FROM 1913 to 1971

Mr. and Mrs. Andy Williams were married in 1908. They first lived in the A.L. Duff house at 312 S.W. 2nd Street. In 1913 they built the ranch house northeast of Semi-inole. They had four children, three boys and one girl. Monty and Jiggs Williams still live on the ranch. The center picture was the ranch house refinished in 1939 when it had rock put on it. In 1970 the house was purchased by Mr. and Mrs. J.W. Bingham (Preacher and Fern) and moved just outside of Seminole off the Denver City Highway. In 1971 it's nearing its third major face lifting.

Have you ever wondered why God required his people in the old time not to eat certain animals and that they could eat certain other animals? His people years ago ate the cattle, goats, sheep or generally speaking, a split hoof animal and one that chewed the cud.

Isn't it peculiar that this type animal grows around the world? There's the ox and caribu in the cold regions, the water buffalo in hot regions and a type of antelope that lives in hot and cold regions. Then there's the yak in the extreme mountainous areas. Cattle are found in every area and, generally speaking, some type of sheep and goats. These types of domesticated animals are still the ones that feed the people of the world.

Why is it that it's not real good to eat a horse or to eat a hog? Oh, I know that we control the disease in hogs now, where at one time it was most difficult. A one stomach animal (man included) has a tendency to carry disease much worse than a multiple stomach animal. A Greater Power of course knew this.

A cow has four compartments to her stomach and when she chews her cud she simply burps up from her fermentation vat, food previously swallowed, rechews it and sends it on its way where she can gain its food value easier. Not so with a hog or a horse. Much of their food stuffs pass through their bodies undigested. Birds that have stomachs are the vultures. Birds that have craws, generally speaking, are edible. That is why we eat chickens and other such fowls.

Four stomach animals are called ruminants. All such animals have multiple stomachs and each has a great ability to digest their food better and convert it into a better meat. Because of this they're able to eat non-protein foods and convert it where other animals cannot.

The reason that food lots and dairies grind the feed means that the digestive tract operates faster, cattle can take more food and convert it quicker into milk or weight.

Employees of A. V. I., Inc. front row, left to right, Jim Paul, Jim Rea, Durwood Jones, Robert Jones and Mel Robledo; back row, Cliff C. Slay, Paul Carter, Gerald Haddon and Thomas Rodriguez.

A. V. I., Inc. is a new business that has been opened 16 miles west on the Hobbs Highway in the building originally occupied by Gault Potatoes. Jim Paul, Seminole resident and formerly associated with Shur-Gro Irrigation, is the owner. The A stands for alfalfa products, the V for Valley sprinklers and the I for irrigation supplies. The company will operate 21 circles of alfalfa hay that will be cubed, each circle approximately 130 acres or 2750 total. Sixty percent of the acreage is leased. Fifteen thousand tons per year have been contracted to feed lots in Tulia, Hale Center, Pecos and Cotton Center. Loose stacked equipment is being considered so a portion of the cubing can be done in winter months. Available on their location is storage for 2500 tons of cubes.

A. V. I. will take over the service and sales for Valley sprinklers, the self-propelled circular irrigation system, covering from 80 to 160 acres. They will offer a ten year lease plan, also various purchase plans. The type Valleys to be sold are water propelled, oil hydraulic propelled and the new Valleys driven by electricty. They will be distributors for Terry, Gaines, Yoakum and Lea Counties. Irrigation supplies will include underground pipe, sprinkler systems, wheel moves and parts.

The company will employ from ten to thirty people. Besides Jim Paul there will be Jim Rea, Paul Carter, Robert Jones, Cliff C.Slay, Durwood Jones, Mel Robledo, Thomas Rodriguez and Gerald Haddon and other seasonal employees. Booth Slaughter will operate his own business out of the same building, Irrigation Engine Repairs, known as B&B, Booth and Boys.

The owner's family is made up of his wife, Maxine; and daughters, Sherry, 20, a junior student at Texas Tech; Jamie, 18, freshman at Tech; and Billie Jo, 15, a student at Seminole.

A STORY OF YESTERYEAR -- This is a fancier rig than most. It's a three blade wind charger. Most people could afford only a two blade one. The systems were popular in West Texas in the early twenties up until 1940. The wind driven blades turned a generator that charged batteries to furnish a meager light system and radios. Those were the days when you could play the radio only so long and stay up just so late as the electric bulb would start dimming after a certain length of time. Then there were days when the wind didn't blow and you had to get out the kerosene lamps again.

Open house last Saturday at Anderson Farm Supply. Sid Taylor, Richard Martinez and Junior Caborora are lining up the display of tractors for the day, ten in all, a #1520, a #2510, four #4020's and four #4320's, John Deeres all the way.

labor more than the domesticated cow? She can pull the plow, deliver up to 100 pounds of milk per day or deliver the beef steak. She's a great animal. God knew this and man realizes it more every year.

Have you ever been to a calf pulling? Last Thursday morning Wayne Buzan and I rode out to the Williams ranch and the South South Plains Feed Lot. We were going after a picture of the old homestead and it all liked to turned out to be a big mistake.

What would you do if you happened upon my cattle or somebody else's cattle and found a prize young cow trying to have her first offspring? You could just drive off and say "That's too bad". You could

start looking for the owners, or you could just drive off, hoping that she'd deliver, but you've seen the prospective mother, she's young, she's a way too fat and is in immediate need of a midwife.

So you go to a calf pulling. One of the great marvels of God's universe is its recreation. The young mother was doing her very best to deliver her oversize baby. "I left my pulling chains at the house, "Wayne said. "Do you have a nylon rope?" I asked. "No" was the reply. We asked a man working on a fence close by if he knew where the pulling machine was. "No," he said. "Do you know where Monty or Jiggs is?" "No," was the reply.

We rushed back up to the ranch house to try to find the owners or an apparatus to help with the delivery. Dr. Mabry is an expert on difficult births by animals and I was marveled at the ease in which he handled them, but there was no

time or telephone to call him. The hired hand drove the cow into the corral. What a relief. Yonder comes the Williams boys and they went immediately to get their equipment. You guessed it - someone had borrowed it. But two small chains were found. Kenneth Newcomb had arrived, along with three or four others. The small chains were looped around one foreleg but the other foreleg was hard to come by. One man pulled on each chain as the young cow tried to deliver again.

Two men were not enough.

Three men pulled, four men pulled, and five men pulled.

They started dragging the 1000 pound cow. Two men held the mother by the head, others pulled and a new calf was born.

A number of years ago when my brother, Don, visited from Houston and I tied a nylon rope onto a calf's front feet, then my lariot rope onto my pickup bumper and backed 35 or 40 feet away so as not to frighten the

mother.

When I began to drag the mother, I jumped out, carried a chain and tied the cow's head to a post. With her next labor pain the calf was born, the head untied immediately, the nylon rope taken off the calf's front feet, and it started its breathing and thrashed around. The mother got up, the calf got up and in all of Nature's harmony, began to hunt for its first dinner.

We weren't that lucky last
Thursday morning. We lost the
calf but saved the mother's life.

ODE TO THE TYPOGRAPHICAL ERROR The typographical error is A slippery thing and sly; You can hunt it 'til you're dizzy But somehow it will get by.

'Til the forms roll off the press-

It is strange how still it keeps; It shirks down in a corner And never stirs or peeps.

That typographical error. . . Too small for the human eyes, 'Til the ink is on the paper, When it grows to mountain size. The boss, he stares in horror! Then he grabs his hair and groans:

The copy reader drops his head Upon his hands and moans.

The remainder of the issue May be as clean as clean can be,

HOME HOLOCAUSTS ARE COSTLY: EVICT YOUR THREATS OF FIRE

If you heard of someone who kept a colony of termites in his basement, you could reasonably assume he also had bats in his belfry. Because those little rascals could cause the roof to fall in on him.

But if you heard of someone who kept his household cleared of combustible accumulations, you could reasonably assume he had brains in his bonnet. Because piles of greasy rags and

oily cloths, stacks of old papers and magazines could cause his home ot erupt in flames.

More than 1,000 home fires occur every day throughout the U.S., killing thousands of persons and destroying millions of dollars worth of property. Many of these tragedies are preventable.

Your insurance company or agent will be glad to supply you with a more complete list of fire-prevention precautions. Here are a few hot tips: Never, never, but never,

THE OLD TIMER

Mr. Walter Woods

I did not intend to continue my story this week but met a friend on the sidewalk a few minutes ago and she asked me if I would have another story. I can keep going if you all will keep listening. I only made \$16.00 per month on that farm, ten miles south of Dallas which is now in Dallas, covered with houses, so it cost me \$7.50 to help seven others to push that little old mail car up here, then 50¢ for lunch at where Andrews is now. Old Lady Dunn had the table loaded with good things to eat and all the others and the saddle got off at Shafter Lake but the driver and me and a stack of mail bags across the hood of the little Maxwell car.

Mr. Sims, the manager, began to show me around and tell me how to sell cowboys. He said if they came in to buy a shirt, sell them the shirt and don't try to sell them anything else. They will curse you out if you try to pressure them to buy like they do back East. I never did get cursed out, I thought that they were the friendliest people I ever saw. One came in and I introduced myself and asked him if he was going to be in town awhile and he said that the ranch boss had given him the day off. I told him that he was always welcome to make our store his home when in town and is there anything that I can sell you today. He said, "I need a clean shirt." I sold him the shirt and he went back to the little dressing room and put it on. When he came out I told him that I would like to show him our Stetson hats and if he did not need one now he would know where he could get one and he tried it on and went to the mirror and it looked so much better than the well worn one he had on, he said he would take it. It was a big four John B. Stetson, \$8.00, and I showed him our boots and several other things and sold him about \$20,00 worth instead of a two dollar shirt, like the boss said, and he did not cuss me out but appreciated the interest I took in showing him what we had to sell.

In 1909 and 10, there were a lot of people came here in covered wagons and tried to make this their home but with the drouth, no roads and no markets, they could not stay unless they had cattle and could drive them to market. Several came in my store and would tell me that they were going to build a good house on their land. I would advise them to dig a half dugout and put that money into cattle and he could stay but if he built that house he would have to leave it in less than two years for the bats and owls, but they would not listen and I would lose a customer.

There are many old pioneers now that lie across the draw in the cemetery that stood many hardships to stay in those early days and burned cow jips and grubbed mesquite and they will be rewarded, and it breaks my heart to see what negligent boys and sorry men are doing to their graves when they know the caretaker is not out there. They are making a race track and a shooting gallery, putting beer cans and whiskey bottles on the tombstones and running over the sprinkler pipes that are used to keep the cemetery nice, and many other things that should not go on. I will give a fifty dollar reward for every one caught molesting the home of the sacred dead, if convicted and they should be heavily fined when caught.

R.W. Pittman, Old Timer

The wedding ring is traditionally worn on the third finger of the left hand because of an ancient belief that a very delicate nerve runs directly from that finger to the heart.

STRICTLY FRESH

When you've come to the end of a perfect day, it's the things you haven't done that are going to count in the front office.

Where do they keep, during the rest of the year, all the oddball items that show up on store counters only during the yule season?

You don't have to be filled with holiday spirits to be filled with the holiday spirit.

Some of the neighbors are lighting their houses for the yule season, and others are just getting lit up.

Musician friend of ours has been busy these past weeks making out his Christmas Liszt.

We call the two secretaries who wear all the bracelets and necklaces they're able to carry the Jingle Belles.

Let us have faith that right makes might and in that faith let us to the end dare to do our duty as we understand it.

"WHAT DO YOU SEE IN THE SKY?" Henry C. Simmons, Minister Church of Christ, Loop, Texas

"The heavens declare the glory of God; and the firmament sheweth His handiwork." Psalms 19:1

Sometimes at night I walk out of my house at Loop and gaze with fascination and awe into the vast canopy of heaven. I don't believe that I ever look at that star-studded sky, so brilliantly displayed over these West Texas plains, that I am not reminded of that poetic expression of King David, recited above. As I contemplate the beauty, and the grandeur, yes, and the divine, that is portrayed and demonstrated in the starry display, and the infinite precision of the universe, I begin to experience a vague feeling of kinship to David. I am sure that we share a common feeling of subdued awe in the realization that one so great is yet cognizant of insignificant me.

And yet, in spite of all that nature reveals to me about the greatness, the creativeness, the precision, and the governing control of God, there is not one thing there that reveals the greatest of all the characteristics of God, and that which is most important to me - His great love.

Yet that which is lacking in nature, God has supplied in His book, the Bible. In the Bible

103, GRANDMOTHER OF MRS. ROY CYPERT DIED TUESDAY MORNING IN SPUR. MRS. SPRABERRY HAD BROKEN HER HIP ABOUT A MONTH

FUNERAL SERVICES WILL BE TODAY AT 3 P.M. IN THE FIRST BAPTIST CHURCH IN SPUR WITH BURIAL THERE.

SURVIVORS INCLUDE EIGHT CHILDREN AND A HOST OF GRANDCHILDREN. GREAT-GRANDCHILDREN AND GREAT-GREAT-GRAND-CHILDREN.

God is truly revealed to me in a most intimate way, as the God of True Love - actually, the whole of Love. (I believe John has probably been more explicit in his description of this than any other New Testament writer. Please read his entire collection of manuscripts compiled and made a part of the Divine record.)

This is one reason the Bible should occupy a place of such great importance in our lives it reveals God to us as no other medium can do. It also reveals us to ourselves. Sometimes when I see myself therein, it is not a flattering image which I behold. But this is because I truly see myself as something far less than what I should be, and less than what I could be, with the Love of God to help me. Read your Bible and become acquainted with God.

HER SUBJECT WAS HOME
LIFE.
LONG AGO FAMILY LIVING WAS BASICALLY AN

ING WAS BASICALLY AN AGRARIAN CULTURE, FAMI-LIES WERE DEPENDENT ON THE LAND AND THE FAMILY UNIT OF ALL AGES WAS CLOSELY TIED TOGETHER FOR SURVIVAL. A FAMILY WITH MANY CHILDREN WAS DESIRABLE TO HELP DO THE WORK NECESSARY, FORTY YEARS OLD WAS ELDERLY, AND ALL AGES LIVED AND WORKED TOGETHER IN A COMMON EFFORT AND DISCH-PLINE. IT WAS A PATRIAR-CHAL SOCIETY. THE FATHER WAS HEAD OF THE FAMILY HE RULED THE ROOST.

WITH THE INDUSTRIAL RE-VOLUTION THIS CHANGED. FAMILIES MOVED AWAY FROM THE LAND, TO THE CITIES, WITH THE FATHER WORKING AWAY FROM THE HOMES, WOMEN DOMINATED THE SOCIETY AND THE DIS-CIPLINE OF THE YOUTH. NOW WE HAVE A MATRIAR-CHAL SOCIETY AND THE MEN HAVE BECOME MORE EFFEMI-NATE. THIS WE HAVE CREA-TED WHETHER WE LIKE IT OR NOT. WITH THIS DEVE-LOPEMENT HAS COME A SEGREGATION OF THE AGE GROUPS, YOUNG CHILDREN, OLDER CHILDREN, YOUNG YOUTH, OLDER YOUTH. YOUNG ADULTS AND OLDER ADULTS. EACH AGE GROUP'S INTERESTS ARE DIFFERENT AND SEPARATE FROM THE OTHER AGE GROUPS. A LACK OF COMMUNICATION HAS DEVELOPED BETWEEN THE DIFFERENT AGE GROUPS AND A LACK OF DISCIPLINE. YOUTH IS BETTER EDUCATED THAN IN THE EARLY SOCIETY. IT IS HAVING IDEAS OF IT'S OWN. IT IS MAKING DECI-SIONS RESULTING IN RE-BELLION, EVEN RIOTS. YOUTH IS ROCKING THE BOAT. WE DON'T LIKE THIS. WE NEED BETTER UNDER-STANDING BETWEEN THE AGE GROUPS, PERMISSIVE-NESS DOES NOT TAKE THE PLACE OF LOVE, BOUNDARIES MUST BE SET, THERE MUST BE DISCIPLINE. BUT THIS DISCIPLINE MUST NOT BE-COME PUNISHMENT TO THE POINT THAT NO DECISIONS ARE ALLOWED. YOUTH GAINED BY ITS ASSOCIATION WITH OLDER PEOPLE WHEN ALL AGES WORKED TOGETHER FOR A COMMON GOAL. A FOSTER GRAND PARENT

SOCIETY HAS BEEN TRIED IN WHICH DEPRIVED CHILDREN HAVE BEEN GREATLY CHANGED AND HELPED BY BEING TUTORED FOR JUST I HOUR A DAY FOR A YEAR BY ELDERLY PERSONS WITH LOVE AND UNDERSTANDING.

OLDER PEOPLE MAY
FEEL THEY ARE NOT NEEDED,
BUT COULD CONTRIBUTE
MUCH TO SOCIETY WHERE
THERE ARE SUCH NEEDS,
AND TO EACH OTHER IN ACTIVITIES OF GOLDEN AGE
CLUBS. SOCIETY SHOULD
HAVE A PLACE FOR EVERYBODY, IN WHICH EVERYBODY FEELS NEEDED, IT IS

A letter of October 26, 1870 from Van Buren, Arkansas to an esteemed friend, Mr. W.G. Smith, signed by Finas M. Shannon, in

'Will you be so kind as to tell Frank Marrs not to sell whiskey by the drink nor by the pint - "no less quantity than" a quart, tell him it is a special order from me, and if he gets drunk or continues to sell by the small, I want you to let me know as a friend - and you shall never loose any thing by noticing a little for me tell Frank that I have some enemies there that would take advantage of me by getting whiskey by the drink or pint - Frank I think wants to make all the money he can for me, and he hates to miss even a "dime" but it is sometimes best to loose or miss getting dimes - it won't do to run too much risk at least, try to write to me if you have spare once a week and keep me posted."

Editorial

Want to see a burglar run like a thief? Then rig an alarm to your safe. The next time a larcenous lunkhead fumbles with the tumblers, he'll set off a siren and the only thing he'll be interested in stealing is away—and fast.

According to police there are lots of ways to frustrate a burglar and make him wish he had taken up piano tuning or something.

One reliable old standby is a strong lock. It doesn't have to be as big as a ham, just tough enough to keep the intruder out.

Bars across windows, skylights and other openings will cause any burglar to gnash whatever teeth he has left. Bars also might remind him of what he's likely to end up behind unless he converts to an orthodox profession.

Judicious distribution of keys is a police-recommended policy to thwart plunderers. If a wrong person gets a right key, the office manager might soon start wondering what happened to all the valuables.

A master key that fits all doors is of tremendous help--to a burglar. Keys should be coded so only office employees know for sure which locks they fit. If keys are marked or tagged to designate their use, a set to a burglar is a readymade road map to tour the premises.

Night prowlers, like flashlights, work best in the dark. Burglars are bad actors who dislike acting out their thing before an audience. They shy away from bright lights lights. Windows, doors and other potential breaking-in areas that are well-illuminated turn them off.

So play it safe by helping the housebreaker see the light. Yeggs, like eggs, crack up when the heat's too hot.

Gus says since most sins are pretty expensive it looks like folks would behave themselves and save the difference.

Letter to the Editor

DEAR WIFE, FRIENDS, CIVILIANS, DRAFT DODGERS, ETC.,
IN THE VERY NEAR FUTURE THE UNDERSIGNED WILL
ONCE MORE BE IN YOUR MIDST, DEHYDRATED AND DEMORALIZED, TO TAKE HIS PLACE AGAIN AS A HUMAN BEING WITH
THE WELL KNOWN FORMS OF FREEDOM AND JUSTICE FOR
ALL-ENGAGE IN LIFE, LIBERTY AND THE SOMEWHAT DELAYED PURSUIT OF HAPPINESS. IN MAKING YOUR LIFELESS
JOYOUS PREPARATIONS TO WELCOME HIM BACK INTO ORGANIZED SOCIETY YOU MIGHT TAKE CERTAIN STEPS TO MAKE
ALLOWANCES FOR THE CRUDE ENVIRONMENT WHICH HAS
BEEN HIS MISERABLE LOT FOR THE PAST SEVERAL MONTHS.
IN OTHER WORDS HE MIGHT BE A LITTLE ASIATIC FROM
VIETNAMESCITIS AND OVERSEAITIS, AND SHOULD BE
HANDLED WITH CARE, DON'T BE ALARMED IF HE IS INFECTED WITH ALL FORMS OF TROPIC DISEASES. A LITTLE
TIME IN THE LAND OF THE BIG PX WILL CURE THIS MALADY.

THEREFORE, SHOW NO ALARM IF HE INSISTS ON CARRY-ING A WEAPON TO THE DINNER TABLE, LOOKS AROUND FOR HIS STEEL POT WHEN OFFERED A CHAIR, OR WAKES UP IN THE MIDDLE OF THE NIGHT TO PULL GUARD DUTY. KEEP COOL WHEN HE POURS GRAVY ON HIS DESERT AT DINNER, OR MIXES HIS PEACHES WITH HIS GREEN KOOL—AID. PRETEND NOT TO NOTICE IF HE EATS WITH HIS FINGERS INSTEAD OF SILVERWARE AND PREFERS C~RATIONS TO STEAKS. TAKE IT WITH A SMILE WHEN HE INSISTS ON DIGGING UP THE GARDEN TO FILL UP SANDBAGS FOR THE BUNKER HE IS BUILDING. BE TOLERANT WHEN HE TAKES HIS BLANKET AND SHEET OFF THE BED AND PUTS THEM ON THE FLOOR TO SLEEP ON.

ABSTAIN FROM SAYING ANYTHING ABOUT POWDERED EGGS, DEHYDRATED POTATOES, FRIED RICE, FRESH MILK OR ICE CREAM. DON'T BE ALARMED IF HE SHOULD JUMP UP FROM THE DINNER TABLE AND RUSH TO THE GARBAGE CAN TO WASH HIS DISH WITH A TOILET BRUSH. AFTER ALL HE HAS BEEN IN THIS STANDARD WAY OF LIFE. ALSO, IF IT SHOULD START RAINING DON'T PAY ATTENTION TO HIM IF HE PULLS OFF ALL HIS CLOTHES, GRABS A BAR OF SOAP AND A TOWEL AND RUNS OUTDOORS FOR A SHOWER.

WHEN IN DAILY CONVERSATION HE UTTERS SUCH THINGS AS "XIN LOI" AND "CHOI HOI" JUST BE PATIENT AND SIMPLY LEAVE QUICKLY AND CALMLY IF BY SOME CHANCE HE UTTERS"DI DI" WITH AN IRRITATED LOOK ON HIS FACE, BECAUSE IT MEANS NO LESS THAN "GET THE H--- OUT OF HERE", DON'T LET IT SHAKE YOU IF HE PICKS UP THE PHONE AND YELLS "TYPHOON FORWARD SIR" OR "ROGER OUT" FOR GOOD-BYE OR SIMPLY SHOUTS "WORKING".

NEVER ASK WHY THE JONES' SON HELD A HIGHER RANK THAN HE DID, AND BY NO MEANS MENTION THE TERM "EXTEND". PRETEND NOT TO NOTICE IF AT A RESTAURANT HE CALLS THE WAITRESS "NUMBER ONE GIRL" AND USES HIS HAT FOR AN ASH TRAY. HE WILL PROBABLY KEEP LISTENING FOR "HOMEWARD BOUND" TO SOUND OFF OVER AFRS. IF HE DOES, COMFORT HIM, FOR HE IS STILL REIMINISCING. BE ESPECIALLY WATCHFUL WHEN HE SEES OR IS IN THE PRESENCE OF A BEAUTIFUL WOMAN.

ABOVE ALL, KEEP IN MIND THAT BENEATH THAT TANNED AND RUGGED EXTERIOR THERE IS A HEART OF GOLD(THE ONLY THING OF VALUE HE HAS LEFT.) TREAT HIM WITH KINDNESS, TOLERANCE, AND YOU WILL BE ABLE TO REHABILITATE THAT WHICH WAS ONCE (AND IS NOW A HOLLOW SHELL) THE HAPPY-GO-LUCKY GUY YOU ONCE KNEW AND LOVED.

MR. AND MRS. ELMER ADKINS- MR. AND MRS. DANNY ADKINS

Wedding of Interest

Mr. and Mrs. Danny Adkins are at home in Seminole after their January 2, 1971 wedding in St. Andrew's Presbyterian Church at New Plymouth, New Zealand.

The bride, Miss Wilda Marie Washer, and Mr. Adkins exchanged vows at 2:30 p.m. before an altar of red and white carnations. The pews were marked with white ribbon and sprays of red flowers. Rev. L. V. Watkins officiated for the double ring ceremony.

Miss Stanfield, organist, played "Oh Father All Creating" as the bride entered the church. "O Perfect Love" was also sung during the service. The bride and groom left the church to "Mendellson's Wedding March."

Parents of the couple are Mr. and Mrs. C. G. Washer, No. 31 R. D., Opunake, New Zealand and Mr. and Mrs. Elmer Adkins, 92 Carrington Street, New Plymouth, New Zealand and former Seminole residents. Mr. and Mrs. Joe Adkins, 607 S. W. 6th Street, are grandparents of the bridegroom.

Presented in marriage by her father, the lovely bride wore a white carpet length gown, fashioned with a high waistline with flowing train from the waist at back. Guipure lace edged the low neckline, cuffs and train. Her veil was formed of bridal illusion. She carried a Victorian posy of white carnations, roses and gladioli with long streamers of white ribbon tied in love knots.

Bridesmaids were Misses Jennifer Ann Washer, sister of the bride and Vicki Lyn Adkins, sister of the groom. The attendants were attired in frocks of red Tetron gaberdine. Guipure lace, dyed to match the frocks, edged the high waistline, low neckline and long sleeves with wide cuffs. They carried a Victorian posey of cream carnations and gladioli with streamers of red ribbon.

John Charles Washer, brother of the bride, served as best man. Groomsman was Robert H. Hopkins. Ushers were Terry Cook and Jeff Marsh.

The reception was held in the garden of the bride's parents. A party followed. Colored lights were hung around the trees. One hundred and eighty guests from all parts of New Zealand attended.

For a wedding trip to Auckland, the bride chose a white crimpelene trouser suit and white shoes with a white sheepskin purse.

The bride attended Raloty Primary School, New Plymouth Girls High School (Boarder) and Palmerstan North Teachers College. Prior to her wedding she was a primary school teacher. The groom is a 1969 graduate of San Marcos Academy.

Monahans had a tough time moving against Seminole efforts last Friday night.

Stan Hughes after leading his team with 20 points.

FRESH MEN

The second team of the 9th grade went up against Andrews last Thursday and lost 28-44. Rory Lacy led his teammates with 12 points. Buck gathered 9. The halftime reading was 10-25.

The freshmen fell behind last Thursday against Andrews by 15 points in the lst quarter and hit only 1 field goal. They came storming back in the 2nd quarter, scoring 22 points with Hughes, Mason, Jordan and Montandon hitting.

They got within 7 points in the 3rd quarter but Andrews caught fire and won 56-88. Stan Hughes was high for the freshmen with 20 points. Mason had 11, Jordan 8, Montandon and Lilly 6 each, Carson 4 and

Joe Harber, a round ball fan, said, "Jim, shoot the ball in there and draw a foul" and Jim Livingston did just that, completing a 3 point play against Monahans and upended the Loboes 44-43 last Friday night. Roberts drew his 3rd foul in the early part of the 2nd quarter and Larry Jackson came on strong, rebounding and scoring, to help the Indians to the victory. It was his outstanding play along with Robert Arrezola and Jim Livingston that led Seminole to their 2nd district win and their lst in the 2nd round of play.

Seminole jumped to a 14-11 lst quarter advantage at half-time, 23-19. The Loboes came storming back in the 3rd period scoring 16 points and led by one at the 3/4 mark.

Roberts returned to the floor and led Seminole with 12 points Jim Livingston, with a big 3 point play, added 10. Arrezola had 9, Jackson 7, Shuler 4 and Baker 2. It was a good effort on the part of the Indians as they ran patterns well, moved the ball and looked like a real team effort.

The B's lost their game by 7, 48-55.

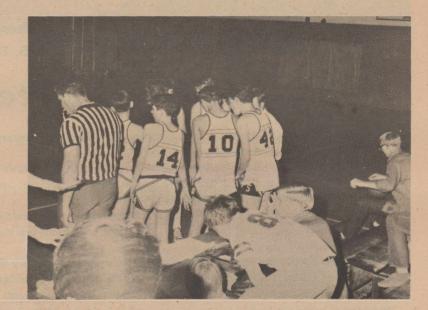

INDIANS WIN ONE - INDIANS LOSE ONE

The Seminole Indians had a terrible start last night against Ector and turned the ball over for easy layups 5 times the 1st quarter and fell behind by 13, 11-24. The 13 points prevailed throughout most of the ballgame, but Robert Arrezola and Donald Roberts got hot in the 3rd and 4th quarters and charged within 7 points, 6 points and 5 points.

It was too little too late. The Indians lost 76-81. They matched the Ector Eagles from the field, scoring 27 field goals but were beat at the charity line when the Indians could convert only 22 of 37 tries. The Eagles got 27.

Davis, #41, a junior from Odessa, scored 34 points to lead the field. Roberts was high for the Indians with 27. Arrezola had 21, Livingston 9 and Jackson 8.

It was a game of much whistle blowing and many fouls. Clinton and Watkins went out with 5 each as did Jackson and Shuler for Seminole. Rounding out the scoring for the Indians, Shuler had 5, Baker 3, Pierson 2 and Convales 1.

Coach Tommy Woodard says "Come on, men, let's get with it."

ACCOUNT NUMBER WAS ESTABLISHED SOLELY FOR THE PURPOSE OF SEEING THAT PEDPLE RECEIVED CREDIT FOR THEIR EARN-INGS UNDER SOCIAL SEC -URITY SO THAT PROPER BENEFITS CAN BE PAID WHEN DUE. IT IS IMPOR-TANT THAT THEY HAVE THEIR ORIGINAL CARD OR A DUPLICATE SO THAT THEIR NUMBER CAN BE ACCURATELY COPIED BY THEIR EMPLOYER SO THAT PROPER REPORTS GIVING PROPER CREDIT CAN BE MADE. WHEN A CLAIM IS FILED WE NEED THE NUM-BER SO THE RIGHT PERSON CAN GET THE RIGHT BENE-FIT, ANY OTHER USE OF THE NUMBER HAS NOTHING TO DO WITH THE SOCIAL SECURITY PROGRAM. MORE AND MORE PEOPLE ARE BEING ASKED FOR THEIR NUMBER FOR MORE AND MORE REASONS --- WE

DON'T REALLY OBJECT TO THIS, NOR DO WE REALLY LIKE THE IDEA -- BUT PEOPLE SHOULD UNDER-STAND THE PRIMARY PUR-POSE OF THE ACCOUNT NUMBER, IT IS TO INSURE PROPER SOCIAL SECURITY CREDITS AND PROPER BE-NEFITS, IF YOU LOSE YOUR CARD, ASK FOR A DUPLICATE FROM YOUR SOCIAL SECURITY OFFICE, DON'T COPY IT FROM A CREDIT CARD. YOU CAN GET A DUPLICATE THAT YOU KNOW IS CORRECT FROM THE PEOPLE WHO ISSUED YOU THE NUMBER FOR ITS PRIMARY PURPOSE ---- SOCIAL SECURITY.

Letters to the Editor

DEAR MR. WOODS, REP. SHORT, SENATOR BLANCHARD, GOV. SMITH-

QUOTING FROM AN EDITORIAL APPEARING IN THE HOUS-TON CHRONICAL DATED JANUARY 8, 1971. THE FIRST PARAGRAPH IN FULL-"A HIGH RANKING OFFICIAL OF A MAJOR OIL COMPANY HERE WAS CHARGED WITH DWI. BE-FORE HE WAS RELEASED FROM JAIL, HE HAD TO MAKE AN \$800 BOND."

THE EDITORIAL GOES ON TO ASK WHY AN ACCUSED PERSON BE PENALIZED BY HAVING TO PAY A BOND FEE BEFORE HE IS TRIED. IT FURTHER STATES THAT HUGE PROFITS ARE REAPED FROM THESE UNFORTUNATES.

THE EDITORIAL SAYS THERE IS A BETTER WAY, CITING THE ILLINOIS PLAN, CLAIMING THAT IT HAS BEEN USED WITH GREAT SUCCESS IN THAT STATE. REP. JOE ALLEN OF BAYTOWN HAS PRESENTED A BILL ALONG THESE LINES TO THIS SESSION OF THE LEGISLATURE.

I HAVE A FEW THINGS TO SAY REGARDING THIS BILL AND THIS EDITORIAL. SINCE THE EDITORIAL CHOSE A DWI CASE AS AN EXAMPLE, I WILL DWELL ALONG THESE LINES, ALSO IT IS THE MOST COMMON BOND SET. THE ILLINOIS PLAN RELEASES ALMOST ALL FIRST OFFENDERS ON THEIR OWN RECOGNIZANCE. THAT IS, THEY DON'T HAVE TO POST BOND. IN ESSENCE REP. ALLEN'S BILL WILL MAKE IT A LOT EASIER FOR THEM TO BE RELEASED FROM JAIL.

I WOULD LIKE TO FIRST POINT OUT THAT OTHER THAN NATURAL DISASTERS, THE LARGEST CONTRIBUTORS TO VIOLENT DEATH, INJURY AND PROPERTY DAMAGE IS DRUNK DRIVING, NOT TO MENTION INCREASED INSURANCE PREMIUMS AND INCONVENIENCE TO PERSONS INVOLVED. I THINK MOST TEXANS ARE SICK AND TIRED OF IT. I DON'T THINK THAT A HIGH RANKING OIL COMPANY OFFICIAL HAS ANY MORE RIGHT TO DRIVE WHILE DRUNK THAN ANYONE ELSE. I ALSO DOUBT THAT BEING A HIGH RANKING OFFICIAL MAKES HIM ANY LESS OF A HAZARD TO OUR SAFETY. I FEEL SURE HE THINKS HIS RIGHTS HAVE BEEN VIOLATED, BUT WHAT ABOUT THE PEOPLE'S RIGHT, OUR RIGHTS SHOULD BE THAT OUR LEGISLATURE PASS BILLS THAT WOULD HELP KEEP US FROM BEING SLAUGHTERED.

NOW LET US TRY TO DISCOVER WHAT A FIRST OFFENDER IS, ANYONE THAT KNOWS ANY TEXAS LAW AT ALL KNOWS THAT YOU CAN BE CHARGED ANY NUMBER OF TIMES WITH DWI AND STILL BE A FIRST OFFENDER. EVEN EX-CONVICTS CAN BE CHARGED WITH DWI FIRST OFFENSE, SO WHAT IS A FIRST OFFENSE? CAN SOCIAL STANDING DETERMINE WHETHER A PERSON SHOULD BE RELEASED OR NOT? IF YOU ARE GOING TO RELEASE THEM WITHOUT CHARGE THEN I THINK LEGAL COUNCIL SHOULD BE AFFORDED WITHOUT COST TO EITHER THE STATE OR DEFENDANT.

UNFORTUNATE VICTIMS? SUPPOSE THAT HIGH RANKING OIL COMPANY OFFICIAL SHOULD HAVE RUN INTO REP. ALLEN'S FAMILY, THEN WHO WOULD BE UNFORTUNATE.

THE ONLY ONE THAT I CAN SEE WHO WOULD GAIN FROM SUCH A BILL BEING PASSED WOULD BE THE DEFENDANTS AND SOME LAWYERS. MANY OF OUR SENATORS AND REPRESENTATIVES ARE ATTORNEYS, BUT I DON'T BELIEVE THAT THEY WOULD PASS A BILL FOR THEIR PERSONAL GAIN. THE NEXT STEP AFTER THIS WOULD BE TO NOT ARREST FIRST OFFENDERS AT ALL.

AS FOR COPYING THE ILLINOIS PLAN, I THINK TEXAS LAWMAKERS SHOULD ADOPT THEIR OWN PLAN. ANYONE WHO CAN READ KNOWS WHAT KIND OF TROUBLE ILLINOIS HAS WITH CRIMINAL LAW RE. COOK COUNTY, ILLINOIS. WE CAN'T STAND THE SCANDAL.

I ADMIT THAT THE BAIL BOND SYSTEM NEEDS CHANGING BUT HOW CAN YOU REFORM A PROBLEM AS SER1OUS AS THIS BY MORE LAXITY? THERE ARE COUNTLESS OTHER FIRST OFFENSES TO BE CONSIDERED SUCH AS, RAPE, OBSENE PHONE CALLS, INDECENT EXPOSURE, INCEST, MURDER - -ETC.

WHAT NEXT?

THANKS DAVE HENDERSON
(EDITORS NOTE--DRIVING LAST WEEK ON OUR SEMINOLE

Jamous Quotes

BY LOCAL FOLKS

A local barber's wife came in the shop and said "I need money to buy a loaf of bread." The haircut was finished and the customer started to leave. By the way, Junior, how much does bread sell for now?

Answer - "\$5.00 a loaf."

To cover a small cigarette burn in a carpet, clip off the black ends and then treat with the following solution: Mix one teaspoon of white vinegar added to one teaspoon of neutral detergent (the kind used for fine fabrics) in one quart of warm water. Bad burns can only be repaired by reweaving.
