Number 29

Bowling Alley Construction Started Here

Construction of a new eight-lane bowling alley for Reese is well underway and is expected to be completed by late summer. The Brown Showcase and Fixture Manufacturing Company of Lubbock was the successful bidder in a letting in which seven contractors quoted figures.

The pre-fabricated steel building will be 150 feet long and 50 feet wide and operation will be automatic. Brunswick alleys will be installed, with automatic pin-setters and return of balls under the alleys. The concrete foundation is expected to be poured next week.

Entrance to the new building will be from Hangar Line road, with emergency exits on the side. The building, located across the road from T-61, will connect with the present bowling alley and eventual plans call for setting up a snack bar in most of the present structure.

Concurrent Travel Makes Comeback

WASHINGTON (AFNS) — Automatic concurrent travel to western Europe has made a comeback, as the Air Force reinstated sponsor-family travel for eligible personnel assigned to military missions and other supranational headquarters where family presence is considered an asset to the sponsor's job.

In France, for example, this was about the only automatic concurrent travel ever authorized, with assignments to other countries — Germany, United Kingdom, Italy and Spain — containing similar restrictions determined by APO locations.

Officials here said automatic travel is just about where it was when the last ban was put into effect.

USAF said the reinstatement affects "personnel being assigned to MTAGS, Missions, Attaches, RAF Exchange Programs, SHAPE and SHAPE Sub-Commands (Allied Command Europe), except 4th Allied TAC AF, and other special category assignments."

The "ALMAJCOM" stressed that concurrent travel eligibility requirements as outlined in Attachment 13 to AFM 75-4 apply as before.

Active Duty Chance Given Fighter Pilot

WASHINGTON (AFNS) — The Air Force has announced a rare exception to current policy, a chance for 100 young fighter pilots to return voluntarily to extended active duty on flying status.

The screening criteria lives up to its "limited recall program" description.

WATCH THIS!—Sgt. Fred Marshall of the Texas Highway Patrol counsels James Praytor on keeping a tight handlebar for safety sake. Patrolmen C. A. Dempsey and Delores Zamora standby. The bike test was part of last week's Bicycle Rodeo on the base.

Civilians Receive Honors For Long Federal Service

Thirty-six employees of Reese Air Force Base were honored this week for a total of 480 years long and loyal military and civilian federal service.

An even dozen employees were awarded 20-year service pins and certificates, while 24 employees received 10-year pins and certificates. Presentation and congratulations to the 20-year group were given by Lt. Col. Victor C. Correll, Civil Engineering Group commander, in his office. Silver pins went for 20 years of service, bronze pins for 10 years' service.

Honored for 20 years were Mrs. Mattie Bartlett, Clarence Reed, Rohlin Sullender, Robert Davis, Thomas Conard, Leland Hicks, William Weeks, Kenneth Lofland, Robert Weaver, James Ricketts, Floyd Rich and Harold Newburn.

Awarded 10-year certificates and pins were Edna Bumpass, Emmett Allen, Sidney Dunkle, James Fowler, John Fowler, John Morehead, James Snyder, Leland Cobb, Marion Farris, F. L. Cargile, Ervin French, Audrey Mayes, Alonzo Petty, Calvin Peveler, Randle Shindler and John White, all of Maintenance and Supply Group;

Rhea Gibson, Air Base Group; Joe Holland and Butler Wallingsford, Engineering Group; William Paul, base procurement; Gladys Peveto, accounting officer; Bertha Smith, military personnel; and Johnnie Moore, Air Force Reserve Recovery Group.

SCREENING OUTLINED

The Air Force's new "human reliability program" (AFR 35-9 and AFM 160-55) is a screening process for those having control, handling or access to nuclear weapons, nuclear weapon systems or nuclear devices, not to those with AFSC's in these fields, but not performing the duty.

Talent Group Wins In ATC; Joining Tour

Reese's musical organization, The Bahamas, carried the Reese banner forward from the District A Talent Contest, Perrin AFB, to the ATC Talent Contest, May 28 through 31, by placing first in their category.

The Bahamas consist of A2/C Dale Dixon, congo drums; A2/C Fred Bailey, snare drums; A3/C George Jackson, piano and A3/C Robert E. Riley, bongo drums. The Bahamas won for Reese in 1961.

With a repeat winning performance, the airmen will have a chance to join the cast of "Command Performance—1962" which will tour command bases to present a variety entertainment program.

ATC winners may compete in the Air Force World-Wide Talent Contest June 4-9 at Shaw AFB, S.C.

Bringing back second place trophies from Perrin were A2/C Kenneth Chance, fester of ceremonies; A3/C Vincent Benjamin, vocalist; and Chance and A3/C Charles Brichta, novelty act.

14 Selected For Master, Tech Stripes

Making up what officials called an extremely high percentage of eligibles, seven Reese airmen moved to master sergeant today and seven more were promoted to technical sergeant.

In addition, 7 airmen were elevated to staff sergeant, 38 to airman first class, and 42 to airman second class, with effective date of rank on June 1.

The Reese men moving to master and tech sergeant were selected by an Air Training Command central selection board which named 543 for elevation. It was the first time a central selection system has been used in ATC for NCO promotions below the super-grades.

The board reviewed more than 2,000 staff and tech sergeant selection folders before voting for the 301 staffs and 242 techs best qualified for promotion command-wise. Reese nominated 14 men for selection as master sergeants, 15 for tech.

Names of the 543 NCO's selected were transmitted to ATC bases early this week in the final airman promotion cycle of Fiscal Year 1962.

Promotions to staff sergeant and below were made at base level, with the ATC total 1,450 airman seconds, 953 airmen first and 402 to staff sergeant.

Promoted to master sergeant here were James I. Craver, Virgil W. Gaskins, Toy G. Grice, Jr., Paul D. Moore, Frank E. Ray, and Frederic W. Trickey.

The six recommended for promotion from the base were joined by a seventh new master sergeant, Robert Drury, who reported to the base from James Connally AFB Thursday and was recommended by officials there.

Elevated to tech sergeant were James D. Bibbs, Marvin T. Lyne, John F. Marquess, Jr., Donald E. Reynolds, Homer F. Teague, Hubert L. Weaver and Robert J. Thompson.

Craver, at Reese since 1955, is a supply supervisor. Gaskins has been a T-33 flight chief since arriving at Reese in the fall of 1961.

Grice, here since October, 1960, is NCOIC of personal affairs. Moore, at Reese since the summer of 1958, is a maintenance analysis technician.

Ray, at Reese since October, 1960, is a T-33 aircraft technician. Trickey is a T-37 flight chief and has been here since August, 1960.

Bibbs, at the Hospital since April, 1961, is a medical technician. Lyne, assigned to Reese in November, 1959, is a jet mechanic.

Marquess, assigned to Reese longer than any other military man on the base, began duty as a simulated trainer technician in October, 1950. He is an instrument trainee supervisor.

Reynolds, at Reese since 1957, is NCOIC of operations training in the Pilot Training Group. Teague, at Reese since July, 1959, is a supply supervisor.

Weaver, at Reese since May, 1960, is a T-37 periodic maintenance dock chief. Thompson, who came to Reese in July, 1959, is chief of the household goods and travel section of the wing finance office.

Promoted to staff sergeant were Emmett F. Battles, Zane A. Clark, Thomas R. Eanes, Billy N. Kerchner, Richard F. Phelps, Boyd R. Stubblefield and Paul D. Willard.

Moving to airman first class were Ralph W. Allaire, James J. Molner, Jr., David A. Lohr, Rex A. McLennon, Robert J. Martinez,

(See PROMOTIONS, Page 6)

Obstetrical Ward Changes Get Approval

Final approval has been received for the addition to and renovation of the Obstetrical Department of the Reese Hospital. Lt. Col. Charles F. Ford, director of medical services, stated this week.

This will furnish a new and modern labor and delivery suite, along with a Father's and family lounge-waiting room. The infant nursery will be completely renovated with the addition of isolation and premature nurseries, and enlarged and improved facilities for medical and auxiliary personnel will be provided. These changes and additions will include the latest and best in furnishings and medical equipment, including conductive floors, the latest in lighting and medical instruments.

"We regret that these changes, in order to provide more complete and improved Obstetrical and Nursery care, will necessitate closure of the Obstetrical Ward from July 1 to Oct. 15, 1962," the colonel said.

"Patients expecting babies during this time will be given Medicare permits and will be allowed to choose the private physician and the private hospital of their choice. They will be privately contacted by the Base Hospital and arrangements made in time for the patient and the doctor to become thoroughly acquainted. The Family Clinic schedule for patients expecting babies before and after this time will continue without interruption.

"It is hoped that you will please bear with us during this brief interruption of the Obstetrical Service in order that we may serve you better in the future."

'H-Bomb' Architect First Award Winner

WASHINGTON (AFNS)—Nuclear physicist Dr. Edward Teller has been named the first recipient of the annual Thomas Dresser White National Defense Award.

A pioneer in nuclear fission and one of the leading members of the WW II MANHATTAN project that developed the first atomic device, Dr. Teller was cited for his research efforts stretching as far back as 1935. The citation noted in particular that Dr. Teller conducted studies of thermo-nuclear reactions in the early post-war years which led former President Harry Truman's decision to develop the "H-Bomb."

USAF plans soil test borings around Schilling AFB, Kan., and Lowry AFB, Colo., to determine suitable areas for future Minuteman missile sites.

Bicycle Rodeo Opens Extensive, Varied Summer Youth Fitness Program

A bicycle rodeo in which 39 bike licenses were issued to Reese boys and girls opened the extensive and varied Summer Youth Program here last Thursday. Twelve trophies were awarded rodeo winners.

Each participant heard lectures on safe bicycle riding as explained by Joe Lopez, Reese ground safety director, and Sgt. Fred Marshall and Patrolmen C. A. Dempsey of the State Police. Each bike was inspected for defects and each boy and girl ran an obstacle course to test riding skills. Each participant was tested on regulations, hand signals and other safety features.

Receiving trophies for competition, which included slow riding, were Sandi Staub, Ben Barone, Delores Zamora, Reggie Holwell, Annetta Matthews, Boyd Smith, Russell Tanner, Lani Benevent, Rickey Cliner, Barbara Grim, Kathy Smith and Kirk Robinson. Russell Tanner had the slowest time.

The full summer activities for youngsters swings into action next week. Beginning Monday, the picnic area will be used daily, Monday through Friday, for a supervised park and playground program from 1 to 5 p.m. Dancing, horseshoes, croquet, badminton and other games and play-

ground equipment will be used. Starting Tuesday, classes in physical education for boys from 6 to 18 years of age will be held from 10 to 11 a.m. on Tuesday and Thursday in the base gymnasium. Team, individual and dual sports will be stressed.

The girls physical fitness program will be each Wednesday and Friday at the same hours with basketball, volleyball, tumbling and other activities scheduled.

Registration for the girls' swimming program will be at 11 a.m. Wednesday at the airman's pool. Girls 7 to 18 years old may participate and take lessons. Reg-

istration for a similar program for boys will be at 11 a.m. Tuesday.

Group tennis lessons for dependents from 9 to 18 years of age will be offered for ten weeks. A tournament will conclude the course.

An extensive arts and crafts program for children 6 to 18 is planned for Mathis Service Club, with sessions during the afternoon. Saturday morning is set aside for continuation of the movie program for children.

Professional golf lessons for boys and girls are planned for the Reese golf course. Instruction will be once a week.

The junior rifle club for dependents 12 to 18 years old is planned for the summer, with meets scheduled with nearby units.

The Base library is holding its summer reading club again this summer, using the name "Visit the United States of America Club." Reading cards and bookmarks are being used and pinning exercises will conclude activities.

The Reese Little League is another Summer Youth Program function and three teams have started play. A Reese pony league team has been organized and has

(See SUMMER, Page 3)

From The COMMANDER'S DESK

By Col. L. C. Hess Wing Commander

During the summer months, which are usually marked by leaves, vacations and changes of station, we are faced with the natural tendency to "slack off" somewhat in our duties and perhaps even "rest up" from past labors.

This attitude, however, is extremely dangerous in any endeavor. It is even more critical for us in the Air Force; because any laxness or lack of attention to duties could well result in the loss of lives and precious equipment. The hidden danger of this feeling is readily apparent — for coupled with this is a less efficient accomplishment of the mission, an increase in ground and air safety incidents, and a degeneration throughout the entire organization.

We will be faced with many changes of personnel during the coming months, and most of us will be spending a few days relaxing on leave. But let us continue to persevere in our efforts toward successful mission accomplishment and keep the 3500th Pilot Training Wing as it is — the best organization in the command.

Child Has Rights

Some wonder was expressed in October, 1959, when the United Nations issued its "Declaration of the Rights of the Child." Wasn't there enough for the UN to worry about in holding off wars, determining the rights of nations, and insuring the freedom of men without bothering about children?

The USSR representative, when some of the principles of the Declaration came up for discussion, argued that the State would figure rather largely in the matter of the rights of the child. He was fortunately over-ruled by other committee members who argued that the family — especially the parents — and not the State, should have the primary responsibility for the welfare of the child.

The Preamble of the Declaration reaffirms faith in all human rights and declares that children, by reason of physical and mental immaturity, require special safeguards. Parents, individual men and women, voluntary organizations, local authorities and national governments are called upon to recognize the natural rights of all children.

The Principles emphasize that children enjoy these rights regardless of race, color, sex, language, property, or birth. They enjoy special protection and are to be given opportunities and facilities to develop physically, mentally, morally, spiritually and socially. Adequate nutrition, housing, recreation and medical services shall be available to them. The handicapped deserve special care, treatment, and education. They are entitled to education, free and compulsory, at least in the elementary stages. Finally, children will be protected against all forms of neglect, cruelty and exploitation.

These are the natural rights of all children, but they must be emphasized often even in the deliberations of organizations such as the United Nations.

Magazine Features F-110, Newest Plane

WASHINGTON (AFNS) — The Air Force's newest aircraft, the F-110, on display at Reese Armed Forces Day, is the feature of the June issue of Aerospace Safety Magazine now being distributed to Air Force bases around the world.

Originally produced for the Navy by the McDonnell Aircraft Corp., and known as the F4H, the latest member of the Air Force family is a twin engine, high performance aircraft capable of a number of weapon configurations. It is also adaptable as a reconnaissance aircraft.

Included in the June issue of the magazine is a comprehensive analysis of aircraft mishaps during the first quarter of 1962. One of the trends discernable is that the pilot factor in aircraft accidents has been falling while the incidence of materiel failure is on the rise.

Another article, discussing a simplified presentation on hold-

ing pattern entries, is entitled "Holding Patterns Again." Problems of operating during hot weather with high performance aircraft are covered in the article "Don't Let The Heat Get You Down."

Beginning with the June issue, some familiar features such as "C-Notes," "Chopper Chatter," "T-Bird Tips," will be consolidated under one heading, called Aero Bits.

The Aerospace Accident and Maintenance Review for June features an article called "Professionalism" by SMSgt. John C. Hogan, a veteran of 22 years of Air Force service. Other articles include one on accidents involving electrical components of aircraft, helicopters and weapon system design.

Parson-to-Person Prepare The Way For Time Of Need By Right Living

By Chaplain James D. Taylor

When a new baby comes into a family, there are many months of preparation. Everything must be made ready — a place to sleep, diapers, clothes, formula. The whole family must get ready for the coming of the new one. They prepare the way.

The Scripture, Mark 1:1-8, tells us that God prepares the way for Jesus' coming. The Prophets foretold his coming and that a special messenger would prepare the way. This was John the Baptist. John tried to prepare the people for the coming of Jesus. Once they were prepared, they waited eagerly for Jesus' coming.

Have you ever noticed how often we try to skip the time of preparation? Children rush outdoors on cold days without coats and hats or boots and gloves; parents start projects and jobs without first gathering the required materials and tools.

It is also possible that in our spiritual lives we, too, try to skip times of preparation. We want God at a moment's notice to listen to our troubles. Why not prepare ourselves for our time of need by being what God would desire us to be at all times. It would not hurt any of us to spend a little time at God's House.

USAF Role Large In STRIKE Test

WASHINGTON (AFNS) — About 7,000 Air Force and Army men roared off this week on a top-level airborne test at Eglin AFB, Fla., under hard-nose conditions to develop further air-tand tactical air concepts in a non-nuclear warfare environment.

Strike Command's Operation Clear Lake is held "under the most realistic conditions possible, consistent with safety."

Leader of the joint Army-USAF exercise May 25-June 10 is Ninth

Air Force Commander Maj. Gen. Richard T. Coiner.

His ground units are two battlegroups of infantry and one artillery battalion.

His air is composed of three tactical fighter squadrons, one tactical reconnaissance squadron and a troop transport air division.

Strike Command draws on both USAF and the Army for its operations. One of the newest joint commands, it is headquartered at MacDill AFB, Fla. Army Gen. Paul D. Adams of Lebanon fame is the commander.

Zone League also received a uniform but was not present for the picture.

Allied Cadets Given Entry To Academy

WASHINGTON (AFNS) Special legislation by Congress may make it possible for a candidate from Thailand to enroll this year with the incoming class at the USAF Academy, Colorado Springs, Colo.

Matriculation consideration for the Thai candidate also marks the first time that a foreign student has been allowed to apply for enrollment at the Academy.

Moreover, this year marks the first time that students from Mexico and the Philippines as well as from the republics of Central and South America can enroll in the Academy. No special law will be needed for the men who come from the western hemisphere or the Philippines.

Provisions have been made to accommodate as many as 24 foreign students at the Academy at one time.

This means that there will be a normal input of six foreign students with each new Academy class.

Lubbock United Fund Seeks Aid

Observing National Recreation Month with the theme "New Horizons for Your Free Time," the United Fund of Lubbock has requested volunteers from Reese to assist in community programs. The last week in June has been designated Recreation through Service Week.

"Groups such as Officers' Wives Clubs, NCO Wives Clubs or squadrons could take on volunteer activities in the community as a service project," the UF announcement said.

Lubbock's Volunteer Bureau, a fund activity, uses groups and individuals to help in day nurseries, training centers and other areas. Needed, it was said, are clerical workers, women who sew, volunteers to address and mail letters, women to sort clothing, drivers to transport the sick and students, Boy Scout and Girl Scout workers and others.

Assisted would be the Salvation Army, Lubbock Theater Center, Well Baby Clinic, Cerebral Palsy Center and other units.

Information may be obtained by calling SH 7-2711.

Nuclear Slogan Contest Started

The Directorate of Nuclear Safety at Kirtland AFB, N.M., is sponsoring a contest to promote Air Force Nuclear Safety.

The contest, winners of which will be announced about June 30, involves completing the following phrase in 25 words or less: "We can make Nuclear Safety in the Air Force more effective by . . ."

Submit as many entries as possible, but each entry must be on a separate post card. Mail to DIG/S, (AFINS), Kirtland AFB, N.M. Each entry must include name, grade, organization, official mailing address and must

be postmarked no later than midnight, June 15, 1962.

All USAF personnel (including civilian) are eligible to participate in the contest.

Summer Fitness Program . . .

(Continued from Page 1)

started its summer schedule. A boys softball team has been entered in the Lubbock YMCA league and the Sparky Fire Club is being continued.

Girls 14 to 18 have been invited to participate in the slimnastics class at the service club during the summer.

Professional dancing lessons also are a part of the summer program and Air Explorer Scouts, Girl Scouts, Boy Scouts, Brownies and Cub Scouts will continue programs.

Teen Clubs also will hold programs throughout the summer. The Vacation Bible School starts Monday and will be continued until August 6.

The Junior Olympics will be a highlight of the summer program. In this voluntary competition in a variety of events will be held for boys and girls, with competition in age groups. Events

will be held from June 16 to July 15.

Age groups are 10 and under, 11 and 12, 13 and 14, and 15 and 16. Boys and girls will compete separately. Competition will be in track events, swimming, physical fitness and bowling.

President Pleased By Demonstration

WASHINGTON (AFNS)—President John F. Kennedy has told Secretary of Air Force Eugene M. Zuckert and Gen. Curtis E. LeMay that he was "greatly impressed" by the manned aircraft demonstration he witnessed May 4 at Eglin AFB, Fla.

The President said in his letters it was an outstanding display requiring superb planning and skillful execution.

The Presidential "job well done" message followed his recent visit to Eglin's Range 52, some 17 miles from the flag pole in the mammoth 720 square mile Air Force base.

TEAM DEPLOYED

A combat control team together with communications and support personnel make up the 60-man detachment which deployed recently to Howard AFB, Canal Zone, for temporary duty with the Caribbean Air Command. The detachment is part of Tactical Air Command's 1st Air Commando Group, stationed at Hurlburt Field, Fla.

Air Commandos Head For Panama Canal

WASHINGTON (AFNS) — The newly reformed USAF "air commandos" have sent a training detachment on temporary duty to Howard AFB, Canal Zone, to help instruct Latin American allies in the art of countering guerrilla actions.

"The 60-man detachment will utilize C-46, T-28 and L-28 aircraft specially fitted for the counterinsurgency (anti-guerrilla) role," a Defense Department announcement explained.

A combat control team plus communications and support personnel from the 1st Air Commando Group at Hurlburt Field (Eglin AF Aux. #9), Fla., are the elements involved.

The "air commandos" have an illustrious name going back to the days of the China-India-Burma Theater and the Pacific area during WW II. They were formally reactivated only last month when the Special Air Warfare Center at Eglin AFB, Fla., commanded by Brig. Gen. Gilbert L. Pritchard, brought under one organizational tent the 1st Air Commando Group, an applications group which also is operational, and the Center itself.

Modern day "air commandos" are best described as "how-to-do-

it" teachers to train allied aircrews in such aviation arts as low-level troop and supply drops, close air support, interdiction raids, rapid troop transportation, night detection techniques and psychological operations.

Aircrew members heading for the Eglin course first undergo extensive training at Stead AFB, Nev., to learn survival and hand-to-hand combat techniques. Many will receive paratroop training.

Reese Marksmen Join ATC Team

Three Reese rifle and pistol marksmen plus one alternate member have been chosen by Air Training Command as part of the team representing the command when marksmen from Air Force bases around the world gather at the USAF Marksmanship School, Lackland AFB, Tex., for the 1962 competition.

Reese men going to the meet are Capt. Edward Krick, SSgt. Robert Manemann, A1C Delmar Callahan and the alternate, A1C J. D. Drummond. Krick and Manemann will be entered in the pistol matches while Callahan will be handling high-powered rifles. Drummond, if he goes, will be entered in the small-bore, rifle, competition.

Winners at the meet will go to the National Trophy Matches at Camp Perry, Ohio, in August.

Pistol competition will be held June 4-8 at Lackland AFB, with the high-power rifle matches scheduled for June 11-15 and the small-bore rifle matches planned for June 18-20.

Movie Schedule

At base theatre next week:
SUNDAY — "The Bridge," mature.
TUESDAY — "Ride Vaquero," with Robert Taylor, Ava Gardner, color, mature.
WEDNESDAY — "Dead to the World," murder yarn, mature.
THURSDAY — "That Touch of Mink," with Cary Grant, Doris Day, color, mature.
FRIDAY — Same.
SATURDAY — "Romanoff and Juliet," Sandra Dee, John Gavin, color, family.

"WE WANTED TO GIVE QUALITY SERVICE, SO WE BOUGHT QUALITY EQUIPMENT"

"We did not wish to ask our customers to sacrifice professional dry cleaning service for the convenience, time saving and ECONOMY of coin-operated, self service dry cleaning. So we installed in our plant up-to-the-minute equipment from one of the oldest and most prominent manufacturers of traditional dry cleaning equipment. This isn't converted, makeshift equipment. It is designed and made especially for self-service use. You use the same cleaning fluids as the top professional cleaners. Special compounds are added to restore size, body and color to your garments. Try us! We think you'll be very pleased.—Herman Lilley and Jack Bates, both USAF retired, owners.

TROPHIES—Individual winners in the Officers Wives Bowling League proudly hold trophies awarded them. Left to right are: front row, Bette Kaiser, high series; Judy Turner, high average; Velma Merritt, high game. Back row, Ruth Holderman, high game with handicap; Ann Johnson, high series with handicap. Joan Henry, most improved bowler, was not present.

THANKS—Capt. Dorothy Davis, acting chief of nurses at the Hospital, is happy over presentation of gifts by the Officers Wives Club. Mrs. Velma Merritt, OWC president, made the presentation. She is handing an electric clock as the women stand behind a television set and drink blender, all gifts of the club.

Braves Take Opening Game

The Yordani brothers, Bobby and Richard, worked out a fairly winning combination as the Braves upset the Dodgers, 14 to 6, in the opening game of the Reese Little League Monday night.

Richard, 10, pitched his team to victory as Bobby, 12, did the catching in a brothers battery set-up. Then Bobby crashed out a long home run over the fence

to score a couple of runners ahead of him and to virtually win the game.

Players of both teams apparently had opening night "jitters" and made a few fielding errors, but plenty of hits were marked up, with Richard Yordani helping his own cause with two singles.

Ray Zaremba was the losing hurler, but he poled a homer for his club in the losing cause.

A sizeable crowd witnessed the encounter and cheered for all good plays.

Candidates Sought For Swim Team

Plans for organizing a base swimming team were announced this week by Sgt. Winston Allen of the Personnel Services office. The sergeant will coach the team and has called for candidates. Anyone wishing to be on the team is asked to call the base gymnasium, Extension 207. Sergeant Allen for the past three years has coached Air Training Command winners for other bases. "I want a fourth winner," he said.

Cook Homers, Reese Wins

A home run over the center field fence by 1st Lt. Richard Cook in the last inning enabled the Reese baseball team to add another victory to its string Tuesday night in the Lubbock Industrial League. Reese upset the Frontier Wholesalers, 7-6, at Mackenzie park.

Reese scored twice in the first inning as Cantu reached first on an error, Peterson singled through shortstop and McBain doubled to left to score them both.

Frontier came back for a single tally in the lower half of the inning as Conn doubled, went to third on a balk and scored as Norman singled off the third baseman's glove.

Reese added another in the second as Holmes singled and scored on a long double by Beekman.

Frontier tied it up in the inning as King and Norman came through with timely hits.

Reese added three more immediately, Cook singled and stole second, Green and Rivera reached

base on errors, with a run scoring. Green promptly stole home and Rivera crossed soon after on another error.

The Frontiersmen were not to be denied for the moment. Griffin singled and scored on a double by Cecil Conn. Reed, Reese pitcher, filled the bases with two walks and Beekman came in to relieve him. David Conn then doubled two men home.

Lemon came in to pitch for Frontier. He struck out the first two men, but then faced Cook, who with two strikes on him, blasted his homer.

Time ran out and the game was called.

This weekend Reese will play at Webb AFB. Tuesday at 7 p.m. Reese plays another league game in Mackenzie park. Fans are needed.

Slo-Pitch Players Sought For Base

Men, 35 years old and over are requested to sign up for the Slo-Pitch softball team as soon as possible. All who are interested should call SSgt. Vic Zaremba at the base gymnasium.

Sgt. Zaremba is trying to put a team together in time for ATC competition at Perrin AFB July 11-14.

Hand in hand with the request

for softball team members is one for participants in the base tennis tournament.

The tournament will be held on the base court on July 10-15.

Anybody desiring entry in the two division, open and senior, tournament should submit their entry to Zaremba as quickly as possible.

Certificate Honors Girl Scout Leader

Mrs. Walter Malin was presented with an Air Training Command Certificate of Appreciation at a Court of Honor of the Reese Girl Scouts last week.

The certificate, signed by Col. Harold T. Babb and Lt. Col. Dwain Rockie, cited Mrs. Malin for three things particularly: outstanding leadership while serving as the Reese Girl Scouts neighborhood chairman from 1960 to 1962; loyal services rendered to the Reese youth activities program; and helping build a stronger

American by contributing to the overall development of youth fitness.
