A SALUTE TO THE FIRE DEPT.

24 MEN STRONG AND A WAITING LIST TO SERVE

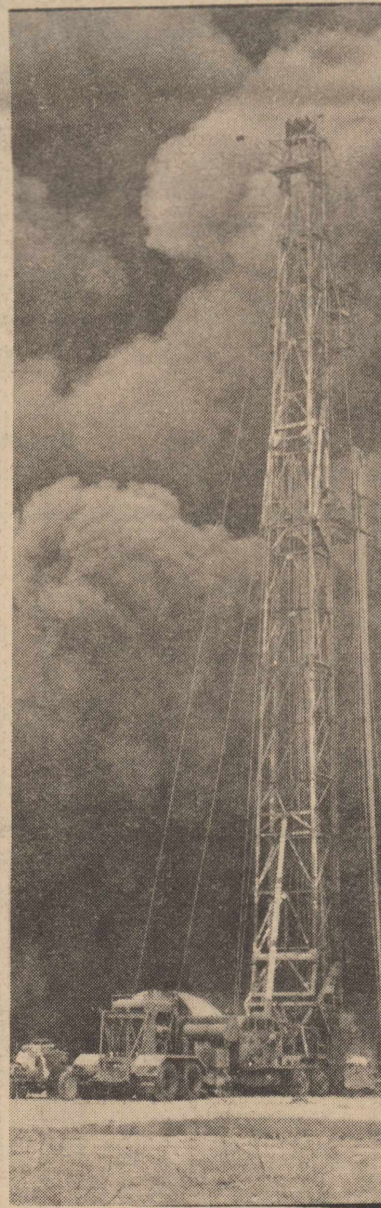

"You have to love to be a fireman to be a fireman," as quoted by a previous Fire Chief and seems to be absolutely right in talking to other volunteer fire fighters of the Seminole Department. It could not be the retirement plan under which they work. To draw retirement in the amount of twenty-five dollars per month a man must have served twenty years and be fifty-five years old.

If it could not be the retirement for which the firemen work, it surely could not be the salary. Each fireman is allowed ten dollars per month for cleaning, water bills, shoe replacement and clothing replacement. Each fireman receives three dollars per practice, each first and third Thursday of each month plus two dollars per fire--for a grand total of about twenty five dollar average per month. Some make more and some make less because of the times they have been out.

If it is not the retirement and not the salary it might be the real good hours. They are only on call twenty-four hours of each day. They receive the same pay for a thirty minute grass fire as they do for a six hour alarm fire. Yes, "You have to love to be a fireman to be a fireman."

"We've had the best luck in the world, we have never lost a lot yet. We have left some in a terrible mess, but we have never lost one." "One time we had three gins on fire at the same time." "Another time we were on one at the Locker gin, the wind was blowing fifty miles per hour, and we had a call saying the Tower Theater was on fire." "We were lucky again. A huge fire had burned in the floor but the wind had never reached it and we got it put out fairly easily." (con't on Page 11)

Methodists: A STORY in PICTURES

In todays issue of the NEWS we are featuring a story in pictures. It is a story of progress. From the first meeting in Hackberry Grove on July 18, 1905 to the present time--the story of the Methodist Church of Seminole is one of progress and service to the community. In its first year of existance, the group met in the County Court room. The building in the picture below was completed in 1906 according to the records at the church. (con't on Page 16 & 17)

Q & A

BILL JETER - son of Mr. and Mrs. Cecil A. Jeter, of 802 NW Ave. J. Bill was in the 3rd grade this year. This is an example of ABSTRACT ART. Mrs. Mary Patillo was Bill's teacher.

THE ART SECTION:

(Q) When I use turpentine as my oil medium for oil painting, the result is a flat or matte finish. Can you tell me if any harm is caused which may result in later cracking or peeling?

(A) In the first place, turpentine is NOT a medium in the technical sense of the term. It is a thinner or dilute, to clean brushes with. It does not contribute anything toward binding the colors or adhering them to the ground (which a real medium does). The proper method of working with oil colors employ one fourth turpentine and three fourth linseed oil, or mineral spirits as a thinner to reduce paint thickness so that it can be more easily applied to the canvas. If you spray or paint your pictures with a good glaze it will keep them from cracking and peeling later on.

Mr. and Mrs. Randy Taylor are residing in Alpine. Randy is going to Sul Ross this summer. Mrs. Taylor is the former Janice Wallace. They were married May 20th at South Seminole Baptist Church.

Mr. and Mrs. A. W. Fincher were in Lubbock Saturday night for their son-in-law's, Ronald Wayne Danley, graduation at Texas Tech.

For their last art project of the year the boys and girls in Mrs. Ruthart's third grade spent almost a month building a "jewel tree". Each tree was started on a cardboard base four inches square. The trunk and branches were built of macaroni glued together and Cheerios were then added. The figures were sprayed with copper paint and various colored beads were put inside the Cheerios circles when it had dried.

Children completing these "jewel trees" were: Rachel McGilvary, Vivian Burgess, Junior Flores, Mike Carr, Freddy Gonzales and Ruth Smith.

THE CUT OFF WING

By Sarah Jane

There was a fly who had only one wing. It all happened when the fly was flying around a house and buzzed in a man's ear. The man didn't like flies at all. So the man got a fly swatter and cut one of the fly's wings off. Now he can hardly fly. If you ever see a fly with just one wing he is the fly with the cut off wing.

SEMINOLE JR. HOME DEMONSTRATION CLUB MEETS

The Seminole Jr. Home Demonstration Club met June 1, 1967 at 9:30 a.m. at the Gaines County Court House in the Extension Office.

The meeting was called to order by Mrs. Garland Emfinger, after which they planned their meetings for next year.

The guest speaker was Terry Goldston, a Junior 4-Her. She gave her demonstration on buying clothing. Terry won first in district with her demonstration. She gave the following shoppers aids: try on garments whenever possible; find out all you can about an item before you buy and learn to judge workmanship; have more fun shopping and shop wisely.

There were 10 members and guest present. The next meeting will be September 7, at 9:30 a.m. in the Extension office. The program will be on Floral Arrangements and everyone is invited.

TEEN SCENE

Boys and girls between the ages of 9 and 19 interested in the fascinating world of insects can gain valuable information on the subject by joining a 4-H Club and enrolling in the 4-H entomology project.

In addition to being a lot of fun, County Agent, Paul W. Henderson, says members also gain new knowledge about both beneficial and destructive insects. Entomology is a project, he adds, which can be conducted by urban as well as rural youth.

Young members can take a basic first-year project which includes making insect collections and mounting equipment. They collect 15 insects in three orders.

The second-year project is designed for the intermediate age groups. Members collect 25 insects from at least 7 orders, learn about insecticides, how to control insect pests and to give demonstrations. Exhibiting collections is often a highlight of the year for entomology members, explains the assistant County Agent.

More advanced projects for the older members are included in the third-year program. In addition to collecting 30 insects in 7 orders, members rear insects through the life cycle, collect immature stages of development, give demonstrations, and participate in the entomology contest in preparation for future membership on the county team. District winning teams are eligible to participate in the state contest held each year at Texas A & M University, explains the Ass't county Agent.

Older members who have completed the first three years are encouraged to move on into special projects which include studies in depth of all insects commonly found in the area, Henderson says.

Boys and girls interested in more information on the 4-H entomology projects are invited to visit the county Extension Service office located in the Courthouse.

LARRY L. KING

A visitor in Seminole last week was Larry L. King. Mr. King is the brother of Mrs. Libby Livingston of Seminole. He is visiting relatives in this area during June.

Mr. King is an author. He is an editor of Harpers' Magazine and contributes about six articles each year that are published in Harpers'.

In the October 1966 issue of that magazine he wrote a feature story "My Hero LBJ". His first novel was copyrighted in 1966, and is entitled "The One-Eyed Man".

Mr. King is a Washington D.C. resident. He worked in the office of former congressman, J.T. Rutherford, and for Congressman Jim Wright. He also served as an Administrative Assistant to the two Congressmen. He worked at the National Johnson-for-President-Headquarters in 1960 and traveled the Southwest for the Kennedy-Johnson campaign team. Before going to Washington, King worked in our area on newspapers in Odessa, Midland, and Hobbs, New Mexico.

During the tenure of Congressman Wright, King made his decision to start writing. His work has appeared in numerous periodicals.

Mr. King will be working on two stories in West Texas and New Mexico during his visit in our area.

"Australians and Turks are as good fighters as Americans!" said Major Glenn Jones to the meeting of 260 people Tuesday night. He further said to teach your children that we are fighting Communists in Viet Nam and that they are following the same three steps that were planned by Lenin and others.

1. Place people in strategic high places in government, schools and religion.
2. Drive a wedge between the government and the people.
3. Military take over.

It takes only one percent of the people to control a country if the one percent is in the proper places. Charlie Lawrence was the Master of Cermonies.

McADOO IS ROBBED

In the early morning hours of June 5, burglars broke a window in the rear of the shop at McAdoo Chevrolet Company. They entered the office through a sliding window, opening the safe door with a cutting torch. A total of \$352.44 in checks and \$262.75 in cash was taken along with the cutting torch. It appeared that there were at least three men, maybe four, who pulled the job. It was found that the car was parked a half block west and the men walked across a yard to the shop.

Jack Rhea brought a money sack into the Sheriff's office that he had found about a mile north of the city on the Seagraves highway. In checking the money bag, Jack found several checks made out to McAdoo Chevrolet Company. All of the checks, with the exception of one, McAdoo payroll check has been recovered.

Three men, Ronald Jacoby, Ernest Eugene Everett and Zack Garoogin have been filed on for burglary and also they have been filed on in Lovington, New Mexico for burglary and possession of burglary tools.

Siren Wails

From time to time people "pass-out-the-roses" in the form of praise to members of various professions. Sunday the medical profession received "the roses" from the family and relatives of 9 year old Teddy Duff, son of Mr. and Mrs. A.L. Duff, Jr. of Albuquerque, New Mexico, grandson of Mrs. A.L. Duff of Seminole, Mr. and Mrs. Jim L. Brown of Seagraves, and nephew of the C.T. Bensons and the Glenn W. Browns.

The Duffs of Albuquerque came to Seminole to attend the Duff family reunion in the party house at Gaines County Park on Saturday. Sunday morning, at granddaddy and grandmother Brown's home, young Teddy was popping red ants with rubber bands when one popped in his mouth and he swallowed it. Within minutes he was experiencing pain and shortness of breath.

Dr. Bill McCullough, of Seagraves could not see an ant through fluoroscope but was concerned about his breathing and referred them to Lubbock as an emergency, calling ahead for emergency preparation at the Methodist Hospital.

A very fast ride to Lubbock (in 45 minutes with a police escort), resulted in the verification, young Teddy had swallowed a red ant indeed as the doctors removed one from the esophagus.

The ant stung on the way down ejecting poison, causing the swelling and anxiety of shutting off his breath. Daddy and Mother Duff are "passing-out-the-roses" for the medical profession today, and so will 9 year old Teddy when he is older. He is fine and had an interview aired by Lubbock radio.

FIRE DEPARTMENT

Con't page 1

The following men have served as chief for the department here, Amos Turnbow, Rex Long, Charlie Benson, Jack Spruill, R.C. McGilvery, Sammy Webb, and the present chief, Jimmie Pierson.

The Fire Department owns four main fire fighting pieces of equipment:

One 1965 Chevrolet pump truck with an 800 gallon water capacity.

One 1962 Chevrolet emergency station wagon.

One 1957 Ford pump truck with a 500 gallon water capacity.

One 1937 model 500 pumper that the city of Loop has borrowed.

It cost money each time this equipment has to be called out on a fire. Besides the use of the equipment, the \$2.00 per fireman each man gets, it also cost each man or his employer their time while he is off on a fire call. If it cost \$40.00 to \$50.00 to roll the equipment, if it cost \$40.00 for twenty men at \$2.00 per call, plus the \$40.00 to \$100.00 it cost the firemen and their employers for them to be called out; let us be careful how we burn trash, how we light fires, and where we lay that cigarette down.

"A lot of firemen have had narrow escapes but the one I remember is the one about Rex Long." "We were called southwest of town where a Hoffman unit and an oil well was on fire. A pop-off valve was on fire on a 150-200 gallon butane tank. It was not a very big fire there. Rex had just walked by it when the whole stem blew out sending a blue flame about 30 to 40 feet long and about three feet wide. It would have burned him in half had it hit him."

"And then there was the time that a chemical truck ran into Miles Warlick Cafe. We thought when we arrived it was loaded with butane. The fire was going pretty good and we were thinking about that butane when two driver tires on the truck blew out. I was a block away when I realized I was not hurt. It took some of the firemen longer to get back than it did me. Yes, I was scared! We though the butane had exploded. We have had a lot of fun laughing about it during the years."

In 1944 the city records show the first official list of fire fighters. They were: Rex Long, Robert McReynolds, Ray Anderson, J.E. Woodward, Amos Turnbow, Ellis Sweat, Doyle McAdoo, E.L. Hester, Allison Gainey, and E.P. Taylor. It was difficult to find out about an

earlier group but one was in existence. In 1938 or 1939. "I served with Dale Daniels, Paul Combs, Rex Long, Earl Caulkins and probably others that I have forgotten," said Johnny Patton. "We had a chief, assistant chief, and secretary but I don't remember their names." Another list that was found included, Amos Turnbow, Paul Combs, Rex Long, Hyle Doss, Lovelle Stell, and Charlie Gregory.

Amos Turnbow said one time that his station caught on fire and he just called Charlie Gregory and told him to bring the fire truck. "What For?" was the answer. "My station is on fire". "He brought the truck and we put it out, never did call in an alarm." "We have had some pretty bad fires, but the one that hurt me most was the Post Office fire when it was on the north side of the square. I got my lungs smoked real badly. Had to spend thirty-one days in the hospital." "No, I paid my own bill!"

Rex Long said, "They nearly dragged me to death one time, I was dreading when they came to the end of the pavement and I knew I would start hitting the rocks, but they finally noticed me and slowed down so I could get back on. Only my shoes were dragging hard and I did not get a scratch between the station and the school."

Because of the equipment and the good performance of our firemen each owner of buildings and houses have a better insurance rate. In comparison, some area towns have as much as 41¢ for a key fire rate where as Seminole is 33¢. But another important factor is the 25% fire record credit which has been built up over the years because of the reputation of the Fire Department and the history of our losses. Some towns have to pay as much as 15% penalty and do not receive the 25% credit.

Thanks again and again for your loyal duty Firemen.

Present members of the Fire Department are: Jim Baker, C. T. Benson, Paul Combs, Dale Earl Harlan Hitch, Bill Houston, Andy Lammons, Rex Long, Glen Martin, Buster McCullough, Wayland McCullough, John McPherson, Bud Norris, James Patterson, Joe Pattie, Jim Pierson, Cecil Reid Jerry Reid, Paul Richardson, Sammie Webb, Bill Webb, Tommy Wood, Adam Moore, and Glen Cavitt.

Mr. and Mrs. Herbert Cooper of Roscoe were guest in the J. R. Woodward home over the week-end.

Sherry Jordan and Connie Gillum of Plainview were guest of Darlene Gillispie over the week-end.

The Seminole Chapter No. 855, order of the Eastern Star, held open installation of officers in an impressive candle light ceremony at 7:30 p.m. Saturday, June 3, in the Masonic Hall. Preceding the installation, Miss Karen Bruce, lighted the candles. She is the granddaughter of the Worthy Matron and Worthy Patron. Kevin Bruce presented the Bible at the Altar and Kenneth Bruce presented the Square and Compass. They are the grandsons of the Worthy Matron and Worthy Patron.

Out going officers went to their station. Mrs. George Floyd, Conductress, opened the Bible. The Lord's Prayer was repeated, followed by the Pledge led by Louis Bruce, Worthy Patron Pro-Tem. The audience joined in singing the National Anthem. Mrs. Kate Webb, Worthy Matron welcomed the guests and members. She presented Mrs. J.A. Wright, installing officer. The other officers who were to assist her, were then escorted into the Chapter room. They were: Mrs. Floyd Stark, Assistant Installing Officer; Mrs. N.O. Starr, Installing Marshal; N.O. Starr, installing Chaplain; Mrs. Charlie Earl, installing Organist; and Mrs. L.F. Hyatt, Secretary Pro-Tem.

The new officers installed were: Mrs. Louis Bruce, Worthy Matron; Louis Bruce, Worthy Patron; Mrs. George Floyd, Associate Matron; Mr. George Floyd, Associate Patron; Mrs. Richard Jackson, Secretary; Mrs. Marvin Henry, Treasurer; Mrs. E.J. Doscher, Conductress; Mrs. Marshal Somers, Chaplain; Mrs. Jerry Ball Organist; Mrs. Bud Winks, Adah; Mrs. C. Pharis, Ruth; Mrs. Edward Rodgers, Ester; Mrs. A.L. Phillips, Martha; Mrs. Damon Pearson, Electa; Mrs. E.J. Wallace, Warder; and Damon Pearson, Sentinel.

The new Worthy Matron addressed the members and guests, and gave her theme--Peace and Harmony; Emblem--open Holy Bible; Scripture--"For we walk by Faith, not by sight", Symbol--The Dove of Peace and Light; Motto--"Ill always have a song in my heart"; Color--shades of blue; Flower--Pink Rose.

Louis Bruce, Worthy Patron, gave his support to the Worthy Matron and to the Chapter.

New Officers Are Installed

The Worthy Matron and Worthy Patron introduced their sons, Wray and Roy and their families.

The Jr. Past Matron was escorted to the Altar where she signed the Bible.

Mickey Williams, Worthy Advisor, and Jo Ann Dennis, Charity, presented the Worthy Matron, Mrs. Louis Bruce with a Rainbow Bible from the Rainbow Assembly No. 213, Seminole.

Preceding the installation, Mrs. Bruce received one long stem pink rose from each of her five grandchildren.

The Worthy Matron presented her Mascots in the East. They are Kathy Bruce and Mark Bruce and gave them each a Bible. They are the grandchildren of the Worthy Matron and Worthy Patron.

The Jr. Past Matron presented the travelling Jewel to the new Worthy Matron.

Miss Nila Norton sang, "How Great Thou Art".

Gifts were given to the installing officers. The installing officers surprised the Worthy Matron by giving her a beautiful Gavel.

R.V. Gum gave the Benediction.

The hall was beautifully decorated with pink roses throughout. The podium in the East was draped with ice blue satin. The open Bible was in front of the podium and to the side was a tall white candle with roses at the base. A white dove was suspended over the Bible. Doves were placed on each pedestal, which were covered in ice blue satin and royal blue. In the west was a small tree with white doves.

Mrs. Bob Malone registered guests at a table spread with white net over pink, with pink roses on the table.

The tea table was spread with blue net over blue. The centerpiece was beautiful with pink roses, blue forget-me-nots and white doves. Punch was poured by Mrs. Roy Bruce, and the cake was served by Mrs. Wray Bruce.

Chapter members presented Mr. and Mrs. Bruce with a gift.

Come unto me, all ye that labor and are heavy laden, and I will give you rest. MATTHEW. XI. 28

We shall go on to the end, we shall fight in France, we shall fight on the seas and oceans, we shall fight with growing confidence and growing strength in the air, we shall defend our Island whatever the cost may be, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender, and even if, which I do not for a moment believe, this Island or a large part of it were subjugated and starving, then our Empire beyond the seas, armed and guarded by the British Fleet, would carry on the struggle, until, in God's good time, the New World, with all its power and might steps forth to the rescue and the liberation of the old.

SUMMER HOMEMAKING CLASS MEETS

The Summer Homemaking class met Wednesday, Thursday, and Friday, May 30, 31, and June 1, from ten to twelve a.m. in the Homemaking Department of Seminole High School. Eleven girls are enrolled in the course. They are Misses Paulette Barger, Peggy Barger, Marlene Droigk, Beverly Forbis, Lynn Gray, Julia Martinez, Marilyn Moore, Oralia Ramirez, Loretta Richardson, Phyllis Sharp, and Kathy White.

Any girl who has one full credit in Homemaking may enrol in the course which is offered each summer free of charge, as a part of the Vocational Homemaking program. The purposes of the course are to learn additional things for which there is no time in the regular school term, and for each girl to get more practice in doing things in her own home, under the supervision of her Homemaking teacher and her parents. Each girl must complete approximately one hundred hours of work, including the time spent at school the first part of June. She then has the remainder of the summer to complete the work in her own home. Plans for work to be done at home were made previous to the group meetings, and approved by the teacher and parents of the girl. The group work at school is made up of approximately six meetings of two or three hours each. The subject for the group work is chosen by the girls who are currently enrolled in the course, and planned to meet the needs of the specific group. Each girl receives one-half credit for the course.

The class chose "Learning to Shop Wisely" as its unit of study, and the specific areas of buying foods and buying fabrics. Wednesday, each girl did reference work on how to buy foods and reported her findings to the class. Different size food containers were demonstrated to the class by Miss Ellen Massengill, Homemaking teacher, and plans were made as to how to go about comparing foods in different size containers. Thursday, after assignments were made for research on how to buy fabrics, the girls made a field trip to town. The remainder of Thursday and Friday, girls compared food prices of different brands of food, and different size containers of the same brand food, such as: canned fruits, canned vegetables, canned meats, canned juices, frozen fruits, frozen vegetables, milk, and ice cream. Friday, at the end of the class, each girl reported her conclusion as to which brand and size container is most economical, of the ones she studied.

The Pontiac was driven by Leroy Tedford and was waiting to turn left when it was hit from the rear by a car driven by Rickey Spencer also traveling north. Time 7:00p. m. Tuesday.

An executive council meeting of the Seminole chapter of the Future Homemakers of America was held on June 3 at 9:00.

The meeting was opened with Peggy Barger, president, leading the officers in the opening ceremony. Pam Buck, secretary, then called the roll and read the minutes of the last meeting.

The business that was discussed was the summer FHA workshop to be held at Texas Tech.

The officers then read over the FHA Constitution and made the necessary revisions.

The meeting was adjourned.

Those present were, Peggy Barger, Pam Buck, Beverly Forbis, Lynn Gray, Brinda George, Jo Ann Reed, Oralia Ramirez, and Miss Massengill.

The quality of mercy is not strain'd,
It droppeth as the gentle rain from heaven
Upon the place beneath: it is twice blest;
It blesseth him that gives and him that takes;
'Tis mightiest in the mightiest; it becomes
The throned monarch better than his crown;
His sceptre shows the force of temporal power,
The attribute to awe and majesty,
Wherein doth sit the dread and fear of kings;
But mercy is above this sceptred sway;
It is enthroned in the hearts of kings,
It is an attribute to God himself;
And earthly power doth then show likest God's
When mercy seasons justice.

McAdoo

Mr. Lloyd M. McAdoo, Owner, McAdoo Chevrolet Company, Seagraves and Seminole, Texas, called on the merchants and banks of Texas to take a new look at Small Business Administration and the partnership role it is playing in the current business expansion.

"SBA has dynamic new programs such as machine tool and innovation loans, and higher business loan ceilings to help sustain the nation's longest growth cycle now in its 79th month," McAdoo said on his return from the National Small Business Advisory Council Conference in Washington, D.C.

Advisory council members, representatives of state and local councils, conferred with SBA's programs to meet local needs. The two-day meeting was held during the fourth annual National Small Business Week, May 21-27.

SEMINOLE TELEPHONES

Copies of the 1967 Seminole telephone directory have been mailed to customers here, according to Harry Sawyer, manager for the Southwestern Bell Telephone Company. Sawyer said customers will notice a change in the directories when they see them since the old familiar two letter and five digit telephone numbers are gone. In their place are the new seven digit numbers which will go into effect when the new books are received.

According to Sawyer, though, the change is not really a change at all. "The new prefix of 758 is the same position on the dial as the old PL 8," the manager said, "so customers can continue to dial their calls in the same way that they have done in the past.

Sawyer said the change is being made because the telephone company is running out of suitable letter and number combinations on a nation-wide basis. "This is a program which will eventually cover all of the United States," he said. "Within a few years, all telephone numbers will be seven digits instead of a combination of letters and numbers."

Sawyer also said the new directories will carry information on how to dial calls direct. He reminded customers, though, that they will not be able to dial their own out of town calls until 1:01 a.m. on June 18 when DDD goes into service here. "Work on our Direct Distance Dialing conversion is right on schedule," the manager said. "All of the equipment has been installed and we are now in the process of making the necessary tests which must be done before the changeover is made."

Sawyer said old telephone directories should be thrown away when the new ones are received, but reminded customers to check them for out-of-town number lists before placing them in the trash.

Dial Wheel stickers reflecting the all numerals for Seminole numbers were mailed May 31 to our telephone customers. This replaces PL 8 with 758 along with the same last four digits.

FIRE FIGHTING BY SEMINOLE VOLUNTEERS

Law Is Discussed

The new driver safety laws enacted by the legislature will necessitate a change in the local school program. Driver education for local ninth grade students has been required for several years, but the new law which raises the age for a restricted license to fifteen and to sixteen for an unrestricted license, provided the student has completed an approved driver education course, will require that the driver education course be moved to later in the school program. The restricted license requires that a licensed adult driver ride in the front seat with the student.

Seminole High School will move the required health and driver education courses to the tenth grade, but due to problems of teacher placement driver education will be offered to a limited number of ninth grade students in 1967-68. Ninth grade students who are fifteen years of age before the second semester starts will be permitted to take driver education the second semester. These students will take health the first semester. The remainder of the students in this year's ninth grade will take driver education and health in their sophomore year. After the 1967-68 school year driver education will be offered to sophomore students only.

All ninth grade students who will be fifteen years of age after January 14, 1968 should contact the high school principal and let him know what subject they want in place of driver education and health for 1967-68. Call PLaza 8-3663, Monday through Friday, 8:00 a.m. to 12:00 noon and 1:00 p.m. Students should call at earliest possible time to be assigned to their first choice subject.

Seagraves To Observe 50th Anniversary

A golden anniversary of Seagraves founding celebration will be held June 22--the first day of the annual Gaines County Rodeo, officials have announced.

Bill Burt, Chamber of Commerce manager, said "50-year Pioneer Ribbons" would be given to residents, who were here when the railroad first arrived in 1917.

Residents in Seagraves 30 years or longer will wear special "Pioneer" ribbons.

A settlement named Blythe existed where Seagraves now stands several years before the coming of the railroad. But the golden anniversary here will celebrate the arrival of the Santa Fe and the naming of Seagraves, officials said.

The town was named for Charles L. Seagraves, then vice-president and colonization agent of the Santa Fe Railway.

Somebody said that it couldn't be done,
But he with a chuckle replied
That "maybe it couldn't," but he would be one
Who wouldn't say so till he'd tried.

So he buckled right in with the trace of a grin
On his face. If he worried he hid it.
He started to sing as he tackled the thing
That couldn't be done, and he did it.

EDGAR A. GUEST — *It Couldn't Be Done*

Faith, mighty faith, the promise sees,
And looks to that alone;
Laughs at impossibilities,
And cries it shall be done.

SPORTS

Tuesday, June 13th will be a memorable day in Gaines County. The Texas Tech coaches will be on their annual tour and will meet with the Rotary and Lions Clubs in both Seagraves and Seminole --one half of them will meet in Seminole and the other half in Seagraves. After lunch they will attend the Golf Tournament to be held at the Gaines County Country Club.

At 7:30 - 8:00 p.m. a barbecue will be served. The program will include the highlights of this year and the prospects in each sport for the coming year. Also, the winners of the golf tournament will be presented awards.

Coaches attending will be Polk Robinson, Athletic Director; J.T. King, Head Football Coach; Gene Gibson, Head basket ball coach; Assistant Coaches, John Connaly, Grant Teaff, Gene Henderson, Bradley Mills, Burl Huffman, and Charlie Lynch; Clyde Prestwood, Academic Counselor; Ralph Carpenter, Sports Information director; Leete Jackson, Executive Secretary of the Red Raider Club. Probably some members of the Tech faculty will attend.

Lawrence Barber, Seagraves lawyer, is in charge of the Gaines County arrangements. He said an added attraction would be Donnie Anderson, football 'great' of Texas Tech.

CHAMBER of COMMERCE MEETING

Richard Watts, president of the Seminole Area Chamber of Commerce, has called a meeting for all interested parties, 2:00 p.m. Thursday, June 8, at the Chamber of Commerce office, concerning the building of the transient low rent housing. This is a proposition we can not afford to turn down.... "It is a must for our community's growth," he said.

We will decide how many units we need and other important developments. A unit is two rooms, 14 x 16 with bath and kitchen.

These houses will be built in sequence in the city limits and will be added to as they are needed. They will be built under FHA supervision.

Bridal Shower

Judy Weems, bride-elect of Eddie Ethridge, was honored with a shower, Saturday, June 3. The shower was held in the Bank Room at the Seminole State Bank. The parents of the engaged couple are Mr. and Mrs. J.M. Weems of Hurst, former Seminole residents, and Mr. and Mrs. A.A. Ethridge.

The refreshment table was covered with a turquoise net cloth over white. Milk glass appointments were used and refreshments of white wedding cookies with a turquoise rose center and white punch with a turquoise ice wedding ring were served to the guest.

An arrangement of turquoise tinted flowers in a milk glass bowl, centered the table. Mrs. W.R. Rosser presided at the punch bowl. Mrs. Carol Deen registered the guest. Mothers of the bride-elect and groom-to-be were in the receiving line.

Hostesses for the occasion were: Mrs. W. R. Rosser, Mrs. J.C. Rice, Mrs. Elvis Williams, Mrs. Beryl Reed, Mrs. Cecil Douglas, Mrs. H.J. Stockton, Mrs. J.T. Marshall, Mrs. Ray Milligan, Mrs. Dene Smith, Mrs. C.C. Lippincott, Mrs. A.G. Meadows, Mrs. John S. Beall, Mrs. Kennard Gilbreath, and Mrs. E.B. Baker.

Out of town guests attending were Mrs. Loy Fortner, aunt of the groom, Mrs. Gene French and Renee of Levelland, Mrs. Bill Weems of Morton, Judy's sister-in-law and Glenda Ethridge of Lubbock.

LIBRARY NEWS

"So Laugh A Little" by Molly Picon

You'll laugh a lot at this warm funny and very human book of Yiddish Americana by a beloved Broadway star. With the kind of feminine wisdom that overflows with special charm, Molly relates her famous grandma stories, hilarious tales of neighborhood characters, and family recipes.

"On the Beach" by Nevil Shute

Despite its grim premise that the world may destroy itself in the near future by atomic warfare, this is a book to be read by mature readers of all ages. Mr. Shute shows marvelous understanding of, and sympathy for the people who can be gallant as they await the inevitable results of a war they did not start. Intense, but not bitter and not without humor.

"Battle Cry" by Leon Uris

The story of a battalion of the U.S. 6th Marines and of the particular platoon which came together from all over the country to go through Boot Camp training before being shipped out in '42 to begin their island fighting at Guadalcanal. This is a story of American youth in the crucible of war; true, funny, terrible and touching all at once.

"Doctor Samaritan" by Elizabeth Seifert

Should a doctor assume the role of a good Samaritan, knowing the penalty he might have to pay? D. Cahill was faced with that question when he had to choose between saving the life of an injured girl or protecting his own career. Interwoven with the dramatic events that threaten his future, is his warm and moving romance with Cele, the girl with faith and love, and the secret she could not even tell the man she wanted to marry.

NEWS FOR HOMEMAKERS

Mrs. Vivian Liner, employee of Southwestern Public Service Company in Lubbock, presented a demonstration on "electric cooking" to the Seminole Young Homemakers, Thursday.

Mrs. Liner prepared a luncheon consisting of oven-fried chicken, snappy green beans, sour cream potato salad, Mexican cornbread, and lemon cake for Mrs. Wayne Upton, Mrs. Grady Crossland, Mrs. Jim Presley, Mrs. Dale Presley, a guest from Ponca City, Oklahoma, and Miss Ellen Massengill. She gave each person a cookbook containing oven meals and spoke regarding cooking an entire meal in the oven.

Plans were made to attend a YHT Leadership Clinic in Hale Center, June 6th. Mrs. Grady Crossland, the State President of the organization, has been asked to bring the State news to chapters attending the clinic.

This clinic will promote the State Young Homemakers Projects: Patriotism, Safety in the Home and on the Farm, and Beautification of the Community. Authoritative speakers are being obtained to present their viewpoints on these subjects. There will be also a panel composed of members from several Young Homemakers Chapters. The panel will discuss the way in which their chapters are promoting these projects. Mrs. Jim Presley of the Seminole Chapter will serve on this chapter.

The purpose of this clinic is to help each chapter strengthen its project work.

Graduates

Ronald Wayne Danley graduated Saturday night, June 3 from Texas Tech. Ronald received his Bachelor of Business in Accounting degree. He is a 1963 Seminole High graduate. Ronald is married to the former Charlotte Fincher and they have a 3 year old daughter, Ronda. They left today to make their home in Dallas where Donald will be employed with Texas Employers Insurance.

Mr. and Mrs. Albert Armistead have returned from a recent vacation. They visited in Wachachie with Howard and Bea Underwood.

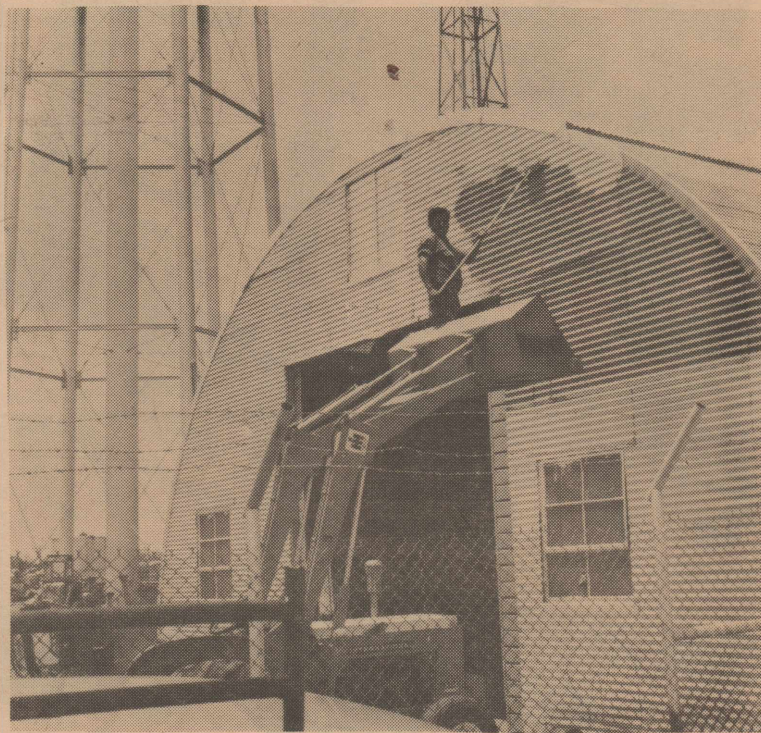

They reported that Howard was looking much better, and that the East Texas climate and the fishing holes seem to be agreeing with him.

Injured

Alan Barclay was working in a local automotive shop recently when some acid flew into his eye. Since Alan was wearing contact lenses and the acid hit the lens instead of the cornea, the results of the acid on the eye was very slight. According to Dr. F. J. Koberg, who treated Alan, it is very probable that permanent damage would have been done to the eye if Alan had not been wearing contact lenses.

AROUND TOWN

Charlie Earl had another birthday. Don't ask about his age, but it is near three score! - A young lad was in Sunday School and his teacher had given her best lesson on "Gifts That God Gives Us." She ask the 3 year old, "who gave us our eyes?" The little boy said, "God did." The teacher then ask, "Why did God give us eyes?" The answer received was, "To make ice cream!" - Mrs. Lindley looking chipper in a pretty blue knit - Open house at the First Methodist Church - Over heard, "The new facilities are beautiful as well as functional." "The Chapel is one of the prettiest ones anywhere." - Alameda Gady in quite a dither getting ready to leave on her Paris trip.

Mr. and Mrs. Raymond Stanley had in their home as week-end guests, Mr. and Mrs. Richard Stephenson and sons of Andrews.

We look forward each week to this very interesting and informative newspaper.

We wish you the best of luck and success in your new adventure.

Mr. and Mrs. Glen Weekly

Mr. Glen Stark, 208 N.W. Avenue B, Seminole, underwent surgery at the Highland Hospital in Lubbock last week, and is doing as well as could be expected. He will be in the hospital several more days.

Miss Paula Sue Beavers of Calgary, Alberta, Canada, was graduated with honors from Midland High School last week. The Harmon Greenes' attended the graduation exercises. Miss Beavers is a niece of Mr. Greene.

Mr. and Mrs. Darrell Burk are in California on a two week vacation.
