Coke County to contribute to Fiesta Texas

Two legendary Texas heroes will visit Coke County on Monday, September 30, for "The Great Fiesta Texas Dirt Roundup," a statewide campaign to collect a shovelful of dirt from every county in Texas for use at the \$100 million Fiesta Texas musical showpark under construction in San Antonio.

With the help of county officials, including Judge Royce Lee, and local leaders, Fiesta Texas ambassadors "Davy Crockett" and "Gregorio Esparza" will collect a shovelful of dirt from the Coke County Courthouse lawn at Robert Lee in a special ceremony at 2 pm. In case of rain, the ceremony will be held inside the courthouse.

"We want to make sure that every part of Texas is represented at the showpark since Fiesta Texas will celebrate the musical and cultural diversity of all of Texas," said Fiesta Texas General Manager Bill Hoelscher. "By collecting dirt from every county in Texas, we are recognizing what ties us all together - our love of the land, the very soil we call 'Texas.'

"With this campaign, we'll make every county in the state a part of Fiesta Texas, from the plains of the Panhandle to the tropical Rio

Grande Valley," Hoelscher said.

The dirt will be brought back to Fiesta Texas and used in "The Texas State Square," a central square within the showpark that will feature brick pavers engraved with the names of all 5,000-plus towns, cities, and counties in Texas.

The Fiesta Texas team is traveling all across the state - over 22,000 miles - to visit all 254 counties in Texas within a three-month timeframe. The campaign is sponsored by Chevrolet/GEO, Coca-Cola, and Diamond Shamrock.

"This type of schedule takes a heroic effort, so we called upon two great heroes of Texas history - "Davy Crockett" and "Gregorio Esparza" - defenders of the Alamo," Hoelscher said. "As our ambassadors, they will help spread the word about Fiesta Texas, and make sure that we have a little part of every county in Texas to include at the showpark."

Scheduled to open next spring, Fiesta Texas will feature the history, culture, and music of the Lone Star State in four themed villages - Los Festivales (Hispanic), Crackaxe Canyon (Western), Rockville (Nostalgic 1950's rock'n'roll) and Spassburg

buy and apply restricted chemicals on their own property.

To obtain a license, a person must attend the training, take and pass a test, and pay \$50 for a license that is good for 5 years.

The training will be given by the Texas Agricultural Extension Service and Texas Department of Agriculture.

Pesticide training slated

A private pesticide license training seminar will be held Monday, September 30th, beginning at 8:30 am. The meeting will be held in Abilene in the Old County Courthouse on the 3rd floor.

The training will be for those people wanting to obtain a private license. A private license is for those wanting to

Blackwell Homecoming

The 1991 Blackwell Homecoming is scheduled for Saturday, October 5. Festivities will begin at 1:30 with the Homecoming Parade. Registration will be in the school cafeteria beginning at 2 pm. A Pep Rally at 3 pm will be followed with a brief business meeting at 4 pm.

An all you can eat "Pile On Meal" will be served in the old gym prior to the football game against Woodson. Tickets for the meal will be available at the door.

A dance, sponsored by the Blackwell Volunteer Fire Department, will be held after the game.

(German).

The public is invited to attend the short ceremony.

SWCD slates fish stocking program

The Coke County Soil and Water Conservation District is sponsoring a fish stocking program this fall. They are offering channel cat, bass, minnows, bluegill, and bluecat.

Orders will be taken now through November 8. Fish will be delivered Wednesday afternoon, November 13, 1991.

For more information, call the SWCD office at 453-2623 or come by 11 E. 6th Street in Robert Lee.

West Coke County Nursing Home residents do the hula dance at a recent luau which was great fun for them and their guests.

Upcoming

4-H Posters

National 4-H Week is October 6-12. 4-H is sponsoring a Poster Contest during this time. Any 4-H'er interested in participating needs to contact the Extension Office.

Commodities

Food commodities will be distributed on Thursday, October 3, at the Bronte and Robert Lee Senior Citizens Buildings beginning at 7:30 am in Robert Lee and 8 am in Bronte and continuing until 12 noon. All commodities are distributed on a first come - first serve basis.

SW Select Shot

A Parent/Child 18 Hole Select Shot Golf Tournament will be held Saturday, September 28th, at the Singing Winds Golf Course in Bronte beginning at 9 am. The entry fee will be \$20 per team and trophies will be awarded.

For more information, call 473-2156.

BHS Reunion

A reunion will be held Friday, October 4, 1991, for all the schoolmates and friends of Bronte High School's early

years. All classmates, spouses, and other friends are invited to the dinner to be held at Zentner's Daughter, 1901 Knickerbocker Road, San Angelo, Texas, at 6:30 pm.

Individual selections from the menu can be made and separate checks issued. A door prize will be awarded to a lady and a gentleman.

Those planning to attend the reunion are asked to bring pictures, scrapbooks, etc., and also a story of their latest family news to share with the group.

For more information, contact Sue (Tannehill) Wike, 1317 E. Harris, San Angelo, Texas 76903, 915/653-2576, or Woodrow Leonard, 3419 Sul Ross, San Angelo, Texas 76904, 915/944-3495.

Watt Products

The Robert Lee High School seniors will have Tom Watt Products available until October 11.

SA G & H Society

The San Angelo Genealogical and Historical Society will meet Tuesday, October 1, 1991, at 7:30 pm in the Fellowship Hall of the Church

of Christ, 901 North Main in San Angelo.

Grace Rogers will present the evening's program entitled "Our Ancestors: From Whence They Came."

The Beginners Genealogical Class, taught by Billy Scattergood, will meet at 6:30 pm at the church.

Visitors are always welcome.

40+ Dancers

The 40+ Dance Club will enjoy their regular first Tuesday dance on October 1 at 7:30 pm in the Robert Lee Rec Hall. Tickets to the C/W dance are available at the door.

BP Clinic

The North Runnels Hospital monthly Blood Pressure/Blood Sugar Clinic will be held the third Tuesday of each month, 8 am to 12 noon, beginning October 15. This will continue to be a free service available in the lobby of the hospital.

Cholesterol screening will be offered every three months for a small fee. The next screen will be in November.

The next scheduled Blood Drive is October 29.

Detection Unit set for RL

The Mobile Breast Cancer Detection Unit of Odessa, Texas, which services Coke County recently received the certification of the American College of Radiology Mammography Accreditation Program.

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best means for the early detection of breast cancer.

The program is voluntary and is designed to insure that women receive optimum quality mammographic examinations. The process is done through a peer review evaluation of the facility's staff qualifications, equipment, quality control and quality assurance programs, image quality, and

breast dose. The accreditation must be renewed every three years.

The accreditation program was instituted because of the concerns of radiologists, other national medical organizations, and the public that qualified personnel perform and interpret mammograms and that dedicated mammographic equipment be used. The American College of Radiology received an American Cancer Society Control Grant which was used to pilot test the Accreditation Program.

Breast cancer will strike one in 10 American women. The American Cancer Society predicts that about 41,000 women will die of breast cancer this year. As there is no way to prevent the disease, early detection and treatment offer the greatest hope for survival.

The American Cancer Society recommends that women do monthly breast self-exams and have regular physical breast exams by a doctor. It further recommends mammography on the following schedule: a baseline mammogram (for reference) between age 35 and 39; a mammogram every one or two years between age 40 and 49; and an annual mammogram from age 50.

The Breast Cancer Detection Unit will be in Robert Lee Friday, October 4th. You may call 453-2511 for an appointment.

LOOK WHO'S NEW Brittany N. Gunn

Amy and James Gunn of Odessa are the proud new parents of a new daughter, Brittany Nichole. She arrived at 7:04 pm Saturday, September 21, 1991, at the Medical Center in Odessa and weighed in at 7 lbs., 3 oz. She is 20" long.

Grandparents are Judy and Harvey Snowden of Odessa and her great-grandmother is Bessie Brice of Robert Lee.

LSG files rate increase

Lone Star Gas Company representative Emil Esensee filed Wednesday for a rate change that will raise the average monthly residential gas bill by \$1.16.

"This rate change is necessary to continue the high performance levels our customers are accustomed to receiving," said Esensee. "It will cover necessary operating expenses, such as maintaining and improving the local pipeline distribution system, all vital to dependable service."

The last time Lone Star filed for a rate change in Bronte was in 1985.

"Lone Star will continue to work for reductions in the cost of the gas purchased for our customers, and any savings achieved are passed on to customers each month

through the gas cost adjustment," said Esensee. "General increases in the cost of doing business make this request necessary," he said.

Based on Lone Star's application, a residential customer using an average of six thousand cubic feet of gas a month would see a change in the average monthly bill from \$35.85 to \$37.01.

"No one likes rising prices, but any business must earn enough money to cover its cost of service. We will always strive to provide the best possible service to our customers at the lowest possible cost," Esensee concluded.

New Mercury Sable arrives at Ivey's

The Mercury Sable, which receives its first major redesign ever for 1992, has arrived at Ivey Motor Company in Robert Lee.

The 1992 Sable features all-new sheet metal on every exterior panel except the roof, and numerous functional improvements to enhance its room, ride and comfort.

"We are launching the second generation Mercury Sable in 1992," said Cumbie Ivey, Jr., Owner. "The new refinements have created a more upscale and luxurious Sable, which features the same high quality and outstanding value our customers have come to expect.

"Since its debut in the 1986 model year, Sable has set the standards in its class for comfort," added Ivey. "With all of these improvements, we expect that to continue in 1992. This Sable is even more upscale and refined than its trendsetting predecessor."

The new Sable exterior features a sleeker front end with more streamlined bumpers and headlamps, while retaining an updated version of its distinctive front light bar. The backlight angle has been reduced to enhance Sable's upscale appearance.

Sable's interior has also been redesigned to improve both ergonomics and safety. A new, flow-through instrument panel integrates the instrument panel and the doors in a single form. A passenger side air bag supplemental restraint system has been added to Sable's optional equipment list, making the Sable and the Ford Taurus the only automobiles in their class to offer this safety feature. The driver side air bag supplemental restraint system remains standard.

Overall passenger space has been improved for 1992, including increased front seat hip room and rear seat head room.

Several significant improvements have also been made to decrease noise, vibration, and harshness in the Sable for 1992, and to improve ride and handling.

Sable will again be offered in a GS and LS sedan and station wagon for 1992. Both Sable sedan and wagon feature a standard 3.0 liter sequentially-fuel-injected V-6 engine. An optional 3.8 liter

V-6 engine is also available. All Sable models offer a standard four-speed electronic automatic transaxle.

Among Sable's standard features are independent rear suspension, tinted glass, electronic AM/FM stereo radio, manual air conditioning, front disc/rear drum brakes, integral head rests, 15 inch wheels and all-season radial

tires.

Options include electronic air conditioning, anti-lock brakes, an 18.4 gallon fuel tank, JBL audio system (sedan only), leather seats, dual power seats, six-way adjustable seats, and an electronic rear window defroster.

Ivey Motor Company is located at 721 Austin in Robert Lee.

Sorosis Club begins year

Members of the Sorosis Study Club in Bronte began the new club year Thursday evening, September 19, in the E. F. Glenn home. Serving as hostesses were members of the yearbook committee which includes Jean Fancher, Mary Glenn, and Diane Luckett. A delicious salad dinner was enjoyed before the business meeting.

President Peggy Hembree presided over the business meeting where all committees reported. Club members voted to have their annual moneymaking garage sale on Saturday, October 12, on the First National Bank parking lot in Bronte.

Yearbook chairman Jean Fancher presented the new club books and reviewed the programs. Interesting and timely programs, events, and other entertainment are in store for club members and guests. Mary Glenn conduct-

ed games to test the mind and awarded prizes to the winner.

Attending were members Jean Fancher, Mary Frances Glenn, Mary Glenn, Peggy Hembree, Bobbie Lee, Betty Lee, Diane Luckett, Margaret Martin, Pat Oglesby, Mildred Thomason, and Nelda Thomason.

Ext. Homemakers meet at Bronte

The first Fall meeting of the Bronte Extension Homemakers was on Wednesday, September 18, at the Bronte Senior Center.

Hosting the occasion was Alene Jameson and Virginia Boatright. Presiding over the meeting was President Virginia Boatright.

Opening the program was Marie Arrott reciting the poem "He Touched Me."

Roll call was answered with "What subjects would I take if I returned to school?"

Jan Yanez, Coke County Extension Agent, presented the program on "Heart Healthy Foods" and also gave instruction on "Hoop Crafts."

Refreshments were served to Boatright, Arrott, Yanez, Annie Laura McShan, and Lela Parker.

The next meeting will be October 18 in the home of Lela Parker.

Workshops slated for October

Parents are their children's most important teacher. Parents, like any effective teacher, need to know the facts and have the skills necessary to communicate those facts. Today's teens have many decisions to make. They need information to act-on and follow-through with their choices. Teens need to talk with someone who is informed and will listen to their concerns.

The San Angelo AIDS Foundation, through its Education/Prevention Grant from the Texas Department of Health, will begin a Parent-Teen Communication/ Education Project in October, 1991. The project will be offered in 13 counties in the Concho Valley.

The agency's Project Educator, who has experience in training adults and parent involvement programs, will provide the workshops. The focus of the workshops will be the development and application of communication skills needed to talk with teens. Methods of obtaining information and resources will also be developed. Those skills and methods may be used in dealing with a variety of issues.

The workshops will be interactive. In that manner, parents will learn both facts and skills. Community, church, and school parent groups are encouraged to join. Individuals interested in working with teens are also welcome. The workshops will be offered in English and/or Spanish.

For more information, write Jose Eliel Lopez, Project Educator, PO Box 62474, San Angelo, Texas 76906, or call 915/949-6381.

Durham joins AG

Drew T. Durham, formerly of Sterling City, has joined the Office of the Attorney General. He and his family have moved to the Austin area.

Since 1979, Drew has served as County Attorney for Sterling County. As a prosecutor, he worked with U. S. Customs, the Drug Enforcement Agency, and the U. S. Border Patrol, as well as the Texas Rangers and the intelligence, narcotics, and highway patrol divisions of the Department of Public Safety.

As president of the Texas District & County Attorneys Association, Drew helped draft and amend legislation involving such criminal justice issues as seizure and forfeiture, oral confessions, crime victims' rights, and DWI statutes. His extensive background in prosecution and criminal procedure will be invaluable to his new position.

Singing Winds results

Twenty-five golfers participated in the weekly Thursday Night 9 Hole Select Shot Golf Tourney held at Singing Winds Golf Course in Bronte on September 5.

Winning first with a 30 score were Mickey Pierce, J. W. Caudle, Tom Ensor, and Dee Eubanks.

Second with a 31 were Donus Belew, Jackie Corley, Wayne Coalson, and Russell Johnson.

After two teams tied at 32, a card playoff decided 3rd and 4th places. Taking third were Jim Morrow, Jeff Webster, Corky Collins, and Ed Martindale. Mary Morrow, Richard Wood, Joey Luckett, and Donald Butler came in fourth.

Hart and May in second with a 98 score and Howell and Green in third with a 102.

Second Flight winners included Webster and Poehls in first with a 104, Wyatt and Badgett in second with a 105 after a card playoff with Garza and Garza, also a 105 score, in third place.

Al Jackson and O'Connor placed first in the 3rd Flight with a 108 score. Second place in the flight went to Peggy Jackson and Stautzenberger with a 110 and 3rd to Lee and Kelso with a 114.

Thursday Golf

Placing first with a 30 score in the September 12th Thursday Night Golf Tournament held at the Singing Winds Golf Course in Bronte were Sue Caudle, Tom Ensor, Jackie Corley, and Russell Johnson.

Barry Corley, Corky Collins, Garry Bivins, and Shelly Corley placed second with a 32 score.

Coming in third with a 33 were Jeff Webster, Mary Morrow, Adam Minjarez, and Waylon Ensor.

Steers take revenge at Santa Anna

By Bill Burns

The Steers went to Santa Anna last Friday night and got some revenge. Santa Anna was 30-35 pounds bigger per man than the Steers. They were also undefeated and looking to stay that way. The Steers were not all that worried about the size difference and they were not going to let Santa Anna walk away with another win on their record.

This was an excellent team effort and all the Steers are to be congratulated.

1st Quarter

Santa Anna received the kick off at their own 20 yard line and returned it to their own 33. Santa Anna was unable to get a first and punted to the Steer 24 yard line. The Steers failed to get a first down and punted to the Santa Anna 37 yard line.

Santa Anna made two first downs, but the Steer defense knocked the ball loose and John Williams recovered for the Steers at the Steer 30 yard line. The Steers made three first downs down to the Santa Anna 34 yard line. The Steers then fumbled with

Santa Anna recovering at the Santa Anna 35 yard line.

2nd Quarter

Santa Anna made two first downs to the Steer 33 yard line. They then fumbled and Dant Hughes recovered for the Steers at the Steer 24 yard line. The Steers then fumbled back to Santa Anna at the Steer 21 yard line. Santa Anna could not get a first and gave the ball up on downs at the Steer 27 yard line. The Steers could not move the ball and punted to the Santa Anna 35 yard line. Santa Anna got one first down, but they gave the ball up on downs as the Steer defense held tough. Danny Jackson then completed a pass to Todd Scott who carried the ball all the way to the Santa Anna 9 yard line. There were 4 seconds left on the clock and Jackson completed a touchdown pass to Russ

Horn. The attempt for 2 points failed and the first half ended with the Steers on top by 6 points.

3rd Quarter

The Steers received the second half kick at the Steer 10 yard line and returned it to their own 32 yard line. Three first downs later, the Steers had the ball at Santa Anna's 16 yard line. Jackson then went back on top and completed a pass to Blake Pitcock for the Steers' second touchdown of the night. Scot Millican then kicked the extra point and the Steers were up 13-0.

4th Quarter

The ball changed hands three times before anyone made a first down. It was Santa Anna and they moved the ball for four first downs and scored from their own two yard line. Santa Anna passed for two points. The ball changed hands several more times with Blake Pitcock intercepting a pass at the Steer 34 to stop a Santa Anna drive.

The game ended with the Steers on top, 13-8.

Good game Steers! The Steers will be open tonight but will play again next Friday night, October 4, in Menard.

Dogies roll over IC Hornets

The Dogies traveled to Irion County last Thursday to take on the Irion County Hornets.

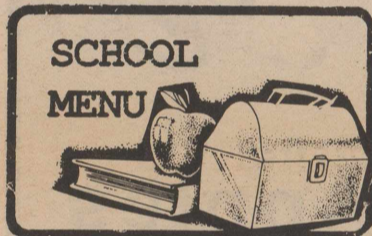

The Hornets received the opening kick-off. Their first drive ended with a fumble recovered by Harley Wagner. The Dogies scored on their first possession with a 30 yard run by Harley Wagner. Daniel Hayes carried the ball over for the two-point conversion. The Dogies' defense held the Hornets scoreless through the remainder of the first quarter.

Excellent blocking by the Dogies' offensive line enabled Wagner to run fifty yards for the touchdown. The two-point conversion attempt failed. Aaron Hood connected with Eric Hood for a 35 yard touchdown pass in the second quarter. Eric Torres scored the PAT.

The Dogies scored on a 44 yard run by Hayes in the third quarter. The two-point conversion attempt was unsuccessful.

Irion County's only touchdown came later in the third quarter. The Dogies and the Hornets both failed to score in the fourth quarter, leaving the final score 28-6. The weather didn't seem to hinder the overall good effort offensively and defensively by the Dogies. Hayes, Wagner, and Korey Pitcock are credited with fumble recoveries.

The next game will be in Robert Lee against Miles Thursday, September 26, at 6 pm.

Stamp club slates show

The Concho Valley Stamp Club will host a Stamp and Coin Show September 28th and 29th, 1991, at the Days Inn in San Angelo. Hours are 10 am to 6 pm Saturday and 10 am to 4 pm Sunday. Days Inn is located at 333 Rio Concho Drive. There is no admission charge.

There will be nine stamp and coin dealers to buy, sell, and trade stamps and coins. The show is primarily for stamp collectors, but the Club wants the public to have an opportunity to be involved with coins too. There will be some non-competitive displays showing the various interests of stamp collecting.

The public is invited to come and visit with the dealers and Club members to learn more about Philatelic (stamp collecting) activities.

The Concho Valley Stamp Club meets twice monthly at 7 pm. The first meeting of the month is held the second Tuesday at the San Angelo Main Post Office and the second meeting is held the fourth Thursday at the San Angelo National Bank. Visitors are always welcome. The programs are varied to help the newest collector as well as those who have enjoyed years of collecting.

Regardless of what your in-

terest are, you can enjoy it through philately. Stamp collecting can be as specialized or as broad as you want to make it. You can study postal cancellations, mail from a certain era of time, or it can be topical, such as cars, horses, birds, or chessmen on stamps.

Mr. & Miss RLHS

The new Mr. and Miss RLHS for 1991-92 are Tracie Blair, daughter of Mr. and Mrs. Roy Blair, and J. J. Tennison, son of Mr. and Mrs. Jackie Tennison. Tracie and J. J. are seniors at RLHS this year.

Representatives elected to council

Elections were recently held at Robert Lee High School to choose the Student Council Class Representatives.

Wendy Lamar and Russ Horn will be representing the senior class with Shelbi Grim and Dane Smith representing the junior.

Sophomore class reps are Rachel Pentecost and Joe Blair. Laura Chesshir and Lee McCown were elected from the Freshman class.

Eighth grade representatives are Heather Millican and Aaron Hood.

Banking Reform Means WALL STREET VS. MAIN STREET

Reducing your deposit insurance, moving capital out of your community, merging big banks and business, and allowing banks to enter the risky securities business are all parts of the banking proposals now being considered by Congress.

Now is the time to let your Senators and Congressmen know how you feel about cuts in deposit protection and big new conglomerates that will have a major effect on all of the citizens of the community by siphoning local deposits from Main Street to Wall Street.

The Big Banks and Wall Street want this badly.

SAVE MAIN STREET by writing today!

Send the attached coupon to your Senator and Representative in Washington today! Or call us for more information.

I am concerned about the threat that proposed banking legislation has on our community banks. I urge you to vote to keep FDIC insurance coverage at its current levels, to preserve the laws that separate banking and securities underwriting, to prohibit the merging of banking and commerce, and to protect my community.

BRONTE SCHOOL NEWS

Longhorns fall to Water Valley, 36-14

By Brandi Thomas

The Bronte Longhorns were defeated in high school football action Friday against Water Valley at Bronte.

The first quarter saw plenty of action from Water Valley as they scored their first touchdown on Bronte with 10:51 left to play. With a Water Valley kick off, Bronte's Jason Cooper received the ball to run for 27 yards before a Bronte fumble put the ball back in Water Valley's hands. With the ball in Water Valley's possession, they drove in for a touchdown making the score 0-16 with 6:45 left.

Cooper again received the kick to gain 38 yards for the Horns. On 4th down, Bronte

turned the ball over to Water Valley again and they drove in to score. The Wildcats led 0-24 with 4:01 to go in the first quarter.

In the second quarter, Water Valley drove in for another touchdown with 10:52 left. The two-point conversion attempt failed. Water Valley kicked off to Bronte and Cooper gained 35 yards. At the 4th down, Bronte turned over the ball to Water Valley. Bronte's Gary Bilbrey intercepted a Wildcat pass to get the ball back. After a fumble and a Water Valley recovery,

the 2nd quarter ended with a score of Water Valley 30, Bronte 0.

Second half action saw Bronte try a comeback as Lee Reyes broke a run to gain 60 yards for Bronte's first touchdown of the night. The PAT failed. Later in the fourth, Brent Taylor ran five yards for another Bronte TD. Jason Cooper then attempted to run for the two-point conversion and was unsuccessful. This closed the game out for the Longhorns as they fell to Water Valley 36-14.

Notes from Bronte ISD

Tutoring Services

Anyone interested in receiving information on tutoring services and fees, please contact Vicky McCutchen. There is a tutoring center in San Angelo which offers the following and more: grades 7-12 - writing skills, Algebra I & II, Geometry, SAT Review, TAAS Review; and elementary - reading and math skills.

Testing Schedules

The following is a list of testing schedules for students at the high school level:

- ACT Assessment - October 26, 1991, (registration deadline - September 27, 1991, late registration - October 11, 1991)
- SAT - November 2, 1991, (registration deadline - September 27, 1991, late registration - September 28 through October 9, 1991)
- PSAT testing for juniors is scheduled at the First Baptist Church Fellowship Hall on Tuesday, October 22. The cost is \$6.50 and will need to be in Mrs. McCutchen's office before the test date. The test will begin at 8:30 am and end around noon.
- PACT Testing for sophomores is scheduled for Tuesday, October 29, at the First Baptist Church Fellowship Hall. The cost is also \$6.50 and needs to be turned in by October 28. The test will begin at 8:30 am and end around noon.
- Seniors will be administered the ASVAB (Armed Services Vocational Aptitude Battery) test on Thursday, November 7, at the First Baptist Church Fellowship Hall from 8:15 am to 12 noon.

All of the above testing is necessary to prepare students for their future in high school as well as their future after high school. If there are any questions, please contact Mrs. McCutchen at Bronte High School, 473-2511.

Also, the Texas Assessment of Academic Skills (TAAS) will be administered to grades 3, 5, 7, 9, 11 (exit level) on October 8, 9, and 10. Tuesday, October 8, will be the writing portion of the test, Wednesday, October 9, will be the reading portion of the test, and Thursday, October 10, will be the mathematics portion of the test. It is very

important that all students in these grades are present for all three days of the testing. Each student will need plenty of rest so that he/she can perform to the best of his/her ability. The testing will take place during the morning of each day in the basement classrooms.

Shorthorns fall to Water Valley

By Brandi Thomas

In their season opener, the Bronte Shorthorns were defeated in Jr. High football action Thursday against the Water Valley Wildcats.

With the rainy weather hindering the Shorthorns, they were closed out by the Wildcats 38-0.

The weather wasn't the only thing that hurt the Shorthorns. Quarterback Shae Sanford was hurt running an option play when he was hit in the knee by a Water Valley player. Sanford may be out for the season, depending on the doctor's examination.

This brings the Shorthorn record to 0-1. Their next game will be Thursday, September 26, against Irion County on the local field beginning at 6 pm.

Volleyball games rescheduled

The Lady Longhorns and the Lady Shorthorns have had a few changes made in their volleyball schedules. The Lady Horns will play Water Valley at home beginning at 6:30 on October 10th instead of October 7th. There will be both Varsity and Junior Varsity games.

The Lady Shorthorns were scheduled to play Miles on October 7th. That game has now been moved to November 4th in Miles beginning at 5 pm.

Auxiliary sets style show

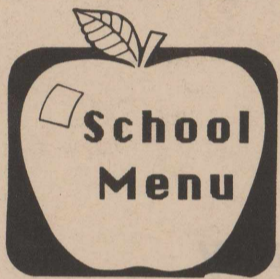

The Texas Sheep and Goat Raisers Association Auxiliary will host a style show and luncheon, "Extravaganza '91," Thursday, October 3, 1991, at the San Angelo Convention Center, 500 Rio Concho Drive, San Angelo, Texas. The luncheon, catered by F. L.'s Bar and Grill, will begin at 11:30 am. Kim Dutton, spokesperson for the Mohair Council of America, will be the master of ceremonies.

This year's chairperson is Linda Taylor, committee members include Jacque McClure, Carrie Hallman, Ginger Price, LaNae McClure, Betty Glass, Charlotte Sisco, Marilyn Edens, and Holly Griffin. Wool and mohair fashions will be modeled from Mr. Sam's,

Gabriels, Tindal-Thieman, Park Place, Mathis Baze, Grandmother's House, and J. Wilde, all of San Angelo. Also included is the Teacher's Store of Ozona, Dolores' Vernor Unique Designs of Camp Wood, the Ol' Sonora Trading Company of Sonora, and Middleton's of Ballinger. Approximately 50 men and women will be modeling.

Invitations for this year's event are available at the Texas Sheep and Goat Raisers Association office, 233 West Twohig, San Angelo, and the participating merchants.

For more information or reservations, contact Linda Taylor at 915/944-3955.

Time to order windbreak seedlings

One aspect of West Texas weather that can always be counted on is the wind. Although it provides such benefits as cooling breezes and power for windmills, it can also cause a variety of problems for Coke County residents. Wind erosion strips bare fields of valuable topsoil and deposits it where it is neither needed nor wanted, such as fence lines, roads, and dining room tables. Cold winter winds raise utility bills and are dangerous to unprotected livestock.

Windbreaks help reduce many of the problems associated with the wind. Field windbreaks significantly reduce soil erosion. Windbreaks around a homesite help reduce dust and protect the home from cold winds. Likewise, properly placed

windbreaks protect livestock in confinement or in open pastures.

In an effort to assist landowners in this area, the Coke County Soil and Water Conservation District, in cooperation with the Texas Forest Service, is providing tree and shrub species for conservation planting. First-year seedlings of evergreens (6-12 inches) and bareroot hardwoods (10-18 inches) are available at reasonable rates.

Evergreens are sold in multiples of 20 per species only. No order for less can be accepted. Afghan pine (also known as Eldarica or Mondale pine), Arizona cypress, Ponderosa pine, Austrian pine, and Eastern Redcedar come in a 28 cubic inch felt container and sell for \$30 per 20.

In addition, smaller Afghan pine seedlings are available in

a 10 cubic inch "bullet" and sell for \$18 per 20.

Hardwoods are packaged bareroot, sold in multiples of 25 per species only, and sell for \$12.50 per 25. Species available include Catalpa, Cottonwood cuttings, Desert willow, Green ash, Honeylocust, Little Walnut, Nanking cherry, Native plum, Osage Orange, Pecan, Red Oak, Russian olive, Sandcherry, and Skunkbush sumac.

Wildlife packets for quail, deer, turkey, and squirrel are also available. Each packet contains 4 species and 25 seedlings of each species, totaling 100 seedlings. Packets sell for \$50.

All prices include sales tax. Statewide interest in the program is very high and the quantity of available species is down this year. Most of the more popular species sell out quickly. Interested parties should place their orders as soon as possible.

Orders can be placed at the Coke County SWCD/Soil Conservation office at 11 East 6th Street in Robert Lee. The seedlings will be delivered to the office by the Forest Service on February 19, 1992. To help insure successful establishment, they should be collected and planted as soon as possible after delivery.

The district can also provide drip irrigation supplies at a reasonable price. Drip irrigation greatly increases the seedlings' chances of survival, particularly in the first two years. Drip is a highly efficient way to water and has many applications in areas with low availability or high cost of water. More information and prices are available at the SWCD/SCS office.

Dyess, Balderas marry

Mrs. Rudy Balderas

Lesa Gail Dyess and Rudy Balderas exchanged wedding vows September 21, 1991, at First Baptist Church in San Angelo. The Rev. Garry Bivins officiated.

The bride is the daughter of Mr. and Mrs. Royce Dyess of Bronte. The bridegroom is the son of Mr. and Mrs. Alfonso Balderas of Robert Lee.

Carla Wojtek was her sister's matron of honor. Bridesmaid was Dana Rollwitz, cousin of the bride. Flower girls were Shanna Hendrix, niece of the bride and Stephanie Balderas, niece of the groom.

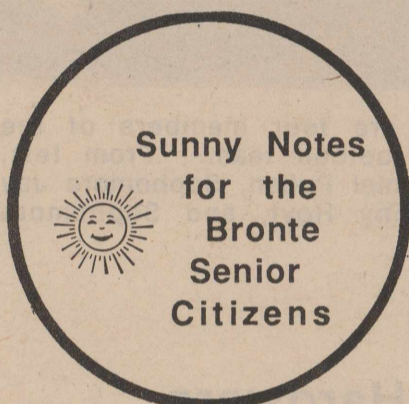

Best man was David Balderas and groomsman was John Balderas, both brothers

of the groom. Ring bearer was Jamie Hendrix, nephew of the bride. Ushers were Scotty Dyess, brother of the bride, and Mike Gutierrez, brother-in-law of the groom.

Mrs. Balderas is a 1985 graduate of Bronte High School and is employed as a customer service representative at Norwest Financial in San Angelo.

Her husband is a 1982 graduate of Robert Lee High School and is a route salesman for Frito Lay in San Angelo.

After a wedding trip to Jamaica, the couple is making their home in San Angelo.

Citizens

Commodity Day

Commodity Day in Bronte will be Thursday, October 3, at the Bronte Senior Center. The Center opens at 8 am and the Ballinger Home Health Nurse will be on hand to take blood pressure readings from 8-9 am. Commodities, which include flour, cheese, and butter, will be distributed from 8 am until 12 noon.

Health Fair

Attended By Many

Approximately 100 people visited the Health Fair at the Bronte Community Center Tuesday, September 24. The Fair was sponsored in part by the Bronte Senior Center. Unfortunately, some visitors left without being able to take advantage of the services due to long lines. We are so sorry we didn't get to everyone that attended but for those who came we thank you for taking the time. Booths were provided by the Texas Department of Health, Shannon Medical Center, Angelo Community Hospital, Coke County Extension Office, and the Bronte Senior Center.

The Breast Cancer Detection Unit performed 20 mammograms during the day.

Volunteers who helped were Helen Kirkland, Ruth Hageman, Marguerite Sonnenberg, Sibyl Hester, Pearlie Mae Andrews, and Effie Corley helped in the Mobile Unit.

Flowers Are Appreciated

R. T. and Zelma Caperton were responsible for the beautiful Zinnas that graced the dining tables for most of the summer. Noel and Maxine Percifull, in honor of their 50th wedding anniversary, were responsible for the beautiful yellow mums.

Throw Pillows

Sibyl Hester volunteered some time this week to cover all the throw pillows at the Center.

Martin returns

Margaret Martin of Bronte returned home Friday after being in New Orleans, Louisiana, since the preceding Monday.

She flew from Midland to Houston where her daughter, Mrs. Dan (Dorothy Ruth) Mitchell of Sugarland, joined her and they flew on to New Orleans.

They enjoyed the sights: Sixth Street, Jackson Square, Mississippi riverside, the jazz music all around, the luscious French seafood, and many other interesting shops and sights.

Mrs. Mitchell was on a business trip for the oil company she works for in Houston.

Mrs. Martin was accompanied to Midland by Mrs. Inez Wilson on Sunday. They spent the night with Mrs. Wilson's daughter, Mrs. Joyce Reid.

Mrs. Reid and Mrs. Wilson took her to the airport on Monday and picked her up again on Thursday night.

Mrs. Martin and Mrs. Wilson returned to Bronte on Friday morning traveling through big rains from Midland to Sterling City.

ROBERT LEE, TEXAS

A Service of
Transamerican Diagnostic Services
(Providing Mammography Services for over 5 years)

CALL 453-2511 FOR APPOINTMENT

According to the American Cancer Society, one out of nine women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, ● even before it can be felt.

Guidelines For Screening Mammography Established by the American Cancer Society.

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$65.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

WE DELIVER

Letter to the Editor

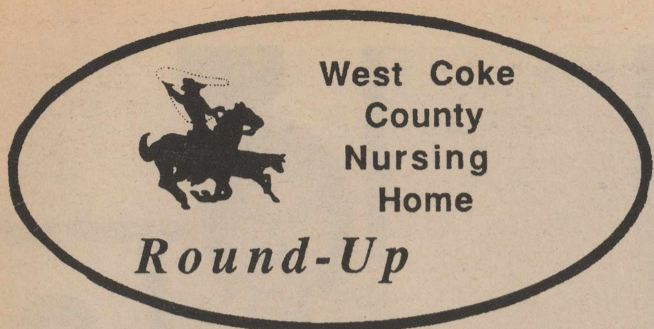

Dear Editor,

I am writing in the hopes of dispelling the far-flung myth that law enforcement officers support gun control. The police administration on Capitol Hill, most of who haven't been on the street for decades, do not speak for the majority of rank and file police.

Take it from someone who knows. Gun bans and other harsh anti-gun laws directed at lawful gun owners ultimately do nothing to reduce violent crime. Semi-automatic gun bans in some states put law-abiding gun owners at risk of arrest and prosecution for refusing to register, surrender or otherwise dispose of their guns. Now a similar nation-wide ban is proposed. I want to arrest criminals, not lawful citizens made into common criminals by means of misguided laws. That's why I oppose semi-auto gun ban proposals and other worthless anti-gun laws masquerading as crime control.

My job would be a lot easier if our elected officials would dedicate more time, money, and effort toward developing anti-crime tools which legislate against the criminal, not law-abiding citizens. Let's cut out the easy parole and courtroom injustice and start enforcing the tough laws already on the books.

Sincerely,
Jeffrey C. Onstott

Round-Up

Luau

As the gentle breezes blew, residents and their families and guests were welcomed to Hawaii. We were greeted by "Big Mama," the Hawaiian Wahine sitting in her grass shack. Colorful parrots in the trees looked on as leis were put around the necks of everyone. Everyone was colorfully dressed in bright flowered shirts and dresses, hula skirts and beachcomber hats.

A wonderful luau meal was served on the laine (patio). Special thanks to Sherman Williams and Cotton Timmons for preparing the Mai Mai (fish). The rest of the excellent meal was prepared by the kitchen staff, with dessert of tropical fruit furnished by the Auxiliary.

After dinner, chairs were pushed back and the entertainment began. John "Ho" McDermott welcomed everyone and introduced the exercise class. This great group did a musical welcome dance, led by Mary Cherry. John interpreted the hand movements of the group. Hawaiian dancers, Lori Sevier and Bryan James, thrilled the crowd with their interpretation of the hula. Listening and dancing to music by Billy Newman and Wanda Allred rounded off the evening.

As the sun cast its brilliant colors on the horizon, people slowly drifted back to their homes. The calling to one another "Aloha" could be heard as another night in beautiful Hawaii came to an end.

Exercise Class

The exercise class has been working hard for many weeks on their Hawaiian dance. The exercise tape they were using had several hand movements of the hula and Mary's brain clicked in... thinking ahead to the Luau. The group did an excellent job with their program at the Luau. Members of the group are Edna Adkins, Floy Sawyer, Tommy Hood, Wilda Collins, Roy Braswell, Tina Long, Damon Smith, Bernice Roberts, Essie Childress, Ruth Conger, Mary Auston, Mildred McAdoo, and of course, Mary Cherry.

Coffee & News

Friday mornings at 10:30, you'll smell fresh coffee and get fresh news. Sometimes you may get a treat. Mildred McAdoo's son, Bill, furnished chocolate donuts one week (at his mother's request). In addition to the weekly news from the Observer/Enterprise, we have also enjoyed the Big Round-Up and Fun At Church, furnished by Buz Sawyer. We have a good visit, so do join us.

Turn The Page

Poor Old Hank the Cowdog has just about worked himself down, so when we finish the current book, we will start on something new. Turn the page is at 3 pm on Friday afternoons. Come see what's new.

Videos, Etc.

In August, we watched the video of the "Old Coke County Celebration" parade, the circus, and to get in the mood for our Luau, we saw a travel video of Hawaii. Aren't camcorders, VCRs, and TVs great?

Resident of the Month

Lucile Pope was voted in as "Resident of the Month" for September. Employee of the Month went to Cleeta Timmons. Ice cream and cake were served to the crowd that came to help them celebrate winning the spots.

Tasting Party

This one should have been called a sipping party or a drinking party, or in some cases a guzzling party! We had lemon-lime, red cream, grape, and rootbeer drinks. Mary fooled you on this one didn't she? When we have our tasting parties every month, several always ask if there is anything to drink after we get through tasting. I'll bet no one asked that this time!

Cherry Will Be Missed

Everyone is probably aware by now that Mary Cherry has left us to move to Sanderson. Cecil has a job there that he really enjoys and for some reason that we don't really understand, he would like for Mary to be there too.

We suspect that she picked her last day at work deliberately to fall on Friday the 13th. She must have thought that we wouldn't realize how unlucky we were to lose her. We all wish her the very best, but we sure will miss her.

Locals attend Harriett revival

Two groups of people from First Baptist Church of Bronte attended Revival services at the Harriett Baptist Church.

Pastor of Harriett Baptist Church is Garry Bivins of Bronte. Evangelist for the Revival was Chris Graham of Eldorado and Mills Caraway was responsible for the Revival's music. Mills formerly was youth director at FBC Bronte.

Sunday night was the Revival's youth night and was attended by some of the Bronte kids.

A large group of seniors were in attendance Monday night with transportation being provided by the church van and individual's cars.

Wildcats slide by Steers in close game

By Bill Burns
1st Quarter

The Steers won the toss and elected to receive the second half kick-off. Water Valley returned the opening kick to their own 39 yard line. Water Valley made a first down at the Steer 45 yard line, but the Steer defense stopped them short of another first and Robert Lee took possession of the ball at their own 39 yard line. The Steers could not get a first down and punted to Water Valley with the Wildcats taking possession at their own 34 yard line.

Water Valley moved the ball to their own 40 yard line and then on the next play, they went 60 yards for their first touchdown of the night. The extra point failed and the score stood at Water Valley 6, Robert Lee 0.

The Steers returned the kick to the Steer 25 yard line, but they were penalized back to the 17. The Water Valley defense held the Steers at the 31 yard line and the Steers had to punt. A bad snap and a partially blocked punt gave Water Valley the ball at the Steer 22 yard line.

Water Valley went right to the air and completed a pass for their second touchdown of the night. They then completed a pass for the two-point conversion. At the end of the first quarter, the score was Water Valley 14, Robert Lee 0.

2nd Quarter

Water Valley continued to dominate at the start of the

Lady Horns are C. City champions

Breaking a three year jinx, the Lady Longhorns defeated Plains 15-10; 11-15; 15-4 to win the championship of the Colorado City Tournament.

The rivalry between the two strong teams dates back to 1987 when the Horns defeated the Cowgirls in the State finals.

For the following three years, Plains owned the Longhorns defeating them at area twice and in the regional finals once. But that all ended Saturday.

In the first game, the Horns were a bit tense as the lead changed hands several times. However, behind the solid serving of Amie Parker and Darla Scott, the Horns took the first game.

Game two saw Bronte take an 11-7 lead before allowing the cowgirls 8 points and the win.

It was all business in the third and deciding game. The firepower was too much for the Plains defense.

Stats for the Plains match are as follows: Kristie Cooper - 15 assists, 10 digs; Darla Scott - 7 kills, 14 digs, 1 block assist; Teresa Vaughn - 14 kills, 9 digs, 7 solo blocks; Alisa Richards - 16 assists, 5 digs; Tina Smith - 9 kills, 5 digs, 1 solo block; Brandi Thomas - 1 ace, 3 digs; and Amie Parker - 11 kills, 4 aces, 5 digs, 2 solo blocks, 1 block assist.

Earlier the Horns defeated Knox City 15-2; 15-9 and Miles 15-1; 15-5 to set up the exciting championship.

second quarter and scored on a 28 yard pass. The extra point failed and the score was Water Valley 20, Robert Lee 0.

Robert Lee decided to get started and on a perfectly executed play, Jason Dickey went 64 yards for a Robert Lee touchdown. The extra point failed and the score was Water Valley 20, Robert Lee 6.

The Steers were really starting to click and four minutes later, Joe Blair hit John Fluhmann for a 3 yard touchdown pass. Dickey then ran the extra and the score went to Water Valley 20, Robert Lee 14. The Steers were now in the game. As the first half was coming to an end, Todd Scott came up with an interception to stop a Water Valley drive.

3rd Quarter

The ball changed hands several times before Water Valley put together a good drive and scored from the Steer 1 yard line. The extra point attempt failed and Water Valley led 26-14.

Jason Dickey received the kick and with some excellent blocking, carried it 80 yards for a Steer touchdown. Scott Millican kicked the extra and it was Water Valley 26, Robert Lee 21. The Steers kicked off and stopped Water Valley's drive at the Wildcat 35 yard line. A bad snap got past the Water Valley punter and Water Valley ended up taking a safety. The third quarter ended with the Wildcats ahead 26-23.

4th Quarter

There was no scoring in this quarter, but the Steers did a real good job. Blake Pitcock and Russ Horn came up with two interceptions but the officials did not allow either of them.

They have a tough job, but those calls can make all the difference in the outcome of a game.

The Steers are showing real improvement. The coaches are very happy with the way the team is progressing and they need all our support.

Bronte Golf

Sunday, September 15, thirty-two golfers participated in an 18 Hole ABC Select Shot Golf Tournament at the Singing Winds Golf Course in Bronte. The tourney was sponsored by Walkers Income Tax Service of Robert Lee and Askins Propane of Bronte.

Placing first with a 62 were Lonnie Taylor, Katie Campbell, Chris White, and Dick Wood.

A score of 64 by the team of Mary Morrow, Richard Hembree, Adam Minjarez, and Russell Johnson was good enough for second place.

Two teams tied for third with 67 scores. The team of Wade Stautzenberger, Corky Collins, David Bautista, and Donald Butler finished in third after a card playoff with the team of Sue Caudle, Basil White, Martin Lee, and Gregg Perry placing fourth.

NOTICE ABOUT CHILDREN WHO WERE DENIED SUPPLEMENTAL SECURITY INCOME (SSI) DISABILITY BENEFITS BETWEEN JANUARY 1, 1980, AND FEBRUARY 27, 1990...

You may be due SSI payments because of a court case called *Zebley*. The *Zebley* case says that you can have the Social Security Administration review your case. If you are found eligible, you may be entitled to payments owed because of the past denial.

SSA has new rules for deciding if a child is disabled. The new rules allow us to look at how a child's everyday life is affected by his or her impairment(s). The new rules apply to children who met the income requirements of SSI, but whose claims were denied for medical reasons. That means that many children who were denied SSI in the past will be able to receive SSI now, even if they are now adults.

If you're the parent or caregiver of a child who was denied SSI benefits between January 1, 1980, and February 27, 1990, you should have received a notice from Social Security. The notice tells you about having your child's SSI case looked at again.

To have your child's claim reviewed under the new rules, you should promptly complete and mail back the reply form that comes with the notice.

If you have a problem responding to the notice, have questions about it, or have not received it, contact your nearest Social Security office for assistance.

RECOMMENDATIONS FOR COTTONSEED IN CATTLE DIETS

Beef producers should be aware of the proper amount of cottonseed products that can be fed safely depending on the type of animal.

Cottonseed products have been used for more than 100 years as nutritional supplements to improve cattle production. Millions of tons of cottonseed products are fed annually to U. S. livestock.

Concern about cottonseed stems from its level of gossypol, a naturally occurring substance in cottonseed. Ruminants can tolerate much greater quantities of free gossypol than can monogastric animals. Preruminant calves, under 8 weeks of age, should not be fed gossypol-containing products, says a report just released at Texas A & M University.

The source of gossypol and type of diet also affect the levels of gossypol tolerated by cattle.

Gossypol has been widely studied for its toxicity to some animals. But gossypol may also affect reproductive capabilities in cattle. These are the recommendations for feeding cattle:

- Beef cows and range bulls - 2 pounds per head per day of direct solvent extracted; 4 pounds per head per day of expander processed; 4 pounds per head per day of whole cottonseed.
- Young bulls being grown or developed for breeding - Whole cottonseed should be limited to 15-20% of the total diet for most cattle and to 10% or less for young developing bulls. High free gossypol meal (0.3% or 3,000 parts per million) should be limited to 5% of the total 0.1% or 1,000 parts per million can be used at up to 15% of the total diet.

If using a mixture of cotton products, the combined concentration of gossypol will need to be considered.

• Pre-ruminant calves (under 8 weeks to be safe) - These animals, especially dairy calves, should not be fed gossypol-containing products until ongoing research establishes safe feeding levels.

Cattle raisers also should know that the method of oil extraction used on the cottonseed impacts the gossypol levels in the products. The expander process exposes the cottonseed to greater

heat which in turn reduces the amount of free gossypol content to about one-third of the level in the old direct solvent method. More than 95% of the cottonseed processed in Texas and Oklahoma today are from expander or screw-press operations.

Also, with high roughage or forage diets where slower passage takes place, cattle may be able to tolerate higher levels of gossypol. Cottonseed hull-based diets may be an exception, however, because of their rapid rate of passage.

Agencies receive funds

State Senator Bill Sims and State Representative Robert Junell recently announced the awarding of \$353,065 to the San Angelo Council on Alcohol and Drug Abuse and the awarding of \$216,208 to the Women's Halfway House of San Angelo to provide substance abuse treatment and education services for a 13 county area of the Concho Valley. The funding is part of more than \$74 million awarded by the Texas Commission on Alcohol and Drug Abuse to continue and enhance anti-drug services to Texans for the September 1991 through August 1992 fiscal year.

"Alcohol and drug abuse is a root cause of many of our state's problems -- from unacceptable school dropout rates, to the increased spread of AIDS, to the overcrowding of our prisons," said Rep.

Junell in announcing the funding award. "Reducing the demand for alcohol and other drugs -- through intervention and treatment for those addicted to abusable substances, and through prevention and education to stop others before they start -- is the true answer to this problem."

The Texas Commission on Alcohol and Drug Abuse received 701 applications requesting more than \$130 million to fund chemical dependency programs throughout the state. The amount awarded is an increase of \$7.1 million over last year's funding, the result of increased federal dollars made available through the Alcohol, Drug Abuse and Mental Health Services Block Grant and the Drug-Free Schools and Communities Act.

Personal

Recent visitors in the homes of Marie and Sondra Hester in Robert Lee were two cousins, Marie Maxwell of Weatherford and Louise Singleton of Avalon. The ladies visited the West Coke County Nursing Home where an aunt, Pearl Childress, and cousins, Mr. and Mrs. Melvin Childress, reside.

In addition to visiting other relatives, and doing some shopping, the foursome visited several community cemeteries where they located Mrs. Singleton's grandfather's (F. M. Green) grave in the Sanco Cemetery. She is the daughter of the late Prue and Ophia Childress Green.

Mrs. Maxwell returned home while Mrs. Singleton stayed several more days. On Saturday afternoon, Mrs. Hester, Mrs. Singleton, and Joan Davis drove to Coleman to visit relatives, Earl and Dovie Childress. They selected some old photographs they plan to have reproduced.

Personal

Marian and Paul Gohman and Evan of Irving visited last weekend with Marian's mother, Mrs. Christine Clark of Bronte.

Goldie Vest and Leola Hughes were birthday honorees at the Bronte Nursing Home on September 20th. The party was sponsored by the First United Methodist Church. Entertainment was presented by Don Edmiaston, pianist, and Mary Belle Hilliard at the keyboard. Birthday cake and punch were served to the residents and guests.
