3rd annual Clay Antilley Invitational set for June 26

The Third Annual Clay Antilley Invitational golf tournament is scheduled for 1 pm on Saturday, June 26, at Mountain Creek Golf Course in Robert Lee.

It will be an 18 hole three person scramble with proceeds benefiting the Clay Antilley Scholarship Fund.

Entry fee is \$80 per person which is tax deductible. Recently, over \$6,500 was given to scholarship recipients derived from monies raised in the first two tournaments.

All participants will receive a free cap, free lunch before play and a free Bar B Que dinner following play along with entertainment provided by the Rough Creek Band and the Crowhaven Band.

Those wishing to make donations or to give door prizes can contact Robert Lee State Bank. For more information or to register, call the club house at 453-2317 or Tommy Antilley at 453-2674.

RL Council meeting change announced

The Robert Lee City Council regular meeting date of June 14 has been changed

Drug Busts! Monday, June 7, 2010, was a busy day for the Coke County Sheriff's Department. Chief Deputy Randall Jacks (above photo, from left) and Deputy Trey Davis went to a residence in Robert Lee and seized the drugs and paraphernalia shown.

At approximately 10:40 am, Sheriff Wayne McCutchen (photo at right, right) and Deputy Davis went to a residence in Robert Lee and discovered this marijuana plant growing in the backyard of said residence. The officers confiscated the plant.

to June 21. City Council Meetings are at 7:00 p.m. at the City Hall and are open to the public.

CRMWD takes steps to provide additional water for region

The Colorado River Municipal Water District has taken steps to provide additional long-term water supplies for its member cities and municipal customers by acquiring additional groundwater and moving forward with the construction of a water reclamation plant.

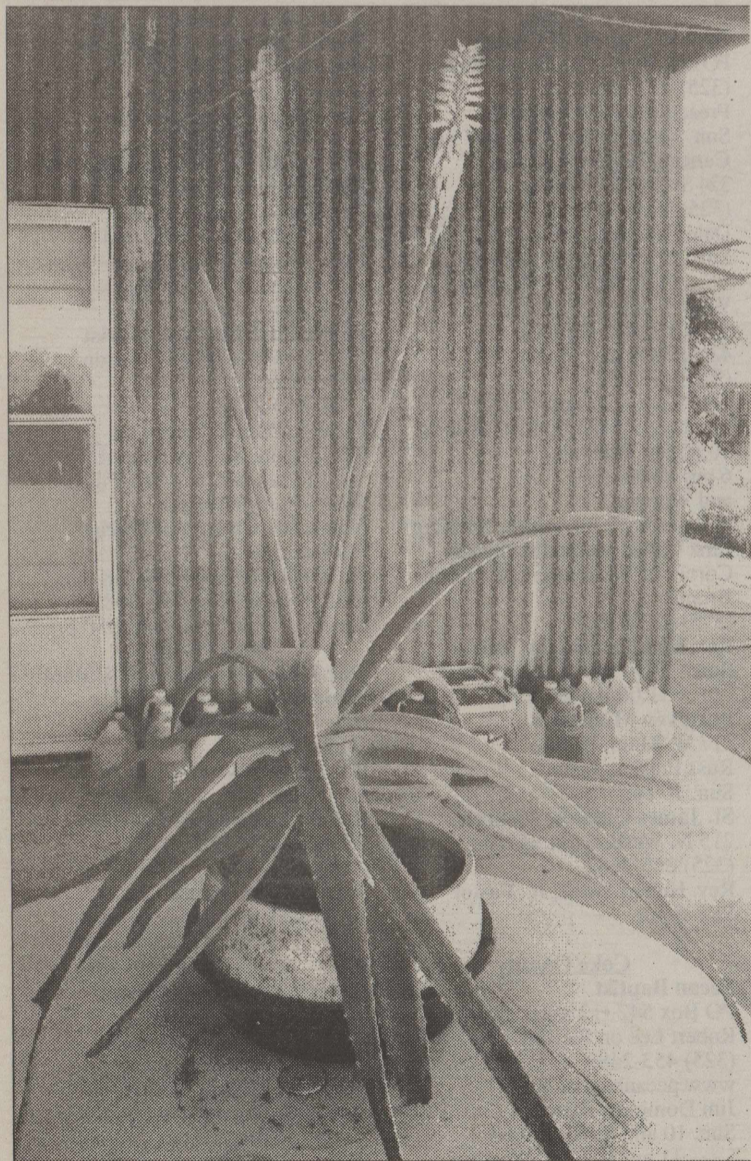

CRMWD has acquired a groundwater well field from Luminant Generation Company in Ward County, Texas. This well field supplies the Permian Basin Power Plant west of Monahans. Under terms of

the agreement Luminant has retained enough water for their current operational plans for the power plant. The remaining groundwater reserves and existing well field infrastructure (wells, pipelines and pump stations) were purchased by the District. The District anticipates that this new source of water will be connected to its existing water transmission system sometime during the summer of 2011.

Based on CRMWD's current use of groundwater and the estimated groundwater reserves in the well field, this new groundwater source will last the District for over 100 years. This was a win-win situation for everyone involved; Luminant can continue the operation of their

power plant and the District has acquired additional supplies to meet the long-term municipal needs of the region.

Also, as a part of CRMWD's efforts to seek new water sources, the District's Board of Directors have taken steps to construct a water reclamation plant in Big Spring, Texas. This plant will take the treated water discharged from Big Spring's Wastewater Treatment Plant and process the water through a membrane water treatment system, remove the salts using a reverse osmosis process and then disinfection. This water will be blended into the District's raw water transmission system before being

Blooming Burn Potion! Barbara Davis of Robert Lee took this photo of her "blooming" aloe vera plant about a month ago. Now everyone knows about the medicinal uses of the plant's leaves, particularly on burns. However, this is the first time she or I had seen one blooming. So help us out. If you have any information about aloe veras and how often they bloom, give Barbara a call and let us all in on the secret.

 treated again at the water treatment plants of the District's member cities and municipal customers. Many entities are turning to "wetlands water recovery systems" which clean the water through a natural process before blending it back with raw water supplies, however with the higher evaporation rates that exist in west Texas, the District has elected to substitute a mechanical treatment process for the natural process.

Bids were recently received for the water treatment equipment for the Big Spring project, and it is anticipated that construction of the water reclamation plant will be underway by December 2010 with start-up of the plant in early 2012. This plant will produce approximately 2.0 million gallons of treated water per day with substantially reduced levels of chlorides or salt in the water.

The estimated cost of these two projects is just over \$72,000,000. The District was able to obtain financing from the Texas Water Development Board at reduced interest rates and with a favorable financing structure to help offset the cost. However the District anticipates that it may need to increase its cost of water by 5 to 10 cents per 1,000 gallons over the next two to three years to help offset the cost of these new water supplies and to continue its capital improvements program for upgrading existing water supply facilities.

Both projects, the acquisition groundwater and the construction of the water reclamation plant, will help the District meet municipal demands during drought conditions because these new water supply sources are considered "drought proof" in arid west Texas.

CRMWD member cities are Odessa, Big Spring and Snyder; municipal customers include Midland, San Angelo, Abilene, Stanton, Robert Lee, Grandfalls, Pyote and the Millersview-Doole Water Supply Corporation.

TDRA Launches Online Rural Policy Initiative

The Texas Department of Rural Affairs (TDRA) is seeking policy recommendations and ideas that will improve the quality of life in rural communities. TDRA is asking that you contribute your ideas and suggestions online at <http://www.tdra.state.tx.us/index.php/Home/Policy+Recommendation>.

TDRA is seeking recommendations in four key areas: economic development, community development, health-care, and housing. TDRA will offer these ideas and suggestions to the Texas Legislature at the beginning of the upcoming legislative session.

Robert Lee Students Visit Fort Chadbourne! Mrs. Byrne's 1st Grade Class at Robert Lee Elementary School visited Fort Chadbourne for their end-of-the-year field trip. The students learned a lot and enjoyed all the activities. History came to life for the children. The Fort Chadbourne staff and volunteers made the trip extra special.

The agency is charged with identifying and prioritizing policy issues and concerns affecting rural communities in Texas in consultation with rural community leaders, locally elected officials, state elected and appointed officials, academic and industry experts, and the interagency work group.

TDRA works to strengthen rural communities. The agency also serves as a central source for rural programs, services, and activities so that governmental

resources are delivered efficiently and with best possible results for the state's rural residents.

WHERE TROUBLE COMES FROM

Whoso keepeth his mouth and his tongue, keepeth his soul from troubles • Proverbs 21:23

WHY YOU HAVE TROUBLE

For all this they sinned still, and believed not for His wondrous works. Therefore their days did he consume in vanity, and their years in trouble. When He slew them, then they sought Him: and they returned and enquired early after God. And they remembered that God was their rock, and the high God their redeemer. Nevertheless they did flatter Him with their mouth, and they lied unto Him with their tongues. For their heart was not right with Him, neither were they steadfast in His covenant. • Psalm 78:32-37

WHO COMES FREE OF TROUBLE

A man shall not be established by wickedness: but the root of the righteous shall not be moved. • Proverbs 12:3

Quicken me, O Lord, for Thy name's sake: for Thy righteousness' sake bring my soul out of trouble. • Psalm 132:11

Bronte High School Band

Bronte band wins 1st place in Festival

On Saturday, April 24, the band performed for the Six Flags Over Texas Music In the Parks Festival. The Bronte Band won the Class A division of the contest and brought home a nice trophy. The band traveled to Six Flags and enjoyed the park all day long.

At the UIL contest on April 14, the band received an excellent rating in both concert and sight-reading. Mr. Dannheim is very proud of the band this year and the improvement that it has made.

The band had received excellent ratings at the UIL Concert and Sight-reading Contest held in Llano on April 14. All of the judges were complimentary of the band and had positive comments for improvement to a superior rating.

BHS band enjoys banquet

Shane Kelton and the band boosters provided the BBQ, Kim Womack created the slide show, and Mr. Dannheim handed out the awards at the annual band banquet.

Mrs. Leah Rosson and First Baptist Church of Bronte graciously allowed their fellowship hall to be used and the walls and tables were decorated with all sorts of musical notes. A big hit were the containers of M&Ms that were spread on the table tops.

After everyone had their fill of the delicious BBQ and sides, Mr. Dannheim started passing out special Certificates to those musicians who had distinguished themselves in the band this year.

Those who received Musician certificates were as follows: Megan Yackley on flute, Cindy Davila, Mikayla Fraune, and Stacia Emfinger on clarinet, Leticia Pena on alto saxophone, Dalton Ogle on tenor saxophone, Shelby Amendt

on French horn, John Deller and Kyle Kelton on trumpet, Jensen Reed on trombone, and Crystal Bilbrey and Brenda Perez on baritone.

Austin Mertz and Jaylon Seales were given Merit awards. Caleb Rosson received a plaque for The Director's Award for band for outstanding musicianship and improvement. Senior awards were given. Fernando Fraune received the National School Marching Award, Kim Womack received the Patrick S. Gilmore Band Award, and Jonathan Dannheim received the John Phillip Sousa Award. The evening closed with the band boosters having a drawing for a brand new Nintendo DS.

Read and Relax summer program underway

The Coke County Library Read and Relax summer program is underway. There is a treat-of-the week every day for patrons, regardless of grade-or age.

No names were drawn on June 4th which means we need children to come check out books in order to sign up for drawings.

A drawing will be held every Friday for a shaved ice or ice cream cone at Rhonda and Judy's bright yellow shop on Commerce Street. For every book returned, students can add their names for the drawing. Three books returned equals three chances. There is a limit of four (4) chances per reader each week. Winners can pick up their coupons at the library.

Library hours are Tuesdays, 8-12; Wednesdays, 8-4; Thursdays, 1-5; and Fridays, 8-12. Call 453-2495 for information.

Bronte's Rain Forest! Bronte first graders spent the last 3 weeks of school researching and creating a model of a rain forest in their hallway. After learning about the importance of rain forests one of the first graders remarked that when he was older he would start a protest or petition to make people help rain forests. After discussion the class decided they could create a model of a rain forest to let people know how interesting and important rain forests are to our world. During their research and guided tours all first grade TEKS (Texas Essential Knowledge and Skills) were reviewed. It was a fun and educational way to end the school year.
