### Out on a (very green) limb: "This may be the prettiest spring I've ever seen in Coke County."

by Hal Spain, Publisher

How can anyone who spent the past weekend in Coke County not think this ranks right up there with one of the best springs ever? I know that's a pretty bold statement. And, to be honest, I have nothing official to back me up. And I know we've had some years that we had a lot of rainfall. Someone mentioned to me 2004, and of course, I can't remember what went on then. I do remember the year 1989, when we had parts of the county receive up to sixty inches of rainfall. The older I get, the more I suffer from Old Timers; so don't be too hard on me if you disagree. One thing you have to agree with is that this is

**Emergency farm loan applications being accepted**

ble for loans to cover part of actual production and physical losses resulting from each of the disaster designations.

Justin B. Holland, Frm Loan Manager, said farmers may be eligible for loans of up to 100% of their actual losses or the operating loan needed to continue the agricultural business, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 3.75 percent.

As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FSA emergency loan. Farmers participating in the Federal Crop Insurance program will have to consider proceeds from those programs in determining their loss.

Applications for loans under this emergency designation will be accepted until December 13, 2010 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing, with possible delays into the new farming season.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who meet U.S. citizenship requirements and to farming partnerships, corporations or cooperatives in which U.S. citizenship requirements are met by individuals holding a majority interest.

The FSA office in

Sweetwater is open from 7:30 to 5:00, Monday through Friday.

**HSUS 'no friend of animal producers'**

Ranchers in Coke County are having a real beef with the Humane Society of the United States (HSUS).

"Let me make it perfectly clear that our local and county animal shelters are not in any way affiliated with HSUS," said Bobby Roberts, Coke County Farm Bureau president. "Our animal shelters provide a valuable and needed service."

"HSUS certainly doesn't mind the name confusion, though," he added. "In fact, they bank on it. People donate to them mistakenly thinking that they're helping animals when in fact those donations are used to put

hard working ranchers out of work."

Of the millions of dollars in donations HSUS collects each year under the guise of helping homeless cats and dogs, recent tax filings show less than 1 percent is actually used for its intended purpose. In fact, only \$1 out of every \$200 collected goes to local, hands-on pet shelters. The rest is spent on executive salaries and lobbying expenses.

"HSUS' goal is to end animal agriculture in America," Bobby Roberts said. "By misleading donors in television and direct mail campaigns, HSUS has developed a war chest that strikes right at the heart of animal agriculture. For the sake of our profession and the future of our food supply, we cannot let the deception continue."

**... Recent Rainfall**

*(Continued from Page 1)*

some pretty spring, and we haven't had one like it in at least several years.

Some areas of the county have received over a dozen inches of rainfall since the first of the year. And even those who haven't seen that much rainfall have been blessed with eight or nine inches so far this year.

Pasture grasses came out early this year (I don't know why, because it seemed too cool, particularly soil temperatures) for grasses to emerge right along with the weeds. Some of these pasture grasses are approaching knee high. Speaking of weeds, every species of weed known to man has come up this year. The good news there is that we have had a wonderful bluebonnet and wildflower year to go along with it, which also helps with the pretty part mentioned earlier.

If you disagree with me on the prettiest spring, let's get to some rainfall figures for the county that may not be official, but they're as accurate as I can get on such short notice. If you want to wait for the real rainfall totals, we will have them sometime after June 30th, which is the end of the second quarter, and our cooperators will report their second quarter totals at that time.

Speaking of cooperators, we are happy to report that we had some response to our appeal for rainfall cooperators, especially one to fill the shoes of Bob Blackwood, who ranched in the area about four miles east of Robert Lee. Upon hearing of Bob's death and our appeal for his replacement, Paul Shefler responded, and we are grateful. Paul's place is about one mile north of Bob's; so he essentially will be reporting on the same area of the county.

Also, Jerry and Susan Wellborn have volunteered to send us results from their area, which is out past Pecan Baptist Church west of Robert Lee on Hwy. 158. We'll start out with their rainfall total for the weekend, because they emailed it in early on Monday morning. The Wellborns reported 1.15" on May 14 and .25 on May 15, which unfortunately makes theirs the lowest rainfall reported for the county for the weekend.

All along I thought my total was going to be the lowest for the weekend, and it was 2.2 inches. I confirmed this with my neighbor, Ron Hill, who got 2.25 for the weekend; so there's probably nothing wrong with his or my gauges except they just don't get used enough.

Next in line in the rainfall parade for the weekend was Robert Lee proper. Most everybody I talked to got

somewhere in the neighborhood of three inches for the weekend.

Last, but certainly not least, the big winner in the rainfall totals for the weekend was the Bronte area, specifically the easternmost areas of the county. The City of Bronte got somewhere around 3.5 to 4 inches for the weekend, mainly because they got a good 1.6 to 1.8 inch storm on Thursday that missed the west side of the county. Rainfall totals for the area around Oak Creek to Maverick were sketchy, but estimates were somewhere around four or five inches on Thursday in these areas, with more over the weekend.

## Chelsea Cook awarded FFA scholarship by Ford Trucks and Ivey Motor Co., Inc.

Chelsea Cook, a 2010 graduate of Bronte High School, has been awarded a \$1,000 scholarship by Ivey Motor Company and Ford Motor Company. Chelsea's parents are Doug and Dawn Tounget of Bronte. She plans to study Biological Sciences at Vernon College.

The Built Ford Tough Trucks FFA Scholarship Program is designed to recognize FFA members' talents and accomplishments while encouraging their future academic achievements.

The scholarship is one of 457 scholarships awarded this year by Ford Division, Ford Motor Company Fund and Ivey Motor Company to FFA members who are high school seniors planning to attend college in the fall of 2010, as well as current collegiate students. This program is a part of Ford's overall commitment to the National FFA Foundation.

Additionally, five \$1,000 national scholarships are being awarded on behalf of Ford Motor Company. Ford Trucks sponsors these five scholarships as a special project of the National FFA Foundation.

Ivey Motor Company is proud to support FFA and the Built Ford Tough Trucks FFA Scholarship Program. Ford has supported the National FFA Foundation since the first F-Series truck was introduced in 1948, and has sponsored the Built Ford Tough collegiate scholarship program since 1997. To date, the program has awarded \$6,056,000 in scholarships to 6,056 FFA members throughout the country. Ford knows the value of hard work, and

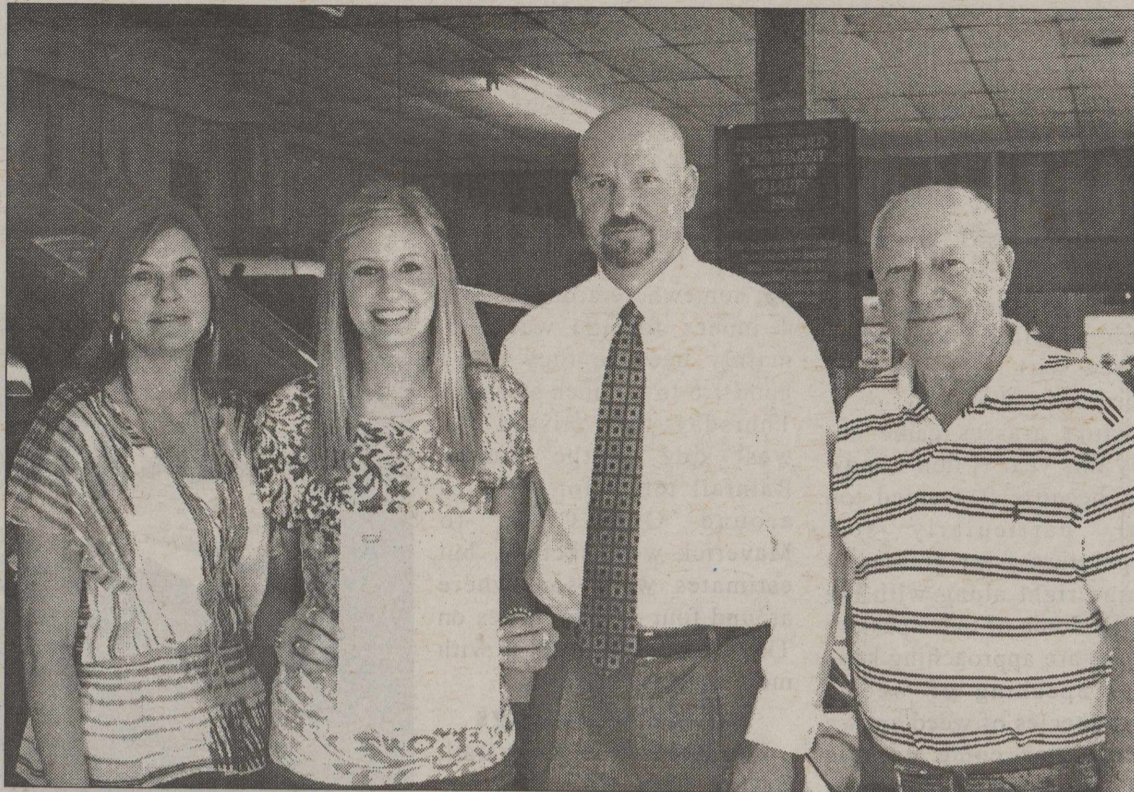

believes that hard work should be rewarded. Educating aspiring young people to become the leaders of tomorrow is just another way of ensuring a successful future.

The National FFA Organization, formerly known as the Future Farmers of America, is a national youth organization of 507,763 student members—all preparing for leadership and careers in the science, business and technology of agriculture—as part of 7,429 local FFA chapters in all 50 states, Puerto Rico and the Virgin Islands. The National FFA Organization changed to its present name in 1988, in recognition of the growth and diversity of agriculture and agricultural education. The FFA mission is to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education. You asked for it and we responded... Right Wireless now has monthly billing instead of billing every four weeks... it's like getting several free days of service each month. Plus, if you need it, you still have the option of paying weekly. Now, that's getting the best of both worlds!

Plus, you can come in to Right Wireless, get a new phone and the first month's service and be out the door for under fifty bucks! You heard right... out the door for under fifty bucks with a new phone and your first month's service!

When you compare apples to apples with the other pre-paid companies, you won't find a better deal! And, the deal gets even better when you find you're using our huge 21 county network that will soon grow to 26 counties where you live, work, and play!

We offer the lowest prices, with the largest coverage area, and the most locations. And, as always you don't have to worry about a contract, credit check, or a deposit!

Right Wireless where you're out the door for under fifty bucks!

**Robert Lee Elementary Field Day!** These students participated in the morning activities at the Robert Lee Elementary Field Day held recently.

## Baccalaureate slated for RLHS seniors

by Steve Peyton  
 Robert Lee Seniors will have a time for prayer and praise at this year's Baccalaureate service. May 23 at 8 pm in the High School Auditorium, the community will have a special worship service to celebrate the graduation of these students. Pastors from area churches will lead prayer and Rev. Steve Peyton will give the message. Music will be provided by Gayle Bolding and other music will be led by Crimson Everburn, a Christian Band made up of students from Wayland Baptist University including Alumni Mason Ross.

According to Joshua Fitchett, a member of the Contemporary Christian Band, Crimson Everburn, "We just love to see his spirit move as we play. We each have a burning desire

for the Lord, and we try to be on fire for him every single day of our lives, for he has pulled us out of darkness and into the light. We are more than willing to play anywhere at any time for anyone! Wherever God leads us that is where we will be."

The whole community is invited to attend.

## 1960 RLHS Reunion set for October 8

The Robert Lee High School class of 1960 will hold their reunion this year on Friday, October 8. Jerry Dale's sister, Jackie Walker, has very graciously offered her home in Robert Lee as a meeting place for the class reunion.

Those who would like to come early can help decorate a float for the parade. You'll need to meet at 10 am at the courthouse. When finished, class members will go to the local café, Twisters, for lunch.

The parade is at 2 pm, followed by the pep rally. After the pep rally, the class will meet at Jackie's house for some serious visiting and dinner. The game is at 7:30 pm and the class will be recognized. After the game, it's back to Jackie's for more visiting.

For those who can't or would rather not participate in the activities, you are welcome to hang out at Jackie's house. Please let one of us know if you would like to be on the list to receive a t-shirt commemorating this reunion.

If you have any questions, suggestions or need more information, please contact Sondra Roe Caves, Pat Fowler Clement, or Jerry Dale. Please encourage all our classmates to come, as we may not have the get up

and go to do this again.

**Forum to help create Texas' Statewide Preservation Plan**

The Texas Historical Commission (THC) has ambitious plans for the future of preservation in Texas. Every 10 years the THC, in collaboration with its partners, develops a Statewide Preservation Plan to help Texans preserve, protect and leverage their historic and cultural fabric for the betterment of local communities. The purpose of this new plan is to outline realistic and achievable goals and become an online tool for preservation with local applications, resources, best practices and links.

The THC is committed to involving the public as part of the Statewide Preservation Plan development process, by conducting planning forums throughout the state beginning May 20 in Canyon.

**Robert Lee City Wide Cleanup Successful!** The Robert Lee City Wide Cleanup, sponsored by the City of Robert Lee and Trashaway Services held on April 29 and May 1, was a huge success. This event allowed the community an opportunity to get rid of clutter from around their homes and businesses. Approximately 60 yards of appliances, refrigerators, water heaters, and other mixed metal was hauled to Acme Iron in San Angelo. In addition to the mixed metal, approximately 52 yards taken in at the City Landfill and 90 yards of household and yard material was hauled to the San Angelo Landfill. Volunteers this year include: Mayor Joe White, Brandi Brosh, Justin Brickey, Kay Torres, Linda Barrera, Stephen Cantrell, Dan Cantrell, James Royall, Amber and Andy Prieto. Several members of the Robert Lee Lions Club along with volunteer, Johnny Torres and youth, Jacob and Jayton Torres assisted residents from the community. Another event may be scheduled in the fall. Fred Homeyer won the top award for the Most Unusual Item with the paddleboat he hauled in.

Additional forums will be held throughout the state into July. A forum will be held in San Angelo July 22, from 1:30-4 pm at the Cactus Hotel.

Besides the forums, another way to get involved and follow the development process is to visit the recently launched Statewide Preservation Plan blog at [texasplan.wordpress.com](http://texasplan.wordpress.com). The blog will serve as a tool to

keep Texans informed and involved. It will feature the most up-to-date information on the planning forums. Designed to be an open dialogue about historic preservation, the blog will include challenges faced and opportu-

nities that can be harnessed through a statewide strategy. For more information about the planning forums, or to RSVP to any of the meetings, contact Rebecca Orr at [rebecca.orr@thc.state.tx.us](mailto:rebecca.orr@thc.state.tx.us) or 512.639.9615.
