IT SNOWED FOR SPRING

It was a wet snow that brought approximately 1.2 inches of moisture to Seminole, lasting a day and a half. Picture #1 shows the home of Dr. and Mrs. Dow, 610 S. W. 2nd. Picture #2. It's Easter time. This Easter bunny was built by Jimmie Sue Clark and Janice Hugghins. 3. "Who could resist the ears on my bunny?" Matt Clark seems to be saying. Mark and Matt are the sons of Mr. and Mrs. Bob Clark.

There's Cecil Holman. "Yes," my brother-in-law said, " a friend of thirty years." "Why, that is Cecil Holman," another brother-in-law said, "we've just gotta go speak to him."

I looked and looked and I couldn't see anyone who would cause the kind of excitement that seeing someone would cause.

Well, we all got out and went into the Roof Drugstore in Brownwood and then we saw Cecil Holman. He was dressed up and he flashed us that old smile that has made him many, many friends. He's the Negro undertaker in my old home town.

"Yes sir, Mr. Woods, you can quote me. They've quoted me in the Dallas Morning News, the Ft. Worth Star Telegram and other papers and I'm gonna sue 'em all at the same time, and be sure you put in your paper, when I die for them to carry me by both places, 'cause the dirty scoundrels that owe me have gone to both places."

"I'll do it, " I said.

"Now I can tell you've got friends among my people and it's the newspapers and the radios that sets my business out in the street. You see, my people only want to be buried on Sunday. I try to bury 'em other days during the week, even offering Green stamps double on Wednesday, but they won't do it. When my people die on Sunday or Monday the papers come out and announce it and the radio announces it every day and by the weekend my creditors think I buried everybody in Brown County and it's the same old body. FFA Judging Contest

The Livestock team was made up of David Foote, Clark Parrott and Billy Earp; the Dairy Cattle team was made up of Rob Bowers, Kenny Dove and Dan Gatewood; the Dairy Products team was made up of Roger Foote, Robert Arrezola and Steve Griffith; and the Poultry team was made up of Eugene Apple, Ricky Strickland, Danny South and Ronnie Cooper.

The Livestock team was the winner with approximately 100 teams entered. David Foote was the second high individual of the whole contest.

Rob Bowers was the second high individual in the Dairy Cattle contest.

Three trophies were won at the contest. The Livestock team got one for winning the contest and David Foote and Rob Bowers got individual trophies.

When Southwestern Appraisal Company, Inc. of Dallas was hired by the Commissioners Court Mr. Maburn L. Harris, president, promised the News that he would give progress reports - at least 4 or 5 - on the appraisal of Gaines County surface and improvements. The closest thing to a report was given at a joint Rotary - Lions Club meeting approximately one month ago. Mr. Harris said at the meeting that he had been sick and unable to make the reports, stating that their work was approximately 80% completed. Of 37 property owners that have been asked, less than 50% had had the appraisal representatives call upon them. This does not mean that they could not have called at their home or their farm while they were away. In the first editorial written in this paper concerning the appraisal it was pointed out at the time the necessity of keeping an informed citizenry and the necessity of a good job of evaluating being done.

Two times Mr. Harris has told the News "We will check the houses, inside and out." I am interested in the people knowing about how much their taxes might advance, whether it be 25%, 50%, 0%, or 300%, which I feel some might do. As of March 19 Southwestern Appraisal Company had been paid \$27, 688. 10 by the county and \$17, 336. 90 by the school, or 60 % of the \$75,000. 00 fee to be paid. Still to be paid is \$11,800. 60 by the school and \$18,774. 40 by the county. This leaves less than 40% to be paid and still no indication as to the type job that has been done. Mr. Harris claims he cannot tell the public anything until he is finished. This leaves the Commissioners Court in an embarrassing situation. What I would like to see when Southwestern Appraisal Company is finished and has their money, is to be sure they've done a good job, proper time was spent, taxes equalized from house to house, from farm to farm, from ranch to ranch, and business to business so that this county might vote the bonds they need in the future without this appraisal being the bottleneck that might defeat it.

Delton Mills, farmer, Gaines County Farm Supply, on the left, Dr. John M. Green, McNair Seed Co., Louringburg, N. C.; John H. WOODENFOOTE CONT. FROM PAGE 1

"I tell you, they try to set my business out on the street." "I do the cooking out for a funeral home. One time I had four bodies to cremate. I opened up de door and I started to put this one stiff in and he said, "Man, I'm de live one, don't put me in, " and I told him ' shut up your mouth' and I grabbed him by de heels and put 'im in and closed de door. Well, I finished the cookout and the boss returned and he asked me 'you cremate those three bodies?' I said, no man, I cremated four. 'Man, how in the world could you do that when there was only three of 'em?' Well, boss, one of them men told me he was alive but you know about these Negroes, they'll lie about anything."

Now when you're talking to Cecil Holman if you want to laugh, you better hurry because about that time another story starts. Carl (Tommy) White, (one time Seminole resident and son-in-law of Mrs. P. A. Morgan), the local pharmacist, stuck his head in and said, "What about the trouble you've had about the different colors?"

"Now you know," Holman said, "your people don't care, generally, whether they're buried in brown, blue or black. Here a few days ago a woman came in and she wanted her husband buried in black and I had him in brown and another woman wanted her husband in brown and I had him in black. Well now, sometimes this can be a problem, but not in this particular case. I just waited till they turned around and then changed heads."

Notice

The Tri-County and Eastern New Mexico Fifth Sunday Singing will be held Easter Sunday, March 29. It will be at the First Christian Church, 303 S. W. 13th Street, Seminole. Everyone is

that farm production costs have risen by 30% and farm prices by only 3% in 10 years? Food and natural fibers remain a bargain because the farmer doubled his almost productivity over the same period.

BOLL WEEVILS HAVE BEEN MOVING INTO SEVERAL SOUTH PLAINS COUNTIES DURING THE PAST TWO YEARS AND ARE POSING A THREAT TO THE COTTON INDUSTRY IN THIS AREA.

IN GAINES COUNTY, THE WEEVILS HAVE BEEN LO-CATED IN SOME SECTORS, REPORTS COUNTY AGRICUL-TURAL AGENT CALVIN D.

IN ORDER TO DETERMINE IF WEEVILS HAVE OVER-WINTERED IN THE COUNTY AND IF SO, TO PINPOINT THEIR LOCATION, TRAPS ARE BEING SET UP THIS WEEK AT VARIOUS LOCA-TIONS, ADDS HOLCOMB. THEY WILL BE LOCATED NEAR COTTON, ESPECIALLY IN AREAS NEAR FAVORABLE BOLL WEEVIL OVERWINTER-ING QUARTERS, SUCH AS SHINNERY AND MESQUITE.

IN DESCRIBING THE TRAPS, HOLCOMB EXPLAINS THAT EACH CONTAINS BOTTLED LIVE MALE BOLL WEEVILS AND THAT THESE EMIT A HORMONE CALLED PHERMONE WHICH ATTRACTS FEMALE WEEVILS. THE TRAPS ARE COATED WITH A STICKY SUBSTANCE, AND ONCE THE FEMALE CONTACTS IT, SHE IS "STUCK." THE TRAPS ARE METAL, ARE PAINTED BRIGHT YELLOW AND WILL SIT ON A POLE ABOUT FOUR FEET HIGH.

HOLCOMB ENCOURAGES PRODUCERS IN THE COUNTY TO COOPERATE IN THE SET-TING UP THE THESE BOLL WEEVIL TRAPS AS THEY WILL PROVE A VALUABLE DEVICE FOR CHECKING THE MOVEMENT OF THE WEEVILS AND FOR PROVIDING INFOR-MATION FOR AN EFFECTIVE DIAPAUSE CONTROL PROGRAM

NEWS RELEASE FROM ASCS OFFICE

"WITH ALLOTMENT CROP ACREAGES NOW BEING CER-TIFIED, PRODUCERS WITH AN INTEREST IN MORE THAN ONE FARM SHOULD BEAR IN MIND THE NEED FOR COM-PLIANCE ON EACH FARM, CHAIRMAN OF THE GAINES COUNTY ASCS COMMITTEE SAID TODAY.

"THIS MEANS THAT IF SOMEONE IS PARTICIPATING IN THE WHEAT, FEED GRAIN OR COTTON PROGRAM ON HIS FARM, AND HAS AN INTER-EST IN A SECOND FARM, HE MUST STAY WITHIN HIS ALLOTMENT OR BASE FOR EACH CROP ON THAT SE-COND FARM, EVEN IF IT IS NOT SIGNED UP TO PARTI-CIPATE IN THE PROGRAM," THE CHAIRMAN SAID.

"IF HE DOES NOT, HE WILL BE OUT OF COMPLI-ANCE AND LOSE PROGRAM BENEFITS ON ALL ALL OT-MENT CROPS ON HIS PARTI-CIPATING FARM." HE CON-

THE CHAIRMAN SAID THAT MULTIPLE OPERATIONS EFFECT EVERY STATE, AND A SUBSTANTIAL NUMBER OF FARMS. NATIONALLY, SOME 337,000 FARMS ARE OWNED BY PRODUCERS WHO ALSO HAVE AN INTEREST IN TWO OR MORE FARMS. "RESPONSIBILITY FOR MAKING CERTAIN THAT THE OFF-SETTING COMPLIANCE REQUIREMENT IS MET FALLS ON BOTH THE OPER-ATOR AND THE LAND-OWNER, PEOPLE, " THE CHAIRMAN

THE CHAIRMAN WARNED THAT OFF-SETTING COM-PLIANCE IS SUBJECT TO CHECK, AND THE REQUIRE-MENT GOES ACROSS BOTH COUNTY AND STATE LINES.

"FOR THIS REASON," CHAIRMAN MARTIN ADDED, "WE THOUGHT THAT THIS REMINDER, ISSUED AT THIS TIME, WOULD BE A HELP-FUL HINT TO THE FARMERS WHO MIGHT NEED TO THINK ABOUT THEIR COMPLIANCE WITH PROGRAMS IN WHICH THEY ARE SIGNED UP. "

THE INDIAN BASEBALL TEAM DEFEATED BY HOBBS

The Indian baseball team lost to Hobbs yesterday afternoon 8-5. Renne Williams started the ballgame and gave up 6 runs in 5 innings. Livingston came on to pitch the 6th and 7th, giving up 2 runs. Hobbs kicked off the scoring in the top of the first but the Indians came right back in their half of the first and tied the score 2-2. Hobbs jumped back out to a 3 run lead, scoring 3 runs in the top of the 2nd.

The Indians could not manage another run until the 5th inning when they got 2 doubles, a single and a triple. Villalva and Hearne got the 2 base blows, Shuler a single and Byram a triple, scoring 3 runs. This made the score 6 for Hobbs and 5 for Seminole and Hobbs went on to score 2 more runs in the 6th inning. Final score Hobbs 8, Seminole 5.

Bill Hearne led the Indians' attack, getting 3 hits for 4 times at bat.

AROUND TOWN By

Jackie Squires With Easter being this weekend and after looking over the lovely things in the local dress shops I began to wonder what has happened to the traditional Easter Bonnet, but of course we all know the answer to that, the hair styles of today are just too elegant to cover with a hat. So the "Easter Bonnet with all the frills upon it" will just have to stay confined to the lovely Cole Porter song. --- We were visited at the office last week by a young couple from Casey, Illinois, MR. and MRS. ORVAL SNOD-GRASS, and their young children. It seems Mrs. Snodgrass had sent a quarter three months ago to the News for some copies so they could acquaint themselves with the town, thinking they may move here in the future. They enjoyed the paper so much they stopped by to get a subscription while passing through town, going to visit relatives in Hobbs. Mrs. Snodgrass said the town was so familiar after having seen most of it in pictures in the paper. We hope you will move to Seminole, Snodgrasses, it's a good settling down place. --- MARY DAVIS and her mother, MRS. CLAUDE CONWAY, shopping Tuesday at H & D FOOD MKT. ---"DESPERATE AMBROSE" (LYNN GARRETT) and BEN MEITH leaving THE RAYMOND RESTAURANT Monday morning. RED HAND and BRUCE PERRY were also enjoying coffee and conversation there. --- I used the PNEUMATIC TUBE at SEMINOLE STATE BANK this week for the first time and don't know why I haven't tried it before. It's so convenient and simple (for people with Miss Benson's parlike me). ULNA RASH hollered for me not to run off with the plastic holder. She said some folks had and always looked so sheepish returning it. These new fangled contraptions are sure nice - after you learn to use them. --- A note to my brother. MAX McFATRIDGE, (the insurance man from Odessa) - if you'd stay at home once in awhile you might get a chance to see your only SIS because we were there Sunday! --- LUCILLE Mc NAIR brought her new grandson, KEVIN, by to see us at the office Tuesday, along with his mother, DONNA RIDENS, who are visiting them from Sacramento, California. Our English Department

The School Board met with the English Department of Seminole High School Monday night in the high school library and heard an outstanding report given by Virgil N. Keyes, Principal; and teachers, Mrs. Alfa Simmons, Ricky Mantooth, Mrs. Sammye Mantooth, Marlea Christine Mitchell, Mrs. Alda Benton, Mrs. Jean Sultemeier and Edward W. Love, Jr. Also present were Mr. William M. Benton, counselor, and Mrs. Janelle Sullivan.

Mr. Keyes began the report by pointing out the history of the English department, its background and its present non-graded high school English program. "We believe we have the best possible program we could have. This does not mean it cannot be improved upon. We believe in challenging the student, also letting them go as far as possible and at the same time practicing a flexible program."

Every parent that has a student in Seminole High School should have heard the phases 1-5 discussed. It was an enlightening hour.

- l. Mrs. Mantooth discussed Phase I, explaining writing and reading levels, the use of flash procedure and machines that were used in controlled reading and controlled reading rates.
- 2. Mr. Love explained to the Board Phase II and the need for challenging this student when he's either not interested in English and / or school. Many times he's the hostile student or an under achiever.
- 3. Phase III was discussed by Mr. Mantooth, who said, "This is probably the biggest step between any of the phases found in the high school English Department. These are average students that want to learn, that are college bound and hit between the 40 and 70 percentile of our high school. They know how to go to the library and study on their own."
- 4. Phase IV was discussed by Mrs. Simmons. "These are students that are generally trustful, courteous, show independence and are easy to guide in an English study."
- 5. Phase V for eight students was discussed by Mrs. Benton. These are volunteer students that work independently. Two teachers approve of their course of study, the principal approves, they put their material in written form and their supervisor sees that the work is done.

6. Mrs. Sultemeier discussed the Developmental Reading program. "This they take on their own time, before or after school. We use some machines, but on a higher level. Tests are given to see how well or how much the student has improved."

Mr. Keyes, by the use of charts and an overhead projector, pointed out that in the past four years that students had been received on an average 42 percentile. Students leaving in the 12th grade have left in the 71.25 percentile. The students were graded on the four following things: (1) correctness of expression, (2) reading literature, (3) reading average, and (4) vocabulary. Mr. Keyes reported that of 123 colleges reporting on Seminole students $32\frac{1}{2}$ percent were having problems or were flunking freshman English.

It was reported that in Phase I that 3.2 were failing; in Phase II 13.4 were failing; in Phase III 5.6 were failing and in Phase IV none were failing.

(I encourage the English Department to invite the public and put on the same program. I encourage every parent to attend if this plan is carried out.)

In closing out the report on the English program Principal Keyes insisted that the Board think on the following things: revamping of the social studies program, use of TV equipment and considering at a future date data processing and computer machines.

SCHOOL BOARD CONT. FROM PAGE 1

The Board discussed the length of contracts for librarians, counselors, vocational homemaking and agriculture teachers. All of our teachers go on a 10-month contract of 190 days next school year. Presently our librarians and library clerks are on 10 months, counselors on 10 months, and vocational agriculture teachers on 12 months. The state requirement is as follows: a. vocational homemaking teachers on a 11-month program would be 210 days, b. vocational agriculture teachers on a 12-month program would be 230 days, c. counselors on a 10-month program would be 200 days, d. state requirements for librarians would be 190 days for a 10-month program.

Mr. Earl Caudle was in attendance to express his appreciation for the work of Mr. Frank Nix and the F.J. Young Elementary School.

The Classroom Teachers Association was given permission for one of their members to attend the State Classroom Teachers Meeting in Fort Worth in April. There are no expenses involved, but the teacher will miss one day of school.

Pay scales were increased for the officiating at the ballgames? Football, 7th grade game \$6.00, 8th grade game \$7.00, 9th grade game \$8.00, B team game \$9.00; Basketball 7th and 8th grade game \$5.00, 9th and B game \$6.00; Baseball plate umpire \$8.00, base umpire \$6.00; Volleyball net official, 1 match \$5.00, 2 matches \$7.50; line official, 1 match \$3.00, 2 matches \$5.00; Timers same as game workers.

SUPERINTENDENT'S REPORT:

NEWS RELEASE FROM THE STATE DEPARTMENT OF HEALTH

The Food and Drug Administration today issued a warning

The Food and Drug Administration recently issued a warning to all consumers that continued use of some Mexican pottery or earthenware for food purposes could result in severe illness through lead poisoning.

The warning which has been conveyed by FDA to all State Health authorities was the first in a series of steps to remove the hazardous products from the market. The FDA action is based on its legal responsibility to proteact the health of the U.S. consumer.

The United States Government has informed the Mexican authorities of these measures, in order to cooperate in finding a solution to this problem, and it is understood that they are considering urgent, appropriate measures of their own.

Meanwhile FDA is attempting to determine and contact all importers or distributors of the products to ask their recall and is informing custom officials that FDA wants to examine all Mexican earthenware imports until further notice, with detention of lots found to be contaminated.

Lead is a cumulative poison, so it is essential to take all steps possible to see that lead intake by humans is kept to a minimum.

The FDA action is not an embargo on imprts of Mexican pottery since commercial shipments tested and found safe will be allowed to enter the United States

FDA's investigation of Mexican pottery came in the wake of reports of lead poisoning of a family in the Western U.S. through the continued use of Mexican pottery. The FDA collected 28 different samples of Mexican pottery and earthenware, 26 of which contained varying amounts of lead leached from the glaze, ranging from traces to significant quantities. The Arizona State Department of Health and the Virginia State Department of Agriculture and Commerce also reported high leaching results from Mexican earthenware products.

At present the warning applies only to pottery of Mexican origin. Pottery that shows a rough or dull glaze rather than a glossy one gives the most lead when mildly acid solutions are placed in it.

The products may not be marked as made in Mexico. If, however, there is a suspicion of its Mexican origin, consumers having such pottery or earthenware are urged to discontinue its use with foods immediately

CINE CANCER SOCIETY

because of the danger of lead being leached into food. If the pottery is kept in the household it should be used only for ornamental purposes. Merchants are asked to check their stocks and in the public interest remove all Mexican pottery and earthenware items from the shelves.

I am sick of cynical attitudes toward patriotism and our American institutions . . .

I am sick of the permissive attitude, laxity, and tolerance to pressure groups and the criminal element that is bringing this nation to its knees in lawlessness . . .

I am sick of seeing law enforcement agencies and the laws of this nation emasculated by a Supreme Court and administrators who make their personal creeds the law of the land . .

THE UNITED STATES CENSUS TO BE TAKEN THIS YEAR

The United States Census will be taken this year, and Mrs. Jimmy Knisley reports that workers will gather information for the census in Gaines County during the month of April. Mrs. Knisley said the census will start April 1st and will run until the first of May.

Mrs. Knisley said that all households will receive a short form, and that each fifth home will receive the long form which are required to be completed for the census.

Mrs. Knisley is the crew chief for Gaines County and has attended training school to be qualified to conduct the census. Fifteen enumerators will assist in the taking of the census in the county.

Seagraves team members include Mrs. Jimmy Welcher, Mrs. Chat Johnson, Mrs. Margaret Josserand, Mrs. Cecil Procter and Mrs. Jim Polyak.

Loop census takers are Mrs. Rayborn Clark, Mrs. Stanley Smith and Miss Andrea Hand.

Seminole census workers include Mrs. R.L. Jones, Mrs. Doyle Gooch, Mrs. Janice Flathers, Mrs. Margorie Coffman, Mrs. Bobbie Childers, Mrs. Dale Johnson, and Mrs. Forest Savage will conduct the census from Route One in Seminole.

Questions which are asked on the census form include how many bathrooms are in the home, if a washer or dryer is owned, what type of heating, etc.

Family type questions include how many children the women have given birth to, questions about education, and employment and in-

The information gathered is kept confidential, and will be sent to a computer to be further analized. The results of the census are used by cities, counties, states, and the federal government.

The original purpose of the census was for the purpose of maintaining a fair apportionment of congressional seats in the several states, but today a vast amount of information is gleaned which can be helpful for the planning of future classrooms, the building of public works such as roads, and the information for the military and national defense.

Other questions asked include race, national origin, and age. The form will include about the same number of questions which was included in 1960, but less than was used in the 1950 or 1940 census. It will take a family about 15 minutes to fill out the short form. and those receiving long forms will take about 30 minutes.

The public is asked to cooperate and to fill the questions out in advance in order to help complete the census as quickly as possible. The tax payers are paying for the census, therefore the quicker it is completed, the more money will be saved, Mrs. Knisley said.

March 31st is Ladies Day at the Noonday Lions Club.

Letter to the Editor

Dear Editor;

I am a Seminole school teacher. I'm not a bit unhappy about what I am being paid or what I've ever been paid since living in this good city. My contract for a new year will call for a raise but if we are paid for the ten extra days that we worked over last year my raise will amount to \$48.89 for the year. Sincerely,

Signed

TWO SEMINOLE OFFICIALS ATTEND A THREE—DAY SCHOOL

Two Seminole officials were among 80 members of the Texas Justice of the Peace and Constable's Association attending the three-day school at Texas A & M University this week.

Justice of the Peace W. E. Cox, Jr. and Clerk Fronia Cox represented Gaines County.

They were awarded a certificate of completion by the Police Training Division of the Texas Engineering Extension Service during closing ceremonies Wednesday.

The justices, who date their position to the first magistrate appointed in 1327 in England, took part in studies of changes and procedures in Texas law.

A highlight of the meetings was a presentation calling for certification of JP's under a bill to be introduced during the 62nd Legislature.

The bill would require Texas' 946 justices to complete an educational program within one year after taking office. Educational funds are available through the Texas Criminal Justice Council.

SEMINOLE RACE PARK, INC. FORMED

Dorman Dumas, who lives in the draw 4 miles south of town, announced last Thursday that 'the Seminole Race Park, Inc. had been formed in conjunction with Henry Watkins, Mike Breeding and Bill Matthews. Matthews and Breeding, motorcycle racing enthusiasts, will be in charge of races and promoting races. Watkins and Dumas will be in charge of "running a decent, clean, family entertainment".

The motorcycle dirt track will be something less than $\frac{1}{2}$ mile long and it is hoped it will be in operation in the next few weeks.

Mr. Dumas said, "if undesirables come along, I will close the track down. If things get out of hand, I am the major stockholder and I can do something about it."

The location of the track will be on the south side of the Andrews Highway on the draw, 4 miles south on Highway 385.

Half Way 'Round The World'

IT IS WONDERFUL TO HAVE CHRISTIAN FRIENDS AROUND THE WORLD. WE WOULD NEVER HAVE BEEN ABLE TO MAKE THE TRIP IF WE HADN'T HAD. WE WERE MET IN TOKYO BY THE PENNINGTONS. HE AND HIS WIFE ARE IN JAPAN TO LEARN THE LANGUAGE. THEY ARE IN THEIR EARLY TWENTIES AND EXPECTING THEIR FIRST BABY. THEY ARE TRYING TO LIVE JUST LIKE THE JAPANESE. HE TOOK US TO OUR HOTEL. THE ROOM WAS VERY SMALL AND HAD THREE TWIN BEDS IN THE BATH TUB WAS ABOUT HALF THE SIZE OF ONE OF OURS. IT WAS REAL COLD AND WE NEEDED OUR COATS. WE TOOK A SUBWAY RIDE TO VISIT A CHILDHOOD PLAYMATE OF FRANK'S FROM NORTH CAROLINA. YOU HAVE NEVER SEEN THE LIKE OF PEOPLE ON THE SUBWAYS AND THEY WERE ALL CONCERNED ABOUT MY KEEPING LISA COVERED UP. SEVERAL LADIES STOPPED AND TUCKED HER BLANKETS IN. I WAS CARRYING HER ON MY BACK. FRANK PREACHED AT THE JAPENESE CONGREGATION. THEY DON'T WEAR SHOES INTO THE BUILDING BUT KEEP HOUSE SHOES READY FOR YOU TO PUT ON. YOU MIGHT KNOW, THEY DIDN'T HAVE ANY TO FIT FRANK. MR. PENNINGTON LOANED HIM A PAIR OF HIS OWN, WHICH ONLY LEFT HALF OF HIS FOOT HANGING OVER. WE ATE LUNCH WITH THE PENNINGTONS AND SAT ON THE FLOOR WHICH IS KIND OF HARD ON LONG LEGGED PEOPLE. THEIR LITTLE HOUSE WAS A TYPICAL JAPANESE STYLE HOUSE, ALL SINGLE WALLSCOMPOSED OF SLIDING PANELS WITH RICE PAPER FOR THE INSIDE WALLS AND GLASS FOR THE OUTSIDE PANELS. THE ONLY HEAT THEY HAD WAS 2 SMALL KEROSENE STOVES, SO WE KEPT OUR COATS ON.

FROM JAPAN, WE WENT TO SEOUL, KOREA. THEY LOOKED IN EVERY PIECE OF LUGGAGE THAT WE HAD. NEVER DID FIGURE OUT WHAT THEY WERE LOOKING FOR. WE HAD A VERY NICE VISIT. IN KOREA. THE DAN HARDINS KEPT US IN THEIR HOME. FRANK AND I WERE IN SCHOOL WITH JOYCE AT A.C.C. FRANK KEPT LOOKING FOR THE KOREA OF 20 YEARS AGO AND COULDN'T FIND IT. SEOUL IS A MODERN CITY NOW. KOREA IS FAMOUS FOR THEIR BRASS WARE AND LACQUER WARE, BOTH OF WHICH ARE EXPENSIVE. I DID GET A BLACK LACQUER WARE BOWL AND PICHER. THEY HAVE A FLOWER INLAY DESIGN OF MOTHER OF PEARL. I THOUGHT THE BRASS WARE WAS TOO EXPENSIVE AND I'M GLAD BECAUSE IT WAS JUST ABOUT HALF OF THE KOREA PRICE IN HONG KONG.

KOREA WAS REALLY BITTER COLD, 17 DEGREES ONE DAY. THE HARDINS HAVE A NICE HOME, SIMILAR TO AMERICAN HOMES. THE BEDROOMS HAVE WHAT THEY CALL HOT FLOORS. HOT WATER PIPES RUN UNDER THE FLOOR AND KEEP IT WARM AT ALL TIMES. THIS IS THE ONLY HEAT THAT A LOT OF KOREANS HAVE IN THEIR HOMES.

WE SPENT 2 NIGHTS IN HONG KONG, WHICH WASN'T NEAR-LY LONG ENOUGH. HONG KONG IS THE SHOPPERS PARADISE IF YOU HAVE THE MONEY. FRANK HAD SOME SHIRTS MADE AND I BOUGHT SOME OIL PAINTINGS, MOST OF THEM WERE \$2.00 OR \$2.50. THEY REALLY HAD SOME BEAUTIFUL PICTURES. TWO THAT I GOT WERE ORIENTAL, ONE OF A MOTHER AND CHILD, ONE OF JUNKS (BOATS) BOTH KIND OF ABSTRACT, AND ONE OF FLOWERS (STILL LIFE). I BOUGHT A BRASS CANDLESTICK FOR \$3.00. IT HAS PLACES FOR 7 CANDLES AND YOU CAN CHANGE THE SHAPE OF IT. YOU CAN ARRANGE IT WHERE SOME ARE TURNED ONE WAY AND SOME ANOTHER. ONE SIMILAR IN KOREA WAS NEARLY \$7.00.

FRANK TOOK US OUT TO THE BORDER BETWEEN HONG KONG AND COMMUNIST CHINA. IT GIVES ONE QUITE A SENSATION TO LOOK ACROSS THE BORDER INTO CHINA WHEN ONE REALIZES THAT THEY DO NOT ADMIT AMERICANS INTO THEIR COUNTRY. ALL IN ALL, THE FLIGHT FROM HONG KONG TO BANGKOK TOOK US OVER THER NORTHERN PART OF SOUTH VIETNAM, AS WELL AS OVER LAOS AND CAMBODIA. WHEN WE DISEMBARKED FROM THE PLANE IN BANGKOK, IT SEEMED THAT ALL OF THE MISSIONARIES IN THIALAND HAD TURNED OUT TO GREET US. WE SPENT 3 NIGHTS IN BANGKOK.

The challenge of being the only.

As any wise husband knows, no woman likes to be taken for granted. It's the little things that count, like remembering anniversaries, or bringing home flowers for no particular reason.

Like the wise husband we try not to take you, our customer, for granted. Being

the only phone company in town, we make a special effort to be courteous, kind, considerate, and understanding.

The fact that we are the only phone company in town is a challenge. The challenge is "not to act like it."
