teenagers do it after school, employees do it when they're staying late at work and singles of all ages do it almost every day.

Eating alone and eating nutritiously do not have to be two separate things. With a little planning -- even if that planning only goes on in your head -- you can make sure you're getting a balanced diet.

Here are some ideas to make "meals for one" more convenient, enjoyable, and nutritious:

- Take advantage of the single-serving frozen entrees, soups, cereals and other products on the market. They may be more expensive, but can save money if you are not good at eating leftovers and therefore waste food.

- Items that work especially well for single servings include chicken and turkey cutlets, chops, steaks and fish and seafood that can be purchased in small quantities. These foods are a major source of protein and can be prepared quickly and easily in single serving sizes by broiling the meats or poaching the fish.

- Set aside an evening or afternoon to do quantity cooking for future meals. Package, label and freeze in single servings.

- If a recipe serves two or more, one serving should go on the plate and the rest should be put in the refrigerator or freezer immediately. This will help you avoid overeating.

- Heat-sealed freezing/cooking pouches are good for storing leftovers. They are reheated in boiling water or a microwave, which saves time and cleanup.

- If you have a good cafeteria available at work or school, or you go to business lunches, eat your big meal at noon. Then you can have a lighter meal that requires little preparation at home.

### VA Questions and Answers

**Q.** Is there a toll-free number for the Department of Veterans Affairs Insurance Center?

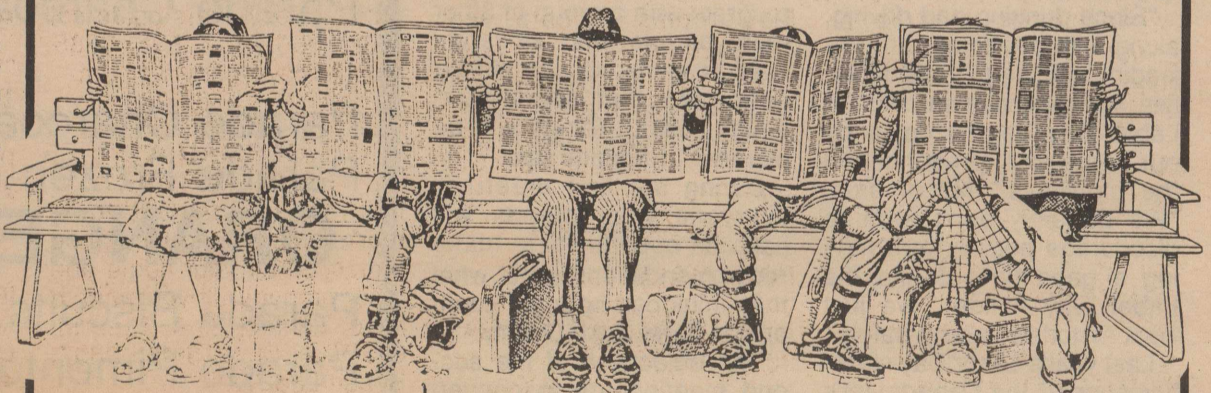

**A.** Yes. You can call the VA Insurance Service at 1-800-422-8079 if you have questions or need any service performed on your VA insurance policy.

**Q.** Are common-law marriages recognized by the Department of Veterans Affairs?

**A.** Yes, if the relationship was established in a state that recognizes common-law marriages.

## Reception to honor Dyess

Mable Dyess will be honored with a reception upon her retirement from Joni-Lynn Sportswear of Bronte. The reception will be held at the store at 121 N. State on Wednesday, September 5th from 9 - 11 am, hosted by the owner, Shirley Denton.

Mable, age 76, began her employment with the company nineteen years ago. She worked as a seamstress and salesclerk and has been a faithful and dedicated employee. She has lived in Bronte for 24 years. She is the mother of six children, two of whom live in or near Bronte. They are Royce and Buddy Dyess. She has 18 grandchildren and 22 great-grandchildren. She states she has no specific plans for retirement, but will probably do more visiting with friends and relatives.

The public is cordially invited to come by for refreshments and a visit with Mable on her special day.

### DPS estimates less fatalities

The Texas Department of Public Safety has estimated that as many as 40 persons could be killed in traffic accidents across the state during the 78-hour Labor Day holiday period.

"Last year during this end-of-the-summer holiday, 48 persons died in traffic accidents, with another four persons dying later of injuries received during that time," said DPS Director Col. Joe E. Milner. "Our estimate for this year is below that final count of 52, and we hope the actual number of deaths this year will be much lower than this estimate."

The holiday counting period begins at 6 pm Friday, August 31 and continues until midnight on Monday, September 3. As it does each Labor Day, and on certain other major holidays, the DPS will have all available Troopers on the highways to ensure that motorists have as safe a holiday as possible.

"Since drinking and driving, along with speeding, are the leading causes of traffic fatalities, we hope we can hold the Labor Day deaths down by our increased presence on the highways," Milner said. "We certainly don't want to discourage people from having a good time during the Labor Day holiday, we just want motorists to drive safely."

Last year's Labor Day statistics support the Department's concern over drinking and driving and excessive speed. In 1989, 62% of those killed in Labor Day holiday traffic accidents died in mishaps connected either to alcohol or driving too fast.

"Something else our Troopers will be watching for during the Labor Day holiday period is whether motorists are wearing their seat belts," said Dudley Thomas, chief of the DPS Traffic Law Enforcement Division. "Last Labor Day, 77% of those victims who were occupants of cars or light trucks had not been wearing restraints when they

Mable Dyess

were killed. The message is obvious: Seat belts save lives."

As in past years, the DPS will issue periodic reports on traffic fatalities throughout the Labor Day weekend.

### RL sets economic development meet

An economic development planning program is scheduled for Robert Lee on October 8 and 9.

Dr. Don Stebbins, an economist that will coordinate the program said, "the main purpose of the program is to help local people focus their attention and energy on economic development projects that they select and plan."

The planning procedure that will be used is part of the community development program of the Texas Agricultural Extension Service. Stebbins developed the program because he was getting a large number of questions from people in rural communities about how to get started in economic development.

A sufficient number of local people who are willing to work on economic development is the most important ingredient in a successful economic development program according to Dr. Stebbins.

"It's been my experience that, if we can conduct the program with a group of 30 or more people who sincerely want to work, we can almost guarantee that some interesting, useful things will be planned," Stebbins said.

During the first meeting, everyone who attends will have an opportunity to make recommendations about what they think can help the economy in West Coke County.

The objectives of the second meeting are to convert the top ranked recommendations into workable goals and develop an action plan for each task force that people decide to work with.

Robert Lee needs some help. This is an excellent chance for us to become actively involved in a program that has been successful in other areas.

The West Coke County Community Development and Coke County 4-H Extension Service, co-sponsors of the program, feel like this program can be successful in Robert Lee which is full of resourceful energetic people.
