

## Aid Society Goal Is Topped By \$800 More Money Due In

Preliminary figures released on the results of the Air Force Aid Society Drive at Reese reveal that the base's goal of \$1750 has been surpassed by the figure of \$2557.-68 and future contributions may swell this amount to almost twice that of the goal, Major Dean B. Brown, project officer, announced this week.

Nine organizations of the 3500th Pilot Training Wing were reported to have had 100% membership contributions from squadron personnel. The nine reported were Headquarters Squadron PTG, 3502nd Maint. Squadron, Air Police Squadron, Food Service Squadron, 3501st Training Squadron (Flying), Installations Squadron, Headquarters Squadron M&S, 3505th Maint. Squadron, and 3500 Training Squadron (Military). Eleven organizations exceeded their quota.

The squadron turning in the largest contribution was the 3500th Training Squadron (Military) with \$225.00 reported to third place was Installations Squadron with \$194.00 while civilian personnel came in fourth with \$150.00. The Lubbock VFW donated \$100.00 to the drive.

The bingo party at the Service Club produced \$5.00 and the NCO Ladies Auxiliary donated \$43.75. Reports on contributions from the NCO and Officer dances and other organizations are forth coming and will be announced in the next issue of the Roundup.

Committee members for the Reese drive included Major Brown, chairman, Major Quinn L. Oldaker, Captain R. C. Crossland, 1st Lt. Conrad J. Lindemann, 1st Lt. Thaddeus S. Baggaley, and all squadron commanders on the base.

In a late memo, Major Brown stated that the military participation in the drive was 94.4%.

## Miss Mary Kroh, Club Hostess Goes To Walker AF Base

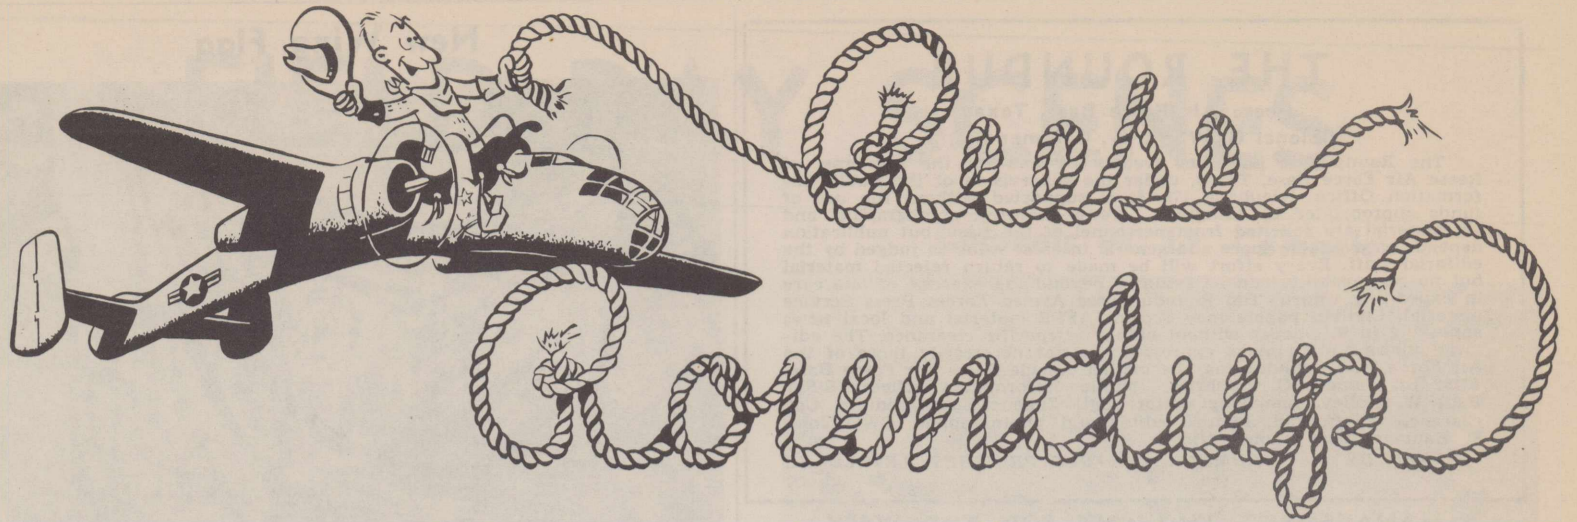

Miss Mary Kroh, hostess at the Base Service Club, has transferred from Reese to Walker Air Force Base, New Mexico, the Personnel Service Section announced this week. As her successor has not yet been named the club is being directed by Sgt. William Wright.

Miss Kroh came to Reese in January from Forbes AFB, Topeka, Kansas, where she was club hostess until the deactivation of the base. A Hostess for the past five years, she has worked at Marana Field, Williams AFB, Arizona, and Forbes. She was hostess at Williams before going to Forbes and Reese was her second Training Command assignment.

Prior to her work as a Service Club hostess Miss Kroh did social group work in Kansas and Missouri and also worked with the National Recreation Association.

A native of Springfield, Missouri, Miss Kroh attended Drury (Continued on page 4.)

# CADETS TAKE FIELD MEET

## Track Meet Victors

Beaming happily are the Track and Field Day winners of last week's events. They are (l. to r.) A/C Patrick B. Ryan, who holds the first place trophy won by the cadets; 1st Lt. Conrad J. Lindemann, CO of Hq. Sq. PTW who received the second place trophy; PFC Donald "Doc" Allbritton, high point man of the meet; A/C Norbert Zimmer, second place winner; and Cpl. Ernest Bruce, third place winner.

## Operation 'Midnight Oil' Lists More Career Field Study Programs To Aid Air Force Personnel In Advancing

"Operation Midnight Oil" has had 31 more basic career courses added to the first list of twelve bring the total to 43 courses designed to aid warrant officers and airmen in improving their general educational qualifications in a career field.

"Operation Midnight Oil" is based on a career study plan in which the field is divided into four sections corresponding to the skill levels of basic career courses. The level will be determined by the I&E officer after a conference with the airman in question and his study will begin from there.

A higher level of skill will be added only after all essential courses in lower skill levels have been completed.

The definition for the term "career courses" has been established as courses of instruction in general education that are closely related to career fields and are selected from the United States Armed Forces Institute Catalog or from the "List of Courses Offered by Cooperating Colleges and Universities through USAFI."

"Basic Courses" has been defined as courses included in the "Lists of General Educational Courses Basic to Airman Career Fields" published as attachments to AFR 35-405, with the course titles in each list divided into four groups or skill levels; Superintendent (CWO and WO); Supervisor or Technician pay grades E7 and E6); Senior (E5 and E4); and Apprentice or

(Continued on page 2)

## Engineers Arrive Near End Of Work On Reese Projects

The grading and scraping of the Abernathy Auxiliary Field by the 809th Engineers is expected to be completed by 25 August and the work of the completing the field will be turned over to a private contractor, Capt. G. A. Patrick, company commander, stated this week.

Captain Patrick, also stated that 85% of the Reese projects are completed and the engineers will complete everything by 25 September and move out by 1 October.

Although hard hit by transfer of personnel to other stations, the engineers have managed to keep their work going and at the same time help the Reese Air Installation Section in its work of sub-sealing the parking aprons with asphalt.

## PTW Squadron's Allbritton Is One Man Track Team, Paces Team To Second Place In Day's Events

More than 1,000 spectators watched the cadets of the Pilot Training Group take top honors in the Track and Field Day events held Friday and Saturday of last week, but only after a serious bid by the one-man track team of Headquarters Squadron, PTW, failed in its mission.

The outstanding participant of the day, PFC Don "Doc" Allbritton

took first place in the high jump with a leap of 5'10", first in the 100 yard dash with the time of 10.3, first in the 220 in 23.2, second in the shot-put throw, third in the discus throw, and as anchor man on the 880 yard relay team came from behind to win the event for the Headquarters Squadron.

Allbritton gained 22 3/4 points to take the outstanding individual trophy while his nearest rival A/C Norbert Zimmer garnered 11 1/4. Third place was taken by Cpl. Ernest Bruce of Installations Squadron with 10 1/4 points and Pvt. Charles A. Jackson, Headquarters Squadron ABG came in fourth place with 10 points. The other six high point men were Hart, Standish, Price, Campbell, Keinlen, and Thomas with five points each.

The final team scores were Cadets 55, Headquarters Squadron PTW 47 and Installations Squadron 42.

The winners in the day's events were:

440— Brown, cadet; Bruce, Instl; Worden, cadet; Time 47.5. Shotput—Jackson, ABG; Allbritton, PTW; Kruljac, M&S Cp, 38 Feet.

HighJump — Allbritton, PTW; Zimmer, cadet; Thomas, 3501st,

(Continued on page 4.)

## Lubbock National Branch Bank Will Open Here Tuesday

The Lubbock National Bank of Lubbock will open its branch installation at Reese on Tuesday, 15 August in the rear of the Post Office building. The unit will be under the management of Mr. Archie E. Huckabee, now assistant cashier in the downtown bank.

The office hours are from 0900 to 1400 daily and special hours for paydays are under consideration by bank officials.

The branch bank will provide paying and receiving facilities for officers, enlisted personnel, and civilian employees of the Air Force, acting in their individual capacity and for custodians of non-appropriated funds of the Air Force, acting in such capacity.

The bank will also furnish cash to disbursing officers of the Air Force, accept deposits for credit to account of the Treasurer of the United States, sell savings bonds and stamps for cash, sell cashiers checks and bank money orders, and redeem savings bonds.

## Engineers Resurface Roads

Hard at work spreading gravel on freshly tarred base roads are members of the engineers. They've already resurfaced 85 per cent of the roads and expect to be completed by 25 September.

(Photo by Cpl. Cook)

## THE ROUNDUP

Reese Air Force Base, Texas  
Colonel G. W. Pardy, Commanding

The Roundup is published weekly by and for the personnel of Reese Air Force Base, Texas, under the supervision of the Public Information Office, telephone 179. It is supported without the use of funds appropriated by Congress. News, features, photographic, and art material are solicited from personnel of the Base, but publication depends on available space and general interest value as judged by the editorial staff. Every effort will be made to return rejected material but no responsibility can be assumed beyond the exercise of due care in expediting return. The Roundup uses Armed Forces Press Service material. Civilian papers may reprint AFPS material and local news appearing in this paper without obtaining specific clearance. The editorial views and opinions expressed are not necessarily those of the Air Force. The Roundup may be mailed outside Reese Air Force Base. First Lt. James O. Umphries, public information officer; S/Sgt. Paul W. Holley, managing editor; Sgt. Eugene Smith, editor, Cpl. Clarence W. Conrad, feature editor and photographer; CWO John P. Baucum, base photo officer.

### MANAGEMENT THOUGHT FOR THE WEEK

"The things we stub our toes on today, are the ones we laid around carelessly yesterday."

# KADET KORRAL

## OLYMPIUM MILITARIBUS

The graduates of class 49 B. C. would have been proud . . . yea, Aertes, Xanthius, Laertes and the other grand old fellows would have marveled indeed at the athleticism displayed by the members of classes 50-E & F in the Arena of Olympic Competition held in the planet Earth on the 5th and 6th of August A. D. I don't want to laude those gentlemen whose athletic feats are well known, but rather men like Norbert Zimmer who spent the night prior to the meet exercising his arms by emptying beer bottles and conditioning his legs by jumping over beer kegs before going out to place second in total points for the meet.

And then William Brown our military version of a blonde Frank Sinatra who deluded everyone into thinking that he didn't know what a track meet was and who I quote as saying, "Sure Del, I love sports and vigorous exercises and whenever I get the feeling to join in that kind of games . . . I lie down until the feeling passes . . ."

Of course I must mention Samuel Hart, more affectionately known as Shuffling Sam. Yeah, Sam is the lad that I always felt sorry for at parades and retreat ceremonies for his every step and move gave proof of his fallen arches . . . but it wasn't fallen arches that made him shift blowers in the remaining 220 yds. in the mile. I'm afraid Sam that I'll have to see your medical excuse the next time you beg absence from drill and P. T.

All in all the meet was an outstanding success and I'm for awarding all the athletes with personal honors, and honorable mention to all the people who made the event the success that it was.

### THOUSAND WORD PICTURE

Last week Orville Rez wrote page upon page in description of a condition at the flight line for the weekly Flying Critique . . . and still couldn't say what he had in mind. So he got Dave Tittle to draw a picture (see cut) that expressed his sentiments exactly.

### THE SOOTHSAYER SPEAKETH

Bill Fountain is bitter . . . he doesn't believe that multi-engine pilots deserve the place of honor that they claim, and has repeatedly badgered me into corners claiming in thespian pantomime that he was going to elevate the position of the fighter pilot . . . and the following ode he penned in proof thereof:

\* Our purpose in the Air Force is to learn to fly and fight  
To save our country's borders, because our country's right.  
When the last bomb is dropped, and the enemy has been beat  
We'll pay a lasting tribute to the man in the right hand seat.

They count the engines twice, because they must be sure,  
Their head are high, their minds are quick and oh, their hearts  
are pure.

They up the gear and down the gear, and wrestle with the maps;  
When the order comes from the left hand seat, they go to work  
on flaps.

They're given much honor at the end of each flight  
When the pilot speaks to them, their eyes get very bright.  
Yes, the pilot finally speaks to them, when the field is near:  
"Please don't squirm Junior . . . I too have a gear."

\* (the purpose of Reese Air Force Base, Texas is to train aviation cadets to become officers and co-pilots in the USAF.)

## New Wing Flag

Proudly displaying the new 3500th Pilot Training Wing flag are T/Sgt. Ira A. Thorla, Jr., assistant to the wing sergeant major left, and M/Sgt. James J. Flanagan, wing sergeant major. The flag is in blue and gold with the base emblem, the brightly colored boot, in the center. It was designed by Jack Tippitt and made by the Lubbock Sport Center. It was displayed publicly for the first time during last Friday's Wing Review. (Photo by Cpl. Conrad)

# 50-D Graduates Hear Lubbock Minister

Solemnly, with the grim thought that in a few short months they too may be combat veterans like some recent RAFB graduates, members of Class 50-D received their commissions and pilot wings at the Base Theater last Friday.

Keeping the ceremonies in a serious vein Dr. M. Norvel Young, minister of Broadway Church of Christ, told the 77 young fliers to take God as their companion. He quoted from a passage found in the shirt pocket of a Lubbock soldier who was killed on Leyte near the end of the last war.

Members of the largest class so far graduated from Reese and the first to graduate in the current Korean crisis silently listened as the doctor read the soldier's message:

"Take God as your companion. O Dear Heart, you cannot, must not face the day alone; with God to stand beside you, you can do your part, and calmly, bravely, face the grave unknown!"

Dr. Young explained that as a nation we have been too little and too late with God. He then went on and compared the armed services with God in that "both are forgotten until danger arrives," and "there are no atheists in foxholes." The doctor declared that "science has made the world a neighborhood, but only Christ can make it a brotherhood."

Citing statistics he pointed out that the world is becoming more conscious of religion. In 1880 only 19.9 per cent of this country's population were church members. Today, however, 54.2 per cent are on church rolls which are expanding twice as fast as our population.

"Your challenge is to face the problems of our country. . . the real problems are spiritual," he told the graduating class.

## Civil Service Will Hold Examinations For Stenos-Typists

The Fourteenth United States Civil Service Region, comprising the State of Texas, and with headquarters in Dallas, Texas recently announced that tests for stenographer-typists would be held in the near future with the exact date to be announced later.

The announcement stated that applicants who have already filed for stenographer only need not file another application as they will be rated for both positions.

Competitors will be required to take a written examination. They will be rated on the subjects listed below, which will have the relative weights indicated:

The Examination Will Require about 2 Hours.

- |  |     |
|--|-----|
| 1. Copying from plain copy (typewriting) ..... | 50  |
| 2. General test .....                          | 50  |
|  | 100 |

Applicants must be physically able to perform efficiently the duties of the position. Good distant vision in one eye and ability to read without strain printed material the size of typewritten characters are required, glasses permitted. Ability to hear the conversational voice, with or without a hearing aid, is required for most positions; however, some positions may be suitable for the deaf.

In most instances, an amputation of leg or foot will not disqualify an applicant for appointment, although it may be necessary that this condition be compensated by use of satisfactory prosthesis.

## Divine Services

**PROTESTANT**—Regular Sunday services; Adult Sunday School at 1000 hours and Morning Worship at 1100 hours, Base Chapel. Children's Sunday School in Chapel Annex Bldg. T-31 at 1000 hours. Prayer and Bible study on Wednesday at 2000 hours.

**PROTESTANT CHOIR PRACTICE**—Every Wednesday evening at 1900 hours in Base Chapel. Junior Choir practice every Monday at 1630 hours in Base Chapel.

**CATHOLIC**—Sunday Mass at 0900 and 1215 hours, Base Chapel. Weekdays; Mass at 0730 hours. Confessions before all masses and Saturdays, 1900-2000 hours. Evening devotions on Tuesday at 1930 hours.

**CHAPLAINS**—Capt. Jared A. Walker (Protestant), and 1st Lt. Frank J. Gilchrist (Catholic).

## "Your Chapel"

### "STALIN VERSUS CHRIST"

A few weeks ago in this column we mentioned that prayer should be considered as a principle weapon in the present conflict. Whether or not you have begun to pray with this intention is your own personal matter. We would like to point out a little more specifically why prayer and faith in God is going to be so important.

In the past wars there have been people of religious conviction on both sides of the quarrel. In those wars it was mostly a matter of greed, lust for power, or international differences. As things shape up against the forces of religion perhaps you will suspect some clergyman fancies himself as an arm-chair general, but really if it becomes a conflict between Communism and the rest of the world, it is essentially a battle between religions and anti-religions. The way of life of atheistic communists is by its nature irreligious.

Have you ever thought of the reason why non-religious people are so capable of war atrocities? Could it be for the simple reason that they have no idea of the value of human life? We believe that the human soul must work out its own salvation. Communists treat human life even worse than we treat animal life. For these and many other reasons we are going to oppose a foe who is definitely anti-religious.

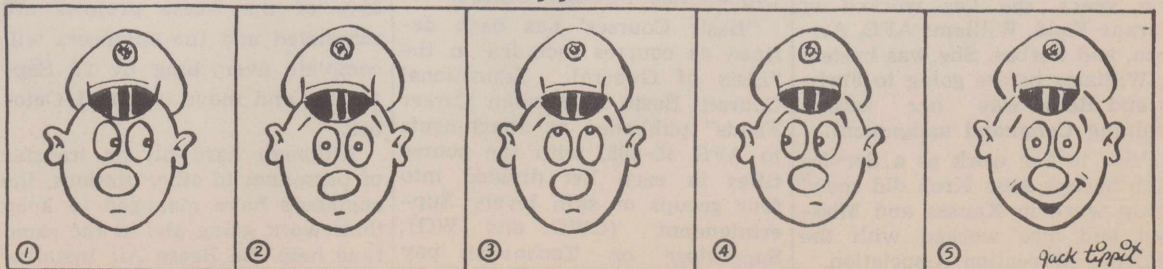

It must be obvious that with this little message the Chaplain is attempting to have you examine your conscience. If you are on the side of the religious people you must be religious yourself. You are not religious if you worship God on Sunday morning with a newspaper or a comic book. Some of you may say that you can worship God without the aid of the church. President Roosevelt labeled those people lazy, and claimed they were kidding only themselves. Think this over in the light of the present conflict and the future possibility of real war between communism and Christ.

FRANK J. GILCHRIST  
Chaplain (1st Lt.) USAF  
Ass's Wing Chaplain

### Life's Little Annoyances

Little Valley, N.Y. (AFPS)—Leslie Musto, 47, was recently sentenced to 60 days in Cattaraugus county jail for stealing a case of corned beef. His first meal in jail: corned beef.

## Tippitoons

"STANDBY INSPECTION"

## AROUND REESE

The Good Conduct Medal was recently awarded to S/Sgt. Jack L. Marlin and Sgt. Wiley S. Odom of Headquarters Squadron, Air Base Group for exemplary behavior, efficiency and fidelity.

\* \* \* \*

The Roundup, with a red face, apologizes to Capt. Clyde W. Bradley, Jr. and the men of the 3500th Training Squadron (Military) for erroneously calling them the Headquarters Squadron PTG in the "biggest little squadron in the Air Force" picture.

## IG Corner

**Q.** What transportation is authorized discharged prisoners, that is, the undesirables, bad conduct, and dishonorably discharged personnel?

**A.** Paragraph 16, AR 55-120, covers the transportation for discharged prisoners, whereas AFR 173-5 specifies travel allowances for enlisted personnel (not prisoners) upon separation from the service. General, paroled, escaped, or discharged prisoners, would receive transportation in accordance with AR 55-120. Enlisted personnel (other than prisoners) who receive a dishonorable discharge are entitled to the travel allowances prescribed in paragraph 55(8) of AFR 173-5. Enlisted personnel receiving an honorable, general, or an undesirable discharge, as a consequence of undesirable habits or traits of character, are entitled to travel allowances as prescribed in paragraph 44(14) of AFR 173-5. Enlisted personnel being discharged because of fraudulent enlistment, should be furnished travel allowances as prescribed in AFR 39-21.

## "Midnight Oil"

(Continued from page 1.)

Helper (E3, E2, and E1). The course titles progress upward within each skill level in each list and the essential course in each list is capitalized.

The new career study courses are, Intricate Equipment Maint.; Aircraft Accessorie Maint.; Aircraft and Engine Mechanic, Rocket Propulsion, Munitions and Weapons, Vehicle Maint., Metal Working, Construction, Utilities, Fabric - Leather and Rubber, Transportation, Food Service, Supply, Procurement, Administration, Printing, Information, Personnel, Education, Entertainment, Chaplain, Management, Budgetary Accounting and Disbursing, Statistical and Machine Accounting, Medical, Rescue and Survival, Ground Safety, Marine, Firefighter, Security and Law Enforcement, and Special Activities.

Those courses released previously include: Intelligence, Photomapping, Photographic, Weather, Air Traffic Control and Warning, Communications, Radio and Radar Main., Armed Missile Guidance, Armament System, Armed Training Devices Maintenance, and Wire Maintenance.

## NCO Ladies Hold Tea For Recent Arrivals

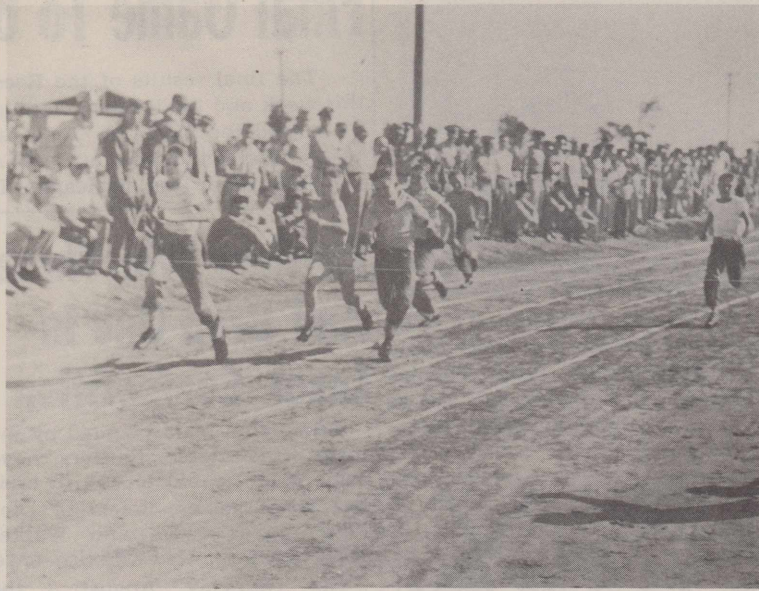

The Ladies Auxiliary of the NCO Club will have an afternoon tea, Wednesday, 16 August 1950 from 1400-1600 hours in the NCO Club.

The tea will be given in honor of the ladies whose husbands have been assigned to duty at Reese within the recent months and for those ladies who have just moved on the base and a special invitation to attend the tea is being extended to them.

Officers of the Ladies Auxiliary will also be honored at the tea.

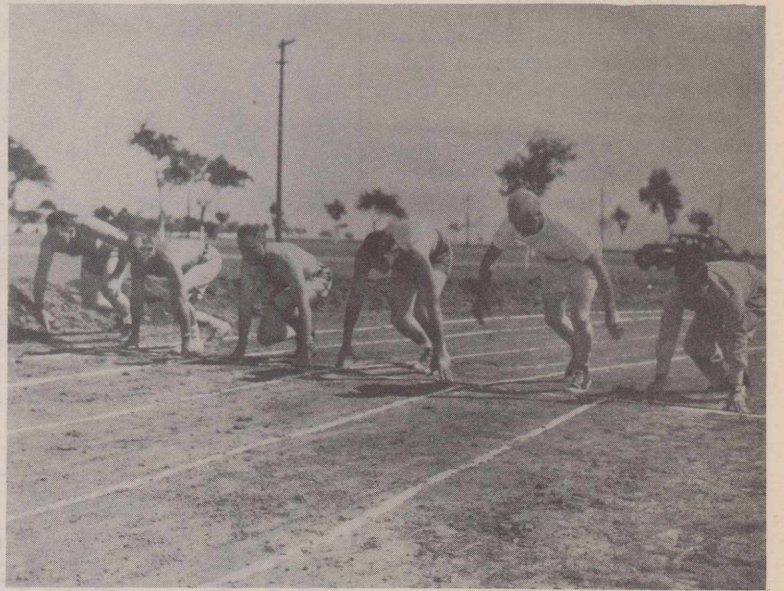

# FIELD DAY SCENES

## Youngsters Vie For Honors

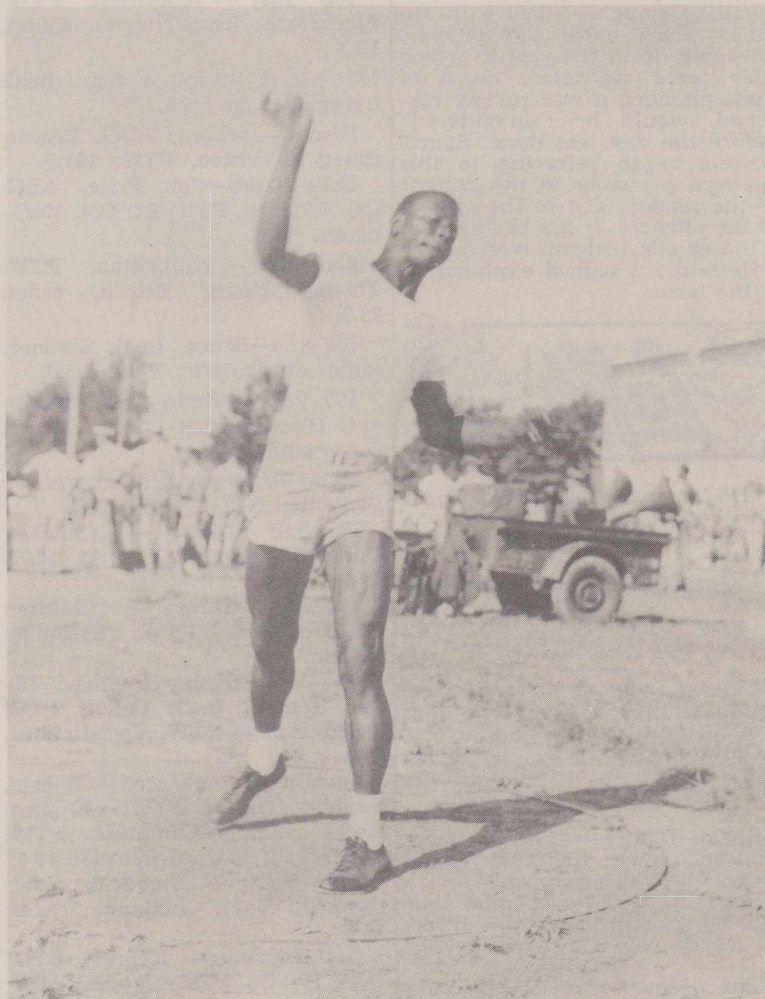

Burning up the track in an all-out effort to break the tape during last Saturday's track meet were youthful cindermen, who are sons of base personnel. M/Sgt. Leonard M. Harrell's son, Peter, copped first place honors in the children's 50-yard dash and won some coveted points for the 3500th Inst. Sq. team.

## Colonels vs. Lt. Colonels

Feature event of the day was the 100-yard dash run by the colonels and Lt. colonels. Tensely waiting for the gun are (L to R) Lt. Col. Galen B. Price, the winner; Lt. Col. I. Louis Hoffman, third place; Col. Hugh D. Wallace, second place; Lt. Col. Kenneth E. Rosebush; Col. George W. Parady; and Lt. Col. Edward J. Culleton.

## Jackson Shows His Form

Pvt. Charles A. Jackson of Hq. Sq. ABG tosses the shot put 38 feet during last Saturday's field competition. His skillful handling of the shot put and discus won him first place honors in both of these events.

Pole-vaulting enthusiast, A/C Paul A. Holland, soars over the bamboo at the 10' 4" marker to garner third place. Two other cadets, Livingston M. Standish and John M. Cyrocki, copped first and second places respectively.

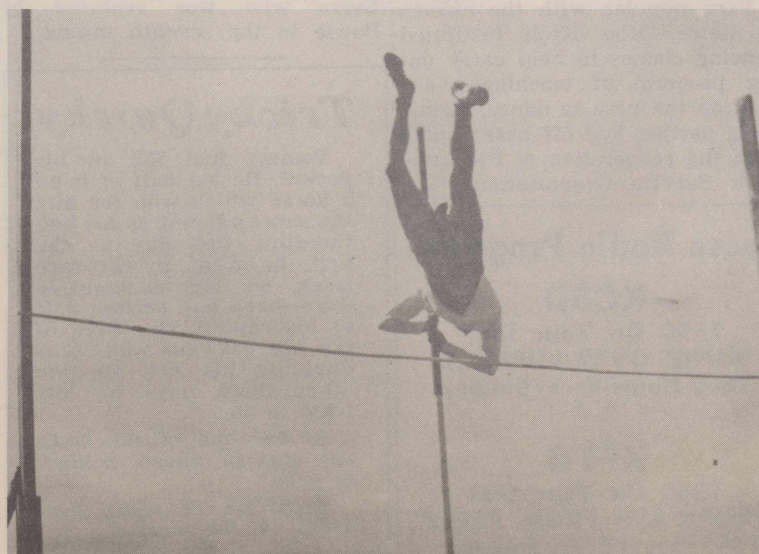

## Dial Telephones To Be Installed

Manual phones will soon be a thing of the past of RAFB! A dial switchboard is now being installed in Wing Communications and is expected to be completed before the end of September.

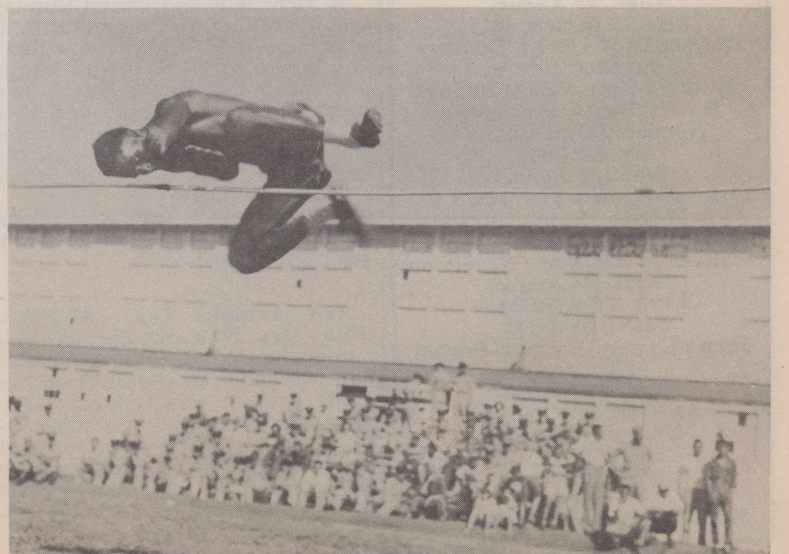

The new automatic electric dial equipment will have 600 main station lines in comparison with the 250 now in use. Also, this equipment is capable of expanding to 1000 numbers on authorization by Air Materiel Command.

Displaying championship form PFC Donald "Doc" Allbritton clears the 5' 10" high jump marker with ease. His stellar performances netted him the honor of being individual high point man of the meet. In addition to the high jump he took first in the 100 and 220 yard dashes, second in the shot put and third in the discus throw. He also was anchor man on the winning Hq. Sq. PTW relay team.

## He Floats Through The Air

## Casey Up To Bat?

All set to blast the ball during the Shaughnessy playoffs on 3 August is M/Sgt. Tom E. Toms, 3rd baseman of the Hq. Sq. ABG team, which was defeated 3-2 by the 3501st B softball nine. T/Sgt. Thomas A. Sowell catches for the victors while S/Sgt. E. L. Lewis calls 'em as he sees 'em.

(Photo by S/Sgt. Kent)

By Armed Forces Press Service

WHERE and how did the term, "bull pen," as applied to baseball, originate? Students and followers of the game have pondered that question many times. Here is an interesting slant offered by Braven Dyer, of the Los Angeles Times:

"In the early days of the game ball parks in some cities were in uncomfortable proximity to the stockyards and abattoirs. It is quite likely as a result of this nearness, a certain analogy was discerned. Over in the stockyards were the bulls, who for the sake of propriety, were fenced in while awaiting slaughter. Down in another place were the pitchers warming up in the spot to which they were restricted. Some of these pitchers, it was rightly reasoned, would be "slaughtered" before the day was done. Sports writers began referring to this analogy, probably to the delight of the readers and to the disgust of the pitchers. It has been a part of baseball's lexicon ever since. Certainly a logical explanation of the term.

"Do married men live longer than bachelors?"  
"No, it only seems longer."

Little Boy—"Where were you born?"  
Little Girl—"In a taxi. My mother was in a hurry."

Elderly Lady at the zoo: "See, children, there's the stork that brought you to your mummy."  
Children, to each other: "Do you think we ought to tell granny the truth?"

Sugar Daddy—"I'm 85 years old, and have \$2,000,000 salted away. Will you marry me?"  
Sugar Baby—"Never mind your age. You're still too young for me. I'd marry you if you were 100."

The widow had placed a tombstone at her husband's grave, bearing the noble sentiment: "Without you I cannot bear to live."  
A year later she remarried and ordered the monument maker to add one word, "alone."

A vicar was addressing Sunday school children. After several minutes he asked: "And now is there any boy or girl who would like to ask me a question?" For a moment there was silence and then a shrill voice piped out: "Please, sir, why did the angels walk up and down Jacob's ladder when they had wings?"  
"Ah, I see," said the vicar. "Now would anyone like to answer that question?"

San Antonio, Tex. (AFPS)—When Mrs. W. H. Spencer arrived home she found that a burglar had preceded her. Aside from her home being ransacked, Mrs. Spencer's dog was missing. Patrolman C. W. Kilgore arrived at the scene and began checking the grounds. Fritz, the dog, ran out of the shrubbery and bit the policeman three times.

## Miss Kroh

(Continued from page 1.)

College there.  
Very popular with the airmen of Reese, Miss Kroh instituted dancing classes to help carry out her program of teaching every man on the base to dance, swimming parties, and off-base dances with the cooperation of the Lubbock Service Organization.

## PTG, 3501st A, To Meet Each Other For Base Softball Championship, Final Game To Be Played Monday

The final results of the Reese softball play-offs were announced this week and the league standings show that the Pilot Training Group Team and the 3501st A. Team will play each other to determine the 1950 softball champions of Reese Air Force Base.

Each team lead its league during the softball season, the 3501st

team sporting an undefeated record until the play-offs when they lost 5-3 to the Installation Squadron. The PTG, although a powerful team, lost several games during the season but its standing was never threatened by anybody.

In the first play-off game the 3501st Maint. Sq. defeated the Installation Squadron 9-0 behind the two hit pitching of Touchette. In the second game Beisenback pitched a six hit win over the Mechanics, winning 5-3. Witt paced the Installations Squadron with three hits in three times at bat. In the last game of the series, with each team having won one game apiece, the winning pitcher, giving up eight hits. Ambrose paced the team with four hits in four official times at bat. Frigenti rapped a home run.

In the National League play-offs the PTG team licked the 3501st B. team twice to take the series. In the first games Bailey gave up seven hits in registering a 19-3 win. W. Miller paced the team with four hits in five times at bat.

In the second game PTG won by a score of 5-1 with Bailey again the winning pitcher, giving up two hits and one base on balls.

The final game of the three game series for the base championship will be played Monday at the base softball diamond at 1800 hours.

## Hey! Is You Is, Or Is You Ain't?

With U.S. Forces in Korea. (Delayed) (AFPS)—As American troops moved forward following a recent assault landing they talked over the chances of hand-to-hand fighting.

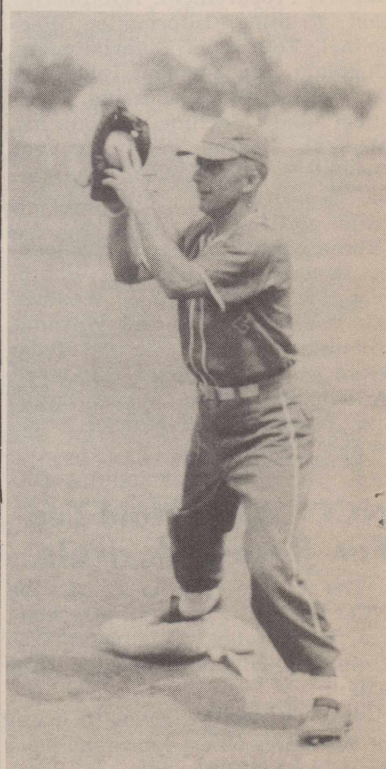

A lanky Texan, his face wrinkled with concern, asked his buddy:

"How we gonna tell a South Korean from a North Korean?"

The answer:

"Easy, brother. If he's a South Korean he'll walk up to you and say 'Hello, you all.' If he's a North Korean he'll shoot you daid from a tank."

## Meet Your Team

Captain Clyde W. Bradley, Jr., first baseman and manager of the Reese "Reesers" softball team snares a quick throw from third during last Saturday afternoon's 2-0 victory over Lubbock's VFW team.

## Rattlers Win Three And Drop One In Local Competition

Although a team plagued by injuries, the Reese Rattlers have come from behind to win in their last three games, defeating Dickens, Texas twice and Walker AFB, Roswell, New Mexico once.

On Thursday August, 3, the Rattlers defeated Dickens, Texas 14-6 with Dornstadter pacing the Rattlers with three hits in five official trips to the plate. Bowie and Noland were the starting pitchers for the two teams and were relieved by Evers and Martin later on in the game. The Reese pitchers gave up seven hits while their opponents gave up 16 hits.

Walker AFB fell before the Rattler onslaught, Saturday 5 August with the final score 4-3. Rowe paced the Rattlers to the win with two homeruns. Evers gave up two hits to gain credit for the win while Katz allowed seven in losing.

Reese scored one run in the fourth inning on Rowe's homer. Walker was then leading by three runs. The Rattlers tallied again in the seventh inning to make the score four to two. In the last of the ninth inning Rowe clouted another four-master to drive in the winning run and sew the game up for Reese.

The Rattler right fielder Crabtree paced them to a 11-9 win over Dickens, Texas. Crabtree of Reese and Jackson of Dickens hit homers for their respective causes. Bowie the starting Rattler pitcher was relieved by Evers in the fourth inning after his arm began to give him trouble. The two Rattlers pitchers gave up 18 hits while their opponent Noland gave up 15 in taking the loss.

The Lubbock Black Hubbers gained a clean sweep off the three game series with the Rattlers with a 7-3 victory Wednesday night at Lions Park in Slaton, Texas. The series was to determine the Independent baseball champions of Lubbock.

Reese started off the scoring with two runs in the first inning and added another in the third. But the Hubber moundsman Raymond Flores held the Rattlers scoreless for the rest of the game.

The Black Hubbers came back in the second inning to tie up the game and go into the lead 5-3. Two runs were added in the fourth and fifth innings to make the final score 7-3.

The losing pitcher was "Lefty Evers" who was replaced by Bowie in the seventh inning.

## Tricky Quicky

Tommy had \$32 in his pocket. He bet half of it on a horse which won for him the same amount as his bet. Counting this day as the first, he went to the race track on six consecutive days—each day betting half of his capital. On three of the six days he won, thus doubling his bet. On the other three days he lost what he bet.

At the end of the sixth day was he ahead, behind, or even?

ANSWER: Tommy lost \$18.50 on the races.
