Heavy Reese Election Vote Programmed

COMMENDED—Mrs. Henrietta Myers, right, listens as Col. James D. C. Robinson, deputy base commander, reads a letter of appreciation for her services to the Family Service Center. Col. L. C. Hess, base commander, paid high tribute in the letter.

Family Service Coordinator Commended For Contributions

A letter of appreciation for contribution to success of the Reese Family Service Center has been presented Mrs. Henrietta Myers, immediate past coordinator of the center.

"I wish to express my appreciation to you for your outstanding work in the Reese Family Service Center," Col. L. C. Hess, base commander, said in his letter. "Your dependability and devotion to duty is an example of the highest caliber."

Attention was called to Mrs. Myers' work since Nov. 5, 1958, and her accumulation of 600 hours. She was assistant coordinator from July, 1959, to last January and coordinator from January until July.

"During your tenure as coordinator, the Family Service program was expanded to be of greater assistance to newly arriving personnel at a time of accelerated base growth," the colonel said. "Your efforts and achievements are most commendable and worthy of full recognition."

Varied Work Brings Award To Chandler

A1C John P. Chandler, chief of the classification and assignment section in the wing personnel office, has been selected as Airman of the Month for July.

His selection was based on operation of his section, where he is filling an NCO position, for work in organization of the Airman's Toastmasters and service as president, for completion of ECI courses, church work, and other characteristics.

Also nominated were A1C Sterling C. Burris, A2C Bernard L. Hawk and A2C Christopher Wunderlich.

Burris, metal processing specialist in M&S Group, was praised for repair of aircraft and ground equipment, improvement suggestions, study, and overtime work. Hawk, a fire inspector, was lauded for study of his job, completion of ECI and Texas Tech courses, and for athletic contributions.

Wunderlich was nominated for improvements in base communications work, athletic process, extra hours of work, and revision of publications.

Unit Officers Aid Eligibles In Balloting

Special efforts will be made on Armed Forces Voters Day, Tuesday, September 27, to insure that all eligible voters on the base cast their ballots in the coming elections.

The Secretary of Defense has designated the special day. Voting officers in each squadron will give special emphasis to the program.

"These voting officers have been functioning for many weeks and are available every day for assistance," said 1st Lt. John Sirmans, personal affairs officer. "They will help anyone write for an absentee ballot; they have all the necessary forms and information."

The squadron officers will publicize the time and place where they will be ready for consultation on Armed Forces Voting Day. They have voting requirements of each state, dates of primaries and dates of general elections.

"Air Force personnel and their dependents absent from their voting residences are encouraged to vote by absentee ballot," said Lt. Sirmans. "Each man and woman is further reminded that voting is a privilege and obligation of United States citizenship."

"The right to vote is established by the Constitution. It is one of the basic differences between the democratic form of government and other forms of government.

"By not voting, we fail to exercise this right and duty, a right which is cherished in other parts of the world. Each individual is urged to exercise his privilege and fulfill his duty during this important election year."

Gray Ladies Class Opens On Monday

A new class for volunteer Gray Ladies will start at 9:30 a.m. Monday in Ward 5 of the Hospital. Mrs. Frederick F. Shriner, director of the Gray Ladies, will instruct.

The Gray Ladies serve as volunteers to assist in making hospital patients more comfortable. The course will provide information on their duties and how to perform them most easily and efficiently.

Women desiring to take the course are asked to call Mrs. Shriner.

Major Represents ATC At Congress On Aerial Safety

Major Richard Condrick, Reese flying safety officer, this week is representing Air Training Command in the first USAF Safety Congress in Riverside, Calif. He is representing the command in a seminar to study problems common to all Air Force bases.

All commands of the world sent leaders to the congress which is analyzing problems in flight, missile, nuclear and maintenance safety and necessary corrective actions required. Conferees expect to develop a comprehensive, integrated, month-by-month safety program for the entire Air Force.

Accompanying Maj. Condrick to participate in discussions was Capt. John Wilhite, Reese assistant flying safety officer.

Expanded Youth Activities Planned Here

A stepped-up and expanded youth program on the base took shape this week with arrival of Leonard J. Maranto of Shreveport, La., as Youth Activities Director.

The new director immediately began conferring with volunteer leaders in order to increase activities. He also announced he will seek to increase the variety of activities.

Maranto earned a bachelor of science degree in business administration from Louisiana Tech in 1958 and this summer obtained a master's degree in physical education and recreation from the University of Tennessee. He was graduate assistant in physical education at the university and was supervisor of the Gray-Y for the Knoxville, Tenn., YMCA. The Gray-Y is a youth activity. He lettered four years in tennis for

Louisiana Tech. At Reese AFB he will coordinate and direct youth activities.

LEONARD MARANTO

WINNING SUGGESTORS—Four persons who submitted accepted management improvement suggestions here receive certificates and other awards from Col. William A. Martin, left, M&S Group commander. Dessie R. Mears, who offered a safety suggestion, is receiving her certificate as TSgt. Thomas K. Yaomoto, Dennie R. Nelson, and SSgt. J. A. Bowling, other suggestors, stand by.

Catholic Preaching Mission Opens On Sunday In Chapel

The annual Catholic Preaching Mission at Reese AFB will be held Sunday through Friday in the Base Chapel with the Rev. James F. McLean, C.S.P., of Austin, Texas, as missionary.

Sunday Masses will be at 9 a. m. and 12:15 a. m., daily Masses at 7 a. m. and 12 noon, and evening services at 7:30 p. m. The missionary will give talks to women in the Chapel Annex at 2 p.m. Tuesday and Thursday.

Father McLean attended St. Charles College, Baltimore, Md.; St. Paul Novitiate, Oakridge, N. J.; and St. Paul's College, Washington, D. C. He was ordained June 7, 1941, by Francis Cardinal Spellman at St. Patrick's Cathedral, New York City.

In 1941, Father McLean's first appointment was to conduct Trailer Missions in Winchester, Tenn. For three years he preached from the platform of a motor chapel.

Late in October, 1944, he became a Chaplain in the Navy. After attending the Navy Chaplains' School at William and Mary College, Va., he served on the Navy's oldest and largest hospital at Portsmouth, Va. There for nine months as sole Catholic Chaplain he administered to spiritual needs of Naval and Marine casualties of World War II. On the second tour of duty he was Chaplain on the U. S. transport Thomas Jefferson, in the Pacific. After the war Father McLean

was pastor of St. Rose of Lima Church, Layton, Utah. This appointment was followed by three years of preaching missions along the eastern seaboard. From 1952 to 1958, he was pastor of St. Lawrence Church, Minneapolis, Minn. For the past two years Father McLean has been conducting missions, retreats and other spiritual exercises in Texas and Oklahoma.

Reese Given Competition Second Place

Missing top place by half a point, Reese AFB has been awarded second place in the 1960 Air Training Command fire protection competition, Harlingen AFB was the winner and Randolph AFB was third.

All three bases have been nominated to USAF as representatives of ATC in the Air Force-wide fire protection contest.

Col. M. T. Edwards, deputy chief of staff for Civil Engineering, ATC, in announcing the winner, said: "The data and material submitted (for judging) indicate a marked improvement in fire protection programs throughout the command."

CHECK CRIME

The Air Police investigations section members investigate minor crimes and offenses occurring at Reese AFB and in some cases, off-base when military personnel are involved.

GUARDS SECURITY

The base security section inspects activities for security alertness, such as care in handling, transmitting, transporting and storing classified material.

From The COMMANDER'S DESK

By Colonel L. C. Hess, Base Commander

The Air Force will celebrate its 13th anniversary as an independent service this Sunday, September 18th. During this short period of time the USAF has been this country's main deterrent to all-out general war.

Only thirteen years ago the first production model of the B-36 was just coming off the assembly line. The prototype of the F-86 Sabrejet flew for the first time. Fantastic progress has been made in the few short years.

During eleven of the 13 years Reese has been producing pilots for this great force. Since entry of the first basic pilot training class here in November, 1949, almost 7,000 graduates from Reese have taken their place in what has become known as the Aerospace Force. In addition we have trained almost 300 pilots from 27 different foreign countries.

Our mission of training pilots for the Aerospace Force is a most important one. Missiles will no doubt play an ever increasing role, both offensively and defensively, but for the foreseeable future there is no question that there will also be a need for the manned aircraft. The pilots we train will take their place toward this end in the future as in the past.

The Roundup

GLUED TOGETHER home possibilities are being explored by the Air Force Office of Civil Engineering to bring the best in residential construction to service members.

A FOUR-YEAR active duty tour for non-flying AFROTC graduates will be required for students entering advanced training after next January 1. The previous requirement was three years.

SENIOR AIR FORCE COLONELS with 15 to 25 years commissioned service have been invited to apply for attendance at the 13-week Harvard University Advanced Management Program starting in February.

FOREIGN STUDENT PILOTS in November will begin training at Moody AFB. Conventional type aircraft will be used. Four of the six classes will be for South Americans. Reese originally was scheduled to do the training, but a change was made.

"IKE" JACKETS remain a part of the Air Force uniform. A late decision of USAF reverses an earlier order.

CONTRIBUTIONS from ATC to the Air Force Academy Falcon stadium fund have reached \$181,650 with a boost of \$537 from the Biloxi Merchants Association.

THE POST OFFICE DEPARTMENT is urging people to mail Christmas packages going overseas as early as possible. Packages going by air may be mailed until December 10; those going by surface means should be mailed by November 20.

ATC Faces Twin Tasks

On Sunday, September 18, the United States Air Force will mark its thirteenth anniversary as an independent service. The weapon systems that compose today's Aerospace Force are evolving daily into unbelievable complexity. Yet, complicated as his weapon systems are, the skilled man must still make the judgments which will send his device through space.

It is this man who is the heart of the Air Training Command mission—the strongly motivated, high aptitude, career-minded man who can be trained to operate and maintain the complex weapon systems of this Aerospace Age. Only when you blend this manpower in the proper amounts with hardware and services, can you have a weapon system capable of function.

As we approach our fourteenth year of USAF autonomy, these must be the twin tasks of ATC: to find the right men—capable of learning rapidly the technical intricacies of modern machines—and then to provide these men with the finest training possible to prepare them quickly and adequately for their tasks.

In the success of our twin tasks lies much of the nation's Aerospace Power for Peace.

Lt. Gen. James E. Briggs, Commander, ATC

If both Communist domination and Lenin's "frightful collisions" are to be avoided, the democracies must remain vigilant.

Disarmament is suicide unless there is international control—the touchstone of a sincere desire for peace.

BIG PICKLE — SMSgt. Lawrence Caldwell of Reese Air Force Base holds a 38-inch Italian cucumber from his patch near the Base Procurement Service Store. He grew several in front of the store and isn't certain just how big the cucumber will grow before it turns yellow and is ready to cut. The vegetable is 13 inches around.

Mission Planned To Reflect Life To Each Person

By HENRY C. BIELSKI
Chaplain

September 18 through 22, the Rev. James F. McLean, C.S.P. of Austin, will conduct the Annual Catholic Preaching Mission at the Base Chapel.

Fifteen centuries ago Saint Augustine summed up the essence of a Mission in the prayer: "Lord, grant that I may know myself and that I may know Thee!"

Unless a man is content to flit like a moth without purpose or a sense of direction, periodically he needs what a Mission does for him. He needs to hold a mirror to his soul and to begin to know himself. He may be surprised at the reflection which he sees there, but he will not despair of improvement for the Mission not only diagnoses the illness but applies the remedy.

Any intelligent man would like to know many things about his religion. There are many dogmas to which he has given intellectual assent of the faith, accepting them coolly and academically, as if they were so many dry, barren theorems of geometry but which he wishes to move down from his head to his heart.

This takes a little time, a little help and above all, the extraordinary graces unusual in his everyday life. The Mission is made to order—it is expressly devised to provide the time, the help and the graces which he needs.

At times a man feels that he is not getting as much strength and consolation out of his religion as he might get and wonders also how he can remedy the situation. He feels vaguely that he would really appreciate an opportunity to learn a little more about himself and to discover the reason why his faith affords him something less than joy. What he wants without knowing it is a chance to attend a mission and there to discover the barriers that stand like a wall between himself and the happiness which is his birthright in God.

Actually everyone needs a spiritual inventory in which he becomes familiar with his spiritual assets and liabilities and systematically plans his spiritual future with this inventory in mind. Through the Mission he will make a restatement of his purpose in living. He will consider his future course in working out his soul's salvation. He will recuperate his dissipated energies and regain his spiritual strength. He will "taste and see that the Lord is sweet." He will stand up and be counted for Christ when the call to colors is sounded for the King's army and all the King's men.

Chief Pleased

Gen. Thomas D. White, chief of staff of the Air Force, has told all personnel on the anniversary of the service:

"On September 18—just thirteen years ago—the United States Air Force became a separate service and full-fledged partner in this nation's defense establishment. We have passed many milestones since then, the latest of which was the successful air recovery of the Discoverer capsule.

"With current emphasis on aerospace power and the significant Force and to me, but to the entire country. I have abundant faith and confidence that your performance in the coming year will match that of the past."

Family Needs Religion

By the Chief of Chaplains, USAF

Any air base is a small city in itself. There are homes, workshops, offices, fire and police departments, stores, theaters and chapels. The chapel tower is a landmark with its steeple rising toward the sky. It is the center for all religious activities on the base.

While Air Force life puts certain demands upon families, none of the essentials to their physical, mental and moral well-being are neglected. Since religion plays an important part in the daily lives of a major portion of military families, a full program of religious activities is maintained at all bases in the States and in overseas areas.

At the Chapel Center, the family will find provisions for Protestant, Catholic and Jewish wor-

ship services. There will be Sunday Schools, Catechetical classes and discussion groups. Programs for young adults and organizations for men and women will provide spiritual, social and intellectual outlets for the older members of the family.

How often the father or the mother, or both together, will find the chaplain's office a haven when they want "someone to talk it over with"! As a religious leader and a trained counselor, he is in a position to provide advice and direction concerning the problems that arise in day to day living.

Parents have the responsibility of providing for their children's physical, mental and moral requirements. To neglect the latter is to raise a half-trained child. "The family that prays together stays together" may seem like an overworked phrase but upon analysis it reveals profound depths. It takes three to make a marriage—husband, wife, God. When children come, the fourth element is added—husband, wife, children, God.

Students Needed For Night Classes

Additional students are needed for on-base education classes which will assist them in passing the high school GED tests, will prepare them for college enrollment and will bring other benefits, J. F. Reeves, Reese education officer, said Thursday.

If enough students enroll, classes will start Sept. 26. English will be taught each Monday, arithmetic on Tuesday, algebra on Wednesday, and slide rule on Thursday. Each class will meet once a week for three hours in each 12-week course. Top instructors from nearby high schools will teach.

Reeves urged all interested officers, airmen and civilians to call his office immediately to enroll.

AN/RN-6, dysbarisms, ITO, SFO, hypoxia, PSI, hypoglycemia, and fuel density are common words in the vocabulary of a student pilot.

Mobile Hospital Draws Call Attention

Hospital personnel this week showed special interest in a portion of the Air Force News Review depicting operation of a mobile hospital set up in Japan to help polio patients. The film, shown at Commander's Call, contained several sequences of Air Force activity in various parts of the world. First Lt. George LaHood, squad-

ron commander, introduced the film and also the special movie on the Minuteman Missile. He also urged squadron members to vote this year, stressing need for application for absentee ballots if the vote was to be cast away from Lubbock.

The lieutenant also detailed accomplishments of the recreation program on the base, pointing out that numerous other projects are in prospect. Completed during the last year, he said, were improvements on the base softball and Little League diamonds, on the golf course, and in other areas.

"Everything possible is being done to enhance the recreational facilities at Reese," he commented.

Sergeant Winner In Speech Meet

Speaking on "How to Improve Your Marriage," SSgt. Alton Gates of the base housing office won second place in the annual fall convention of District 44, Toastmasters International, at Big Spring last Saturday.

Sergeant Gates represented the Joseph M. Budde Toastmasters of Reese AFB in competition to select representatives in state and national contests. Speakers came from six areas in the district to speak on humorous subjects.

The winning speaker, from Big Spring, will speak for the district in the state contest.

AVROCAR Scene Feature Of Film

The first film release on the AVROCAR is a feature section of the Air Force News Review being shown this month in Reese Commander's Calls. The AVROCAR is an experimental USAF-Army vertical takeoff and landing vehicle shaped like a disc.

Other sequences show deployment of F-105's from Seymour-Johnson AFB to Brookley AFB under simulated combat conditions. Starring of the Mace missile on TV, and Air Traffic Control's new automatic landing system being checked out.

Also shown is the air-launch of Hound Dog and Quail missiles from B-52's, testing the mobility of a USAF tactical hospital at Ashiya AFB, Japan, and the DEW Line sites receiving supplies.

Club Activities

Officers' Club
Sam Baker's orchestra will play popular dance music Saturday night at the Officers' Club. Organist John Abram will play the organ from 5 to 8:30 p.m. Sunday. The Officers Wives Club Council meeting is to be held Thursday.

NCO Club
Bob Lamont and his orchestra will provide dance music from 9 p.m. until 1 a.m. Friday and Saturday at the NCO Club. Don Allen and the Sunset Ramblers play next weekend.

Mathis Service Club
TODAY: Women's Slimnastics, 10 a.m.; M&S Group buffet supper at 3:30 and 5:30 p.m.; pool and ping pong tournament, 7 p.m.; names go on the bracket at 6:30 p.m.

SATURDAY: Special games, 7:30 p.m.; Square Dance on patio, 8 p.m.

TUESDAY: First of series of six bridge lessons taught by Mrs. Ronald Kibler, local champion.

WEDNESDAY: Slimnastics, 10 a.m.; pinochle tournament, 6:30 p.m.; Camera Club, 7 p.m.

THURSDAY: Dance sponsored by the 3505th Field Maintenance Squadron, 8:30 p.m.; two hours of free sewing service, beginning at 8 p.m.

Jewish Holidays Celebration Near

Reese personnel are being invited to participate in the Jewish High Holy Days this month. Rosh Hashana, or New Year, is celebrated from sundown on Sept. 21 to sundown on Sept. 23. Yom Kippur Day, or Day of Atonement, is celebrated from sundown Sept. 30 to sundown on Oct. 1.

Religious services are planned for Congregation Shaareth Israel in Lubbock and home hospitality is being offered.

Drive at least 10 miles per hour slower after dark than during daylight hours.

Women Model Clothes Made Individually

Fifteen wives and the same number of children modeled clothing in the recent "Sew-Your-Own" fashion show of the Officers Wives Club in the Officers' Club dining room.

Modeled were hats, sweaters, cocktail gowns, afternoon dresses, every-day dresses, sports clothes and blouse, while the children's garments included dresses, boys' pants, blouses and other clothing.

The show was narrated by Mrs. Nelson Sprague and proved one of the most popular events of the OWC year.

Woman's Chatter

By Mrs. Patrick F. Durning
Coming events for all OWC members to mark on their calendars include two luncheons.

On Oct. 6, the Pilot Training Group headquarters wives will sponsor the monthly OWC luncheon. The motif will be cotton, and entertainment will include a speaker, Carol Lane, who will take members on "Adventures a la Car!" Problems of packing on short and long trips will be discussed.

Mrs. Ronald Heskett and Mrs. T. E. Dinwiddie will hostess the monthly M&S luncheon this afternoon, starting at 1 p.m. in the Officer's Club dining room. Guests will play bridge and canasta following the luncheon.

Events of the past week have included coffees and card parties. Recently Mrs. John C. Wilhite hosted a coffee honoring Mrs. Robert Rosanbalm, who is leaving to join her husband in Germany.

New to M&S Group are Capt. and Mrs. John R. Ellis, Capt. and Mrs. Wayne Hatcher, CWO and Mrs. William O'Rourke and Capt. and Mrs. Ralph E. Wiseman.

Maj. and Mrs. Thomas Manjak and son have returned from a week's holiday in Colorado.

Maj. and Mrs. Clark D. Du-field have as houseguests her parents, Mr. and Mrs. L. E. Nystrom of Central City, Neb.

Col. and Mrs. William A. Martin left this morning for Montgomery, Ala., where the colonel will attend a school at Maxwell AFB a week. They plan to return Sept. 25.

Seven tables of bridge and canasta were played at the OWC game day at the Officers Club on Sept. 6. The dessert bridge was hosted by Mrs. Robert Guinn and Mrs. Hanford Wright. Mrs. Amos Fox won high, Mrs. William McAlister low, Mrs. Richard Conn and Mrs. Russell Hainline the travel prize, and Mrs. Ann Johnson second high. In canasta Mrs. E. G. Kirby was high and Mrs. John Bracebridge won three prizes — second high, travel, and grand slam.

BEST GOLFERS—Mrs. Hanford Wright, left, and Mrs. Kenneth McGuire, right, hold cups they won in the weekend golf tournament of the Officers Wives Club. Mrs. Wright captured first place and Mrs. McGuire second.

Alumni Win In ATC Golf Competition

Reese alumni led the pack in the annual Air Training Command golf tournament at James Connally AFB this week.

First Lt. Dick Duckworth, Reese graduate and member of the 1957 team, playing this year for James Connally AFB, finished first and SSgt. Chester Sealey, member of the 1957 Reese team, playing on the 1960 Sheppard team, was second.

Captain William Alison of Reese completed the tourney in 12th place with a 307 score. The Reese team finished in eighth place with 1,268. Also on the team were 1st Lt. Robert Bosman, Cadet Curtis E. Wagner, Capt. Lucian Ferguson, 1st Lt. Thomas Tuttle and Maj. Joe Setnor.

Lieutenant Duckworth shot a par 72 in the final round Wednesday to win medalist honors with 290. It was his third par or better effort in the 72-hole tournament and gave him a seven-stroke lead over three men tied for second.

The three played an additional sudden-death round, with Sergeant Sealey winning.

Sheppard AFB won the tournament with 1,216; Randolph was second at 1,225; and Mather had 1,228. Laredo AFB, in fourth place, had 1,263.

In the senior division the Reese golfers had 777 for ninth place. Senior golfers were Maj. Harold E. Byrne, Capt. Robert L. Dinwiddie and MSgt. George M. Pope.

Sports Report

By A2C ROGER J. GILLARD

CONGRATULATIONS to A2C Gary Harrison on receiving the August "Athlete of the Month" trophy award for his outstanding pitching and hitting performance for the M&S softball team. M&S tied for the championship title along with ABG during the recent softball playoffs. Runnerup Athlete of the Month was SSgt. Billy Fields of the Hospital.

* * *

A PRE-SEASON Basketball League is set here for October 3. "It is simply a league for squadron teams wanting to get in shape for the official November league," said A1C Glenn Whitsett, athletic AIC. The tentative date for beginning of the basketball season is November 15.

* * *

MINOR SPORTS competition will commence October 3 this year. Singles and doubles in handball, badminton and ping pong will be played during the Minor Sports Tournament. Ping pong will be played at the Mathis Service Club, while handball and badminton will be conducted in the base gym.

Twelve participants is the maximum number of players for each squadron team. The top 12 men from Reese will represent the base in ATC competition at the end of play, December 2-4, at Sheppard AFB.

MAJOR ARRIVES

Major Martin L. Hooper, former base supply officer at Ladd AFB, Alaska, has begun new duty at Reese AFB. He is from Houston and is a former student of the University of Chicago.

Four out of five motor vehicles involved in personal injury and death accidents are passenger cars.

Golf Notes

By KENNETH G. McGUIRE, Jr.

Air Base Group, in last week's Intramural Golf play, hammered out first place to jump to 102½ points for the lead in golf standings. Air Police golfers are keeping a close second with 1½ points behind the ABG score.

On the third slot, Civil Engineers rest with 80½. M&S and PTW stand at 67 and 65½, respectively. Ten squads are competing in the intramural league.

Tuesday, the Officers' Wives started a four-week match-play Consolation Tournament, with the first match to be completed Monday. The 16 wives are playing nine holes per week, with consolation prizes to be awarded at the end of the duel.

Golfers are welcome to buy all the golfing equipment a golfer needs at the Pro Shop in the local Golf Club House.

Bowling Results

Intramural League

Rolling of MSgt. Carlton Wilshire highlighted the first week of activity in the winter Intramural Bowling League. He hit a 540 high series and 180 week's average.

High individual game was rolled by A2C William Gaithings, who hit 213. He is a member of the Transportation squad.

PTW toppled 2,486 pins for high team series and 899 for high game.

Mobile Training Detachment is the only undefeated team, with 19 other teams entered.

ECI Offers Courses In Additional Fields

The Extension Course Institute has activated two new courses, special vehicle repairman and postal specialist.

The two-volume repairman course covers maintenance of aircraft refueling, firefighting, towing, recovery and other vehicles and carries 111 credit hours.

Party Scheduled For Officers' Club

Air Base Group will sponsor a monthly party the night of Saturday, Sept. 24, in the Officers' Club, with "School Days" as the theme.

The club will be decorated to represent a school and the meal will come from the "School Cafeteria." All officers and their wives are invited to participate and to come dressed as fourth graders in elementary school.

Dance music will be provided by Jake Miller and his orchestra.

Teen Club

By DIAN WILHITE and RAY WOLFE

A hayride is planned for 7:30 p. m. Saturday for the Teen Club. Buses will pick up club members at the Indiana Gardens shopping center in Lubbock at 6:30 p. m. and at the Town and Country shopping center at 7 p. m. Members will be returned to the centers at 10:30 and 11 p.m. In case of rain, a sock hop with refreshments will be held at the Teen Club.

Welcome to the new Teen Council members: Lt. Col. Casimar Myslinski, Leonard Maranto, Mrs. W. R. Pomeroy and Mrs. Floyd McCraw.

The big news at Frenship High

is Reese's Larry Blakeman, who scored two touchdowns in the Petersburg game last Friday. We won, 22 to 8, for the second victory in two weeks.

Other Reese boys on the team are Herman Grounbridge, Rick Stuart and Johnny Wilhite. Every Friday many Reeseites vanish from the Village to cheer the Frenship team. Representatives in the band are Johnny Wilhite, Richard Ford, Kathy Chappell, Mike Hritz, Bill Warring and Dian Wilhite, all in the drill team. Jane Johnson.

Dancers take hope! There will be new life at the Teen Club with the arrival of about 100 records donated by KFYO radio station.
