

Picture #1 shows Mr. and Mrs. Richard Jones and daughter, Rhonda, at the packing shed at Oliver's Orchard. Picture #2 Mr. and Mrs. Charlie Coleman, Polly and Terry from Anchorage, Alaska are enjoying gathering peaches in Gaines County last Sunday. Picture #3 shows Mrs. Lela Oliver from Lamesa, center, smiling at Jerrie Templeton and Robbie Skala from Hobbs, New Mexico. "I've worked here two years and see that row of peaches in front of me, they're just right to eat. They are g-oo-ood!"

**WOODENFOOTE**  
Dee Coker took one look at my bulletin board and said "I've got some things you need." That screaming pulley that always hung over the well is a most welcome addition. The side walls where the rope ran are real thin in places. For what it's worth to any of you - it's a #10 pulley and measures nine inches in diameter. The top half is covered with a fender that looks like the fender on a bicycle tire, with a big hook on the top of it. cont. on page 2.

The Old Settlers Reunion will have their get together on Saturday, July 4. It will follow the Christmas in July on July 3.

The Evening Lions Club will sponsor a Donkey Ballgame at 8 p. m., with a fireworks display to follow.

In this issue of the News many old pictures will be seen that have been used the past year, plus various pictures from R. L. Jones Drilling Co., Anderson Farm Supply, Ross Moore Insurance, Hoffman Oil Well Service, Forrest Lumber Co., McAdoo Chevrolet and many, many more.

The following clubs will participate on the courthouse square on Friday night, beginning at 7 o'clock: Junior Study Club - penny pitch and dart booth, Lions - dunking board, Rotary-bingo, Candy Strippers - concession stand, Girl Scouts -bake sale, BP&W - grab bag and fortune telling, Garden Club - country store, Tau Upsilon - pony cart ride and cake sale, Music Club - books, Chamber of Commerce - homemade ice cream.

## GAINES COUNTY PEACHES ARE READY

### "Welcome Old Timers"

In the 100 block of South Main set a landmark shown in this picture. It was a Roy Bean or Jersey Lilly type building. When Ross Moore bought into the insurance business it was with Mr. W.A. Cox. Their sign reads Cox-Moore, Fire, Auto, Casualty Insurance, Bonds - Real Estate, and on the front of the building - Land & Cattle. The present building site now has buildings that were formerly occupied by Roberts Studio and the Chamber of Commerce. Next to it was the old building H. B. Motor Co., selling Hudson automobiles, Telephone # 187. In 1946-48 were those years when you still called Central in Seminole (the old ring 'em down type). In the left hand corner was a cafe at one time where Jameson's Market was later located. The two story building in the far part of the picture was the old Masonic Lodge building which simply said Seminole Lodge #957.

Acres, acres and acres of peach trees. Thousands, thousands and thousands of bushels of peaches. The News last week erroneously reported that the early peaches in Gaines County were lost to the frost and late freeze. The Oliver Orchard, located 20 miles west and 5 miles north, has fifty acres of Dixie Red peach trees loaded and ready for your visit, probably the biggest crop that they've ever had. Between 10,000 and 15,000 bushels are available today.

The Dixie Red variety are tree ripened and organic grown (no chemicals used whatsoever). Some of the trees are actually bent to the ground, trying to hold up their fruit. People were seen last Sunday in the orchard from New Mexico, Texas, Oklahoma, Tennessee, Alaska and Colorado. If you would like a real family outing, go to one of the Gaines County orchards (Oliver's, Freeman-Moore, and probably others) and gather a few bushels of peaches. There's nothing like the juice of a Gaines County peach dripping off your chin to get the ole' saliva moving. cont. on page 2

Mrs. Lucian Spencer from Dallas and granddaughters, April Hill of Dallas and Khristy McElhannon of San Antonio, are shown gathering peaches at Oliver's Orchard last Sunday.

CONT. FROM PAGE 1

To visit a sandy land peach orchard makes one glad they're living. They should weigh their customers in and out, but do not. Join the trek to West Gaines County to see the row on row, the acre after acre and truck load after truck load of beautiful Gaines County peaches.

Mr. and Mrs. C. E. Johnson of Hart spent the week-end with their daughter, Mr. and Mrs. Charles Willis.

Miss Suzon Craig of Las Cruces, New Mexico is visiting her grandparents, Mr. and Mrs. Jack McCright.

Candy Strippers at the Memorial Hospital have worked 630½ hours this year. New Members attending the meeting Monday afternoon were (pictured kneeling left to right) Sandra Brock, Mary Lambert, Helen Haney, Edna Sample, Donna Goodall, Nancy Hunt, Patricia Blount, Carol Everett, Dixie Harrell, Peggy Ruthart and Evelyn Moore, on crutches. Other members attending were (standing left to right) Karen Landrum, Brenda Jones, Polli Doss, Marylyn Childers, Liz South, Susan Miller, Shiela Jones, Pam Lammons, Jo Ann Davis and Debbie Wallace. Shiela Jones was presented with a 300 hour pin; Brenda Jones, a 200 hour pin; and Zelda Harper, who was absent, had earned a 100 hour pin.

**WOODENFOOTE CONT.**  
FROM PAGE 1

Ralph Cravens and others who have seen the board have insisted on making some additions, like a cur comb, a curling iron, also a pair of ignition wrenches - Model A or Model T, I don't know which, a cavalry spur, a round cur comb, a clamp to put in a bull's nose, a cookie cutter with a heart in the middle of it - 1905 model, an Eversharp pencil - the kind the girls wore on a chain around their neck, a horseshoe, a stake to stake a trap with, another gismo that I don't know what is, and a wrench that I don't know what it's made for.

If all the things that's been mentioned could talk, I'd be writing books instead of a column. Let's get back to that well pulley. There's cisterns to draw water from and wells to draw from, but the one I like best was that machine-dug well on my grandma's place. It set right next to the mountain on the old home place, just east of Pecan Bayou, below Brownwood.

The well itself must have been about 60 feet deep. Now that well pulley would really go fast when you put that long bucket down in that well and turned it loose. Me and my cousins used to see who could get that bucket on the bottom the fastest and get a drink the quickest. We wasted a lot of water and you just couldn't have any fun if there were any adults around, especially Grandma. "Don't drop that bucket," she'd say, "let it go down easy," and you had to be awfully careful, 'cause if you let it go and somebody caught you and you tried to stop it real quick you could burn blisters on your hand.

If we found a little grease to put on the pulley we was in business. It didn't make so much noise then.

One of the great tricks of dropping the bucket was catching some unsuspecting person standing

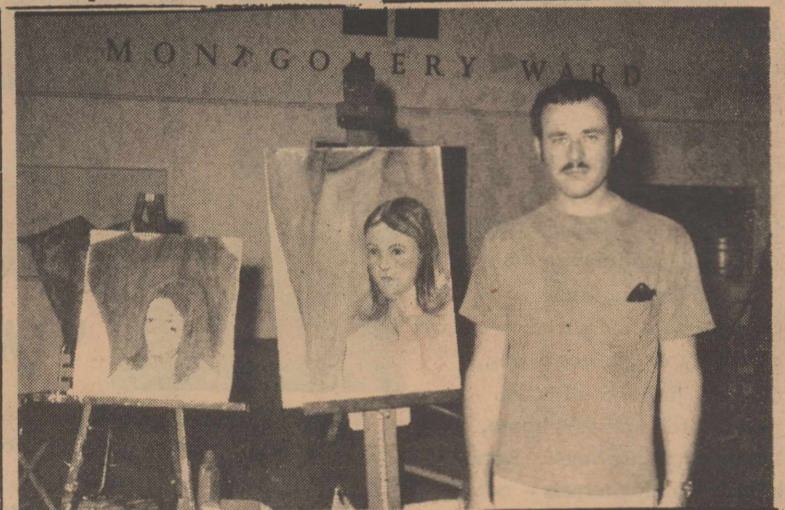

on the rope. One poor cousin got the rope wrapped around his leg. Someone dropped the bucket back in the well almost full of water and someone had to retrieve him off the pulley. I had some mean cousins.

The time that was best of all for me was when Grandma had warned us two or three times and she got her walking stick after one of my cousins. She made the mistake of stepping on that rope. If she'd had her feet

tied to the end of that rope, she'd have gone through that pulley.

Now I'll tell you, we all ran. If you'd ever been hit with Grandma's walking stick, you'd run, too.

Well, the well caved in. The grass rope is gone. Grandma was buried in 1934 in Elkins Cemetery, but the screaming #10 pulley, like some of the other items, remains to remind us of an era that's past and gone

Gary Smith, art teacher at Brigham Young University, is shown with a portrait painted by one of his students during the work shop held the past two weeks in the old Montgomery Ward building. Mr. Smith had taught a figure drawing workshop at the Junior College in Hobbs, New Mexico prior to the portrait workshop in Seminole. Day and night classes were held and there were approximately 24 students and 9 models. Plans are being made to make the workshop an annual affair if the interest continues.

Last week in the Woodenfoote the News mentioned Art Mangus and the oil tanks being moved. Much more needs to be added to the story, as attested by the two photographs brought in by Mrs. Tom L. Masters of Seminole. The tanks are much, much larger than a high 500. In the picture Mr. Moser can be seen sitting on the forward part of the crawling tractor track. Sitting next to him is thought to be Tom Elliott, then Paul, his son-in-law. The tank was evidently thirty to forty feet high. (If you know other men in the picture, please call. When Mrs. J. B. Moser writes from Navasota she will probably tell us more men in the crew.) Mr. Moser moved his trucking and house moving business to Seminole from Borger, Texas. Note when the picture was made the daylight under the tank where it had been raised.

Christmas 1919 or 1920. The above residence at 312 S.W. 2nd Street is the home of the A.L. Duffs. The Duffs moved to Seminole in 1918 and bought the house in 1923 from Andy Williams, a Gaines County rancher, the father of Monte and Jiggs Williams. The home was built in 1919 by Williams, the lumber being freighted in from Stanton, Texas. "I don't remember how much we paid for the house. I thought maybe as much as \$7000 but Son Duff (Arthur L., Albuquerque, New Mexico) and Joe Dennis (our foster son) said it was more like \$3000. Mr. Duff and I taught school in Benjamin for several years, then Paducah and then to Seminole in 1918. I taught the third and fourth grade. Mr. Duff taught in high school." Courtesy of -

Elsewhere in the paper can be seen a kitchen scene in this hotel. Upstairs were twelve overnight guest rooms, downstairs were other guest rooms, the kitchen, and the lobby. The hotel was built in Shafter Lake, Texas in 1905 or 1906. The material was hauled from Midland, Texas, before there was an Andrews. Shafter Lake was located approximately 25 miles southwest of Seminole in Andrews County.

Before identifying the people, take note of the restroom in the right hand lower portion of the picture. Two such structures sat behind the hotel. Between the outhouse and the hotel can be seen the clothes line. Those are bushes with clothes over them.

No doubt many antelope were killed from the porch upstairs and the porch downstairs.

Five to six hundred people lived in Shafter Lake at one time. Babe Howell said, 'At least a thousand.' The hotel was built by L. B. Elam and carried his name. When dismantled, a portion was used on the Barney Elam ranch and still more of it in his original home place on 11th Street. Barney was one of eight boys and five girls.

The man on the extreme left was a peddler coming through the country. He also had the greyhounds, the tent and the rig shown on the left side of the hotel. Dr. Williamson is shown with his dog by his side and sitting on the extreme right of the porch. Next to the doctor was the editor of the local newspaper. Upstairs was John Elam, brother to Barney, and Annie Williamson, one of the doctor's daughters. The woman in the middle of the three women was Myrtle Elam and the woman on her right, Erie Williamson, is another of the doctor's daughters. Charlie Elam is the man with the dark shirt on and the suspenders. The only other person identified was the painter, Jim Denoval. Notice the used paint cans sitting on the front porch.

It is reported the only reason Shafter Lake was not the county seat was that interested people from Midland worked to have it in Andrews.

Barney Elam said, "Yes that's a picture of my sister, Myrtle." The picture was made at Shafter Lake, Texas and was made in the kitchen of the hotel. This picture was furnished by Mrs. Lucille Richards of Ft. Sumner, New Mexico and was sent to Mrs. R. M. E. Hughes. The young man with her was named Parker Randolf and was a photographer. He had a room reserved in the hotel for a year or two.

Shafter Lake sat approximately twenty-five miles southwest of Seminole.

There are so many interesting things in the photograph. (1) Notice each of their aprons; (2) the big cuff studs on his shirt; (3) Arm bands holding up the sleeve; (4) the lamps--top right; (5) the platters, Mrs. Barney Elam still has one of the lamps and the platter with the flowers in it; (6) the neck peice she is wearing; (7) her stacked hair-do; (8) the wood cook stove on the left was the kind that had a big warmer on the back side; (9) The food box over his left sholder says, 'Dr. Price's Food'. (10) Why the saw in her hand? Probably to help cut the meat with. (Hams and beef did not come cut up from the stores in those days.) and (11) Note also the big mixing bowls, the cups and saucers, the lard cans on the floor, the one foot width boards behind the cabinet, the wide boards for flooring, and the cain bottom chair.

Myrtle, a sister to Barney Elam, died in 1908 at the age of 20 and is buried among the 15-20 graves in the graveyard at Shafter Lake.

**FUNERAL SERVICES HELD FOR MRS. STARKEY**

Funeral services for Mrs. Timmie Belle Barker Starkey, 74, of Lubbock, mother of Aubrey Barker, were held Tuesday at 4:00 p.m. in the Chapel Hill Baptist Church. Burial was in the City of Lubbock Cemetery.

Mrs. Starkey had been a resident of Lubbock since 1919.

Other survivors include two daughters, four sons, three stepdaughters, a stepson, three brothers, a sister, 30 grandchildren, and 40 great-grandchildren.

The Jim Hughes family moved to Gaines County from New Boston, Texas in 1916. The above picture was made in 1918, 7 miles east of Seminole and 7 or 8 miles south of the present Fairview Church. The family was made up of left to right, Robert Hughes (R. M. E.), Mr. and Mrs. Jim Hughes, Jr. and their son, Jack; Sam Isler, a grandson of the elder Hughes, riding aboard 'Shamrock'; Karl Hughes, Bill Isler, in short pants standing in front of his grandfather, Jim Hughes (Dad) and beside his grandmother in the wheelchair; the oldest boy standing next to his mother - Walter Hughes; Miss Leon Hughes and Harry Hughes. Also in the background on horseback was Rennie Hughes, riding 'Little Bill'.

Other interesting things about the picture are the some 300 to 400 head of sheep in the background. They were kept penned in behind a net wire fence except when herded. One of the three Model T's belonged to the photographer, one to the Sr. Hughes and it is supposed that one of the boys owned the other car. There's a nursing bottle in the foreground on the left. (There's always multiple births among sheep and orphan lambs to feed.) The eclipse mill in the background pumped from a waterwell between 120 and 140 feet deep. Near the house was a water tank for drinking water. The fence was used for the clothes line and looks like one cultivator and one planter by the fence. The family farmed approximately 100 acres for livestock feed. Those must be salt blocks behind the sheep and near the cars. The lambs are getting nearly grown in size and are hard to tell from the ewes.

Note the high top button shoes on the women and the barefeet on part of the boys. All the men either had caps or hats on. The larger boy on horseback has a real weapon in his hand - loaded (what's commonly referred to today as a slingshot). Rennie Hughes evidently was some kind of a cowboy and 'Little Bill' some kind of herding animal and cow horse --- no bridle.

**POSTMASTER ANNOUNCES**

Out of town mail from Seminole is now being dispatched at Lubbock, Texas Post Office announced V. H. Glass, Assistant Postmaster in Charge. Out of town mail is being sent to Lubbock loose in sacks and pouches where it is faced, postmarked and dispatched by machine.

Be sure your mail is stamped, sealed and ready to go when placed in the mail drop Glass cautioned as it will be almost impossible to retrieve mail once it is placed in the mail sacks.

Mail for Seminole delivery will be postmarked in Seminole as usual. Glass advised against using "City" as short for Seminole. If a letter with "City" for the town should go to Lubbock it could wind up in the dead letter office, where if it had Seminole, Texas 79360 on it Lubbock would have it back in Seminole the next morning.

Randy Kennedy, a young man from Seagraves, lost control of the 1965 4 door Ford he was driving last Wednesday night and struck a utility pole on S.W. 11th St. and Ave. A. A Seminole girl, Darla Kelley, 16, daughter of Mr. and Mrs. Leonard Kelley, was a passenger in the car when the accident occurred at 10:30 p. m.

City patrolman Richard Quisenberry reported that the car was headed south on S.W. 11th when the driver evidently lost control, shearing off a gas meter and then striking the utility pole as he entered the front yard at the residence of Mrs. Kate Webb on the west side of the street. \$1500 worth of damage was reported.

## ASTROS DEFEATS GIANTS 9-8

In Babe Ruth action Friday night the Giants' rally fell short in the top of the 6th inning and the Astros, who are leading the Babe Ruth League, beat them 9-8. It was a tough loss for the Giants as they were leading 7-4 after 4 innings, but the Astros and the big bat of Myron Sims made the difference. Not only did Sims get the big hit that cleared the bases but he also won the game when he took over the pitching duties of Randy Stennett. Powers started on the mound for the Astros. Eddie Bustamante started the pitching chores for the Giants. Doug Young was the loser.

## CITIZENS TAKE PART IN "JAPAN CRUSADE"

TOKYO, JAPAN--Gaines Countians have a right to be proud of some 40, more or less, of their fellow citizens who are taking part in the "Japan Crusade" in Baptist churches in this country. The First Baptist Church of Seminole, headed by pastor Gene Hawkins, is one of the strongest Texas Baptist congregations represented in the series of religious meetings immediately before and after the Baptist World Alliance here, July 12-18.

The World Evangelism Center of New Orleans Baptist Seminary, is coordinating the meetings which will last throughout June and July, according to Dr. W. H. (Dub) Jackson, Jr., director.

"Actually, over a year ago our initial contact was made through Dr. Jackson...because we really have...a great missionary church," said the Rev. Hawkins.

Hawkins was one of five persons who had an audience with a top official of the Tokyo Metropolitan Government and extended greetings on behalf of State Representative E. L. Short.

Before the July 8 return time of the congregation, Hawkins will present several other citations to Japanese officials.

He has in hand an honorary citizenship certificate signed by Texas Gov. Preston Smith to present to the Governor of Hokkaido, Kingo Machimura; a letter of introduction from U. S. Rep. George Mahon of Lubbock and Colorado City to the Hokkaido Governor; and a personal message from County Judge Chester D. Browne of Seminole.

The note carried by Hawkins, written by Judge Browne, says in part to the Hokkaido governor: "As County Judge of Gaines County, Texas, I take this opportunity to extend personal greetings to you and best wishes on behalf of myself and the cit-

izens of Gaines County. I am happy to extend to you a commission making you an Honorary Citizen of our County, and I have asked our pastor, ... to make the presentation."

Browne's note concluded by saying "As a Texan would say, 'You All come to see us sometime.'"

Commenting on his church's involvement (in an interview somewhere over the big and spacious Pacific Ocean aboard a chartered Northwest Orient Airlines) Hawkins said, "We have tried to put as much planning and preparation into it (the Crusade) as we could... We have tried to maintain an interest in it through weekly meetings over a period of about six months.

"... This has had a great result in our own church as well as helping prepare us for the crusade."

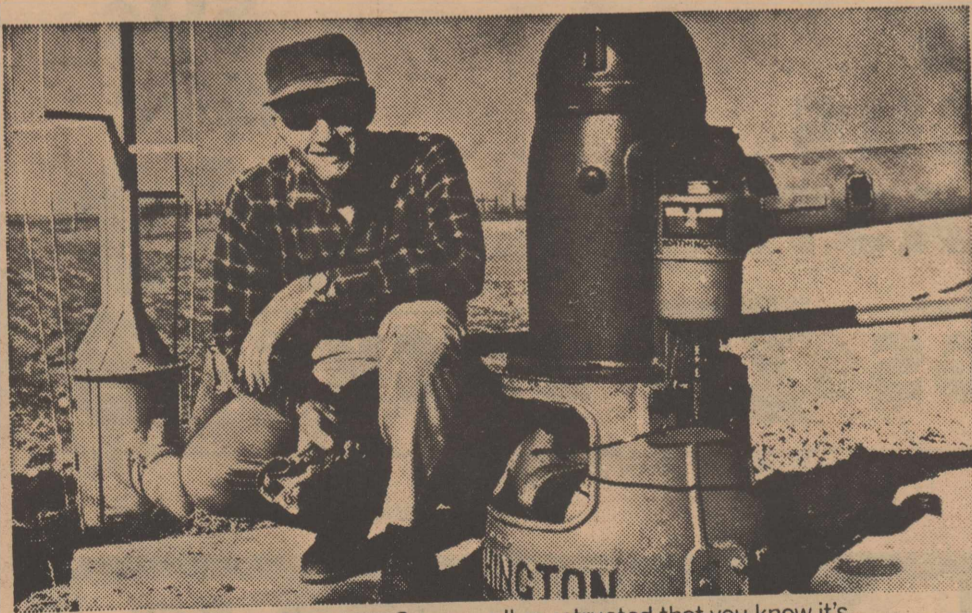

Some of the types of activities Hawkins' congregation will be involved in while in "The Land of the Rising Sun" were described by him. "We have quite a lot of young people with us who make up about half of our group... We have brought our set of handbells... have made arrangements to be in the schools where they will present musical programs... This will give us an opportunity to share our enthusiasm for the Lord and His ministry through them..."

Sammie Robertson, band director for Seminole High School, will lead in the utilization of instrumental music."

A little bit of Texas has arrived in Japan, thanks to First Baptist Church of Seminole.

## A man must look at three things to make irrigation pay.

Look for a reliable pump. One so well constructed that you know it's going to last.

Look for an efficient pump. One that runs so economically you'll find extra dollars in your pocket.

Look for a qualified distributor. One that has the experience, man power, and equipment to handle any pump installation.

As a Worthington distributor we give you all three. Reliability and efficiency in a well pump designed by the world's largest pump manufacturer. And we're a distributor who intends to make his service the best.

The year-1938. The scene-main street, Seagraves, Texas. Occasion-voting day? Trade day? Other? No doubt many of you will not only be able to recognize the year model of the cars, but you'll be able to recognize your car, your grandfather's car, your uncle's car, or your neighbor's car. The license plate on the Ford on the near right looks like 1938. The car is a 1938 Ford DeLux and the sign in the window says "Made in Texas by Texans." The cars are 1933 through 1938. There are several interesting things about the picture, many of which the News probably missed. Seagraves had a paved street, a Purina store, Bowers Brothers, and a railroad. See the railroad car on the spur at the dark building on the right near the end of the street? Every boy and man shown on the street had on a hat. There must have been some big to-do because the car on the right had Philco speakers on top for some occasion. If you care to share your information, please write us.

The above home was built in Seminole sometime after the turn of the century (1904-1909). It was the first of its kind built here. It is located on the corner of N.W. 2nd Street and Ave. C. It was built by W.H. Brenmand who was a merchant located where the present bank building is. In 1921 the Jess Rankin family moved to Seminole. Mr. Rankin bought the house from the Mitchell family who had acquired it from the Brennand family. "It's a big house with nine bedrooms. My father bought the house in 1920 with about one block of land with it. The Brennands also owned the old Sherman Ranch at one time," said Mrs. Rex Long.

Some of the many outstanding features about the house are (1) it was hauled from Stanton on wagons, (2) the board walk going to the corner, (3) the 8 foot eclipse windmill, (4) the fancy wood fanwork in the gables and on the column posts along the porch. "What I remember about the house," said Nuel Mitchell, "was the wonderful bannisters to slide down."

At one time Shafter Lake, setting south and west of Seminole and north and west of Andrews, was larger than Seminole or Andrews either one. A part of Shafter Lake can be seen in the background behind the three cowboys. On the left is Johnnie Frier, a rancher; center Dick Dillard, one time sheriff of Andrews County; and Fisher Pollard of Ft. Sumner, New Mexico, on the right (an uncle of Mrs. R.M. E. Hughes). If that's not the Elam Hotel on the right a correction will be made next week.

The horse ridden by Pollard was a favorite cutting horse, named 'Doodle Bug'. Just this side of the hotel a man is pulling a buggy. A wagon loaded with coal can be seen on the right and another indication of the time of the year would be the coats all the cowboys are wearing. A house can be seen in the distance behind the #1 horse and immediately in front of the team. Another house can be seen over the top of the team. The windmill represented the town's waterworks. The continuous tracks on the ground shows they had two different kinds of wagon wheels; a narrow wheel called a 'butcher knife' and then the wider tires.

Miss Debbie Sinclair, right, shown with Miss Jana Moore, from Weyburn, Saskatchewan, Canada, is working in Seminole this week. Miss Sinclair is a representative of Western Christian Foundation, of which the late James W. Kennedy was president. She hopes to find 5,000 women throughout the Southern United States who will actively support Christian education. These women will become members of an organization called the "Gleaners". A recent graduate from the Junior College program of Western Christian College, Miss Sinclair feels that Christian education provides the answer to many problems faced by today's young people.

**W. E. COX, JR. ELECTED  
DIRECTOR OF TEXAS JUSTICE  
OF PEACE AND CONSTABLE  
ASSOCIATION**

The Texas Justices of the Peace and Constables Association, ended a four day meeting in El Paso Wednesday June 24th. Three resolutions were approved that will be sent to the State Legislature.

Justice of the Peace W. E. Cox, Jr., Vice-president of the West Texas Justice of the Peace Association, was among the 200 members from across Texas at the conference. In the business session Wednesday morning, Cox was elected a State Director representing District 2.

The Association favored legislation that would require justice courts to be covered by the State Judicial qualifications commission, which currently covers only district and appeals courts.

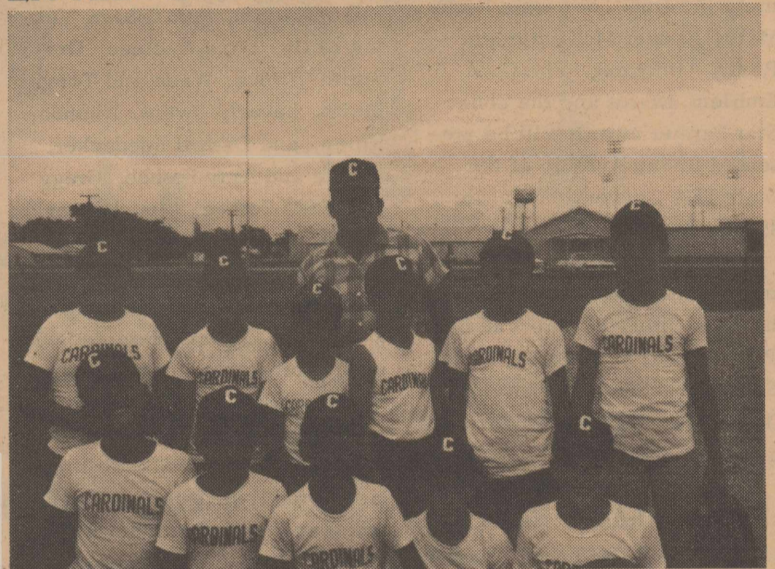

The Justice of Peace and Constables strongly support a certification program paid for by Federal and State grants, and favored legislation requiring not less than two justice precincts in a county.

Some of the program speakers included Lt. Governor Ben Barnes, Senatorial Candidate Lloyd Benson, Mr. Ira Scott, Texas A & M University; Senator Joe Christie, El Paso; Judge J. Paul McNeil and Mr. Chris P. Fox.

## LITTLE LEAGUE REPORT

The CARDINALS haven't lost yet.

The ballgames Friday night between the Cardinals and the Cubs in Little League and the Pirates and the Astros in the Babe Ruth League have been cancelled because of other activities in the community. That night will be Christmas in August celebrated on the courthouse square. These games have been rescheduled for Saturday night, July 11.

The Cardinals and the Braves played Monday night with the Cardinals winning another big ballgame 8-7. With the score tied 4-4, the Cardinals scored 4 runs when the pitching fell apart and errors prevailed and the Cardinals scored 4 runs without a hit. The Braves rallied but could not pull it out of the fire. Scott Jameson was the winner with Bailey the loser.

The Pirates and the Giants hooked up in a bitter battle Monday night. The Giants rallied for 3 runs in the last of the 5th, the final inning, had the bases loaded, nobody out. Dee Norton struck out 2 and threw out the final batter after walking in 2 runs. The Giants got no hits in the inning.

The Pirates scored 7 big runs in the 4th inning. The big blows were a double by Norton, driving in 2 runs and a double by Lilly. Woods and Crow scored 2 runs each. Norton pitched the final 4 innings, relieving Blau. Doug Jones took the loss, relieving Eddie Bustamante.

Last Thursday night in Little League action the Cardinals jumped on the Yankees to the tune of 15-2. The game was called after 4 innings with the 10 run rule applying.

Pitching for the Cardinals were Bobby Villalva and Greg Allen. The Yankees got one run off each pitcher. In a losing cause Ken Darby pitched for the Yankees, followed by Steve McNew and Alvin Cressett with each of them giving up runs.

In Friday night's Little League play the Cubs scored 7 runs in the first 2 innings but went down to defeat at the hands of the

Braves when the Braves scored in the last 4 of the 5 innings to claim an 8-7 victory.

For the Cubs David Webb started off but got in trouble in the 2nd inning and was relieved by Gordon George on the mound and followed by Joe Worthington, who took the loss. Pitching for the Braves were Larry Kubicek and Gary Wright.

In Little League action last night the Cubs won 7-6 over the Yankees.

The Astros beat the Dodgers 6-5 in Babe Ruth action last night. Sims was the winning pitcher and Nelson the losing pitcher.

Mrs. A. H. Booe of Santa Anna, California, mother of Mrs. Sammie Williams, is recuperating at home after eye surgery.

Miss Marie Idom of Hobbs, N. M. is visiting in the home of Mr. and Mrs. Fred Farrar.

## SATURDAY WINDOW SERVICE CHANGE AT LOOP POST OFFICE

New window service hours on Saturday are being announced today by Loop Postmaster Jenny J. Schooler. The new hours will be from 9:30 a. m. to 11:30 a. m., effective July 11, 1970. There will be no change in delivery by the carrier or post office boxes on Saturday.

The postmaster said the new service policy would meet the public's needs and help achieve greater efficiency and economy in the local postal operations.

The Loop FFA chapter was one of six chapters given the Gold Emblem rating in the Mesa District by the Texas FFA Association. The Mesa District led all other districts in Area II with 38 Lone Star Farmers. Lone Star members from Loop were Ricky Mills, Rodger McKenzie and Randy Armstrong. The Gold Emblem awards and the Lone Star Farmer awards will be presented in San Antonio at the State FFA Convention on July 15 thru 17th.

Tommy Thweatt, son-in-law of Mr. and Mrs. J. E. White, has been initiated into Tau Beta Pi, National Engineering Honor Society, at the University of Texas. He is a mechanical engineering student.

John C. Hinckle, president of the Texas Alpha chapter of Tau Beta Pi, explained that Thweatt distinguished himself scholastically with a 3.45 grade point average out of a possible 4.0.

Two new teachers were employed by the board of trustees for Loop Independent School District in meetings last week. Supt. C. S. Puryear has announced that Crisp Williams, who will come from Sterling City, will serve as assistant football coach and head coach for basketball. He is a graduate of Angelo State College, San Angelo. A new fourth grade teacher will be Mrs. Barbara Knowlton of Wellman.

O. H. Hearne & Son softball team is leading the Loop Softball League with five wins and one loss, Supt. C. S. Puryear, director of the summer program, has announced. The Softball League was organized several years ago and teams and fans come from a wide area through the summer months for the games.

Students who will be seniors this Fall are operating the concession stand at the games.

The Earl Owens and the Bill Armstrongs are baking in the sun and fishing a little at Lake Nasworthy for a few days this week. You will probably never hear about the big ones who got away.

Plans are underway for a Vacation Bible School at the Church of Christ to be held July 13th through 17th. The teachers are all busy preparing their class material and hope that each child and teenager in Loop can attend.

Mr. and Mrs. Jim Woodard and children took Jim's mother and sister and boys to see the

Sand Hills Park near Kermit. To people from Illinois this is quite a sight to see.

Craig Ancinec was selected to go to the Leadership Camp at Levelland in 4-H activities. He has returned home and reports of having a very good time.

Mr. and Mrs. Earl Owens were host for a singing at their house Friday night. A good number attended for singing, Cokes, and donuts. Those attending were C. E. Fleming, Charlie Bob Hunt, Mr. and Mrs. Marvin Moore, Mr. and Mrs. Lonnie Dalton and children, Eddie Oberholtzer, Wess Stout, Jim Curt Schooler, Marshall Fleming, Mrs. Glen Sullivan and Connie, Mrs. Kennedy, Evon and Kent Smith, Barry and Rickey McConal.

Mrs. Earl Owens and Mrs. Arit Davison gave their Sunday School class a skating party at Seagraves last week. The boys and girls enjoyed skating and refreshments were served. Those attending were Dane Smith, Russ Armstrong, Mike Davison, Bert Gibson, Velma Kelly, Dana Ancinec, Deon Smith, Sonya, Wade and Tonya Smith, Beverly Owens, Rhonda, Karen, and Darrell Boedecker, Renee and Amy Foshee, Gregg and Todd Foshee, Mrs. Homer Smith, Mrs. Jack Kelly, Mrs. Elroy Boedecker, Mrs. Arnold Smith and Mrs. Bill Armstrong.

Mr. Jim Ely was presented with a gift certificate in appreciation for his work with the Little League. A swimming party was given for the baseball players, their manager, and their parents. The boys all swam, along with several fathers, from 6 till 8 o'clock and then sandwiches and Cokes were served. Two boys made the All Stars Team and will play in the All Star Tournament. They were Danny Kelly and Gilbert Bosques with Rodney Hand as first alternate.

Visiting with Mr. and Mrs. J. C. Freeman were their son and family, Mr. and Mrs. Joe Freeman and Holly from Ft. Worth. Also their daughter has been here for a visit with her parents, Mr. and Mrs. Claude Marple, Bradley and Cristie from Victoria. She will be remembered as the former Mary Lou Freeman.

The Rev. Brown, Mrs. Brown and boys were weekend visitors and he preached for the congregation at Loop Baptist Church Sunday. They are former residents here and are now on vacation from San Antonio.

Mr. and Mrs. J. C. Bingham and sons, Mike and Tony, will be visiting with relatives here this week.

The Ashmore Baptist reports a very fine revival this week with several visitors. A Bible will be presented to the one bringing the most visitors and it is a very close race between Pug Todd and Gloria Bingham. They climaxed the day with an old fashioned "Dinner on the Ground" as we used to call it.

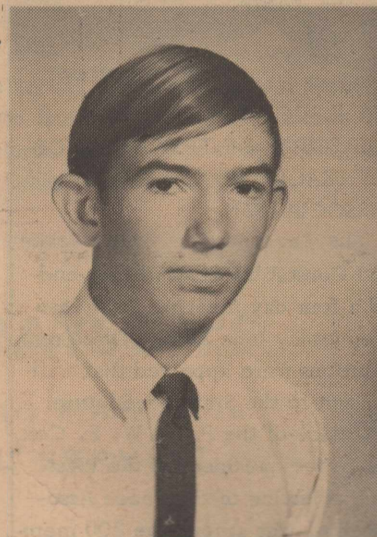

Weekend visitors with C. E. and Ruby Fleming were his sons, Mr. and Mrs. Bob Fleming and family from Odessa, Mr. and Mrs. Don Fleming and family from Seminole. Don preached for the Loop Church of Christ Sunday night in the absence of Brother Woodard.

Visiting at the Church of

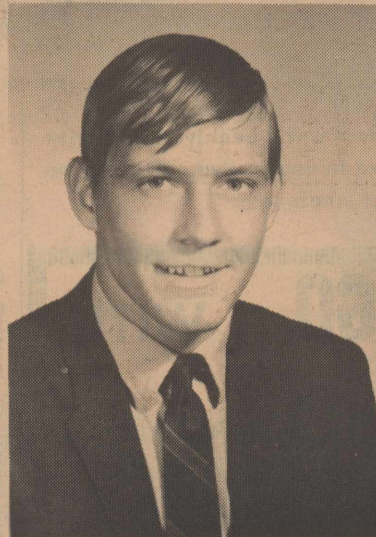

ARE YOU IN THIS PICTURE? RECOGNIZE ANYONE? This was made May 20, 1960 at a ten year reunion of members of the 1950 graduating class at Loop High School. Class members were the following: J. P. Bingham, Tommy Lacy, Lewis Strube, Stanley Smith, Hubert Carpenter, and four girls, Virgie (Chitwood) Walker, Glenda (Clark) Smith, Betty (Owens) Young and Annie Belle (Tate) Kenney. Mr. Cason Smith was their sponsor. After 1950 graduation, the next two weeks were spent on their senior trip touring New Mexico, Colorado, Nevada, Utah and Arizona. Mr. and Mrs. Cason Smith and children, Bill and Ann, accompanied them on this trip. At that time they decided to have a class reunion in ten years. All but one student, Hubert, who was in the hospital, were present, plus a number of those who didn't graduate, but had been in their class. Mr. and Mrs. Cason Smith came from near Dimmitt to be with them. Time flies, things and people change, so the class decided ten years was too long, so five years later another reunion was held. This time two of the graduates were unable to be there but a number of other classmates came, also Mr. and Mrs. Smith were present.

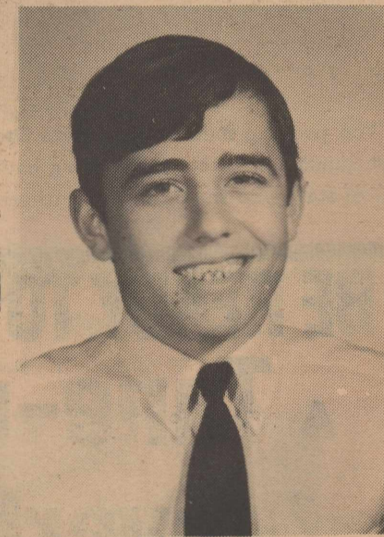

How many class sponsors would travel several miles after 20 years to a reunion? Well we hope theirs will and they're expecting him again this year. Could it be that he kinda liked them? Maybe he learned the hard way and never sponsored another class, or maybe he is just curious as to how they all turned out. As for the class, they only know there was one "School Teacher" who was loved and respected and who has made each of their reunions what they are. This year will be the 20 year reunion celebration and will be held in the Gaines County Park Club House Friday night, July 10, 1970.

This newspaper has probably enjoyed working on the history of Seminole and Gaines County more than any other thing that it's done. My generation can't help but appreciate so many things that the generation of 1900-1930 accomplished. When some of the older happenings are reviewed I can't help but think of the terrible hard work that went into the freighting business of the early 1900's. How difficult it was to build the early buildings in our town. How hard it was to build a nice home during those years and how much harder it was for people to have a get together. No wonder they had such a good time when they did get together. They worked hard and they played hard.

There's a picture of the first oil well. They didn't drill it in ten days, nor two weeks, nor three weeks. Year 1923, Mac Lindsey #1. There's Hackberry Grove - u-um, the good times that's been enjoyed there. There's Seminole 1923. The road grader 1910; you couldn't kick that rig off and get it started in five minutes and be on the job. Branding time in Gaines County - no shoots in that corral. Cutting horses and ropers were discussed around every campfire at this time of the year. Captured - one whiskey still, by Sheriff Newt McCleskey - now that would make a story for any newspaper. First deep breaking rig - 1927. There's the Gaines County Hotel - oh, if you could only talk, a newspaper man could get rich writing your stories. Seminole had a new school in 1931 and four school buses. Approximately \$65,000 was spent to build the new building that still stands as the Junior High School building. Times have changed and, thanks to some planners in early years, the building is not only usable, but still a fine building.

There's the Gaines County officials in 1922 or '23. There's work being done in 1917 on the railroad dump. Hog killing time. The first irrigation plant - on the Eubank farm - 1910. School faculty - 1933 - 11 teachers. Graduating class of 1929 - 10 members. Wright School, 11 miles east of Seminole, in 1929 - 10 students.

I don't know of anyone that lived in that generation that's wanting to live the same way, but I'm here to testify that they made contracts that were binding. They built schools that stood, courthouses that endured and raised another generation of people that were not ashamed of the establishment but tried to build to it instead of tearing it down. I'm here to tell you that I never was mad at the way our forefathers did things and I trust the generation following will be proud of all the hard work of the people in the 1900's, 1930's and the 1960's.

## Just To Get Out

IT'S GREAT TO GET OUTSIDE

Ross Sweatt, a resident of Twilite Acre, displays his mobile wheel chair on the street between the First Baptist Church and Forrest Lumber Co. "The people in this town just forgot to build ramps for people like me so I just use the street and it's wonderful to be out. I just plug in my batteries at night and then I'm ready to go the next day." Occasionally Ross needs some help, so watch for him around town and that smile he'll flash you is contagious.

Paul E. Gross, Howard County agricultural agent, has been named to receive the highest award presented by the National Association of County Agricultural Agents.

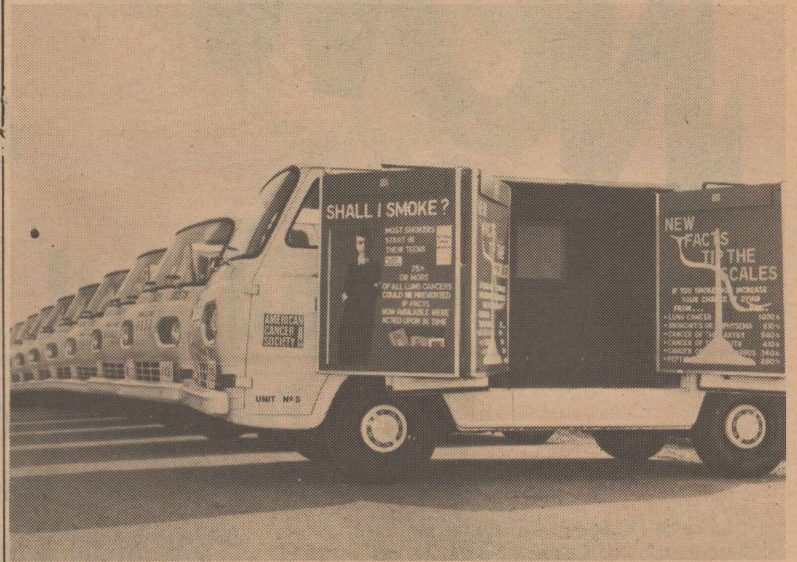

Gross will be honored along with other winners at the annual meeting of the NACAA in Corvallis, Oregon, August 16-20; where the group will receive the Distinguished Service Award. The announcement was made by Dave G. Tiller Jr., of the Texas County Agricultural Agents Association. The Texas honorees will also receive recognition at the state meeting of the TCAAA in Longview, August 2-4.

The Distinguished Service Award is presented annually to a select group of county agricultural agents who have, for

## AMERICAN CANCER SOCIETY TO HAVE HOME MADE ICE-CREAM AND CAKE AND CANCER MOBILE EXHIBIT VAN AT CELEBRATION

The "Cancer-Fighter" is coming to Town, W. E. Cox, Jr., President of the Gaines County Unit of the American Cancer Society announced today. The Cancer Mobile exhibit van will arrive Friday to display the relationship of cigarette smoking to cancer.

The truck will be located in the center of the Christmas in July booths. The exhibit is one of a fleet now on Texas roads, being displayed at shopping centers, fair grounds, near schools, conventions and factories. Each truck contains a two minute slide presentation called "TO SMOKE OR NOT TO SMOKE", which is particularly addressed to non-smokers.

The truck also features a series of color reproductions of photomicrographs made by a pathologist, showing cancer cells in various stages of growth. A continuous tape transcription explains the photos, comparing cancerous tissue to normal tissue and pointing out the relationship of cancer's warning signals to growths in various parts of the body.

This unique American Cancer Society exhibit is an attempt to better inform the people of our area about the hazards of smoking and the importance of the annual health check-up.

## School Board Meets

The School Board met at 6:45 a.m. last Friday morning in a breakfast meeting at Jo's Restaurant. Joyce Cate was employed as a high school choral teacher. Other vacancies were discussed but no one else hired.

Other routine matters were also discussed. Joe Smith attended his first board meeting after being appointed by the board to fill the unexpired term of Dan Martin.

at least ten years, made outstanding contributions to agriculture and improved rural living.

The Coleman County native and Levelland High graduate has been an employee of the Agricultural Extension Service for 18 years, first as assistant county agent in Gaines County and since as county agent in Howard County.

Visiting in the home of Mrs. D. M. Allen and Alvin last week were her son, and grandson, Eldon Allen and Keith from New Boston. Another son, Tommy Allen from Pecos spent Sunday with them.

## 56th Anniversary

Mr. and Mrs. R. W. Pittman, "The Oldtimer", observed their 56th wedding anniversary and were honored by callers from 2 to 6 p. m. Sunday. A cake almost the size of the table was given to the couple by their children for the happy occasion.

Mr. Pittman was asked his advice to younger married men and he simply said, "When they open their mouth, keep yours closed." To the same question, Mrs. Pittman replied, "Patience, patience, patience, 56 years of patience."

It was a delight to observe Mr. and Mrs. Pittman welcome old timers, Arzie Kirk, Mrs. R. M. E. Hughes, the Babe Howells, Mrs. E. C. Nix, Hattie Patterson, Mr. and Mrs. B. G. Elam, and Mrs. S. C. Doss.

Arzie Kirk said "We also had big snakes when I was a kid." Arzie is shown with his brother, Jud, on the left, after they had killed a huge Diamond Back Rattler in 1913. The snake is just about as long as the boys are tall. Notice the new growth on the tail where Arzie is holding the snake. A snake this size could easily have 15 rattlers if none were broken off. Boys in that day may not have had shoes or preferred not to wear their shoes but they did have a hat to wear.

**LIONS CLUB FIELD  
IN SEAGRAVES TO  
HAVE GRAND OPENING**

R. B. McAllister, State Representative from Lubbock, will be in Seagraves Thursday night at the new 'Lions Club Field' for the grand opening of the baseball field.

A chicken dinner will be served at that time at \$1.00 a plate. The field not only is the home field for Seagraves but also Loop. Thursday night's action will probably find the Seminole team in a play-off game with Seagraves or Denver City. The Denver City Colts have an 8-2 record, while Seminole is 10-0.

The Lions Club of Seagraves has built the \$12,000 to \$15,000 field with donated labor and a lot of donated materials. It sets adjacent to and behind the football field in Seagraves.

Festivities will kick off at 6 p. m.

The town is getting ready for the weekend festivities, Christmas in July, the Old Settlers Reunion and the Fourth of July all rolled up into one. The local clubs will have their usual booths around the square, from cotton candy to grab bags on Friday. The 4th will bring old settlers (and a few not so old) back to town to reminisce about the good old days. Can't you just hear the tall tales they've been saving up all year for this occasion? So all of you town folks cook dinner for your families and a little extra and take it to the community building for the fellowship with old friends, if you don't have any old ones here, come and make some new ones. Like that Prudential Insurance selling brother of mine, MAX McFATRIDGE, (he told me to always refer to him as such) said last week, "there's something about living in a small town, everyone seems to have such fun." --- You must go by KELLEY'S DRESS SHOP and see her window. ANN and MARGE GLADSON really getting in the spirit of the 4th, decorating the window in Red, White and Blue. ---I neglected last week to say thanks to LOMETA WARLICK at the RAYMOND RESTAURANT for giving MADELINE, RUBY OWNBEY, NELL NELSON and I our drinks free on KRAZY DAY. (Well, actually we did sing for them, but she could have made us pay double for that performance) so thanks, Lometa. Ruby and Nell represented the BP&W CLUB. Of course Ruby won the first prize of \$40.00 for the club. It was a lot of fun and we're looking forward to next year. --- JACK JORDAN, being in a generous mood Monday at JORDAN FURNITURE, gave MADELINE and I an artificial potted plant each with the stipulation we put 'Courtesy of Jordan Furniture' on them. We did and we like 'em. Thanks, Jack. ---Yesterday was another day for the ladies at the Noonday Lions Club, with a generous turnout of the fair sex. The BILL WESCOTTS, the VIRGIL KEYES, the DICK KEPHARTS and CHARLES and I never did get the potatoes passed our way. TOMMY MONTANDON was asked to introduce his wife 'LEO' again to the club. I think they should make her their mascot. --- DALE BUTLER sang a 'solo', a marvelous rendition of 'Grandfather's Clock'. He'll be in great demand now. ---WAYNE STOKES showed a film on that soft drink he sells. Oh, heck, I may as well mention it - COCA-COLA. It's been good to us. ---All of you folks I usually write about can relax this week. I have a lot to say but no time to say it. ---Look out for me because I'll be seeing you AROUND TOWN.

Mr. and Mrs. James Hugh Wilson, Sabrina, Stephanie and Shana of Vandalia, Illinois, are visiting her parents, Mr. and Mrs. Walter L. Woods.

REUNION  
EDITION

# INDEPENDENCE DAY

In 1944 a shipment of 753 hogs was sent from Lamesa, Texas. The hogs weighed from between 200 and 240 pounds and brought 14¢ per pound. Note the railroad in the background and the AT&SF (Atchison, Topeka and the Santa Fe) cars on the siding. A part of the hogs were sent to California. The balance went to Ft. Worth. On the left is Lee Billingsley, with a stick in his hand, and Lonnie Freyburger behind him. On the right is Bill Snider, E. C. Nix of Seminole, Verdie Carruth (one time shoe repairman in Seminole) and Jim Billingsley. In the background are two brakemen for the railroad and the depot agent. 175 of the hogs came from Randy Whitaker in Gaines County and another lot from E. C. Nix.

## Four Beauties

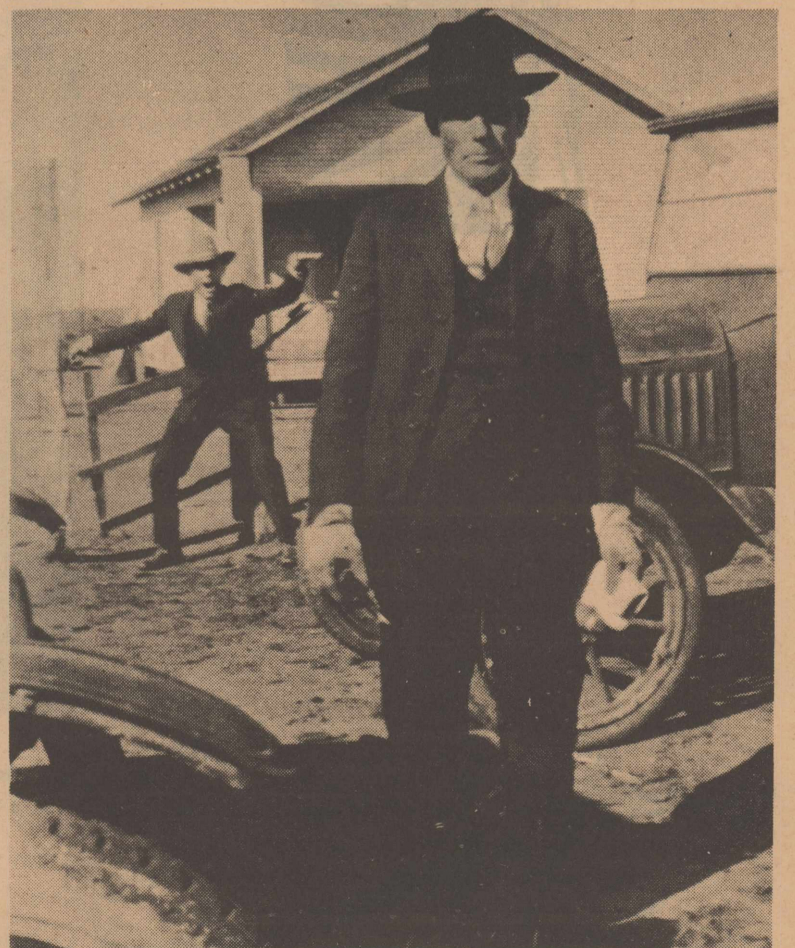

When it was round-up time back in 1905 or 1906 the young men were too busy to visit headquarters. These four young ladies, Augusta Pollard, Mrs. Bert Ancell, Norma Longbotham (Mrs. Jim Harwell) and Mrs. Bill Gates, ride out to join the round-up. What were the names of the horses? "I remember horse number 3 very well," Mrs. Ancell said, "he was my horse and his name was Red Wing." Note the windmill in the far right and also that none of the young ladies were riding side saddle.
