## UPCOMING

### Coke County Pageant Ass'n

It is very important that you make plans to attend the first general membership meeting of the fiscal year of the Coke County Pageant Ass'n. It will be held in the Robert Lee City Hall, Tuesday, September 22, at 7:00 pm.

At the meeting we will elect new officers, review the past year, hear the annual report of finances, and the report of other officers, discuss plans for the coming year and the next "Ole Coke County" pageant.

If the pageant is to continue, we must have more help on the production, the publicity, the programs, and all phases of the pageant operation. We hope you will come,

and help us decide whether or not we can continue to have this very special event. With more help, it can be saved.

Also make plans to become a member of the association, for only by being a member can you vote on issues, or serve as an officer of the organization.

### Coke County Storytime

The Coke County Storytime is going to get into full swing again starting Wednesday, September 23, 1992. The time will be the same--- 10:00 am to 10:45 am. All Coke County pre-schoolers are welcome.

There is no charge for this service. The only requirements are that the child must

be 3 years old or older.

We try to read stories most of the time to instill the importance of reading. We also watch a movie once a month and sometimes a puppet makes a surprise visit. On special holidays we will have a little party. So if you are interested, bring your little ones down to the library on Wednesday.

The storytime will be conducted by Nancy Rasco, Cindy Fleming and Judy Milligan.

### Golf Tournament

An ABC 18 Hole Select Shot Golf Tournament will begin at 1:30 pm Sunday, September 20, 1992, at Singing Winds Golf Course in Bronte.

Sponsors will be the Red Barn Restaurant in Bronte and Askins Propane Co. in both Bronte and Robert Lee.

### Retired Teachers

The Coke County Retired Teachers Association will meet Monday, September 21, 1992, at the Bronte First Baptist Church for a noon luncheon. Members of the unit extend a warm welcome to all public school retirees.

### Open House

Hayrick Masonic Lodge in Robert Lee will have Open House Sunday afternoon, September 27, 1992, from 2:00 pm to 4:00 pm.

The public is invited and encouraged to attend.

### Tuesday Dance

The 4th Tuesday Dance will be held September 22, 1992, at the Rec. Hall in Robert Lee with music by the Coke County Cavaliers at 7:30 pm. Dancers of all ages are welcome, with tickets available at the door.

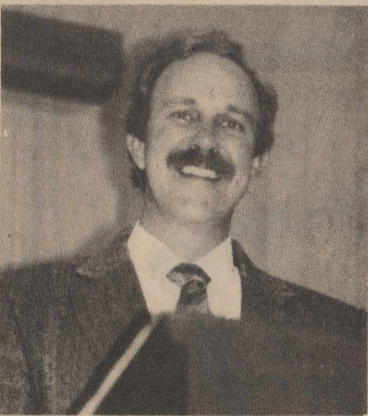

### Roberts earns ME

A Robert Lee student at Angelo State University was among 210 students to receive degrees during the Summer Commencement at the university.

Denise B. Roberts received a Master of Education, with a major in Diagnostician. She teaches Special Ed. in the Robert Lee school system.

She and her husband, Douglas, live on a ranch near Robert Lee.

## Shores to speak at Bronte

Rev. Larry V. Shores

The anticipation is building for the Bronte First United Methodist Church's scheduled series of Revival Services on Sunday, Monday, and Tuesday evenings, September 20-22, with special guest preacher and evangelist Rev. Larry V. Shores of Cedar Park. Informal fellowship suppers will be available at 6:00 pm each evening, followed by the worship services at 7:00 pm according to Pastor Philip A. Bell. The gatherings will be at the church located at 324 South Washington in Bronte.

Offering spiritual renewal to all, the planned Revival Services will include hymns and songs from the early camp-meeting and revival traditions, and special music by choir members and ensemble groups. Rev. Shores' solidly

biblical preaching will challenge and inspire Christian people to a reawakened sense of their faith, and a new commitment to serve the Lord in the kind of world we live in.

In sermons and stories, Rev. Shores will present these themes: "What Are You Doing Here?", "Love Found And Lost", "An Undeserved Gift", "Guess What?", "Together Again", and "What You Take Home". God's love and saving grace in Jesus Christ for every human being is at the center of the Revival experience for people of every age and station in life.

The koinonia (fellowship) suppers are available especially to those who would not have time to fix evening meals and still attend the services, and members of the Sunday School classes, for the convenience of all who desire physical and spiritual feeding during the three-day Revival.

All people in the area community are welcome to attend, and a great blessing awaits everyone who is able to participate.

A free-will offering will be received each evening to defray expenses, and assist with Rev. Shores' travel from the Austin area, where he also pastors the Leander United Methodist Church.

The 1992 Miss West Texas Rodeo is Shelley Burrows of Robert Lee. Shelley won the title, along with a \$1,000 scholarship, hats, jeans, and numerous other gift certificates, at the September 15, 1992, West Texas State Rodeo performance in Abilene.

Miss Burrows is being sponsored by the Lone Star Roper, a monthly roping magazine with headquarters in Robert Lee.

Shelley, a senior at Robert Lee, was also named Miss Congeniality at the contest for the second year in a row. She will be competing for Miss Rodeo Texas at San Antonio in June.

According to the Texas Lottery Claims office in San Angelo, the winning ticket was the first \$5,000 prize in the area.

**Judge signs farm safety proclamation**

PROCLAMATION  
By The County Judge  
of Coke County

TO ALL TO WHOM THESE PRESENTS SHALL COME:  
I, Royce Lee County Judge of Coke County do hereby declare the week of September 20-26, 1992 as FARM AND RANCH SAFETY AND HEALTH WEEK in Coke County, for the following reasons:

WHEREAS, the President has proclaimed the 49th Annual National Farm Safety and Health Week and the Governor has proclaimed the same period as Texas Farm and Ranch Safety and Health Week; and

WHEREAS, The National Safety Council estimates indicate that in 1991 farm work accidents resulted in approximately 1,400 deaths and 140,000 disabling injuries. The death rate was 44 per 100,000 workers, having fallen slightly during the past decade, agriculture remains the highest of the major industries and four times their composite death rate. Many more farm and ranch residents and workers were killed or seriously injured in home, recreation and roadway accidents. An undetermined number of people involved in agricultural work suffered job-related illnesses known to cause disability or death; and

WHEREAS, during the week, a statewide farm and ranch accident prevention education campaign is being undertaken by the Texas Farm Bureau; the Texas Farm and Ranch Safety Council; the Texas Safety Association; the Texas Agricultural Extension Service and the 4-H Clubs; the Texas Education Agency through the Texas Future Farmers and Future Homemakers of America, the Young Farmers and Young Homemakers of Texas and the Coke-Sterling County Farm Bureau with the theme, "Take Charge of Your Safety and Health". and

WHEREAS, accident prevention is often a matter of common sense; putting into practice basic safety rules like always buckling your safety belt; reading and following instructions in operator's manuals and product labels; and many other simple sensible measures that involve little or no extra time, effort or expense.

THEREFORE, I urge all those who live and work on farms and ranches to take necessary precautions to protect their safety and health - on the job and off. I also urge leaders in the agricultural community to bolster safety and health efforts in your area by example and by educational programs.

Signed  
Royce Lee  
County Judge

Experience is a wonderful thing. It enables you to recognize a mistake when you make it again.

County Judge Royce Lee signs a proclamation declaring September 20-26 as Farm and Ranch Safety and Health Week.

The patio was decorated with palm trees, ferns, pineapples, parrots, flowers, a bamboo fruit bar, and a bamboo and net bandstand. Everyone was decked out in bright flowered shirts, grass skirts, beachcomber hats and leis. After a couple of anxious days, the weather finally decided to straighten up and act right. It clouded up, cooled off, didn't rain and the breeze kept the mosquitoes away. Perfect!

Cotton Timmons and Sherman Williams were hard at work frying fish, and the Dietary Department making beans and potato salad. After our delicious meal, family members and volunteers served fresh tropical fruit bowls.

The Coke County Cavaliers played for our dance, and they made some fine music. Some of us danced off the pounds we had gained, and some of us just sat back and listened and got fat.

Forty-six residents were joined by forty-eight family members and friends, and twenty-seven volunteers and staff members for a very enjoyable evening. Thanks to everyone who helped make this special for our residents. A special thanks to all the family members, friends and volunteers who furnished fruit... and of course to our great auxiliary.

**Birthdays Party**

Earlyne Smith, Pearl Morton, B.J. Tyson, Edna Adkins, Doris Payne, Clara Scott, Myrtle Lasswell, Pearl Childress, Roman Feist, Mildred McAdoo, Jo Ella Leeper, and Josie Schooler celebrated birthdays in August, and a big crowd came to wish them a happy birthday. Sharon Arnold, daughter of Doris Payne, served coke floats to everyone. Bonita Copeland, daughter of Melvin and Essie Childress, entertained us with a lot of old songs on the piano. Thanks for a nice party!

**Voter Registering**

Kristy Roe, Coke County Tax Assessor/Collector, said Wednesday that the deadline for registering to vote in the November 4 general election is drawing near. Eligible voters may register in person until October 5 or register by mail if postmarked by October 4. Change of address, name or other correction to your voter registration card must be made by this same date.

Voter registration will not be the only method to be included in jury selection after January 1, 1993, she said. All persons with Texas Drivers License will also be eligible for jury duty.

3:00 pm in the Rec. Room. U.M.W., the Methodist ladies, hosted the party. Those having birthdays in September are: Pauline Thompson, Naomi Meixner, and Jettie Holmes.

**Tasting Party**

Milburn Wink, son of Leslie and Erma Wink, gave us a treat at our August tasting party. He brought strawberry nut bread, cantaloupe bread, banana nut bread, southern pecan and date nut bread for us to taste. After a lot of tasting, we decided they were all too good to pick a favorite. We had enough left over to share with the coffee and news bunch on Friday morning. Thank you, Milburn!

**Watermelon Party**

August must have been party month. We all gathered on the patio and dug in at our August watermelon party. Summer just isn't any fun unless you can get into watermelon up to your elbows... and we did.

**Showtime**

Showtime for August included "Touring Ghost Towns" and the movie, "The Sound of Music". "Touring Ghost Towns" was a collection of eleven ghost towns and the stories behind them. "The Sound of Music" was so long we had to break it up into three sessions, but that didn't deter anyone from seeing it all. Even those that had seen it before were there for all three sessions.

**Coming Up**

On tap for September are a sing-along and a surprise activity. We are unsure of the dates for these, so watch the hall calendars.

We will try to have one more outdoor cookout if the weather will cooperate. More information on this will be on the hall bulletin boards later.

**RL UMW meet**

United Methodist Women (UMW) of Robert Lee, met Wednesday, September 8, at Fellowship Hall with fifteen members and one guest present. New members were Maudie Conley, Marie Thomas, Willie Gatlin, and Rev. Donna Reeder, who, as pastor, is an ex-officio member of the local unit. President Nina Brewer called the meeting to order, then the hostess, Alice Beaty, served refreshments. After a business meeting, Joyce Rives presented a thought-provoking program assisted by Mary Bessent and Emma Lee Bickley.

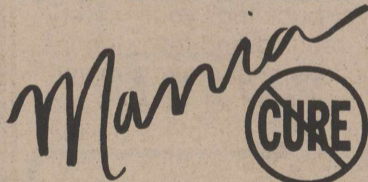

The program title, GIVE THE CHILDREN A HUG, was a study of children with AIDS. Statistics and other information concerning the circumstances and numbers of children with the disease were startling. One fact stressed in the care of young AND older patients was their need of love, and the question, "Would you hug a child with AIDS?" demanded some thought among members.

The fact that the disease is spreading fast is well known, but the information that shocked listeners most was that "by 1994 (ONLY 2 MORE YEARS), AIDS may well be one of the top five causes of death for US children under the age of fourteen."

The program, and the discussion which followed, made members realize that society is so greatly affected by the AIDS crisis, that all of us must do what we can, if nothing but reaching out in Christian love for families facing tragedy. Members attending the meeting will not soon forget the poster showing a small child holding up its arms saying, "Please hug me! I can't make you sick."

**ROCKY MOUNTAIN**

Face it. Once you've caught it, you're hooked. Who wouldn't be? With a fit that gets you noticed. With styles that get you remembered. With hot colors that keep you coming back for more. There's no known cure. And aren't you glad?

## Defense shines in win over Wildcats

by Bill Burns

The Steers continued their winning ways last Friday night against the Water Valley Wildcats. The offense scored twice and the defense scored once. The defense also held the Wildcats scoreless.

### 1st Qtr

Water Valley received the opening kick at their own 10 yard line and had a good return to the Water Valley 34 yard line. Water Valley then moved for a first at the Water Valley 48 yard line. The Steer defense held tough and Water Valley had to punt. The Steers offense could not get a first and had to punt back to Water Valley. Water Valley could not move against a strong Steer defense and had to punt back to the Steers.

The Steer offense moved the ball well making first downs at the Steer 39, then at the 50, down to the Water Valley 26 and finally at the 2 yard line of Water Valley, but the ball was knocked loose and went into the end zone for a touchback. Water Valley took over at their own 20 yard line. John Fluhman then came up with an interception for the Steers. The Steers made a first at the Water Valley 11 yard line as the quarter came to an end.

### 2nd Qtr

The Steers made a first at the Water Valley 2 yard line. The Steers made one more tough yard then Blake Pitcock made the final yard and the first Steer TD. John Williams kicked the extra point.

The rest of the half was all defense as the Steers could gain only two first downs, but held Water Valley to none. Steers-7, Water Valley-0.

### 3rd Qtr

The Steers received the opening kick and had a good return to their own 47. The Steers fumbled and Water Valley recovered at the Steer 44. The Steers held on downs, but couldn't move the ball and had to punt back to Water Valley.

Water Valley then had their best drive of the night gaining first downs at the Water Valley 47 and the Steer 43. The Steer defense stopped them at the Steer 39 yard line. Water Valley punted to the Steer 10 and the Steers had a return back to the 25. A penalty

moved the ball back to the Steer 9 yard line. The Steers made three first downs out to their own 45 yard line.

### 4th Qtr

The Steers kept the drive alive making five more first downs with Lee McCown scoring from the 1 yard line. The extra point failed and it was 13-0 in favor of the Steers.

The Steers made one more first down and Water Valley made one also.

With one second left on the clock, and Water Valley desperately wanting a score, Water Valley threw a pass in the corner, but Jason Dickey intercepted and sped 100 yards down the sideline for a Steer TD. Robert Lee-19, Water Valley-0.

## Wollett celebrates 95th

Mr. and Mrs. W.B. (Bud) Wollett's family were here to help "Bud" celebrate his 95th birthday which was September 2.

Out of town guests visiting were Dolores Goedecke of Chino, Calif.; Zelma and C.R. Reed, Mary Lynn Simpson and Debbie Burns, all of Dublin; Angie Vann and Michelle Fickle of Abilene.

George and Thelma Lomas had lunch for everyone. Dad's birthday cake, ice cream, and coffee were served later.

Dolores Goedecke, Bud and Texie's daughter from Chino, Calif., had written a poem for Dad's special day, which is as follows:

### A Gentle Man

A man can be gentle and still be a man.  
Lovingly kind, but with a firm hand;  
Standing up for the right, and what he believed-  
Truthful and honest, none ever deceived!

This is my father, a gentleman, you see,  
Tipping hats to the ladies and polite as can be.

Courtesy began at home, with his love for Mom!  
No angry screams or outbursts, only inner peace and calm!!

A grandfather can be grand, but not necessarily so!  
He can even be great, as we all surely know-  
Dad is a gentleman and great-grandfather, as such!  
This is the reason he's loved so very much!

We celebrate the birthday, "95 years", to be exact-  
Of a man with such greatness, and this a known fact!!  
He stands tall and proud before his large clan-  
The world a better place, due to this gentleman!!

# BRONTE SCHOOL NEWS

## Horns wallop Miles Bulldogs, 47-8

The Bronte Longhorns continued to improve their season Friday by defeating Miles 47-8.

Though it seemed there would be no score in the first quarter, with 51 seconds left, Bronte's Gary Bilbrey scored with a 9 yard run. Along with a successful PAT by Nathan Barnett the score was 7-0.

Only 5 seconds into the second quarter, Bilbrey scored with another 9 yard run, and again with 2 min. and 21 sec. left in the quarter. With both Pats good the score was 21-0. Then 1 min. and 38 sec. on the clock Mile's Bulldog, Tapia scored their first and only touchdown with a 89 yard run. Mile's Par-

ry's pass to Godfrey ended the second quarter with the score at 21-8.

### Bronte Band News

On, Saturday, September 12, the Bronte High School Longhorn Band participated in a parade competition at the Abilene Rodeo-Fair parade. The band scored second place as they competed against seven other class 1A high school bands. The balanced musical sound as well as the neat uniform appearance were some of the main factors contributing to the bands success.

The band performed "Simple Gifts" as they marched nearly one and a half miles in the scorching heat. The band maintained a uniform disciplined appearance throughout the parade route and was welcomed at every corner with applause from as excited Abilene audience.

The Longhorn band performance was a credit to themselves, Bronte High School, and the Bronte Community.

## BRONTE'S BRIGHT FUTURE has been ensured by establishments such as The Country Inn

The original motel in Bronte was built in 1945 by Earnest and Elizabeth Ivey and named Victor Motel for their son.

It was operated by the family under that name until after the death of Elizabeth in 1978.

Since then the motel has had three owners.

The Luis Charles family is the current owner and is changing the name from Bronte Motel to "The Country Inn".

The family is in the process of cleaning and renovating the business. The community of Bronte is proud to see all the improvement made by the new owners that results in attraction of more persons and by their serving the community.

The community is now proud to recommend the facility to families attending various business and social functions.

The Charles Family, local residents, are pleased to serve in a great community like Bronte.

**We encourage citizens of Bronte to patronize OUR local merchants.**

**Bake A Batch — Of Oatmeal Cookies**

If you're looking for something different for the lunch box and after-school cookie brigade, look no more. The Quaker Kitchens, where oatmeal cookies have been baked since 1908, has a chocolate oatmeal cookie kids — and grown-ups — are sure to love.

A combination of melted chocolate and semi-sweet chocolate pieces makes *Double Chocolate Oat Cookies* a double chocolate treat. Quick or old fashioned oats contribute a great chewy texture and wholesome wholegrain taste.

An oatmeal cookie is one of the easiest cookies to make, and the following cookie baking tips from The Oat Expert — Quaker Oats — will guarantee perfect results batch after batch.

- Use a cookie sheet without a rim for more even browning. Bright shiny cookie sheets will prevent bottoms from becoming too brown.
- Drop rounded tablespoonfuls of dough onto ungreased cookie sheet, leaving about 2 inches between each cookie.
- Check cookies for doneness after minimum time given in the recipe.
- Use a wide flat spatula to transfer cookies to cooling rack.
- Cool cookies completely before storing.
- Store soft, chewy cookies in airtight containers; store crisp cookies in containers with loosely fitting lids.

Bake a batch of oatmeal cookies today. Then sit back and wait for the smiles!

**Double Chocolate Oat Cookies**

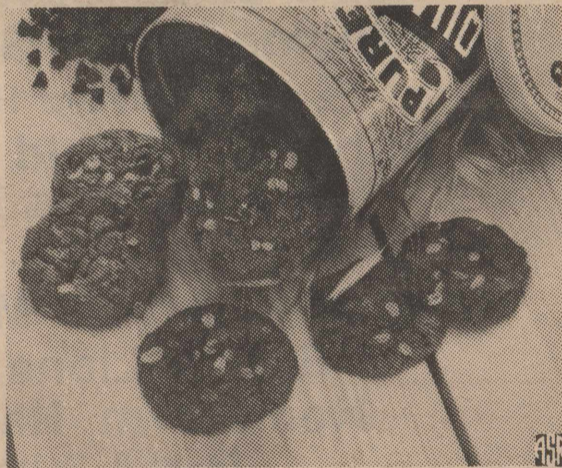

- |  |  |
|--|--|
| One 12-ounce package semi-sweet chocolate pieces, divided (about 2 cups) | 1/4 teaspoon vanilla                                   |
| 1/2 cup margarine or butter, softened                                    | 3/4 cup all-purpose flour                              |
| 1/2 cup sugar  | 3/4 cup Quaker oats (quick or old fashioned, uncooked) |
| 1 egg  | 1 teaspoon baking powder                               |
|  | 1/4 teaspoon salt (optional)                           |
|  | 1/4 teaspoon baking soda                               |

**Reversing Electrical Injuries**

Electrical injuries are often likened to an iceberg because extensive, unseen tissue damage can underlie a small surface burn. Tissues damaged by heat can generally be recognized visually and surgically removed. But the unseen tissue damage in the path of the electrical current may cause normal-looking cells to die hours or several days later.

For the first time, the ability to repair these cells has been clearly demonstrated. Researchers from the University of Chicago Medical Center report intravenous injection of an emulsifier, called a poloxamer, can even reverse much of the damage caused by severe electrical shock. This process is still in the testing stage, but Dr. Raphael Lee writes in the *Proceedings of the National Academy of Science* (5-15), that the poloxamer is apparently absorbed by damaged cells, as it seals the tiny leaks on the surface of the cells, and allows the repair process to begin.

**Ybarra family reunites**

The 22nd annual Ybarra Reunion was held September 5 & 6 at the KC Hall in Abilene, Texas. Activities commenced with greetings from the hosting family members. A brief moment of silence was held in memory of "Mama Rosita" (grandma Rosa Ybarra) and those family members who are no longer with us. Following was a delicious lunch prepared and served by the hosting families. Throughout the day various drawings were held for door prizes and then a dance was held that night for family and friends.

Kateleigh Jo Lara, two week old daughter of Jimmy and Jane Lara of Wichita Falls, won the trophy for being the youngest family member present. Vivian Flores and family from College Station, won the trophy for traveling the farthest distance. Pedro Ybarra and family of Abilene, won the trophy for having the most family members present. **NOTICE OF COMPARABLE TAX RATES AND REVENUES**

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state contribution. Under prior statutes the tax rate for last year provides \$6,417 per student in state and local revenues. Under this statute that same rate now provides \$6,712 per student in state and local revenues.

State law only requires a minimum tax rate of \$.82011 for County Education Districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The Board of Trustees of the Bronte Independent School District hereby gives notice that it has adopted a tax rate of \$.51598 that will provide \$6,755 per student in state and local revenues.

## Get your name in the state recordbooks

There are a lot of lakes in West Texas that don't have official state records for many of the fish found in them. For example, the only fish submitted for an official Texas Parks and Wildlife Department (TPWD) Waterbody record at O.H. Ivie is a 9.50 lb. largemouth bass. There is no lake record white or black crappie, nor any catfish records of any kind. Waterbody Records are not limited to only "sportfish." Some examples of other fishes that we have records on for other lakes are longnose gar, bluegill, green sunfish, warmouth sunfish, buffalo, carp, freshwater drum, goldfish, and even a Pacu (a common aquarium fish) caught in Lake Nasworthy.

Getting your fish recognized as a TPWD Waterbody record is also very easy. After you have caught the fish you think is a record, you have to fill out a TPWD Fish Record Application. These forms are available at most marinas and bait shops. Filling out the form is very easy. All it takes is your name and address, the fish species, date, and lake it was caught in, and the fish's weight and length. The fish must be weighed on a scale certified by the Texas Department of Agriculture. Most marinas and bait shops have one or know of where a close one is. If you can't find one, we have one at our office here in San Angelo where you can bring them by here or perhaps we can meet you at the reservoir. The form also has blanks

for two witnesses to sign and a blank for a professional fisheries person to verify the fish is properly identified. After that, all that is needed is a notarized signature and a picture and you can mail the form to the address on the form. TPWD will then send you a certificate acknowledging your record.

Some of you are probably wondering, "What are the TPWD lake records for our lake and what fish don't have records yet?" Well, here is a list of them.

Lake Ascarte, Largemouth bass, 9.87 lb; Brady Creek Lake, Largemouth bass, 9.86 lb; Smallmouth bass, 4.75 lb; Flathead catfish, 58.00 lb; Lake Brownwood, Largemouth bass, 12.65 lb; Concho River, Hybrid striped bass, 14.75 lb; Striped bass, 21.44 lb; White bass, 4.38 lb; Elm Creek Lake, Largemouth bass, 10.86 lb; Lake E.V. Spence, Largemouth bass, 11.88 lb; Striped bass, 35.13 lb; Blue catfish, 51.81 lb; Flathead catfish, 54.31 lb; Lake Coleman, Largemouth bass, 8.06 lb; Lake Colorado City, Red Drum, 23.00 lb; Lake Nasworthy, Hybrid striped bass, 17.90; Largemouth bass, 11.00 lb; Striped bass, 24.76 lb; Flathead catfish, 51.50 lb; Red Drum, 22.38 lb; Lake New Ballinger, Largemouth bass, 8.67 lb; Oak Creek Lake, Largemouth bass, 13.25 lb; O.C. Fisher Lake, Largemouth bass, 13.25 lb; Channel catfish, 13.06 lb; Flathead catfish,

57.00 lb; Walleye, 7.75 lb; Lake O.H.Ivie, Largemouth bass, 9.50 lb; Lake Twin Buttes, Largemouth bass, 14.25 lb; Smallmouth bass, 5.31 lb; Blue catfish, 50.37 lb; Flathead catfish, 63.50 lb; Walleye, 8.25 lb; Winters-Elm Creek, Largemouth bass, 10.78 lb.

If there is a lake in this area that I have not listed here, we do not have any Waterbody records for it. If there is a type of fish not listed in a lake, we don't have a Waterbody record for it.

This is your chance to get your name in the record books!!! Good Fishing!!

## Study Club meets in RL

The '64 Study Club of Robert Lee, GFWC, Heart of Texas District, met September 8 at Fellowship Hall of United Methodist Church for its first meeting of the fall season. Hostesses were Maybelle Stewart, Irene Newell, and Patti Ivey.

For several years, Beth Prather has presented the first program of the season, a book review. Her selection this year was the Vicki Lansky book, copyrighted in 1991, ANOTHER USE FOR.... Vicki describes this book as "Your A to Z guide to marvelous, multiple uses for everyday items you have in your house: RECYCLE it, REPOSITION it, REUSE it."

Beth brought may of the ar-

ticles the author suggested and showed her audience how they may be used, such as using a coffee filter to drain cooking oil, and removing rust from car bumpers by rubbing them with crumpled foil dipped in cola. The suggestion which seemed most appreciated was Beth's demonstration of how to relieve discomfort of a too-tight skirt by looping a rubber band through the buttonhole on to the button. Great relief!

Vicki Lansky writes for FAMILY CIRCLE, a popular magazine which many stores carry.

A business meeting was held after the review. Next regular second-Tuesday meeting will be held October 13 at Bryan's Barn.
