

Korean Reds Hit Hard By FEAF

Cadets Become 'Father For Day'

It's the one day in 365 set aside to honor the 'old man', an annual event held on the third Sunday in June.

But Father's Day at Reese will be a new and exciting experience for ten young boys and the same number of representatives of the Aviation Cadet Squadron.

Ten boys from the Milam Home in Lubbock, home for orphan boys and girls, will make a trip to RAFB and will be sponsored by ten cadets acting as "fathers for a day." The boys, ages eight through 14, will arrive on the base Saturday, 16 June, and be shown around the base following a typical precision cadet schedule.

Monthly Promotion Results...

54 Airmen Raised in Grades

And over fifty of them were wearing new sets of stripes last week as special orders on promotions came out.

Advanced to the temporary rank of Master Sergeant were Harold Straughan, Donald R. Lott, John E. Parks, Leroy G. Gregory, Ben D. Denton, Orie G. Lee and Don L. Henwood.

Newly made Techs include: Richard Tillman, Wayne L. Betts, Ernest L. Lewis, Robert Neefe, Lee R. Orren, Sr., Roy L. Garrison, Norman J. Floyd, Dayton E. Halloway, Ernest W. Schwarz, Charles J. Reynolds, Jay D. Jones, Donnic H. Rando, Henry C. White.

Staff Sergeant ratings go to: Arthur G. Adams, James E. Coker, Bennie T. Darby, Leon B. McFarland, Watson W. Combs, Robert McCoy, Lawrence W. Jackson, Robert Amberson, Locevicious Kirkwood, H. M. Frels, Francis E. Foster, Robert Thompson, Herman Russell, J. Curtis, Burton Z. Harris, Faye D. Folkers, James Belknap, Jr., and William L. Fritzler.

Corporals upped a notch were:

Carl F. Dunaway, William R. Beranek, Ronald L. Johnson, William R. Ballard, Evert W. Bronson, Bernard Quinn, William E. Cavitt, Robert L. Rosa, Cary J.

Ward, James E. Patterson, Charles L. Richards, Jack E. Wooten, James O. Rasnick, Charles E. O'Neill, Donald O. Keezer and James R. Cleveland.

LSO Project Nears End...

Downtown Club Open 27th

Formal opening ceremonies 27 June will mark the initial operation of the Lubbock Service organization, known locally as the LSO, it was announced earlier this week.

Located at 1311 Main, the building is the result of several months of construction work by the Air Installations Squadron, aided extensively by local workmen's unions and businessmen.

The opening date was set Tuesday by the activity committee in a luncheon meeting at the Hilton Hotel.

Gen. Robert W. Harper, commanding general of ATRC, and Col. G. W. Pardy, former Reese CO, both now of Scott AFB, have accepted invitations to be honor guests at the formal opening, Miss Leona Gelin, director of the LSO,

announced at the meeting.

The opening day program will include an open house, a dedication program to which the public is invited, and a dance for airmen.

A committee named to work out final arrangements includes: O. J. Sexton, A. L. Hawkins, Jr., G. C. Dowell, 1st Lt. A. B. Tapper, Lois Alexander and Howard C. Davidson.

Funeral services for the three crash victims who died in Friday's TB-25 accident were held this week. Sunday, rites for 1st Lt. Leroy A. Adams and 1st Lt. Stephen C. Frost were held at the base chapel. Services for T/Sgt. Billie D. Jantzen were held in his hometown, Hammon, Okla.

During 330 consecutive days of combat operations in Korea, from June 26, 1950, through May 21, 1951, the U. S. Far East Air Forces and attached units have caused 112,000 enemy troop casualties.

The U. S. Air Force components of FEAF along with the Royal Australian Air Force, South African Air Force, and Royal Hellenic Air Force have flown 200,380 sorties, of which a total of 67,907 were flown during the quarter, February 22, 1951, through May 21, 1951.

Statistical data of FEAF operations from June 26, 1951 through May 21, 1951 follows:

	Sorties by FEAF	
	22 Feb-21 May	26 June, 1950-21 May 51
Fighters	34,980	98,170
Light Bombers	4,509	12,927
Medium Bombers	1,802	8,442
Reconnaissance	3,130	8,234
Cargo	18,488	56,200
Miscellaneous	4,998	16,407
TOTALS	67,907	200,380

	What they Delivered	
	22 Feb-21 May	26 June, 1950-21 May 51
Tons of Bombs	23,550	89,400
Rounds of Ammunition	29,938,000	90,525,000
Number of Rockets	72,000	247,000
Gallons of Napalm	2,400,000	7,000,000
Tons of Freight (cargo only)	40,700	151,000
Number of passengers (including air evacuees)	158,000	351,500
Number of Leaflets	76,500,000	231,500,000

	What they Accomplished	
	22 Feb-21 May	26 June 1950-21 May 51
Enemy troop casualties	24,000	112,000
Buildings destroyed or damaged (housing enemy troops or supplies)	56,300	114,000
Aircraft destroyed, probably destroyed or damaged	129	351
Locomotives destroyed or damaged	235	850
Railroad cars destroyed or damaged	5,500	13,000
Tunnels damaged	205	400
Highway and rail bridges destroyed or damaged	340	1,000
Motor vehicles destroyed or damaged	6,200	22,500
Tanks destroyed or damaged	120	1,675
Gun positions silenced	725	2,450
Major strategic targets neutralized		18

	What It Cost FEAF	
	22 Feb-21 May	26 June 1950-21 May 51
Personnel		
Killed	28	178
Wounded	57	244
Missing	124	360
POW	0	3
TOTALS	209	785
Aircraft		
Fighters	55	176
Bombers	12	31
Transports	1	6
Miscellaneous	3	15
TOTALS	71	228

Additional Statistical data:

During the period May 20 to May 26, 1951, FEAF and attached units flew 6,500 sorties.

A BACHELOR'S NIGHTMARE is this homey scene as S/Sgt. Kelley A. Farrar (he's really single) shows how a man with twelve-count 'em—twelve kids would feel. With Father's Day coming up Sunday, we thought this sentimental shot was rather apropos. The children belong to Reese personnel and were "loaned" for the photo by the base nursery.

THE ROUNDUP

The ROUNDUP is a civilian enterprise published every Friday in the interests of military and civilian personnel of Reese Air Force Base, Lubbock, Texas. Local news appearing here may be reprinted without obtaining specific clearance. News, features, photographic and art material are solicited from personnel of the Base but publication depends on availability of space and general news value as judged by the publisher. Every effort will be made to return rejected material but no responsibility can be assumed beyond the exercise of due care in expediting return. Opinions expressed herein are not necessarily those of the United States Air Force.

Col. Tom Says

One of my favorite stories is that of two salesmen who worked together in a small clothing store. These two fellows looked upon their job as an unpleasant but necessary one, and this attitude was evident in each customer contact. It just seemed that they couldn't please anybody.

When the reputation of these two salesmen was reported to the store manager, he called them in and asked them to try an experiment. "For the next two weeks," the manager suggested, "let's try smiling at everyone who comes in the door, no matter who they are or what they want."

Willing to try anything once, our friends went back on the job and did as their manager had suggested. A week went by, and the success of the experiment was summed up very neatly when one of the salesmen turned to the other late one afternoon with the remark: "You know, Joe, it seems to me that 'a better class of people' have been shopping here this week!"

A better class of people? Not at all. Same people, same store, same salesmen, but "a different attitude." An attitude of smiling friendliness and helpfulness.

We're all salesmen, in a sense. All the way through life, we're selling ourselves or our interest to those with whom we come in contact. And it's a pretty well-accepted fact that our attitude in dealing with others determines the degree of success we attain.

Outside a local business establishment is a sign which reads: "We want your smile . . . bring it inside with you!"

It's as easy as that. Don't let your smile grow rusty. Carry it with you and you'll find a "better class of people" wherever you go.

THOMAS J. BARRETT
 Colonel USAF

...by A/C A. W. TOWNLEY, Jr....

The cadets were officially introduced to Lieutenant Peterson, at the Saturday meeting. He is a new member of the squadron tactical section.

The proposed plan of trips to Carlsbad Caverns as introduced by Captain Cooper last Saturday, seems entertaining, and cadets showed interest.

Many cadets volunteered to give a pint of blood to the Lubbock Community Blood Bank. A new ATRC regulation arrived on the base just in time to discourage this project but the interest and enthusiasm displayed by cadets was appreciated.

51-E had their pilot rating physical examination this past week. No serious discrepancies, but one humorous incident—one Squadron B cadet passed out when they took the blood from his right arm for the blood test and just to add insult to injury, they spilled the blood and it was necessary to take another quantity from the other arm.

Section II, 51-E took their low level navigational cross country this week—students doing the navigating and the instructors "driving". Lowry, Kirkland, Ellington, Sheppard, Air Force Bases were included in the itinerary.

Almost every member of 51-D has completed their flying and academic requirements and are now completing their OJT. These last two weeks are relatively free and include Open Post every night and privileges of the Reese Officer's Club.

Your Chapel

Sunday, the 17th of June, has been designated as Father's Day. This day is set aside in memory and in honor of fathers and all that they have done for us. Be sure to attend the service of some church on this day in memory or in honor of your father.

Dad was always an inspiration and a good teacher in the ways of life. When we were young we probably felt that some of his ways were ways we did not want to go. However, most of us realize now that Dad knew pretty well what ways were best and that his plans for us certainly were for our own good.

Dad always taught us that there were two groups in the world. We divide the world into these two groups in so many ways. We say they are the good and the bad, the rich and the poor, the humble and the vain, the happy and the sad. My Dad always told me of another classification, which he called the "lifters and the leaners." Dad said that some people were like the handles on the suitcases or the door, which serve as the means of lifting or opening. Then there were ladders made which must always lean against something to be of any use. Of course, in some cases, they put legs upon which the ladder may lean right on the ladder to make it more or less self supporting. We had an expression years ago to use for those boys who were always leaning on everyone and everything; we used to say, "Please lean on your own breakfast." Its probably a good idea, but we ought to learn to be lifters rather than leaners and thus fol-

Comrades:
 Activities of our organization in the United States have received a serious setback. The U. S. Air Force's rigid security program has forced us to carry out our work in a concealed manner.

In short, we need more poop on the scoop about U. S. plane and troop movements, classified information, and other data which you can forward to us in the usual "innocent" procedure.

Talk it up in the PX. Mention all the secret material you know to your buddies, your girl, and complete strangers. Speak about it in a loud voice in cafes, bars, movies, buses, dog-carts and other public places.

And don't worry about our getting the dope. Any one of our Fellow Travelers over in America can relate the info to the head man.

All of you, airmen, officers or civilian employee, can do your bit for the cause if you'll remember to tell all you know about classified information. Every little bit helps.

Igor, the friendly spy.

low the teaching of the scripture which tells us "to bear one another's burdens."

The poet has said "There is so much good in the worst of us and so much bad in the best of us that it little behooves the most of us to talk about the rest of us."

Sadness comes into anyone's life and sometimes riches are inherited rather than earned. So it is difficult to make any real divisions of this world into the groups into which our thinking often places people, but if we must choose for ourselves which group we want to take for our own, let us be lifters rather than leaners, happy rather than sad on our outlook, and helpful to all those around us. Dad would be happy to know that we have tried to do the best we can to help everyone we know.

MAURICE R. HOLT,
 Chaplain (Lt. Col.) USAF
 Wing Chaplain.

FTAF Allocates Funds; Reese To Get \$111,000

Allocation of additional funds for construction, repair and maintenance at Reese Air Force Base and 11 other Flying Training Air Force bases was announced this week by the Air Force.

Col. Robert Milberry, director of installations for the 27 bases under the jurisdiction of FTAF, said the funds are in addition to rehabilitation, construction and repair projects already authorized or now in progress at the bases.

The additional funds were allocated in keeping with the expanded mission of the Air Force flying training program which is conducted by FTAF under Maj. Gen. Warren R. Carter.

Reese's allocation reads:

Remodel mess, \$13,405; modification and alteration of operations building, \$13,961, underseal remainder of concrete parking apron, \$67,662, and construct five shelters for landing instruments, \$16,155.

AACS Airmen Take First Aid Instruction

A standard twenty-hour course in Red Cross first aid instruction was recently completed by nineteen members of the AACS detachment, H. E. Albright, RC field director, announced this week.

The course, which covered first aid practices and methods, was taught over a two-week period by Sgt. James R. Mathhues.

Graduates were: Dan L. Dowell, Robert C. Manley, Fred J. Miller, Robert L. Davis, Richard S. Naylor, Wesley E. Deuel, Hubert Berry, Donald C. Siegel, Max A. Churvi, Bill R. Price, Garth C. Lindsay, R. D. Shirltey, Leslie M. Bearss, Harry L. Ervin, Gerald D. Hopkins, Carl E. Hopkins, Robert I. Martin, Wallace D. Christian and Jefferson D. Kelly.

USAFIT Offers Graduate Studies For Reserve Officers Now on Active Duty

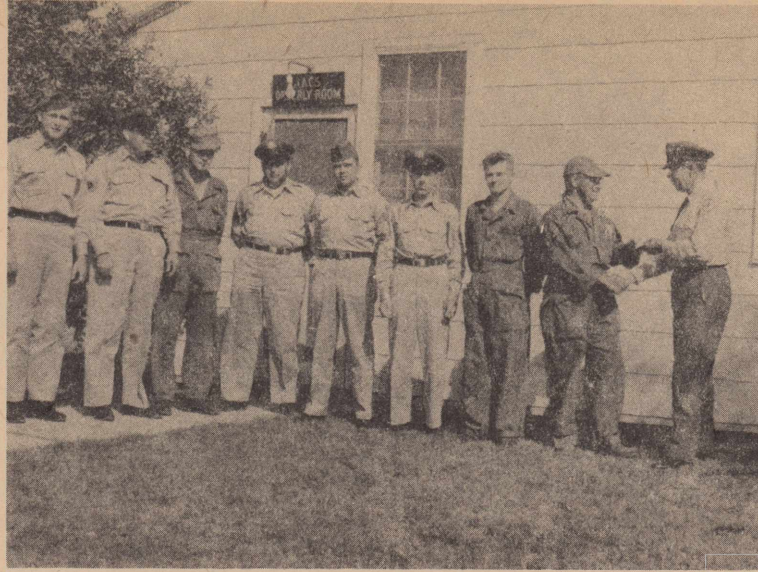

Keynoting a major policy change in the AF's program of advanced technical education for officers, the USAF Institute of Technology this week announced that Reserve officers on active duty are now eligible for graduate work at civilian universities in many scientific fields.

USAFIT's Civilian Institutions program had previously been open only to Regulars, with some exceptions for Reserves in meteorology and language courses.

"We will pick qualified Reserve officers for enrollment in civilian schools for graduate work beginning in September, 1951," Brigadier General L. I. Davis, Institute Commandant, announced. "Additional Reserve, as well as Regu-

lar, enrollments will be made in January of '52."

Fields of study opened to Reserve officers under the new set up include Nuclear Physics, Nuclear Chemistry, Bioradiology, Biochemistry, Geophysics, Electrical Engineering, Electronics, Servo Mechanism, Chemical Engineering, Chemistry, Atmospheric Physics, Optics, Aero Engineering, Civil Engineering, Math, Metallurgy, Photogrammetry, Propulsion Engineering, Reactor Technology, Weapons Systems Engineering and all sections of the Surgeon General Training Program for medical specialists.

RED CROSS FIRST AID graduates, eight out of a class of 19, are shown receiving their awards from Red Cross field director H. E. Albright, far right. Included in the group are, from the left, Sgt. Robert C. Manley, M/Sgt. Leo A. Wright, former temporary NCOIC, Sgt. Garth C. Lindsay, M/Sgt. Charles C. Painter, present NCOIC, Sgt. Leslie M. Bearss, T/Sgt. Wesley E. Deuel, Sgt. Carl E. Hopkins, Sgt. Max A. Churvi and Mr. Albright. The group is composed entirely of AACS personnel.

Increase WAF Strength To 48,000... AF Wants More WAFs

The U. S. Air Force will begin next month expanding its WAF strength in a program designed to add more than 40,000 highly qualified young women to the Air Force by June, 1952.

The action, which will increase by approximately seven times the present WAF strength of 7,000, will result in an ultimate strength of approximately 4,000 officers and 44,000 airmen.

The increase in WAF personnel strength was ordered in accordance with the Department of Defense decision to utilize women in the Armed Services to the

greatest possible extent.

Toward this goal the Air Force will begin commissioning in June approximately 200 officers per month from among business and professional women throughout the country. Commissions will be offered in the grades of first and second lieutenant. At the same time the WAF enlistment quota will be increased from the present monthly figure of 480 to 1,700 in June, increasing to 4,000 monthly in the first six months of 1952.

Commissions in the WAF, which will be offered to eligible women, with or without prior military service, will be made in the USAF Reserve. Newly commissioned officers can expect to enter immediately into active military service.

First Jet Ace Flies Stratojet Bomber; Says... 'Big Thrill'

The world's first jet ace and the world's fastest bomber teamed up for the first time recently. Capt. James Jabara, of Wichita, Kas., made his first flight in one of the U. S. Air Force's new Boeing B-47 Stratojet bombers.

First pilot on the flight was Lt. Col. Patrick D. Fleming. Prior to joining the Air Force, Colonel Fleming was a naval aviator who ended the war as the Navy's fourth ranking ace with 25 enemy planes to his credit. He is now director of operations for the Air Force's accelerated B-47 service test program at Wichita.

Before the flight Fleming had been asked to bring up the subject of how Jabara felt about being a "double" ace—once on jets and once in conventional fighters (Jabara knocked down six aircraft over Europe during World War II.) In answer to the question, Jabara replied "I've just happened to be in the right place at the right time; it could have happened to anybody." Jabara asked Fleming how he felt about being the Navy's fourth ranking ace. "Ninety per cent luck," Fleming replied. "You've already given the answer. If you're there, you get them. If you're not—no matter how good a gunner you are—you don't."

Following his B-47 flight Jabara said it had been one of his biggest thrills. He added that he hopes to be able to make a longer flight later on during his leave.

Commissary Permits Now Available Here

New Commissary permits are now being issued to all Reese personnel as of 14 June. Present permits expire at the end of this month and the new ones may be obtained at the Commissary sales

If you think you're pretty fast on a typewriter, prepare yourself for a jolt. In a test conducted in New York City, Margaret B. Owen averaged one hundred and seventy words per minute, typing unfamiliar copy.

PROUD NEW FLAGS

By Van Wyck Mason

This colorful tale covers the all-important but seldom-told story of the naval war between the Northern Union and the Southern Confederacy. The desperate and bloody struggles of the Confederate Navy set against the colorful and frenzied whirl of Southern society create a novel of high adventure and romance, blending Mr. Mason's thorough research with his unerring gift for telling a rousing good story.

This book is the first of a series by the leading American historical novelist—a series which will undoubtedly compare in scope and importance with his tetralogy of the American Revolution which ended with Eagle In The Sky.

Installation News

By Pfc. Otto Sample

It seems each week we have to say good-bye and good luck to friends who have been reassigned to other stations. This week M/Sgt. Willie J. Barnes, our good natured personnel Sergeant is leaving for Tuskegee Institute, Ala. Tuskegee is Sergeant Barnes' home town so how lucky can you get? Another to leave is the smiling Irishman, Sgt. Walter J. Flynn. We'll all miss the "redhead," and we wish him lots of luck at Wichita AFB.

Were glad to have some news from the Fire department. The dormitory and Chief's office got a face lifting with a new coat of paint. Cpl. "Chet" Glover did a very nice job, too.

There is an epidemic of marriages going on in the Fire Department. Cpl. Bob Sienerth was married this month. Sgt. Tom Michael is scheduled to take the mighty leap and Sgt. Mike Bungo is still undecided as to whether to tie the knot this month or wait until August.

Congratulations go to the Abernathy Auxiliary Firefighters for the time and effort they put in to help keep planes in the air both day and night.

3502nd News

By Pfc. Ernest Holfoth, Jr.

Congratulations go to Sgt. and Mrs. Thomas York who are the proud parents of a baby girl, born 1 June.

S/Sgt. David Sowell made an Expert with the 45 caliber pistol last week. His score was 325 out of a possible perfect score of 350.

T/Sgt. Herman Polson is leaving us for duty at Wichita, Kansas. He has completed B-47 hydraulics school and is going there to work on that type aircraft.

S/Sgt. Kenneth Manion is leaving for Sheppard Air Force Base, to attend B-47 school.

Sgt. Daniel Meade is on his way to engine specialist school at Chanute Air Force Base, Illinois.

We welcome Cpl. Billy Heibner back from his 36 day furlough.

Supply Sayings

By Pfc. Don Elliott

Congratulations to M/Sgt. Harvey L. Norsworthy, our new first sergeant.

Sgt. Norsworthy has 14 years service time and has been attached to the 3500 Supply Squadron since October of '48. He relieved M/Sgt. Harold Allen who has departed for duty in Europe.

Combat serviceable khaki uniforms are still on sale at the clothing sales store but the supply is limited. Capt. Alva T. Adams, clothing sales officer, implies that the supply will be exhausted soon so if you are needing some good khaki uniforms at half price, better hustle over to the sales store soon. Many other articles have recently been put on sale. Among them are belts, buckles and the ever popular low quarter black shoes.

The strength of our squadron has been greatly increased due to the transfer of the refueling section from the Motor Vehicle Squadron to us.

Many thanks from the squadron to whoever is responsible for the new mattresses received last Monday. Pfc. John Curtis would like to express his gratitude to the entire lower bay of T-642 for their efforts to make him comfortable (?) last Monday night. Seems he had twenty mattresses in his area! Our squadron softball team

M & S Briefs

By S/Sgt. J. P. Johnson

Recent returnees from B-27 school at Sheppard Air Force Base Wichita Falls, Tex., are M/Sgt. Paul Jones and M/Sgt. John B. Parks, Jr. It seems as if both are a little peeved due to their automobiles being damaged by hail.

The Squadron softball team was beaten Monday afternoon by Hq. Sq. ABG, the score being 12-11. It was a close game, our team committing ten errors. The game was played an extra inning.

M/Sgt. C. T. Treadwell, First Sergeant Hq & Hq Sq and 3505th Maintenance Squadrons departed Wednesday afternoon for recruiting duty in Pueblo, Colo. Best of luck in his new duty assignment is extended by members of 3505th Maint. Sq. & Hq Sq.

now has a record of two wins and five losses. May be interesting as well as embarrassing to note that both wins were by forfeit.

Cigars to all of us from Jay D. Jones of Louvicious Kirkwood who recently was promoted to T/Sgt. and S/Sgt. respectively.

They say S/Sgt. Edmund Pickens was beefing 'bout a backache during the short absence of M/Sgt. Amos Dick from service stock two but since the lumber yard is completely re-stacked now and apparently in apple pie order, Sergeant Pickens is feeling fine as wine again.

Perhaps a more accurate name for the base photo shop would be 3500 Supply Photo Shop! Among the many utilizing the facilities of the photo shop are Cpl. James Poore, Cpl. Felipe Sanchez, Pfc. Hugh Means and Pfs. Leon Kiedel.

Several of the boys recently returned from school. They are Cpl. Louis Nucci, Pfc. Carl Fox, Richard Johnson, Clayton Phelps and James McDonough.

by Sgt. John F. Cornell

Last Friday and Saturday were busy days for the 514th, at least for the eleven airmen who attempted to qualify themselves for promotions.

The tests consisted of a general written examination, musical dictation, and an audition to determine the playing capabilities of each airman. S/Sgt. Pedro Rodriguez and Sgt. Jules Zinter also took a conducting examination which is required for promotion to grade six.

CWO Lloyd F. Overton of Nellis AFB and CWO Hiram M. Allen of Craig AFB administered the tests. Tomorrow the entire Band is scheduled to travel to Slaton. The citizens of that town will celebrate "Frontier Day" with a parade which the Band will participate in. The 514th will also give a concert during the afternoon. We are all looking forward to getting our share of that "good ole West Texas bar-B-Q."

By S/Sgt. Jimmie Day

With arrival of promotion orders from Wing Headquarters, former Corporals Richards and Patterson have been promoted to the grade of sergeant.

Promoted also is Private Cooley, who having completed the Clerk Typist School in Wyoming, is being promoted to Private First Class. Pfc. Cooley is being reassigned, along with Sergeant Van Buskirk, to the newly opened field at Wichita, Kans.

With change in the Training Group Organization, Registrar and Group Supply personnel is being relieved from Headquarters 3500th Pilot Training Group and reassigned to the 3501st Training Squadron (Flying); though no change in office has been effected, a large black, red-spotted spider-like "thing" has found residence with the Registrar Office. More than one unsuspecting person has walked in only to be met by the "thing" dangling on a string.

Hq. Sq. News

By Sgt. C. W. Conard

Heading for lush, green college campuses this week are two masters and one tech. The new ROTC pedagogues are: M/Sgt. Clarence E. Carter, Baylor U.; M/Sgt. W. H. Shanks, U. of Indiana.

Two East Teachers College graduates with ROTC commission have just been assigned to the comptroller section. They are 2nd Lt. Vernon L. Downing and 2nd Lt. Marvin L. Thrash.

Publication gained three new men this week through transfers by Pfc. Eugene Liberto from ABG, Pvt. Turman R. Bell from Mtr. Veh. Sq., and Pfc. Donald W. Eberhart from PTG.

The squadron said "Au Revoir!" to S/Sgt. Norman F. Perry, supply, as he left for his new assignment at Wichita AFB, Kansas, and welcomed back Pfc. Charles H. Lackey, who had been away to Army Finance School at St. Louis.

Have you heard the story of how T/Sgt. Wilford D. Womack, personnel, rescued a "dead man?" It all happened last weekend at a little lake at Chatham, La. While passing the time of day with a friend at a local filling station there the phone came alive with an excited voice at the other end shouting, "Someone's drowning in the lake."

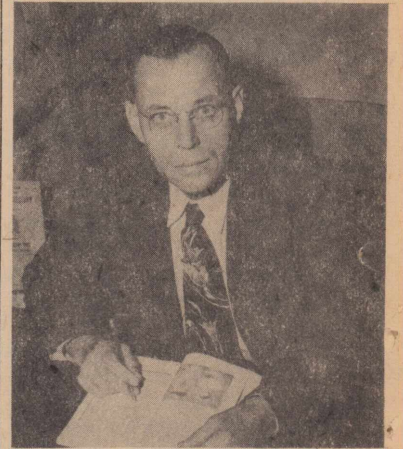

They jumped into Womack's car and in a matter of seconds were at the scene, with Womack plunging to the rescue. Recovering the body he dragged it ashore where artificial respiration was applied. However, the man never regained consciousness.

J. F. Reeves First Civ. Ed. Specialist

Newly assigned to the Information and Education Section is Reese's first civilian educational specialist, Mr. Jonathan Floyd Reeves. Formerly Superintendent of Public Schools at Fort Stockton, Texas, Mr. Reeves has been actively engaged in educational work for the past nineteen years.

A graduate of Hardin-Simmons University, Mr. Reeves took post-graduate work at the University of Texas, and received his Master's degree in Education from Leland Stanford University.

In addition to his experience as

an Air Force Information and Education officer during World War II, Mr. Reeves has dealt with educational problems in his five years as Psychologist and Vocational Adviser with the Veterans Administration.

"The Air Force today provides greater educational opportunities than at any time within its history," Mr. Reeves stated; "And I would be glad to assist any man who is interested in furthering his education. These educational opportunities include study in Air Force career fields, and in courses leading to a high school diploma or college degree."

"A Maternity Dress for Every Occasion"
1003 Thirteenth St. Lubbock, Texas

AN UNUSUAL SIGHT ON THE FLIGHT LINE was the array of seven F-84 Thunderjets and three HRS-1 Helicopters which stopped to refuel at Reese Tuesday afternoon. The jets were from George AFB, Calif., and the "egg-beaters" were fresh from the factory at Quantico, Va., enroute to Santa Anna, Calif. Thirty minutes after taking off from Reese one of the three transport type "horizontal windmills" crashed 55 miles southwest of Lubbock. No one was injured.

Helicopter Crashes After Leaving Base

Only 35 minutes after taking off from the base, a Sikorsky HRS-1 transport helicopter crashed Tuesday afternoon 55 miles southwest of Lubbock. No one was injured.

The 'copter was one of three that had stopped for refueling here during a flight from Quantico, Va., to the Marine Corps base at Santa Ana, Calif. The other two landed at the crash scene and brought back the pilot and co-pilot to Reese.

Commanding the flight was Lt. Col. George W. Hering, USMC. The three craft are the largest of that type to land here. The diameter of the rotor blades is 24 feet.

Follow The Leader... Installation Squadron

An old fighter pilot and native Californian, Maj. Kenneth B. Scidmore is deputy CO of the Installation Sq. He's been in charge of the squadron administration since Sept. '50 and has been in the wing since Nov. '49.

The major came to Reese upon completing a supply course at Lowry AFB. Before that he had served on the Air Lift as a C-54 pilot at Frankfurt, Germany for six months.

Entering the Air Force in Aug. '41, as an aviation cadet he received his primary and basic flying at Cal Aero, Ontario, Calif., and his advanced at Stockton,

Maj. Kenneth B. Scidmore

Calif. From there he was assigned to a fighter squadron flying P-40's at the Glenn Martin Plant in Baltimore. Then from Bolling Field in Oct. '42 he left for combat duty as a fighter pilot in Sicily.

Upon returning to the states he was made a P-38 instructor at Van Nuys AFB, Calif. and from there went to March AFB, where he served as a squadron adjutant and CO before going on the Air Lift.

He is married and resides with his wife and two children, Kenneth, Jr., seven, and Victoria, four, at 3408 Elgin.

"The wing as a whole is the best outfit I've ever been in," says M/Sgt. Loyd A. Pilgreen, 1st Sgt. of the Installation Sq.

And he's a man who ought to know, having been in what is now the wing since back at Barksdale AFB in Feb. '46. All the while he's been a first sergeant. He was topkick of the first B-25 squadron, A-1, at Barksdale in '46. After the wing designation came into effect the name was changed to 3501st Maint. Sq. and he stayed on with the '01st till Dec. '49, when he went to 3501st Tng. Sq. (Flying) at PTG till June '50 and then was assigned his present duty.

Eager for overseas duty, he enlisted in the 29th Infantry Division at Ft. Benning, Ga., as a private in Dec. '36. However, all his duty was stateside so in May '39 he transferred to quartermaster automotive maintenance at Barksdale. The next year his outfit transferred to Savannah, Ga., but a year later he went back to Barksdale as a supply sgt.

In June '43 he was promoted to master sergeant and a month later was made first sergeant of the 571st School Sq. at Smyrna AFB,

M/Sgt. Loyd A. Pilgreen

Tenn. He remained there till June '44 when he went overseas to Italy with the 350th Fighter Gp. In Oct. '45 he returned, was discharged, and immediately reenlisted for assignment at Barksdale.

It is no wonder that Sgt. Pilgreen made Barksdale his second home, since 100 miles east of Shreveport is his hometown of Farmerville, La. A married man, he resides on the base, Apt. 102, Bldg. 242, with his wife and two children, Louise, nine, and James Allen, three.

TTAF To Be Set Up In Mississippi

Headquarters for the newly activated Technical Training Air Force (TTAF) will be set up at the Gulf Coast Military Academy, near Biloxi, Miss., by mid-summer, Gen. Hoyt S. Vandenberg, USAF Chief of Staff, announced this week.

Maj. Gen. Charles C. Chauncey, former deputy commander, Technical Training, Air Training Command, will command the new TTAF.

His staff of headquarters personnel will move into the new headquarters in the near future, after some rehabilitation work is completed.

The academy, which is located on a main highway about halfway between Gulfport and Biloxi, Miss., has adequate facilities for the TTAF headquarters. These facilities include administrative buildings, dormitories, dining hall, and recreational facilities on a 35-acre site.

The junior academy of the Gulf Coast Military Academy is not included in these lease negotiations.

Plans to activate TTAF, announced 28 April, were necessitated by the rapid expansion of the USAF's technical training program. TTAF is a component

of the Air Training Command which has its headquarters at Scott Air Force Base, Belleville, Ill.

TTAF will be responsible for the conduct of all Air Force technical training and will supervise the training of mechanics, electronics specialists, radio operators, and other technical specialists.

Because of the level, unbroken character of its terrain, the Lubbock area is the most highly mechanized farming territory in the world.

NCO Club Notes

C'mon out to Bingo tonight . . . \$275.00 . . . yes, I said TWO HUNDRED AND SEVENTY-FIVE Fifty-three numbers will be called . . . after Bingo, we'll dance to Phil Kligman and his Orchestra . . . club will be open until 2400 hours.

Saturday night, our own base band, under the capable baton of Charlie Simmons, will be on hand for dancing music . . . club will be open until 0100 hours.

Sunday night, 17 June, will be Open House night . . . Incidentally, closing hours on Sunday nights will be 2300 hours, effective this week.

Boom days are over . . . prices slashed! Here we go . . . DIME NIGHT, Monday, 18 June . . . Check the program on the reverse side of your membership card for further details.

Swing your partners and do-si-do! All you square dance fans be on hand for a Square Dance WITH BAND Wednesday night,

20 June . . . Mr. Lindsey, your favorite caller, will call the turns . . . Cmon out and join the fun.

Thursday night, 21 June, will be Open House night again.

Saturday night, 23 June, will be Western Dance Night . . . music by Paul Ruger and Sons of the Sands.

Program of entertainment on the reverse side of your card is prepared a month in advance, and sometimes circumstances beyond our control force changes to be made . . . Keep posted on current events by glancing at our bill-board at the entrance of the Mess.

By the way, there's a suggestion box at the main entrance door . . . we urge you to use it and let us know what you want in the way of entertainment.

Plans are underway to let youse pinochle fans use the stag room for your Saturday afternoon and Sunday afternoon pinochle and cribbage sessions . . . more details on that later.

So long . . . see ya at BINGO TONIGHT!

Rolling Along

MTR. VEH. SQUADRON

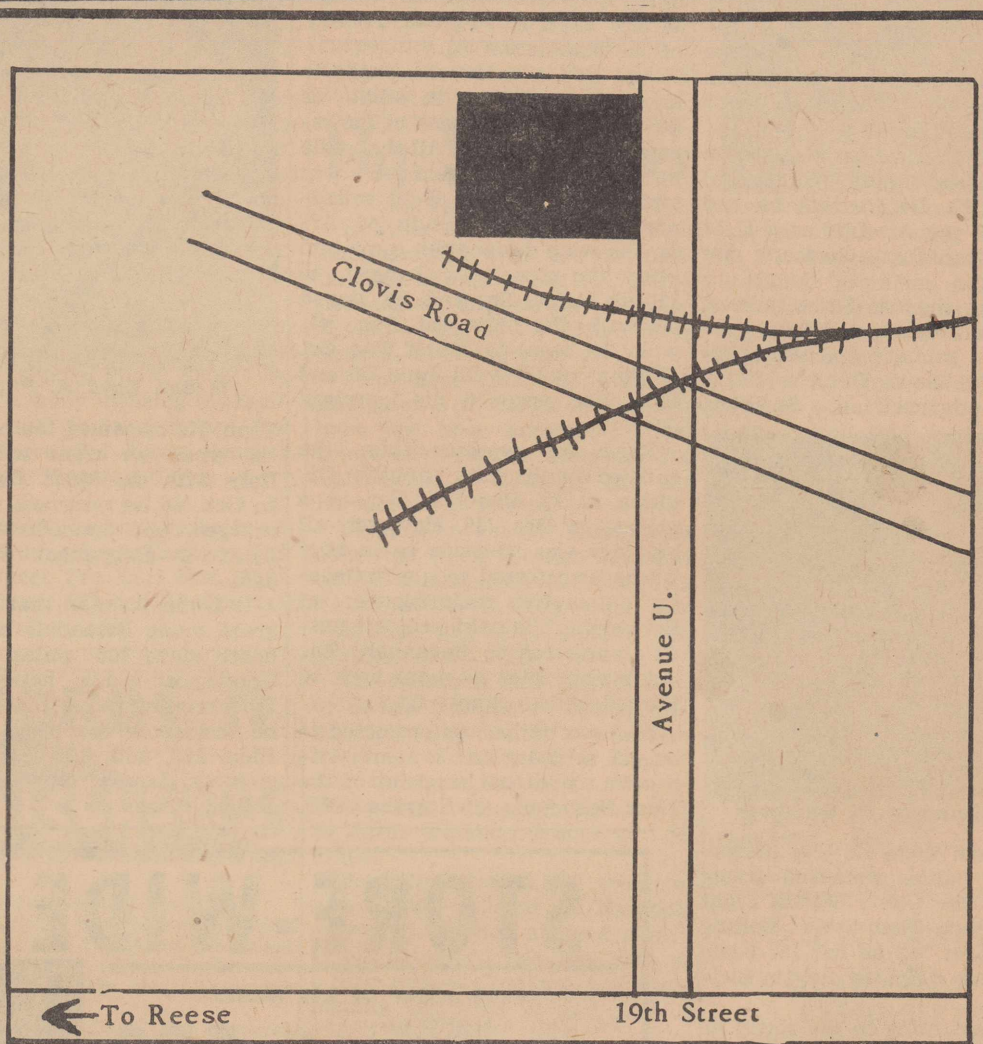

By Pfc. Walter R. Dahlgren . . . Our likeable guy, the First Sergeant John G. Andrews, was elected to the board of governors for the NCO Mess this past week. Good luck Sarge!

This month has been a very happy one for many members of this squadron. Twenty-three airman were promoted in the grade of staffs, bucks, corporals, and pfc's. Spend that extra money wisely now boys!

Thirteen members of this great squadron have left on well-deserved leaves. Have a great time boys, don't do anything we wouldn't do.

The supply room at the squadron is really looking like a palace these days. Nice work you guys, keep it up!

Ladies Group Hear Talk, Plan July Picnic Supper

Beginning a series of talks on different denominations, Mrs. Maurice R. Holt, program chairman, introduced Rev. David L. Zacharias of the Westminster Presbyterian Church of Lubbock to the Ladies Christian Fellowship at their general meeting. Rev. Zacharias gave an inspiring talk on "Presbyterianism."

The second chapter "Difficulties in Prayer" from the book "Prayer" by Hallsby was reviewed by Mrs. Robert Englebretson.

Circle 1 was hostess for the luncheon and Mrs. Ralph Randerson, president, presided at a short business meeting.

Mrs. Leroy Gregory, membership chairman, introduced the visitors, Rev. and Mrs. David L. Zacharias, Mrs. Thomas J. Barrett and a new member, Mrs. Bob S. Walker.

Circles 1 and 3 will meet Tuesday, 19 June, at 1300 hours with Mrs. Emil Snyder, bldg. 334.

SUPPORT YOUR ROUNDUP ADVERTISERS

apartment 103; Circle 2, Tuesday, 19 June at 1300 hours with Mrs. J. B. Powers, Lot B-5, trailer courts; Circle 4, Monday, 18 June, at 1930 hours with Mrs. Robert Englebretson, bldg., 631, apartment 203.

The Potluck Supper sponsored by the Ladies Christian Fellowship for July will be held at MacKenzie Park; it will be a picnic and all ladies will pack a picnic supper.

Increased Allowance Forms Due By 1 July

All officers receiving increased quarters allowance by reason of dependent wife and/or children will process NME form number 137, Certificate for Increased Allowances, through squadron personnel offices in duplicate.

The forms must reach the Accounting and Disbursing office not later than 1 July and both copies must be signed.

Reese Drops Pair to Vance In First Inter-Service Meet Here

Vance "Enidaires" took two decisive games from the Rattlers last week on the base diamond in their first meeting of the season of Inter-service Conference play. The first game went to Vance by an 18 to 11 count, and the nightcap produced a 23 to 8 runaway for the visitors.

Bounding off to an early lead in the first game, the Rattlers seemed on the road to victory. Errors, however, in the seventh and eighth innings produced ten runs for Vance, spelling defeat for the Rattlers.

Charlie Mays started for Reese on the mound but was relieved by Bowie, Henkel, and finally Ev-

ers. Deatherage started for Vance and was relieved by Sullivan in the fifth. Sullivan, who held the Rattlers to one run in the last five innings, was given credit for the win.

The second game started off fairly even, Vance leading 2-1 at the end of the second, and 8-5 going into the sixth. Five runs in the seventh, two in the eighth and five more in the ninth broke up the game for Reese.

Tony Santonocito started the

pitching chores for Reese, and was relieved by Henkel, Evers and White. Findlay went the entire route for the "Enidaires" as the Rattlers nipped him for the 11 hits that produced 8 runs for Reese.

Box Score, First Game

	123	456	789	TR
Reese	131	500	010	—11
Vance	003	023	460	—18

Second Game

	123	456	789	TR
Reese	011	011	202	—8
Vance	203	123	525	—23

M/SGT. TOM E. TOMS lets go with a mighty cut at the ball as ABGp tumbled PTGp a week ago from the undefeated ranks in Intramural softball, 6 to 4. The victory for ABGp gives them a 5-0 record for the year. The catcher for PTGp is M/Sgt. Miller, and the umpire is T/Sgt. Mel Ballard.

Medics Lead American League

ABGp racked up their sixth victory of the season by beating the Air Police 14 to 3 on 6 June in Intramural softball action. Other games of the evening produced a 25-15 win by Installations over Food Sv. and a 10-2 victory for 3501st over Mtr Veh. M & S barely edged 3502nd 8 to 7, and PTGP slapped down Supply 8 to 2. PTWG took a 7-0 forfeit from the Band.

Monday night's play produced some exciting games, and a couple of changes in the undefeated ranks. The Air Police upset the highly favored potent 3501st crew 11 to 9. The loss was the first for 3501st this season. The always potent ABGp team came from behind in the last inning to slip by M & S 12 to 11, thereby becoming the only undefeated team in the league with a season record of 7 wins and no losses. 3502nd added their sixth

victory with a 8-3 dubbing of PTWp, and PTGp edged by Food Sv 10 to 8. Supply took a 7-0 forfeit from the Bandsmen and Installations walloped Mtr Veh 7 to 0.

Reese Golfers Set For ATRC Tourney

Reese will be represented by a six-man team in the Training Command Golf Tournament, to be held at Lackland AFB, San Antonio, Texas, Saturday and Sunday, 8 and 9.

Pre-tournament play offs were held at the Levelland Country Club last Saturday and Sunday. Team members to play at Lackland are: 1st Lt. J. C. Taylor who shot a 149 for the 36 holes; Capt. Elmer McKinney with 152; Capt. Jack Cahill, 156; Capt. Rodney Kienlen, 158; Capt. Douglas Clevenger, 161; and Major Irwin Ungerleider, 166.

The tournament at Lackland will include all teams within the Training Command, and is part of the Inter-service Conference sports program.

LOTS OF COLOR

If Walter Hagen is to be considered the most colorful golfer in the history of the links, then the Texas-born professional star, Jimmy Demaret, is to be considered the most colorful dresser in the history of sports. And, if you've ever seen Jimmy play in a tournament, you're probably of the opinion that Jimmy, in spite of his dress, is as colorful player as ever toured the professional circuits.

Jimmy is inclined to spells of wildness with his woods, but his remarkable recovery shots are as daring and uncanny as any you've ever heard of. Jimmy has won the Augusta Masters twice, in 1940 and again in 1947, which is his best year to date. He led the pro in money-winnings that year with \$27,936 and won the Vardon Trophy with an average of 69.80 for 92 tournament rounds of golf, which is 3.88 strokes per hole for 1,656 holes! But, when people pay to follow the stars in the tournaments, you can bet your money that they'll pay most attention to Jimmy Demaret's hat, sport shirt, slacks, sox, and shoes!

8-7 Loss Is Season's Seventh . . . Seagraves Trips Reesemen

Seagraves downed a visiting Rattler crew 817 Tuesday evening behind the nine-hit pitching of Bill Day. Charlie Mays, Rattler pitcher, gave up ten hits, but costly errors turned the tide against him as Seagraves was able to rack up six runs in the second inning and then coast on to their victory.

they left for Vance AFB, at Enid, Oklahoma for a return match, after the loss for the Rattlers gave them a season record of 11 wins and 7 losses. Wednesday evening they lost two games to the "Enidaires" last week in Inter-Service Conference play.

The loss for the Rattlers gave them a season record of 11 wins and 7 losses. Wednesday evening they lost two games to the "Enidaires" last week in Inter-Service Conference play.

New Summer Hours Set For Bowling Alley

The bowling alley hours have been changed effective this week. The new hours will be Monday, Wednesday and Thursday, 1700 hours to 2300 hours.

The change of hours was necessary due to lack of personnel participating in bowling. Though the Post Exchange desires to keep the alleys open during the summer months, if the lack of interest in bowling continues, the alleys will be closed until fall.

BOWLING NOTICE

All men interested in bowling in a singles and doubles handicap tournament contact T/Sgt. Ernest Lewis at Ext. 612 or 282 by Wednesday, 20 June. Handicap used in league will be used in the tournament.

Lubbock is the third largest inland cotton market in the world—with more cotton produced within a radius of seventy-five miles of Lubbock than in any of the other eighteen cotton producing states.
