## Hayrick Lodge celebrates centennial

The oldest fraternal organization in Coke County, Hayrick Lodge No. 696, A. F. & A. M. in Robert Lee celebrated its 100th anniversary, January 11, 1991. One hundred eighty-one (181) people from 21 Texas cities gathered in the Robert Lee School Cafeteria to enjoy the program and a delicious barbecue meal prepared and served by the members of Hayrick Lodge and Robert Lee Eastern Star Chapter No. 187.

The program began with the Welcome by Kevin Roe, Worshipful Master, serving as Master of Ceremonies. The Invocation was given by Robert (Bob) Large, Past Master of Hayrick Lodge and Past D. D. G. M. of the 77th District. Mr. Roe recognized County Judge Royce Lee and wife Betty, also Jackie Walker, Mayor of Robert Lee, and several others, then introduced John Fredrick Simpson of Mertzon, District Deputy Grand Master of the 77th District. Mr. Simpson, in turn, introduced the other Grand Lodge Officers. Prominent among high-ranking Masons introduced were Fred E. Allen of Mt. Pleasant, Most Worshipful Grand Master of the Grand Lodge of Texas; Aaron O. Ventress of Tyler, Grand Marshal; and Burnis Covington

of Mesquite, Grand Senior Deacon.

The program continued with the History of Hayrick Lodge given by John Carver, Secretary. It was organized Decem-

ber 11, 1890. Mr. Roe introduced Jeffie Roberts, Worthy Matron of Robert Lee Chapter No. 187, O. E. S., who intro-

## Lions plan flag program

The Bronte Lions Club's flag display program will be in effect again in 1991.

Lions Club members place the flags in designated holders at least six times a year. The annual fee to the recipient is \$20.

The signing of agreements will begin in February. It would save time if interested parties would call C. B. Barbee at 473-3261. The Club owns

about 100 flags. After they are obligated, there may be a slight delay in obtaining additional ones.

Some favorable comments have been received about the impressive display on the day the flags are flown. The Club wants to promote national patriotism and feels that with the critical situation that exists, patriotism should be emphasized.

## Rehab nets over \$4,000

Leta Caston, chairman of the local Rehab campaign last Saturday evening, announced Tuesday morning that results topped last year's contributions. The annual fundraiser netted \$3,088 from 103 donors in 1990 while the current campaign gained \$3,524 by 143 contributors. Early reports showed that Robert Lee residents mailed in an additional \$615, upping the total to \$4,139.

The West Texas Rehab local phone bank was again held at Ivey Motor Company. Manning their two lines were '64 Study Club members plus a good group of volunteers.

Mrs. Caston related that according to result totals from other area communities, Robert Lee compared favorably and the response was good news at this time of depressed economy.

Dignitaries attending the Hayrick Lodge 100th Celebration include Burnis Covington (l-r), Fred E. Allen, Kevin Roe, and Aaron O. Ventress.

duced Nancy Allen, Past Grand Matron of Texas and other Eastern Star Grand Officers. Mrs. Roberts brought greetings and gave some history of the Chapter which was organized March 31, 1903. She introduced her husband, Bobby Roberts, who is serving his ninth term as Worthy Patron of the Robert Lee Chapter and also is Past Master of the Hayrick Lodge twice. Billy Wayne and Dolores Roe, Past Patron and Matron of the Chapter and Past Master of Hayrick Lodge and parents of Kevin Roe were recognized and asked to stand along with Kevin.

Mrs. Roberts read portions of a newspaper article from her scrapbook. The article was about the Hayrick Lodge 75th Anniversary on December 16, 1965. It reflects that Kevin Roe's grandfather, the late A. H. (Buster) Jones, was serving as Worshipful Master of Hayrick Lodge at that time. Jeffie Roberts was serving as Worthy Matron, Bobby Roberts as Worthy Patron, and his dad, the late Alton Roberts, gave the benediction. The article stated that Jack Denman, Past Master of Hayrick Lodge and Past D. D. G. M., introduced the high-ranking Masons, one being the Most Worshipful Grand Master H. W. Fullingim of Odessa. Mr. Denman was also present for the 100th anniversary and recognized by Mrs. Roberts.

The Centennial program continued with Kevin Roe presenting the Honorable Fred E. Allen, Grand Master. Mr. Allen delivered an interesting address to the attentive overflowing crowd with the bright lights of a television station camera also focused

on the crowd. Mr. Roe presented an appreciation gift (the distinguished Holland Spur Tie Tack with the Masonic Emblem) from Hayrick Lodge to Bro. Allen.

The highlight of the evening was the special "Golden Trowel Award" presented by Bro. Allen. The recipient was O. B. Jacobs, Past Master of Hayrick Lodge. He received the award for his tireless efforts and work in the lodge as well as in the community.

A time capsule was on display to be filled with many valuable items and sealed for 50 to 100 years. A display of antiques prepared by Bobby Blaylock were enjoyed.

Patriotic and Masonic decorations carried out the theme for the celebration.

Worshipful Master Roe gave some closing remarks. The Benediction was given by Bob Large. The meal was served. Visitation and picture taking were enjoyed by all.

The group had an enjoyable time making V.C.R. pictures and visiting.

the day's program, the first of a three-part study: Gospel, Culture, and the Media. The first lesson was called THE MYTHING LINK, designed to help members examine connections between themselves and a media-infused culture versus our ministries as Christians. Each of Dianne's programs contain plans for discussion, questions, and activities to increase awareness of the power of media.

Any person who is interested in sitting in on the two re-

maining lessons is welcome to attend the meetings at 3 pm on Jan 23rd and Feb. 13th. (U.M.W. meets on the 2nd and 4th Wednesdays.)

As the meeting closed, Dell Parker presented a beautiful cross stitch sampler, which she had made, to the women of the U.M.W. and The United Methodist Church of Robert Lee. The sampler is on display in Fellowship Hall. Expertly done and beautifully framed, the poem by Helen Steiner Rice extolls the value of prayer.

Color loss ranks as a leading cause of damaged garments. Color damage may result from not following care label instructions, incorrect laundering procedures, incorrect labeling by the manufacturer or faulty dyes or dye application during manufacture.

Before buying a garment, check the permanent care label for instructions such as "wash separately" or "do not bleach." If you are not willing to follow the instructions, you should look for another garment or be willing to accept the consequences of incorrect handling.

After you have bought a garment, if you are concerned that it might fade, clip a small piece from a seam allowance or other hidden part. Dip it in water and watch for color change in the water or for colors running into each other if the fabric is a print.

Also, dry the test fabric and check it against the original color. Some dyes bleed excess into the first wash water but the color of the fabric does not change noticeably.

If the fabric is labeled washable, but your test shows that it will fade or run unacceptably, you have little recourse but to return it. Garments that

are labeled washable usually will not be accepted for dry cleaning because of the liability that the cleaner assumes if the care instructions are not followed.

Use the following pointers to minimize the possibility of color damage during laundering:

- Sort laundry into loads of similar color and degree of soil to allow the gentlest procedures appropriate for each load.
- Always wash nylon fabrics with like colors. Nylon is a color scavenger, readily absorbing any dyes released during laundering.
- Launder garments before they are badly soiled and need soaking. Soaking is hard on many dyes and may cause them to bleed or run.

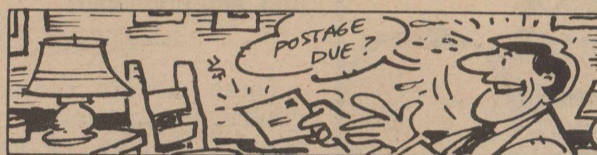

- Follow instructions about using bleach. Oxygen bleach or all-fabric bleach is safe for most colors but chlorine bleach may lighten or remove color. Some garments cannot tolerate any bleach.
- Use warm or cool water for washing. Hot water is harsher on dyes and may cause damage.
- Test any laundry products such as stain removers and

disinfectants on a hidden area of each garment. Some dyes are sensitive to these products.

- Always launder all pieces of an outfit together. Then, if minor color changes do occur, they will be even in shade.
- Wash items that fade with garments of similar color. Some fabric dyes such as true Madras and indigo-dyed denim are designed to fade in each laundering.
- Remove garments from the washer as soon as it finishes the cycle. Damp garments left in the washer may bleed dye onto each other, causing streaks and spots.
- Be sure to follow the care instructions for drying as well as for washing. Line drying may cause colors to bleed down a garment.

## Talley has club program

The '64 Study Club, TFWC, of Robert Lee, met in its regular 2nd Tuesday meeting January 8, at Bryan's Barn on Mess Box Creek.

President Opal Jacoby called the meeting to order and presided over a business meeting. After minutes were read and reports of committees heard and discussed, a report from the nominating committee was given and voted upon. The officers will begin their tenure in May, 1991. In the meantime, they will be studying to perform the duties of their offices.

Twenty-one members and one visitor enjoyed a program presented by Robert Talley, who is a certified grapho analyst from San Angelo. He is able to analyze a person's personality by examining his writing. His opinions are admissible in court cases to verify whether signatures are forged, or whether severe psychiatric conditions exist in the writer.

Talley dictated a sentence for those present to write, then he showed numerous ways people form letters of the alphabet, and told what trait of personality each disclosed. For example, open o's and a's indicate the person is a big talker. Looped ones indicate other traits. Club members thoroughly enjoyed sharing strengths and weaknesses they found in themselves and friends.

Hostesses Thelma Jo Hinard, Sue Millican, and Maxine Shaffer served delicious "finger-eatin'" items and hot spiced tea all of which seemed appropriate in the unique "Barn" with its cozy wood stove.

The group declared the evening to be "...great."

## Longhorn basketball results announced

The Bronte Junior Varsity Basketball Tournament was held last weekend with four teams entered.

The Longhorn JV took a close 36-31 victory over the Roscoe Plowboys in the first game.

Justin Stensby led the Longhorn JV with 11 points. Jay Parker added 7 points, Gary Bilbrey and Jason Cooper 6 points each, John Lewis 4 points, and Nathan Barnett 2 points.

This win put the Bronte team in the finals where they were matched against the Robert Lee JV Steers.

The game was a close one from start to finish with the opponents narrowly taking the win, 50-48. Bilbrey was leading scorer with 24 followed by Stensby with 8, Parker 6, Cooper 5, Barnett 3, and Jacob Golson 2.

Robert Lee took the first place trophy with Bronte second and Eden third in the boys' division.

In the girls' action, Robert Lee came in first, Bronte second, and Eden third.

Tuesday night, January 15, saw the Lady Longhorns defeat Garden City 61-32 in the local gym.

Taking scoring honors was Darla Scott with 23 points, followed by Eboni Taylor with 14. Also putting points on the board for the Ladies were Amie Parker with 8, Teresa Vaughn 7, Jami Morrow 6, and Alisa Richards 3.

With this win, the Ladies' district record stands at 2-1 and their overall record at 12-6.

### Johnson named to WTC Merit List

Russell Lea Johnson of Bronte was among 23 students named to the Merit List for the 1990 fall semester at Western Texas College in Snyder.

The Merit List is composed of students who are enrolled for at least eight but fewer than fifteen hours of college credit work and have a grade point average of at 3.5 on a 4.0 scale.

### Girl Scouts set cookie sale

From making change to acquiring self-confidence, Girl Scouts participating in the annual cookie sale learn skills and discover abilities they will use in later life.

Each troop sets its own goal, and the girls play a training game called "Going Places" before they go out to sell cookies. The game teaches them safety procedures and sales techniques. Proceeds from the cookie sale will help both individual troops and the local Council, which provides services and facilities.

As in past years, the Girl Scouts will offer seven different varieties of cookies. Orders are taken from January 16 to January 26 and cookies delivered between February 23 and March 9. Cookies may also be ordered by calling Leah Walker at 473-2096.

There are over 37 Girl Scouts in the Bronte area troops, ranging in age from 5-12. Since Girl Scouts have been selling cookies to support their programs for over 50 years, the cookie sale has become an American tradition.

Three players scored in double figures last Friday evening, January 11, as the Longhorns added another win to their district record by defeating Sterling City, 66-41.

Justin Phillips had a game high 24 points, followed by Sean Conway with 14 and Bill Windham 10. Justin took 10 rebounds, 8 assists and 6 steals. Conway had 5 rebounds and Windham had 5 rebounds, 8 assists, and 3 steals.

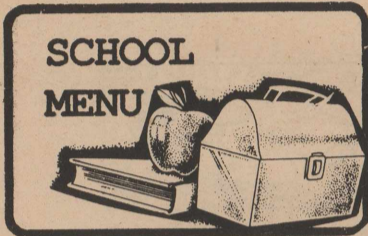

Jason Pierce added 8 points and had 8 rebounds, and 4 assists followed by Billy Magness with 6 points and 5 rebounds; Brandon Marshall, 2 points and 3 steals; and Shane Crumpler 2 points.

The team is now 2-0 in district action and 14-3 overall.

The Bronte Longhorns opened district play last Tuesday evening with a win over the Water Valley Wildcats, 66-43.

Justin Phillips and Sean Conway led the scoring with 15 points each. Phillips pulled down 11 rebounds, and had 6 assists and 7 steals. Conway took down 15 rebounds. Bill Windham added 14 points and had 9 assists and 6 steals followed by Brandon Marshall's 12 points, 4 assists, and 5 steals. Jason Pierce shot for 6 points and had 7 rebounds. Gary Bilbrey and Jason Cooper each had 2 points each.

The Longhorns' district record is 1-0 with a 13-3 record overall.

## Pioneer evangelist dies

Recently Dr. "Joe" Temple, pioneer radio and television evangelist and the dean of Abilene ministers, died in Baylor University Medical Center in Dallas. He was 73.

For more than 51 years, Temple was the host of "Lest We Forget," Abilene's longest running radio program.

He also was one of the first ministers to preach on KRBC-TV when it came on the air in 1953. Since 1966, he had hosted the weekly "The Living Bible Hour," the longest running program on local television.

Funeral services were held at Abilene Bible Church, 773 Butternut.

Officiating was Dr. Bob Jones, chancellor of Bob Jones University in Greenville, South Carolina, and son of the school's founder. Temple was a 1939 graduate of Bob Jones University and served as a trustee of the school for 40 years.

Burial was in Elmwood Memorial Park under the direction of Elliott-Hamil Funeral Home, 542 Hickory.

In an interview for a 1989 article marking his 50th anniversary as a local radio evangelist, Temple said retirement was the furthest thing from his mind.

"If the Lord permits I plan to never quit. I expect to stay busy right to the end," he said.

And that's exactly what he did.

On Sept. 30, 1990 Temple presided at a dedication service for "Another Bethel," a prayer chapel constructed near his lake home at Lake Fort Phantom Hill and open to the public.

He offered to meet anyone at the chapel at any time for intercessor prayer, but he suffered a stroke after the service.

He was hospitalized for a week in Abilene, then improved enough to return home until Nov. 7, 1990 when he was transferred to the Dallas hospital where he passed away.

A native of East McKeesport Pa., Temple came to Texas in 1939 to preach an old-time cowboy camp meeting in Coke County. Some Abilenians in the audience persuaded him to come to Abilene for two weeks, and he preached "somewhere every night," he recalled. Also, E.P. "Doc" Mead, a prominent bakery owner purchased a week of time on Abilene's radio station, KRBC, and provided it to Temple.

"He said while they had me here they were going to use me all they could," Temple recalled.

By the end of the week, the popular speaker had started a career.

Initially, he had to do all his "Lest We Forget" programs live from studios atop the Windsor Hotel. When he started doing television devotionals in 1953, he also had to do them live from the KRBC transmitter site at Cedar Gap.

"There wouldn't be anybody up there on the moun-

tain but me and a cameraman and some wasps," he laughed.

By 1941, Temple's radio ministry was gaining popularity, but he said he still felt a burden.

"Camp Barkeley had opened up and young men were coming here by the thousands. I became concerned because there just didn't seem to be any place for these men to go that had a Christian emphasis," he said.

The tragic realization that many of the men would not come back from World War II led Temple to propose that something needed to be done.

He founded the Victory Service Center in part of a furniture store at 773 Butternut in May 1943. At first, he held Friday night and early Sunday morning Bible studies so as not to "compete" with local churches.

After the war, civilians wanted to continue worshipping there and persuaded Temple to be pastor. The name was changed to The Bible Center in 1946 and to Abilene Bible Church in 1980.

Temple's wife, Christine, also a Bob Jones graduate, taught the first Bible class at Abilene High School, 1940-43. She died in 1972.

Although he continued his radio and TV ministry - plus a spinoff, a world-wide audio tape and tract ministry, Dr Temple scaled back his local pulpit duties in 1983 when his son, Dr. Tim Temple, became senior pastor.

Temple is survived by two sons and daughters-in law, Dr. Tim and Janice Temple of Abilene, and Philip and Judy Temple of Greenville, South Carolina; five daughters, Joy Ross of Abilene, Faith (Mrs. Walter) Scarborough of Dallas, Hope (Mrs. Lynn) Dakel of Dallas, Joanna Temple of Brunswick, Georgi, and Susanna (Mrs. Greg) Peters of Ringgold, Louisiana; two brothers, Samuel C. Temple and Lloyd Temple, both of Pittsburgh, Pennsylvania, and 21 grandchildren.

## Choose the proper helmet

Wearing a bicycle helmet can help make the difference between a few scrapes and bruises or a serious head injury.

The American Academy of Pediatrics suggest that parents have their children start wearing helmets while they're still on their tricycles.

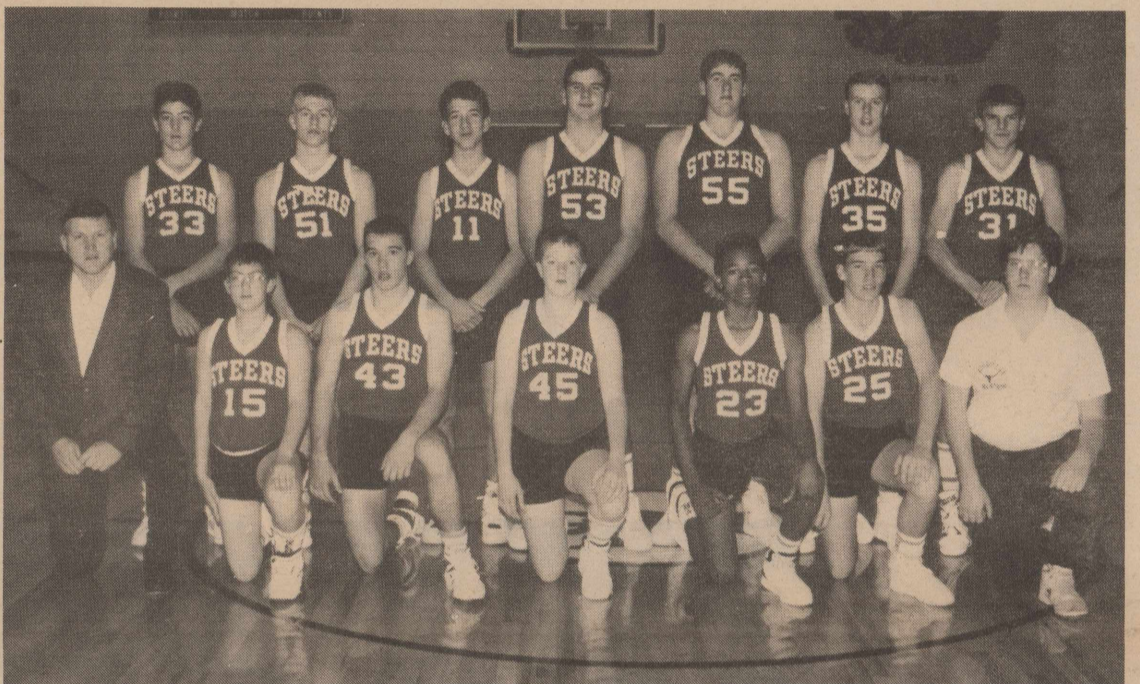

"Helmets are a very important piece of protection. Whether your child rides two miles to the park or just to the house two doors down, a helmet should always be worn," said Vicki Spillman, director of the Methodist Hospital Child Care Center.

The American Academy of Pediatrics provides the following guidelines for choosing the proper helmet:

- Choose a brightly colored helmet - for visibility - with an outer shell made of hard plastic or fiberglass - to resist impact.

**Letter to the Editor**

Dear Sir:

I am Bob Garner, Membership Director, of the Texas Chapter LST Association, Landing Ship Tanks, mostly known as large slow targets, amphibious ships of the U. S. Navy World War II to present date.

We are trying to find shipmates in your area for coming reunions. The shipmates I've located have had a wonderful time renewing old friendships. There are quite a few from Texas to be located. Our hopes are that by your printing this letter we may be able to reach some of them.

We hold two reunions a year, spring and fall. The national reunion will be held in New Orleans, Louisiana in September, 1991. For more information write: United States LST Association, P. O. Box 8769, Toledo, Ohio, or contact: Bob Garner LST461, HC 52 Box 362, Hemphill, Texas 75948, (409) 579-3732.

Any help that your paper can give us would be greatly appreciated by me and also anyone whom this letter may reach.

Sincerely,  
Bob Garner

**Elderly, young are more at risk with hypothermia**

When record-setting cold temperatures plunged into Texas last year, even the hardiest individuals needed shelter.

According to weather records, on Dec. 21, already cold thermometer readings began to fall through the 20s, the teens and single digits--even below zero in northern parts of the state. By Dec. 23, all of Texas shivered under a dense layer of arctic air.

Businesses and homes throughout the state suffered flooding from ice-shattered plumbing. Some towns endured power outages as heating systems worked overtime. Employers in some areas ordered workers to stay home to keep warm and protect their property. Crops in the Valley froze in fields and orchards, while freak snowfalls on the Gulf coast created traffic nightmares.

But the event was worse than just an expensive inconvenience at Christmas time. For nearly a week, the statewide weather emergency endangered anyone unable to find warmth, especially the elderly.

At least 14 people died as a direct result of hypothermia--excessive loss of body heat. And all but two of the victims were 55 or older. Officials at the Texas Department of Health (TDH) warn that even if the weather this winter is milder, a similar death toll from the cold still can occur.

Dr. Diane M. Simpson, TDH Associate Commissioner for Disease Prevention, said that extreme cold is dangerous to anyone, but some are more susceptible to hypothermia than are others. Small children are at risk because their bodies radiate heat faster than those of adults. The sick, and people who have taken certain prescription drugs or alcohol may lack resistance to low temperatures. The increasing number of homeless people are at further risk where temporary shelter is unavailable.

There are several reasons that the elderly may be more susceptible to hypothermia. Often their own basal metabolism has decreased

and they are also not very physically active. Also, they may not perceive cold as well as younger persons and may set their thermostats low. Older persons also may lose some natural reflexes such as shivering. In addition, some elderly are poor and are afraid of incurring high heating bills.

Dr. Simpson explained that hypothermia begins when the deep body temperature falls to 95 degrees Fahrenheit, just less than four degrees below normal. Because the drop can be gradual, such a temperature change can cause mental confusion. The victim may or may not be aware that anything is wrong. "Many victims die in their own homes, quietly oblivious to danger," Dr. Simpson said.

"Unless the hypothermia victim receives immediate care, drowsiness, slurred speech, falling blood pressure, shallow breathing and a bloated or pinkish tint to the skin develop. These symptoms are closely followed by unconsciousness and death."

Dr. Simpson stressed the importance of checking on older relatives and friends, especially those living alone, to be sure that they are staying warm during cold weather.

"We are concerned about the elderly and others known to be at risk of hypothermia, but even average people who are used to being out in the cold should never underestimate weather changes," she said. Such people should dress warmly in loose-fitting, layered clothing, gloves and face covering to block wind-chill.

Wind-chill is the term for the cooling effect wind can have on the surface of the skin. A brisk wind, combined with even moderately cool temperatures, can produce wind-chill far below freezing.

The National Weather Service uses the following table to calculate wind-chill, when the temperature and wind speed are known. To determine wind-chill, read down the column below the outside air temperature (top line of the table) to the right of the measured wind speed (left column).

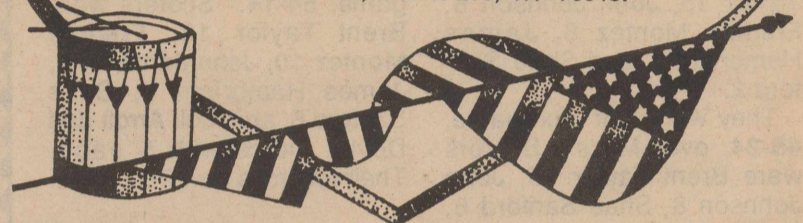

**Let's remember our servicemen...**

The crisis in the Middle East has far-reaching effects--not only in the nature of the crisis itself, but for the many servicemen and women who have been stationed there with the United States Armed Forces.

If you have a son or daughter or a husband or wife from Coke County stationed in Saudi Arabia or on board a ship somewhere in the Persian Gulf, the Observer/Enterprise would like to print their name and mailing address so that our readers can send letters and cards of encouragement during the time they are stationed so far away from home.

Send names and addresses to:
