

# Red Cross Launches Drive For Funds

## Goal Set For \$85 Million During March Fund Drive

To continue its vital aid to people in distress and to provide necessary help to servicemen in all parts of the world, the American Red Cross announced today it will seek \$85,000,000 and 30,000,000 members in its March, 1955, campaign.

Services to the armed forces and to veterans will again claim a major portion of the Red Cross budget next year, with over 36 million dollars slated for that purpose, Red Cross officials say.

The campaign at Reese AFB will begin on March 1, Maj. Tobias Schindler, Base Red Cross project officer, has announced. Project officers have been appointed in each of the major organizations, Major Schindler said. The group met on Wednesday to formulate plans for the campaign. Those officers appointed and their organizations are as follows: Maj. Francis J. Kranz, 3500th Air Base Group; Major Ralph P. Elkins, 3500th Pilot Training Group; Major Frank C. Thomas, 3500th Maintenance and Supply Group; Captain Rudolph Kiss, Nq Sq Sec., Pilot Training Wing; Capt. Jack Bates, 3500th Installations Group; Capt. Lawrence W. Weber, 3500th USAF Hospital; Mr. Tom Ireland, Civilian Personnel Office.

Current plans are to solicit contributions on the base through unit project officers, in addition to special parties being planned by base clubs and messes, and through a musical show to be presented early in April at the Lubbock High School, with talent from Texas Tech, Lubbock High and other groups, Major Schindler said.

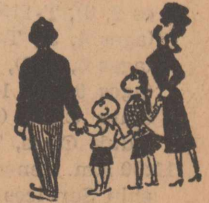

Red Cross funds are used locally to aid servicemen in need of assistance. According to a report from Mr. Frederick W. Huffman, Red Cross field director at Reese AFB, base personnel received nearly \$11,000 in loans and grants during 1954. In addition cost of telephone and telegraph communications, aid to Reese personnel amounted to \$588.24 during the same period. \$156 was spent for supplies donated to patients in the Reese AFB hospital, Mr. Huffman said.

## Well-known Trojans End Service Period

The Trojans, three airmen assigned to the 3500th M&S Gp. here at Reese are to be discharged from service this coming Monday. This famous trio of A/1C Keith B. Anderson, A/1C James J. Biefuss and A/2C Peter Dopudja have been on two round the world tours with the Air Force 'Tops In Blue' variety show. The world famous Trojans have appeared with such stars as Bob Hope, Marilyn Maxwell, Gil Lamb, Bruce Foote and other members of the entertainment world.

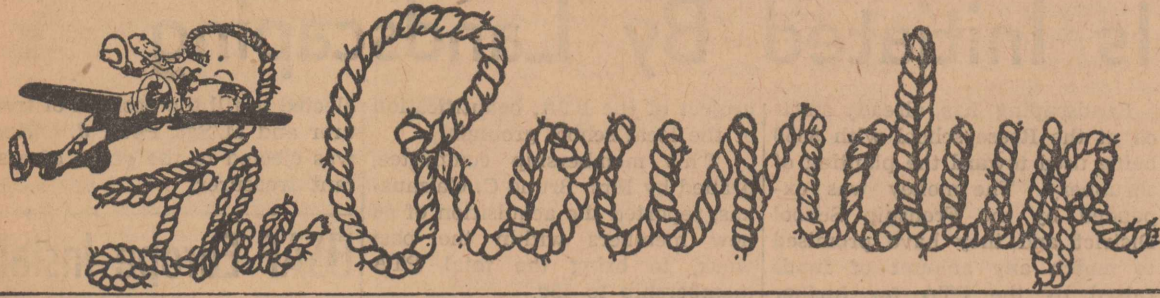

These three airmen were eligible for discharge in January, 1955, but volunteered for two months to complete the present 'Tops In Blue' show tour.

**The Weather**

**SATURDAY**  
Partially cloudy with light southwest winds. Temperature a little warmer, maximum 72 degrees, minimum 34 degrees.

**SUNDAY**  
Moderate southeast winds with maximum temperature 68 degrees, minimum 37 degrees. Partially cloudy skies.

## Seven RAFB Officers Re-assigned; Five Report For Duties Overseas

Several officers have recently received orders and are being re-assigned to new locations. Of the seven men re-assigned, three go to Japan, one to Korea, one to England, one to college and one assumes a new position here at Reese.

### Maj. Buford W. Barker Is Assigned To Japan

Maj. Buford W. Barker, wing operations officer, has been directed to report to Parks AFB in April for re-assignment as staff operations officer at headquarters, Far East Air Force.

The major came to Reese in July, 1950, and served as flight instructor, flight commander, squadron, group, and wing operations officer, and director of flying. He came to Reese from Perrin AFB where he was flying safety officer, a post he held at Randolph AFB and at Nichols AFB, Manila. He has been in service since December, 1941, commissioned in 1942 and became a major in 1951.

### Major Ludwig Assigned As Base Wing Inspector

Maj. Ervin J. Ludwig, former section commander of Section One has begun new duties as wing inspector at the base.

The major in his new assignment takes over duties vacated by transfer of Lt. Col. Robert A. Clendenin to Stallings Air Base as commanding officer.

### Captain Reynolds Is Off To College

Capt. William R. Reynolds, assistant base operations officer, has been directed to report to Leland Stanford University, Palo Alto,

Calif., for enrollment in the international relations course. He will leave March 10.

The captain came to Reese in 1951 as physiological training officer, in charge of altitude chamber training of student officers and aviation cadets. He moved to his present duty about six months ago.

The course at Leland Stanford is expected to last about two years.

### Maintenance Officer Goes To Korea

Capt. Richard G. Pratt, flight test maintenance officer, has been re-assigned to the 5th Air Force in Korea, reporting in May. Capt. Pratt, promoted to his present rank last month, has been in service since 1942 and has been an officer since December, 1944.

He came to Reese in November 1952, and served as flight instructor prior to assuming present duties a few months ago.

### Captain Bassett Assigned To Japan

Capt. Lawrence J. Bassett, flight commander of Flight Five, has re-

(Continued on Page 7)

## Reese Airmen Paid By Check

Capt. C. D. Clerget, Base Finance officer has announced this week that all airmen on the base will be paid by check this coming payday, March 4. This means that Captain Clerget will sign his name approximately 2300 times a month for checks going to airmen, including the 1100 he signs for the senior NCO's and officers.

The finance office is using the check payment on the trial basis and will continue to pay by check if it is proved satisfactory.

Payment by check will save many man hours of work in the finance office and cut the time of each squadron's pay-call, as no pay record will be signed and the endorsed check will be the record of payment.

LOOKING IT OVER — Maj. Tobias Schindler, base project officer for the Red Cross campaign, and Tom Ireland, Civilian Personnel project officer, look over a Red Cross campaign folder as Mr. Huffman, Red Cross director for Reese, looks on. From the expressions on the faces of the project officers, they must be looking at a picture of a Red Cross water safety instructor, female type.

## Increase In AF Benefits Considered By Congress

Congress is now considering a number of actions recommended by Department of Defense which will be of direct benefit to Air Force members.

Status of two principal bills as of mid-February is as follows:

Pay and allowance increase for military personnel on a selective basis. (Including a dislocation allowance for those with dependents who are ordered to a new permanent duty station and an increase in per diem allowance for temporary duty travel). Hearings are continuing before the Sub-Committee of the House Armed Services Committee, headed by Rep. Paul J. Kilday, Texas. Indications are the bill may be reported to the House of Representatives for a vote in the early part of March.

Medical services for eligible dependents of military personnel. (Proposed bill lists type of illnesses to be treated, eligibility re-

quirements and extent of service). Bill has been introduced to both the House and Senate Armed Services Congressional committees. No dates have been set for hearings.

Some actions under active consideration which may result in formal recommendations to Congress include: (a) A bill proposing a cash incentive award program for suggestions offered by military personnel, similar to the one now allowed for civilians, is being readied for Congress; (b) A bill covering appropriated military family housing, which would provide more quarters for Air Force families in the Z. I. and overseas; and (c) A bill to provide more benefits to survivors of AF military personnel is being rewritten prior to submission to Congress.

Congress also is considering other bills which affect the Air Force. Hearings on appropriations for fiscal 1956, which include a recommended sum of \$14.5 billion for the Air Force in new obligating funds, are in progress before the full Sub-Committee of the House Appropriations Committee, appointed to consider requests of Department of Defense.

## Four Foreign Cadets Receive Promotions

Four pilot training students of friendly allied nations who started work at Reese Air Force Base as aviation cadets have received official notice of promotion to second lieutenant, Maj. Buford W. Barker, Reese AFB foreign liaison officer, said this week.

Three Chileans promoted are Miguel L. Arce, Gustavo L. Latorre, and Ramon L. Vega, while Jose R. Gonzales of Colombia is the fourth new officer.

All of the students began multi-engine pilot training at Reese Air Force Base January 3 and had unofficial word at that time that they had been promoted. However, pending receipt of official word, they trained as cadets and lived under cadet rules. They moved today in the officer quarters at Reese and began enjoying privileges of officers.

All are graduates of aviation schools in their home countries.

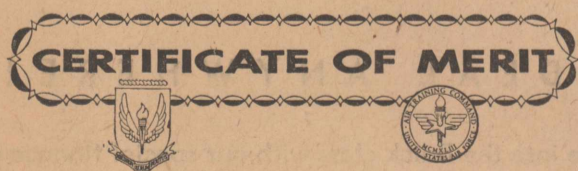

## Birthday Ball Tonight At Base Service Club

Tonight, the Service Club will hold a big Lincoln-Washington Birthday Ball. Music will be blended and jammed by The Instrumentalists, making their debut at Reese. This Hot and Cool combination is slated to start playing at 8:30 p.m.

Hostesses from several organizations in Lubbock are planning to attend to act as dance partners for the many stag airmen expected. Airmen with dates and wives are invited and urged to join in the festivities. Dress will be informal.

## We Goofed

We of the Roundup apologize for mis-spelling the name of one of the young ladies in the Heart Fund Display picture that appeared in last weeks paper. Her name is Del Parker and is a secretary at the legal office.

In Recognition of Consistent High Journalistic Standards and Service to its Readers During the Period of 1 OCTOBER to 31 DECEMBER 1954

THE ROUNDUP OF REESE AIR FORCE BASE

is Presented this Certificate of Merit. Copies of THE ROUNDUP for this Period Have Been Forwarded to Compete for the Certificate of Award of Air Training Command.

William A. Day  
INFORMATION SERVICES OFFICER, FTAF  
CAPTAIN, USAF

S. P. Dismore  
COMMANDER, FTAF  
MAJOR GENERAL, USAF

FTAF AWARD — The Roundup has recently received this Certificate of Merit for maintaining high journalistic standards during the fourth quarter of 1954. The Roundup, with other FTAF base papers are sent to the Office of Information Services, FTAF, Waco, Texas for grading according to makeup treatment and selection.

The ROUNDUP is the unofficial newspaper of Reese Air Force Base, published every Friday by Dennis Bros. Printers, 1820 19th St., Lubbock, Texas. Opinions expressed herein are not necessarily endorsed by the Air Force.

News copy is edited by the Office of Information Services at Reese AFB, 3-1951, ext. 324.

## Chaplain's Chat . . .

### FLYING TIME

Wilbur J. McDaniel (Major) USAF  
Wing Chaplain

The basic idea inclosed herein has been bobbing up in my mind for a long time; and with your permission, I would like to get it off my "chest." Having flown around a bit in various planes, I have always noticed a gadget on the panel which to me seems to indicate whether the plane was flying level or not. So, the other day, I went over to see the Academic Chief and had the pleasure of talking with him and one of his co-workers about this gadget. If I understood them correctly, this instrument is called the gyro-flight indicator. The stationary line on the indicator is parallel to the natural horizon when the plane operates within the limits for which the particular indicator is designed.

To make a spiritual application of a physical fact is no easy task; yet the fact to which I call your attention is basic in both. The transition can be made. In the wisdom of God, He has made man a trinity — spiritual, mental, and physical. For purposes of analogy, I will liken this trinity—of being—to an airplane. One wing can represent the physical; the other wing will represent the spiritual; and the pilot in the cockpit, who operates the controls, will represent the mental (mind). After all, man is an intelligent being and is free to develop or neglect either or all of these aspects of his being. Therefore, "heads you win or tails you lose."

Quite frequently I see folk spending an unusual amount of time developing their bodies, and apparently giving very little concern for the development of the mental and spiritual facets of their personality. On the other hand, it would not be too difficult to find some folk who "go off the deep end" on either of the other points to the neglect of the physical. A well integrated personality seems much more desirable to me than a lop-sided one. The mind is exceedingly important, and a mind properly developed will strive for a balance with the physical and spiritual. Occasionally, the person comes along who seems to feel that God only wanted him to develop spiritually. We call these folk religious fanatics. What should we call those who neglect the spiritual and endeavor to satisfy only the mental and physical. Divorce the physical from the mental and spiritual, and you have devoluted (my own concoction) to that of a dumb animal.

Frankly speaking, a lot of folk seem to be flying along with their wings tipped to a 45-degree angle—more or less. The landing for such a person is going to be mighty rough if he doesn't straighten up and fly level. The greatest neglect, if my observations are accurate, is the one of developing the spiritual resources with which a merciful Creator has endowed us. Wise is the man who properly evaluates his position and "calls in" for heavenly instruction. He is always in the "tower" to hear your faintest cry and loses none who come to Him in simple faith.

Are you flying level? What does your personal gyro-flight indicator read?

## Chapel

### Schedule

#### Catholic:

**Sunday:**  
9:00 a.m. and 12:15 p.m. Masses  
**Daily, Monday-Friday:**  
4:45 p.m. Masses  
**Tuesday:**  
7:30 p.m. Choir Rehearsal  
**Wednesday:**  
2:30 and 4:15 p.m. Children's Catechism Classes  
7:00 p.m. Religious Instruction Class  
**Friday:**  
7:00 p.m. Stations of the Cross  
**Saturday:**  
12:05 p.m. Mass  
7:00-9:00 p.m. Confessions

#### Protestant:

**Sunday:**  
9:45 a.m. Bible School Classes as follows: Nursery for Crib Babies, T-1155; Nursery Class (ages 2, 3), T-1155; Beginners Class (ages 4, 5), T-31; Primary Class (ages 6, 7, 8), T-31; Junior Class (ages 9, 10, 11), T-31; Intermediate Class (ages 12-17), T-35; Adult Class, T-35.  
11:00 a.m. General Protestant Worship Services

#### Thursday:

7:30 p.m. Choir Rehearsal

#### Jewish:

**Friday:**  
8:00 p.m. Worship Services at Congregation Shaareth Israel, 1706 23rd Street, Lubbock.

#### GOES TO NEWFOUNDLAND

S/Sgt. Raymond J. Gerschefske of the 3500th Motor Vehicle Squadron here at Reese has volunteered for duties in Newfoundland. He will report to Camp Kilmer, N. J. for shipment March 26.

# School Beautification Project Is Initiated By Landscaping

Landscaping has already started at the Reese school with \$350 being used toward the planting of shrubbery. The money was expended by the Freshman School District and they have promised to match any amount of funds raised by the PTA for further landscaping.

At the PTA meeting held last Monday night in the local school auditorium, Maj. Homer L. Parsons, vice-president, reported the aims of the executive committee and elaborated on the primary

project of the PTA, beautification of the local school grounds.

The membership committee, headed by Mrs. Bruno C. Gaizauskas, reported the acquisition of 66 new members within the past week, to bring the total PTA membership to 150.

Guest speaker, Chaplain (Maj.) Wilbur J. McDaniel, gave a humorous and very interesting address about the defense of America. Chaplain McDaniel expressed the feelings of a man in combat and how this man does not mind making sacrifices providing his sacrifices are cause for improvement of conditions for his children. He stressed that to preserve America and civilization we must maintain high moral precepts, fortify our educational system, undergird all our churches, and strengthen the home.

His address brought home the fact that the father has more responsibilities than just providing three meals a day and clothing his family. A father must provide the proper environment within the home to accord our children the training needed to meet the problems of a more complicated way of life.

Members elected to hold a trap shoot in the near future to raise funds for the landscaping project.

During the business session Mrs. Richard C. Roswurm was

elected to fill the position of treasurer and M/Sgt. Peter J. O'Keefe was elected to the office of assistant treasurer.

## USAF Europe Installs A New Global Radio

Wheeler Field, Libya (AFPS)—The first permanent global communications installation within United States Air Forces Europe—containing equipment and buildings valued at more than \$20 million—was opened here recently.

The 1950th AACS Global Communications system serves as a relay point to U. S. military bases throughout the world.

AVENUE

Scoggin-Dickey Buick Co.

LUBBOCK,  
TEXAS

# Quotas For Officer Promotions

Air Force officer temporary promotions in fiscal year 1956 for ranks above first lieutenant will be more competitive than in previous years.

There will be 53,870 candidates competing for the 9,534 spaces allotted for promotions to captain through general ranks. In addition there will be 18,746 promotions to first lieutenant.

Of the 9,534 promotion spaces for fiscal '56 for captain through general, the breakdown is as follows: captain, 6,000 vacancies with 12,350 eligibles; major, 2,275 for 22,020; lieutenant colonel, 930 for 12,500; colonel 290 for 4,950; and general, 39 for 2,050.

In fiscal 1955 for captain through general there were 9,649 spaces set with 49,570 eligibles.

The breakdown was: captain 6,164 spaces for 12,451 candidates; major, 2,148 for 19,770; lieutenant colonel, 942 for 10,718; colonel 320 for 4,781; and general, 75 for 1850.

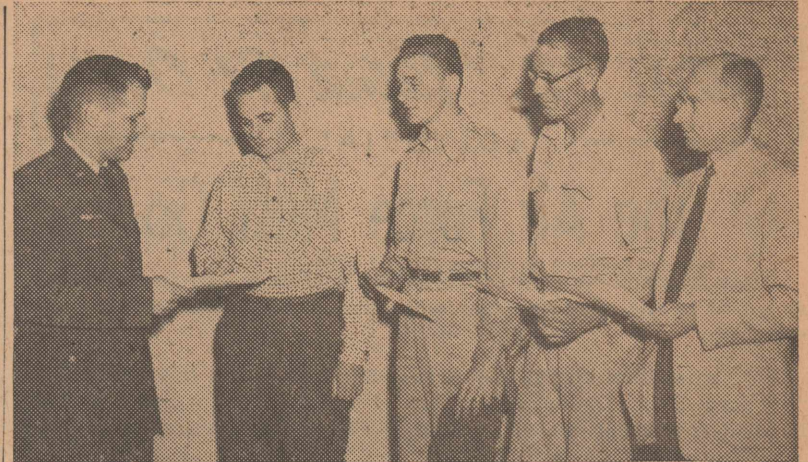

In fiscal 1954 for captain through general there were 9,276 spaces allocated with 45,274 eligibles. The breakdown was: captain, 5,958 for 12,149; major, 2,176 for 18,195; lieutenant colonel, 808 for 8,873; colonel, 304 for 4,337; and general, 30 for 1,720.

While the opportunity for promotion appears to be slim, it is a fact that at least 80 per cent of first lieutenant promotions to captain are by seniority; at least 60 per cent to major and at least 40 per cent to lieutenant colonel, also by seniority. Competition is

more competitive in promotion to colonel, as may be expected.

Reason for such wide zones of eligibility is to provide maximum promotion opportunity for younger officers with exceptional ability.

The temporary promotion program is authorized the Air Force by Congress to meet grade requirements that cannot be met by other means. Policy and procedure for temporary promotion of all AF officers on active duty to the grades of captain through colonel is completely outlined in AF regulation 36-89.

**IDEAS PAY OFF**—Receiving their letters of appreciation from Maj. Douglas R. Wood wing adjutant, are left to right, Jack M. House, Billy H. Stone, Cleo C. Clark and Francis H. Fisk. House received \$35 for his suggestion of modification of TB-25 air scoops. Stone, who suggested caster insert for a/c engine mount legs received \$30. Clark received \$10 for suggesting emergency air feed for electric power outage. Fisk received \$45 for his suggestion of monetary inventory accounting analysis sheet. Not available for the photo was Robert T. Weaver, who received \$10 for suggesting a live tall stock point on wood lathes. (Photo by Kent, Base Photo Lab.)

## Air Force Processing Center Moved To New Location, Long Island, N. Y.

Air Force personnel scheduled for USAFE, Northeast Air Command and MATS Atlantic overseas assignments will process at a new center beginning in July.

The AF's 2225th Personnel Processing Group will move from the Army's Camp Kilmer, New Jersey, to its own facility at Manhattan Beach Air Force Station, Long Island, New York.

More than 10,000 AF members process now at Camp Kilmer with the 2225th Group each month.

This number includes AF dependents.

The Group will reduce its operation at Camp Kilmer during the first two weeks in June. From 15 June to 30 June there will be no processing through the Group. The move will be made to Long Island during that period.

All Air Force personnel processing for overseas assignment will be accomplished at AF facilities when the 2225th makes the relocation.

## New Fighter Base for Montana Site

Glasgow, Mont. (AFPS)—Details of a new AF fighter base to be located near here were revealed recently by Asst. Sec. of the Air Force Roger Lewis.

Speaking before the local Chamber of Commerce, Mr. Lewis spelled out the mission of the new 29th Air Div. (Def.) base in the overall perimeter defense of the United States.

He said the new base would be the home of an all-weather fighter-interceptor squadron manned by 150 officers, 800 airmen and 100 civilians.

Mr. Lewis also said the new base would be a permanent installation, with 9000-ft. runways and permanent quarters for 500 airmen.

AF officials present at the meeting included Maj. Gen. Jarred V. Crabb, Central Air Defense Force Commander, and Brig. Gen. James O. Guthrie, Commander of the 29th Air Div. (Def.)

## Major Wood Speaks To Supervisor Club

Maj. Douglas R. Wood, wing adjutant, addressed the Civilian Supervisor Club at their regular luncheon meeting Wednesday in the Bamboo Room at the Non-Commissioned Officers Mess.

Major Wood spoke on the contribution of the civilian worker to the Air Force during 1954 and the role of civilian Air Force personnel as creators of public opinion about the service in their dealings with friends and neighbors. "In the eyes of your neighbors, you are experts on the Air Force," Major Wood said, and enjoined them to "tell the good things about the Air Force as well as the bad."

**SAFETY WINNER** — The roads and grounds section of the Installations group won the 1954 plaque for lowest cost in ground safety. Here Maj. Albert L. Stokes, left, Installations commander, presents the victory plaque to Herman Gwinn, roads and grounds foreman, while Joe Carr, foreman of the paint shop stands to the side holding the new safety sign installed in all sections to help in the safety drive. The yellow star comes off to display a skull-and-crossbones when the section has an accident. (Photo by Welin, Base Photo Lab.)

## Installations Group Features Ground Safety Drive Display

Installations group sections may display either a bright yellow star or the skull-and-crossbones in the newest ground safety drive within the group.

Within the past few days large signs which contain a green cross of safety, the yellow star, and a red background have appeared in each installations section. Beneath the star is the skull-and-crossbones. As long as there are no accidents within the section, the star stays up. As soon as there is an accident, the star comes off—and it stays off for three months, or until three months after the last accident, if there is another.

The large plaque, or sign, was originated by WOJG Lowrey Allen and William J. Rourke of the group safety committee in an effort to further safety. The plaques were painted in the base paint shop.

"In 1954 Installations three months won the ground safety flag," Maj. Albert L. Stokes, commander, said. "But that is not enough. We have been making good progress in our safety cam-

paign and hope to continue progressively. We are pleased with cooperation all personnel has been giving, and we feel confident that there will be no letup. We hope these plaques prove useful and will make personnel of the Installations group, both military and civilian, a little more conscious of the fact that we must remain alert to danger of accidents. Some other squadrons have shown interest in these plaques and may put similar signs up in their sections. That should make competition a little more keen. But I feel Installations will hold its own and not be outdone on safety."

### ASSIGNED TO GERMANY

T/Sgt. Lewis C. Evers of Hq. Sq. 3500th PTW has been re-assigned with the 12th Air Force in Raststein, Germany. Evers has been working as a finance clerk here at Reese. He has been stationed at Reese with his brother, M/Sgt. Louie T. Evers of 3500th M&S, since November, 1953.

## The Air Force Must Go

One hundred per cent of the earth's surface is surrounded by air. And that is one of the reasons why the Air Force has such a giant-sized job.

By agreement among the Armed Services of the United States—"the Key West Agreement"—the Air Force has primary interest in all operations in the air, just as the Navy has primary interest in all operations at sea, and the Army has primary interest in all operations on land.

The Army must "seize, occupy, and defend land areas"; the Navy must "gain and maintain general sea supremacy"; and the Air Force must "gain and maintain general air supremacy".

For the Air Force to gain and to maintain general air supremacy it must be capable of preventing an enemy from doing the same. That means that the Air Force must be able to exert its tremendous striking power **anywhere there's air.**

That's a big order. The earth's area is about 197 million square miles. The area of the air above it is, of course, even greater. Above the earth, space distance is measured in feet, then miles, then in many millions of light years.

It's a big job this Air Force of ours has. But a person gets a pretty good feeling belonging to an organization with such an important responsibility. "It's a job as big as the sky, with a future as unlimited as space."

## Proof Of The Pudding

There's one thing wrong with Communism: it doesn't work.

According to the Communist teachings, after the revolution everybody is supposed to be equal. This is what is sometimes termed "a crock . . ."

In Russia — where Communism has been in power for almost 40 years — there are two classes of people — the haves and the have-nots.

Up on the top — way up — are the rulers in the Kremlin, the guys that boss the factories, the military leaders, and the politicians.

On the bottom is the average man who is having it very rough.

In the United States, however, there are rich people and poor people and in-between people. There is nothing to stop a poor man from becoming a rich man — if he wants to work.

Communism doesn't help the poor man. It just makes him poorer — and keeps him that way. (AFPS)

## Alaskan Tour Of Duty Increased To 30, 36 Months, Starting May 1

Hqs USAF has approved Alaskan Air Command's request to increase the service tours for airmen and officers accompanied or joined by dependents.

The specific areas and tour changes affect three bases where the previous tour has been 24 months for each. New tours effective May 1 at Elmendorf and Ladd Air Force Bases will be 36 months, and the tour at Eielson AFB will be 30 months.

The last changes made in tours of duty outside the United States occurred in November, 1953, in several specific areas in the Far East, Mid-Pacific and North Pacific. Tours were extended by varying number of months.

With the Air Force now operating world wide, tours of duty outside the Z. I. depend on such factors as availability of adequate family housing, climate and isolation from metropolitan areas. In some commands and areas they vary in total number of months.

For all AF members accompanied or joined by dependents, the tours are as follows:

Europe—from 24 to 36 months. Yugoslavia, Poland and Czechoslovakia are 24 months. Germany, France, Spain and a dozen other countries are 36 months.

British Isles—36 months.

Asia and adjacent areas—18 to 36 months. Saudi Arabia is 18 months and Syria is 36. Others, including Iran, Iraq, Pakistan, Turkey and others are 24 months.

Africa—24 to 36 months. Sidi Slimane, Monrovia, El Djema Sahim and Ben Guerir are 24 months, four locations including Casablanca are 30 months, while Egypt, Marrakech, Tangier and

Union of South Africa are 36 months.

Far East—12 to 36 months. Korea and Iwo Jima are 12 months, while the Japanese Islands, Singapore and Australia are 36 months. The Ryuku Islands (Okinawa) are 30 months and the remainder are 24, including the Philippine Islands, Burma, Guam, Hong Kong, India, Indochina, Indonesia, and Thailand.

Caribbean — All 36 months. Countries include Panama, Puerto Rico, Bermuda and seven others. South America — 24 to 36 months. Bolivia, Nicaragua and Ecuador are 24 months. Paraguay is 30 months. The rest are 36, including Brazil, Argentina, Chile, Colombia, Peru, Uruguay and Venezuela.

Mid-Pacific—18 to 36 months. Kwajalein, Eniwetok and Johnston Island are 18 months, and Hawaii is 36 months. Some isolated islands not named are 12 months.

Canada—Canada is 36 months and some isolated stations are 24 months.

Azores—24 months.

North Atlantic—24 months for Greenland, Labrador, Iceland and isolated detachments and all stations above the Arctic Circle; 36 months for Newfoundland.

Alaska—Increased from 24 to 30 and 36 months.

The above tours apply only to personnel accompanied by dependents. The tour for single airmen and officers is either the same or less than tours for those with dependents in nearly all over-sea locations. AFR 35-39A, dated 2 December, 1953, should be consulted for specific details.

# BUSINESS AND INDUSTRY IN REVIEW

In this building, located at 1920 19th street, is the local office of the Kirby Company, nationally known distributors and builders of fine vacuum cleaners. The machine is known for being able to perform the duties of four different machines. The Kirby has come to be known as the aristocrat of American vacuum cleaners.

Besides the sale of new Kirbys, the Kirby Company maintains a complete service department for all types and brands of machines. Also, there are for sale used cleaners of every description. For vacuum cleaners or repairs, call on the Kirby Company, 1920 19th, phone PO2-1821.

## West's Honor New Arrivals At Officer's Mess Reception

By Mrs. Clyde H. Plemons

Newly arrived personnel at the base were honored at a reception Friday night given by Col. and Mrs. Casper P. West. Assisting in arrangements were Mmes. Murray P. Crowder Jr., Barton E. Sailors and Walter J. Shepherd, Mmes. B. W. Barker, J. H. Schick, J. C. Fuson, R. G. Pratt, E. W. Guy, B. P. Whalen, Alex Nagy, B. C. Gaizaukas, H. L. Lilley, R. C. Roswurm, C. D. Rhoton, G. J. Swingle, L. B. Webb, J. O. Witty, C. N. Payne and E. J. Neilson assisted in serving.

A representative of Anderson Bros. Jewelry was guest speaker at a tea held recently at the Officers Mess. Mrs. W. K. Pfingst was senior hostess, and was assisted by Mmes. S. L. Osver, J. F. Lippincott and Laurence W. Weber. A George Washington motif was carried out in the decorations. The refreshment table was covered with a red cloth and centered with an arrangement of white stock, red carnations and styro-foam hatchets.

## TWA Offers \$50,000 Prize For 30 Words

NEW YORK (AFPS) — Trans World Airlines is sponsoring a contest with a prize of \$50,000 going to the person who before July 31, 1955 submits "the most accurate description of commercial aviation" in 1985. The only catch to the contest is that the prize will be awarded 30 years from now.

TWA, celebrating 30 years of service, will award another \$50,000 in prizes for a 30-word sentence on "airline service today." Winners in this contest will be announced late in the summer. All entries must be submitted by July 31.

According to TWA president Ralph S. Damon the single \$50,000 prize on the status of aviation in 1985 will be awarded in that year to the winner, his heirs or assignees.

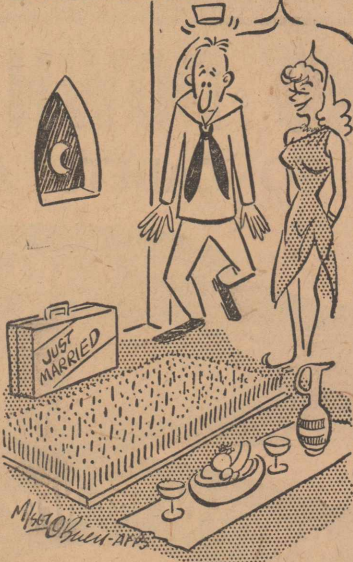

Mrs. Samuel N. Fisher was honored at a breakfast given in the home of Mrs. J. C. Youngblood at 2702 - 42nd St., Friday morning. Mrs. Fisher is leaving soon with her husband, Capt. Samuel N. Fisher, for Maxwell AFB.

Reservations are to be made by Tuesday noon for the business luncheon being held Thursday afternoon. Mrs. Robert C. Anderson and Mrs. William O. Miller are taking the reservations. Members are urged to attend this luncheon for the election of new officers.

## Uniform Option Period No Longer Authorized

Hqs USAF states the optional period for wearing both summer and winter uniforms by all AF military personnel (except WAF) has been discontinued. As usual date for seasonal uniform change over will be determined by local AF commanders. This action is being taken to improve the appearance of AF personnel in any given location by providing a standard uniform. When several bases are located in the same vicinity commanders concerned will establish identical change over dates. This change, effective immediately, will be incorporated in AFM 35-10.

### SCUTTLEBUTT

## Dependents To Bermuda Get Concurrent Travel

Hqs USAF has authorized concurrent dependent travel to Bermuda by advance application of eligible airmen and officers.

At the same time personnel officials said that concurrent travel to Panama is now automatic for all airmen and officers who are authorized transportation of dependents.

USAF began a stepped-up concurrent travel program last August for as many AF members as possible to as many areas throughout the world where housing conditions would make it practicable. Early in August concurrent dependent travel was opened to continental Europe, the United Kingdom, Turkey, French Morocco and Libya. Some ranks were permitted automatic authorization, and others were required to make advance applications because of housing shortages in some areas.

In September concurrent travel was authorized from the U.S. to the Caribbean Air Command, Panama, and in November it was opened to qualified personnel for three air force bases in Alaska.

Complete implementing instructions have been furnished to the field so eligible personnel may know how to apply for concurrent travel. Officials at Hqs USAF are working on plans to permit concurrent travel to other overseas areas not yet included among those already announced.

## Approve Bermuda Shorts

WASHINGTON (AFPS) — The Air Force has tentatively approved the "Bermuda shorts" summer uniform.

Uniform regulations for the new hot-weather garb are still being worked out by AF Hq. It is similar to the uniform tested last summer by officers and airmen at MacDill AFB, Fla.

The new summer service outfit is made of silver-tan cotton twill. Regular long trousers are interchangeable with the "Bermuda" length short trousers.

The shirt is open-necked and short-sleeved, and the long-sleeved bush jacket has been tentatively approved for outerwear.

## Women Win Recognition

PROVIDENCE, R. I. (AFPS)—The Providence Engineering Society has decided to recognize the 19th Amendment. The 60-year-old society voted to admit lady engineers.

# SPORTS

By A/3C MAURICE ZIEGLER

The Reese Rattlers have played good ball, beating two independent teams of this area, but dropped two games to the Goodfellow Skyhawks in the recent play.

In the game played last Wednesday night the Rattlers outlasted the Paymaster cagers of Ropesville, winning by two points, 70-68. Sharing scoring honors for the Rattlers were Homes and Daily, each scoring 16.

The Goodfellow cagers were consistent in the two games they played with the Rattlers. In the first game they overcame the men from Reese 71-69 and won 58-51 in the second game. Weekly and Cowan were high point men in the first game with 17 and 14 respectively and Leach dropped in 16 points in the second game.

The double elimination tournament for the Intramural League has been slated to start March 7, but will depend on whether or not the base team returns from the Southwest tournament held at Biggs AFB, which is scheduled to start March 2.

Golf and bowling make the news this week with teams from the base entered in two tournaments held.

In golf, Capt. Alex Nagy, PTG, S/Sgt. James A. Monroe, PTW, and A/2C Freddy E. King, PTW, are playing in the 1955 Southwest conference invitational golf tournament at Lackland AFB, San Antonio, Texas. The tournament started February 20 and will conclude Saturday, February 26.

Six men will enter the 1955 Southwest bowling tournament at Webb AFB, Big Spring, Texas, March 1-4. The men entering the tournament are Capt. Jack Laney, ABG, 2nd Lt. Raymond Bischof, PTW, M/Sgt. James Borger, PTW, M/Sgt. Paul E. Peacher, PTW, A/1C George Fornoff, PTW, and A/2C Clyde Lazzara, PTG.

**RATTLERS**—The Reese Rattlers are shown ready to board the bus that took them to Goodfellow AFB to play two games with the Goodfellow Skyhawks last Thursday and Friday. Members of the base team are from left to right: A/2C Tom Mengl, A/2C Bill Barnes, A/2C Hal Homes, A/3C Donnell Cowen, A/1C Dave Daily, A/2C Bob Weekly, S/Sgt. Joe Bauwens and A/1C Alfred McCoy. Looking out the bus window are A/1C Ed Lynch, A/2C Don Paul and A/3C Herbert Icenhouer, with coach, S/Sgt. Glenn Myers on the steps. Not available for this photo was A/1C J. B. McManus. (Photo by Kent, Base Photo Lab.)

## Hq. Sq. PTW Wins League Trophy

Winners of this year's Intramural League Trophy is Hq. Sq. 3500th Pilot Training Wing. The PTW team went through the league schedule without a loss, beating all ten of the teams entered in the intramural league. PTW, coached by M/Sgt. Albert J.

Bouler, was far out in the lead for the league championship with the closest team losing two games. The team played good ball throughout the season and are the top rated team in the forthcoming double elimination tournament.

### Officers Reassigned

(Continued from Page 1)

ceived orders to report to Parks AFB, in May for shipment to Japan. He has been stationed at Reese since April, 1951.

#### First Lt. Kermit A. Hall Is Assigned To Japan

First Lt. Kermit A. Hall, provost Marshal, has been re-assigned to the 7560th Air Base Group in England, reporting to Camp Kilmer, N. J., for shipment overseas in May. He will be with the Third Air Force.

#### WOJG Lowrey D. Allen With 5th Air Force

WOJG Lowrey D. Allen, installations engineer has received orders to report late in April to Parks AFB, for shipment to the 5th Air Force in Japan.

Allen, who had served a previous tour at Reese, was re-assigned to the base last June.

### Kadet Korral

## Aviation Cadets Have Busy Weekend

By A/C Tom G. Bayless Jr.  
Saturday was a busy day for the Aviation Cadet Corps. Between preparation for a scheduled open ranks inspection by the Military training section, an Honor Council and Cadet Corps informal discussion, a basketball game in the base Gym and a dance in the Cadet Open Mess, the corps was on the go all day long.

The Corps was pleased to find that the weather man had dump-

ed cold air on the area which influenced the Military to cancel the scheduled inspection.

Proceeding directly to the base Gym for the briefing on the interpretation and importance of the Cadet Honor System given by the Cadet Honor Council. The Cadets took an active part in the open-floor discussion.

The Cadet basketball game found the entire Cadet Corps present to cheer their team on to vic-

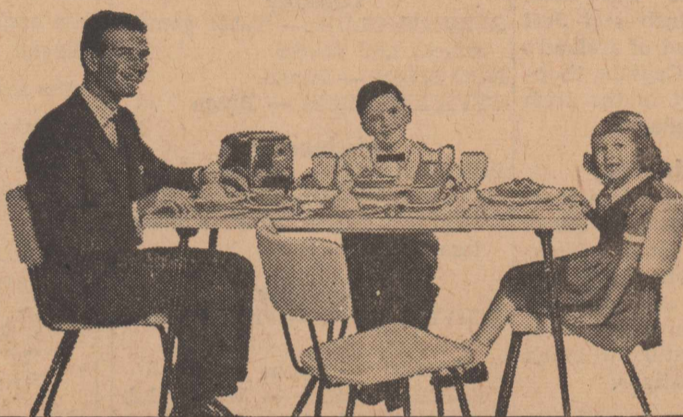

tory over the Pilot Training Wing.

Saturday morning the Military Training Section held personal interviews with certain members of Class 55-J for OJT selections. The selections and appointments will be known as soon as they are made official.

The dance at the Cadet Open Mess Saturday evening was enjoyed by an estimated sixty couples. The Gremlins provided the music for the affair.

# VARIETY

is the spice of breakfast...

WISE HOMEMAKERS CHANGE MENUS DAILY...

Many of us eat the same kind of breakfast day after day. As a result we often get tired of the old routine and start to skimp on this all-important meal or eliminate it completely. Nevertheless our bodies still need morning nourishment as much as ever.

The importance of nourishing breakfasts for your family is an acknowledged fact. Doctors and nutritionists all agree that good breakfasts are very essential to health and vigor.

They know that we should eat one quarter to one third of our daily food at breakfast time. To keep their families in the good breakfast habit, more and more homemakers now vary breakfast menus just as they do their lunches and suppers. They add variety to breakfast time; interesting, appetite teasing inducements for the family to start the day the good breakfast way.

Surprise your family with daily changes in their breakfast menus so they will continue to get both the pleasure and health protection of nourishing breakfasts.

## Enriched to give you energy

☆ Baldridge's enriched white bread makes perfect toast, and it can be served in so many delicious ways.

☆ In addition to all the eating enjoyment Baldridge's enriched bread supplies you and your family with protein, iron, calcium, thiamine, niacin, riboflavin and other elements important to health and vigor.

☆ When you are shopping, pick up plenty of Baldridge's Bread. You'll find it's also delicious for sandwiches and makes the good foods eaten with it taste better than ever.

### HEART FACTS VS. HEART FABLES

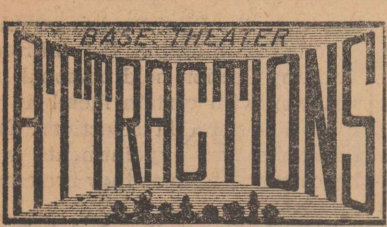

**FABLE** "Nothing can be done about heart disease."

**FACT** Some forms of heart disease can be prevented, some can be cured. Doctors can help almost all cases, especially if diagnosed early.

## At The Base Library

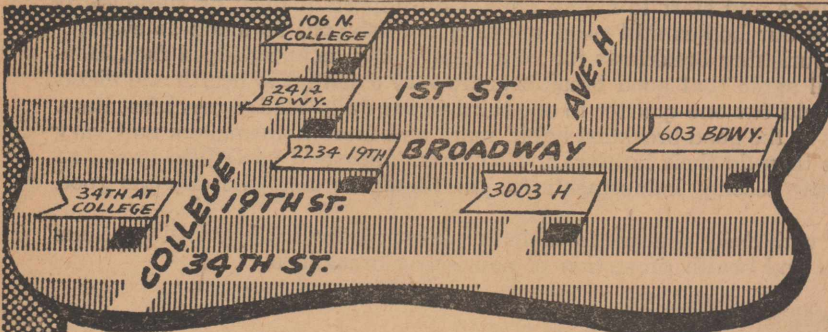

live together in peace and understanding. Your Library can help: **SO MUCH TO LEARN** by Laue  
This is a family book. Anyone who has been or is a father, mother, son, daughter, grandmother, or grandfather will find that this book has been written especially for him. It's a book to laugh over and read aloud. It's warm and rich and alive. You'll remember it with affection for a long time when you read it.

**THE GREAT ENTERPRIZE** by H. A. Overstreet

The author explores the effect upon ourselves of the larger world in which we live. No individual ever evolves into his full mature personality out of forces within himself. We grow only if we grow outward into living relationship with our fellow man. **THE GREAT ENTERPRIZE** helps us to realize the heightened experience that is enjoyed by a life that links itself maturely with the world.

**WAY TO HAPPINESS** by Fulton J. Sheen

As society is made by man, so man in his turn, is made by his thoughts, his actions, and his decisions. Nothing ever happens in the world which did not first happen inside the mind of some man. Even the material of our physical selves is the servant of our thoughts. "When enough men have found this way to happiness, they will find one another in brotherhood." Social peace will then follow.
