Mrs. Paula Caffey directed the music group at open house Tuesday night. The little boys in the middle picture are Dwayne Barnett, Neal Cato, Benny Stewart and Michael Freyburger (in overalls). They were known as the 'Corn on the Cob' group. On the right can be seen the audience.

### ERICSON ANNOUNCES FOR SCHOOL BOARD

Lester L. Ericson, 611 S.W. 17th, announced for one of the two positions open on the school board. He is the farm manager for CBK. Mr. Ericson is a member of the Methodist Church and is the father of three sons. He joins another hopeful, Lloyd Livingston, and incumbents, Leon Foote and Glen Cavitt, in seeking the two posts this year.

### Notice

In an article run two weeks ago concerning reported shortages by Chester Browne, it was told at that time that accounts made in the county clerk's office would be paid up March 1st. As of March 1st, the balance, according to Woodson Jones, County Auditor, and verified by Chester Browne was \$1487.24. Of that amount Browne reports \$700 collected with \$787.24 still due. "I think it will all be paid by the 5th of March" Browne told the News yesterday.

Did you ever soak your foot in kerosene? It's kind of a greasy feeling. Seems like to me you held your foot in there for an hour or so, maybe two. Anyway, it kept you from having lockjaw, blood poisoning, or something, after stepping on a rusty nail. No wonder there's not enough doctors to go around today.

Did you ever have your mama put a poltice on you? Now, this was an uncomfortable gizmo and I think the biggest ingredient was heat. It was hot! Maybe your family was the castor oil takers. Castor oil cured things like being bilious, not going to school and just a lot of those other diseases. Did your folks believe in the coal oil and sugar treatment?

Sloan's liniment was just about as good as you could be rubbed down with. It was good for a bad back, tied muscles or for a horse's leg.

Did you ever try to keep from sniffing just before you went to bed so you wouldn't get the Vicks treatment? My folks didn't go much for Mentholatum. I didn't mind the smell of that so bad. But that old Vicks treatment - all over your chest with an outing cloth on it, all around your nose and then Mama rubbed so hard and

### OPEN RANGE FIRE

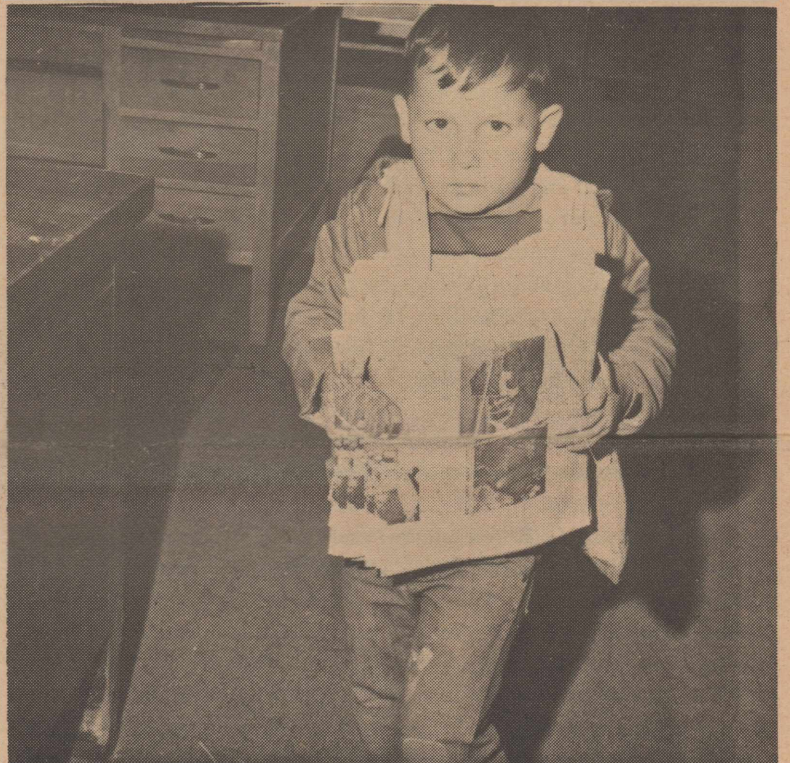

Last Saturday evening and Saturday night a grass fire burned itself out on two sections of grassland 5 miles east and 1 mile north of Seminole. The farm land belonging to Norman and Beckham had been seeded to weeping lovegrass several years ago. In all probability this is about what the Plains would look like after a grass fire in years gone by. The 1280 acres burned from lunch time on Saturday into the night. The Seminole Volunteer Fire Department was on hand watching after it. Charlie Benson, Fire Chief, said "We received 100 calls." The black spots of course are where large stools of grass grew. The charred range covered 2 miles east and west and 1 mile north and south. (Editor's note: This would have been ideal for a rabbit hunt.)

### CUB SCOUTS

Glen Cavitt and speaker Bill Manning at the Blue and Gold banquet last Thursday night. That's L. M. "Shorty" Blackmon on the right. (I know you've never seen him with a coat and tie on before.)

### NEW PAPER BOY

A NEW PAPER BOY, Jesse Long - The conversation went something like this: "Mr. Woods, would you give me a job?" "Yes sir," I said. (Well, he made a \$1.00 on his first day. That's not bad for a five year old, but it's awful hard on mamas.)

### A Year-Round Program

The Clean-up Campaign continues from last season. The old Eubanks house, across from the school, can be seen as it is being dismantled. The Clean-up Campaign is set for April 26- May 1 this year and will concentrate on the removal of old cars.

## EDITORIAL

Let's look at the picture of the changing scene down on the farm. The light in which you look at it is what makes it either good or bad. When you review some of the government programs it's according to which side you're on as to how good or how bad it looks. As an example, Griffin, Inc., Box 7, Fresno County, Huron, California received a government payment in 1968 of \$2,772,187 as an ASCA payment and Great Plains Program payment. J. C. Boswell Co., Box 877, Corcoran, California received \$3,010,042. And you say that's good for them and bad for the tax payer. In Gaines County, Texas the top farm in the county received \$74,000 in government support payments with a total being paid out in 1968 of \$5,970,132 paid to 405 farmers. This only counts the ones that draw over \$5,000. But, I'd like to point out right here that Gaines County has very few allotments and the counties that draw the most money are the ones that have larger allotments. Dawson County received \$6,959,856, Terry County \$8,629,978, and Gaines County is twice as big.

Why aren't all farmers rich? It's quite a different story if you're looking at it from a standpoint of individual farmers trying to make a living off the land. The government has a new law that says no farmer can draw over \$55,000 price support, trying to slow down huge land barrens. One time a young man could start farming with a team of horses, a breaking plow, a walking planter and with a garden, a few chickens and a cow, could support a family. It's a different story today. A half section of land can easily cost from \$80,000 to \$100,000, farming equipment can easily cost \$25,000, irrigation \$35,000 and with interest running 8% to 10% the last year or two made it nearly impossible for a man to live on the farm, make payments on a farm and pay off his loan at the end of the year.

If you're thinking about farming from a standpoint of production, a near miracle has happened. As far back as 1930 it took one farm family in eleven to produce enough fiber and food to feed the eleven families. Today one farm family can supply 43 American households. In 1940 there were approximately 30,000,000 people on the farm. Today the figure has shrunk to less than 10,000,000. A man in years gone by could farm thirty, fifty or maybe eighty acres. A 12 row tractor in West Gaines County can plant out a half section a day on a good run. A 12 row planter and tractor could jump up to \$12,000 or \$14,000 in cost today. A team and a complete farming outfit in years gone by - \$60 to \$100 worth.

Some farms have become multi-million dollar operations. Why? The only way they can make it is big, big equipment and big, big government checks. What's going to happen when all the small farmers go out of business? Farming will be done by huge co-ops, cooperations and other multi-business office based operations. The farmer will no longer be at the mercy of having to sell his produce and products. He'll be big enough to stock pile and make his demands for so much profit on so much production and rightfully so.

More farmers have made their money on appreciable value of land than by farming. So many of your parents that owned farms made a simple living by farming but then after 25, 30 or 40 years of ownership have a sizable life savings, not with what the land cost but its market value at that time. We still have a lot of small farmers that are hanging on, mostly self-operated family units. If you're a farmer, it's been most difficult for you to live on the farm and pay your debts. If you're the middle man, you've done well in packaging and putting the food on the groceryman's shelves. If you're a consumer, you buy your food stuffs cheaper for what you make than any other people on the face of the earth. It just ain't like it use to be down on the farm.

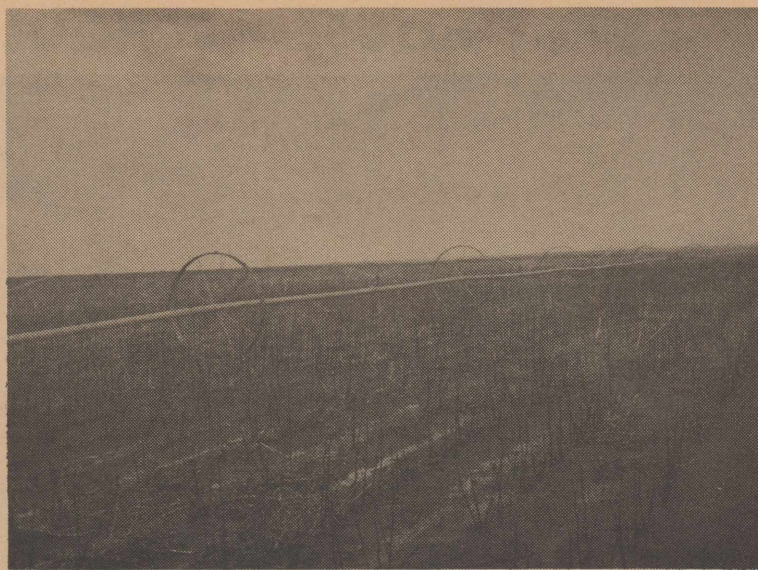

FROM PAGE ONE

it would get so hot that you'd have to cough in self defense. But I'll tell you one thing it was good for, it would loosen up the congested part and sleep was beautiful thereafter.

I don't know if they knew anything about vaporizers or not but they did know how to take boiling water, put next to your face, drop a little Vicks salve in it and then you would breath the steam off it. Maybe sometimes it was just the attention and knowing that somebody cared.

Then there was the itch and all of that grease and sulphur, living in the same clothes for three days and being almost ostracized from society. And oh how I dreaded inspection time, and it was embarrassing too. A big old boy - 8, 9 or 10 years old being inspected for the itch and then "So and So's children have got lice and I want to be sure you don't have any" and it was inspection time again. I'll tell you in those days you were careful when you scratched 'cause you didn't want the teacher to send home a note or for inspection time to arrive again. "All right, pull off your clothes." Oh, how I dreaded it.

Now, I could take the kerosene, the Sloan's liniment, Calamel, poltices, castor oil, Vicks salve, Mentholatum, grease and sulphur - but the one I hated worst was Black Draught. I think one of life's proudest moments was the time my mama poked it down

me and it wouldn't go and she did it again and I rewarded her with a good healthy vomit. ( I never vomited but twice in my life and this one never came at a more opportune time. ) Now, Black Draught is a mixture (in my opinion) of black pepper, paregoric, senna tea and some other foul tasting junk.

It just may be that a lot of our children's ills could be cured - not from the remedy but by its application. You were careful where I was raised not to mention that you'd stepped on a rusty nail, or your body was itching or you didn't feel like going to school. I'll tell you, you learned to walk the chalk line, make out like you felt good and looked real pert.

Well, the story is this - I suffered through the other things but never had to take Black Draught again.

## Letter to the Editor

February 23, 1971

Mr. Walter L. Woods, Editor  
Seminole News

On September 15, notification of publication was received by my office. The next day the Bill for the hospital district was given to the Legislative Council for drafting. I checked with them this date and they have assured me it was finalized and had not gone to printing. The Bill will be completed in plenty of time to be presented to the Legislature. The whole process could take as long as 6 weeks. The Bill is not without controversy and is contested. There will be no way to avoid a head-on collision with two hospital district Bills in the same county having overlapping boundaries with one Bill going from the House to Senate and one Bill going from Senate to House.

Senator Blanchard and I have met with Seagraves and Seminole citizens here in Austin several times. The first visit was by Mr. Anderson and others who presented us with resolutions, a map and proposed copy of the Bill. It was decided the Hospital District Bill would start in the Senate. This was before publication was completed and before the Seminole Hospital Bill was contested. Under the automatic sub-committee rule of both Houses it would take three to four weeks for committee review alone. So, now the contested Bill will wait for its counterpart, the Seagraves Hospital proposal and they will both be heard by a Senate Committee after due notice and ample time has been given to both sides to express their viewpoints on their respective Bills.

The next step will be presentation of the Bills by Senator Blanchard and referral to committees by the Lieutenant Governor. I will be in touch with your newspapers, the Chamber of Commerce and other officials as to all future developments.

(Editor's note: I'm sure Mr. Short meant February 15. It's too bad politicians do not follow through with what they originally promised to do.)

The above form letter was not signed but was on Mr. E. L. Short's stationery.

## NOTICE

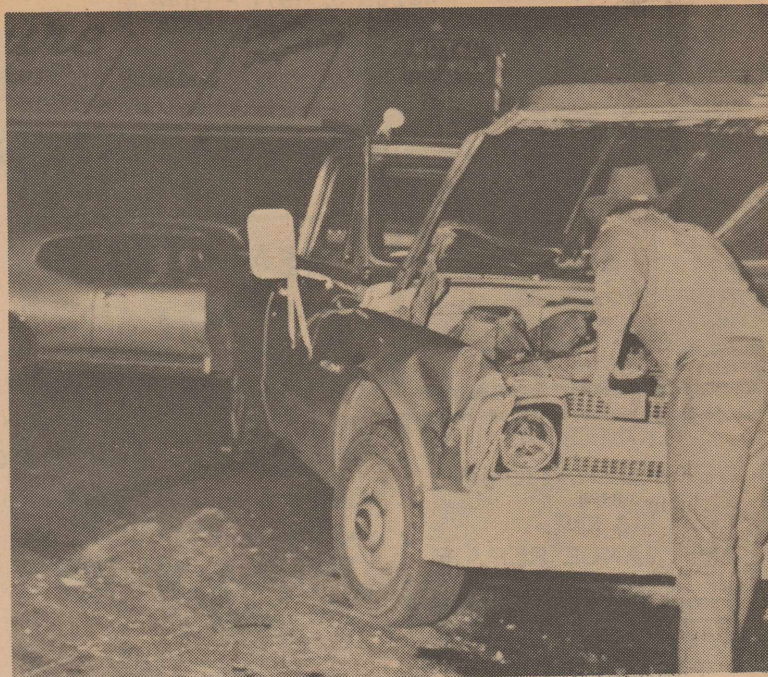

Joe Anderson reported to the News Tuesday that he had talked to Doc Blanchard, State Senator, and he reported that he had put both hospital bills of Seminole and Seagraves in the state legislative hopper.

### FRONTIER OUTPOSTS

WE'VE DONE A LITTLE CHECKING AND WE'VE DISCOVERED THAT ALL NINE OF THE HIGHWAY DEPARTMENT STATE LINE TOURIST BUREAUS ARE CLOSER TO THE CAPITALS OF OTHER STATES THAN THEY ARE TO AUSTIN. ANTHONY, FOR EXAMPLE IS CLOSER TO FOUR OTHER STATE CAPITALS--SANTA FE AND PHOENIX AS WELL AS TWO MEXICAN CAPITALS, HERMOSILLO AND CHIHUAHUA. TEXARKANA ALSO IS NEARER TO FOUR OTHER CAPITALS --BATON ROUGE, LITTLE ROCK, JACKSON. THE DENISON, GANESVILLE AND WICHITA FALLS ARE CLOSER TO OKLAHOMA CITY THAN TO AUSTIN, WHILE LAREDO IS CLOSER TO MONTERREY AND SALTILLO, AND ORANGE IS NEARER TO BATON ROUGE. TO SUM UP, IN 21 INSTANCES THE BUREAUS ARE CLOSER TO OTHER STATE CAPITALS THAN TO AUSTIN. SEVERAL OF THESE BUREAUS ARE WITHIN SPITTIN' DISTANCE OF THE STATE LINE, SO WE COULD ALMOST CALL THEM "FOREIGN MISSIONS" RATHER THAN "OUTPOSTS," NOW WHAT ALL THIS MEANS IS THAT OUR BUREAU PERSONNEL MUST WORK MIGHTY HARD ON KEEPING UP WITH WHAT'S GOING ON IN TEXAS IN ORDER TO STIMULATE TOURIST TRAVEL WITHIN THE STATE. AND THEY NEED ALL THE HELP WE CAN GIVE THEM! BE SURE TO DROP BY ANYTIME YOU'RE IN THE NEIGHBORHOOD, IF ONLY TO SAY HOWDY. (TAKEN FROM THE TEXAS HIGHWAY DEPARTMENT'S TEXAS 'TRAVEL LOG'.)

**Proposed CONSTITUTIONAL AMENDMENT  
NUMBER THREE ON THE BALLOT (SJR 5)  
Special Election May 18, 1971**

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article III, Section 51-a, of the Texas Constitution, be amended to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

"(1) Needy aged persons who are citizens of the United States or noncitizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;

"(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

"(3) Needy blind persons;

"(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation

in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of State funds paid for assistance grants for needy dependent children and the caretakers of the children shall not exceed Fifty-Five Million Dollars (\$55,000,000) during any fiscal year.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the State for these purposes, then and in that event the

Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this State."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on May 18, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment removing the limitation on the total State appropriations for assistance grants for the needy aged, the needy disabled, and the needy blind, and setting a limitation on total State appropriations during any fiscal year for assistance grants for needy dependent children and the caretakers of such children."

**Information From  
Social Security Office**

BY DOROTHY FEAZELL

A frequent question put to local social security representatives is "Why can't I receive checks for the first six months after I become disabled."

This is usually asked because workers qualifying for disability benefits can receive checks no earlier than the seventh full month after the disability began, and no back payment is made for the first six months.

There are two basic reasons behind the six-months "waiting-period", as it is called. To meet the definition of the term "disability" under the social security law a condition must have lasted or be expected to last at least 12 months. The six months waiting period helps to establish that the condition is, in fact, going to prevent the individual from working for a year or more and is not just a temporary impairment.

There is also a financial factor. The cost of paying benefits during the first six months period, or to temporarily or partially disabled persons, would have to be met by a substantial increase in the social security tax rate. Although many workers might benefit from such additional disability benefits, the extra taxes they would have to pay in order to have the protection available has not to date seemed justified.

If you have any questions pertaining to social security be sure and drop by the courthouse in Seminole to see me when I'm there on one of my regular trips. Will be happy to talk with you!

### ARE THE KIDS REALLY TO BLAME?

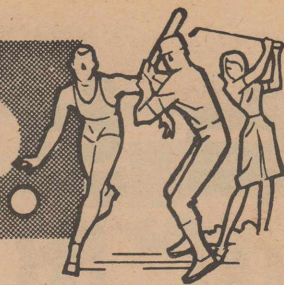

We read in the paper, we hear on the air  
Of killing and stealing and crime everywhere;  
We sigh and we say, as we notice the trend,  
This young generation . . . where will it end?  
But can we be sure it's their fault alone?

Too much money to spend; too much idle time;  
Too many movies of passion and crime;  
Too many books not fit to be read;  
Too much evil in what they hear said;  
Too many kids encouraged to roam;  
Too many parents who don't stay at home.

Youth doesn't make the movies; they don't write the books;  
That paint the gay pictures of gangsters and crooks.  
They don't make the liquor, they don't run the bars;  
They don't make the laws and they don't make the cars.  
They don't make the drugs that idle the brain,  
It's all done by older folks, greedy for gain.  
And how many cases, we find that it's true . . .  
The label, "Delinquency" . . . fits older folks, too!

We compare the leading chemicals point by point, and observe them in actual field use. The ones that do the best job are marked "CFS Approved". Then we go a step farther. Eight anxious players on the "Over the Hill" team could hardly wait for their turn to get out on that basketball court last Friday night. Other players on the team not shown here were on the court playing their heart out. Would you believe that Edith Armstrong was high point for the night with 3 points. This game was played last Friday night at Loop gym with the mothers playing the high school seniors. Proceeds from the games will go to finance an athletic banquet for the high school students. Most everyone has recovered from sore muscles and bruises.

High school faculty men played the senior boys and the men won with a score of 47 to 44. Could be that the referees took a few bribes here.

HENRY C. SIMMONS, MINISTER OF CHURCH OF CHRIST LOOP, TEX

"HOW TO BE RICH" AS SOON AS HE ENTERED MY OFFICE I COULD TELL THERE WAS SOMETHING TROUBLING HIM, ALTHOUGH HE HAD BEEN THERE ALMOST DAILY FOR THE PAST SIX OR EIGHT MONTHS, AND DURING THIS TIME WE HAD DEVELOPED A VERY CLOSE RELATIONSHIP, THERE WAS SOMETHING A LITTLE BIT DIFFERENT IN HIS DEMEANOR NOW.

I WAS FIELD PROJECT OFFICER ON A CERTAIN MISSILE RESEARCH AND DEVELOPEMENT PROGRAM AT CAPE CANAVERAL, FLORIDA, MY OFFICE WAS LOCATED ON THE SECOND FLOOR OF A WING OF THE MISSILE CHECKOUT HANGER. ALL MILITARY PERSONNEL VISITING THIS PROJECT WERE SUPPOSED TO CHECK THROUGH MY OFFICE SOMETIME DURING THEIR VISIT, AND SIGN AN OFFICIAL VISITORS LOG. MY VISITOR ON THIS OCCASION WAS A YOUNG AIR FORCE TECHNICAL SERGEANT WHO WAS ASSIGNED TO OUR HEADQUARTERS AS A MISSILE ELECTRONICS INSPECTOR. THAT WAS THE REASON FOR HIS FREQUENT VISITS TO MY OFFICE IN RECENT MONTHS. WE WERE CHECKING OUT THIS NEW RESEARCH MISSILE, AND THE AIR FORCE WANTED TO BE SURE THAT IT WAS RIGHT WHEN THEY ACCEPTED IT, HENCE, THE DAILY PROGRESS INSPECTIONS. ALL THESE INSPECTORS REPORTED THEIR FINDINGS TO ME ON EACH OF THEIR VISITS.

AND SO, A RELATIONSHIP THAT HAD BEGUN SEVERAL MONTHS PREVIOUSLY IN A PURELY PROFESSIONAL CAPACITY, HAD FLOURISHED AND SOON DEVELOPED INTO A VERY FRIENDLY, MUTUALLY PLEASANT ASSOCIATION. DURING THESE MONTHS WE HAD DISCUSSED, AND ARGUED AND KICKED AROUND MANY SUBJECTS WHICH WERE OF MUTUAL INTEREST TO US. NOT THE LEAST OF THESE SUBJECTS THAT HAD STIMULATED OUR CONVERSATIONS WAS THE SUBJECT OF RELIGION IN GENERAL, AND CHRISTIANITY IN PARTICULAR. YOU SEE, AT THIS TIME, ALTHOUGH I WAS ON ACTIVE DUTY WITH THE AIR FORCE, I WAS ALSO PREACHING FULL TIME FOR THE BABCOCK AVENUE CHURCH OF CHRIST IN MELBOURNE, FLORIDA. CHRISTIANITY WAS A VERY VITAL PART OF MY LIFE. (AND, THANK GOD, IT STILL IS.)

**WIFE SAVERS**

A small piece of foam rubber can be used to pick up lint and pet hairs on rugs and furniture.

Home equipments that have a tendency to vibration and noise such as typewriters, sewing machines, mixers, etc. will quiet down if a thin pad of latex foam is placed under the machine.

The largest egg does not always give the most for the money. Medium size is a good buy if priced one-eighth less than large ones. Small eggs are a good buy if priced one-fourth less than large.

When buying nuts in the shell remember it takes two pounds of them to make one pound of nut meats. So when one pound of nuts in the shell costs half as much as a whole pound of in-shell nuts their value is the same. If a pound of nut meats cost more than twice as much as a pound of in-shell nuts it is cheaper to buy the nuts unshelled. Remember though this allows nothing for time and energy you spend removing the meats.

Disposable saltshakers are so easy to make by filling drinking straws and twisting the ends.

A novel birthday cake idea sure to please a youngster turns the cake into a clock. Slit a cross in each of twelve large gumdrops; insert a candle and place around the top edge of the cake. One in the center joined by two pieces of licorice string make the minute and hour hands. Position them to show the age of the birthday child.

Did you know a touch of vinegar in bread dough and pie pastry will give a darker, crisper crust.

Don't make the mistake of mixing household cleaning products expecting a combination will do a better job. This can be disastrous from the release of toxic gases or wasteful, and give poorer results, as one product neutralizes the other.

In soft water areas soap does an excellent and economical cleaning job. In hard water a detergent is better because there is no chemical action to form a scum which sticks to clothes and washer parts.

RED WOODSON, PRESIDENT OF TEXAS FARM BUREAU, LEFT, DAYTON ELAM, VESTER SMITH AND BILL REED, DIRECTOR OF DISTRICT 6 ARE SHOWN HOLDING A PICTURE OF THE PROPOSED NEW TFB OFFICE BUILDING.

SEVERAL FARM BUREAU PROGRAMS AND ACTIVITIES, INCLUDING PLANS FOR CONSTRUCTING A BRAND NEW STATE HEAD-QUARTERS BUILDING, WERE DISCUSSED IN A DISTRICT 6 CONFERENCE OF COUNTY FARM BUREAU PRESIDENTS FEBRUARY 24, 1971 IN BIG SPRING.

VESTER SMITH, PRESIDENT OF THE GAINES COUNTY FARM BUREAU, REPRESENTED THE LOCAL COUNTY ORGANIZATION AT THE CONFERENCE. DAYTON ELAM ALSO ATTENDED THE MEETING.

CONSTRUCTION ON THE FOUR-STORY, CONTEMPORARY DESIGN BUILDING OF APPROXIMATELY 100,000 SQUARE FEET, IS EXPECTED TO START IN THE NEAR FUTURE, COUNTY PRESIDENT SMITH REPORTS. THE NEW HEADQUARTERS FOR THE TFB WILL BE LOCATED ON A BEAUTIFUL SUBURBAN SITE OVERLOOKING LAKE WACO IN NORTHWEST WACO.

"FRONT BURNER" MATTERS DISCUSSED AT THE MEETING INCLUDED--STATE AND NATIONAL LEGISLATIVE ISSUES, PROGRAM EXPANSION ACTIVITIES, CO-ORDINATION OF COUNTY AND STATE FARM BUREAU PROGRAMS, RESPONSIBILITIES OF COUNTY AND STATE FARM BUREAU LEADERS, AND A FINANCIAL REPORT FROM THE TFB.

FARM BUREAU MEMBERS IN TEXAS HAVE BEEN CONTRIBUTING TOWARD THE COST OF A NEW BUILDING, THROUGH THEIR MEMBERSHIP DUES, FOR THE PAST 19 YEARS. THE MEMBERSHIP AT THAT TIME FORESAW THE NEED FOR A FUTURE HOME FOR THE STATE FARM BUREAU.

TOTAL COST OF CONSTRUCTING THE NEW OFFICE, INCLUDING 59 ACRES OF LAND ON WHICH THE BUILDING WILL BE LOCATED, IS \$3.1 MILLION. LOW BIDDER ON THE BUILDING WAS SMITH BUILDING CO. OF WACO, IN ASSOCIATION WITH THE FIRM OF HARRELL-HAMILTON OF DALLAS, DESIGNED AND PLANNED THE BUILDING.

WHEN THE TEXAS FARM BUREAU MOVED ITS HEADQUARTERS TO WACO FROM BROWNWOOD IN 1938, IT MOVED INTO A RENT-FREE, TWO-ROOM OFFICE OVER THE WACO CHAMBER OF COMMERCE. THE FARM BUREAU HAD A MEMBERSHIP OF ONLY A FEW THOUSAND FARMERS AND RANCHERS AT THAT TIME.

AS THE TFB GREW, IT CHANGED LOCATIONS IN WACO THREE TIMES, MOVING TO ITS PRESENT LOCATION IN THE CITIZENS NATIONAL MOTOR RAMP BANK BUILDING IN JUNE, 1958. THE ORGANIZATION HAS OUTGROWN ITS PRESENT OFFICE QUARTERS.

THE STATE'S LARGEST GENERAL FARM ORGANIZATION HAS 121,158 MEMBER FAMILIES IN 204 ORGANIZED COUNTY FARM BUREAUS.

Lt. James Larry Hull's memorial service was held last Friday. Read it again and test your own self. Following is a letter to his wife from South Vietnam. (Used by permission.)

"War is an ugly thing, but not the ugliest of things; the decayed and degraded state of moral and patriotic feeling which thinks that nothing is worth war is much worse.

"A man who has nothing for which he is willing to fight; nothing he cares about more than his own personal safety; is a miserable creature who has no chance of being free, unless made and kept so by the exertions of better men than himself."

## AUTRY'S CAFE

Autry's Cafe is known far and near for those hot fried pies. About 10 o'clock at night you'll see people gather and it's peach, apple, cherry, apricot or pineapple. Five dozen fried pies at 10 o'clock at night? "The kids get off the street," said Mrs. Ruth Lake. "Why, the nurses and policemen from Denver City send over to get a supply!"

Autry's is owned by Mr. and Mrs. Gerald Lake. Mrs. Lake manages it while her husband works in the production department of Humble Oil Co. They are the parents of one son, Terry, and one daughter, Linda, and grandparents of Michael Shayne. The cafe employs sixteen people on three shifts 24 hours a day. "This is our first venture in business and we'll be beginning our third year March 1st," said Mrs. Lake. "Friday is catfish day - all you can eat for \$1.00. The other days - just good home cooked food. It's kind of interesting how many tourists stop to eat here. One day there were people here from Ohio, Illinois, Oklahoma, California and of course New Mexico."

## Child's Acrobatics Cause Her Downfall

Five-year-old Tammy Pierce was to perform as a twirler at New Mexico Junior College's basketball game Saturday night.

That is, before the active little girl's acrobatics caught up with her.

A pre-schooler at Will Rogers, Tammy was playing on the "monkey bars" at school the other day and fell, cracking her elbow. She's wearing a sling now and her performance Saturday night has been canceled.

Tammy is a daughter of Mr. and Mrs. Bill Pierce of West Bender Blvd.

It's hard to believe that Monday was a spring like day and getting AROUND TOWN was a pleasure without the need of a coat, only to awaken yesterday to the falling snow---JOE and CHRISTINE HARBOR with her parents, MR. and MRS. W. B. HAMMERS from Abilene, shopping at the CASUAL SHOPPE Monday---New manager at the UNITED DEPARTMENT STORE, BILL FLEISCHER, getting organized at the store with the help of FAY WOMACK and MARGARET GUTIERREZ---We've missed our landlord, DON MANSSELL, popping in and out of the office the past couple of weeks, due to his stay in the hospital-- We were sorry to hear of the misfortune of GEORGIA SIMPSON and VANESSA FREYBURGER breaking their arms last week. ---MR. and MRS. MAX STROTHER and CHILDREN, GAYLAND and SHARILYN over from SEAGRAVES Monday enjoying dinner out at JO'S. If it hadn't been for the STROTHERS, we wouldn't have had any pictures of the "Sew it with Cotton" contest last summer when our camera went on the blink---Congratulations to the N. J. McILWAINS on their wedding anniversary today--- STAN BASHAM getting new gold gold carpet laid at his Jewelry Store yesterday. He said he believes that is why it started snowing---There's nothing like getting one of each all at the same time, think STEVE and BOBBIE HALEY, when their daughter, BONNIE HAMILTON, presented them with twin GRANDCHILDREN last week, a little boy, DEAN and a little girl, DENISE. Heck, it took my daughter four years to do that. ---LOOP friends EDITH ARMSTRONG (the all American girl) and DOROTHY CAUGHRON having lunch Tuesday with SANDRA BAILEY and I. Among the many topics of our discussions - the most profound one we decided was you are as young as you feel----- Lookout for me because I'll be seeing you AROUND TOWN---

Rufus Elaine Stone (formerly Rufus Patter-son) is teaching school in Odessa, Tex. She and her husband have one daughter, 7 year old Laura Lee.

Mrs. Wanda Abshier and Steve of Mount Pleasant returned home Monday after several days business trip to Seminole and visiting friends. They also visited Mrs. Abshier's mother, Mrs. J. Westbrook, in Hobbs, N. M. who has been ill.

Mr. and Mrs. Don Willis of Lubbock spent the weekend with their parents, Mr. and Mrs. Kenneth Willis and Mr. and Mrs. Roy Lee Jeanis.

Chuck Rowland was home from Lubbock Christian College visiting his parents, Mr. and Mrs. Charlie Rowland this weekend.

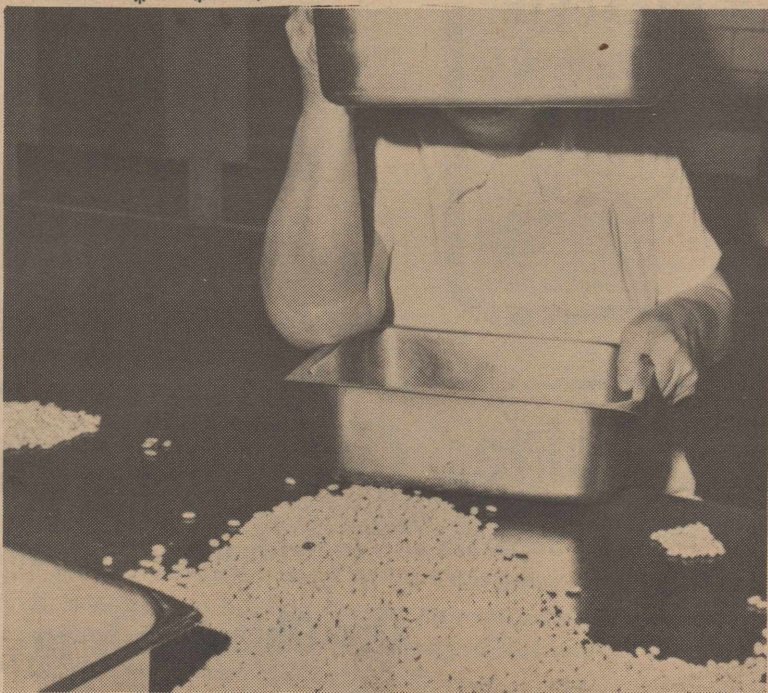

Maribeth Archer who is attending Lubbock Christian College was home over the weekend visiting her parents, Mr. and Mrs. J. W. Archer, Denise, Marsha and Jay.

When Paula Caffey, music teacher, was asked to have her picture made with the straw man that appeared on stage with the music group yesterday she said, "Well, get the teachers that made the straw man." Mrs. Almeda Gady and Mrs. Jean Strawn, third grade teachers, are shown with the straw man. Mrs. Gady said, "Well, you should get Marge Coffman, she's the one that made this one."

Visitors in the home of Mr. and Mrs. Walter Woods, Larry and Lindy over the weekend were Mr. and Mrs. James Hugh Wilson, Sabrina, Stephanie and Shana of Lubbock and Miss Cynthia Ann Woods and her friend, Miss Dalia Saenz of Carriza Springs.

Mr. and Mrs. Glen Watson of Lockney, Tex. visited their daughter and family. Mr. and Mrs. Tommy Montandon over the weekend.

How many beans do you have to pick at the school cafeteria? Well, they bring them out on a dolly in a fifty pound bag and it takes awhile. The beans did not object to the picture but the bean picker did.

JOHN FREYBURGER SPOKE ON MODERN OR ABSTRACT ART--AN ABSTRACTION BEING ANY CHANGE FROM THE NATURAL GROWTH OR SHAPE.

HE SHOWED SEVERAL EXAMPLES OF ABSTRACT PAINTINGS HE HAD DONE EXPLAINING MEANINGS OF THE ART FORMS AND THAT EACH PERSON MAY SEE SOMETHING DIFFERENT IN THE SAME PICTURE. THE MESSAGE IT CARRIES IS MUCH OF WHAT THE VIEWER WANTS TO SEE THE VIEWER DISTORTED FORMS, THE MOVEMENT AND RHYTHM IN THE FLUID LINES AND THE ARRANGEMENT AND ACCENT OF THE COLORS USED. ONE MIGHT SEE A SEED FROM PLANTING TO MATURITY OR AN UNDERWATER SCENE IN THE SAME PICTURE.

GEOMETRICS ALSO WERE USED IN INTERESTING SHAPES AND FORMS SUGGESTING EMPTY ROOMS, DOORS, WALLS, ARCHES AND HALLWAYS. ONE 8 SIDED PAINTING MIGHT BE HUNG FROM ANY ANGLE WITH GREATLY VARIED IMPRESSIONS FROM EACH POSITION, SOME WITH GREAT DEPTH AND PERSPECTIVE.

ONE IMPRESSIONISTIC APPEARED AT FIRST GLANCE TO BE CLUSTERS OF FLOWERS, YET REPRESENTED GROUPS OF PEOPLE.

THESE ABSTRACT FORMS ARE ALL ABOUT US IN TREES, BUILDINGS AND MOST OF THE THINGS WE SEE EVERY DAY BUT WE DO NOT RECOGNIZE THEM AS SUCH FOR WE THINK OF THEM IN THEIR NATURAL FORMS.

ABSTRACTIONS ARE USED IN THE PRINT DESIGNS IN MATERIAL FOR CLOTHING, GEOMETRIES, BUTTERFLIES, FLOWER PATTERNS, ETC. ARE ALL CHANGED FROM THEIR ORIGINAL NATURAL FORMS.

FLORAL ARRANGEMENTS USED WERE ABSTRACTED. GRASSES, SEED PODS, ETC. AS WELL AS BURLAP WERE CHANGED FROM THEIR NATURAL STATE TO REPRESENT FLOWERS AND OTHER ART FORMS.

PERHAPS WE ALL UNDERSTAND ABSTRACT ART A LITTLE BETTER NOW, WHETHER WE LIKT IT OR NOT.

**We Believe In Cotton!**

These young men are not camera shy, they're just reading off the back of their cards about America at the Cub Scout Blue and Gold banquet last Thursday night.

Pack 705 of the Cub Scouts held their Blue and Gold banquet last Thursday night in the M. S. Doss Scout Center. Its theme - American Heritage, Freedom of Speech, Press, Assembly and Religion. The flag was presented. The Lord's Prayer was led by Den 3. "God Bless America" was sung. Den 2 gave "This Old Flag, what it means to our country - indivisible, justice, liberty, as a nation, as a republic and allegiance to it.

Bill Manning of the Juvenile Department in Odessa, Texas told the audience of 175-200 what dope and narcotics would do to a young person's mind and what it would do to a nervous system, telling the story of a 14 year old girl running away from home, coming to Odessa, being picked up by three boys, on to a 'crash pad', staying there approximately five weeks, used over and over again eleven days before she was able to tell who she was, on to Big Spring and now in Terrell. Her crime - a foolish running away. Her end-dope. In Odessa alone last year 148 girls ran away from home.

He told the story of a 16 year old boy and the story of a 14 year old boy who talked to only the chair that had his coat draped over the back of it, who is now a vegetable.

He ended up with "Don't be stupid! Don't listen to them when they say 'if you haven't tried it, don't knock it!' Use your head! Don't wallow in the pig pen to find out what a pig smells like!"

Eight, nine and ten year old boys asked many questions concerning dope addiction, cost and the habit. They were impressed. (This editor was too.)
