Heavy Voting Expected In Saturday's Primary

Haskell Officer And Family In Baghdad Safe

Haskell relatives of Col. and Mrs. James A. Isbell and son Jimmy received assurance this week that the Air Force officer and his family were safe, and were due to be evacuated from Baghdad.

Haskell County voters are expected to ballot at peak strength Saturday, in selecting nominees for offices ranging from precinct to State level, including seven contested local races.

Heightened political interest has become evident in the past week or 10 days as candidates went into the home stretch with active campaigns on a house-to-house basis throughout the county.

However, little local interest has been manifest in the Governor's or other State races.

The heated contest which has developed in the race for U. S. Senator between incumbent Sen. Ralph Yarborough and Wm. A. Blakley of Dallas, has aroused considerable political interest in that race.

Three of the seven local races will be settled in Saturday's primary, while in four other races the possibility of a runoff in the second primary looms.

For State Representative, 83rd District, the incumbent Ed J. Cloud, seeking re-election to a third term, has two opponents, Donnell Dickson of Seymour and Leroy Ressel of Knox County.

County Election Results Will Be Posted On Bulletin Board Saturday

Returns from the first primary election will be posted on a large bulletin board on the south side of the court house, Saturday night through cooperation of election officials and the Commissioners Court.

Plans have been made to make the returns available for posting on the bulletin board as fast as they come in. County Democratic Party Chairman Chas. M. Conner has requested all precinct election judges to bring in or telephone

the results as soon as possible after the polls close.

A public address system will be installed in connection with the bulleting board for the convenience of the large crowd.

Unofficial returns from all voting boxes in Haskell County will be listed on the board, in all races from U. S. Senator to constable.

Also, plans have been made to tabulate returns from neighboring counties in the race for State Representative and possibly other district races.

Any statewide election reports available will be announced as they are received but will not be listed on the bulletin board.

The county and district returns received here will also be made available to others towns in the county where desired, it was announced.

Rep. Cloud is a former banker, school teacher and farmer. He served as mayor of Rule for eight years and is a veteran of World War I.

Dickson is a prominent Seymour lawyer, native of West Texas, and a member of an early Baylor County family.

It Is Your Duty to Vote

Every eligible voter in Haskell County should cast a ballot in Saturday's Democratic Primary, and thereby participate in the selection of officials who will largely handle governmental affairs from precinct to State level for the ensuing two and four years.

Because of the fact that county and precinct officials are now elected for four year terms, it is more important than ever that every eligible voter should express a choice in the selection of these officials.

Haskell County voters are fortunate in having so many men and women of the highest caliber and qualifications as are listed for the offices to be filled this year. The fact that these candidates are from the ranks of our best citizens entitles them to expect an expression at the polls from every qualified voter.

An Example in Civic Progress

Proof that community progress is not at a standstill in Haskell is evident in the manner in which the current project for building a golf course is being carried out.

Within a week after the project had been initiated, financial phase of the undertaking had been underwritten, and negotiations for an ideal site for the course had been completed, lacking only the legal work involved.

Although there are many people who do not care for golfing, there are many others who enjoy the recreation and healthful benefits it provides. The fact that for several years Haskell has lacked a golf course has not necessarily been a detriment, but on the other hand the lack of facilities for the popular sport has resulted in many Haskell enthusiasts having to go to neighboring towns for this type of recreation.

The successful carrying out of the project, in addition to providing a recreational asset to the community, also provides a valuable lesson in civic progress. It proves that a group of interested civic leaders, willing to devote a little time and work, can accomplish any reasonable goal undertaken.

Five for One

(The Wichita Falls Times)

The income taxes of 19 average American workers make up the salary of one average federal non-military employe, according to the Tax Foundation, a non-profit institution interested in research with the aim of securing more efficient government at less cost to the taxpayers.

The foundation points out that altogether, the federal government pays its 2,300,000 civilian workers \$11 billion. State and municipalities employ 5,700,000 at a total outlay of \$19 billion. The active military payroll adds another \$10 billion. The total payroll for all governments comes to \$40 billion. That is exclusive of retirement pay.

Government employes thus receive about one-sixth of the entire personal income in the United States. Or, put another way, it takes five gainfully employed in private business persons to support one bureaucrat on all levels of government, from dog catcher and policeman to senator and president.

Haskell County History

20 Years Ago—July 15, 1888 W. Lee O'Daniel, Fort Worth manufacturer and candidate for Governor, will bring his campaign to Haskell County Tuesday, July 19, when he is scheduled to speak at a county-wide rally on the court house lawn at 10 a. m.

At a Court of Honor for Scout Troop 35 July 5, Roy McClintock was advanced to the rank of Eagle Scout and Jerry Cahill received merit badges in cooking, safety, public health, and first aid.

Mrs. P. J. White is in Hendricks Memorial Hospital in Abilene, where she recently had major surgery.

Henry Lancaster of Abilene, formerly engaged in the tailoring business here, was in town on business several days this week.

Guests in the home of Judge and Mrs. L. D. Ratliff during the weekend were their children, Mr. and Mrs. David Ratliff and son of Longview, and Mr. and Mrs. O. B. Ratliff of Spur who also visited her parents, Mr. and Mrs. Chas. McGregor.

Mr. and Mrs. J. M. Glass and children, Mary Elizabeth and Moreland, accompanied by Mrs. J. O. Free, went to Cedar Hills last weekend. They were accompanied home by Miss Eula Faye Glass who had been visiting in that city.

Mr. and Mrs. Frank Kimbrough and daughter from Sierra Blanca visited their mother, Mrs. W. A. Kimbrough Sunday.

Rev. and Mrs. H. R. Whitley and daughter Wilma, accompanied by C. O. Scott, visited in South Texas and Mexico last week.

Mr. and Mrs. John English arrived in Haskell Monday from Cedar Rapids, Iowa, for a visit with his father, Albert English, and sister, Miss Frances English.

40 Years Ago—July 27, 1894 Rev. S. B. Hoyt, pastor of the Presbyterian Church, has resigned his place here and will go to a church in Virginia. He plans to leave in about 10 days.

The Commissioners Court is making a test of the well in the courtyard this week, with the intention of installing their own waterworks. It is planned to use a large pump, powered with an electric motor, to furnish water for the court house and lawn.

The Haskell National Bank has had the inside of the building repainted, and all furniture and fixtures have been brightened up with a new coat of paint.

A group of 21 Haskell County men was sent to Camp Travis Tuesday, where they began military training. Sixteen of them men entrained here, while the others went from various points in Texas and Oklahoma. Included were Arthur Ruben Lee, Sam R. Spencer, Otto Frederick Moeller, Elbert Isaac Quick, Willie Gordon Johnson, Isham James Wright, Harry Henderson, Starrett Turner Dobbins, Samuel Walker Barnett, Harry Worth Buckner, Thomas Melville Speck, John Irwin Muhle, Charley Wesley Banner, John Harris Vernon, Edward Howard Lott, Claud Griffin, Leonard Young, James Virgil Everheart, Jack Newton Davis, Johnny Edward Lawrence, William Roland Bass.

J. W. Collins of Austin was here the first of the week and he informs us that his son, Bailey R. Collins, who graduated from Haskell High School in 1915, has entered the Army. He is stationed at Camp Travis.

W. I. McCarty made a trip to Weibert Tuesday. He delivered a truck load of quality ice cream and soda water to the Weibert Meat Market.

Jess Strain, son of Mr. and Mrs. W. J. Strain of this city, and who is in the Navy, notified his parents that he has been promoted to Chief Petty Officer.

50 Years Ago—July 25, 1884 George L. Grogan of Atlanta, Texas, who was returning home from a visit to his firm's lumber yard at Weibert this week, stopped for a day in Haskell. He commented on the rapid development of this section within the past few years.

The Christian Church will begin their big revival meeting Saturday night. Rev. Williams and Rev. McKissick will conduct the services.

Haskell merchants are urging improvement of the road to Throckmorton, claiming that the bad condition of the road at present is losing trade from residents of Throckmorton County.

The Haskell Dudes and Mother Hubbards played a lively game of ball at the park Wednesday evening, attended by a large crowd. The score was 1 to 8 in favor of the Mother Hubbards.

R. B. Spencer was here Friday, looking after his lumber business in Haskell.

Rev. Taylor of Seymour spent Sunday with his daughter, who is attending the summer normal at this place.

Wirt French and Fred Parish attended the old soldier's reunion in Stamford last week.

James F. Watson of Navarro County was here last week and purchased 175 acres of land near Rule.

60 Years Ago—July 23, 1894 Miss Lillie Rike has returned from a few weeks visit to relatives in Fort Worth, Galveston and other points east.

As we go to press Friday evening we are able to announce that all preparations have been completed for the biggest and best reunion ever held in Texas. Already the town is full of strangers and a steady stream is pouring in.

R. E. Northington, who has been in the employ of Mayfield & Hughes, Abilene butchers, for over six years, challenges any Texas raised butcher for a skinning contest in Haskell any day of the reunion, for \$50 or more on the side.

PEOPLE, PLACES AND THINGS

By A. PATE

With the development of the tense situation in the Middle East, members of the local Army Reserve unit were advised by friends to brush up on their knowledge of foreign languages, particularly Arabic, during the two-week annual training stint at Fort Chaffee, Ark. The group left Saturday and Sunday for camp.

Although the advice was all in fun, it illustrated the seriousness with which everyone views the international developments of the past week.

While Army Reserve members were heading for Arkansas, center reporter Joe Williams, Captain USMC, took a week's leave to visit his Marine Base in California.

Joe is hoping that the training course is not a "short cut" to some outlandish spot like Lebanon or Jordan. However, his greatest concern was over a budding romance which may flower into full bloom while

he's away. "Just my luck to miss the wedding," Joe moaned on the eve of his leaving Saturday.

Governor Faubus and many of his adherents are probably wondering if that mess in the Middle East can be cleared up in time to open the upcoming term of school in Little Rock.

The eager beaver tactics of a lawman in neighboring Munday resulted in a 20-minute or so period of embarrassment for a Haskell man Saturday night. Luckily, he was able to prove that he wasn't a bank robber, desperado, or agent of the Kremlin, and thereby missed going to jail.

A World War II veteran and holder of the Purple Heart, he'd gone to Munday for a bus due at 10:10 p. m. Coming out of a drug store where he'd had a Coke, the law nabbed him asking "You been drinking?" The eager lawman had no way of knowing, of course, but his "culprit" could probably furnish statements from virtually every person in Haskell as to his good character and the further fact that he's never been known to take a drink of intoxicating liquor.

Oh, well, probably a dull day for the lawman, and he needed to get something on the book.

Haskell will be minus half of its municipal law force for a couple of weeks, while Chief Tom Paul Barnett is at Fort Chaffee with the local Army Reserve unit. That leaves it up to Nightwatchman Richard Spinks as far as the city force goes.

However, we have an idea that Sheriff Pennington and his men, Constable Davis and members of the Highway Patrol can take care of any "overflow" business from the city.

It was one of last week's hottest days. The lady driving a sleek Cadillac with an Ohio license plate was obviously annoyed at small town traffic regulations as she stopped for the traffic light in front of the Texas Cafe.

A truck load of sheep screeched to a stop beside the Cadillac. One of the animals, excit-

ed by the quick stop, bleated "Baa" and the sound seemed to come from the truck cab. The startled woman, glancing around and noticing the grinning truck driver, retorted "Baa yourself, you" as she took off under the green light.

Clarence Burson, who with his wife and family returned last week from a trip to points on the West Coast, related that he saw something on the trip that he had never expected to see again.

Between Cameron, Ariz., and Gallup, N. M., he "got lost" from the main highway and travelled more than 200 miles through an Indian reservation.

Stopping at some of the small stores, I was surprised at their stocks, looked like something out of the past. They had wash tubs, rub boards, etc., leather horse collars and pads—in fact it reminded me of the general stores we had 50 or more years ago.

The Indians live primitively, he said, despite the fact that they were within a few hours drive of today's modern innovations of TV, automatic gadgets of all kinds, fast cars and jet planes. "Those natives seemed contented, though," Clarence said, adding "I suppose that's the most important thing."

TO THE PEOPLE PRECINCT NO. 4

I am deeply grateful for the confidence and encouragement given me in my campaign for a public office—that of Commissioner in Precinct No. 4. It has been a real pleasure to meet and talk with people in the precinct.

It has been impossible for me to visit you and I am asking you to consider personal solicitation for your vote on Saturday. If elected I promise to devote all of my efforts towards making a better commissioner.

A. L. (ARTHUR) BARNETT FOR COMMISSIONER, PRECINCT NO. 4

VOTE FOR John F. Ivy FOR COUNTY JUDGE The Only Man In the Race QUALIFIED BY EXPERIENCE

Four Reasons Why John F. Ivy Should Be Elected County Judge of Haskell County

- 1. He has proven himself to be qualified by serving successfully four years as County Judge of Haskell County. 2. He has never voted for anyone except the Democratic Party. He has never voted for any man for president who was not a Democrat. 3. If elected to office John F. Ivy will go into office with no other interest except the duties and responsibilities of the office. 4. John F. Ivy is the only man in Haskell County who has ever been drawn from a race for office in favor of a disabled veteran.

The records show that Judge Ivy was efficient in handling Probate matters, and his influence over juveniles who had violated the law was outstanding. Many boys who were brought before him for minor violations after being in conference with Judge Ivy have gone on to become successful business men and professional men. Why experiment in the election of someone for as important an office as County Judge when we have a candidate in the person of John F. Ivy who has had four years of experience and training in the office? He proved himself to be qualified?

(Pol. adv. paid for by friends and supporters of John F. Ivy)

CARRIE MCANULTY For DISTRICT CLERK

To The Voters of Haskell County:

In presenting my candidacy for District Clerk of Haskell County, I wish to thank everyone for the many courtesies shown me and the encouragement given during the campaign.

Since it will not be possible for me to see each voter personally as I had hoped to do, I take this opportunity to solicit your vote and influence in the July 26 primary.

I am asking for the office because I need the employment, since circumstances make it necessary for me to earn my way.

In asking for the office of District Clerk, it is my sincere belief that I am fully qualified by experience and training to make you an efficient and dependable officer.

Federal Tax Men Recover Millions In Added Revenue

Federal tax enforcement efforts in the Dallas District, covering the north half of Tex-

as, have resulted in the recovery of \$70,430,993 in additional revenue during the fiscal year just ended, July 1, 1957, through June 30, 1958.

C. B. Dixon, administrative officer at Wichita Falls said that sum exceeds by \$10,660,434, or approximately 18 per cent, the amount the Internal Revenue Service recovered through its audit and collection activities during the previous fiscal year.

Of the total sum, \$39,658,656 was accounted for by the regular auditing of tax returns, \$3,101,520 came from pre-refund auditing, and \$28,272,817 resulted from the collection of delinquent accounts and securing of delinquent returns.

Most of the recovered taxes, Dixon said, resulted from the collection of honest errors made by taxpayers, brought to light through IRS auditing procedures. These same examinations, he said, also showed returns which contained different interpretations of Federal tax regulations.

A small portion resulted from the work of IRS special agents' investigations of cases in which fraud was present.

Texans like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves. William A. Blakley is such a man. Of his race for U. S. Senate, the Fort Arthur News says: "He entered this race by his own decision. He is beholden to nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest..."

A vote for Bill Blakley on July 26 is a vote for returning to Washington a man who will truly represent Texas.

Involved this year. It thus becomes apparent that only during winter, when winters will be any appreciable number of these plants, that West Texas had a severe winter and that temperatures were not so low as they were some years ago. It is time to start to initiate new growth this spring.

There appears to be some concern as to the proper procedure for establishing these plants. Since they will not constitute a major weed problem the use of normal cultivation practices will control and kill the plants.

Information On Sorghum Alum As Area Crop

BY F. W. MARTIN

Several people have asked me about sorghum alum turning to Johnson grass and if it would be hard to kill out. The following information will give you an idea of how easily sorghum alum will be killed.

Johnson grass is a native of Southern Asia and was introduced from Turkey into South Carolina about 1830. It derives its common name from Col. William Johnson who grew it extensively in Alabama about 1840. Johnson grass is a perennial plant belonging to the sorghum family and as a result will cross pollinate with all our present sorghums grown in this state. Since it does not carry the same chromosome number as our cultivated sorghums the per cent of crossing is very small. In attempting to make the crosses by hand methods, hundreds of plants must be pollinated in order to accumulate a small quantity of seed.

Dr. Karper, Agronomist Emeritus, Lubbock Station, indicated that for twenty years Johnson grass-sorghum crosses were selected from farmers fields with the purpose of developing a perennial type of sorghum but that all the plants usually died during the winter. Those that lived over the winter, failed to survive the second year.

Johnson grass-sorghum hybrids have always been present, however, with the advent of sorghum hybrids a higher per cent are now present. This is easy to see if one realizes that in sorghum hybrid seed production the female plant does not shed any pollen and in order for this plant to produce seed, pollen must be supplied from another source, which is the male plant. Since the stigmas are exposed and will accept pollen from any source, there is a chance for a higher per cent of Johnson grass pollen pollinating the female plant.

The Johnson grass-sorghum hybrids resemble Johnson grass in growing habit. The leaves are generally larger, the rhizomes are present, but grow horizontal to the ground at a depth of four to seven inches. These rhizomes do not penetrate the soil as deeply as Johnson grass. In most cases the Johnson grass hybrids will not produce viable seed.

Climatic conditions apparently determine the survivability of the hybrids. In 1956 many demonstrations were planted with seed containing a large number of these Johnson grass hybrids, but no reports were received regarding their over-wintering. The winter of 1956-57 was very dry. In South Texas no reports were received that Johnson grass hybrids

BIG BOLD DRAMA OF LOVE AND CONFLICT

we have had the free use of much of this shore line. Today, however, fences are being built to shut off free access. We are industrializing our coast line. Also we are selling it off in city-size lots with no plan for any future access via highway or permanent park facilities. Padre Island, for instance, is the last undeveloped hard sand beach left on the U. S. coast. It is unsurpassed in its rugged beauty. It is under private ownership today, and is being sold off in lot-size parcels. Present large tract owners have agreed to deed to the State of Texas rights-of-way for a permanent highway the complete length of the island, and sufficient acreage for public parks. There has been no taker for this proposition. Yet the way Texas is growing and the manner in which our recreational needs are increasing, 10 years from now we'll pay fabulous prices for land on which to build a highway, and still won't have the public park areas we should have. While we have all this at our finger tips Florida is spending millions building new islands in the Keys. They are dragging up sand and shell and hauling in top soil to make what we already have. Florida spends more on building one bridge than it would cost Texas to build this 120-mile highway. And as an accommodation to fishermen Florida has built catwalks along its bridges, where fishermen flock by the hundreds. Floridians are not offered the free parks we could have in Texas.

There is equal grandeur all over Texas. In west Texas we have the Big Bend National Park, with a canyon that is different but equal in splendor to the Grand Canyon. The same is true of Victoria Canyon in Hudspeth County. Visitors will pay from \$10 to \$25 to ride a jackass to the bottom of Grand Canyon. Few even bother to stop at ours. Reason: They are not adequately advertised.

Then there is Palo Duro Canyon in the Panhandle. It boasts very few visitors, yet it is one of the most interesting spots in the United States. We have a fine system of lakes in Texas where fishing and boating are unexcelled. Permanent access facilities have been almost completely overlooked in our lake development projects.

We are letting some of our hallowed ground grow up in weeds and some of our historic buildings go to waste. Take for instance old Fort Davis. There a few women are attempting to hold together and maintain the ruins of one of the most historic spots in Texas, without the assistance of any state group.

We are spending millions to

erect marble-front buildings in Austin. Now, let's spend a little to help beautify our state and provide more enjoyment for our people and our visitors.

To the People of Haskell County

With the First Primary election only a few days away, I desire to extend this final reminder to you that I need and will appreciate your vote and influence in my race for County Judge.

I fully realize the duties and important responsibilities of the County Judge's office and if elected I will use all of my abilities to carry out these duties in a manner that will merit both your confidence and your approval.

I have tried to see as many voters in the county as possible, however it has been impossible for me to see everyone. It has been a pleasure to meet and discuss my campaign with you, and I appreciate the encouragement given me by people in all parts of the county.

To those of you that I may not be able to see, please consider this a sincere and personal appeal for your vote in Saturday's election.

33 Happy Years in Haskell

If You Don't Know Me, Ask Your Neighbor
If You Know Me, Tell Your Neighbor

It has been good days campaigning for County Judge. The encouragement from neighbors and friends here and yon, even those who have been frank to tell us that they were voting for our opponents—for cause—all serve to make friendships a little closer and life a little dearer each day.

After having lived among you for more than thirty years it is perhaps the greatest folly to think that any word from us today could alter your opinion or influence your vote.

Several have asked us why we seek the Office of County Judge. We covet this office because we believe it will afford a greater opportunity to serve those who have been so generous to us throughout our time in Haskell.

In the fewest of words: We seek a greater happiness for ourselves.

In this, we remain constantly mindful that, "God is not mocked" and that our only source of increasing our happiness is through an avenue of greater usefulness to you, our people.

If elected we will serve you in gladness.
If rejected we will be found at the same old corner, answering

every community call, "Here am I send me."

NEWS OF INTEREST TO WOMEN

Miss Nelia King And Don Smith To Repeat Vows

Mr. and Mrs. E. J. King of Petersburg, Texas, are announcing the engagement and approaching marriage of their daughter, Nelia, to Don Smith, son of Mr. and Mrs. H. W. Smith of Weirport.

The wedding is scheduled at 7:30 p. m. Saturday, August 30, at the Becton Methodist Church in Petersburg.

The prospective bridegroom will graduate August 23 from Texas Tech, majoring in Agronomy. In September he will begin work toward his Ph. D. at the University of Wisconsin, Madison, Wisconsin. Dan is a 1954 graduate of Mattson High School.

Miss King graduated in June from Texas Tech with a major in Home Economics. She is a 1954 graduate of Idalou High School.

News from Rule

BY MRS. FAYE DUNNAM

Rule Man Killed

Melvin L. Woolridge, 43, was killed about 10:30 p. m. Thursday while working on an oil rig near Aspermont when a drill bit slipped and fell on his head.

Mr. Woolridge was born in Stonewall County in 1915 and had lived in or near Rule all his life and had worked for the Acme Well Servicing Co. in Rule for three and a half years.

Funeral services were held at 4:30 p. m. Saturday at the Sweet Home Baptist Church with the pastor, Rev. R. N. Tucker officiating.

Burial was in the Rule Cemetery under direction of Pinkard Funeral Home.

Survivors include his wife, Viola, of Rule; two daughters, Mrs. James Holcomb of Rule and Patricia Woolridge of the home; three sons, Marvin, Leonard and Mike, all of the home; his mother, Mrs. Lula Woolridge of Oil Glory; five brothers, Elmo, Clyde, Raymond, Gene and Don; two sisters, Mrs. Wilma White and Mrs. Eva Henslee.

Hodges Rites

Fred C. Hodges, 65, long-time superintendent of the Rule-Jayton Cottonoil Co. in Rule, died unexpectedly Thursday morning at his home after suffering a heart attack.

Mr. Hodges was born at Comanche Nov. 24, 1892, and he farmed there for two years before moving to Rule in 1916. He had been a member of the Baptist Church since 17 years of age, and belonged to the WOW. He had been with the Rule-Jayton Cottonoil Co. for 40 years.

His wife, the former Ann Sweatman, whom he married April 12, 1914, survives him.

Funeral services were held at 3 p. m. Friday at the First Baptist Church with the Rev. Rodney Dowdy officiating, assisted by Travis Boyd, minister of the Rule Church of Christ. Music was furnished by the Men's Quartet, and Mrs. Gene Overton, with Mrs. Ed Cloud at the organ. Burial was in the Rule Cemetery under direction of Pinkard Funeral Home.

Other survivors are two sons, Lionel of Albuquerque, Jake of Roswell, N. M.; a daughter, Mrs. Othene Jackson of 2150 N. 18th St., Abilene; one sister, Mrs. Letha Dockery of Dallas; and five grandchildren.

Pallbearers were Roland Kelley, Dan Herttenberger, Cameron Sprayberry, Lonnie Corzine, Donney Williams and Gordon Bradley.

Charlie M. Eaton Honored Miss Charlie Merle Eaton, bride-elect of Frank Martin Jr., of Mart, Texas, was honored with a miscellaneous gift shower on Saturday night, July 19, at the Philadelphian Club House from 7:30 until 9.

The club house was decorated in white and silver, with white gladiolas and huge wedding bells featured. Miniature wedding scenes were used on tables and the piano.

Mrs. Morris Neal and Mrs. T. E. Simpson greeted guests at the door. Those in the receiving line were Mrs. A. R. Eaton, mother of Miss Eaton; Mrs. Frank Martin Sr., of Mart; Miss Eaton, Miss Maurine Scott of Cleburne; Mr. Martins aunt; and Mrs. G. F. Eaton, Miss Eaton's grandmother.

Gifts were shown by Mrs. Paul Mercer, Mrs. Arthur Williams, Mrs. Bob Turner, Mrs. R. O. Henry, and Mrs. O. G. Lewis.

Mrs. Bill Yarborough registered guests. The refreshment table was laid in a white linen embroidered cloth with a centerpiece of white gladiolas. Mrs. R. E. McCandless and Mrs. Lynn Martin served guests.

The hostesses presented Miss Eaton with an electric frying pan. A large number of guests called during the evening.

Josephine Tarbet Honored Miss Josephine Tarbet was honored for 17 years of Avon

service with a picnic at the Haskell Park last Thursday. Mrs. Vera Hendrix, Avon district manager, from Wichita Falls, and several representatives were present for the picnic and for the business meeting that followed in the dining room of the Texas Cafe.

Representatives present besides the honoree and Mrs. Hendrix were Mrs. C. C. Hutchison and Mrs. Clyde Waker of Knox City, Mrs. Roy D. McCauley of Bomarton, Mrs. Reatha Mullins and Mrs. Selma Follstaedt of Haskell.

New Water System Now in Use Rule now has in use a complete new water system with four wells and two storage tanks, a 55,000 gallon overhead and a new 500,000 gallon ground storage.

The water is automatically chlorinated as it leaves the wells for storage. The overhead storage tank automatically is kept full through the use of level gunges and can be cut off from the ground storage tank in case of fire.

Doss Fuller is the Water Superintendent.

LOCALS

Doss Fuller, Rule water superintendent, underwent surgery at Hendricks Memorial Hospital in Abilene Wednesday for the removal of his right eye. He is home and doing nicely.

Mrs. J. N. Boykin, Keith Whitaker, and Mrs. Boykin's sister, Mrs. D. B. Pitts of Wichita Falls, visited in Denver, Colo., and Kansas the first of the week. They left Keith in Colorado for a visit.

Mrs. Gene Wood, Gary and Gail, of Munday visited in Rule part of the week.

Mr. and Mrs. C. W. Dunnam attended the Hardin-Simmons Fellowship Dinner at Roddy's Cafe Monday night.

Mr. and Mrs. Aubrey Fouts, Lynell Fouts, and Mr. and Mrs. Jan Fouts of Austin, left Saturday for Vancouver Island in British Columbia, where they will attend the wedding of Ed Tilden Fouts and Barbara Holgate on July 26.

Haskell Teacher Completes Special Studies at SFA

Nacogdoches, Texas—Hubert Bell, principal of Haskell Junior High School, has recently completed an intensive course of advanced mathematics and science instruction provided by S. F. Austin State College under a federal government grant. Mr. Bell was one of 50

persons selected from hundreds of applicants for training June 5-July 15 at the summer mathematics and science institute at SFA. He received a grant sufficient to defray the costs of room, board, tuition and travel expenses.

The \$50,000 grant by the National Science Foundation to SFA was the second in as many years.

Dr. Harold Abbott, head of the SFA chemistry department, served as director of the institute, which was designed to give high school and college mathematics and science teachers instruction in the latest educational developments. Prominent teachers from throughout the nation served as visiting lecturers.

The first few days of the institute were devoted to a study of general mathematics and scientific concepts. The remainder of the time was devoted to concentrated study in one of the fields of biology, chemistry, mathematics, and physics.

Mr. Bell concentrated on chemistry.

LYNDON B. JOHNSON U. S. Senator

American forces were sent to Lebanon for one reason and one reason only—to preserve the independence of a strife-torn nation.

The armed forces of the United States have been committed. At the present time, no one can foresee the future clearly.

Free men are capable of attaining the highest form of unity and of meeting any test, no matter how severe.

World trade is a potent weapon in the cold war between free nations and the communist areas.

Many jobs in Texas depend directly and indirectly on the buying and selling of goods between the United States and other nations.

The one purpose of the Reciprocal Trade Agreements Program is to increase the flow of commerce between the U. S. and other nations.

The trade program works. The United States is now selling some twenty billion dollars worth of goods annually to the rest of the world.

Removing Stains From Special Finish Fabrics

College Station—Special finishes now being used on many cottons, linens, and rayons give wrinkle-resistance, extra sheen and body to these fabrics.

Problem now is, how to remove stains from fabrics that have these special finishes.

Best rule to follow, according to the USDA Agricultural Research Service, is to look for directions regarding use of bleaches on the garment.

Some stains cannot be removed without bleaching. In such cases use sodium perborate or a powdered bleach that contains it.

This reminder from the clothing specialists. Always check garments for stains before laundering, and remove. Otherwise hot water may set the stains.

Tooleys Attend State Meeting of Letter Carriers

Mr. and Mrs. O. W. Tooley have returned from a weeks visit to San Antonio where they, as delegates, attended the State Convention of Rural Letter Carriers and Rural Letter Carriers Auxiliary.

They reported a very interesting and entertaining convention. Outstanding speakers on the convention floor were Charles R. Larson, vice president, N.R.L.C.A.; Marshall Formby, Chairman Texas Highway Commission, and Debs B. Hensley, employment and placement officer of the Dallas regional office of the Postoffice Department.

On Monday morning Mr. Larson spoke to the convention on the Strength and Value of Organization from the local level to the national level.

Tuesday morning Marshall Formby addressed the convention and reminded his listeners of his address last year at the Tyler convention, when he discussed the Highway Department from its beginning to its present.

Tuesday afternoon, Mr. Hensley's subject was "Safety."

Monday afternoon they toured the city in sight-seeing buses. A few of the places visited were: the Alamo and other mission buildings, Fort Sam Houston, Brooke Medical Center, Brackenridge Park, the Sunken Gardens and other places of interest.

After the convention Mr. and Mrs. Tooley visited friends and relatives and their grandson, Mark Bassett, who came home with them for several days visit.

New Booklet Explains Vet's Land Program

AUSTIN—A new information booklet about the Texas Veterans' Land Program has been printed and is now being distributed, Land Commissioner Bill Allcorn says.

"Veterans, attorneys, and others interested in the program will find the new booklet of especial interest and help," Allcorn believes.

The pamphlet was published to meet an increasing demand for information about the stepped-up Veterans' Land program, the land commissioner notes.

"In re-writing this material, we have included changes in the program since the last booklet appeared late in 1955. Our new pamphlet has been written so that it is easily read," Allcorn explains.

The booklet is divided into two parts. One outlines procedures and information and the other is the Veterans' Land Act.

The booklet may be obtained without cost by writing to Allcorn at the General Land Office, Austin 14.

At Encampment HD Club Women In Lueders

Approximately thirty home demonstration women are attending the annual Haskell, Jones and Fisher Counties encampment at the Baptist camp at Lueders, Thursday and Friday, July 23-24.

The women are enjoying a well planned program in crafts, recreation, and just plain gossip and relaxation.

Crafts will be to select your own plan. Mrs. Harry Holt of Abilene will have a wide variety in crafts, needlework and painting from which to choose.

Haskell County, under the local recreation chairman, Mrs. Martin Rueffer, will have some songs and games to enliven the group.

Mrs. C. H. White, Haskell Council chairman and Mrs. Marvin Walters, THDA chairman, will be among those attending.

The agents from the three counties, Mrs. Mary Y. Newberry, Jones; Alice Kemp, Fisher; and Barbara McAnelly, Haskell; will watch the women take over the reins of leadership.

Annuals are plants which germinate, grow, reproduce and die within a single season.

4-H Club Girls Plan Clothing Workshops

Barbara McAnelly, County Home Demonstration Agent has announced that the Haskell County 4-H girls will begin their clothing work shop on Monday, July 28.

After selecting a suitable pattern the girls will visit the local stores for a preview of fall fabrics.

The second meeting on Wednesday will be divided. The seniors, 14 and older will meet at 2 p. m. and the juniors, 12 and 13 at 9 a. m.

Any girl desiring more information on these work shops should contact the Home Demonstration Agent.

Re-Elect Senator Yarborough UNITED STATES SENATOR For the Traditional Second Term THE TIME HAS COME FOR PLAIN TALK

Senator Yarborough's opponent has gone beyond the bounds of dignity and ethics to vilify him in his effort to BUY the Senate Seat. At no time in Texas History has there been such falsifying and MUD SLINGING as has been done by this man and his forces.

Senator Yarborough pitched his campaign on a high, dignified, statesman-like plane. His opponent pitched his campaign on false advertising, false slurs and insinuations. Senator Yarborough was forced to come to Texas to answer some of these accusations.

Senator Yarborough is now in Washington attending to our business. If the good Democrats of Texas place any value on honor, integrity, on fair play, we will resent the tactics being used by his opponent, and send Senator Yarborough back to the Senate, a place he has filled with credit to himself and our State.

Blakley owned Insurance Companies are being investigated at this time for false advertising. He and his lawyers were successful in having the investigations continued until the SUPREME COURT ruled on a companion case. YOUNG DEMOCRATS OF TEXAS are threatening prosecution for falsifying their support for him.

Now's Good Time To Check Up On Social Security

Workers and self-employed people are encouraged to check their social security accounts at least once every three years according to R. R. Tuley, Jr., district manager at Abilene.

This may be done easily with a pre-printed and addressed postal card furnished free of charge by all social security offices. Just insert your name, social security number, date of birth and mailing address before signing, stamping, and mailing the card to the central accounting office in Baltimore, Maryland.

Tuley pointed out that each person should make sure his account is correct because the amount of future benefits to him or his survivors is based on the wages of self-employment income posted to his social security account. If an error or an employer's failure to report wages is discovered within three years, quick corrective action can be taken. After three years it is more difficult and sometimes impossible to correct an account because of the statute of limitations and other factors.

The Social Security Administration maintains approximately 125 million separate individual accounts and has an index of nearly 5 million employers. Most of the huge job of posting all accounts is done by advanced automation techniques. The posting of these accounts are almost fool-proof, Tuley stated, but sometimes an employer fails to report some wages or reports them under an incorrect social security number. Also, self-employed people occasionally report their income under an incorrect number or even without a number. Any of these might cause an error in an account.

Since so much depends on your account being correct, you should keep a record of your income each year and check your account regularly to make sure it is correct. The handy card for doing this may be secured by writing the Social Security office, Abilene, Texas.

price of \$2.37 per bushel to determine the minimum price in April 1957.

No change is indicated in the 75 percent level of support announced in April 1957. At a support level of 75 per cent of parity, the July 1958 parity price calls for a 1958-crop national average support at 4c per bushel—higher than the minimum support of \$1.78 per bushel as announced last year.

This level is determined in a variable range from 75 to 90 per cent of parity on the basis of wheat supply relationships. The total supply of wheat available for the 1958-59 marketing year is now estimated to be 187.9 per cent of the normal supply. The available total supply is considerably above the earlier estimates when the total supply was estimated to be 141.8 per cent of the normal supply. Under the law's formula, a wheat supply percentage above 130 per cent calls for the minimum 75 per cent level of support.

Calves, Stockers In Good Demand At Fort Worth

BY TED GOULDY

Fort Worth—Opening trade Monday uncovered strong demand for all kinds of calves at Fort Worth. Slaughter and stocker calves were strong, with spots 25 to 50 cents above sales at the close of the previous week. Fifteen thousand fewer cattle appeared at 12 major markets than a week ago.

The strong calf market developed despite some pessimistic reports from northern points, and prevailing prices at cornbelt terminals on similar kinds.

Slaughter cattle were near steady. Fed steers and yearlings were weak, cows were slow but generally steady with previous week's close. Bulls were full steady.

Good and choice slaughter steers and yearlings cashed at \$24 to \$27 and common and medium offerings sold from \$15 to \$24. Fat cows cleared at \$17 to \$20.50 and a few heiferish kinds sold above that range. Canners and cutters drew \$12 to \$17.50. Bulls brought \$18 to \$22.50.

Good and choice slaughter calves cashed at \$24.50 to \$28 and common and medium offerings sold from \$18 to \$24. Culls cashed at \$14 to \$18.

Good and choice stocker steer calves sold mostly from \$28 to \$33, and heifer calves sold mostly from \$30 downward. About three loads of cows and calves sold with the cows at \$20 and the calves at \$34. Stocker steer yearlings ranged from \$22 to \$27, some lightweights above that range. Fleshy feeders sold from \$25.50 down.

Hogs were 25 to 50 cents higher at Fort Worth Monday and choice hogs scored \$23 and \$23.25. Medium to good butchers sold from \$21 to \$22.50. Sows ranged from \$19 to \$21.

Twelve markets showed 11,000 less hogs than a week earlier. Dressed pork trade firmed.

Sagerton News

BY MRS. DELBERT LEFEVRE

Mr. and Mrs. Gerald Lambert of Lubbock spent last weekend here with Mr. and Mrs. G. A. Lambert. They also enjoyed an outing at Lake Stamford.

Mr. and Mrs. M. Y. Benton, accompanied by Mrs. John Clark, went to Big Spring Wednesday of last week to take their granddaughters, Carolyn and Sharon Cook home. Mrs. Clark was met in Big Spring by her daughter, Mrs. Leslie Cobb and sons, and she went on to Midland with them.

Mrs. Leslie Cobb and sons, Johnny and Randy of Midland, were here last weekend. They brought Mrs. John Clark home.

Mr. and Mrs. Grady Laughlin and son Melvin, of Fort Worth are here visiting with Mr. and Mrs. Fred Spitzer, Henry Laughlin and Mrs. Henry Laughlin in Haskell. Mrs. Henry Laughlin has been ill with a kidney infection. The Grady Laughlins had to return to their home Wednesday so Melvin could play in the Little League All Star game there.

Cliff LeFevre was a patient at the Haskell Hospital Thursday of last week.

The Old Glory-Sagerton Indians played their last game of the season last Friday night and they came out winning

five games and losing nine. This record is good considering that the boys had never played a game of Little League ball before this season, whereas the other teams had been playing for several years. We hope to have a really good team next year.

The boys playing on the team from Old Glory were Kenneth Spitzer, Larry Ashorn, Marvin Vahlenkamp, Jerry Hahn, and Charles Diers; from Sagerton were Steve Clark, Wendel Gomez, Manuel Elias, Larry LeFevre, Roy Bell, Harold Lee Brethauer, Terry Sellers, Tommy Nierdieck and Buddy Mueller. Of this group Harold Lee Brethauer and Larry Ashorn were selected to play on the All Star Team. Harold plays third base and Larry is a catcher.

The Little League players and their families enjoyed a picnic at the park in Jayton before the game Thursday night of last week. After the game on Friday night, Mrs. M. Y. Benton treated the boys to refreshments.

Mr. and Mrs. F. A. Ulmer and Jana Ulmer left Sunday for a trip to Houston, Orange and New Orleans and other

points of interest.

Linda LeFevre entertained with a slumber party and weiner roast Friday night, July 18, on her birthday. Those present were Melodie Ann Quade, Linda Stremmel, Joy Nierdieck, Darlene Teichelman.

Jana Ulmer and guests in the Haskell Hotel Sunday night were Mrs. Emi Kauer, Mrs. Kay Kauer, Mrs. Kainer Sr., and Mrs. Stremmel.

Wheat Support Price Raised

College Station—The U. S. Department of Agriculture has announced that because of an increase in wheat parity price, the national average support price to producers for 1958-crop wheat will be \$1.82 per bushel—an increase of 4c per bushel above the "advance" minimum price for this year's crop announced in April 1957.

The 1958-crop average support of \$1.82 per bushel compares to a national average support of \$2 per bushel for the 1957 crop.

When the minimum price was set in accordance with "favored pricing" provisions of law, USDA announced that the support price would be redetermined as of July 1, 1958, the beginning of the 1958-crop wheat marketing year, on the basis of the current wheat parity price and the percent level of support as indicated by the relationship of the total supply of wheat available to a determined normal supply for the marketing year.

The July 1958 wheat parity price of \$2.43 per bushel is higher than the estimated pa-

Local Jehovah's Witnesses Will Go To New York Meet

About 10 Jehovah's Witnesses from the Stamford congregation will attend an international convention in New York City July 27 through August 3.

J. M. Winn, presiding minister of the local congregation, said that it has been necessary to cancel all local meetings from July 27 to Aug. 3, but a limited program of meetings will be held in the Kingdom Hall in the 500 block on South Swenson, Stamford. Mrs. Johnnie Prince, an assistant minister, will be in charge of the local group during the convention.

Most of those from the Stamford congregation attending the international convention will stay in private homes in New York City and nearby areas, Minister Winn said.

A Last Appeal To The Voters Of Haskell County Before July Primary

I have endeavored to see each voter personally but that was not possible. I went to many homes where no one was at home. And no doubt I missed some homes, however I tried to go to every home in Haskell County.

I am asking for the office of County Judge fully aware of the duties, obligations, and responsibilities attached thereto, but feeling confident that I am qualified and capable of assuming the duties and responsibilities of the office.

The duties of the County Judge are varied. He sits as trial judge in all criminal and civil cases coming under the jurisdiction of the County Court. He is also Chairman of the Commissioners Court and the County Hospital Board. However as Chairman he can only counsel with the Commissioners in regard to expenditure of County funds, but has no vote except in case of a tie vote. The same is true in regard to the Hospital Board.

A duty which requires much of a County Judge's time is Probate matters. The Judge is responsible for seeing that all estates are handled fairly, and that all heirs get their just heritage. It is the duty of the County Judge to see that all executors, administrators, and guardians handle all business of the estate under their charge in an honest, fair, and legal manner.

One of the most important duties of a County Judge is the responsibility of his office in concurrence with the District Judge to deal with all juvenile cases, and do his best to help the juveniles in question to see the error of their way, and to help them to change their attitudes and ways to a higher level in harmony with the law and with the best society.

owner of a farm implement and tractor agency, and more recently operator of a dry cleaning establishment here.
Brock, prominent farmer and landowner, is a former chairman of the county agricultural committee of the USDA. He is a World War I veteran.
County Clerk Horace Oneal, who has served in that capacity since 1946, is opposed for reelection by A. M. Turner of

Haskell.

Turner was associated with the Farmers & Merchants State Bank until it was purchased by the Haskell National Bank in 1947. He later engaged in the implement and tractor business and is now a farm operator.

C. L. (Pat) Lewis, seeking a second term as county treasurer, is opposed by Mrs. Harry (Artie) Bradley, Haskell business woman and former telephone company employe.

Seeking the office of district clerk are two newcomers in

HELP
ELECT

BILL BLAKLEY

LAWYER • RANCHER • BUSINESSMAN

The only candidate with first-hand experience and knowledge of the problems faced by Texas farmers and ranchers... a sincere friend to the farmer and the working man.

BILL BLAKLEY HAS A PRACTICAL PROGRAM... NOT EMPTY POLITICAL PROMISES. HE SAYS:

RURAL ELECTRIFICATION: "The Rural Electric Cooperatives have performed one of the greatest of all services to the rural people of Texas. This work must continue, and Congress must see that the REA Co-ops get all the electric power they need at low enough rates to supply the needs of the Farm and Ranch people of Texas."

FARM PRICE SUPPORTS: "I grew up on a farm and made a living as a cow hand before the day of 'windshield farmers.' Many times before and throughout this campaign I have said that farmers should have the right to make a living without government controls. But, until a way can be found to do it, the farmer must receive subsidies that will give him a return on his labor and investment that equals the rest of our American economy. This is now accomplished best with PRICE SUPPORTS, and they must continue until the government can set up a system that will enable farmers to finance production and marketing facilities of their own, controlled solely by them, making it possible for them to produce and market their products under the same business principles as other producers."

WATER and SOIL: "For over 40 years the soil and its problems have been a part of me, and I have been a part of the farm and ranch life of Texas. Soil and Water conservation in Texas are as vital to our economy and our way of life as the air we breathe. We have done much, but we must do tenfold more. And when we do it, let's do it in such a way that a man can build a tank or lake on his farm or ranch without a government permit, and be able to use the water without some bureaucrat telling him he has no right to it."

FINANCING and INTEREST RATES: "Few farmers and ranchers in Texas can borrow enough money at low enough interest rates and satisfactory terms to enable them to develop their farms and ranches so they can operate efficiently and profitably. Money at low interest rates is as vital to the farmers and ranchers as it is to any businessman or manufacturer. As your Senator, I will support the creation by Congress of a lending agency which would be in addition to the Federal Land Bank, the Intermediate Credit Bank, and other lending institutions. This agency would insure that any responsible farmer or rancher would be able to borrow the money he needs at reasonable rates."

Pfc. Don Mullins With Paratroopers At Ft. Campbell

Pfc. Frank Don Mullins of Haskell is now stationed at Fort Campbell, Kentucky, with the 27th Infantry Paratroop Division.

Mullins received his basic training and eight weeks advanced paratroop training at Fort Carson, Colo., before going to Fort Campbell.

He is in a Heavy Weapon Platoon, in which he will be a Jeep Driver for a 106 Recoilless Rifle; also a Communications man. He expects to be stationed there about two and one-half years.

Mullins is a Haskell High School graduate, finishing with the Class of 1956. He attended John Tarleton College in Stephenville one and one-half years before volunteering for Army Service. He is the son of Mr. and Mrs. Besie Melton of Haskell.

His wife, the former Wynette Sherman, will finish her high school education July 26 at Midland, Texas. Then she will join her husband at Ft. Campbell Aug. 1. She is the daughter of Mr. and Mrs. Alvin Sherman of Haskell.

Fletcher West of San Angelo is here for a visit with relatives and friends, and to be at the bedside of his daughter, Mrs. Jerry Harrell, a surgery patient in the Haskell Hospital. Mr. West, former prominent Haskell farmer, has been living in San Angelo for several years.

Visitors in the home of Mr. and Mrs. H. G. Scott last week were Mr. and Mrs. Ruth Nichols and family of Lancaster, Texas, Mrs. Rosa Johnson of Truscott, Ariz., Mr. and Mrs. Carl Scott and Mr. and Mrs. Carroll Scott and families of Abilene.

Dr. J. G. Rutherford, retired dentist of Stamford, and early-day court reporter for the 39th Judicial District, was a visitor in Haskell Wednesday. Dr. Rutherford has been a resident of this section since 1902, and recalls many important court trials held in the 39th district.

Francis Blake

Candidate for

COMMISSIONER PRECINCT

SECOND TERM

Makes Final Statement

I have made an effort to see as many voters in my precinct as possible and to talk to you personally in order to get your views and let you know mine. I have failed to see you please consider this a personal solicitation of your vote and influence.

Also I want to express my sincere appreciation to the people of Prec. 4 and Haskell County for your fine cooperation since I became Commissioner. Your cooperation and willingness to help and discuss the precinct's problems freely with me has helped me better serve you. For this I am grateful.

I have learned a great deal about the needs of the precinct and the problems of the people from my first term experience and feel that this better qualifies me to serve you a second term.

I have tried at all times to determine the needs of the people, studied carefully each problem, then have been frank and honest with you about them. I stood on every issue. Certainly we can not all do all the time, but I have at all times tried to discharge the duties of the office to the best of my knowledge and ability and to keep you informed of my actions.

If you will make a thorough check of the precinct's finances I believe you will be pleased with what you find. By April, 1959, all machinery will be cleared and all equipment will be fully paid for. Please give my candidacy your consideration.

Sincerely yours,

FRANCIS BLAKE
