It's A Bird. No! It's A Plane. No! It's - - - Gloria?

'Biggest mystery at HHS is not just who is "Headin' for a Wedding," which just happens to be the title of the senior play, but who is Gloria? Asks a budding HHS journalist, Is she a bird, a person, an animal or who or what? Seems poor Gloria's name was left out of the Senior Play cast announcement last week. Rather than reveal the name of this mysterious actress, the cast invites Haskellites to attend the play and see for themselves.

Response to Polio Vaccination Program Saturday Exhausts Supply of Vaccine

Response to the Haskell County polio vaccine program Saturday afternoon exceeded all expectations of sponsors, County Health Officer Dr. T. W. Williams and Mrs. Stella Trice, County School Nurse, reported.

In a telephone conversation with the State Health Department, the County Health Officer was told that the supply of vaccine is running low and that they no longer encourage programs of free inoculations for all persons. They did so earlier because the supply of vaccine was so large and in danger of becoming useless because of its age. Those persons who did get a first shot will be due another one in four to six weeks. It is hoped that enough vaccine can be obtained from the State Health Department to give the second shots to those who will be "unable to pay" for them.

Improvement or building of the proposed all-weather road is a Precinct 3 project entirely, it developed at the meeting, although Commissioners of the other three precincts in the county expressed their willingness to cooperate in every way possible, particularly in extending an all-weather road to Scott Memorial Park.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VERN SANFORD Texas Press Association

AUSTIN, Texas — Legislative digging into affairs of ICT Insurance Co. has reached the pick-and-shovel stage.

Previous sensation-a-day pace could hardly be maintained. In prospect now is an exhaustive turning over of every detail of the bankrupt company's financial history. Goal is to discover if crash was due to any violation of law or lack of adequate laws or enforcement.

One possibility for fresh sensations would be the return of BenJack Cage, former manager of the company. Cage is in South America. He said he would be glad to talk with the committee, but was busy right now and could not get away.

Cage's successors at ICT have accused him of squandering the company's funds in numerous promotional schemes.

Recent disclosures from testimony: (1) Former Insurance Commission Chairman J. Byron Saunders received some \$7000 from ICT Discount Corp. in monthly checks.

Saunders said it was in payment for his interest in Wood County oil wells. Atty. Gen. Will Wilson questioned Saunders closely as to why the money was listed on his income tax return as legal fees rather than money from a property sale.

(2) The former Insurance Commission examiners were asked to explain if they were the same men whose names appeared on checks from a BenJack Cage interest. A doctor certified the two, L. W. Blanchard and Robert Butler, were too ill to testify. Both had been discharged from the commission for alleged connections with another company that went broke.

(3) Renne Allred Jr., court-appointed liquidator for ICT, charged the company was organized with borrowed money, a procedure contrary to state law. He also said year-end statements were fattened by short-term loans.

(4) Several legislators and former legislators testified concerning fees from ICT. Most were small in amount and received some time ago.

Coke's Company In Trouble Physicians Life Insurance Co. of Dallas is to appear before the Insurance Commission Thursday, March 23 to show cause why it should not lose its license.

This is only one of the difficulties faced by the company headed by former Gov. Coke Stevenson. It is one of several Dallas-based insurance companies that are to be investigated by a special Dallas County grand jury.

Governor Stevenson said the original founders of the company sold some of their stock through the company at a tremendous profit and retained the money themselves. None of these people is in authority now, he said, and the firm has sued for recovery of the money. "It will go a long way to get things straightened out," he said.

Stevenson also told stockholders the company's future solvency requires it to get loose from a commitment to take over assets of American Atlas Ins. Co. from the state receiver. Federal tax liens against American Atlas were discovered after the deal was made.

Another Insurance Commission order gives Legal Security Life of Dallas until April 15 to clear up charges it falsified its books to show assets of their true value.

Confused History House bribery investigators are having slow going with the Texas Naturopathic Association. Efforts to uncover details of the TNA's past legislative activities have been repeatedly balked by faulty memories and lack of records.

On the committee's recommendation the House formally censured ex-Rep. James E. Cox of Conroe. Cox had been indicted on charges of agreeing to accept a bribe from TNA.

Panel then turned its attention to reports of a fund raised by the Naturopaths to "educate" the Legislature in 1955. Fund was variously estimated from \$8,000 to \$59,000.

But only hazy and conflicting testimony was received. No records were kept, said a former office secretary.

Irked by it all, the committee prepared contempt charges against a Dallas naturopath, Dr. Robert Spears, for refusing to answer questions about his background.

Oil Down Again Texas' big gush oil production was hurt, lived, Europe couldn't use it after all.

Texas Railroad Commission cut the April allowable by 224,710 barrels a day. It is to be at 3,564,665 barrels a day on a 16-day producing pattern. This puts things back about as they were in February before the big jump to 18 producing days in March.

Major oil companies had strongly urged increased production on the commission. But after three weeks under the higher pattern, they were unanimous in asking a cutback.

News of the lower allowable brought uneasiness to Legislators. They had been counting on high oil production to bring increased revenue to put over their record spending program without new taxes.

Limited Sales Approved Bill to prohibit limiting of sales for below-cost items is back. Senate State Affairs Committee approved the measure sponsored by Sen. A. M. Aikin, Jr.

A similar measure was passed in 1955 and was outlawed by courts because it applied only to groceries. Aikin's bill applies to all retailers.

A record crowd attended the committee meeting. Bill is generally favored by smaller grocers who contend it is necessary to prevent big chains' usurping all the business with drastic price cutting.

SHORT SNORTS—Texas Research League announced it has accepted the Insurance Commission's request to survey its activities and offer suggestions for more efficient operation. . . . A bill to make parents liable up to \$300 for a minor child's property damage is unconstitutional, ruled Atty. Gen. Will Wilson. . . . Former Congressman Brady Gentry of Tyler was appointed Highway Commission chairman by Gov. Price Daniel. Gentry previously headed the Commission from 1939-45. . . . Texas highway deaths during 1956 hit a record-breaking 2,611, reported the Dept. of Public Safety in closing its statistical books for the past year. More discouraging, the number of deaths per miles traveled also inched up. . . . Court of Criminal Appeals upheld the conviction of George B. Parr for threatening to take a human life. A Jim Wells County court had convicted and assessed a \$1,500 fine against the onetime political leader. . . . February saw 3,202 Texans enter the armed forces while 2,932 were separated, reports State Selective Service Headquarters. Only 816 of the 3,202 entrants were drafted.

Pan-Tech Field Day and Sale To Be April 4 Farmers and ranchers of this section will be interested in learning that the fifth annual Pan-Tech Field Day and Sale will be held April 4 at the Pan-Tech Farms, Panhandle, Texas, 15 miles northeast of Amarillo. More than 100 Hereford and approximately 10 Angus bulls will be offered in the sale. In the sale offerings will be animals from the herds of L. W. Jones, Rule; R. H. Brown & Sons, Throckmorton; L. C. Atchinson, Throckmorton; Brown & Davis, Throckmorton.

Mailing of Easter Seals Underway This Week

Mailing of 37,000 Easter seals for an 11 county area was started Monday, March 25 and will continue through April 1.

Work on getting the seals ready has been completed by volunteers at the Abilene West Texas Rehabilitation Center and the Nu Gamma chapter of Beta Sigma Phi.

Since the children from nearby counties are treated at the Abilene center, seals will be sent to Nolan, Fisher, Jones, Shackelford, Callahan, Runnels, King, Knox, Stonewall, Haskell and Taylor counties.

Last year the Abilene Rehabilitation Center kept \$4,515.04 from seal sales. Seventy-seven per cent of gross receipts is retained by the local agency and 23 per cent goes to the Texas Society for Crippled Children to provide for children in unorganized areas.

A total of 122 children are being treated at least once a week in the 11 county area. Forty-five per cent are polio patients and 20 per cent are orthopedic and speech injury cases.

Three therapists—physical, occupational, and speech—and one aide are employed by WTRC in addition to a part time secretary.

A maid and one classroom teacher are employed by the Abilene public schools and work at the WTRC.

The remainder of the work in transporting patients to and from the center and in other work at the WTRC is carried on by a large group of women volunteers.

Direct Safe Driving Program Toward Young People, Speaker Advises Club

The automobile driver under twenty-five years of age is several times more dangerous than the driver who has passed that age, Roy Kinslow, representing the Southwestern Insurance Information Service of Dallas, told members of the Progressive Study Club at their evening meeting March 21.

"To cut down on the staggering toll of dead and maimed as the result of automobile accidents we must concentrate on the youthful driver for two reasons: (1) He is young enough and flexible enough to be a good bet for education; and (2) the experience he is having indicates that unless we can get to the young driver fast enough, he won't survive to maturity," Kinslow said.

"This is your community, your business, and your way of life, that is dependent upon the automobile. This is a program that must be primarily carried by organizations like yours on an individual and group basis.

"There is no quick and easy solution. Accomplishment will come slowly and be hard won, for we are dealing with emotional factors. Since the very heart of the problem, and the solution is on an emotional level, we must make all our drivers assume the mental attitude that makes for safe driving," Kinslow pointed out.

He said there are some simple mechanical aids that will help get inside the driver's mind. Some may be by coercion and by necessity force him to discipline his mental attitude. These simple mechanical things are: (1) Youthful driver training, not on a 'catch as catch can' basis by Dad, but training on a professional level by professional educators, such as a required driver training program; (2) Strict law enforcement at the policeman and judge level must be insisted upon; (3) Licensing of drivers should be strict; (4) Periodic inspection of motor vehicles... a thorough inspection... will force drivers to keep their automobiles to a minimum

standard of maintenance and (5) Make it unpopular to be a 'take-a-chance' driver," he said.

Mr. Kinslow is District Engineer for the Texas Employers Insurance Association in Abilene. His company is a member of the Southwestern Insurance Information Service, a non-profit, public service organization of casualty insurance companies.

Mrs. H. L. Perkins, program chairman of the Progressive Study Club, arranged the program.

NOTICE

Last Friday, a massed piano festival was sponsored in Vernon by the Vernon Musicians Club. We furnished the pianos for this wonderful concert in which some 300 pupils, musicians and teachers participated. These pianos used are all quality instruments. There are no "seconds" in the bunch and are recommended by the teachers and musicians of Vernon.

These pianos are all new, but in the process of moving them to the auditorium, some have small marks in the finish. Because of this and the fact that we do not normally carry this large stock of pianos, they can be purchased at a big saving. In 31 years of continuous service, the Norsworthy Music Center has never offered pianos at such BARGAIN PRICES and SUBSTANTIAL SAVING to our customers.

This sale will last, of course, only until these 14 pianos are gone. The pianos are in modern, contemporary, provincial, and Victorian designs and are in mahogany, walnut, blonde oak, maple and cherry finishes.

### Agent Emphasizes Value of Citrus Fruit in Diet

Wanda Greenhill, Home Demonstration Agent, met with the Paint Creek 4-H Club Girls Monday morning, March 25.

Miss Greenhill stressed the importance of citrus fruit in our diet. We should eat a good breakfast every day that consists of citrus fruit, eggs, sausage or bacon, whole wheat toast, butter or margarine, milk or toast.

The body does not store Vitamin C, so include Vitamin C rich foods in each day's diet. Miss Greenhill advised. Vitamin C builds resistance to infection, such as colds, helps build bones and teeth, and helps wounds to heal.

"Eat a good breakfast to start a good day," Miss Greenhill admonished the thirty-three club members present.

### Thespians Gleeful As Repairs Begin On HHS Stage

The halls of Haskell High have been resounding to the banging of hammers and whirring of sanding machines the past few days as work began on repairing of the stage.

Sanding of the stage, patching, closing up the footlights and other repairs are a prelude to the arrival of new curtains recently purchased by the school. The brown and beige curtains are expected to arrive in the next few weeks, stated Robert R. King, Supt. of Schools.

They were purchased from the Dickson Scenic Co. of Houston at a contract price of \$1,031.75. The students, in a recent fund drive, raised approximately \$350 of the purchase price. A Negro Minstrel is planned for the near future and the proceeds from this event will also go into the curtain fund.

Supt. King stated that he is making inquiries into the procuring of new lights for the stage also. The footlights now being closed up have not been used in several years, he added.

Upcoming events at the school include Career Day which has been set for April 10. Principal speaker will be Dr. Sidney Hamilton of the School of Education, North Texas State College, Denton. Dr. Hamilton's topic will be Home and Family Living.

Career Day '57 will be the third such event held at the school. Students will have the opportunity to hear and learn about 60 vocations this year as opposed to 12 last year, said Mrs. Arlos Weaver, guidance counselor.

Spanish students are digging in harder than ever this week in anticipation of a week end trip to Monterey, Mexico April 6-9. The class hopes to observe on the trip a market, cathedral, bullfight, promenade and an English class in a Mexican school.

To finance the trip the class, under the supervision of Mrs. Jim Byrd, Spanish instructor, is having a bake sale. The cakes are \$2.00 each and may be procured by phoning Mrs. Ernest Kimbrough at the superintendent's office and placing an order.

Class members who will make the trip are: Ernest Kimbrough, Jimmy Vaughter, David Duncan, Norma June Gipson, Jerry Fancker, Karen Pitman, Robbye and Sarah Roberson, all members of Spanish II. Accompanying the students will be Mr. and Mrs. Jim Byrd and Robert R. King.

### Rule Youth Wins Tractor Operators Driving Contest

Jack Holcomb, Rule high school Future Farmer, was named county winner in the 1957 Texas County FFA Tractor Operators Contest held here Friday, March 22, by Woodard Farm Sales.

H. V. Woodard, manager of the farm implement and tractor agency, presented young Holcomb with a tractor driver's trophy for his winning performance. Three Future Farmers from this area participated in the contest. Judges in the contest were R. W. Herren, Leon Burson, Haswell farmers, and Wm. E. Lawson, supervisor for the Farmers Home Administration.

Holcomb, as county winner, will compete in one of the 11 district contests to be held before April 30, 1957. District contest locations will be announced in the near future.

District winners will compete in a state contest to be held in Fort Worth by the Stewart Co., Texas distributor for Ford Tractors and Implements. The state contest will be held July 18, 1957, the day prior to the opening of the FFA Convention in Fort Worth.

A new Ford tri-cycle tractor will be awarded the state winner by the Ford Tractor and Implement dealers of Texas. Woodard, local dealer, explained that Ford Tractor and Implement dealers in Texas are holding County FFA Tractor Operators' Contests throughout the state.

### County Attorney Pogue Speaker at Lions Meeting

An informative talk on court procedure, particularly the small claims court, was given by County Attorney Curtis Pogue at the regular meeting and luncheon of the Lions Club Tuesday at noon in the banquet room of the Texas Cafe.

The county official explained that the "small claims court" was designed primarily to handle small legitimate claims where the sum involved would not justify the legal fees attached to normal court procedure in the generally accepted sense.

Claims for debts for personal service up to \$100, or suit to collect business accounts of not more than \$50, can be filed in Justice Court, without service of a lawyer, the County Attorney explained. This permits the settlement of many small claims which could not be prosecuted otherwise, because of court costs involved.

County Attorney Pogue also touched on procedure in Commissioners Court, as well as in civil and criminal actions, and in juvenile court.

### Scout Training Program Slated At Weinert

### Our Forefathers Founded for Us A Government: "For the People, By the People"

By as much as we appreciate this, we remain obligated to study all our political problems and at every opportunity cast our ballot for the betterment of the people.

Tuesday of next week we will elect a man to the very important office of U. S. Senator from our state.

Since there are many candidates in this race who are entirely unknown quantities to us, we feel it more urgent that we study the qualifications the candidates who are admittedly leading in the race, choose from them the man best fitted for our needs.

We who know ourselves to be Democrats will want to vote for a Democrat.

We know that we have some who prefer to call themselves Democrats, but for expediency to their own interest stand ready to vote with the Republicans.

WE DON'T WANT ONE WHO WILL BREAK FAITH WITH US. Let's vote for Ralph Yarborough and keep control of the U. S. Senate. J. M. Crawford

### Controversy Over Poage Cotton Bill Continues; Would Penalize West Texas

WASHINGTON, March 26 (Special)—Rep. George Mahon of the 19th District has reported from Washington that the controversy over the Poage cotton bill will continue for several weeks and that the outcome is uncertain.

Dates for further hearings have not been set. Mahon said figures prepared by the Department of Agriculture show that if the Poage bill is enacted into law it will cost the Texas 118,000 acres of cotton allotment next year, channeling the acres into East and Central Texas.

This would result from changing the base period for allotments from the previous five years as in the present law to the previous three years, Mahon explained. The Congressman and representatives of the Plains Cotton Growers pointed this out in testimony before the House Committee on Agriculture last week.

One provision of the Poage bill would require the Department of Agriculture to establish a special loan on light spotted cotton. West Texans have been working for a light spot loan program for some time. The secretary of Agriculture now has the authority under the present law to establish such a program.

In order to take the light spot issue out of the area of controversy, Mahon has introduced a separate bill which provides for a loan on light spot cotton but which omits the objectionable provisions of the Poage bill. Mahon said he would work for a settlement of the controversy which would include elimination of all provisions of the Poage bill which are discriminatory toward West Texas.

### Two Candidates for School Trustee are Unopposed

Candidates for two places on the Haskell School Board to be filled in the annual trustee election April 6 will be unopposed.

Only two candidates, Ed Hester and Clinton H. Herren, had filed for a place on the ballot Monday evening, deadline for filing.

Hester will be a candidate to succeed himself as a member of the board of trustees. Herren will succeed Gaston Hattox, who is completing his sixth year as a trustee and had declined to seek re-election.

Hold-over members of the board of trustees are Cecil Gregory, J. A. Bynum, Fred Gilliam, J. B. Gipson, Bill Holden.

Central Ward School, said that contributions of \$5 from the M System Store, \$1 from Bernie Swinson, and \$1 from Thos. B. Roberson, should have been included in the published list.

"Through oversight in transcribing the list of donors these gifts were omitted," Principal Brembry said. "We gladly take this opportunity to acknowledge their generous support, which we truly and sincerely appreciate."

### Haskell Indians Tie for Second In Track Meet

The HHS Indian trackmen scored 36 points in the District 4-AA track and field meet held at McMurry Stadium in Abilene Saturday to go into a tie with Hamilton for second place honors, while Stamford amassed 55 1/2 points in copping the district title. Seymour had fourth with 20 and Anson was last with 6 1/2 points.

The Indians scored in 11 events, winning first place in pole vault, discus, 880 yard run, and mile run; second in pole vault, 100 yard dash, and 220 yard dash; third in 440 yard dash; and fourth in discus, 120 yard high hurdles and mile run.

In the mile run, Freddy Middleton of Haskell flashed into the lead only a couple yards before the finish line. Coming into the stretch, Charles Stenholm of Stamford had the lead, but Sonny Winegart of Hamlin passed him. Stenholm made another challenge then faded in the last 40 yards, while Middleton surged ahead into first place. The first three men were only a couple of yards apart at the finish line as Middleton won in 5:11.3.

David Duncan, Haskell's speedy half-mile, won his specialty in 2:10.9.

Jimmy Brock, Haskell, won the pole vault in 9 feet, 10 inches into the wind, and Robert Starr took first place in discus for the Indians with 143 feet, 7 inches.

### Well-Known Gospel Singer Succumbs To Heart Attack

Singers and music lovers of this section will regret to learn of the death recently in Atlanta, Ga., of Denver Dale Crumpler, well known gospel singer. He was 44 years old, and death was attributed to a heart attack.

Mr. Crumpler had been a member of the Statesman Quartet, one of the South's leading gospel singing groups, for the past three years. He was generally credited with having the highest pitched tenor voice in his field. He was with the Ranger Quartet 15 years before joining the Statesmen, and had frequently appeared in programs at Abilene and other towns.

### Paint Creek ... Community News

**MRS. GENE OVERTON**

The wheat is growing fast. Some of it is knee high, and it is the prettiest shade of green it has been in years. We Paint Creekers are having to poison wheat for the first time that I can remember. I guess the little weed seeds have been anxiously waiting for some rain so they could grow, too. Anyway, we grain farmers this year have a better crop of lamb's quarters than we've seen and I didn't know weeds grew in grain like this. The tiny oats hardly show for the weeds. Several farmers have rigged up their sprayers to poison. Harvey Terrell poisoned on the Pardue Ranch last week; Irvin Schaaake and Eric Bergstrom have poisoned their grain and Gene and Jiggs are rigging their sprayer this week. Allen Overton, Ray Perry and Paul Fischer are planning to poison, too.

There are still several sick folks in the community. Mrs. Rowland missed school last Wednesday with a sore throat. Melanie, Eloise and Donald Liveness all have measles, the good old red kind. Little Donald was already in the Stamford Sanitarium with Brights disease, and the doctors were quite worried about his taking measles. But he is getting along fine now. Terry Waiton has chicken pox. Little David and Janice Jones from Sweetwater who are visiting the L. B. Jones family have had the mumps the past week. Their parents are moving to Dallas from Sweetwater and they are staying with their aunt and uncle. Mrs. Dan McRae has been having quite a great deal of trouble with an infected tooth. She had it out, but has had to have several shots to counteract the infection.

Miss Bess Smithy, Mrs. Lillian Heflin and Mrs. W. C. Taylor attended the meeting of the B&PW Club at Stamford last Thursday evening. Mrs. Heflin is president of the club this year, and Miss Smithy had a paper to read on the program Thursday.

Margaret Fischer, daughter of Mr. and Mrs. Paul Fischer, had a tonsillectomy at the Haskell Hospital Friday morning. She came home Saturday morning.

Arvie Bergstrom was an usher at the wedding Saturday evening of his cousin Floyd Offill at Old Glory. Mr. and Mrs. Eric Bergstrom and Joy attended the wedding.

Mrs. Gene Burchard returned home from the Stamford Sanitarium last Friday.

Mrs. A. M. Daniels, mother of Mrs. Sammy Griffith, broke her hip when she lost her balance while visiting in the home of the Griffiths. She was taken to the Hendricks Memorial Hospital in Abilene where a pin was placed in the break to help it heal. Mrs. Daniels lives just west of Abilene in the Potosi community.

Mrs. Jewell McLennan and Tom Paul visited her parents, Mr. and Mrs. J. B. Herring of O'Brien last weekend. Her sister, Mrs. Iva McKaurie and daughters Ruth Ann and Mary Sue, Mr. and Mrs. Ed Goss and baby son Don of Oklahoma, and her brother, Gordon Herring, and family, and Mrs. Peggy Scruggs of Fort Worth were visiting in O'Brien, too.

Mrs. Barbara Neuman, the former Barbara Summers, completed her vocational nurses training at the Stamford Sanitarium School of Nursing and went to Austin to take her examination for a license, March 2.

Mr. and Mrs. Ira Coleman, Martindale, Dorothy and Phil were in Miami, Texas last week end where they visited their son and brother and family, Mr. and Mrs. Sonny Coleman. Sonny is foreman of the Payne Ranch at Miami.

Gary Seth of Abilene spent several days with his grandparents, Mr. and Mrs. Harvey Terrell.

John Carlos Montgomery, a senior student in A&M College has begun his flight training in the Army Air Corps under a contract that A&M has made with AAC to give the senior students in the Cadet Air Corps, and 27 other seniors from the Infantry a chance to receive flying instructions. After graduation in June, Carlos will continue his Air Corps training. He is the son of Mr. and Mrs. J. H. Montgomery.

Several Paint Creek families attended the annual REA meeting at Stamford last Thursday.

The annual Boy Scout Camporee was held at Scott Memorial Park Friday and Saturday with over 120 boys from Scout troops of the Northern District attending. Camps were set up Friday afternoon, and after the boys cooked their supper they had their council fire with about 75 parents and leaders attending. Each troop furnished a stunt at the fire, and songs were led by Kenneth Lafferty, District Scout Executive. Camping awards were given Troop 48 of Paint Creek

and Troop 35 of Haskell, Saturday morning after breakfast, the Scout craft competition began and Scouts competed in sack races, flint and steel, first aid, nature identification, water boiling, flag raising, string burning, compass reading, chariot races and knot tying. An Aspermont Patrol had the most points with 6900, and Patrol Creek's Wolf Patrol had 6800. Mike Overton is Patrol leader of the Wolf Patrol. Attending the council fire were the Ray Overtons, the Roy Overtons, the Arthur Montgomerys, Howard Montgomery, Carolyn Livengood, Louie Kuenstler, Mack Earles, Ira Coleman, Pat Morrison, Jas. Raughton and Mrs. Gene Overton. Scoutmaster Gene Overton and Ira Coleman camped with the boys. In the Scout Craft Explorer William Haynes was in charge of compass reading. Wallar Overton directed string burning and William Overton directed the sack races.

Mr. and Mrs. Clarence Raughton met their son Rudy in Fort Worth last week and saw the baseball game between TCU and Baylor. Mr. and Mrs. Doc Raughton went to Fort Worth with them and Clarence Raughton had a checkup at the hospital.

Mr. and Mrs. Walter Buerger and daughter Tualla were recent guests of Mrs. Buerger's parents, Mr. and Mrs. Elvie Cook of Gustine.

Mr. and Mrs. Bill Hager had as their guests last week, their son Dolly, his wife and baby from Naturita, Colo. They also had Mr. and Mrs. W. R. Hager, Jr., and children, Kathy and Sue from Wellington; Mr. and Mrs. Jack Hager, Jay and David of Lueders, and June Hager of Stamford.

Mr. and Mrs. Raymond Bounds have bought a six-room house and plan to move it to their place soon.

Mr. and Mrs. Jess Mickler went to Lubbock Saturday to see their daughter, Lorna Sue act in a play, "June and the Peacock," Saturday night. The play had been given every night all week. They stayed over and spent Sunday with Sudy.

Carolyn Cook celebrated her 17th birthday Tuesday by having Joan Marr and Clara Ann Fischer have birthday supper, and spend the night with her.

The vocational agriculture teacher, Willie Lee Medford took his judging team to Abilene Monday to the ACC Field Day. Paint Creek teams were Livestock: Dan Griffith, Dolin Hughes and William Haynes; Poultry: Howard Folsom, H. W. Wright and Gabby Edwards; Dairy: Dub Sims, Berl Medford, Don Hager, Jimmy Griffith; Grass: Roy Peckrick, Kenneth Carlton and Robert Weaver.

Wayne Perry entered the Stamford Sanitarium Monday.

Mrs. Ray Overton, Sr., and Mrs. W. A. Montgomery attended

a style show presented by the Personality Shoppe Monday evening at Haskell.

## Judge Ralph Yarborough for U. S. Senator

### VOTE APRIL 2nd

### Every Loyal Texan Should Turn Out and Vote

A VOTE FOR RALPH YARBOROUGH is a vote for Texas.  
A VOTE FOR RALPH YARBOROUGH is a vote to keep the United States Senate DEMOCRATIC.  
A VOTE FOR RALPH YARBOROUGH is a vote for rigid economy in our National Government which is so badly needed at this time.  
A VOTE FOR RALPH YARBOROUGH is a vote for the FARMER who has been so ruthlessly discriminated against. He knows the needs of the farmer, rancher and working man.  
A VOTE FOR RALPH YARBOROUGH is a vote for the Teachers and School Children of Texas. Texas are returned to Texas without any strings attached.  
A VOTE FOR RALPH YARBOROUGH is a vote for the Elderly People on Old Age Pension. He will fight for a raise commensurate to the higher cost of living. Ralph Yarborough will also fight to keep Social Security qualification as it is now. There is a fight in the East — led by Eastern Republicans and Clergymen, the small business man for qualifying for Self Employment Insurance.

A FEW EXCERPTS AND QUOTES gathered from Newspapers and Well Wishers throughout Texas:

Washington, D. C., July 18, 1956  
"Ralph Yarborough is a Democrat. He is a full time Democrat. He is not a part time Democrat and a part time Republican. He is a loyal Democrat. He has never deserted his party or broken his pledge to support its nominees. He has never while holding office as a Democrat and enjoying the honors conferred upon him by the Party, abandoned it and gone over to the enemy's camp. He has never bolted the Democratic Party."—Senator Tom Connally.

"The National Democratic platform of 1956 provided for proposals to raise income tax exemptions from \$600 to \$800 a year. That's what the Democrat tax plan was, that's the tax plan I'm for. That's the tax plan I hope all Democrats will support."—Yarborough, December, 1956

"I am in favor of a tax cut for the little man. Let human beings that breathe and have souls get some of those tax cuts."—Yarborough, January, 1957

From Ralph Yarborough's favorite prayer: "O God, our Father, help us to draw near to Thee in sincerity and truth. Strengthen our admiration for honest dealing and clean thinking, and suffer not our hatred of hypocrisy ever to diminish. Make us to choose the harder right instead of the easier can be won. Kindle our hearts in fellowship with those of a cheerful countenance, and soften our hearts with sympathy for those who sorrow and suffer. Help us to show forth in our lives our duty to Thee and to our Country." (Adapted from the Prayer of the West Point Cadet.)

Dear DEMOCRAT: Let's not be gullible, let's not be persuaded to vote against our own best interests. Multiplied thousands will be spent in the next few days to defeat Mr. Yarborough. Let's not help the BIG City Machine elect a Senator who is not sympathetic to our farmers and small business of Texas.

Pol. Adv. Paid for by Ralph Yarborough Supporters

Sincerely,  
Tom Connally

Judge Ralph Yarborough  
Austin, Texas  
Dear Judge Yarborough,  
In my opinion the Democratic Party for more than a hundred years has been and is now the Party that best serves the interests of the people.  
As a life long Texas Democrat I do not want to see the Party destroyed. I send you herewith my check for \$100 use in your campaign.

**Separate Elections Will Vie for Voter's Interest Tuesday**

Haskell voters will have the unusual opportunity of casting ballots in two separate elections, Tuesday, April 2. The "bargain voting" will be in the form of the annual city election, and in the special State-wide election to name a junior United States Senator for Texas.

Both elections are important for a number of reasons. In the city election, qualified voters will select two Aldermen to serve as members of the City Council for the ensuing two years. More than likely during that period, the City will be faced with finding a solution to the municipal water problem, in addition to the many other civic needs of a growing community.

In the election of a United States Senator, the choice made by Texas voters will have far-reaching effect, making it more impera-

tive than ever that every qualified voter register his vote in this important election.

County Democratic Party Chairman Chas. M. Conner points out that the normal trend of voting which would elect a Democratic Senator would leave the present Congress unchanged. "A reversal of the normal voting in Texas would take control of Congress out of the hands of our Democratic leaders," he pointed out, in urging a heavy turnout of voters.

**Attending Meet Of Vocational Educators**

David H. Persons, coordinator of Haskell County Vocational School, left Wednesday to attend a two day meeting of the Texas Coordinators Vocational Educational Association in Corpus Christi. He is a director in the association.

Mrs. Persons will accompany Mr. Persons on the trip and they will visit in the homes of his brothers, J. T. Persons of Corpus Christi and R. H. Persons of Austin before returning home Sunday.
