

## Candidates File for Place First Primary Ballot

Two legislative candidates filed with the County Committee, when the seekers made application for a place on the primary ballot today was the...

## Dr. Ernest M. Kimbrough Dies Sunday After Being Stricken with Heart Attack

Dr. Ernest M. Kimbrough, 47, prominent physician and surgeon and member of a pioneer Haskell family, died at 7:35 p. m. Sunday in the Haskell Hospital, less than an hour after he had suffered a severe heart attack at his home. Apparently enjoying normal health, Dr. Kimbrough had spent most of the afternoon at home, and had gone horseback riding with his six-year-old daughter, Claire, a short time before becoming ill. Funeral services for Dr. Kimbrough were held at the First Methodist Church at 10 a. m. Tuesday, conducted by the Rev. J. B. Thompson, pastor. As a mark of respect to Dr. Kimbrough, offices in the county courthouse remained closed Tuesday morning, and classes in Haskell schools were dismissed until 11 a. m. A number of Haskell business concerns also closed during the hour of the funeral. A native of Haskell, he was born July 5, 1909, son of the late Dr. and Mrs. W. A. Kimbrough, and had lived his entire lifetime here with the exception of time spent in college and in the armed forces. After graduating from Haskell High School, he attended Texas A&M College, where he did his pre-medical studies, and later graduated from Baylor School of Medicine in Dallas. He did his internship in Hermann Hospital, Houston, and was resident house surgeon there until coming to Haskell in 1938 to engage in private practice here. He married the former Miss Bernadine Allen of Dallas, on June 30, 1938. Dr. Kimbrough and the late Dr. Gordon Phillips founded the Haskell Clinic in 1941 in which they were jointly associated. After entry of the U. S. in World War II, Dr. Kimbrough served in the Air Force as a surgeon, holding the rank of major. After the war he returned to Haskell and reopened the clinic, resuming his practice of medicine and surgery. Associated with Dr. Kimbrough in operation of the clinic are Dr. James F. (Continued on Page 12)

## Rev. Jack Jeter Resigns Pastorate At Pinkerton

Rev. Jack Jeter, pastor of the Pinkerton Baptist Church for the past year, has accepted the ministry of the Hillbun Drive Baptist Church, Dallas and he and his family will move to that city sometime next week. Rev. Jeter expressed his desire to thank their many friends in the area for their help and cooperation as well as the members of his congregation. "They have been wonderful to us. I have never pastored a better church," he said. Among the accomplishments of the church during Rev. Jeter's pastorate are included the re-finishing of the buildings, remodeling of the educational department, air conditioning of the building and expansion of the youth program. Before coming to Pinkerton, Rev. Jeter was pastor of churches in Plainview, and Happy, Texas and Everett, Washington. He is attending Southwestern Seminary in Fort Worth. (Continued on Page 12)

## "Western Week" Sets Stage For Roundup Opening May 17

### Dr. Frank Cole Spencer, John Hopkins Surgeon, Awarded \$30,000 Scholarship

Dr. Frank Cole Spencer of Haskell, assistant professor of surgery and surgeon in John Hopkins Hospital, Baltimore, Md., has received one of 23 scholarships awarded nationally by the Markle Foundation in its 1956 grants. The award designates Dr. Spencer as Scholar in Medical Science and carries a grant of \$6,000 annually for five years, for a total of \$30,000. The 23 Markle Scholars were selected from 49 candidates nominated by deans of medical schools, each of whom presented a five-year program for his academic career. The Markle program, now in its ninth year, is planned to afford academic security and financial security to outstanding doctors early in their careers. A native of Haskell, Dr. Spencer is the son of Mrs. Frank Spencer and brother of Mrs. George Tyler, both of this city. He received his doctor of medicine degree from Vanderbilt University in 1947, interned the following year at John Hopkins, and in 1948, was appointed a fellow in cardiovascular surgery. After residency in Los Angeles and two years Navy service, he returned to John Hopkins in 1953 for surgical residency and later appointment as instructor, in 1954-55. He was promoted to assistant professor of surgery in July, 1955. In April of this year, Dr. Spencer was appointed surgeon-in-charge of the Hospital's emergency department. (Continued on Page 12)

DR. FRANK C. SPENCER

Haskell and a majority of its residents will "go Western" this week in preparation for the approaching Rice Springs Roundup which opens May 17 for a three-night run under sponsorship of the Haskell Saddle Tramps. Providing colorful atmosphere for the rodeo event, Haskell businessmen and employees in all business concerns will wear some type of Western regalia in keeping with the theme of the occasion. To enforce compliance with "Western Week" a mock "calaboose" has been set up on the northeast corner of the courthouse lawn, and a Roundup "court" has been set up. Haskellites appearing downtown without some distinctive western item of apparel, tie, hat, boots, etc., may find themselves in the toils of the eager "kangaroo court" officials. Members of the fire department will begin stringing decorations in the business section Thursday or Friday, according to present plans, and the decorations will remain in place until after the Roundup. All work on the grounds and rodeo plant has been completed, and several details have been worked out to present a smooth-running schedule of rodeo events each night during the three-day show. The Saddle Tramps have contracted with Morris Stephens, well known rodeo producer, of Silverton, Texas, to furnish stock and handle the rodeo events. Stephens has advised officials that he will bring to Haskell some of the wildest and "roughest" rodeo stock he has ever assembled. Prize money and awards amounting to more than \$2,000 will be paid in the seven rodeo events, to make the Haskell show one of the major rodeos in this section. A colorful parade officially opening the 1956 Roundup is scheduled at 4 p. m. Thursday, May 17. Composing the parade will be color bearers, officers and members of the Saddle Tramps, the (Continued on Page 12)

### Western Week 'Law' Becomes Effective Friday

The Saddle Tramps are getting anxious to use that little jail house on the northeast corner of the square and so have set Western Week up to Friday, May 11. The rumor, according to the proverbial "reliable source," goes that there will be some prize catches in town Friday and Saturday. The Tramps, generous souls, want to see that no one's neglected. Better find a Rice Springs Roundup tie quick lest you be singing "East is east, and west is west and the wrong one I have chose." Or maybe longing for "the wings of an angel." John F. Ivy, local insurance man, will be Judge "Roy Bean." His sheriff will be Shelley Royall, the deputy, Halie Chapman and they will have several assistants, selected from the ranks of the Saddle Tramps.

## City Will Extend Cemetery Water Line; Ordinance to Control Rabies Adopted

The City Council has agreed to tap a water main near Willow Cemetery to increase water facilities at the property and passed an ordinance requiring owners of dogs to inoculate the animals against rabies at a meeting held Tuesday evening. The Cemetery Association represented by R. C. Couch, Sr., Joe Maples and F. L. Peavy appeared before the council to ask that the city increase the water supply to the cemetery as the water currently available to them is inadequate to properly care for the cemetery lots. The council agreed that the city shall tap a 6 inch water main at the intersection of Ave. H and 7th Street. Pipe will be laid across the street North with a 2 inch pipe near the southeast corner of the cemetery property. Thence west to the fenced southeast corner. From this point west the city will dig approximately 670 feet of ditch to the west gate on the south side of the cemetery. The city will do all the labor with cost of materials to be paid by the Cemetery Association. Estimated cost to the city for this project is \$468.36, city officials said. The council also passed an ordinance relative to stray dogs and dogs running at large in the city of Haskell. According to the new ordinance all dogs running at large must be given an inoculation against rabies as well as the annual license tags required by the city. This ordinance will apply to all dogs within the city limits. An ordinance passed in 1909 requires that all owners of dogs must purchase a city license tag each year but no provision was made for the Rabies vaccination. Also under discussion by the council was an ordinance to regulate disposal of gin trash within the city. Ordinance of other cities in the area, for the purpose of eliminating gin smoke and trash, were discussed as to the possibility of revamping them to suit local needs.

## Post Office Move Due When Fixtures Are Installed

All the fixtures for the new post office building have arrived and are on the premises, according to Harold Spain, postmaster. As soon as they are installed the move will be made to the building on the south side of the square, he said. A traveling mechanic will be dispatched from Washington, D. C. in the near future to install the equipment. Mr. Spain said he notified Washington Friday that the equipment had arrived. The dedication and open house will be held as soon as operations begin after the move, he stated.

## Haskell Postmaster Named Director in Postal Association

Harold Spain, Haskell postmaster, will attend the Texas Chapter, National Association of Postmasters convention in Lubbock May 13-16 where he will be installed as a director in the 19th Congressional District. Principal speaker at the meeting will be the Hon. Norman R. Abrams, Assistant Postmaster General, and Gerald Cullinan, Confidential Assistant to the Postmaster General. The meetings will be held in the Lindsay Theatre and the Caprock Hotel.

## Weinert School Sets Closing Exercises

Clyde Childress, son of Mr. and Mrs. C. C. Childress, is the valedictorian of the 1956 graduating class of Weinert High School. His grade average for the year is 93.5. Bob Sargent, son of Mr. and Mrs. Chas. Sargent, is the Salutatorian with a grade average of 91.1 for his four years of high school. Neida Jetton, daughter of Mr. and Mrs. T. W. Jetton, is the high ranking girl with a grade average of 93.9. The baccalaureate exercises for the class of 1956 will be held May 20 in the high school auditorium. The sermon will be delivered by W. T. Walton, vice president of H-S-U, Abilene. Commencement address will be given by Dr. Gordon Bennett, executive vice president of McKinney College, Abilene. Processional and recessional music will be played by Danny Earle. Members of the 1956 graduating class are Clyde Childress, Bob Sargent, C. W. Drinnon, Billy Boykin, Doyle Boykin, Jimmy Reeves, Jackie Therwanger, Fred Wiggins, Coulla Mayfield, Neida Jetton, Peggy Rose, June Wren, Martha Sanders. A. H. Wair of Graham, former resident here, visited friends in Haskell Tuesday and attended the Democratic county convention.

## Donkey Baseball Game to Be Played at Fair Park May 15

A Donkey Baseball Game, using trained animals of the Houston Rock and Roll Donkey Baseball Club has been booked as a pre-Roundup attraction for sport fans of this section. High School football coach Jess Stiles announced this week. The game, with HHS Seniors and Juniors composing the opposing teams, will be played at Fair Park Field Tuesday night, May 15, starting at 7:30 o'clock. Jerry Larned has been appointed captain of the Senior team, and David Duncan will captain the Junior group. Donkeys the players will ride have been specially trained for their role in the game, and are guaranteed to provide plenty of trouble for their riders along with a multitude of laughs for spectators. In addition to the baseball game, several special attractions will be presented, including a clown and his trained donkey and a dog in a 45-minute performance. Other features will include a donkey race for the Junior High School boys, with an attractive trophy going to the winner. One-half of the proceeds from the game will go to the HHS Athletic Department, Coach Stiles said. Fans attending the attraction, in addition to getting more than their money's worth in amusement, will be helping a worthy cause. Since Interscholastic League suspension of conference football during the 1955 season, the non-League games to be played cannot hope to attract normal gate receipts. They will result in a serious deficit in the athletic fund, making these special events necessary, Coach Stiles explained. Because the game comes during Western Week and in advance of the Roundup, sponsors are planning to make it a worthwhile entertainment feature as a prelude to the three-night rodeo events. A parade is planned for 4 p. m. Tuesday through the business section. The HHS Indian Band will lead the parade, and prominent Haskell citizens will ride in the parade on the donkeys which will be used in the night's game.

## Singing at Jud Postponed Until Sunday, May 20

The Singing Convention scheduled to be held at Jud the second Sunday of May has been postponed to the third Sunday of May according to Truett Cobb, president of the organization. The reason for the change in dates is that Mother's Day falls on the second Sunday also and it was felt that many would have plans made conflicting with the Singing Convention date, Cobb said.

## Oris Gibson Will Play in East-West Grid Classic

Oris Gibson, all-state tackle on the Haskell Indians 1955 football team, has been selected to play on the East team in the annual East-West football classic at Childress August 17. Coaches for the East team will be Sammy Baugh and Abe Martin. Gibson, outstanding member of the Indian regulars, was named on both Abilene and Wichita Falls all-area teams, and received honorable mention for all-state. Three members of the Weinert Matrons Club, Mrs. C. T. Jones, president, and Mrs. W. A. King, vice president, and Mrs. Fred Moske were in Dallas this week attending the annual convention of the Texas Federation of Women's Clubs.

## "Miss Haskell County" Will Be Named at Texas Theatre May 15

Beauty and talent will be in the spotlight at the Texas Theatre Tuesday evening, May 15, when judges will bestow the title of "Miss Haskell County of 1956" on the winner selected from between 40 and 50 girls and young women nominated by business concerns of Haskell and Haskell. The beauty and popularity revue will be held on the stage of the Texas Theatre, and in addition several special features and the regular film attraction will be shown. The annual contest is sponsored by the Texas Theatre, with the Progressive Study Club cooperating in enrolling nominees for the title. Winner of the "Miss Haskell County" title will be awarded an attractive loving cup and a one year season pass to the theatre. Valuable second and third place awards also will be made. A dress rehearsal for all young women nominated will be held at 10 a. m. Saturday at the Texas Theatre under supervision of the Progressive Study Club. All nominees should be present at that time. Business concerns sponsoring nominees include: Rochester-Mansell & Smith, Love Grocery, Daniel's Cafe, Penman Butane, Una Grace's Beauty Shop, Rochester Reporter, City Cleaners, Home State Bank. Rule - Campbell Insurance (Continued on Page 12)

## Local Entries Win At San Angelo Horse Show

Haskell exhibitors won first place trophy and several ribbons in the annual Tom Green County Horse Show held Saturday in San Angelo. In the pleasure type class for Palomino geldings, first place trophy and ribbon was awarded "Cooky Sandy," owned and exhibited by Roy Cook of this city. In the Palomino stock horse class, "El Centro Sunday Gal" owned by Lon McMillin of this city placed second against strong competition in this class. Also placing were the entries of Gene Hunter and Sidney Winchester of Haskell in the Palomino division, and animals owned and exhibited by Myrom Biard and Fitzhugh Williams in the quarter horse division. Attending the show from Haskell were Mr. and Mrs. Roy Cook and Joyce, Dr. and Mrs. T. W. Williams, Mr. and Mrs. Myrom Biard, Mr. and Mrs. Gene Hunter, Mr. and Mrs. Lon McMillin and Lon Dennis, Mr. and Mrs. Sidney Winchester.

## Republicans Name Delegates to State Convention

The Haskell County Republicans will send four delegates and four alternates to the State Republican Convention, it was announced following the county convention of the party held here Tuesday afternoon. The convention adopted a resolution endorsing the administration of President Dwight Eisenhower and Vice President Richard Nixon. Among delegates named to the State convention are Mr. and Mrs. Wallace H. Cox, Sr., of Haskell, Mr. and Mrs. R. C. Couch, Sr., also of this city, were named alternates.

## County Democrats Endorse Johnson As Party Leader

Resolutions commending Congressman Sam Rayburn and Senator Lyndon Johnson for "returning the Democratic party in Texas to Democrats," and sending an instructed delegation to the State Convention bound by the unit rule and pledged to Senator Johnson, were unanimously adopted at the County Democratic Convention here Tuesday afternoon. Other resolutions, adopted without dissenting vote, specified that county and State delegates be willing to pledge their vote and support to Democratic nominees from precinct to precinct. Delegates from 15 of the county's 20 voting precincts answered roll call at the county convention, following the election of Chas. M. Conner as permanent chairman and Mrs. Clay Smith secretary. Precinct delegates were absent from Joe Bailey and McConnell voting boxes. The resolutions, all adopted by unanimous vote, were submitted by a committee composed of Oliver Cunningham, Robt. R. King, Bert Davis, E. E. Lowe, Cliff Dumas, John R. Watson and Glenn Carothers. By virtue of the resolutions, the Haskell County delegation is pledged to support Senator Johnson as head of the Texas delegation to the national convention, and as "favorite son" candidate for the Democratic nomination for President. Haskell County will only have four votes in the State convention this year, compared to as many as 10 in previous years. The reduction, Chairman Conner explained, "is due to the fact that large numbers of Haskell County voters 'scratched' Allan Shivers as Democratic nominee for Governor in the last presidential election, in 1952. Eleven delegates and an equal number of alternates were elected to the State convention, with Conner named to head the Haskell County group. The State meeting will be held in Dallas May 21. Delegates are Conner, Mr. and Mrs. Oliver Cunningham, Mr. and Mrs. Bob Herron, Mr. and Mrs. Clarence Burson, Mr. and Mrs. Clay Smith, Mr. and Mrs. Glen Carothers. Named as alternates are: Courtney Hunt, Walter Head, Virgil Brown, O. L. Moore, Ed Fouts, L. B. White, Royce Adkins, Dale Condon, J. M. Crawford, J. L. Jones, Earnest Baugh. Precinct Conventions Quiet Foundation for a harmonious county convention was indicated in the precinct conventions held Saturday, in which a record turnout of voters participated. Solid support for Senator Johnson as leader of the Texas delegation and as a favorite son at the national convention, was indicated in resolutions adopted without dissent in all of the precinct meetings. A loyalty pledge to Democratic nominees, embodied in other resolutions, also passed without contest in all precinct conventions reporting. All precincts adopted the unit voting rule for delegates to the county convention. Largest turnout in the city's four precincts was in No. 1, where an even 50 persons attended, with women voters composing about one-third of the group. Similar large turn-outs were reported in the city's other three voting boxes, and from Rule, Rochester and Weinert.

## Legion Cancer Fund Drive Nets \$833 To Date

Billy Jack Ray, post commander of the Rogers-Cox Post of the American Legion has announced that the Legionnaires collected a total of \$833 in the house to house canvassing of the city for the American Cancer Society Fund Drive. The initial effort to collect funds was made Tuesday May 1 and the Legionnaires collected \$450 but were unable to completely cover the town in the allotted hour. A second drive was scheduled for the following evening and contributions totaled \$383. "Although we did not reach the goal of \$1,500, we still feel the drive was a success inasmuch as there has been no cancer drive in Haskell for six years previous," Mr. Ray said. "We wish to thank everyone for their help and cooperation," he added. Those taking part in the drive were: Billy J. Ray, Sonny Reynolds, Kirby Kirkpatrick, George Neely, J. W. McFarlin, Herbert Ray, Jake Whitaker, Shirley Lees, D. B. Gilmore, Jesse Dean, David Martindale, Truett Parsons, A. G. Dement, Wilbur Klose, Wayne Dunning, Tommy Joe Mansker, and Harley Langford.

## Race for Constable Draws Additional Candidates

The field of candidates for Constable in Prec. No. 1 was increased to five this week, with the entry of two additional candidates, T. P. Perdue and H. K. (Bud) Thompson. Previously announcing for the office were Bob Marlow, incumbent, who is seeking a second term, Frank South and John E. Clifton. The new entries are both well known here and are longtime residents of Haskell and vicinity. Mr. Perdue, now employed as a part time nightwatchman at a cotton warehouse here, formerly worked for the State Prison System three and one-half years as a guard. Mr. Thompson, a livestock buyer, has had a number of years experience as a deputy sheriff, and served in that capacity under three different administrations.

## Exercises of Paint Creek Rural School Scheduled May 13 and 16

Exercises of Paint Creek Rural School will be held Sunday evening, May 13, in the high school auditorium. Processional and recessional music will be played by Mrs. M. E. Overton, and Sam Reddell of Haskell First Baptist Church will lead music numbers. Invocation will be given by W. B. Griffith. Student addresses will be by Glenda Walton, salutatorian; and Emilee Griffith, valedictorian. Commencement speaker will be Hon. Truett Lattimer, State Representative from Jones County. J. C. O'Neal, Paint Creek high school principal, will make recommendations for the individual students, and M. E. Overton, school board president, will present diplomas. Supt. Dan McRae will give the benediction ending the program. Members of the 1956 Class are: Gayle Callaway, Joe Bob Earle, Albroa Shaw, Emilee Griffith, Jimmy Shaw, Joan Griffith, Wanda Howell, Ray Shaw, Jerry Jones, Polly Taylor, Gladys Walton.

### OUT ON A LIMB

By CHARLENE WHITE

Mr. and Mrs. Bill Ratliff have returned from the "Big City" extolling the virtues of Washington, D. C. and New York City. Before they left, their 14-year-old daughter Leah told them to be sure and go peer into the Windows at Dave Garroway's "Today" TV show. "But, Mother," said Leah, "please don't do anything silly. I'll be embarrassed to death!" So they did as instructed and went and peered into the windows at the "Today" show, but couldn't be sure that the camera picked them up. When they got home Friday night, Leah said in exasperation, "Why didn't you wave or something?" Retorted her mother, "Why, we were afraid we'd embarrass you to death!"

Eal Treadwell, erstwhile justice of the peace took a mighty tumble in the rain Monday night a week ago. He said his grandchildren had been throwing sticks and things on the steps so when a young couple came by and wanted to be married he turned on the porch lights and started down the steps. He got down alright, in a hurry. "Those two sure had a hard time getting married. The first place they went, the old JP fell dead and this old JP fell down." But they made it.

Now they've got a gadget which will figure out mathematically which team is going to win the pennant this year. Every time the scientists say they've got an invention which will do the work of 30 men, we wonder which men.

Well, the stockade is up and a more menacing sight we never saw. Western Week is indeed looming over the horizon. Better get out the plaid shirts and riding pants, and saddle soap and lineament. Pass the RS Roundup tie, Pa.

Stopped by the county judge's office Friday nosing out news, but he said, "Guess everybody's like me: they're too poor to afford getting into trouble."

Stopped by the county clerk's office on the same mission and found him complaining that he can't get his black cat to come in the house. "If we close the door, he gets scared. I think that cat needs a psychiatrist. He's all mixed up." Yeah, just a crazy mixed up cat.

We goofed. In the textbook inventory story of last week we said, "All new books are to be returned to the state depository from the county superintendent's office." No matter how much the school kids would like this, ain't so. You can beat us with the wet noodle again, Miss Vick.

How to Nurse a Sunburn All Night: I'm tired, to heck with it.

Three out of four traffic accidents happen in clear weather on dry roads.

### Haskell County History

20 Years Ago—April 29, 1914

Don Martin Lake in Old Mexico is a "fisherman's paradise" according to a party of local fishermen who returned this week after spending several days at the big lake. Composing the group were George (Chick) Henshaw, Dr. L. F. Taylor, J. D. Montgomery and Andy Norris of Haskell and Bill Carothers of Rochester.

Two men were returned to Haskell from the State Penitentiary this week by Sheriff Giles Kemp and Deputy Ollie Kittley, to face Grand Jury indictments charging them with robbery of a filling station here in January of last year.

Louise Turner, daughter of W. F. Turner of this city, has been selected as Haskell's sponsor at the West Texas Chamber of Commerce convention in Amarillo, May 11-13.

The Haskell County Singing Convention held here Sunday was attended by a record crowd, with more than 1,200 persons being served an old-time barbecue dinner at the noon hour. Judge L. D. Ratliff of Haskell was elected president of the convention, with Ed Fouts being named secretary-treasurer.

Fred Bishop, injured in a truck wreck early in March, has recovered sufficiently from his injuries to be removed from the Stamford Sanitarium to his home here.

John A. Couch of the Democratic Executive Committee has issued notices of the party Precinct Conventions to be held Saturday, May 2, all voting precincts of the county.

Mrs. Clyde Raley and children, Patsy and Ronnie returned Tuesday from Willsboro where they visited Mrs. Raley's parents. They were accompanied home by Miss Lena Bell Kemp, who had been visiting her sister, Mrs. Theodore Pace in Gladewater.

Mr. and Mrs. W. D. Duke of Jayton, Texas, are moving to Haskell this week.

In the State Homemaking Rally held last week in San Angelo, two Haskell High School students were in the top winning bracket. Kathryn Kinney won fourth in Food Selection, and Frankie Dor-

ris Bledsoe won fourth on her tailored dress.

30 Years Ago—April 29, 1924

Miss Marjorie Whiteker, daughter of Mr. and Mrs. E. M. Whiteker of this city, has been elected as editor of the college newspaper at Baylor-Belton College.

Norman Kelly, formerly with the Ford Garage, has opened a sales agency for Hudson and Essex cars, with headquarters at the Pitman Garage.

Work was started this week on the modern new gin plant of Sanders & Crawford. Building housing the plant will be of brick and tile, and machinery for a double gin plant will be installed. The gin will be completed in time to be placed in operation this fall, owners have announced.

Miss Bernice Mask came home from Simmons University last Friday to spend the week end with her parents, Mr. and Mrs. W. M. Mask.

J. W. Collins, a former Haskell County sheriff, but who has been in Austin with the State Marketing Department for a number of years, spent several days here this week visiting with old friends.

J. L. Wright was in the city Monday and purchased a two-row cultivator. He says he believes in striking while the iron is hot, and with a two-row cultivator and a "stepping" team he can get over his land in a hurry.

Last Thursday night Messrs. Frank Patterson, Cliff Ammons, Alfred, Weldon and Jeff Turnbow got together and with their 21 hounds went wolf hunting. They reported several good chases and caught one wolf.

50 Years Ago—May 3, 1906

This rainy spell is all right, but the mud and slush is just a little disagreeable when one tries to get around town. That could be largely remedied, however, by a little work on the streets and sidewalks.

Walter Webb and E. D. Groves of the Pinkerton community sold cotton in Haskell Tuesday. A good many farmers still have cotton left from their last year's crop.

Grover Schwartz, 13-year-old boy, was bitten on the leg by a rattlesnake last Saturday out on S. W. Scott's Ranch. The wound was promptly scarified with a knife and caused to bleed freely, which probably washed most of the poison out. Enough was left, however, to cause his leg to swell considerably and make him quite sick for several days. Doctors say he is now out of danger, and will recover.

We are informed that when E. Eppstein of Dallas was here last week, he remarked to one of our citizens that Haskell was destined to be another Dallas. For that reason, he is not going to sell any more of his residence property for less than \$750 per lot, which means that his property is off the market for a while at least.

H. N. Quinn of Dublin, representing the R. B. Spencer Lumber Company, who are establishing a yard in Haskell, spent most of the week here.

We dropped into the Haskell National Bank Thursday and found vice-president Lee Pierson affixing his signature to a lot of printed documents. Closer inspection revealed them to be a pile of bank notes, just received from the U. S. Treasury. They were being prepared for circulation by affixing signatures of bank officials.

E. L. Carroll of Kerens, Texas, an experienced newspaper man, was here Wednesday. He was on his way to Rule to take a position on The Review.

Haskell is bound to be up with the times—we now have a skating rink.

**The Cotton Plant That Kills Insects**

Cotton plants with built-in protection against insects will be grown this year in Mississippi and Texas. This is made possible by treating cotton seeds before planting with a new insecticide, named Thimet, which stays in the growing plant for up to seven weeks and eliminates two to four early season dustings or sprayings. The cotton plant at right in the photo was protected by Thimet; the one on the left was not and shows typical insect damage.

Thimet, developed by American Cyanamid Company, was recently accepted by the U.S. Department of Agriculture. It will be marketed in other cotton producing states next season. Cyanamid is also testing Thimet on corn, peas, beans, lettuce, beets, peanuts, tree fruits, and tobacco seedlings. Results, they say, are promising.

**Haskell and Oregon Men, Cousins,  
Together for First Time in 61 Years**

Cousins who haven't seen each other for 61 years have a lot of things to talk about. More especially when 35 years of that time passed without either one having any idea of the other's whereabouts.

That's the happy experience being enjoyed this week by Mr. and Mrs. Joe Barnes, who have as visitors in their home Mr. and Mrs. H. D. Barnes of Eugene, Oregon.

Joe and H. D. Barnes are cousins, and this is the first time they have been together since 1894 when they were youngsters in Fulton County, Ark. Joe was 11 years old at the time and H. D. was a year older. Their wives had never met until this week.

Strange as it may seem, the two men recognized each other on sight when they met Tuesday morning in the Club Cafe, where Joe is employed.

The Oregon couple made the trip to Haskell by bus, and plan to spend the week here. And now, since the cousins have been reunited, the Haskell man and his wife will probably be planning a similar trip to Oregon to see the country that Cousin H. D. has old them so much about. He is a retired farmer, and has been living in Oregon for the past 10 years.

But all of their talk has not

been about Oregon and West Texas. In fact, most of it has centered on boyhood recollections of hunting and fishing in the wooded hills of Arkansas, re-living some of the exciting experiences they had together as boys.

When Joe was 11 years old his mother, a widow with four children, joined a party of neighbors leaving Arkansas for a fabled new country, the Indian Territory of Oklahoma.

That's when Joe and H. D. were separated. H. D.'s father and family electing to remain in Arkansas.

Joe relates that the trip to Oklahoma was made in a covered wagon pulled by oxen, but he says they didn't keep any record on the time required for the trip. "We couldn't because we didn't know where we were going, nor did we know when we reached the place that was to be our final destination."

H. D.'s story is somewhat similar, in that he, like the Haskell man, made one temporary stop of several years before moving on to the point that was to be called home. When the Oregon man left Arkansas, he went to Kansas, farmed there for a number of years, then traveled on

to his present location at Eugene, Oregon.

Joe, who has lived in Haskell for 41 years, went back to his birthplace in Arkansas five years ago for the first time since he left there in 1894. At that time he had no idea where any of his relatives were then living. When he learned that H. D. was living in Oregon, he finally got in touch with him by letter. "That was the first time since 1921 that we'd heard from each other," the cousins recalled.

**Dr. Frank Spencer  
Visits Relatives  
Here Last Week**

Dr. Frank Spencer of Baltimore, Maryland, recently visited his mother, Mrs. Frank Spencer, and his sister and family, Mr. and Mrs. George Tyler in this city.

Dr. Spencer is assistant Professor of Surgery at the John Hopkins School of Medicine in Baltimore.

Before coming to Haskell, he delivered an honorary lecture at the University of Texas Medical School in Galveston. His subject was "The Current Surgical Treatment of Cardiovascular Disorders." Before returning to Baltimore Dr. Spencer will attend the annual meeting of the American Association of Thoracic Surgeons in Miami, Florida, May 7-9th.

**...between an Oldsmobile 88  
and the other lower-price cars!**

You know you're in a big car . . . from its looks . . . from the way it rides and handles! With your first touch on the accelerator—that 230 h.p. Rocket Engine\* answers with all its winging getaway and go!

And what flashing performance in the middle range! The Rocket is designed to give you full benefit of high torque—340 pound-feet at normal engine speeds. That means there's always plenty of reserve power—when you want it, when you need it for safety's sake.

This rugged Oldsmobile "88" is built to take all that power, too! For instance, there's an extra-rigid, five cross-membered frame to give you ideal, shock-absorbing balance.

Economy? Well, Oldsmobile's "88" (and the Ninety-Eight, too) took top honors in the recent Mobilgas Economy Run! There's a powerful difference, all right! Both in the car, and in our quality-minded way of doing business. So come on in now. Take the wheel of an Oldsmobile. Rocket away . . . today!

### Neighbors Gather and Plow Land for Weinert Farmer Who Has Been Ill

**BY MILDRED GIBBS**  
On Monday May 7, friends and neighbors of Cecil Hutchinson met at his home and plowed his land. By 2 p. m. the 200 acres had been plowed. While the men worked in the field, the ladies helped prepare and serve the noon meal.

Those helping were Mr. and Mrs. Marvin Phemister, Mr. and Mrs. Glenn Caldwell, Mr. and Mrs. C. J. Williamson, Mr. and Mrs. Johnny Earp, Mr. and Mrs. H. D. Alexander, Mr. and Mrs. Beal Walker, Mr. and Mrs. Lloyd Forehand, Mr. and Mrs. C. B. Lemley, Mr. and Mrs. Coyt Hix, Mr. and Mrs. Delbert Caldwell, Mr. and Mrs. D. I. White, Mr. and Mrs. Robert Hutchinson, Mr. and Mrs. Chester Smith, Mr. and Mrs. Henry Vojtko, Mr. and Mrs. Melvin Vojtko, Mr. and Mrs. O. H. Hutchens.

## Rochester News

By MRS. JAMES A. GREER

Mr. and Mrs. White Hudson of Weatherford spent Sunday with Mr. and Mrs. Joe Clark.

Mr. and Mrs. Arthur Clippert and Miss Beverly Dabney of Elberta were weekend visitors with relatives here.

Mr. and Mrs. O. O. Newton of Ropes City spent Sunday with friends here and attended church at the Church of Christ.

Recent visitors in the home of Mr. and Mrs. James A. Greer were two of their children and families, Mr. and Mrs. Lynn Kinouse and John Paul of Irving, and Mr. and Mrs. Tommy Greer and Lurline of Brownwood.

Mr. and Mrs. J. E. Ishell and daughter of Junction City were business visitors at Rochester last Saturday.

Mr. and Mrs. Allen Bell are in Snyder taking care of their grandchildren while Rev. and Mrs. L. Hester are in Minneapolis, Minn. attending the General Conference of the Methodist Church.

Miss Ida Bell of Athens is here visiting her brother, Mr. and Mrs. Mack Bell.

Mr. and Mrs. Glenn Darnell Cox and Duane of Snyder spent Sunday with Mr. and Mrs. Odell Cox Willis and Sue.

Mr. and Mrs. W. Z. Washneck and son-in-law, Odell Cox, went to San Angelo Sunday to visit a brother of Mrs. Washneck, T. F. Maxwell and family. Mr. Maxwell who has been quite ill was some better.

Mr. and Mrs. Lee Haynes of Munday and Mrs. John Noble, Cindy and Susie of Big Spring visited Rev. and Mrs. Davis Edens Saturday afternoon. Mrs. Edens and Mrs. Noble were roommates in college.

The Couples Class of the Methodist Church enjoyed a fish fry at Paint Creek Lake Thursday evening of last week. Messrs. Preston Ballard, Wm. Penman, Fletcher Ballard and R. A. Shaver Jr. went earlier in the day to prepare the campfire. Fish and potatoes were cooked over the campfire and served with tartar sauce, potato salad, fresh green onions, radishes, cookies, coffee and lead tea were served to the following: Messrs. and Mrs. Wm. Penman, Linda and Bill Earl, Alvin and Earline, Dan

Wadmon and Larry Fletcher, Eugene, John Labe and Patsy, Kenneth, Newberry and Mike, Howard, Sid, Dickie, Tommy and Becky, Phil Simmons, Phil R. and Beth, R. A. Shaver, Jr., R. A. and Maurna, Bobby Hester, Jerry and Billy Wayne, Rev. and Mrs. Davis Edens, Davala and Patricia, Julia Penman and Bub King.

The young boys enjoyed the evening fishing. Truly a good time was had by all.

The WCCB of the Rochester Methodist Church met in regular meeting Monday night at the church.

During the business session, conducted by the president, Mrs. R. A. Shaver Jr., Mrs. Bob King chairman of the nominating committee, submitted names for officers for the new church year. The following officers were elected: President, Mrs. Wm. Penman; secretary, Mrs. Phil Simmons; secretary-pro - secretary, Mrs. O. R. Cox; treasurer, Mrs. O. R. Cox; publicity, Mrs. Preston Ballard; Missionary Ed., Mrs. Davis Edens; Youth, Children, Davis Edens; Youth, Children, Student Mrs. R. A. Shaver Jr.; C.S.R.L.C.A., Mrs. Herschel Rogers; Status of Women, Mrs. O. J. Hunsman; Spiritual Life, Mrs. Bess Porter.

After the election of officers, Mrs. Bess Porter, program leader was in charge. Program subject was "That We May Give." Those having parts on the program were Mmes. Bess Porter, O. R. Cox, Davis Edens, Bob King, R. A. Shaver Jr., Phil Simmons, Wm. Penman.

The Pledge Service climaxed the program.

The Bess Porter Sunday School Class of the Methodist Church hosted a Ranch Wagon Supper Monday night of last week, honoring the Junior and Senior classes of the Rochester high school. A menu consisting of barbecued wieners, red beans, pickles, potato salad, pecan pie and iced tea was served in the fellowship hall of the church.

Games were played directed by Rev. and Mrs. Davis Edens.

Mrs. Cecil Hibdon and children, Karla and Phil of Corpus Christi are visiting in the home of Mrs. Hibdon's parents, Mr. and Mrs. A. J. Mitchell.

Mrs. Maxine Hamilton, Mrs.

Violat Hamilton, Linda Hamilton and Frankie Jo Shirley were in Austin over the weekend where Linda and Frankie Jo, students of Mrs. Maxine Hamilton competed in the Intercollegiate League at the State meet. Linda Hamilton placed 4th in typing.

Little Miss Gale Sue Watkins of Knox City spent Thursday of last week with Mr. and Mrs. James A. Greer while her parents, Mr. and Mrs. E. E. Watkins were in Hamilton to attend the funeral of Mrs. Watkins' uncle, R. A. Shaver Jr., was in Plainview the first of the week on business.

Barbara Daniels spent the week end in Lubbock where she attended a convention for beauty operators.

Guests in the Cecil Hutchinson home in Weinert over the weekend were Mr. and Mrs. Morris Ferrell of Krum, Mr. and Mrs. J. A. Dold of Evans, Mr. and Mrs. Billie Hutchens of Govee and Mr. and Mrs. O. O. Newton of Royce City.

Watch for O.K. Rail Welders at Haskell - At Sweetwater.

The pupils who will appear in recital are: John Thompson, Bernice Frost, Anne Robinson, Betsy Fonda, Mary Louise Thomas, Judith Branch, Beverley Kuenstler, Nelda Gibson, Mary Adler, Diana Cadenhead, Jane Cox, Shirley Sanders, Truman Therwanger, Vicki McClure, Christi Boyall, Cynthia Feiser, Jodie Kennedy, Betty Vaughn, Shirley Norman, Barbara Rexrode, Jane Prierson, Martha Jane Bynum, Maxine Wheeler.

NEWS OF INTEREST WOMEN

County H-D Agent Attends Training Meeting

Miss Wanda Greenhill, county home demonstration agent, spent last Wednesday and Thursday of last week in Wichita Falls attending an Equipment Training meeting.

At the district meeting, the agents were trained by Miss Harriet Brigham of College Station. They studied large and small appliances for the home.

Miss Margaret Therwanger and Bill Raney Repeat Vows Sunday in Weinert Ceremony

Miss Margaret Therwanger of Fort Worth, became the bride of Bill Raney, also of Fort Worth in the Baptist Church of Weinert May 6. Rev. Temple Lewis of Tye read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Dick Therwanger of Weinert and the groom is the son of Mrs. Zettie Raney and the late Mr. Raney of Godley.

Given in marriage by her father, the bride wore a street length dress of blue taffeta with blue and white accessories, including a 3-strand pearl necklace, gift of the groom. She carried a bouquet of white carnations mounted on a white Bible.

Mrs. Jack Raney, Fort Worth, was matron of honor. She wore a dress of pink with white accessories and carried a bouquet of white carnations. Groomsmen were Jack Raney, Fort Worth, brother of the groom and G. B. Therwanger, Abilene, brother of the bride.

The flower girls were Karen Therwanger, Abilene, and Martha Ann Raney of Fort Worth. They were dressed in pink and blue and carried baskets of flowers. The ringbearers were nephews of the bride, Phil Therwanger, Terrell and Larry Simmons of Lamesa. Ushers were Truman and Chas. Therwanger of Weinert, also nephews of the bride.

For the ceremony, the altar was decorated with an arch of greenery, bells and flowers with baskets of pink gladioli on either side. Traditional wedding music was played by Mrs. Raymond Lyles and Couilla Mayfield and Lois Raney sang "I Love You Truly."

Following the ceremony a reception was held in the home of the bride's parents. The bride's table was covered with a crocheted cloth sewed by her aunt. Mrs. Ella Fields of Lubbock. The wedding cake was decorated with pink roses and bride and groom ornaments. The bouquets of the attendants were placed on either side of the cake. Mrs. Truman Therwanger, Terrell, Mrs. G. B. Therwanger, Abilene, and Mrs. Vern Derr of Weinert served cake and punch to the guests.

Mr. and Mrs. Raney will be at home shortly at College Drive, Fort Worth.

RETURN TO WACO AFTER VISIT HERE

Mr. and Mrs. E. B. Bursleson returned to their home in Waco Tuesday, after a several days visit in the home of Mrs. Bursleson's mother, Mrs. John A. Couch. Mrs. Couch accompanied them to Waco for a several weeks visit in that city.

By MRS. DELBERT LEFEVRE

The first six grades of the Sagerton school enjoyed picnics Friday of last week. The first and second grades, accompanied by their teacher, Mrs. Hamby and Mrs. Chas. Clark and Mrs. W. A. Bell, went to the Rule Park and the third and fourth grades and their teacher Mrs. L. Dippel and Mrs. Glyn Quade and Mrs. Alvin Bredthauer went to the Haskell Park. The fifth and sixth grades, accompanied by their teacher, Mrs. Paul Banks and Mrs. Herbert Stremmel, Mrs. Melvin New and Mrs. H. Herdieck, also went to the Haskell Park.  
 Mr. and Mrs. Skeets Jameson and son of White Flats visited in the home of Mr. and Mrs. Cliff LeFevre last Sunday afternoon.  
 Mr. and Mrs. Will Stegemoeller visited in Lubbock last weekend with Mr. and Mrs. Will Neinst. They were accompanied by Mrs. F. W. Stegemoeller, who stayed in Lubbock with the Neinsts.  
 Harold Smith of Holliday visited with his sister, Mrs. John Clark, and nephews, Whit, Reece, Chas. and Joe Clark and their families last weekend.  
 Veeta Mathis, daughter of Mr. and Mrs. Bob Mathis, and a graduate of Sagerton grade school, has been named as the salutatorian of the graduating class at Rule High School.  
 J. D. Wendeborn, son of Mr. and Mrs. John Wendeborn, a grade school graduate of Sagerton, has received high school

honor, and further declare that any resemblance between denkeys and players will be purely coincidental. The game gets underway at 7:30 p. m., and net proceeds go to the HHS Athletic Fund.

Sg. Fletcher Terrell of San Antonio, Bailey Metter of Rule and Mr. Childers of Haskell visited in the R. R. Clark home Sunday.  
 Mr. and Mrs. R. T. Lambert and family of Idalou came down Thursday of last week and Friday they and Mr. and Mrs. G. A. Lambert went on to Killeen to visit Sonja Sandefer, daughter of Mr. and Mrs. H. A. Sandefer, who is ill with a serious kidney infection. She must stay in bed for the next 7 weeks.

**VISIT IN HOME OF MOTHER**  
 Mrs. Burl Roach of Coleman spent several days here this week, visiting in the home of her mother, Mrs. W. E. Welsh and with other relatives and friends.

**BIG-CAR RIDE?** Don't think you have to pay a big-car price to get it. Come in and...

**DISCOVER THE DIFFERENCE IN DODGE!**

A smoother ride with Oriflow! Dodge fluid-activated shock absorbers give more precise control than spring-loaded valves in other cars.

It took "big-car" ride to go 31,000 miles in 14 days! No car that just talked "big" could have withstood the tremendous punishment Dodge did at Bonneville. Dodge went 14 days and nights (31,000 miles) at an average speed of 92.86 mph without a single breakdown!

Only a big car can give you big-car ride. And Dodge is bigger all around—inside and out. More legroom front and rear. More hiproom front and rear. More steering wheel clearance.

The backbone of the Dodge ride is a better chassis! It starts with a rugged frame with sturdy box-section side rail construction far superior to common U-channel and I-beam types. Cross members are extra heavy.

The V-8 engine is special, too! The 260-hp. V-8 engine is built on advanced aircraft-design principles to give you real break-away power.

**"Bud" Thompson  
Is Candidate for  
Constable**

H. K. (Bud) Thompson, well-known Haskell livestock buyer and a former Deputy Sheriff, authorized the announcement this week of his candidacy for Constable in Precinct No. 1, subject to action of the Democratic primary.

Mr. Thompson stated he was entering the race for the office after careful consideration of the duties involved, and with the belief that he was fully qualified for the position.

Because of his long residence here, he is well and favorably known to a majority of the people and voters in the precinct. He has served as a Deputy Sheriff and jailer under three different administrations, and has a valuable background of experience as a peace officer and in court procedure. He has a knack of getting along with everyone with whom he is associated, and believes in treating everyone alike.

If elected Constable, he states that he will endeavor at all times to discharge the duties of the office fairly and impartially at all times, with full consideration for the rights of everyone concerned.

Before the primary is held, Mr. Thompson will endeavor to see as many voters in the precinct as possible, in order to place his candidacy before them personally. Until that opportunity is afforded, he solicits and will appreciate careful consideration of his claims for the office.

**Announcements

John H. Clifton  
H. K. (Bud) Thompson.  
T. P. Perdue.

**T. P. Perdue Enters  
Race for Prec. 1  
Constable**

T. P. Perdue, longtime Haskell resident and farmer, authorized the announcement of his candidacy for Constable of Prec. No. 1 this week, subject to action of the Democratic primary.

In making his decision to seek the office of Constable, Mr. Perdue stated he did so with the belief that he was qualified to discharge the duties of the important position in an efficient and satisfactory manner.

A resident of Haskell and vicinity for the past 40 or 45 years, he needs no introduction to the people of precinct, and enjoys the acquaintance and friendship of practically every person in the territory served by the office.

Although he has never held an elective office, Mr. Perdue is well qualified by experience. He is currently a part time employee of Central West Texas Warehouse

Company here. He also worked for the State Prison System for three and one-half years.

Mr. Perdue states that if elected as Constable, he will devote his full time to handling the affairs of the office, and will endeavor at all times to cooperate to the fullest extent with all court officials and fellow officers. However, he will invite and appreciate the cooperation of the citizens of the precinct in any matters dealing with the office, in order that the best interests of everyone concerned may be served.

As the campaign progresses, Mr. Perdue will try to discuss his candidacy with every voter in the precinct. In the meantime he respectfully asks that his candidacy be given full consideration and will appreciate any support in his behalf.

**HASKELL VISITORS**

Mr. and Mrs. J. L. Hill and daughter Jean of Mineral Wells and Mr. and Mrs. Thomas Wilkinson of Newcastle were Sunday guests in the home of Mr. and Mrs. H. T. Wilkinson and Sue of Haskell.

**Mrs. Hubert Bell  
To Present Pupils  
In Public Recital**

Piano students of Mrs. Hubert Bell, piano instructor in the Haskell Public Schools will be presented in public recital on Monday and Tuesday evening at 7:45 p. m. in the High School Auditorium.

High School and junior high students will be presented on Monday evening May 14 and Elementary students will be presented on Tuesday evening May 15. Approximately fifty girls and boys will participate. The public is invited to attend.

**SPEND WEEK END IN  
WICHITA, KANS.**

Mr. and Mrs. D. V. Hiebert, Haskell spent the week end in Wichita, Kans., where they met Mr. Hiebert's brother, Mr. and Mrs. J. V. Hiebert and his mother Mrs. Agatha Hiebert of Windom, Minn. Mrs. Hiebert returned with her son and his family to Haskell Sunday where she will visit for a few weeks.

**HASKELL VISITOR**

Mrs. H. R. Jones of Wichita Falls spent several days last week visiting friends here. She is a former longtime resident of Haskell, and her husband, the late H. R. Jones, was prominent West Texas lawyer and former District Judge.

**ATTENDS CONFERENCE  
IN LUBBOCK**

# Paint Creek . . . Community News

MRS. GENE OVERTON

The community was shocked and grieved when it was announced at our church services Sunday night that Dr. Ernest Kimbrough had just died. At our Methodist Church Miss Ethel Irby came for Bro. Thompson just as we were about to leave the church, and after he made the announcement someone near me whispered "Oh, no!" That is the way we all feel. There are many in our community who feel they owe their lives to his God-given gift of surgical know how, and I imagine they do. It is wonderful to be able to help make diseased bodies whole again, and I really think Ernest felt it a God-given talent that he had been entrusted with to use for the people he served. Anyway there are very few who have done so much for so many as has Dr. Ernest Kimbrough in the eighteen years he has practiced in Haskell. We extend our deepest regret and sympathy to Bernadine, Squee and Claire.

Our 4th, 5th and 6th grades had their closing program last Friday and in spite of measles, and everything going wrong that could have back stage, it was a nice little program. Some of the mothers just outdid themselves on the costumes. I have never seen a more perfect Uncle Sam costume than Mrs. Daniels made for Jackie. We should have sung the July song twice just so you parents could have seen it longer. Vern Howard, our little Happy New Year, broke out with the measles about four hours before curtain time, and our Mother's Day mother, Ann McLennan, and our Valentine boy in Let Me Call You Sweetheart, Jeff Smith, took measles on Wednesday before the

program. But the substitutes did just fine, and the songs were real pretty, and I was proud as could be of all of them. The program was a sort of "do it yourself kit" program, as Butch Kohout said "We just made it up out of our own heads." The boys and girls decided on their favorite holidays and then we found songs that fitted them. We learned them, and decided how to present them. The results were pretty good.

Mr. and Mrs. Wayne Preston and two little sons of Abernathy were community visitors last weekend. They spent some time with her aunt and family. Mr. and Mrs. J. B. Doty, and attended the dedication service at the Baptist Church. They also were weekend guests of her parents, Mr. and Mrs. A. B. Shelton of Avoca.

Mr. and Mrs. Sonny Coleman are the proud parents of a baby son born Friday April 27, at the Haskell Hospital. His name is Marcus Wayne.

Mr. and Mrs. Jimmy Reeves of Weimert were Sunday guests in the home of the Hoyt Perry's. They also visited Mrs. Reeves' sister and her family, Mr. and Mrs. Gene Perry. They fished and went boating all afternoon.

Billy Hise went with his brother Lonnie Hise to San Manuel, Ariz. last week to help move his household furnishings to Haskell. They had their suit cases stolen from their car while they were gone.

Mr. and Mrs. John Scheets have had from one to four cases of German measles at their house for the past two weeks. Howard is the latest case, and that about finishes this round for the family.

Mr. and Mrs. Lennis Hilliard of Fort Worth were recent visitors in the home of his parents, Mr. and Mrs. H. B. Hillard. They left Tuesday for a short visit in Denver, Colo., with his sister and family. Mr. and Mrs. Bob Emery, Elwell Hilliard went with them.

Billy Hughes of Abilene and his date Miss Zoe Wilson had supper with his parents, Mr. and Mrs. W. C. Hughes Wednesday night.

The FFA boys had three real good one act plays last Monday night. They and Mr. Medford had built their own stage sets, and they were good. The Freshman play was a court scene, and the other two, Sophomore and Junior plays, were set on college campuses. They were all well given.

The members of the Methodist Church entertained the Senior Class and the faculty with a picnic supper at the Scott Park Tuesday night. It was a little windy but the young people went swimming, and seemed to have a good time.

Buddy Russell has been promoted to assistant produce manager at the M System store where he works in Abilene. Buddy is the son of Mr. and Mrs. Cub Russell.

Honor students of the Senior Class of 1956 have been named. Emilee Griffith daughter of Mr. and Mrs. Sammy Griffith, is valedictorian, and Glenna Walton, daughter of Mr. and Mrs. Glen Walton, is salutatorian.

Mrs. Jewel McLennan and son Paul, and her brother and family, Mr. and Mrs. Gordon Herring of Fort Worth were visitors last weekend with her parents, Mr. and Mrs. Bake Herring of O'Brien Sunday.

Mr. and Mrs. O. G. Houston had as their guests last Sunday their daughters, Miss Peggy Houston of Lueders and Mr. and Mrs. Dempsey Bolding of Stamford.

Mr. and Mrs. Ray Sims and children, Karen and Boxer were guests of their parents, Mr. and Mrs. Frank Sims and Mr. and Mrs. Doc Raughton last weekend.

Mrs. Tom Wiley's hospital address is the L. G. Anderson Hospital, Houston, Texas. She had surgery for the removal of a blood clot in her hip, and is in much less pain now.

The programs have been planned for the closing exercises of this school year, Tuesday night at 8 o'clock the baccalaureate ser-

vice will be at the Methodist Church. Rev. J. B. Thompson will give the sermon. The following Wednesday the Seniors will have their commencement exercises and Trust Lattimer is to give the commencement address. The next night, Thursday, the 8th grade will have their graduation exercises and Judge H. G. Andrews, Jr. of Stamford will deliver the address. School will close Friday May 18.

Several men in Paint Creek have been designated as storm observers for the newly organized Storm Warning Center at Stamford. Men designated have Stamford phones and can phone in warnings on approaching storms. This center is a part of the system being set up by the Abilene weather bureau, so the storms may be pinpointed and their course charted, and warnings sent out. The information phoned into Stamford will be relayed to Abilene. Spotters in Paint Creek are Post 3, five miles, Ira Coleman; Post 5, five miles, Ralph Weaver (Ashcroft Ranch); Post 6, six miles D. E. Livengood; Post 7, seven miles, W. B. Griffith; Post 14, ten miles, Harvey Terrell (Pardue Ranch); Post 15, ten miles, Raymond Bounds; Post 16, ten miles, J. B. Doty; Post 20, seventeen miles, Sam Cobb.

**SPEND WEEKEND WITH PARENTS**

Mr. and Mrs. W. E. Green, Jr., and children of Odessa spent the weekend with their parents, Mr. and Mrs. W. E. Green, Sr., in this city. The two families enjoyed a fishing trip and outing while here.

**Dr. Kimbrough—**  
(Continued from page 1)  
Cadenhead, Dr. Joe E. Thigpen, and Dr. T. W. Williams.  
Dr. Kimbrough had served as Haskell County Health Officer for a number of years.  
Dr. Kimbrough was given recognition as an outstanding surgeon in 1954 when he was elected a fellow in the American College of Surgeons.  
He was a member of the First Methodist Church, and currently is a member of the church board of stewards.  
In addition to his professional practice and operation of the clinic, Dr. Kimbrough's interests also included farming and livestock raising operations.  
He is survived by his wife, Mrs. E. M. Kimbrough, a son, Ernest, Jr., 15, a daughter, Claire, all of Haskell; a sister, Mrs. Hugh Ratliff of Haskell; and five brothers, Bill Kimbrough, county agent at Littlefield; Wallace Kimbrough, county agent at Bryan; Frank Kimbrough, football coach at West Texas State College; Canyon Jack Kimbrough, oil company executive, Abilene; and John Kimbrough, Haskell businessman.  
Interment was in Willow Cemetery under direction of Holden Funeral Home.  
Active pallbearers were Curtis Thornton, Calue Tallant, Robert Bobley, A. E. McMillen, Alfred Turnbow, Cliff Berry, Bill Wilson, Fred Gilliam.  
Named as honorary pallbearers were Dr. Ben M. Nail of Houston, J. B. Claiborne of Lamesa, Dr. Jordan Grooms of Big Spring, Jean Elliott, Dr. Wm. J. Kemp, Dr. J. G. Vaughter of Haskell; Dr. Kimbrough's associates, and all members of the Taylor, Jones County Medical Society.

**\$644.56 Raised in Salvation Army Fund Drive**  
Total funds collected to date in the Salvation Army general solicitation drive amount to \$644.56, reports Wix B. Currie, treasurer for the Haskell County Service Committee.  
Contributions totaling \$115.10 were turned in this past week by campaign workers in charge from local business and also from individuals. Team captains and workers who have reported to the treasurer are: Joe Harper, Pat Lewis, Mrs. Stanley Furr, Mrs. C. O. Holt, Morrell Dick, Dr. A. D. Stone, A. T. Ballard, Robert Wheatley, T. C. Cahill, Gerald Smith, Olen King, Harold Spain, and Courtney Hunt.  
Surrounding communities who had previously reported are: Irby, team captain, Willie Peiser; Mattson, team captain, Hubert Sego; and Sagerton, team captain, Fritz Stegemoller.  
Judge Alfred Turnbow, campaign chairman and vice chairman of the Haskell County committee of the Salvation Army, urges the people of Haskell to help make the drive successful. He stated that there is a real need in the area for the type of service rendered by the Salvation Army.  
It is estimated that there are 100 people working in the campaign. The local committee is headed by Courtney Hunt, Alfred Turnbow, Wix B. Currie and Rex Felker.

The Navy icebreaker USS Burton Island (AGBI) and the U. S. Coast Guard icebreaker Northwind (KAGB 282) became the first ships to cross the previously un conquered McClure Strait, linking the Atlantic with the Pacific Ocean.

**Indians Shut Out Rotan 10-0 Here Tuesday Night**  
Indian moundsman Rob Starr allowed only two hits Tuesday night when the Tribe blanked the visiting Rotan high school team 10-0 at Fair Park Field.  
The win over the district leading Yellowhammers gave Haskell a 5-2 standing in conference play, with one remaining game on schedule. The Indians play Hamlin in that city tonight. Rotan holds a 5-1 record, with two district games remaining, with Haskell in position to topple the leaders with a win over the Pipers.  
The Indians unloosed their scoring fury in the first, when Jerry Larned singled, followed by David Josslet going to first on a catcher's error, and McGary drew a free pass. A triple by Holt cleared the track and he came in on an overthrow.  
The Tribe tallied singles in each of the next three frames and in the fifth Rike tripled to score Holt and Spinks then stole home on a wild pitch.

**HHS Juniors Will Host Banquet for Senior Class**  
Haskell High School Juniors have announced that the theme of this year's Junior-Senior Banquet will be "Candyland." The invitations carried out the theme, having a candy house imprinted on them. All the invitations have been sent out, according to Mrs. Terry Diggs, co-sponsor with Mrs. Thelma Thomas and Hubert Bell.  
The banquet will be held in the cafeteria of the high school at 7:30 p. m. Friday. The program has not been announced.  
Mothers of Junior Class members will prepare the meal, assisted by the regular employees of the cafeteria under the supervision of Mrs. Pearl Homesley. Approximately 150 students and faculty are expected to attend.  
Sophomore boys who will serve the meal are: Preston Pierson, Lyndon Harris, Ernest Kimbrough, Jr., Don Pennington, Bobby Wheatley, Tom McClung, David Burson, Fitzhugh Williams, Dalton Linton, and John Stone. They will be attired to represent the theme of the banquet.  
Plan Want Ads and reap a batch of profits quickly.

**Paint Creek Grade School Schedules Commencement**

agency department, a newly created position authorized by the medical board. He will continue in his other staff and faculty positions.  
Dr. Spencer's prime responsibility will be the professional coordination and direction of the emergency department activities. He will also be concerned with developing plans for the Hospital's disaster program, which will likely be centered in the emergency department.  
Dr. Spencer's publication and scientific papers are primarily in the field of cardiovascular surgery and related problems. The five-year program which helped earn his Markle award is a proposed study of cardio-respiratory physiology.

**Roundup—**

### Control Methods For Pecan Nut Casebearer

By F. W. MARTIN  
County Agent

The pecan nut casebearer, sometimes called pecan worm or pecan borer worm, is a small dull, olive green worm that bores small holes in the base end of pecans and feeds within the nut. It occurs in Texas wherever pecans are produced and feeds only on pecans. The nutcasebearer is the No. 1 enemy of pecans and may destroy the entire crop if not controlled.

If the grower knows the life history of the nutcasebearer, and thoroughly applies the spray with good equipment, satisfactory control can be obtained. A single spray applied at the right time in the right way will do the job.

The casebearer has four stages of development: eggs, larva or worm, pupa (changing from worm to moth), and moth or miller, which is the adult stage. Only the worm feeds on the nuts.

The worms come out of their winter hibernation or winter quarters when new shoots or twig growth starts in the spring. The worms bore in the shoots and feed within them until they are fully mature. Then they go through a pupa stage for 12 or 14 days and emerge as moths or millers, which are about the size of a clothes moth. By the time the moths emerge, the tiny pecans are beginning to show on the trees. After a few days, the moths start laying eggs. The small, bluish-white eggs, laid singly on the tip end of the small pecan, hatch in 5 to 7 days. The eggs can be seen with the naked eye.

After hatching, the worms move down the twig to which the nut cluster is attached and starts feeding on the buds, they move back to the nut cluster and enter the pecan through a small hole which they eat out at the base.

I is during this period, when the eggs are laid and the time that the worms are feeding on the buds (10-12 days) that the spray should be applied for best results. In Haskell County, the time to spray is May 10-25. After the worms enter the nuts, spraying will not control them.

Proper timing of the spray is essential, but equally important is the proper spraying of the trees. The clusters on each limb, from the bottom to the top, must be thoroughly wet with the spray. Any one of the following spray mixtures will control casebearers if applied properly at the right time:

- (1) Three pounds of 50 per cent wettable DDT powder, six to eight pounds of wettable sulphur per 100 gallons of water.
- (2) 2 pounds of 15 per cent wettable Parathion.
- (3) One pint of black leaf 40, 2 quarts of summer oil emulsion per 100 gallons of water.

For further information in controlling insects in pecans, there are two bulletins available at the county agent's office, B-162 "Pecan Orchard Management" and L-245 "Guide for Controlling Insects and Diseases on Fruits and Nuts in Texas."

### VACATIONING IN OLD MEXICO

Mrs. W. V. Meador and Martha left Friday for Mexico City and Acapulco, Mexico where they will meet Mrs. Meador's sister, Mrs. E. F. Garno, Harrisburg, Pa., and enjoy an extended visit in the southern republic.

### Chaplain James R. Barnett, in Alaska, Writes of Four Weeks in Survival Tour

Chaplain James R. Barnett, Ft. Lewis, Washington, explains in a recent letter, some of the finer—and funnier—points of Arctic Survival as experienced in Alaska.

Chaplain Barnett, son of Mrs. Bob Barnett of Haskell and a brother of Police Chief Tom Paul Barnett, was one of "about 80 officers of the Armed Forces to spend four weeks in Alaska in an Arctic Survival School." Although it was March there was little evidence of springtime in the Washington Air Force Base as Chaplain Barnett states "Everyone thought it was cold when we left, because there were a few flurries of snow, and the temperature was at least down to 30 degrees. But eight hours later we stepped off the plane in 40 below zero. It stayed there for a whole week, before it warmed up and stayed around zero. They soon gave us some clothing to compare with the weather, and for four weeks we learned the latest developments in Arctic warfare."

He emphasizes, "This was not just classroom presentation, but first hand experience in snow and ice, travelling across country on skis, snowshoes and walking up mountains on hard, deep ice. Skiing was a bit difficult to learn, but it is a great sport, if one can stand up long enough." Living conditions were a little rugged as Chaplain Barnett says "We spent six nights out in the field, which was blanketed in over three feet of snow. We used tents, lean-tos built from trees and even dug a snow cave one night. I built a snow bank and a snow wall just in case the wind should really blow. Reports said that seven wolves had been seen in a pack, so I was ready with a long, sharp knife with a 2-foot blade which was really used to cut branches. They pay a \$50 bounty on wolves, and collect on the left front foot. So I was going to aim especially for that foot if any came around, but none showed up."

Even without the wolves, life managed to be exciting that night. "I was glad I slept out in the open that night instead of in the snow cave, because I saw a wonderful sight. I happened to look up out of my little peephole from the sleeping bag and saw the great Northern Lights, called the Aurora, right overhead. It is the most beautiful sight in all the world. The whole sky was full of lights, making many different colors, sweeping across, back and forth, even in an instant. It is a wonder to behold. The stars, too, in Alaska seem so much nearer the earth, and the North Star is almost straight up."

For them that hanker for the good old days, "Alaska still has the markings of the pioneer days.

Anyone can homestead 160 acres, and after several years gain more. But I don't see much future for business there since the gold rush is about over. However if one really had an eye for business, there must be at least ten million dollars worth of snow cones, all ready to be dipped up and put the juice over them, if they were in Texas on the fourth of July."

Maybe the price of living in Texas isn't so bad after all. "T-bone steaks cost the civilian \$8 Hamburger steaks go for \$2.00 and a hamburger is only \$1.25. Haircuts are cheap at \$2.50. But salaries have to be high to match these prices. Still there are no rich people."

"Statehood is a big subject for Alaska, and I'd say if we need a big deep freeze for the whole U. S. and wanted to call it a state, we ought to count Alaska a prize possession, which incidentally cost the U. S. less than the hospital on Ladd Air Force Base."

The annual Texas 4-H Club Roundup is scheduled for June 12-14. This annual meeting has been held on the campus of Texas A&M College for almost a half century.

### WILL JOIN HUSBAND AT CAMP CARSON

Mrs. Jimmy Cox and Johnny Bart, who have been making their home with her parents, Mr. and Mrs. R. E. Hutchinson in Wehner, left Friday for Camp Carson, Colo., where she will join her husband who is stationed with the 8th Infantry Division.

### WESTERN PEOPLE ATTEND TRACK MEET

Attending the State track meet in Austin Friday and Saturday were Mr. and Mrs. Buck Turnbow, Mr. and Mrs. J. A. Mayfield, Mr. and Mrs. L. V. Reeves, R. W. Raynes, Douglas Myers, Mrs. Jimmy Reeves, Mr. and Mrs. Gene Perry.

### CITATION BY PUBLICATION THE STATE OF TEXAS

To Daniel P. Martinez, Greeting: You are hereby commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 28th day of May A. D. 1916, at or before 10 o'clock a. m., before the Honorable District Court of Haskell County, at the Court House in Haskell, Texas.

Said plaintiff's petition was filed on the 28th day of January, 1916. The file number of said suit being No. D-1549. The names

of the parties in said suit are: Conception Martinez, as Plaintiff, and Daniel P. Martinez, as Defendant. The nature of said suit being substantially as follows, to-wit: Suit for divorce, Plaintiff alleging abandonment for a period of over three years.

Issued this the 17th day of April A. D. 1916.  
Given under my hand and seal of said court, at office in Haskell, Texas, this the 17th day of April A. D. 1916.  
Jesse B. Smith, Clerk District Court, Haskell County, Texas. 16-19c

The new miniature gyro-compass, designed for use on small naval craft, occupies less than one-half cubic foot of space, and because of its simplicity can be operated by Navy men without specialized training.

### Inspectors Praise Work Being Done By Paint Creek Rural High School

Paint Creek Rural High School was described as a "well administered school" which "fits well into the life of the community" by inspectors from the Texas Education Agency when they checked the school recently on the annual evaluation for accreditation. The inspectors, J. B. Golden and Miss Ruby Bennett, in their highly favorable report of the school's operation, recommended that Paint Creek Rural High School be continued as a fully accredited 12-grade school system.

Their report follows: This school provides twelve grades of work for 162 scholastics. It has a tax valuation of \$2,941,000. The total tax rate is \$1.50 divided as follows: Current local maintenance \$1.25, bonds 25 cents. There is a bonded debt of \$86,000. Foundation requirements are \$14,800, and it has an enrichment fund of \$20,000.

This is a farming and oil community. Ninety-three per cent of its students come from families that own their own farms.

This school fits well into the life of the community. It is the cultural, social, and recreational center. It operates a summer recreational program for the people of the district.

The school board's policies and minutes indicate a well administered school.

A continuing inservice program for all school personnel is in progress.

Two teachers are paid out of enrichment fund.

The board provides \$2,000 for teaching aids and \$500 for the library. Of the \$500 for the library, \$370 has been spent.

There is evidence of a good working relationship between the school board and superintendent, between the superintendent and teachers, and between teachers and pupils.

Through a wide variety of activities, provision is made in the curriculum for the interests of pupils.

Many opportunities are offered for development of creative expression in art, and in other areas of the curriculum.

There are 65 students in high school. General science has 16 pupils enrolled and 14 pupils are taking chemistry. General science and chemistry are alternated annually with physics and biology.

In general the elementary science program shows emphasis in that there is a variety of specimens, plants growing, excursions made, etc. Coordination through curriculum planning might strengthen the program.

Opportunities are provided for pupils to experience democratic procedure in class organizations, clubs, etc. These activities might be further expanded to include a student council, and other activities.

Evidence of functional learning is shown through assemblies based upon activities developed in regular class work. Standards of quality in all activities, both oral and written, might result from frequent evaluation, which is being done by the faculty.

In working toward improving the instructional program teachers might try to find ways of providing for individual differences by further grouping in reading, arithmetic, and other areas of the curriculum.

Where health and elementary science are included in the curriculum and scheduled for only one-half year, consider ways of strengthening these two programs by scheduling them throughout the year in either shorter periods or on certain days of the week. There is unique organization

planned in the elementary grades to permit more flexible scheduling. The first grade teacher teaches the first grade with half the second grade; the third grade teacher teaches the other half of the second grade and the third grade; the fourth grade teacher teaches the fourth grade and half the fifth grade; the sixth grade teacher teaches the remaining half of the fifth grade and the sixth grade. There is established a close working relation between the teacher of the primary grades and between two teachers of the intermediate grades. In the intermediate there is a semi-departmentalized plan whereby one teacher teaches all the languages, arts, and the other teaches the social studies.

It is suggested: That the board give some consideration to improving the high school library; rearrange the shelving; make them open and accessible to the students; upgrade the lighting and possibly add table and chairs.

The additional tables for the science laboratories be installed and equipped with the proper utilities; the lighting should be improved, both artificial and natural.

The display space be provided for the work of all departments.

Recommendation: It is recommended that the Paint Creek Rural High School be continued as a fully accredited twelve-grade school system.

The bagworm season is here. Extension Entomologist C. F. Garner says the time to control these pests is when they are small. Local county extension agents can supply information on the insect and also on the best method for control. Ask them for a copy of L-199, Texas Guide for Controlling Insects on Ornamental Plants.

### Don Allred Enlists In Navy; Training At San Diego

Don Allred, Haskell, has enlisted in the U. S. Navy for a minority enlistment. He left May 1 for San Diego, Calif.

He will receive 9 weeks basic training and then will be granted a 14 day leave to come home. He is the son of Mr. and Mrs. Ark Allred of 300 N. 14th St., Haskell.

**CARD OF THANKS**  
We take this method of expressing our sincere appreciation for the many kindnesses shown us in the passing of our beloved wife, mother and grandmother. We wish to thank all who sent food and for the beautiful floral offering. Especially we thank the organist, choir and Pastor Wendel for his words of comfort in our hour of sorrow. Our prayer is, should sorrow enter your home, may you find the same comfort. May God bless you all.

The Thunderbird's own record-setting 312 cubic inch engine can now be yours in most Ford models.

## Ford goes First...with the 225-h.p. V-8

Now you can have a 225-h.p. engine with *Fordomatic Drive* for less than the top engine in any other low-priced car with ordinary standard transmission!

Until you slip behind the wheel and sample the sizzle of a 225-h.p. Ford V-8 for yourself, the best thrills in motoring are still ahead of you. For this mighty engine delivers performance that will set your spine atingle... performance that will recapture again the fun of driving... performance that keeps Ford the world's largest-selling V-8!

Truly Ford goes first with this 312 cubic inch engine—largest ever offered in a low-priced car. Yet, even teamed with Fordomatic, it costs less than top engines in other low-priced cars with just standard transmission!

Ford goes first with Lifeguard Design, too.

For example, there's the deep-center structure of the steering wheel that helps to protect your chest in case of accident... double-grip door latches to reduce chance of doors opening under impact.

As for looks, every '56 Ford took its styling inspiration from the Thunderbird. They're the most glamorous cars in Ford's field.

In economy, too, Ford goes first. In the 1956 Mobilgas Economy Run, a Ford V-8 beat everything in its class—including Sixes as well as Eights. Come in now for a thrilling Test Drive. When you return you'll understand why Ford is the V-8 with the biggest following.

**In Performance... Safety... Economy**

**FORD goes first**

Now! An air-conditioned Ford costs less than many medium-priced cars! Try one today!

These shows are chosen especially for children and are highly recommended. As an added feature, the children who have ticket books will be admitted FREE to any show during the week if accompanied by their parents.

## County Judge Will Attend Meeting In Austin

A meeting in Austin May 14 called by Governor Allen Shivers to discuss the results of the state-wide study "Searchlight on TB" will be attended by County Judge Alfred Turnbow, Haskell County chairman.

The program, to be conducted in the House of Representatives in Austin will begin at 11 a. m., when Governor Shivers will deliver an address on the tuberculosis problem in Texas as revealed by "Searchlight on TB" and measures proposed for the control and eradication of the disease. Brief talks will also be made by representatives of state agencies which provide different services for tuberculosis control.

"Searchlight on TB" was launched statewide in May, 1964 Judge Turnbow said. The purpose of the study was to "review the advances against tuberculosis; to take stock of existing measures for its control; to consider what remains to be done towards eradicating the disease; and to chart specific moves for reaching this goal."

Anyone interested in attending the meeting in Austin May 14 is invited to call Judge Turnbow at 821.

## Paint Creek School Annual Distributed To Students

The 1966 edition of the "Pirate," Paint Creek School annual has been distributed to the students, reports Dan McRae, school superintendent.

The yearbook was dedicated to "the teachers, parents, and patrons" of the school. In his message to the students Mr. McRae said "I feel that our school philosophy is best expressed by a specimen of what is being done rather than what is expected to be accomplished. A policy caring more for the individual welfare of the student than for the idea of making a program work. My gratitude is therefore extended to everyone who has a part in this work."

Members of the annual staff for the '56 Pirate are: Jean Griffith, Gayle Callaway, Emilee Griffith, Glenda Walton, Polly Tipton, Joe Earles, and Mrs. W. C. Taylor, sponsor.

## Weinert Student Is Runner-Up in League Contest

Bob Sargent, high school student at Weinert placed second recently in the regional meet of the Interscholastic League contest held in Lubbock. His category was acting.

Sargent appeared in the play "Minor Miracle" with three other Weinert students and according to Douglas Myers, superintendent of schools, has received a letter of congratulations from one of the judges. Myers said that the judge remarked that he had judged that particular play several times but that the performance by the Weinert students was the best he had seen.

## Firemen's Auxiliary Members Complete First Aid Course

Twelve members of the Ladies Auxiliary of the Haskell Fire Department recently completed a standard First Aid Course and have been presented official certificates by the American Red Cross.

Six members of the fire department also took the course and qualified for certificates. The course was composed of nine semi-weekly sessions of two hours each. Instructor was State Highway Patrolman Arthur Dyson of Stamford, assisted by Stamford Fire Chief Dick Rowland.

Auxiliary members completing the course were Mesdames Wilma Adkins, Grace Atchinson, Chris Correll, Evelyn Mercer, Annie Reynolds, Elizabeth Stewart, Mary Watson, Eva Speer, Hilda Baldwin, Lee Barnett, Grace McKelvain, Avis Pennington.

Firemen taking the course were E. J. Stewart, Covell Adkins, Tom Watson, Tom Barnett, Jack Speer, Earl Correll.

### Paint Creek Anglers Display 19-Pound Catfish as Part of One Night's Catch

Glen Walton and Billy Hise, the Lzaak Walton's of Paint Creek, drove proudly into Haskell Thursday morning and stopped to display their latest catch of fish from Paint Creek Reservoir.

The prize catch was made using Shad as bait on a trotline. All but two of the larger fish were caught on the same line, according to Hise and his fishing partner. The inevitable group of kibitzers gathered round the pickup and tried to discover the location, but the fishermen were not talking except to say "the lake."

Walton said, "We didn't know whether we were catching fish or whether we were dreaming we were catching fish, when we started to take them off the line. Boy, are we going to have a fish-fry."

The two men have been fishing in the lake for some time, but they agreed this was their most spectacular catch.

### Weinert Baptist Church Announces VBS Schedule

The Vacation Bible School at Weinert Baptist Church will begin June 1st and close June 5. Classes will begin at 3 p. m. and close at 6 p. m.

Faculty members are: Principal, Mrs. Buck Turnbow; nursery supt., Mrs. R. J. Rainey; Beginners supt., Mrs. Vern Derr; Primary supt., Mrs. E. S. McGuire; Junior supt., Mrs. George Hudgins; Intermediate supt., Mrs. Jay Cox.

Others working in the school: Misses, H. A. Miller, Jimmy Reeves, P. L. Newsom, L. J. Adams, Chester Smith, Johnny Earp, O. T. Sturdy, John Therman, George Gray, C. T. Jones, Eddie Sanders, W. B. Guess, Clyde Mayfield, P. L. Mayfield, N. R. Johnson, Alford Dunnam, J. A. Mayfield, R. C. Liles, Glendon Yarbrough, and Charlene Sturdy.

### New Certificates Now Available to Ex-Teachers

Texas teachers who were not in the school room during the 1905-06 term, but who expect to teach again some time in the future, may apply now to have their teaching certificates converted to the new type.

Those who wish to do so may write to the Texas Education Agency, Austin, and request the proper application forms. They should be filled out and returned to the Agency in order to obtain the new certificate. The old certificate does not have to be sent in.

A new kind of teacher's certificate was authorized by the last legislature, in order to standardize Texas certificates from over twenty to two kinds, professional and provisional.

During the present school term the certificates of all active teachers have been converted to the new type. While this was being done, the holders of teaching certificates who were not actually teaching were asked not to apply for conversion.

### Economy of West Texas Analyzed In New Book

One of the most thoroughly readable reports on West Texas and its future was recently published by the Texas Tech Press, Lubbock in "Tomorrow in West Texas," an economic survey written by Sidney L. Miller, Ph. D.

The author spent five years in research and personal study of a large area of West Texas before compiling his analysis of the area's economy. It is neither a glowing fable of new empire or a despairing tale of harsh elements of both. But pointing with pride is balanced with viewing with some concern.

As soon as the vista of great cattle herds is unveiled the query is voiced: "Why must they be shipped out of the region to be fed for market?" As economic possibilities in West Texas have been analyzed, needs and opportunities clearly appear. These are set forth in the text under headings including West Texas' most significant problem: water.

All of it adds up to interesting reading of lasting value and a lesson of practical worth. The author is Professor of Transportation at the University of Pittsburgh, Pittsburgh, Pa. He was formerly a faculty member at the University of Wisconsin and the State University of Iowa.

### New Army Program Offers Technical Training

"A chance to learn and work at technical jobs of their choice while serving their country is the opportunity extended to qualified high school graduates under the Army's 'Reserved for You Program,'" according to M/Sgt. Willis Carlton of the U. S. Army Recruiting Station.

"This opportunity is made possible because the Army must train thousands of skilled specialists in countless fields. Under this technical training program, qualified persons may choose the technical courses they want and

have it reserved for them before they are required to enlist," he pointed out. Detailed information on the courses, what they consist of, length of training and how to apply is available at the U. S. Army Recruiting Station, KM307 Post Office Building, Abilene, M/Sgt. Carlton is in Haskell each Friday afternoon until 3:30 p. m.

### RETURN FROM VISIT IN DENVER, COLO.

Mr. and Mrs. L. D. Hilliard and children of Hurst, and Miss Ellen Hilliard of Haskell have just returned from Denver, Colo., where they spent several days visiting in the home of their sister, Mrs. Bob Emery. They also visited friends in Littleton and Englewood, Colo.

The Navy has developed a new "miracle" dry lubricant in the form of easily applied plastic film only a few ten-thousandths of an inch thick, which is serviceable from 75 degrees below zero to 500 degrees above.

It's Bigger than Both of 'em - but its price makes it one of America's 3 best sellers!

It's as simple as this: Only two cars in all creation outsell Buick. And they are two of the well-known smaller cars. So maybe it will pay you to ask how come Buick has zoomed to the No. 3 spot with such fast-selling company. Well, one answer is the beautiful and brawny Buick SPECIAL you see pictured here - and the low price it carries. It's the biggest bundle of high-powered performance and high-fashion luxury ever offered in Buick's lowest-priced Series. And that means more people want it and can afford it, because it's priced only a few dollars more than its two smaller-car rivals—even less than some models of those very same cars. But the big answer comes from a sure fact more folks have discovered: you get more pure automobile for your money in Buick than you get elsewhere. Here, you get the extra wallop of big new Buick power

raised to a new high—and pouring in smooth whiplash from a brand-new 322-cubic-inch V8 engine of high compression. Here, you get the matchless buoyancy of Buick's new ride—the extra-safe feeling of Buick's new handling ease—the extra stretch-out comfort of Buick roominess—the extra solidity and strength of Buick structure—the extra pride and prestige of Buick's new styling and dash. Here, too—and nowhere else—you can get the smooth performance and flash-fast response of Buick's advanced new Variable Pitch Dynaflo—the world's only transmission with the gas-saving mileage and switch-pitch action of the modern airplane propeller. This week—this very day, if you wish—you can sample all these Buick blessings to your heart's content and your pocket's joy. Why not drop in on us and do just that?

### Drug Clerk First In County to Register For Military Service in World War I.

(One in a series of articles on earlyday Haskell, taken from material in the late R. E. Sherrill's "History of Haskell County.")

By CHARLENE WHITE

On February 1, 1917 Germany announced a policy of unrestricted submarine warfare against all neutral nations, and instructed the United States how to mark a ship and by what route to send one each week to England and one each week back, all others to be sunk without warning. This was war, and President Woodrow Wilson accepted it as such.

In a message to Congress April 2, 1917, President Wilson recommended that the United States accept the challenge, put the country on a war footing, and that the war be pressed with all the resources of the Government to a speedy conclusion. Four days later Congress declared a state of war.

Local exemption boards were appointed and in Haskell the board consisted of W. H. Murchison, president, H. S. Post and Dr. D. L. Cummins. Later Post was succeeded by C. B. Long and he by Clyde Elkins, and Dr. Cummins was succeeded by J. U. Fields.

W. J. Mishalka, a clerk in John W. Pace's drug store registered May 21 and was the first man in Haskell County to register after the passage of the bill. His card was at once forwarded to Cameron, his home town. No. 256, the first number drawn in Washington for Haskell County was held by Litton Copelyn, making him the first man drawn in Haskell County. Press Rogers was the first Haskell County soldier killed in the war.

A food conservation campaign began at once with John A. Couch, manager and F. L. Daugherty, assistant for Haskell County. F. G. Alexander, appointed as fuel administrator visited the gins and other heavy fuel consumers of the county, had them report to him and saw that no fuel was hoarded or wasted.

The campaign of the first and second Liberty Loan issued in the county was managed by Jesse G. Foster of Rule. Of the first issue the county took about \$25,000 including \$10,000 taken by J. L. Jones, when in Dallas. Haskell's quota of the second issue was \$98,607 and of this amount the county took \$65,000 with Rule taking more than all the balance of the county.

Among the earliest response to war conditions were the Red Cross and Y.M.C.A. organizations. At a mass meeting Mrs. Clarence Lewis was appointed chairman to a committee to secure 500 names necessary for an organization. After persistent work the names were secured and Mrs. Lewis was elected first chairman. She was succeeded by John Oates, P. W. Walthall, and R. C. Couch. Mrs. Lewis was then made chairman of the Women's work, and was followed by Mrs. Courtney Hunt, and she by Mrs. H. G. McConnell who had gone off to take special training for this work.

In the fall of 1918 the largest grain crop ever planted in the county was planted by a small number of farmers, many farmers having moved away or were away in the armed services. Farmers got seed wheat from any possible source, and planted till possible source. They planted oats till feed planting time. They planted feed till cotton planting time. They gathered and marketed feed till cotton gathering time. They gathered and sold cotton till the winter 1919-20 was well nigh over, and until farmers in this county, with no cultivation were worn out planting, gathering and marketing the "largest crop per man they ever raised or probably will raise at the highest prices they ever received."

### Farmers Eligible For Refunds on Tractor Gas

By F. W. Martin, County Agent

Farmers will be able to obtain a refund on the Federal excise tax on gasoline which is used on a farm for farming purposes under the law approved by President Eisenhower on April 2, 1936. The present Federal tax rate is 2 cents a gallon. Commissioner of Internal Revenue Russell C. Harrison announced that under the new law the first refund payments will be made after June 30 with respect to gasoline purchased and used during the first six months of 1936. Thereafter, refunds will be made for a one-year period from July 1 to June 30.

To get his refund, a farmer will have to file his claim after June 30 and before October 1. Claims are to be made on Form 2240 and are to be filed with the United States District Director of Internal Revenue for the farm-

er's district. The form will be available after June 1 at Internal Revenue offices, county agricultural agents, and many banks and post offices.

Refunds will be limited to the Federal tax on gasoline which is used by a farmer for farming purposes, in carrying on a trade or business, on a farm located in the United States. A farmer may also request a refund of the tax on any gasoline which is used on his farm by a custom operator or a neighbor in connection with cultivating the soil, or raising or harvesting any agricultural or horticultural commodity.

In general, the new law provides that gasoline shall be treated as used for farming purposes if it is used:

- (1) By the farmer or any other person in connection with cultivating the soil, or raising or harvesting any agricultural or horticultural commodity, including the raising of livestock, poultry, etc., on the farmer's own farm.
- (2) By the farmer in the operation, management, conservation, improvement, or maintenance of his farm or its tools or equipment.
- (3) By the farmer in handling, drying, packing, grading, or storing any agricultural or horticultural commodity in its unmanufactured state, but only if the farmer produced more than one-half of the commodity which he so treated during the period for

which the claim was filed.

(4) By the farmer in connection with the planting, cultivating, caring for, or cutting of trees, or the preparation (other than sawing into lumber, chipping, or other milling) of trees for market, but only if the planting, etc., is incidental to his farming operations.

No refunds of tax are allowed on gasoline used off the farm, such as gasoline used on public roads or highways in transporting family members or workmen, equipment, livestock, crops, feed, etc. Also, no refunds are allowed for tax on gasoline used in processing, packaging, freezing, or canning operations.

Farmers are also given special relief from the Federal excise tax on diesel fuel and special motor fuels used on a farm for farming purposes.

Farmers who expect to file claims should keep sufficient records to enable the Internal Revenue Service to verify the accuracy of the amount claimed.

Commissioner Harrington said that regulations relating to the new law will be issued as soon as possible.
