Why do people have to be stirred up before they will vote?

In the bond issue on the right of way only 300 people voted in a County Wide Election. There were only two absentee votes. Today for the school board election, not one voter has voted absentee. You can vote absentee through April 3 or three days before the election. If you are going to be out of town, go by Chester Browne, County Clerks office, and vote.

This is part of our heritage. Were we denied it, it would be insulting. Please vote and enjoy being an American.

TRUSTEES MEET

In a school board meeting Monday night (1) the school calendar was made official for the 1968-69 school year. School will be out officially on May 29, 1969.

About the only change was the Easter holidays November 28-December (inclusive) -Thanksgiving

December 21 - January 1 (inclusive) - Christmas

Teacher-in -Service Workshop on one Monday of Fourth Six Weeks

March 7 - District IV TSTA

April 4 - April 7 - Easter

(Please clip and save)

(2) The boys and girls track program, the gym program and the tennis program for the summer will be studied and a report made at the next board meeting.

(3) It was decided not to pay the medical bill of a student as requested by his parents, \$23.50, which resulted from his wrestling in a P. E. class.

(4) Mr. Jake Harrell was present to discuss the athletic facilities and needs. It was decided to asphalt runways for pole vault and broad jump and high jump apron and to build a discus ring off baseball field so it would not be dangerous while baseball was being practiced.

SELECTIVE SERVICE SYSTEM

AUSTIN, Texas, March 15--- State draft boards are being called upon to furnish 2, 378 men for the Army and Marines in April, Colonel Morris S. Schwartz, state Selective Service director, said Friday.

This compares to a quota of 1, 948 for the Army in March and is the largest monthly call for the draft boards since October 1966, when the share was 2, 845.

The draft boards will forward 8, 500 men to the armed forces examining and entrance stations in April for the pre-induction physical and mental examinations in preparation to fill future quotas.

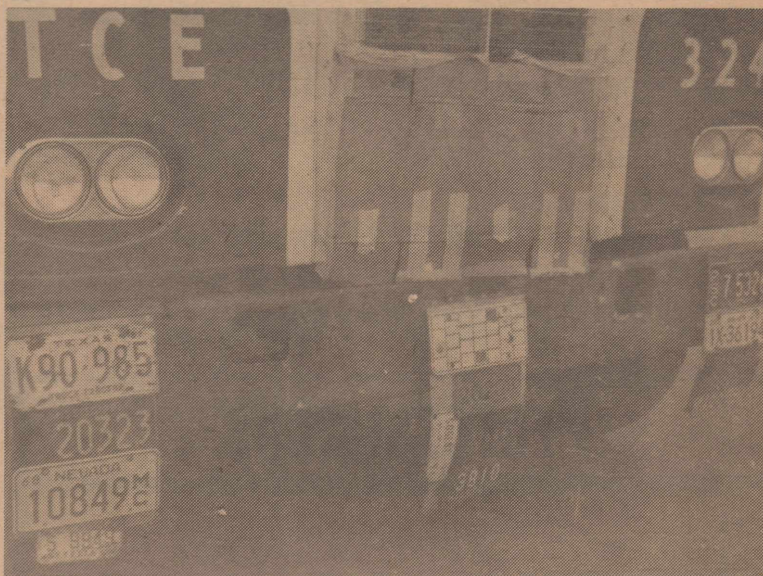

This compares to 7, 200 being forwarded for this purpose in March, 4, 590 sent in February, and 5,455 in January. The March pre-induction examination quota originally was 4, 200, but was increased later because of higher induction quotas.

The April induction and pre-induction quotas were mailed to local boards by state Selective Service headquarters March 13.

The April call of 2, 378 men for Texas is the state share of a national quota of 48, 000, the Army to get 44, 000 of this number, and the Marine Corps 4, 000.

The order of selection to fill the April and March induction calls may be from among examined and acceptable men who are:

(1) delinquents 19 years old and older, (2) volunteers under age 26, and (3) nonvolunteers 19 through 25 years old, single and married, with those married after August 26, 1965, being selected ahead of those married on or before that date.

The next time one of those big trucks get in your way on the highway, you might remember a portion of this story.

"How much does it cost to register this truck?"

"\$439.00"

"Well," he said, "That's how much it cost to register in Texas."

The following tags was on the front of this truck; Railroad Commission, Mississippi, Texas, Public Utilities Rhode Island, California, Virginia, Arizona-twice, Wyoming, Kansas, Oregon, New York, Illinois, Massachusetts, Minnesota, Ohio, and Arkansas. Also permits from Oklahoma, Michigan, New Mexico, Kentucky, Connecticut, and Tennessee. I believe the license and permits for the pulling unit alone cost, \$3, 989.00.

AGRICULTURAL DEMONSTRATION PROGRAM

Another year of hard work and effort has been put into the completion of actual result demonstrations on farms in Gaines County, reports County Agricultural Agent Calvin D. Holcomb. And the findings of these demonstrations are now complete and have been compiled into a handbook available at the County Extension Office.

The overall agricultural demonstration program is sponsored by the County Program Building Committee, points out Holcomb. Chairman of this committee is M. M. (Red) Hand. In charge of the overall Crops Committee is Leon Foote.

"We feel that our result demonstration program has progressed especially well over the past year," says Holcomb. "Last year was a good crop year and a number of significant findings came out of our demonstration program."

The Gaines County farmers who helped carry out these variety and fertilizer demonstrations are:

COTTON VARIETY DEMONSTRATIONS: Bob Malone, Seminole; Troy Martin, Seagraves; Newell Bowen, Seminole; Delton Mills, Loop;

COTTON FERTILIZER DEMONSTRATION: Charles Nance, Seminole; M. M. (Red) Hand, Loop; Benny Nichols, Seminole; A. P. McGuire, Seminole;

GRAIN SORGHUM VARIETY DEMONSTRATIONS: Robert Scott, Loop; Troy Martin, Seagraves; Kyle Hancock, Seminole;

PEANUTS: Roy Cypert, Seminole;

PERFORMANCE TESTING OF LIVESTOCK:

Jimmy Markham

All producers and agribusinessmen in the county will receive a copy of the 1967 agricultural demonstrations handbook in the mail, adds Holcomb. Additional copies can be obtained at the County Extension Office.

THOMPSON WINS SECOND IN H-SU TOURNAMENT

David Thompson won second place in informative speaking in the Hardin-Simmons Speech Tournament. Weaver Patterson also went into finals in that category and placed fifth.

Forty schools attended the tournament, bringing some 500-plus contestants.

SHS students attending the tournament were Kathy Hodges, Lavonna Jones, and Tom Keyes in poetry interpretation, Lilan Leigh Gainey, Marie Gowdey, and Danny Haller in prose interpretation; Mickey Williams, informative speaking; Paul Dabbs and Dixie Mercer in persuasive speaking; and the debate teams of Laren Holler and Linda Martin and Nickey Lilly and Mark Thompson. The team of Lilly and Thompson turned in a 2-2 record, while Martin and Holler turned in a 3-1 record missing quarter-finals in debate by only speaker points.

This was the last tournament of the season for the SHS speech squad. It is the opinion of their director that the squad has worked very hard and turned in an excellent performance for the tournament season.

The squad is presently preparing for the district meet, which is Friday in Kermit.

WOODENFOOTE

I personally want to thank Presley and Savell Auction Service for the public auction that was held last Saturday on the 23rd. I saw people at the sale from Hobbs, Loop, Andrews, Seminole, Lamesa, Brownfield, Higginbotham and Seagraves. No doubt there were many other towns represented. Nearly a hundred cars and pick-ups were counted.

It seems a shame to me, that the sale had to be one mile east of Seminole on the Lamesa highway. Why can't we fix a place to have public sales in our town so other businesses could better serve them, too? Certainly, Presley and Savell are running the service to make money, but I'd like them to know that I appreciate the extra people in Seminole. (Besides, I sold an ad to a man from Hobbs and was promised one from Andrews).

I thought maybe we could get out of this and I could declare myself Marble Champion uncontested. Twenty-five have signed up to play. Among them are three women. (Maybe they won't show up).

The date has been set at 2 pm Saturday, April 13. The place will be designated later, inside on dirt if weather doesn't permit us outside.

Evidently I won't be champion by default. So if you haven't signed up, send in your entry blank. You entries from Loop, Lubbock, Seagraves, Brownwood, Peacock(?), and Troop(?), if you want room arrangements made, please notify. Drawings for opponents will be made upon arrival before contest starts.

Heard over a cup of coffee. "The reason I never did make any money, I always had to work all of the time."

Information From Social Security Office

Dorothy Feazell, Field Representative of the Odessa Social Security Office, wants to remind all of her Gaines County friends that the deadline for the general medicare enrollment period is drawing near. However, since this date falls on Sunday this year, which is a non-work day, you may take care of it thru April 1, 1968. For this reason the Odessa Social Security Office will remain open until 9 p. m. on April 1 for the convenience of those unable to take care of it before the Deadline Date ---we'll be happy to help you."

The above work was being done on the draw --the James Stanley's home place. The year was 1917. The dump being built was for the old Midland and Northwestern Railroad. The driver of the rig near the camera was Babe Howell. "Yes, we did have an extra team to hook on to help us load. I never will forget the one armed Negro man that drove the extra team to help us load. He was a good driver. In those days, they paid a man by the day including his team."

Afterwards the students, parents and friends had tea in the Student Union Building.

AUSTIN--Against a background of growing unrest among the nation's teachers over low salaries, delegates to the 12th annual State Convention of Texas Classroom Teachers Association will consider a resolution to put Texas teachers' salaries on a par with the national average.

Meeting in San Angelo April 5-6, the 1000 expected delegates will vote on a resolution urging legislation to move Texas teachers to or above the national average.

Other business before the delegates representing the organization's 48,000 members will include voting on a new Constitution and Bylaws for the association.

In 1917 the Midland and Northwestern Railroad was built. The above spike has stenciled on it M & NW. It was touched up here so it could be photographed. After the railroad was moved, a many a driver of truck and cars complained bitterly when hitting one of the above spikes. The old telephone road that goes to Midland is the dump where the railroad ran. A story is told about a young man that walked the roadway after the track was moved and pitched the spikes off the road. Someone asked him if he walked 12 miles into town throwing the spikes off the road and then walked on the way back home without anything to do. His answer, "Heck, no, I walked the ditch going back and threw them up in the road."

Some Where-Viet Nam

2-18-68

I am still here and in good shape, I think. I was wondering for a while last night. We got hit pretty hard about 1:00 a. m. I would guess about 100 rounds of mortar and rockets hit the base. They hit the flight line pretty hard and a couple hit within 400 yards of our hut. I have heard we lost six planes. It is a guess, that they were trying to get the General's quarters. The chapel was hit and burned to the ground. We go to the base theater for services now.

It is 12:30 now and they just gave us another one. It must have been a mortar as we didn't hear anything coming, and one can hear the rockets before they blow. One hit up the street by 7th Air Force Headquarters. It appears they will keep it up all day, so we can stay nervous. I maybe, shouldn't be writing you what is happening, but it keeps me thinking and from getting on edge. I have about ten fellows here, so scared they can't think and I don't want them to know the 'ole man' is too. It helps them to think I'm under full control, though I'll admit to you, I'm scared. Anyone in his right mind would be. I am glad it is me rather than Jon or Steve that's here though and I surely hope they never have to go through a thing like this.

I finally got in some weapons; two .38 pistols and a M-16 rifle. During the noon attack they hit the old PX building and nearly tore it apart. Luckily no one was near, as it blew debris all over a one block area.

I sure could use a leaning post right now. All the young fellows keep looking to me for advice, I hope I advise right. I know I have four little ones at home, but here, I feel I have at least 100 of them.

I hope this so called offensive by the V. C. has made people aware, there is a real war going on. I hope those guys that burned their draft cards are happy now. One of my boys that just got back from the States told me he was in a California College town and was treated like trash. It just isn't right, when we are trying to save a land we love. I'm not a great patriot, but I'm afraid I couldn't go around with anyone that degraded these kids, my flag, or any of the other items that represent America to me.

Tell Steve I'd like him to have his B-B gun here. I know I could kill at least 25 mice and rats every night.

While I was in Japan The N. C. O. Club was turned into a hospital. Our hospital went from its original size of 200 beds to over 1000 in 12 hours. You asked why it was necessary for the 82nd to have to come back. The army and marines are spread so thin they can't take men off guard duty to fight. I would estimate 2/3 of the personnel are Air Force. They have no actual fighting practice, at all. We do have to keep the planes up, so we can't spare mechanics to fire guns. Besides, there aren't enough guns to go around. Over here, one has to go to the army and beg, if they can spare a gun.

LETTERS to EDITOR

Dear Editor:

I have just received your very newsy paper. We appreciated your News when we lived in Seminole, but now more than ever, we just would not be without it!

Please start Mrs. Rolins subscription with this issue. She says she just doesn't know anything about Texas politics, so this issue will be very informative for her.

Keep the good work going with your fine paper.

SEMINOLE JUNIOR HOME DEMONSTRATION CLUB MEETS

The Seminole Junior Home Demonstration Club met Thursday, March 21, at 9:30 a.m. in the Extension Meeting room.

Mrs. Oliver Goldston, Chairman, presided at the meeting.

Cookies, coffee, and tea were served by the hostess, Mrs. J. E. Welborn.

The program was presented by Miss Elinor Harvey, Gaines County Home Demonstration Agent. The title was, "All About Knives and Carvings". She said a well equipped kitchen may have as many as twenty-five knives but the six basic knives will do. Knives should be taken care of and used only for cutting. The knife is the most used object in the kitchen. They should never be stored in a drawer, but always in a holder.

The next meeting will be on Wednesday, April 17, at 1:00 p.m. at the Community Building. There will be a meat specialist from Texas and A&M, for a meat demonstration. He will cut up a half of beef and show the different cuts and also special preparation of the meat. Anyone interested is invited to come.
