Indians Scalp Roby, Lions 59-6 In Homecoming Game Friday Night

In every quarter all the Haskell Indians...

splendid entertainment features by Roby and Haskell High School Bands. Both organizations presented colorful numbers which drew rounds of applause from the stands.

The Indians travel Friday night to Roscoe, for their second conference game. The Plowboys, always a potent foe, will be out for an upset of the Indians.

The Indians struck early in the first period. Fullback John Pitman took Roby's kick on the Haskell 20 and returned to the Indians 45. With Halfback Don Mullins, Quarterback Rob Starr and Pitman carrying, the Indians drove to the Roby 20 in three downs. Halfback Jimmy Love, taking a handoff, swept around left end for a 20-yard gallop to the pay stripe. The point-after was kicked by End Jim Byrd.

In the closing minutes of the first frame, a 20-yard pass by Glenn Kreger, another Indian quarterback, hit Byrd in the back.

Harmony Club to Present Christmas Civic Festival

Members of the choirs of all local churches are being invited to take part in a Christmas Civic Festival, to be presented December 18 and sponsored by the Haskell Harmony Club.

The presentation will be "The Christ Child", composed and arranged by C. B. Hawley. Directors will be Mr. and Mrs. Hubert Bell.

Practice will be held each Monday evening at 7:30 o'clock at the First Baptist Church.

If you sing, you are cordially invited to attend the weekly practice sessions and have a part in the program.

Judge Chapman Appoints Auditor In Kent County

District Judge Ben Charlie Chapman of the 39th district announced the appointment Tuesday of Dallas Kenady of Jayton as county auditor of Kent County.

A prominent Kent County resident, Kenady has been bookkeeper and accountant for the 80,000 acre Wallace Ranch for a number of years. The ranch headquarters are located near Clairemont, old county seat of Kent County.

Appointment of Kenady was made in compliance with a new law passed by the last Legislature requiring a county auditor in counties where assessed property exceeds \$15,000,000. Kent County has taxable values of something over \$20,000,000 Judge Chapman said.

Appointment of the Kent County auditor was the third made by Judge Chapman in the 39th district. Previously he had named R. A. Coburn in Haskell and Roy G. Anderson as Stonewall County auditor.

The appointments are made for two years, and the office continues on an appointive basis each two years.

Child Unhurt After Wheel of Car Passes Over Body

Alma Gail, 21-months-old daughter of Police Chief and Mrs. Tom Paul Barnett, miraculously escaped injury Monday morning when one wheel of an automobile passed over her body.

The baby had gone to the home of a neighbor, Mr. and Mrs. Wayne Worley, about 7:30 a. m., and evidently was playing in the driveway of the Worley garage. Mr. Worley, not seeing the baby, felt the car wheel strike something as he backed his car out of the garage, and heard the child's cry. Apparently one of the rear wheels of the car had passed over the child. The baby was rushed to the Haskell Hospital, where examination disclosed only slight bruises. After remaining under care of physicians for observation during the day Monday, the child was dismissed Tuesday.

It is believed that a heavy cushion of grass in the driveway prevented the baby from being injured.

Mr. and Mrs. J. M. Littlefield have returned home from a two weeks trip to points in Arkansas, Tennessee and Mississippi.

Lions See Film on Legal Training at Meeting Tuesday

A film furnished through the courtesy of the State Bar Association was shown at the weekly meeting of the Haskell Lions Club Tuesday.

Program chairman was County Attorney Curtis Pogue, who presented the film.

An interesting insight into the work and training in the legal profession was provided in the film.

Lions will assist in the Mass Chest X-Ray program here Oct. 18-20, and the following club members were named to help with the project: Harold Spain, George Fouts, Jay Weaver, Theron Cahill, Alfred Turnbow.

The possibility of staging a junior football game under auspices of the Lions Club was discussed. The project was placed in the hands of Rex Felker and George Neely to work out details for the game, if it can be arranged.

Guests at the club meeting were District Judge Ben Charlie Chapman of this city and Boyd Allison of Memphis.

Council Hears Needs for Repairs on Fairground Building at Meet Tuesday

City Aldermen heard a recommendation on needed repairs to the city-owned Fairgrounds building, re-appointed two members of the Haskell Housing Authority, and spent about two hours discussing the location of streets in a part of the Lindsey addition, at the regular meeting of the City Council Tuesday night.

Then, as a routine matter, Aldermen approved for payment \$2,000 in bills against the city contracted in September.

This amount was considerably lower than normal, reflecting the economy trend adopted by the Council several months ago.

Four members of the Saddle Tramp Riding Club, Jetty V. Clare,

president, Gene Hunter, Myrom Biard and Fred Gilliam, discussed needed repairs on the main building at the Fairgrounds, owned by the city. The riding club has the property leased, and has spent more than \$4,775 for improvements on the city-owned property. Repairs are needed on the roof of the building and some work should be done on the walls of the structure, the Council was told.

After discussing the problem, it was decided that Aldermen Chas. E. Smith and Carl Anderson, with two members of the Saddle Tramp club, Gene Hunter and Fred Gilliam, would study the building needs and make recommendations to the Council.

Re-appointed as members of the Haskell Housing Authority were John Crawford and W. A. Holt, to serve for two years. Other members are Hallie Chapman, Scotch Coggins and Roy Johnson. The five-member board has charge of the Government housing project here.

At the request of the Methodist Church, the alley between the church building and parsonage, was officially abandoned for a distance of one-half a block. This portion of the alley has never been used as such since the church was built in 1910, it was pointed out. However, no official action had ever been taken in abandoning it as an alley.

W. P. Trice appeared before the Council again to discuss the location of some streets adjacent to his property in the Lindsey addition area. Considerable time was spent discussing the matter, but no definite action resulted.

Aldermen also discussed the probability that additional wells would be needed in the municipal water system next summer, and Water Commissioner J. E. Walling was instructed to investigate any possible new sites for city wells.

HOME COMING GUESTS IN HOME OF MRS. FIELDS Mrs. and Mrs. A. M. (Arthur) Hughes of Bartlesville, Okla., Haskell high school exes, attended the Homecoming last week end and visited in the home of Mrs. J. U. Fields.

Homecoming program Friday afternoon. In the business session, Royce Adkins, 39th district attorney, was elevated from vice president to president of the ex-students association. He succeeds Hill Oates, Haskell druggist and retiring president.

Mrs. Allee Payne was elevated from secretary-treasurer to vice president, and Miss Nettie McCollum was elected secretary and treasurer. Mrs. Ethel Alexander Irby was re-elected historian.

John Ballard of Winnemucca, Nevada, was ex-student traveling the farthest distance to return to his old alma mater. Ballard, 83, left Haskell about 1891 and ranched in Oklahoma and Colorado before settling in Nevada. He attended Haskell's first school, a one room unit.

The largest immediate family present for the homecoming Friday included six members of the Killingsworth family. A son and five daughters of the late Mr. and Mrs. I. D. Killingsworth, pioneer residents, were present. They are: Roy Killings-

worth of San Angelo, Mrs. J. P. Payne, Mrs. Thomas E. Ballard, and Mrs. A. C. Pierson, all of Haskell, Mrs. Grady Roberts of Wichita Falls, and Mrs. J. E. (Continued on Page 8)

Laymen to Direct Weinert Methodist Service Sunday Layman's Day will be observed at the Weinert Methodist Church Sunday, Oct. 16, according to an announcement by the pastor, Rev. Gene Louder.

Laymen of the church will be in charge of the morning service at the church, Rev. Louder said. The Sunday School department, Marvin Berry, adult teacher in will bring the message at the morning hour.

Douglas Meyer, superintendent of Weinert schools, will be in charge of the service. A cordial invitation is extended to everyone in the community to attend the services.

Mattson Preparing for Gala Homecoming Event Oct. 29

Plans are being rapidly completed for the first annual Mattson Homecoming on Saturday, Oct. 29, and committees in charge of plans are enthusiastic over prospects for a record attendance at the initial event.

In addition to ex-students and former teachers of the present-day Mattson High School, the affair is also planned to include Exes of the eight common school districts which were combined into the Mattson district. These old districts are Vontress, Roberts, Cottonwood, Pleasant Valley, Irby, Ferris Ranch, Powell and Douglas.

One of the highlights on the evening program will be the crowning of the Homecoming Queen at half-time in the Mattson-O'Brien 6-Man Football game. Her Majesty will be selected from the ex-students attending the Homecoming.

Registration for the day's activities will begin at 9 a. m. in the Mattson high school building. The morning period will be devoted to visiting, and hamburgers and sandwiches will be sold at the luncheon room from 11 a. m. to 1 p. m.

Annual Achievement Day is one of the major events in Home Demonstration Club activities, and is held under auspices of the County H. D. Council. Mrs. Clyde Bland is Council chairman.

More Than 1,500 Ex-Students Attend School Homecoming

More than 1,500 ex-students, former teachers and patrons of Haskell public schools returned to Haskell Friday for the second annual School Homecoming.

For the very special occasion, Haskell's new high school gymnasium was used for the first time, when between 1,000 and 1,200 persons gathered for the

Homecoming program Friday afternoon.

In the business session, Royce Adkins, 39th district attorney, was elevated from vice president to president of the ex-students association. He succeeds Hill Oates, Haskell druggist and retiring president.

Mrs. Allee Payne was elevated from secretary-treasurer to vice president, and Miss Nettie McCollum was elected secretary and treasurer. Mrs. Ethel Alexander Irby was re-elected historian.

John Ballard of Winnemucca, Nevada, was ex-student traveling the farthest distance to return to his old alma mater. Ballard, 83, left Haskell about 1891 and ranched in Oklahoma and Colorado before settling in Nevada. He attended Haskell's first school, a one room unit.

County-Wide Farm Bureau Meeting Will Be Held Here Monday, Oct. 17

The biggest Farm Bureau County meeting of the year is to be held Monday night Oct. 17, at the Elementary School building in Haskell at 8 p. m.

At the evening meeting members will vote on Resolutions as suggested by the Resolution committee in the afternoon, Monday Oct. 17, when that committee will meet in the county courtroom at 2 p. m.

These two important meetings will only be a success if each and every Farm Bureau member participates, S. M. Royall, local president said. Anyone interested is invited to bring a suggested resolution before the committee at the afternoon session. The

resolutions brought before the committee will be voted on at the evening meeting of the entire group, he added.

At the county meeting that night, the new officers and directors will be installed. There will be ten communities of the seventeen communities in this county which will be in line for a new director, with the expiration of the 2-year period of the present director. The nominating committee will submit suggested nominees and any nominated from the floor will also be brought before the county group for their vote. Every farmer and rancher in the county is urged and invited to attend

the afternoon session. The

Fire which apparently started from a defective water heater flue caused damage of several thousand dollars at the home of Mr. and Mrs. Trav Hadaway, North 9th and Avenue H. Thursday night, shortly before nine o'clock.

The blaze had spread throughout a bedroom in the northeast corner of the six-room house before being noticed by neighbors, and flames had broken through the roof by the time firemen could be summoned.

Claud Lee Gordon, Jr., 25, Haskell oil field worker, died in the Haskell County Hospital at 1:55 a. m. Wednesday from injuries received two hours earlier when his car went out of control and was wrecked near the south city limits of Haskell.

Gordon was driving north on Highway 277.

The accident occurred at 11:55 p. m. Tuesday, Sheriff Bill Pennington said. The officer was in his car about six block from the site of the accident, and heard the crash when Gordon's 1950 Olds struck an electric transmission line pole.

Sheriff Pennington was the first to reach the accident scene. The car, almost totally demolished, had swerved off the right side of the highway, rolled over three or four times and catapulted against the transmission line pole, snapping one of the guy wires. Gordon was thrown from the car a distance of some 15 feet from the wrecked vehicle.

An ambulance was summoned from the Holden Funeral Home and Gordon was removed to the hospital, where he died without regaining consciousness. He had suffered a deep cut in his forehead and possibly internal injuries, a hospital attendant said.

Sheriff Pennington was assisted in investigating the accident by Highway Patrolman Arthur Dyson.

Funeral services for the accident victim will be held at 2:30 p. m. today at the First Baptist Church. Officiating will be the pastor Rev. M. D. Rexrode, and the Rev. Roland Williams, pastor of the East Side Baptist Church.

Interment will be in Willow Cemetery, under direction of Holden Funeral Home.

Claud Lee Gordon was born May 31, 1930, in Haskell, the son of Mr. and Mrs. Claude Gordon, Sr. He was reared here, and married the former Miss Wilma Coffield of this city on May 13, 1949.

Gordon is survived by his wife, two daughters, Doris Ann, 5, and Donna Sue, 3, all of Haskell; his parents, Mr. and Mrs. Claude Gordon, Sr., of Haskell; two sisters, Mrs. R. T. Laness of Haskell and Mrs. Bob Guess of Haskell; and two brothers, Jimmy Gordon of Lubbock and former Haskell Police Chief B. T. Gordon, who moved to Brownfield last week.

Haskell Firemen At District Meet In Merkel

Twelve or more members of the Haskell Fire Department are in Merkel today, where they are attending the 31st semi-annual meeting of the Mid-West Texas Firemen's Association.

Haskell Fire Chief Ray Lusk is president of the regional association and will preside during the business sessions of the Merkel meeting.

Teams from the Haskell department will take part in the hose-laying and pumper races held semi-annually. Trophies are awarded winning teams in these contests, and Haskell firemen now hold the trophy in the two-man hose laying contest.

Entertainment features planned in connection with the semi-annual meeting include a barbecue and a dance Thursday night.

Fire Loss Heavy On Trav Hadaway Home Thursday

Fire which apparently started from a defective water heater flue caused damage of several thousand dollars at the home of Mr. and Mrs. Trav Hadaway, North 9th and Avenue H. Thursday night, shortly before nine o'clock.

The blaze had spread throughout a bedroom in the northeast corner of the six-room house before being noticed by neighbors, and flames had broken through the roof by the time firemen could be summoned.

Mr. and Mrs. Hadaway and daughter were away from home at the time, having left early in the evening to visit friends near town.

Fire damage was heavy in the northeast section of the frame structure, while extensive loss was sustained on household goods from heat, water and smoke.

No definite estimate of the damage was made by fire department officials, but the loss will likely be the largest of the year to date. Fire losses so far this year have been light, firemen said.

OF THREE—Ex-Students and Homecoming visitors Sunday and Saturday had an opportunity to inspect the additions to Haskell's expanding school plant. T.E.L. Class Has Business and Social Meeting

Members of the T. E. L. Class of the First Baptist Church met in the Annex Tuesday afternoon for their monthly business and social meeting. Sixteen members were present.

Two songs, "I Need Thee Every Hour," and "He Leadeth Me" were sung with Mrs. Cox at the piano. Mrs. D. B. Massey led the devotional, reading the 17th chapter of John. Mrs. Arthur Merchant offered prayer.

The Class president for the new year, Mrs. Ella Cox presided for the business session, asking that the secretary, Mrs. Perrin, read the report for September. The class averages in points declined somewhat during the past month, but members hope to bring the average up during October.

Reports were given by officers present, including the four group captains.

In accepting the place as Entertainment Committee chairman, Mrs. J. W. Martin read a lovely poem which she said influenced her to accept the work. The poem was entitled, "Do What You Want Me to Do, Dear Lord." She then conducted a Bible Quiz on Missions.

Closing song for the program was "We'll Work 'Till Jesus Comes." Plates of ice cream and cake were passed to each one present, then Mrs. B. M. Whiteaker offered the thanks for the blessings of the day and for the refreshments.

Members present were Mesdames W. J. Lane, Foncey Graham, Ella Cox, Laura Massey, J. W. Martin, J. E. Walling, Sr., B. M. Whiteaker, O. O. Akins, Julia Perrin, Jack Merchant, Addie Weaver, Joe Manley, K. D. Simmons, John Couch, C. A. Merchant, J. W. Gholson.

Morning Coffee is Compliment to Mrs. Jas. Layman

The home of Mrs. Edd Hester was the setting for a coffee complimenting Mrs. James I. Layman, the former Mrs. Ollie Kelly, on Thursday morning, Oct. 6 at 9:30 o'clock.

A miscellaneous shower came as a surprise to Mrs. Layman, when she was presented a bushel basket of gifts and bunches of greetings for happiness.

Mrs. Ira Hester presided at the silver coffee service. The table was laid with a lovely hand-made cloth of linen, lace and fancy cutwork in natural ecru color. The centerpiece was an attractive arrangement of colorful fall flowers and berries.

Dainty sized cinnamon rolls, melon balls, pineapple chunks and mixed nuts made the plates very pretty. Hostesses were Mrs. Phil Baird, Mrs. Buck Bland, Mrs. Alvis Bird, Mrs. Pete Frierson, Mrs. Edd Hester, Mrs. Ira Hester, Mrs. Howard Perry, Jr., Mrs. Carl Wheatley, Mrs. Roy Wise-man.

Guests present were Mesdames J. B. Gipson, Barney Frazier, Henry Atekeison, Sam Herren, Belton Duncan, Wix Currie, Leslie Jones, Hayden McDonald, John L. Junior High P-TA "Get Acquainted" Meeting Planned Thursday, Oct. 13

The executive committee of Junior High Parent-Teacher Association met Tuesday afternoon Oct. 11, in the Junior High building to plan for the first regular meeting for the new year 1955-56. Junior High P-TA is cooperating with Mrs. Stella Trice, County School Nurse, and other civic organizations in the Mass Chest X-ray program set for Oct. 18-20. Mrs. Scott W. Greene, Child Welfare and Health chairman, and her committee, Mrs. W. W. Anthony, Mrs. G. W. Fouts and Mrs. Alton Middleton will work through the Room Mother chairman, Mrs. John R. Roberts in contacting the people and working with the program.

A very interesting program is planned for the parents and teachers for this first meeting. A panel discussion with our new principal, Mr. Harold Purdy, as moderator and Bro. M. D. Rex-ville, Mrs. Norman Nanny, R. A. Lane, Mrs. C. O. Holt and Judge Dennis P. Ratliff sitting in on the panel will be on the program. Meeting time is 7:30 p. m. in the High School auditorium Thursday night, Oct. 13. Refreshments will be served all members and guests in the new visual-aid room in the high school building by the executive committee of Junior High P-TA, following the program. It is urged that all teachers, parents and school patrons attend this "get-acquainted" meeting.

Elementary P.T.A. Has First Meeting Of School Year

The Haskell Elementary P-TA met Oct. 5 in the Elementary School lunchroom for its first regular P-TA meeting of the year. With president, Mrs. J. G. Vaughter presiding, various committees gave reports. The P-TA voted to sponsor a Halloween Carnival at the Haskell Elementary School Saturday, Oct. 29, beginning at 5:30 p. m. Since this is to be the only "money making" project of the year everyone interested in the school in any way is urged to take part in the good food and fun with "Spooks and Goblins."

Everyone present enjoyed a very inspirational talk by Mrs. E. M. Pitman of Anson, who is State Character and Spiritual Educational chairman. Mrs. Pitman's subject was "Our Home as the Basis for a Democratic Nation."

PARENTS OF SON

Mr. and Mrs. Kenneth Alvis of Norristown, Penn., are announcing the arrival of a son. Grandparents of the baby are Mrs. J. C. Holt and Mr. and Mrs. Jim Alvis, all of Haskell.

Homecoming Termed "Best" Vern Derr Elected President

In his talk, "Bro. Duff" as he is familiarly known in Weinert and vicinity, recalled school and community incidents during his residence there, and praised leaders and citizens of the community for continuing their efforts in building a better community.

The Homecoming Queen, Glenda Williamson, sophomore in Weinert High School, was crowned at half-time in the Weinert-Flomot six-man football game, by Bulldog co-captain C. W. Drinnon. She was presented with a dozen red roses by Freddie Wiggins. Tiffen Mayfield was the Queen's escort. Flower girl was Judy Boone, daughter of Mr. and Mrs. Wallace Boone. Crown bearer was Frank Dutton, son of Mr. and Mrs. W. A. Dutton.

The new Continental Mark II, to be introduced by Ford Motor Company this month, is a prestige automobile manufactured in low volume with special attention to quality, styling and detail. It retains in modern form many styling characteristics of the former Lincoln-Continental. The fashionable Continental spare tire is mounted beneath a unique moulding stamped in the rear deck lid. The "modern formal" design emphasizes the functional use of chrome, steel and glass areas. The hood is almost six feet long, and the car is more than 18 feet long. Four inches less than five feet high, it is believed to be the lowest production car with both a front and rear seat. A new frame design and the 77½ inch width of the car insure ample room for all occupants.

65 At Meeting to Discuss Weinert Civic Project

The Community Improvement Project, sponsored by Weinert Matrons Club was launched Monday night with a meeting held in the school gym. Sixty-five persons attended. The program for the evening was under direction of Damon Smith, Church of Christ minister. He led the group in singing America. Invocation was given by Rev. Geo. Huggins, Mrs. C. T. Jones, president of Weinert Matrons Club explained the project, and expressed her thanks for the genuine interest and support shown the project.

Rev. Gene Louder, Methodist pastor, talked on Community Responsibility Strengthens Our Home. Rev. Huggins gave a talk about Community Responsibility Strengthens Our Churches. Mr. Smith talked on Community Responsibility Strengthens Our School and Community as a Whole.

Mr. Smith directed a chorus composed of Jean Hutchinson, Billy Boykin, David Phemister, Brenda Campbell, Carolyn Davis, David Boykin, Sharon Caddell, Christine Hutchinson, Doyle Boykin, Glenda Vaughn and Janice Campbell in a number of songs. The meeting was dismissed with prayer by M. W. Phemister.

MERRY MODERN says:

you've never dreamed cooking could be so fast... or so easy!

really modern **flame-fast gas ranges**

It's time to replace that tired old stove! For these magnificent new gas ranges offer so much more of everything to make easy cooking automatically yours! A wide selection of models and sizes... your choice of many new talked-about convenience features... smart compact beauty that blends smoothly into any modern gas kitchen... all this plus the advantages of the ideal fuel! Save now while trade-in allowances are bigger and terms are lower than ever before!

IT'S OLD STOVE ROUND-UP TIME

the thrifty time to trade and save!

For what it costs to cook with non-flame artificial methods for ONE YEAR you can cook for more than FOUR YEARS with flame-fast GAS!

SO MUCH MORE AUTOMATICALLY THAN EVER BEFORE

don't be fooled! you cook cooler with gas

Heavy blanket insulation keeps heat inside your range. Oven and broiler doors stay closed during cooking because the live flame consumes all the smoke. Top-burner cooking is cooler, too. Flexible gas flame tailors itself to pans — there's less waste heat. When you turn gas off, it's off — no lingering after-heat. Waste heat means a hot kitchen — and there's less waste heat with gas than any non-flame fuel!

Research Paces Oil's Progress

There are three reasons why America's petroleum industry has been able to supply the ever-increasing demand for energy called for by our mechanized way of life: 1, it has fearlessly invested its capital in the hazardous search for oil and gas; 2, it has steadily expanded its facilities; and 3, it has conducted endless research to find better, more efficient ways to make the oil products America needs.
Research! That's the key to the petroleum industry's progress. And the Humble Company assures itself a place of leadership in this field with two great research laboratories.

In the Humble Research Center in Houston scientists and engineers study all phases of finding, producing, and conserving oil and gas.
In the Research Laboratory at Humble's Baytown, Texas, Refinery, highly skilled technicians seek to develop new and better petroleum products, to improve those we already have, and to develop methods for making these products more efficiently.

Just as America's progress depends on oil, so oil's progress depends on research.

Haskell End Jim Byrd is shown here crossing the Roby Lions' goal line shortly before the first period ended in Friday night's game. But the six points didn't count. Haskell was penalized 15 yards to nullify the play.

HHS Indians

Continued from Page 1) Starr, back in the quarterback slot, handed the pusk to Halfback Roger Cook, who danced and side-stepped his way past a flock of would-be tacklers for a 63-yard jaunt to the pay stripe. Byrd's kick was good. Byrd's first attempt to move the ball after the kick-off resulted in a fumble, with Starr recovering for the Indians. On the next play, Starr's 20-yard aerial landed in the hands of End Da-

vid Duncan, who had a clear path to the end zone. Byrd's kick was again wide. Roby's opportunity came late in the third, when they recovered an Indian fumble on the Haskell 20. A pass from Kiker to Roby Halfback Jimmy Hale was good for 9, and on the next call Halfback Terry went the needed 11 yards for a TD. Try for extra point was blocked, to end the third stanza scoring, Haskell 46, Byrd 6.

Roby's hopes rose momentarily in the fourth when they recovered a Haskell fumble which halted the Indian drive on the Roby 29. After driving to their own 42 where they were stalled on downs, a Roby punt was taken by Mullins on the Haskell 20 and lightning struck again. The speedster stepped off 80 yards to add six points to the Haskell score. Byrd's kick going wide.

On the second play after kick-off, a Roby fumble set up the Indians final touchdown. Taking over on the Roby 36, Kreger picked up five, and on the next play Pitman took the hand-off on the 31 and sifted through the entire Roby aggregation to go over standing up. Byrd's kick added the final clincher to set the score 59-6.

With a large sprinkling of reserves in throughout the game, the Indians were again rapping on the TD door when the game ended, after reserve halfback Duane Bacus had intercepted a Lion pass on the Roby 30.

Mattson— (Continued from Page 1) school pupils, with children not in school free. In addition to the Homecoming program, class reunions are being planned by local exes which will include students and former students of Mattson high school.

The addresses of approximately 75 ex-students and teachers have been secured and invitations sent them. However, anyone knowing the address of any ex-student or former teacher is asked to forward it to Mrs. Bill Baker, Route 1, Haskell. She is secretary of the Homecoming association.

Scout Finance— (Continued from Page 1) taining Camp Tonkawa, where hundreds of area youngsters spend summers getting the thrills of their lives. Last summer several weeks were spent there by Boy Scouts from the local council. Camp Tonkawa is well developed and has facilities to take care of most outdoor activities. At the camp, youngsters can enjoy swimming, boating, canoeing, handicraft and camping, all under the guidance of experts and their Scoutmasters.

Scout executives say that in 1936 they plan to greatly increase the number of boys attending the summer camp session. Present plans call for every Scout to spend at least 10 days camping. The camp was so popular last summer that sessions had to be extended to take care of the overflow.

Other funds will be used to supply things that no boy, leader, or institution can supply. The money will help maintain the basic Scout program, training for leaders, program material, a service station for supplies and records, advancement standards and awards, and professional leadership and guidance.

"Scouting is not for any select group. It takes in all future Texans of every race, religion and economic background. We feel that what is invested in Scouting returns big dividends to our community," Dr. Williams concluded.

McPherson of Plainview. The 1935 homecoming celebration completion of three new school facilities at a total cost of more than \$250,000. The visitors were shown the new gymnasium where the afternoon program was held. The fire-proof building includes a complete college-size basketball court, and folding bleacher seats and swing-a-way baskets which make the gym usable for all physical education programs.

A new modern administration building was constructed between the high school and junior high school buildings. The new unit includes the superintendent's office, secretary's office, two classrooms, and a visual aids room. All are air conditioned. Completing the building program is a new wing to the elementary school. The new elementary unit has 10 classrooms.

The Elementary and Junior High Parent-Teacher Associations working with Mrs. J. G. Vaughter and Mrs. Cecil Carley, presidents, will make every effort to contact people in each block and will help to furnish transportation.

Any person desiring transportation to the X-ray center is requested to call 670-J, Mrs. Trice announced.

and enclosed play area, a project room for students of kindergarten and the first two grades, and a teacher's lounge.

Dedication Rites

In dedication ceremonies Friday, Stanley Brown of Dallas, architect for the new units, presented the key to J. B. Gipson, president of the Haskell school board, C. D. Allen, superintendent of Haskell schools gave the dedicatory address.

Principal speaker for the homecoming program was Dr. Herman Pitman, of Downers Grove, Ill., near Chicago. Dr. Pitman, 1931 Haskell High School graduate, is executive director of the Illinois State Commission on Human Relations. The quarterback of the 1931 Haskell High School football team, which won a district title, gave a brief history of Haskell County and reminisced about his school experiences.

He was introduced by Bob Sego, Haskell farmer and former school board member, who also graduated in 1931. Rex Felker, Haskell Chamber of Commerce manager, was master of ceremonies.

Alfred Pierson, president of the Haskell National Bank, gave the invocation. Supt. Allen led in group singing. A barbecue supper was served near the gymnasium and stadium at 5 p. m. A huge pep rally preceded the Haskell-Roby District 8-A football game.

Stockers Strong, Better Demand For Heifers

By TED GOULDY

Fort Worth—Demand for replacement cattle and calves was very broad again this week. Once again the spread between heifer and steer prices was narrowed. Many sales 50c higher were noted in Monday's trade and some heifer calves and yearling heifers were up 50c to \$1 per hundred.

A few sales of steer calves up to \$21 and \$21.50 were noted Monday, and buyers and salesmen alike agreed that strictly choice lightweights were quotable to \$22 or better. Heifer calves reached \$19, a new high for the class except in the special feeder calf sales, for the season. S. S. Barrett, Jefferson County, Okla., had a pen of 45 heifer calves weighing 383 lbs. at \$19 Monday.

Stocker cows were again in very broad demand, most sales between \$8 and \$13 per hundred. A few lightweights above that range. One load of cows at \$12.75 dolared around \$116 per head and were not the best. Want Ads bring results.

Haskell Marine to Finish Recruit Training Soon

San Diego, Calif. (FHTNC)—William F. Kirkland, of Haskell, is scheduled to complete recruit training in November at the Marine Corps Recruit Depot here.

The ten week course includes instruction in all basic military subjects and the firing of all basic infantry weapons.

Upon completion of training, the new Marines are assigned to Camp Pendleton, Calif., for further training, or to one of the many Marine Corps schools.

HASKELL VISITORS

Mr. and Mrs. Thomas Sadler and children, Charles and Candace, of Fort Worth spent the week end here with relatives and friends. They were accompanied home by Mrs. Lena Sadler, who will spend several days in the home of her son and family.

California Creek Soil Conservation District News

Recent flooding rains have clearly shown the need for a good soil and water conservation program. "Each farm and in most instances each field on the farm presents a separate conservation problem," stated E. L. Cowger, soil conservationist assisting the California Creek Soil Conservation District.

There are other cases where adjoining farm doesn't have a good conservation program and damage is caused on the farm on the slope below. These neighbors should plan their conservation program together.

Land without cover and in poor condition has a tendency to "seal over", and pack or run together. These soils absorb very little rain water for future crop production.

Approximately 100 farmers from Stamford and the surrounding areas were shown, at the Abilene Reporter-News "Soil Day," the different crops which may be grown to improve the soil. Clinton Harbers of West Point, Texas told how his soil had been improved so as to absorb 8 inches of water in a very few hours.

Several of the farmers cooperating with the California Creek Soil Conservation District have grown vetch and Austrian winter peas with good results.

The supervisors of the CCSC District have purchased two Graham conservation special plows and planters to be used in planting soil improving crops. This plow is the one used by Harbers to fertilize and plant legumes. One will be located in the Paint Creek community at Albert Thane's, the other at Bruno Kuppatt's at Sagerton, for farmers to use.

Now is the time to plant winter peas and vetch. "For best results with either peas or vetch they should be inoculated," Cowger stated. These crops aid in making the soil mellow, add humus and nitrogen. The green cover also helps prevent blowing and aids

by breaking the beat of rain drops.

For additional information, contact the Soil Conservation Service personnel, district supervisors, and other agricultural workers.

Mr. and Mrs. George W. Dean of Anaheim, Calif., are guests of their sister and brother, May Fields and George B. Fields and other relatives here. They arrived in time to attend the school Homecoming, and enjoyed seeing many old-time friends.

Community Achievement Project Chosen By Progressive Study Club

The Progressive Study Club met in regular meeting Thursday, Oct. 6 at 7:30 p. m. in the Home-making Cottage.

The president, Mrs. O. J. Curry, presided over a brief business session, at the conclusion of which the chairman of the community affairs, Mrs. R. W. Herren presented her committee and several others on a forum. The object of the forum was to present their findings of the investigation on what is needed and what we can do to supply the various organizations of our town.

School Supt. C. D. Allen gave the Bible "Book of the Month," James, as devotional, in an interesting way. He concluded in stating that James lists five ways which God can be pleased with our lives:

1. Resist evil until it gives up the battle.
2. Be clean in mind and body.
3. Face the tasks of life seriously.
4. Beware of superficiality.
5. Be reverent in the presence of God.

Mrs. Bill Flounoy led the club collect.

Mrs. Bill Woodson contacted the schools and found clothing the greatest need there in order to keep children in school. A plan suggested was an over-all canvass of town with the fire truck and firemen cooperating with club members in order to gather the clothing. Then placing the clothes in a centrally located room on racks, arranged in order of ages and sizes. This would be called a Clothing Depot, with various members working with the school to keep the clothing in good shape, ready to supply needs.

Mrs. W. O. Holden pointed out the library was greatly in need of books. She has been working with a committee this summer that has purchased about 60 books to be presented to the library by the club. Some of the books were on display at the meeting, and Mrs. Holden explained that the club had a project last year to sponsor buying the books. Mrs. Holden also stated that many books are in need of repair and she advanced the thought that the club might sponsor a woman to come help teach re-binding and care of books. Members of the club could take this training, and then would be able to offer assistance to the librarian when needed.

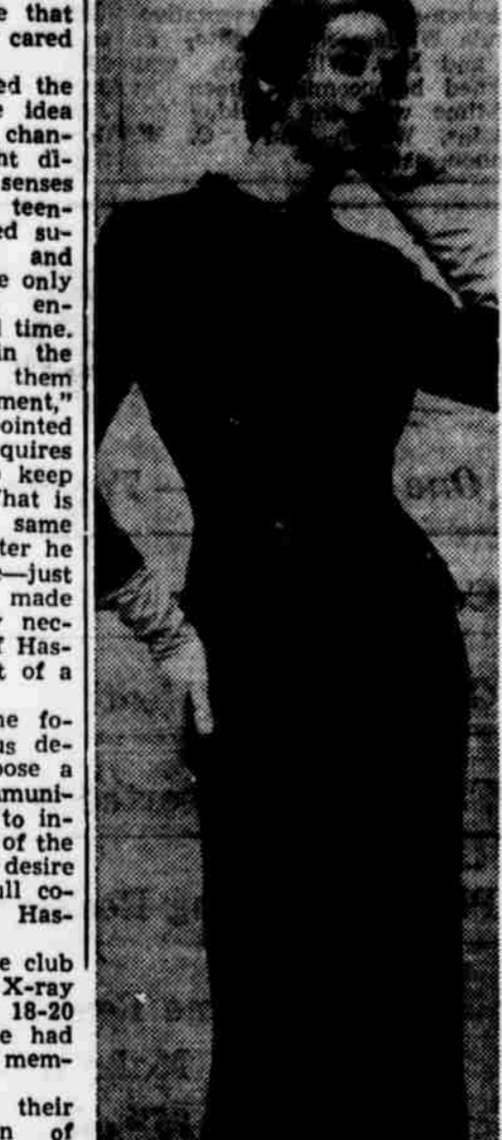

Mrs. Austin Coburn contacted the hospital to find how we could solve their need at the present time. She reported the need of women's gowns, and said that linens of all kinds can always be used. Some of the rooms in the hospital need to be refurnished. Easy chairs are needed since there are only three in the entire hospital. Also, a need exists for a room prepared on a child's level with play equipment to help the convalescent child. This was met with quite a bit of concern. A suggestion offered was for a push cart painted in bright colors with all sorts of toys that could be pushed from one room to another. This could be provided with very little expense.

From the Cemetery Association it was learned they would be happy for the club's help in trying to get the owners of the lots verified and also in having a map made of the cemetery to provide accurate information for future generations. This would prove quite expensive, it was found.

The Johnston Rest Home was contacted. There it was learned that the women enjoy visitors, love companionship and friendship. They thoroughly enjoy anyone who comes to sing to them. They like talking with outsiders and feel that the club might do a very good deed by furnishing games, and members going by and reading to them, or playing checkers, dominoes

Pastor of Area Baptist Church to Receive Award

The Rev. Norris Onstad, pastor of the Plainview Baptist Church southwest of Haskell, has been selected to receive the 1955 Rural and Village Church Achievement Award presented for the first time this year by the Haskell Area Baptist Association. Baptist officials said Thursday in Dallas.

He will receive a parchment scroll inscribed with his name, the title of the award and words, "For Outstanding Progress Made in Community and World Mission Church Activities."

The church will receive a bronze plaque inscribed with its name and wording similar to that of the scroll.

The pastor is one of 33 Baptist pastors and churches who have won associational and district awards over the state this year for rural church work. One pastor and church will also receive state-wide recognition at the annual sessions of the Baptist General Convention of Texas, meeting from Oct. 25-27 in Houston.

Hoover Dam, Nevada is the highest in the world at 726 feet. More than 6,000,000 acres of land in Texas were under irrigation in 1953 with requirements for a single acre ranging from 300,000 to 2,000,000 gallons per year.

Paint Creek . . . Community News

MRS. GENE OVERTON

Never was there so much farm work to be done, and the land's too wet to do much yet. Some farmers are beginning to gather the cotton, and everybody has trailers and hands just waiting until they can get in the fields. Wheat and oats must be sowed, and fences around the grazing patches must be built. But did you ever see such a beautiful green world as this Paint Creek community is getting to be? I really believe it's greener than I've ever seen it. Of course most of it is volunteer grain, and careless weeds and Johnson grass and other weeds we don't want, but it surely makes everything look like a garden.

Mrs. Roy Overton spent last week at Eola with her daughter and son-in-law, Mr. and Mrs. James Raughton, and granddaughter Jean Ann. Mr. Overton went for her Friday. This week Mrs. Clarence Raughton is spending a few days with the James Raughtons. Grandbabies must be a lot of fun. I guess that's why they are called 'grandbabies.'

Another new grandmother who is enjoying a visit with her grandchildren is Mrs. Estle Gillem. She is spending about a month with her son and his wife, Mr. and Mrs. Jack Gillem at College Station, and grandson, Jackie and new granddaughter, Debra.

Leon Medford is home from the hospital, and is much better. The tests showed that he had a bone infection and he will have to remain in bed for some time, and take medicines for the infection. We can't adjust to cooler weather, and there are several children in the community with severe colds, and two or three cases of intestinal flu. But the last case of mumps we've heard of was Brenda Hisey, and she is back in school now. Gene Bounds spent Sunday night in the sanitarium with appendicitis attack, but they averted surgery and he was in school Tuesday. Eddie Mack Earles has a painful crick in his neck. In fact, it's a good thing we have so many good boys coming out for football or we would worry about the Benjamin game, with so many of our first string not up to par.

The Ag boys and the Home Ec. girls leave Friday afternoon for the State Fair in Dallas. Saturday is Rural Youth Day, and FFA and FHA and 4-H boys and girls from all over the state will be there.

Mrs. Annie Peiser of Mattson spent last week in the home of her daughter's family, Mr. and Mrs. Paul Fischer and girls.

Mrs. Ray Perry is surely to be commended for her work with the pep squad this year, and I think the girls really showed they have worked, and that Mrs. Perry has worked with their halftime stunt Thursday night in the Mattson game. Mrs. Perry goes to the school every afternoon for pep squad practice, and has obtained outside help for the leaders with the help of Barbara Collins and some of the Haskell girls who attend outside school this summer to come out and show Pint Creek girls some things they learned. We have one of the best squads this year we have had in years, and most of the credit goes to Mrs. Perry.

We won our game with Mattson but we nearly broke our necks doing it. Jimmy Shaw re-

injured his leg, Gene Bounds almost broke a rib, Eddie Lee Thane hurt his leg, although he continued playing, and Joe Bob Earles fractured a vertebra and had to be placed in a cast until it heals. It didn't appear to be such a hard game, and these score was 52-20 but our boys just got hurt. None are seriously hurt, and all but Joe Bob will probably be ready to play Thursday against Benjamin.

Helen Jean Cox spent the week end with her parents, Mr. and Mrs. Seat Cox and brought as her guest, Miss Doris Brown of Dallas.

Mr. and Mrs. J. W. Elmore and Jerry of Gilmore were visitors in the home of his parents, Mr. and Mrs. Frank Elmore last week end.

Mrs. Colin Hammer and Jackie, and her daughter, Mrs. Wayne Josslet and baby daughter were visitors in the home of Mrs. Hammer's parents, Mr. and Mrs. Frank Underwood Saturday.

Willie Lee Medford, Mr. and Mrs. Ray Overton, Jr., Mr. and Mrs. Buddy Grand and Mr. and Mrs. Gene Perry and Carla were in Weintert Saturday for Homecoming activities. Attending the game Saturday night from Paint Creek were Mr. and Mrs. Pat Morrison and daughters, Gene Bounds, Eddie Lee Thane, Ronnie Kuenstler, Leon Hokanson and Mr. and Mrs. J. C. O'Neal. Supt. McRae and Gene Overton were in Abilene last week for the Oil Belt District meeting of the School Masters and Trustees Association. Then Sunday they left for Austin to attend the two day meeting of School

Administrators Association. Troop C 48 B. S. A. met Wednesday for their regular meeting since most of them will be in Dallas for the Fair next Friday night. They had their monthly camp out at the lake last Friday night instead of at Woodson because the river was up at Woodson. They cooked supper, breakfast and lunch for themselves, and for some of the new Scouts, it was the first time to camp.

Mrs. John Kuenstler has been ill this week with bronchial pneumonia. She is not in the hospital, but will have to remain in bed at home for awhile, in cool weather. Those camping were Jimmy Griffith, Mike Overton, Wm. Haynes, Wallar Overton, Mike Shaw, Martin D. Coleman, Jeff Smith, Wm. Over-

ton, Dan Griffith, Johnnie Watson and Gene Overton.

Mrs. Ray Sims and children, Karen and Ronald are here this week visiting her husband's parents, Mr. and Mrs. Frank Sims and Dub, and her parents, Mr. and Mrs. Doc Raughton, while Ray is showing cattle for the ranch at Snyder at the State Fair in Dallas.

Dr. and Mrs. Frank Sims, Jr., and son Rickey of Pan-Tech Farms near Amarillo were guests of his parents, Mr. and Mrs. Frank Sims and Dub over the weekend.

The Baptist Church held a week of Mission study last week, having different mission studies for each age group in their church. They also had several interesting missionary visitors to speak to them about their personal work in the mission fields.

Exes Gather From Many Points to Meet Former Classmates at Homecoming

Most every section of the country was represented in the gathering of Haskell Exes Friday and Saturday for the second annual Homecoming.

From Anaheim, Calif., to Richmond, Va., Detroit, Mich., and points between like Omaha, Neb., and Winnemucca, Nevada, they gathered for the friendliest and largest get-together ever held in Haskell—to take the word of ex-students ranging from the Class of '54 back to some of the first pupils in Haskell's one-room school in 1885.

J. J. Ballard of Winnemucca, Nev., who attended the first school held in Haskell back in 1885 was accorded honors as having come the longest distance to the Homecoming. Ballard left here in 1891, later ranching in Oklahoma and Colorado before pushing on to Nevada where he accumulated extensive ranch holdings. He recalled that all his traveling in those

days was by horseback—quite a contrast to his trip by plane from Nevada to Lubbock and then to Haskell by automobile.

Among the "oldtimers" on hand for the Homecoming were C. L. Mayes of Munday who attended Haskell school in 1890-91; Mrs. Essie Ballard Meadors of Dickens, Class of '96; Jud S. Jones of Woodson, Class of '96; John A. Lee of Rule, 95-96; Oia Bevers Frazier of Haskell, Class of '95; Mrs. W. O. Cannon of Stamford, 86-87; Ethel Jones of Colorado City, Class of '98.

From Omaha, Neb., came Menard Field, Class of '11, former Haskell businessman who later turned to wheat growing and now operates extensive grain producing farms in Nebraska and other parts of the wheat belt.

Cedric Sanders, Class of '20, came from Detroit, Mich., to renew friendships with former classmates. Sanders now is an executive with one of the country's leading automobile concerns.

One jovial ex-student who enjoyed the Homecoming probably as much as anyone was Hale Neathery of Gainesville, Class of 1909, who was back in Haskell for the first time since leaving here in 1910. His father was an early-day Haskell physician, and despite Hale's long absence, he recalled and recognized a number of persons still living here who were Haskellites back in 1910.

From Anaheim, Calif., came Mr. and Mrs. George W. Dean, early-day residents in Haskell. Mrs. Dean was the former Eva Fields and attended Haskell schools in the early 1900's.

Granville Glenn of Big Spring, Class of '23, spent a part of his Homecoming visit in The Free Press, where he began his career in newspaper work after his graduation from High School. He later went with the Big Spring Herald, where he is now mechanical superintendent and one of their veteran employees. Accompanying him was Mrs. Glenn, the former Irma Key, Class of '3. Their marriage was the climax of a school-day romance.

Recalling incidents of their school days together were Dr. Kenneth Oates of Graham and W. E. English of Muleshoe, members of the Class of '23. Ken and Gene were members of the Indians football squad, the high school band and other school organizations. As for school pranks, the two youth were probably not the instigators of every Halloween or April Fool stunt, but were dead certain to be in on everything that was pulled. Here for Homecoming and the first visit in Haskell in more

FRENCH M. ROBERTSON

French M. Robertson, elected last week as president of the Mid-Continent Oil and Gas Association, is a former Haskell resident and ex-County Attorney of Haskell County.

Robertson attended Baylor University and studied law at the universities of Texas and Oklahoma. He was admitted to the bar in 1927 and was elected county attorney of Haskell County in 1929, serving two terms.

Robertson is a director of the general Mid-Continent Oil & Gas Association, American Petroleum Institute, and the Independent Petroleum Association of America.

He is past president of the West Central Texas Oil & Gas Association and a former vice president of the Texas Independent Producers & Royalty Association. He has served on the Engineering Committee of the Interstate Oil Compact Commission.

Robertson is a past president of the Abilene Chamber of Commerce and is a member of Abilene's Aviation Committee and National Defense Committee.

More than 30 years were Mrs. Alice Poole Moore and her sister, Zoe Poole of Austin. They were members of the Class of '10. Their father, the late Judge J. E. Poole, was an early-day editor of The Free Press. He is credited with doing more than any other man toward gaining recognition of this section as an agricultural region.

In another group spending several hours together recalling school days of 1910-13 were Mrs. Allene Couch Wall of Knox City, Mrs. Cannon Cleo Hughes of Stamford, Mrs. Florence French Clifton Smith of Anson, Mrs. Shirley Neathery Withes of Fort Worth, Mrs. Deron Neathery Oates of Abilene and Mrs. Frankie Alexander Bickley of Abilene.

Several New Discoveries Encourage Continued Oil Development Activity

Observance of Oil Progress week highlighted the several new oil pools developed in Haskell County during the past year and points to the steady campaign in developing which continues in the county.

One discovery, in late June which created a surge of activity for a time was a Palo Pinto producer completed in the south-east part of the county.

It was Pontiac Refining Corp & Morgan Minerals of Corpus Christi No. 1 Hughes & Shelton, M. Travieso Survey 38. Several dry holes were drilled in the area.

Opening the South Fork (Palo Pinto) Field, it had a daily flowing potential of 127 barrels of oil. Production is from 3,294-98 feet.

Miami Operating Co., Inc., of Abilene No. 1 - A Tull discovery was a Swastika discovery 13 miles east of Stamford. It is in Section 12, Block 3, H&TC Survey. The Tull (Swastika) Field opener had a daily potential of 58.94 barrels of oil and four per cent water. It is pumping from 30 perforations at 1-843-48 feet.

Also in southeastern Haskell County, Lawson Petroleum Co. No. 1 S. W. Scott Estate, Wm. Harris survey 144, was a Caddo lime discovery. During the six-hour potential it flowed 123 barrels of oil from 4,907-15 feet.

Webb (Strawn) Field was opened two miles southeast of Rochester in May. The strike was W. B. Omohundro, Wichita Falls, No. 1 N. B. Webb, Block 36, Red River CSL Survey. It pumped 168 barrels of oil and 46 per cent water daily from 4,814-34 feet in sand.

Opening the South Webb pool was Marshall Pipe & Supply Co. of Nocona No. 1-A Pat Ballard, Block 33, Red River CSL Survey. Completed on a pump, it had a daily potential of 80.53 barrels of oil and 30 percent water from 4,822-28 feet.

Facho's ensemble for the younger set includes a velveteen coat lined with a soft Persian print chromo-spun pima to match the dress underneath. The dress has a round-throat tie lying over the coat collar adding more gaiety. A matching poke of velveteen with a facing of the print completes the costume. Colors in rose or aqua. Sizes 3-6x and 7-12.

Wolf Hunters to Hold 3-Day Meet

Wolf hunters from all over West Texas will gather at Quannah, Texas, October 18 for the beginning of the annual North Texas-Oklahoma bench show and field trial. The hunt will last through October 1.

The show and hunt is sponsored by the North Texas-Oklahoma Fox and Wolf Hunters Association, Inc., in cooperation with the Quannah Chamber of Commerce.

Entertainment is planned for the entire family.

B. E. Copeland of Henrietta is president and Cudtis J. Springfield of Azle is secretary of the association.

This hunt is one of the biggest staged in Texas and Oklahoma. The association has about 1,000 members—men who like the old-fashioned sport of hunting wolves with hounds.

Hunters are expected from as far away as Illinois.
