**Farmer Income  
 Tax Information**  
 By F. W. MARTIN  
 County Agent

Many local farmers and ranch-  
 men can save tax dollars this  
 year by taking advantage of all  
 allowable deductions and other  
 credits.

A new law of particular impor-  
 tance this year concerning the  
 sale of breeding, dairy or draft  
 animals because of drought. Under  
 certain conditions, the profit from  
 such will not be taxed.

New fast depreciation methods  
 can reduce current taxes. And,  
 when you fail to take depreciation,  
 that deduction is gone forever;  
 it can not be made up in future  
 years. Reporting the sale of all  
 qualifying livestock as the sale  
 of capital assets, instead of re-  
 porting the sale as ordinary in-  
 come, will sharply lower tax li-  
 ability.

These subjects and many others  
 are treated in the new "1956 Far-  
 mer's Tax Guide," now available  
 at the county agent's office. It ex-  
 plains how to handle most tax  
 problems that farmers and ranch-  
 men face, the agent says.

Some farmers have lost money  
 this year and will owe any  
 taxes. When there is not tax li-  
 ability some farmers in the past  
 have tended to neglect taking all  
 allowable deductions. This is usu-  
 ally a mistake because losses can  
 now be carried backward for two  
 years and carried forward for as  
 many as five years. Sooner or  
 later, these current losses should  
 permit the taxpayer to either get  
 a refund or give him a deduction  
 on future tax bills.

IT'S WORTH MORE today than ever before  
 that's dangerous! Dangerous because that  
 value calls for MORE insurance protection.  
 lose plenty, if you're underinsured.

PLAY SAFE! Make certain now that you  
 are insured adequately.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VERN SANFORD Texas Press Association

AUSTIN, Texas—Austin is in every-other January whirl. In- augural festivities on the 15th will climax two weeks of fanfare traditional to the premiere of a new state administration.

Stepped-up tempo in the Capitol began New Year's Day when scores of new officials took the oath of office. It redoubled this week as gavels banged in another legislature.

Next week thousands more will arrive to "dance in the new gov- ernor." Their 1957 inaugural in- vitations are unusually elaborate—gold-embossed and purple-tasseled. Forty thousand were printed.

Other arrangements are simi- larly lavish. An hour-long parade will precede the high noon swear- ing-in ceremony in front of the Capitol. In the afternoon there'll be a band concert, then a recep- tion at the Capitol. That evening Gov. and Mrs. Price Daniel and Lt. Gov. and Mrs. Ben Ramsey will lead the grand march of state officials and their wives at the chief inaugural ball at Greg- ory Gymnasium. From there the official party will make a round of the four other halls over- town.

Citizens of Austin pick up the check for this biannual affair. Estimated cost this year: \$15,- 000.

New Land Board—Land Commr. Earl Rudder begins his first elec- tive term with a re-organized board.

Sworn in with Rudder were William Gossett, El Campo bank- er, and L. E. Page of Carthage, former state commander of the American Legion.

A new constitutional amend- ment dropped the governor and attorney general as ex-officio board members. Instead, the governor is required to appoint two "citizens at large," one ver- sed in finance, the other in vet- erans affairs.

Board members immediately went to work on the new \$100,- 000,000 bond issue for veterans land buying as authorized in the same amendment.

Wilson Promises State Support —New Attorney General Will Wilson promised to "consistently support state sovereignty" in cases where federal-state author- ity is at issue.

Wilson said his office would seek to protect school officials and students from violence and intimidation stemming from de- segregation efforts.

He also promised to push com- pletion of the Duval County and veterans land cases begun by his predecessor, John Ben Shepperd.

Official Change About—Will Wilson's resignation as Supreme Court justice last summer touched off a chain reaction.

Result: James A. Norvell of San Antonio is the new Supreme Court justice. He was elected. H. D. Barrow of Jourdanton was appointed by Gov. Shivers to suc- ceed Norvell as associate justice of the Fourth Court of Civil Ap- peals at San Antonio.

John F. May of Karnes City was appointed by Shivers to suc- ceed Barrow as judge of the 81st district court.

Richard L. Dobie Jr., of Co- tulla was appointed to succeed May as 81st district attorney.

Gov. Shivers also named L. D. Segliff of Spur as judge of the 110th district court. And more than a score of others were ap- pointed to state agencies, com- missions and college boards.

Another appointee, John Osorio of Austin, was elected chairman of the Board of Insurance Com- missioners immediately after taking office as a member.

Also swearing-in news, through a novel coincidence, were two old hands. Supreme Court Justice Robert Calvert administered the oath to State Comptroller Robert Calvert. No kin.

\$1.00 SAVED IS \$1.20 EARNED

The ancient Adage, "A penny saved is a penny earned", is less than truth in these days of the income tax. If this saying was ever a truism, it would now be nearer the complete truth to say, "A penny saved is one and one-fifth pennies earned", for one does not have to pay a 20 per cent tax on pennies or dollars earned by saving.

"Introducing Princess Vicki of the House of Medley" is the way a vivacious red haired HHS sen- ior has been announcing her ar- rival upon any and all scenes.

And she's not fooling. The youthful Miss Medley returned only recently from El Paso where she was one of 32 princesses and 11 duchesses to be feted and whirled through a week of festi- vities during that city's annual Sun Carnival. The affair is a week of parties, teas, dances and general gaiety climaxed by the New Year's day game in the Sun Bowl.

Almost before questioning could begin the school girl was telling what amazed her "more than anything practically." "At the Queen's Reception—that was in the International Club on Dec. 30—they had a big silver fountain in the middle of the room and champagne was spewing out of it!" she marveled. Then, less enthusiastically, "I tasted it. It was like vinegar with baking soda in it."

Although she's been home for a couple of weeks, Vicki still hasn't been able to sort out in her mind all of the parties and events she attended. "There were so many. Just fabulous!"

She was representing Santa Rosa, N. M., in the carnival as an entry of that city. The Medley's have only been residing in Has- kell since September and Vicki is a native of Santa Rosa.

Among the highlights from the week was a trip to the bullfights for the entire court and the queen, Helen Harris, El Paso. They were guests of the city of Juarez, Mexico.

"The day we were there, five bulls were killed and two men were gored. We didn't stay for all five bulls. Too gory," she shud- dered.

Also remembered was a jaunt to hear the El Paso Symphony. "I can't remember what they played, though. I just remember that our feet hurt so we all took our shoes off and then the in- mission came unexpectedly. Such fumbling!"

A slight lapse of memory should be permitted when you consider. "We figured it up and we got during the whole week, 22 1/2 hours of sleep." The princesses were housed in the Hotel Cortez, four to a room. "These rooms were about 2'x4," she estimates. "Our Coronation gowns had huge skirts and one had to dress and then go stand in the hall while some one else dressed." The Coronation gowns were the frocks worn in the parade the theme of which was "Land of Make Believe."

Reports Vicki, "My dress was of green velvet corduroy, trim- med in mink. And, wouldn't you know, our float broke down in the middle of the parade! We had to be towed along for the rest of the parade."

When asked about the high point of the Carnival, she an- swered with no hesitation at all, "The Coronation." With only a touch of dreaminess she contin-

ued, "It was told in the form of a story. A man came out and said that once upon a time all of the princesses of the land came to do homage to the queen. And then he introduced us individu- ally and heralds came out and acrobats dressed as jesters did flips across the stage. After we had taken our places, the Queen and her court came on the stage and she said 'Let the entertain- ment begin.'" And it did. We had ballet dancers, acrobats, singers and all dressed in medieval cos- tumes. Then the queen descend- ed from her throne and we all

The Magazine Club of Haskell met in its annual business meeting Jan. 4 with Beryle Boone presiding.

A resume of the year's work and activity was given by the officers and chairman of each committee of the club.

Mrs. J. U. Fields, chairman, gave the report of the nominating committee. Officers selected for 1957-58 are:

President—Mrs. J. G. Vaughter. First Vice President—Mrs. W. H. Wilson, Jr. Second Vice President—Mrs. L. R. Burkett.

Secretary—Mrs. C. V. Payne. Treasurer—Mrs. C. O. Holt. Corresponding Secretary—Mrs. C. J. Robinson.

Federation Counselor—Mrs. J. U. Fields. Elected Board Member—Nettie McCollum.

Retiring Past President—Beryle Boone. Historian—Mrs. C. L. Lewis.

The program for the afternoon was a continuation of the theme for the year, "Our American Heritage." Mrs. W. H. Wilson Jr. gave a very detailed and informative discussion of the Constitutional Convention which included time, place, purpose of the convention, members who attended and the results of the convention.

Mrs. C. J. Robinson followed with an interesting report on the Constitution of the United States and the amendments to the constitution.

Mrs. Mary Sue Wilson was hostess for the afternoon and had the club room attractively decorated in the patriotic colors of red, white and blue.

Trinity Lutheran W. M. S. Meeting Held Jan. 3

The Womens Missionary Society of Trinity Lutheran Church met at 2:30 p. m. Jan. 3, 1957 in the church annex with 19 members and one visitor present.

The new officers for the year, who had been installed at the New Year's church service, took over their new duties at the Thursday meeting.

Mrs. Alton Peiser will serve as president of the society, Mrs. George Moeller, Jr., vice president; Mrs. Paul Fischer, secretary; Mrs. Elton Kloese, treasurer; and Mrs. Robert Berry, reporter.

The devotions and Bible Study were combined in the form of a dramatic presentation under the title "The Marys and Marthas of 1957." The presentation emphasized the need for a zeal like Mary's to learn more about Christ and a desire like Martha's to work for the Lord.

During the social meeting the society voted to make a layette in response to an appeal sent out by Lutheran World Relief. The layettes will be used to aid expectant mothers who come from behind the Iron Curtain and have no means of supplying even the barest necessities for their babies.

Hostesses for the afternoon were Mrs. Annie Kretschmer and Mrs. Elton Kloese.

WOMEN OF INTEREST

Club History Provides Program Theme At Meeting of Progressive Study Club

The Progressive Study Club history was appropriately presented by the director, Mrs. Frank Martin, Thursday night, Jan. 3 in the Homemaking Cottage, with Mrs. S. W. Flournoy opening the meeting with prayer.

"Our study course for the year has been concerning the verbs of life and since we have studied the verbs I Am, I Think, I Can, I Feel, I Know, I Wonder—tonight we are to study the verb I Remember, because in looking back, we move forward."

She also quoted the club motto, "We must not drift, nor lie at anchor." In reminiscing over the 19 years of club work, Mrs. Martin pointed out several important incidents, acquainting the members with the past as well as the present.

Two songs were sung, one is looking backward, "God of Our Fathers," and in looking forward, "This Is My Father's World."

The statement that the Progressive Study Club contributes to many groups and organizations each year were furthered in the business meeting by making contributions to Headquarters' Entertainment, Headquarters' Maintenance, Latin - American Scholarship Fund and the Dorothy H. Vieman Oriental Scholarship.

The constitution and by-laws were read consecutively by the members in the business meeting.

Under the very capable direction of Mrs. R. A. Lane, an interesting style show was presented of fashions through the years comparing with fashions of today. Some had forgotten how short were the dresses worn "away back when," especially when Mrs. W. O. Holden modelled her wedding dress, and styles were shown by other models.

Models for the show were Lynn Currie, Lida Lane, Grace Bissbee, Mrs. W. V. Felker, Mrs. W. E. Lawson, Mrs. Hugh Watson and Mrs. Frank Martin.

The club histories and year-books on display were interesting to many. A beautiful arrangement of red roses on the speaker's table were the exhibition of the club flowers.

The club colors, the rainbow colors were carried out in the refreshments served by Mrs. W. H. Pitman and Mrs. Huey Bledsoe to members and guests. The guests were Mrs. K. H. Thornton, Mrs. J. M. Diggs, Mrs. Bill Fouts, Mrs. Alvis Bird, Mrs. Brooks Middleton, Mrs. Dan Collier, Nancy Lawson and Tom Bill Holden.

Tom Bill Holden was the photographer for the style show.

## \$68,000 Fire Loss Listed in Haskell During Past Year

One fatality and property loss amounting to approximately \$68,000 resulted from fires in the city limits of Haskell during 1935, according to records of the Haskell fire department.

This was the heaviest annual loss in several years, City Fireman Floyd Lusk said, and was more than six times the total loss during 1935, which was recorded at \$11,250.

The lone fatality from fire occurred Jan. 12, 1936, when an aged Negro woman, Aunt Lizze Austin, died when fire swept through her small two-room house.

Heaviest fire loss occurred April 25, involving the two-story Sherrill Building, occupied by Hattox Hardware and Furniture. Loss amounted to \$30,404.68.

Next most destructive fire involved the W. L. Richey residence, on the morning of July 12. Loss amounted to \$24,472.

Smallest loss was listed at \$50.85, caused by fire at the home of Bessie Hanson on Sept. 20, 1935.

The fire department received 69 calls during the year, 39 of this number being major alarms in which all firemen were called.

Four rural calls were answered during the year, and firemen and equipment answered one out of town call to Rochester on Oct. 3. In fighting 39 major fires, approximately 7,000 feet of hose line were laid, Lusk estimated.

The department had 24 regular drills during the year. With the exception of the paid City Fireman, all members are volunteer. Best individual attendance record of the year was set by Bekton Duncan, who attended all drills and missed only one alarm.

An electrical storm was listed as cause of one fire during the year, on the night of August 19. A bolt of lightning, striking near the residence of Mr. and Mrs. Claude Jenkins was believed to have "overcharged" electrical wiring in the house, starting a small blaze in the ceiling.

## Indians Blast Anson, 47-39, in District Tilt

The Haskell Indians took a 47-39 District 4-AA cage opener from the Anson Tigers here Tuesday night.

Bobby Camp dumped in 13 points to lead the Indians, while Gary Bailey totaled 12 for the visitors.

Haskell had a one point lead at the end of the first quarter, then stretched it to six at the half before opening the gap to 14 points in the third quarter.

Haskell took the girls game, 44-30, behind the 20-point shooting of Janice Jones; Milda Davis scored 18 for Anson.

In the B game, Haskell walloped Anson, 55-39. Don Pennington sank 13 for the Indians.

The box score (field goals, free throws, total points): Haskell: Starr 5-1-11; Clifton 4-1-9; Brown 3-0-6; Jones 2-1-5; Camp 5-2-13; Spinks 1-1-3. Totals 20-7-47.

Anson: Bailey 4-4-12; Roberts 4-2-10; Wright 2-3-7; Calhoun 2-0-4; Wilson 2-0-4; Neal 1-0-2. Totals 15-9-39.

## Whatever the Job, There's a Senior Ready to Work

Eager-beaver HHS Seniors are offering to wash cars, clean house, tend children, pluck mistletoe from trees or anything within reason between now and Feb. 1st for a slight remuneration of course.

Proceeds from all this expended effort is to be put into the senior class fund, reports David Duncan, class president. The car washing will take place during the mid-term vacation January 17, 18 and 19. Price is just \$1.25.

Anyone interested in this or any offer made by the seniors should contact them immediately. With less than \$1,000 in the fund, the group estimates they will need close to \$2,000 in order to make the annual class trip. There are 52 seniors enrolled in Haskell High.

A second project being planned by the class is the presentation of a talent show to take place Feb. 11 in the High School Auditorium. Anyone interested in appearing in the show should, again, see David Duncan.

Wallace and Roy Sanders of Wichita Falls accompanied their father, F. T. Sanders, who is now living in that city, to Haskell the first of the week and they spent several days here on business.

### Irrigation Facts Summarized in New Publication

"Thinking of Irrigation" is the title of a publication just released by the Texas Agricultural Extension Service and it is available without cost from the office of local county agents or from the Agricultural Information Office, College Station, Texas.

Extension Irrigation Specialist R. V. Thurmond, the author, has listed in concise form the most important considerations for those contemplating an irrigation program on their farm. Illustrations are used to emphasize and clarify the facts listed.

Such items as water supply, soils, crops, methods of applying water, equipment and planning are covered in the publication. The final test comes, says Thurmond, when these cost factors are all added together—water, cost, extra equipment, taxes, maintenance, fertilizer, depreciation, in-

terest on investment and labor—and compared with the expected increased income derived from irrigation.

To be profitable, the engineer emphasizes that income must be increased enough through the use of irrigation to offset the additional costs. Installing an irrigation system should not be looked upon as a short time proposition, but as a change in farm management and operation which will affect farm production and income for a long period of time, says Thurmond.

## Sagerton News

By MRS. DELBERT LEFEVRE

Mr. and Mrs. Paul Summers of Canyon have been visiting Mrs. Summers' brother, Melvin Lewis and Mrs. Lewis this week end.

They also visited in the B. Hess home over the holidays were Col. and Mrs. Don Henley and sons, Chris and David of Chicago, Ill.; Mrs. Henley's parents, Mr. and Mrs. E. D. Engleman of Spur, Mr. and Mrs. Paul Flaughter and little son, Mike of Borger; and Mr. and Mrs. Clyde Wynn and daughter, Pauline Elizabeth and Mrs. J. M. Reising and daughter, Mrs. Mary Hess and son, Joe B. Hess, of Midland.

Mr. and Mrs. Ben Hess and Buelah Summers spent Friday in Spur with the E. D. Englemans.

Reece, Charles, Joe and Whit Clark, M. Y. Benton and Pete Kitley went to Bledsoe, Texas

Sunday to hunt quail on the farm worked by A. L. Gibson. The A. L. Gibsons are former residents of this community, and they came down during the holidays, and the group and their families enjoyed a quail supper in the home of Mr. and Mrs. Ewell Kitley.

Jimmy New, son of Mr. and Mrs. Melvin New, was a patient in the Haskell Hospital last week suffering with the flu. He has returned home and is back in school now.

Mr. and Mrs. Barney Ross and family have moved from their home in Sagerton out to the farm belonging to Mrs. L. H. Schroeder east of town. Mr. Ross will farm there this year. Mrs. Schroeder, who had lived in this community for many years, moved to Stamford during '56.

### Special Stamp Honors Polio Volunteers

March of Dimes volunteers here and throughout the country have been honored for the fight against polio in the issuance of a special three-cent stamp. The Post Office will place the stamp on sale throughout the country Wednesday, Jan. 16.

The stamp is a "long vertical" and shows a woman with a protective arm around a boy and girl. She also holds a shield with a medical emblem symbolizing the partnership between civilian volunteers and the medical and science professions in the battle against polio. The legend reads "Honoring those who helped fight polio."

This recognition by the U. S. Government points up the work of some 4,000,000 March of Dimes volunteers for the last 19 years in supplying financial aid to polio research and patient care. The crowning achievement of the program was the developing of Salk vaccine.

However, as March of Dimes spokesmen warned, much remains to be done despite the protective power of the vaccine. There are 80,000 Americans disabled by polio who may still need treatment and rehabilitation. Thousands of trained personnel to administer care are needed.

In addition, research must be continued to improve the vaccine and develop new treatment techniques for the disabled. These are the needs to be met out of the proceeds of the 1957 March of Dimes.

Officials of the current drive urge residents to use the new commemorative stamps to send in March of Dimes Mailer—the little cards that hold coins and bills—to help finish the polio job.

### Payment of Poll Tax Lag Behind Previous Years

Haskell County poll tax payments for the current year may be the lowest in many years—unless there is a heavy increase in payments during the next three weeks.

At the beginning of the week, 1,007 poll tax receipts had been issued, County Tax Assessor-Collector Elizabeth Stewart reported. Deadline for payment of the poll tax is Jan. 31.

Last year, 3,373 poll tax receipts were issued, while in 1955, last "off" election year, 2,043

poll tax receipts were issued. Ordinarily, these payments run higher in years of primary and general elections, since only holders of current poll tax are permitted to vote.

However, at least two important elections will be held in 1957—the annual city elections and the school trustee elections—in addition to any special elections which may be held.

At least one special election is certain. It will be for the selection of a United States Senator to succeed Price Daniel, who will become Governor on Jan. 15.

Also, with the Legislature in session, several constitutional amendments may be submitted for statewide voting.

### C. of C. Directors Discuss Plans for Annual Banquet

Plans for the annual Chamber of Commerce membership meeting and banquet were discussed at a meeting of directors of the organization Tuesday morning in the dining room of the Texas Cafe.

Directors were joined by members of the "Round-Up Club," the organization's membership and new committee.

Several speakers are being considered for the annual banquet.

and setting of date and place for the affair will await a definite commitment for the guest speaker, directors voted.

C. of C. president Ira Hester, presiding for the breakfast session, appointed a nominating committee to select a slate of 1957 nominees for officers and directors. The list will be submitted to the entire membership for balloting by mail prior to the annual banquet. Officers and five directors are to be chosen.

C. of C. Manager Rex Felker announced that the Haskell County FFA Project Show would be held in Rule this year, early in February, with the date tentatively set for Feb. 9. Site of the show is rotated among different towns in the county each year, Felker explained.

Felker also announced that the annual 4-H Club Boys Livestock Show would be held in Haskell Saturday, Feb. 2.

In connection with a brief discussion of this year's budget, directors voted to reduce the West Texas Chamber of Commerce to \$25 annually. Previously, the Haskell C. of C. had paid the regional organization \$100 yearly. The lower payment is in line with annual dues paid by neighboring towns of Anson and Stamford, Felker said.

Present at the breakfast meeting were Ira Hester, Rex Felker, A. M. Turner, Courtney Hunt, Jay Weaver, Hallie Chapman, Dr. T. W. Williams, Gaston Hattox, Wallace Cox, Jr., C. O. Holt, Lon Paté, W. R. Johnson, Don Roberts, Harold Spain, Cecil Gregory.

### Mrs. Hazel Weaver Guest Speaker at Lions Meeting

Mrs. Hazel Weaver, vocational guidance counselor at HHS spoke to members of the Lions Club Tuesday concerning recently developed guidance program at the school.

In force for the past three years, the program contains four distinct categories: Educational guidance, social guidance, ethical guidance and vocational guidance.

In order to determine the pupils aptitude, mental ability, personality and how much he has achieved academically, he is given tests which are then scored and placed in the office of the high school principal, Mrs. Weaver explained.

The test results, after having been analyzed by the guidance counselor, are open to the teachers thereby assisting them in aiding any of the pupils they feel may need special attention.

Mrs. Weaver concluded that the purpose of the program is to help the student to accept themselves as they are, to be happy, and to fill their place in life.

Wallace Cox, Jr., was in charge of the program.

Floyd Hipp, Haskell, was presented with a 25 year membership certificate by the Lions Club. Hipp is local manager for Lone Star Gas Co.

A visitor at the luncheon was Ralph Duncan, Abilene, Communities Service Director for West Texas Chamber of Commerce. The Haskell Lions Club will furnish the program for the Rule Lions Club when they meet at 12 p. m. Monday, it was announced.

### Haskell Indians Win Stamford Cage Tourney

Haskell Indians tamed the Avoca Mustangs at Stamford Saturday night for a 47-41 victory and the championship of the Stamford Invitational basketball tournament.

Led by all tournament choices Robert Starr and John Clifton, the Haskell quintet came from behind in the final seconds of the third period and won going away from the scrappy Avoca team.

Winters took a 45-47 win over Stamford for third place in the meet. Monday took the consolation championship by edging Clifton 48-47, and Knox City tripped

Throckmorton for seventh place. Haskell, Avoca and Stamford each placed two men on the all-tournament team while Munday, Knox City, Winters and Cisco and one joining Haskell's Clifton and Starr on the team were Dallas Christian and Charles Steinheim of Stamford, Milton Martin and Tony Ham of Avoca, Glen Amerson of Munday, Bobby Driver of Knox City, Johnny Epps of Winters and Ben Lacey of Cisco.

Avoca edged into a 10-9 first quarter lead in the championship game and scored a 26-21 halftime advantage. But Haskell came back to take a 33-34 lead on the last shot of the third period and then outplayed the Mustangs in the final quarter. Haskell controlled the backboards and the game during the final.

Haskell was aided four fouls on Avoca during the last half, but out with two minutes with 20 points. Clifton dumped in hit 14 to pace the team.

## FIVE NEW FORD glamour wagons long, low and loaded with Go!

Leave it to the station wagon leader to make the big news for '57! And what news! Wagons so big, so full of fine car prestige that you'll wonder how it can be done at low Ford prices.

If your choice is the Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its wood-like trim.

If your needs call for a 6-passenger wagon with four doors, you'll love the new Country Sedan. It has almost nine feet of loadspace—nearly a foot more than ever before.

There's still another 4-door Country Sedan. It has the extra third seat for 9-passenger room. And, as in all Ford wagons for '57, you have the new single-control handle

which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from inside!

There's good news, too, about Ford's popular Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, and smart interiors which defy muddy little shoes and drippy chocolate cones.

In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes beyond the Ranch Wagon in style, fabrics and trim.

Better take a whole wagon for a spin. You'll agree that for styling it's a sweetheart, for work and power, it's an obedient slave!

New '57 Fords have toughest aluminum cranks in history!

The '57 Ford crank 438 million and 1/2 million miles from 1900 to 1957. For 50,000 miles at 80 m.p.h., then for 50,000 miles at 100 m.p.h. and 100,000 miles at 120 m.p.h. This was included in all tests—the greatest endurance test of all time!
