

Miss Cotton Contest

Gaines County's first Miss Cotton Contest will be held Sept. 6 at 8:00 p. m. in the Seagraves High School. The public is invited and urged to attend. No admission will be charged.

The contestants will be modeling some outstanding cotton fashions. It is important to have a good turnout to support these young ladies. At this time of the year, everyone is very much aware of the importance of cotton to Gaines County. The Miss Cotton Contest is one of the major projects of the Womens Cotton Promotion Club.

A three day trip to Kerrville was outstanding in many ways, but especially in seeing all the animals. It not only cost \$1 to get in the Kerrville State Park, but it cost \$1 to spend the night. But the \$2 was well spent when we immediately began to see one doe and her fawn - there's another one on his toothpick legs, and there's some more and some more and more. There were wild turkeys by the dozens. There's a mother hen with her 18 little poults. At least 15 mother hens with their half grown broods from 15 to 25 were seen. One, two or three turkey hens would cross the road, look back and their young would scamper across. I've never seen this many wild turkeys before.

Besides the abundance of turkey and deer, there were armadillos, squirrels, bob white, quails by the jillion, rabbits (both cotton tails and jack rabbits), birds (scrub jays, humming birds, bats, doves, and geese). Of course, being in the hill country, there was the ever present graceful buzzard. They are so much prettier sailing around in the sky than they are when seen at their work.

Since they've upped the price of entering the state park and spending the night a lot of Texas travelers are by-passing them. In the portion of the park we stayed in - the first night there was only one other camper. The second night there were possibly two. This includes the tenting area - the trailer area - the shelter area - and the group area. In each of these there were "his" and "hers" facilities with three units each with tile showers, hot and cold water and very clean.

On the other side of the highway were 8 or 10 campers. The shelters were screened in rooms, about 16x14 (extra cost), hook up for trailer (extra cost), electric outlets, and sewage disposal. The nice thing about Kerrville State Park was that it was not crowded? Such service! Besides the four rangers I was told that they'd had 12 auxiliary employees during the summer. The garbage crew was outstanding. They drove up to a garbage can, lifted the lid while still sitting in the truck and replaced the lid. That is, until they got to ours then two men jumped out and emptied the garbage for the day. Cond't on page 2

Contestants are Misses Janet Setleff, Seagraves; La Ruth Freeman, Loop; Nancy Dunson, Seagraves; Judy Bird, Seagraves and Terri Freeman, Loop.

The county winner will receive \$100 from the Womens Cotton Promotion Club and will compete for the State title Oct. 17-18 in Dallas. She will represent Gaines County in Dallas. HELP SUPPORT GAINES COUNTY MISS COTTON Saturday night.

New clothes, new shoes, first day of school and the first recess. A teacher was overheard saying, "They are a little bashful today but that will not last long."

Street Construction

A. D. Nail, foreman, is shown looking over the equipment that is to supply the caliche on the street paving in Seminole. The equipment belongs to South Texas Construction Company. The \$250,000+ worth of equipment is located south of the ending of 19th Street in the draw. The eight men working the equipment will stock pile approximately 60,000 yards of material, taking about thirty days. The huge shovel in the foreground will load trucks to dump in the hopper on top of the hill shown in the background. The two elevating belts will lift to the hopper on the extreme left so that carry-alls may pass under and move to the stock pile.

Lion's Broom Sale

Team captains Dale Butler, on the right, and Wayne Stokes, center, are in the process of trying to sell Karl Hughes a mop and broom. The Noonday Lions Club members will be calling on you next Thursday, Friday, and Saturday, selling a variety of products built by the Blind of Texas. Cond't on page 2

Angus Field Day

Magdalene Markham of Markham Angus Farm is pictured with the trophies to be given away with pictures of Angus herds and pamphlets on black cattle.

Farm hand

Pete Flippo of Flippo Angus Farm is shown with a prize Angus bull last Saturday at the Southwestern Angus Association Field Day. The figure 4 seen on his left hip was placed there in paint for judging purposes.

SOUTHWESTERN ANGUS ASSOCIATION FIELD DAY HELD SATURDAY

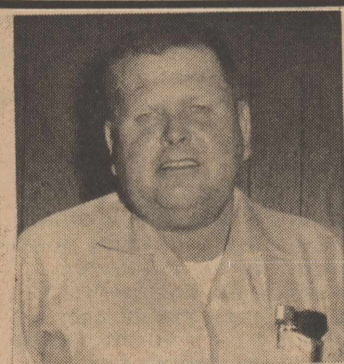

When the Markham Angus Farm of Seminole, Texas and the Flippo Angus Farm from Seagraves have a field day together, as they did last Saturday, they put on a real show. The Markham Angus Farm is located 3 miles north of Seminole, Texas on Highway 385. They have won many previous honors on their black cattle.

Guests registered from the following places Ft. Worth, Seminole, Seagraves, Dora, New Mexico, Midland, Tahoka, Brownfield, Lamesa, Lubbock, Slaton, Acuff, Fluvanna, Lovington, New Mexico, Meadow, O'Donnell, Odessa, Loop, Littlefield, Snyder, Earth, Anton, Fabens, and Spur.

The guests began to arrive shortly after 9 o'clock and a cattle judging contest was held for FHA members, 4-H members and adults. Three different groups were shown - bulls, cows and heifers. (The bulls were not too hard to judge as this writer's opinion agreed with the judge's all the way, missed two on the cows and simply got the heifer class completely backwards). Everyone seemed to enjoy the judging although some did not agree with the opinion of the

judge.

Another good part of the program before lunch was the importance of selecting herd bulls, replacement heifers and going into the background of certain cows as to their production on weaning size calves.

A barbecue lunch with all the trimmings was served from 12 till 1. From 2 to 3 p. m. questions were discussed including "what size cow is the most efficient producer", discussed by Steve Hammack, Livestock Specialist, Research Associate, Texas A&M, Spur Experiment Station. Joe Van Zandt, Texas Cattle Feeders Association, discussed Area Outlook for Cattle Feeding.

Awards were presented at 3 o'clock by Master of Ceremonies, Ray Adams, Registered Angus Breeder from Tahoka, Texas.

LION'S CLUB FROM P. 1

The Noon Lions Club will conduct an all-out drive on September 4th, 5th and 6th to sell quality blind made products to residents and local businesses, according to an announcement made today by Jimmy Pierson. The articles are all manufactured in the Lighthouses for the Blind which are located throughout the State of Texas. The Lions Club's earnings from this sale will be used for worthwhile projects.

The entire membership of the Lions Club has been organized to supply friends and neighbors with this quality merchandise delivered right to their homes. Every household can use some type of household cleaning aid and every item sold helps some blind person to help himself.

Sales of Blind Made Products held by the Noonday Lions Club in previous years have been most successful and Lion Pierson expressed his confidence in another successful sale this year.

From p. 1

No wonder the facilities were so clean. I think we were the only users one day. Also, the rangers were so nice. They stopped and they visited. They told us about the wild life and about the area. It was a good visit. A lot of the labor shortage could be corrected if state parks throughout Texas are operated like Kerrville.

We are ready!

If and when disaster strikes, thousands of telephone men and operators, and tons of equipment are available to help restore communications.

Emergency phone service for police, hospitals and city officials is the first order of action. Then attention is turned to

customer telephones that may be crippled.

It's a job we would rather not have to do. But when necessary—whatever the emergency... floods... hurricanes... tornadoes—we're ready. We may be the only phone company in town, but we try not to act like it.

The Classroom Teachers Association invited board members and new teachers to a coffee at the Raymond Restaurant last Thursday. New teachers shown at one table are Kathleen Long, nearest to the camera, 4th, 5th and 6th grade P.E., Mary Wesley, high school; Christine Mitchell, high school English; and Sheila Bevel, Junior High P.E. The two board members behind them are Leon Foote, left, and Dan Martin, right.

At 2:46 p. m. on Monday the Seminole Volunteer Fire Department was called to a vacant house on East Pittman. It was first thought that the fire was serious when the speed of the firemen was noted. In fact Joe Pattie was never seen to move so fast. It seems that fireman Pattie stuck his elbow in a yellow jacket's nest and was moving out, instead of trying to put out the fire. More damage was done to Joe Pattie's elbow where he got stung than by the fire to the vacant house.

All teachers were invited to a coffee last Thursday morning by the Seminole Area Chamber of Commerce. Shown in the line are Mr. and Mrs. Roy Barnes, Wayne Parker, Melvin Clark, Leonard Boyd and Bill Morgan. Seminole is indeed fortunate to welcome not only new teachers but especially those who have been here before.

AROUND TOWN *By Jackie Squires*

To prove this is the sweetest column this side of Heaven (and not to be out-done by the Woodenfoote and the Wilson kids) here are my grandchildren Tammy and Billy Pierce, Jr. We share their affection with Mr. and Mrs. Frank Pierce of Ft. Stockton, the other grandparents.

"Pl-ease brother I'd like to finish my toast with all my hair."

I suppose I must give some credit to their parents, Billy and Phyllis Pierce, for making Around Town so easy for me this week. --Lookout for me because I'll be seeing you AROUND TOWN.

"I don't mind holding him up, he's my brother."

"If I finish this, can I have the other one?"

"Look brother! Granny's here!"

"Hop in Granny, I'll give you a ride."

Cecil Parker, a graduate of Seminole High School a few years back, has entered a six months training program with B & J Pump Service in Odessa, Texas. After finishing Abilene Christian College and a hitch in the service he lacks only six hours having his masters degree from Texas Tech.

Terry, Ginny and Tim Martinez of Ft. Worth were week-end guests of Linda and Amy Aryain.

Lt. and Mrs. Paul Gober and daughter of Colorado Springs, Colo. have been visiting her parents, Mr. and Mrs. Pete McClellan.

Mrs. B. Fralin of Lubbock spent a few days with her daughter, Mr. and Mrs. Tom Rogers and sons.

Dick Loyd, student at Texas Tech spent the week-end with his parents, Mr. and Mrs. H. B. Loyd.

Mrs. J. C. Stephenson of Comanche, Okla. has been visiting in the home of her daughter, Mr. and Mrs. Wade Salmon and Joanie.

Rev. and Mrs. A. J. Kennimer, Melody and Jeff of Glendale, Calif. have been visiting Mr. and Mrs. Herbert Hicks and children.

Mrs. Dona Murrell, granddaughter of Mrs. Cleta Anderson left the Medical Center Hospital in Odessa Monday, after having under-gone surgery there last week.

Mrs. Mable Ford of Snyder visited in the home of her daughter and family Mr. and Mrs. Jewell Franklin over the week-end.

Jerry Drennan and sons, Hollis, Deon and Cohn Ray, of Abilene spent a few days last week with his parents, Mr. and Mrs. J. R. Drennan.

That nice lady on the left, Mrs. Dennis Knight, started serving the Rotary Club luncheon in September, 1939. "We served in the Methodist Church at one time, also the Presbyterian Church and moved to the Community Building when it first opened. I served the first meal there. Mrs. Karl Hughes served with me for 25 years. Since her death Mrs. Lester Sweatt has helped. They always made the hot bread and we have missed very few times having it."

The Rotary Club eats with the Lions Club once each year during Texas Public School Week; that's when Mrs. Knight gets her vacation. Thirty years times 51 weeks is 1530 meals. "I don't want to tell you how old I am because I'm a woman, but it's past 80. At one time I used to serve the food for the money; now because I love to. No, I doubt that I can make it 20 more years but at times I feel that I can just go on and on. I've seen some of the best come and go - Mr. Duff, Mr. Carroll, Mr. Jim Graves, Mr. L. P. Smallin, and many more. Also the young men - they've been so good to me. When I started feeding the Rotary Club I could feed all of them and the visitors for \$6.00. It's quite a bit more than that now. Karen Pool helped some this summer. She is the granddaughter of Mrs. Karl Hughes. I usually try to use one school girl."

The Rotarians of this city eat well at their noonday luncheon each Thursday and Mrs. Knight's cooking is always mentioned by visitors to the club.

Audy Cox left Tuesday for Dallas where he will resume his studies at SMU.

Mr. and Mrs. John McClellan visited Sunday and Monday in Lubbock with their son, Mr. and Mrs. Charles McClellan.

Tuesday night visitors in the home of Helon Martin were her brother and sister-in-law, Mr. and Mrs. J. B. Martin, their daughter, Jana, and little granddaughter, Tracy Martin, who resides with her parents in Dallas, Texas.

Mrs. Doris Crowe spent the week-end in Carlsbad with her daughter, Shirley Clark and family.

Mrs. James K. Waldrop and daughter, Paula of Odessa, accompanied by Mike Aultman, were dinner guests in the home of her mother, Mrs. Harry N. Stone, Sunday. Myra, who had spent the week with her grandmother, returned home with her mother.

Mrs. E. V. Craighead from Electra is recuperating from a broken leg in the home of her daughter and family Mr. and Mrs. Roland Lorenz.

Mr. and Mrs. Ray Presley, Roger and Ruth Ann of Seminole, Okla. visited last week with Mr. and Mrs. Alfred Glenn and Mr. and Mrs. John Conn.

Mr. and Mrs. O. J. "Buck" Childs of Canton, Texas and Mrs. Mike Childs and Leslie Ann returned Tuesday from visiting their son and husband, Mike Childs, in Ft. Huachuca, Ariz. Buck and Dorothy will visit their daughter, Mr. and Mrs. Robert Bice and Melissa Ann, before returning to their home in Canton.

Mr. and Mrs. Charles Squire, Pam and Gary visited in Hobbs during the week-end with Mr. and Mrs. Elbert Lewis and with their daughter, Mr. and Mrs. Billy Pierce, Tammy and Billy, Jr.

Mr. and Mrs. Paul Thaxton and sons of Lubbock, visited her mother, Mrs. Bessie Sample over the week-end.

Steve Abshier visited his parents, Mr. and Mrs. Al Abshier over the week-end. Steve is a student at South Plains Junior College in Levelland.

Mr. and Mrs. Joe Adkins returned Monday night after spending several days in Ruidoso.

Mr. and Mrs. Paul Stracener, Roy, Keteica and Paul Lee and Mr. and Mrs. Carl Stracener of Odessa spent the week-end in Ruidoso, N.M.

HOBBS, HWY.

Sheriffs Posse members gathered last Friday night at the Gaines County Park to discuss arrangements and riding in the Albuquerque, New Mexico parade for the State Fair September 13. The 32 members are anxiously looking for other riders and honorary members.

Jake Harrell, head coach, in discussing the football team at the Seminole Noon Lions Club, said, "there'll be no crying today. I'll just show you a film of the Littlefield scrimmage and you can see the terrible truth." He mentioned the new offense and Jake Collins, assistant coach, immediately said, "this is the offense where we do not block anybody. Some of the boys need to add some weight, especially Laverne Bennett; he would be a little stronger if he added some weight" he said.

Gene Sims looked real good at his end position, also Frank Gady at fullback. Charles Donohoe came in after Danny Whisenhunt was hurt and looked good and strong. Coach Harrell went on to explain that Littlefield was probably one of the weaker 3A. teams and Brownfield, who Seminole will scrimmage this Friday at 7 p. m., was about in the same category. David Foote at right end had a real good scrimmage against Littlefield. And then there's the problem of having some overweight boys who need to lose pounds. Ray Hitch, at 270 pounds, needs to take off some more weight.

The following players may have a change in position or numbers. This is not an official roster.

MRS. COCHRAN AND MRS. DUNCAN TO BE SPEAKERS

Mrs. Mary Cochran, Volunteer Coordinator, and Mrs. Betty Duncan, Program Coordinator, both from the Big Spring State Hospital, will be the principal speakers to discuss volunteer work and work with the Senior Citizens Friday, September 5, at 2 p.m. The meeting will be held at the Seminole Community Building.

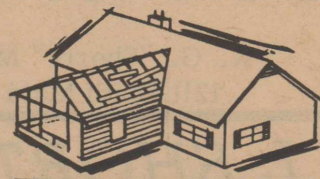

Members of all womens clubs, civic organizations, residents of Gaines County and all other interested persons are urged to attend.

Discussed at that time will be the modern Circuit Rider. The modern Circuit Rider is a volunteer from a six county area of Borden, Dawson, Scurry, Martin, Mitchell, and Howard. These are sparsely populated rural areas where aged citizens are often uninformed of their mental health needs and resources. These volunteers travel to Big Spring State Hospital on a regular basis to bring personal and social contact to hospital residents who must for a time step out of the main stream of life. Unlike the pioneer Circuit Rider in West Texas, they ride the modern wagon, a ten passenger station wagon, piloted by the program specialist.

When the freshmen were asked at their scrimmage last Thursday if they were ready the answer was a big "yes" as they took the field and then went out and proved that they were ready by putting on a sustained drive and going all the way.

The Seminole freshmen opened up holes in the Hobbs line. A running back is fixing to take the hand off and the play was good for 4 yards.

E. L. Short, Representative from the 73rd District, was asked "Where are you on a tax bill?" "Just about where they were when I was sworn in. We sent another House Bill to the Senate last Thursday. They immediately shelved it for 48 hours. They did approve of the two months appropriation bill."

Mr. Short went on to say that the house is looking more for a consumer tax while the senate is looking more for franchise taxes and/or business taxes. Where will the new taxes come from in looking for the \$335 million? In all probability from (1) cigarettes - from 3½¢ to 5¢ increase per pack, (2) increase franchise tax \$1.00 ranging on up to \$1.50, (3) tax all vending machines except newspapers and under 5¢ machines, (4) increase sales tax to 3.25 which would include repairs, maintenance and other service, (5) amusement tax - probably 10%, (6) alcoholic beverages - 10¢ per serving in private clubs and on airplanes.

Representative Short pointed out that the cigarette tax for the

DRIVING WHILE INTOXICATED — CHEMICAL TESTS — CONSENT

Senate Bill #74 also passed by the House with a vote of 144-0 says "any person who operates a motor vehicle upon public highways SHALL BE DEEMED TO HAVE GIVEN CONSENT for tests to be made to determine alcoholic content of blood." Section #2 of the same act says that an operator who refuses tests "CAN GET OPERATING PRIVILEGES SUSPENDED FOR ONE YEAR." Section #3 states that a chemical analysis of blood, breath, or urine shall be admissible.

"Breath specimens must be taken and analysis made under such conditions as may be prescribed by the Texas Department of Public Safety, and by such persons as the Texas Department of Public Safety has certified to be qualified. The person tested may, upon request and within a reasonable time not to exceed two hours after the arrest, have a physician, qualified technician, chemist, or registered professional nurse of his own choosing administer a chemical test, or tests, in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test, or tests, taken at the direction of the law enforcement officer."

September 1, 1969 will be the effective date of what Texans will probably call the "Chemical Test Consent Law".

There are other new laws going into effect and one that's been needed a long time - a tail gating law. A safe distance is required between the car you're following and your own automobile. Another law states that slow moving vehicles keep to the extreme right.

The inspection fee is up 25¢ also - from \$1.75 to \$2.00. Inspection stations over the state are getting a real break - stickers will expire one year from inspection date and not all at the same time. Stickers issued during the year will have from 1 to 12 on them, indicating your inspection date.

Visitors in the home of Mr. and Mrs. Bill Brown were their son and his wife, Mr. and Mrs. Billy Paul Brown of Abilene. They have left for Abilene, where both will be enrolled in Abilene Christian College.

Mr. and Mrs. Blackie Hartwick of Lubbock visited her sister and family, Mr. and Mrs. Charlie Rowland and Chuck Sunday. Also visiting the Rowlands were the Hartwick's son, Mr. and Mrs. Larry Hartwick and children of Lubbock.

Mrs. Bill Gwaltney, of Lubbock, the former Beverly Ogle, visited her parents, Mr. and Mrs. Wesley Ogle over the week-end.

Some people have 'em and some people don't and the people who have 'em it's best not to say anything about 'em. They can take any amount of your time - from five minutes to five hours. I promised you people for weeks about a column on my grandkids. This is it!

Phil Upton, highway patrolman, reported that the Midland region, reaching from Eastland, Texas to El Paso and Del Rio to Seminole, did not suffer a single fatality over the Labor Day weekend.

A rash of wrecks this past week has torn up a number of cars and pickups but fortunately no one has been killed or seriously injured. Mrs. Earlene Benson, driving a 1966 Olds 88, was involved in an accident on S.W. 11th Street and Ave. D. at 1:10 p.m. last Monday. The other driver, Randy Harris, 18, was headed north on 11th Street in a pickup truck owned by Rental of Seminole. The Benson car was traveling west. The car sustained approximately \$800 damage; the pickup a total loss, approximately \$1200 to \$1300.

Last Wednesday at 8:50 p.m. Kenneth Selman, highway patrolman, reported a 1969 Dodge, driven by 19 year old David Max Burgess, with a passenger, Claude Kimzer, 21, from Denver City, escaped serious injury when they were thrown clear in a one car accident 3 miles south of Denver City. The driver sustained a broken collar bone and abrasions. The car left the highway on a curve, traveling 60 feet airborne, rolled over one time, throwing them out and traveling 68 feet in the air again before hitting, rolling over and coming to its final resting place.

Delta Howard and Betty Rose were involved in a two car accident at S.E. 3rd and Ave. J. at 2:45 p.m. Tuesday. Only about \$150 damage was estimated to both cars.

LOOP NEWS

BY MRS. BUCK CUNNINGHAM

The annual Shults family reunion was held this past weekend in Loop with an all-day meeting and dinner Sunday at the Loop Community Building. Present for the occasion was Mrs. Lela Shults of Brownfield with many her children and grandchildren attending. The sons and daughters of Mrs. Shults who were present are Mr. and Mrs. G. C. Hudson, Colorado Springs, Colo. and Mr. and Mrs. Bill Shults of Loop. About sixty people were present.

The 1969-70 school year got underway Monday morning, Sept. 1 with an assembly in the school auditorium at 8:30. The program opened with a prayer by Bro. Thompson of the Ashmore Baptist Church. The entire group joined in singing the National Anthem with two of the new teachers leading, Mr. Dan Calfee played the piano and Mrs. Connie Hoover lead the singing. Supt. C. S. Puryear introduced the faculty.

The new teachers are Mr. Dan E. Calfee of Seagraves who will be the beginner band teacher; Mrs. Connie Hoover of Brownfield, choral music and Mr. Wayne Fincher, coach. Mr. Fincher has moved to Loop from Water Valley. Other teachers include Mr. F. W. McDonald, High School principal, Mr. Fred Hamilton, girls coach, Mr. Kelly Baker, Sciences, Mrs.

Schedules and rules for the coming year were announced and a closing prayer was offered by Bro. Newman of the Loop Baptist Church. After the closing prayer, Dave Cunningham, last year's student council president, presented a portrait of the late Mrs. Gertrude Puryear to the school. This was a gift from students, faculty and board members. Mr. Puryear accepted the gift. It is to be prominently displayed in the central hall of the High School building.

Our congratulations go to Willie Gambrell, former Loop High School student on being the recipient of a scholarship to North Texas State University. Willie was the young man who represented Loop at the State Track meet in the pole vault event. He has attended Howard County Junior College for two years where he has performed in the pole vault event. He was offered $\frac{1}{2}$ an athletic scholarship to N. T. S. U., then was offered the dormitory counselors job to pay for his room and board.
