Some voters to receive corrected cards

Approximately 170 Coke County voters will be receiving corrected voter registration cards this week reflecting a change in voting precincts. These changes are a result of changes in Commissioner precinct lines due to population shifts in Coke County in the past ten years.

The re-districting process in Coke County has resulted in changes to existing voting precincts as well as the creation of a new voting precinct box, box # 10.

Voters in this Southeastern portion of Robert Lee, and

those along the Eastern side of Highway 208, South of Robert Lee, will be voting in the new precinct, at the Southside Church of Christ in Robert Lee. Only those registered voters who have been affected by the new district lines will receive corrected cards.

If you are a voter receiving a new card, please examine it closely and refer to the accompanying letter to determine where you must go to vote. Any questions about the status of your registration

can be directed to Kristeen Roe, Voter Registrar, at the Coke County Tax Office, 453-2614.

Those residents who will be 18 years of age or older on March 10, are reminded that the deadline for application to register in time to vote in the March Primary is February 9. Any application received in the County Tax Office, post-marked by this date will be processed and the voter added to the voter rolls of Coke County in time for this election.

The Texas Tech Ex-Students Association annually provides scholarships to high school valedictorians and salutatorians who enroll as freshman students at Texas Tech. Bruce Lee Sonnenberg of Bronte is one of those students. He was valedictorian of Bronte High School. Here he receives his scholarship check from Dr. Bill Dean (left), executive director of the Ex-Students Association, and is congratulated by Dean of the College of Engineering Dr. Mason H. Somerville. Bruce is majoring in civil engineering and is a member of the Baptist Student Union. He is the son of Bruce and Fran Sonnenberg of Bronte.

WCCCD to sponsor Valentine Dance

In the general meeting Monday night of the West Coke County Community Development organization, several projects were discussed. Due to the small attendance, a more informal, round table discussion was held on some issues.

The treasurer's report revealed a \$444.99 balance for the group with a \$887.69

fund balance in the BBQ account.

Laura Crenshaw, Valentine Dance chair, reported plans are complete for the February 15 fundraiser. The WCCCD will sponsor **Diamondback**, the group who will provide the dance music. Soft drinks will be for sale at the dance, with tickets available at the door for the dance. It will

be held at the Rec Hall in Robert Lee, 8-12 midnight, and no children under 12 will be admitted.

The development group was contacted recently to sponsor a family carnival in Robert Lee with a percentage of ticket sales going to the local group. Tickets were to be offered at \$.50 in advance or \$1 at the gate. Members voted to accept the offer and the carnival will set up April 14-19

Golf Meeting

There will be a special called meeting of Coke County Golf Association, February 17, 1992 at 7:00 pm at the Bronte High School Cafeteria. The purpose of the meeting is to discuss and vote on the following agenda subjects:

1. Out-of-county initiation fee to join Golf Association.
2. In-county initiation fee to join Golf Association.
3. Eliminate dual membership (single-family).
4. Set all membership dues at same price per month.

ASCS Meeting

The ASCS will hold a farm meeting on Thursday, February 6, 1992 at 7:00 pm in the Coke County Courthouse (Courtroom). This is a very important meeting as discussion will center on all provisions of the New Disaster Program. At the same time, the 1992 Farm Crop Program will be covered and any questions concerning ACP, LTA's or Pay Limits.

County court activities highlighted

In January, several issues were before the Commissioners Court. On the agenda before Commissioners, Luckett, Tidwell, Burns, and Milligan and Judge Lee were routine decisions, expenditures, and business matters. Highlights included:

- *appointment of Dr. Chris Mickleson as county health officer
- *discussion of legislation on open quarries and pits
- *meeting time of the commissioner court to 9 am for 1992
- *postponement of action on non-county, out-of-town vendors use of county facilities
- *voted to proceed with construction on new county maintenance barn at the Bronte county park
- *nominated Jim Morrow as Coke County nominee as new director on county tax appraisal board
- *appointment of Judge Lee as Coke County Emergency Management Coordinator

following his 16 hours of school in Austin

*noted attendance of commissioners' 16 hour mandatory schooling 6th-8th in College Station-Judge Lee gained 10 hours.

On February 3, the commissioners' court convened with a busy schedule which included:

- *approval of Sid Long as election judge of Precinct 4, voting box #10 at the Southside Church of Christ in Robert Lee
- *approved the \$222.50 purchase of a tint meter requested by DPS trooper Roy Blair to ascertain legal vehicle window tinting
- *tabled Robert Lee Mayor Jackie Walker's request, through Sheriff Marshall Milligan, to establish a Municipal Court for collection of in-city tickets by the city instead of the past filing of same in the county JP office.
- *rejected all bids for vehicle for Sheriff's Department.

*statement and discussion of failure of the Cedar Cove paving project - grant denied

*drew new names for the 1992 grievance committee

*after lengthy discussion, voted to investigate more fully the concept of a unit county road superintendent which involves the pooling of county equipment, machinery, facilities, personnel and funds under one administrator for road and bridge work. Commissioners could be retained to concentrate on the county's business. The possibility and feasibility study stems from the downturn in county evaluations, thus revenue, that has resulted in a 74 million dollar loss over the last 6 years. A new overall look at county operations is necessary to cut expenditures while retaining quality service. A phone survey is being conducted and a study of counties under 5,000 population is underway.

Lackeys return from Brazil

Mr. and Mrs. Kenneth Lackey recently returned from a two-week trip to Campinas, Sao Paulo, Brazil where they visited their daughter, Elaine Ray and family. They reported a most enjoyable trip and although, January is usually the hottest month in Brazil the weather was very pleasant during their stay. They saw a wide variety of tropical plants and some were quite colorful. They also saw cornfields and grape vineyards.

They were glad they were not responsible for driving as Campinas is rather hilly and the streets were narrow, bumpy, and very irregular in their layout. Campinas has the largest per capita of cars of any city in Brazil and some of the driving was wild!

While there they helped their grandson, Jared, celebrate his sixth birthday. He was looking forward to starting to kindergarten as the school year starts around the first of February in Brazil. His studies will include reading, spelling, math, art, cursive writing, and P.E.

Elaine and her husband, Brent, are attending language school studying Portuguese and will graduate April 16. The children are also speaking Portuguese quite well. Toward the end of April they will be moving to Feira de Santa, Bahia, where they will be working with both missionaries and nationals in more than six states in northeastern Brazil.

While the Lackeys were gone, Mrs. Reeder stayed with her son in Waco.

Cutting down on caffeine

If you're feeling listless, irritable, nauseous, headachy, flushed and have a runny nose, it may not be the flu. If you are a heavy coffee or cola drinker and haven't had your usual amount, you may be suffering from caffeine withdrawal.

Cutting down on caffeine is an excellent idea, but going cold-turkey is a poor way to do it, according to Tracey Norman, outpatient dietitian at Methodist Hospital. A headache and other symptoms related to slow withdrawal can occur 18 to 24 hours after your last dose of caffeine so you may not associate the two. But, tension headaches often are a response to sudden disuse among heavy caffeine users.

According to the American Hospital Association, cutting back caffeine consumption over a period of one to two weeks will help you to avoid sudden withdrawal symptoms.

"It's not just coffee that is the culprit. Chocolate, tea, cold tablets and most soft drinks contain caffeine. If you want to limit caffeine, you should know that between 50 and 200 milligrams a day causes no harm in most healthy adults, which is about two cups of coffee," Norman said.

To help limit your caffeine intake, Norman offers these tips:

- *Switch to decaffeinated coffee. Try mixing both regular and decaffeinated together if you don't like the taste of decaffeinated alone.

- *Brew your tea for one to three minutes instead of five, or try herbal tea.

- *Switch from sodas to soda water, fruit juices or decaffeinated colas.

- *Consider carob instead of chocolate.

- *Always read labels carefully.

Home safety checklist

There's no place like home for feeling safe and comfortable. But, every year 22,000 people die in their homes, and one out of 10 suffer a serious injury from avoidable accidents. While we're all at risk, children and the elderly are the most vulnerable.

According to Chuck Barton, M.D., medical director of Methodist Hospital's Emergency Department, a lot can be done to avoid injuries in the home. Preventing the most common accidents, which include falls, fires, electrical hazards, poisonings and burns and scalds, is as easy as walking from room to room.

In the kitchen:

*Wear short or tight sleeves when cooking.

*Turn pot handles toward the back of the stove.

*Replace or clean cooking vents.

In the living room:

*Tuck phone and electrical cords out of the way.

*Keep poisonous plants out of a child's reach.

In the bathroom:

*Keep medicine in childproof containers and locked in cabinets.

*Move any electric appliances away from the sink and tub.

*Install a non-slip surface or appliques in the bathtub or shower.

In the bedroom:

*Keep a lamp or flashlight near the bed.

*Never smoke in bed.

*Use flame resistant pajamas and mattresses for children.

Throughout the house:

*Keep stairways and hallways well lit and free of obstacles.

*Install smoke detectors.

*Tack down carpet edges securely, and use no-skid rugs.

*Keep combustibles away from heat and flammables in tightly capped containers away from children.

*Use safety plugs, and don't overload outlets.

Take time now to look for any potential dangers, and remember to reevaluate your home periodically to keep pace with changes in your life, such as children, pets, aging and guests.

Rep. Junell honored by Texas COC

State Representative Rob Junell, San Angelo's two term lawmaker representing House District 66, has been presented with the Texas Chamber of Commerce's Legislative Leadership Award for 1991.

The award is presented for outstanding public service to a select group of key lawmakers who distinguished themselves during the regular and special sessions of the legislature during the past year. Criteria used as the basis for selecting the recipients of the award include sponsorship of business-oriented legislation, leadership on key business issues, and the member's overall voting record. The Texas Chamber of Commerce represents a network of over 4,000 individual businesses and over 350 local chambers of commerce with a combined membership of an additional 200,000 businesses.

In announcing the award, Texas Chamber Chairman Don Carlton said, "Public policy decisions made by legislature have a dramatic impact on job creation and on the state's overall business climate. This year's award recipients understand this relationship and worked with the business community on such issues as controlling spending in the state budget, improving learning in our public schools

State Representative Rob Junell (center) was at the Texas Chamber of Commerce's Annual Convention in Austin on January 23, 1992 to receive his award.

and fixing a lawsuit system that is completely out-of-control."

In presenting the award to Representative Junell, Carlton observed that "Representative Junell worked like a bulldog on workers' compensation re-

form, which continues to be a top priority for the business community. His long hours and expertise on this issue are a main reason we are now reversing the trend of spiraling comp rates in Texas. All Texans, and the business community in particular, owe Rob a debt of gratitude."

SS disability eligibility

Deciding today if a child was disabled based on an application for benefits that was denied as far back as 1980 is a demanding task. But that is exactly what the Social Security Administration (SSA) is doing. It's looking at the claims of more than 200,000 children who requested reviews because of a new rule for deciding whether a child is disabled.

Children who qualify for reviews must have had their SSI disability claims denied or benefits terminated between January 1980 and February 1990. Now, because of the Supreme Court decision in Sullivan v. Zebley, children who are eligible under the new rule may be able to receive retroactive benefits.

Everyone whose claim was denied and who asks for a review will be interviewed to find out as much as possible about the child's medical conditions and how they affected the child's functioning. Those people bringing the needed information to the interview can keep the process moving along.

People need to tell Social Security how and where to get the complete record of the child's medical history. They will not be expected to obtain the records; Social Security will get them. However, they should supply the complete names, addresses, telephone numbers, and record numbers of all medical

sources as well as the dates of treatment. If all of this information isn't available, they should bring whatever they have to the interview.

Nonmedical sources of information are also needed. Information about the child's ability to perform everyday tasks normally done by children in the same age group is wanted. Such sources can include teachers, schools, babysitters, daycare providers, counselors, therapists, coaches, and Scout leaders. Social Security will need their names, addresses, and telephone numbers, too. These sources will be asked to provide information about the child's activities throughout the course of an entire day.

Finally, they should bring along any papers, such as school test results from standardized test, school records like report cards or the Individual Education Plan, or similar information that can help Social Security assess the child's abilities.

Information about the new rule is available at any Social Security Office. The San Angelo office is located at 2214 Sherwood Way and the telephone number is 949-4608.

Coke County youths to show at Houston

Eleven 4-H members from Coke County, 6 FFA members from Robert Lee, and 5 FFA members from Bronte will be joining other 4-H and FFA members from throughout Texas for show ring competition at the upcoming Houston Livestock Show, February 15 through March 1 at the Astrohall.

These FFA and 4-H exhibitors compete in one of two divisions of the Houston Livestock Show - the junior show division. The other division, the open show attracts its exhibitors from the world's agricultural industry, primarily professional breeders and ranchers.

Entries in both the open and junior shows combine with horse show entries to make the Houston Livestock Show the world's largest.

Eleven members of the Coke County 4-H club will be exhibiting livestock in the show. Exhibiting in the Market Steer Division will be Casey Antilley, Robert Lee; Scott Antilley, Robert Lee; Shea Kelton, Bronte, Thad Metcalf, Robert Lee; Dane Smith, Robert Lee; Rob Smith, Robert Lee; Russell Vaughn, Bronte, and Teresa Vaughn, Bronte. Exhibitors in the Market Barrows Division will be Andy Blair, Bronte; Michael Blair, Bronte; and Kimberly Blair, Bronte.

Five members of the Bronte FFA are entered in the show. Exhibiting in the Market Lamb Division are Nathan Barnett, Justin Lampier, Daniel Pullen, and Luke Robbins. Jason Blaylock is entered in the Market Steer Division, Beef Heifers and the Beef Scramble.

Six members of the Robert Lee FFA are entrants to the Livestock Show. Showing in the Market Lamb Division are, Scott Antilley, Tracie Blair, Shelley Burrows, J.J. Tennison, and James Tennison. Brent Jameson is entered in the Market Barrows Division.

Representing 886 Texas 4-H clubs and FFA chapters, the junior show is expected to exceed 13,000 entries this year. A variety of animals are shown in the junior show division: market steers, market swine, market sheep, market poultry, beef and dairy heifers, breeding sheep, goats, commercial steers and breeding rabbits.

The four market animal categories represent animals raised by the exhibitor as food sources. Top animals in each of these categories are eligible for their individual market auctions. Total money paid in 1991 at the four junior show auctions exceeded \$3 million.

"This week of junior show competition really represents what the Houston Livestock Show and Rodeo is all about--great youngsters putting their hearts and minds into the future," said Steve Woodley, Houston Livestock Show and Rodeo assistant manager.

In addition to the upcoming livestock show competition, a series of lectures, seminars and live animal demonstrations again will be on the calendar for the month of February--the International Livestock Congress. Held Febru-

ary 16-19, 1992, at the Sheraton Astrodome Hotel, this school focuses on lectures and seminars delivered by agricultural experts from throughout the world.

A new show for 1992, sure to be great fun for spectators, is the miniature potbellied pig show.

Also new this year is the International Cutting Horse Contest, featuring competitors from seven nations. This contest helps kick off the upcoming Houston Livestock Show and Rodeo beginning Wednesday, February 12. The National Cutting Horse Association World's Championship Finals is scheduled for Thursday-Sunday, February 13-16. The 1992 Horse Show also will feature competition from six different breeds.

Bar-b-que cooking fans can enjoy the World's Championship Bar-B-Que Contest beginning Friday, February 14, at 4 pm in the northwest corner of the Astrodome parking lot. Judging for the contest begins on Saturday, February 15 at 7 pm.

The streets of downtown Houston will fill with hundreds of thousands of spectators for the 54th annual downtown rodeo parade. The parade, featuring 6,000 trailriders, marching bands and colorful floats, will begin following the Conoco 10K Run.

Starting at 9:45 am downtown, this year's race is expected to draw 4,500 to 5,000 runners. All entry fees will be donated to the Show's scholarship fund. A total of \$208,000 in entry fees has been donated to the Show since the race's inception in 1988.

Also scheduled for Saturday, February 15, at the Astrodome complex are dominoes, hay hauling, horseshoe pitching and washer pitching contests. Winning quilts from the Go Texan quilt contest also will be on display in the Astrodome's west wing through March 1.

Presented by Budweiser and KPRC-TV, running pigs take to the track during the special pig racing event, held February 18-19: 4 pm and 6 pm and February 17, 20, 22 and 24: 2 pm, 4 pm, and 6 pm.

Also, H.E.B. Pantry Foods and KTRK-TV will present the exciting Wild West Show in the Astrodome at 6:45 each night, Monday, February 17 through Monday, February 24.

Another fun family feature will be the Great American Petting Zoo, located in the Astroarena and sponsored by Kroger and KTRK-TV.

Across the street in the Astrodome, each rodeo performance will be enhanced with a special fireworks display as a performance finale, sponsored by Southwest Airlines.

Houston Coca-Cola again will sponsor a special visual presentation of the American flag, along with an indoor fireworks display choreographed to the national anthem.

For those spectators wanting an extra view of rodeo action, Continental Airlines and KIKK Radio team up to spon-

sor the High Flyin' Hard Luck awards, a video presentation showing the contestants with the "hardest luck" from the previous performance. Audience members' applause determines the hard luck winner. Exxon Company, USA will sponsor all video replays for each of the rodeo events during all 18 performances.

Spectators can take advantage this year of the Coors Light Rodeo METRO Express shuttle bus service from three satellite parking sites: Gulfgate, Meyerland and Northline shopping malls. The shuttle service, beginning February 15, will run from 9 am to midnight Saturdays and Sundays and 5 pm to midnight on weeknights. The fare will be \$2 per person round trip.

All net proceeds from the annual Houston Livestock Show and Rodeo provide funds for scholarships and research projects throughout the state. Currently, more than 1,000 students receive some form of Show-sponsored financial assistance. Almost 10,000 volunteers ensure the success of each year's event.

This year's event begins with horse show competition, Wednesday, February 12 followed by other livestock competition beginning Saturday, February 15. The first rodeo performance will be held at 4 pm, Sunday, February 16. All events conclude March 1. Twenty-six star entertainment acts are scheduled to perform during the rodeo's run.

Saturday matinee performances begin at 11 am and the Sunday, February 23 matinee performance begins at 1 pm. The first and final Sunday performances, February 16 and March 1, will be held at 4 pm. All evening performances begin at 7:30 pm.

Notify SS of retirement plans

People who plan to retire this year may want to call about their plans soon. A 1991 change in the Social Security law that may limit the start of benefits to the month the person actually retires will make it more important than in previous years to notify Social Security of plans to retire.

Depending on their earnings, some people may still be able to get additional benefits by applying for Social Security early in the year, even though they won't be retiring until later in the year.

If Social Security is contacted early in the year, your current earnings and benefit information can help you choose the most advantageous time to start your benefits.

In choosing the best retirement date, some things you should consider are your age (the earliest you can start collecting Social Security retirement benefits is the month you turn age 62), expected earnings for the year, estimated benefits, and whether family members will also receive benefits. How these factors will affect your benefits can then be discussed with you.

State Senator Bill Sims (center) was at the Texas Chamber of Commerce's Annual Convention in Austin on January 23, 1992 to receive his award.

TCOC recognizes Sims

State Senator Bill Sims, San Angelo's three-term lawmaker representing Senate District 25, has been presented with the Texas Chamber of Commerce's Legislative Leadership Award for 1991.

The award is presented for outstanding public service to a select group of key lawmakers who distinguished themselves during the regular and special sessions of the legislature during the past year. Criteria used as the basis for selecting the recipients of the award include sponsorship of business-oriented legislation, leadership on key business issues, and the member's overall voting record. The Texas Chamber of Commerce represents a network of over 4,000 individual businesses and over 350 local chambers of commerce with a combined membership of an additional 200,000 businesses.

In announcing the award, Texas Chamber Chairman Don Carlton said, "Public policy decisions made by the legislature have a dramatic impact on job creation and on the state's overall business climate. This year's award recipients understand this relationship and worked with the business community on such issues as controlling spending in the state budget, improving learning in our public schools and fixing a lawsuit system that is completely out-

of-control."

In presenting the award to Senator Sims, Carlton observed that "Senator Sims has been one of the outstanding business-oriented lawmakers in Austin for many years. The conservative and common-sense folks in Central and West Texas represented by Senator Sims should be very proud of this man. His reasonableness and willingness to put the interests of all Texans ahead of partisanship served the state well during the 1980s. We wish him luck in his re-election campaign."

Sims was at the Texas Chamber of Commerce's Annual Convention in Austin on January 23, 1992 to receive his award.

Part B Medicare sign-up continues

Never believe the old saying that "Opportunity never knocks twice." And that's certainly true when it comes to Medicare. Anyone who didn't sign up for Part B Medicare medical insurance during the initial enrollment period, or anyone who dropped Part B coverage, now has the opportunity to enroll during the annual general enrollment period that runs from January 1 through March 31.

Part B medical insurance helps pay for doctor bills, outpatient hospital services, durable medical equipment, and certain other medical items and services not cov-

ered by Medicare's Part A hospital insurance.

Medical insurance protection will begin on July 1 for new enrollees, regardless of whether they sign up in January, February, or March. The basic premium this year is \$31.80. And there is a 10 percent increase in the premium for every year a person could have been enrolled in Part B but wasn't. Anyone who waits past March 31st to make a decision will also have to wait until next year to sign up.

If you have any questions

about the open enrollment period for Part B medical insurance, you can call the Medicare toll-free number (1-800-888-1770). If you want to sign up for the coverage, contact your local Social Security Office at 949-4608. It's important to know that there is also a Qualified Medicare Beneficiary program that helps low-income Medicare beneficiaries by paying their Medicare premiums, deductibles and coinsurance. If you think you might be eligible for this program, contact the people at the Texas Department of Human Services for more information.

GUESS WHO SUPPORTS THE LOCAL BOY SCOUTS, LITTLE LEAGUE, etc.

Local merchants are the same people that serve as scoutmasters and coaches and fund-raisers for your community. These merchants donate many hours of time and effort to building and improving the community for everyone. If they prosper — we all prosper.

Shopping locally insures that your money will stay at home supporting the things we all need and enjoy. Each dollar spent locally is returned many times over in local services for you and your family.

Think about it! Do you want your money supporting parks and streets and services in some other city? And when is the last time a big city merchant took a local scout troop camping for the weekend?

Keep part of the dollars you

spend... SHOP AT HOME!
