### KILLERS STRIKING \*\*\* FINAL EDITION

#### German Chief In France Is Shot In Dark

Two Terrorists In Affray Flee After Serious Outbreak

VICHY, France, Oct. 20.—Lieut. Col. Karl Friedrich Holtz, German field commander of the important German base at Nantes on the occupied French coast, was shot dead at 2 a. m. today by two assassins in the most serious terrorist incident of the entire occupation period.

It was understood that Holtz's assassins escaped despite an immediate round-up by German army patrols of scores of persons who were on the docks and streets despite the 11:30 p. m. curfew. Holtz was alone. Two attackers stole up on him in the total darkness and fired six shots at him as he reached the darkened square opposite the Place St. Pierre near Nantes cathedral. Two bullets which entered his neck at the back were fatal.

It was believed that the killers had trailed Holtz for a long time awaiting an opportunity to strike.

Many Hostages Held

It was said that the assassins fired to produce a sudden shot in the dark.

German reaction was not known immediately, but German army authorities held many hostages in the Nantes area, many according to reports.

#### Girl Wrecks Plans For Elopement Because She Got Hungry

### Now Young Love Has Soured

CHICAGO, Oct. 20.—Bob Kott and Ethel Conley met during their eighth grade classes today but they weren't speaking. Young love had soured.

Fighting a girl 53 miles on the handlebars of a bicycle only to have her wreck an elopement because she was hungry was too much for Bob. And Bob, 13-year-old newsboy, it was chivalry that prompted him to rescue Ethel—15, pretty, brunette and his sweetheart of a year's standing. She didn't like her teacher and wanted to run away from school.

So Bob bought an old bike with his \$3 in newspaper savings. He called for Ethel and they were off to the south for the winter. Bob pedaled, Ethel on the handlebars. They were really in love, they told each other, and their parents didn't understand and there was Ethel's teacher.

The first night they stayed on a porch on the city outskirts, eight miles from home. Bob made 53 miles the next day to Kankakee, Ill. A couple of sympathetic hotel guests let Bob and Ethel sleep on the floor of their room.

The next morning Ethel was hungry and the last pennies from Bob's Tuesday morning paper sales were gone. Bob said he'd sell his bike for \$12.

Police stopped him in the middle of the first attempted sale.

"I explained that it was my bicycle and I just wanted enough money to get to Florida where I could get a job and we could get married," Bob said afterwards.

"Everything would have been all right, but Ethel had to spill the beans. She went out to the side with one of the cops and told him everything just because he promised her a meal."

Police brought the young Steve home yesterday.

"There won't be a next time," Bob said. "But if there was, she'd pedal and I'd ride."

#### Assassins Believed Free

It was understood that Holtz's assassins escaped despite an immediate round-up by German army patrols of scores of persons who were on the docks and streets despite the 11:30 p. m. curfew. Holtz was alone. Two attackers stole up on him in the total darkness and fired six shots at him as he reached the darkened square opposite the Place St. Pierre near Nantes cathedral. Two bullets which entered his neck at the back were fatal.

## Production Of All Possible Oil Without Waste Is Urged

### Thompson Says Crude Stocks Are Too Low

Claims Production Is Needed To Aid Nation's Defense

AUSTIN, Oct. 20.—Ernest O. Thompson, chairman of the Texas Railroad Commission which regulates the oil industry in the biggest producing state of the nation today called for all the production of oil possible without physical waste.

Speaking at a statewide production hearing Thompson, former chairman of the interstate oil compact commission, asserted that in times like these, crude oil should be gotten above the ground.

The commission chairman, a colonel in the Texas national guard, was returned temporarily to his state office from active duty, expressed the hope the oil industry would ask federal officials for "the full amount of oil which can be produced without physical waste as the first line of defense for our country."

Below Safety Point

"Currently the oil stocks above ground have been reduced about 19,000,000 barrels below the safety point."

Thompson asserted that to hold down production in the hope of boosting the price of oil would be anti-American.

Hitler Is Scorned For Intimidation, "Robber" Tactics

WASHINGTON, Oct. 20.—Secretary Hull today characterized the torpedoing of the United States destroyer Kearny as another in a series of incidents illustrating Adolf Hitler's "known and confessed effort to seize control of the seas as well as the continents."

Hitler has notified all nations to keep their ships out of an area covering a large portion of the North Atlantic on penalty of having their ships sunk, Hull told his press conference today. He proposed to drive all other nations off the seas by intimidation.

Denunciation Outspoken

If such intimidation were successful, the secretary continued, he supposed Hitler then would want other nations to get off the earth.

# "High School Girl In America Can Have Year's Wardrobe For \$30"—NYA

## Home Sewing Is Advocated

BY ELEANOR RAGSDALE  
NEA Service Staff Writer  
WASHINGTON, Oct. 20.—Glamorous girls may think they're penny-pinching on a \$365.00 per year wardrobe recently outlined in a fashionable magazine, but the National Youth administration has different ideas of what "putting the squeeze" on the clothes budget means. Realizing that most of the girls on its various projects come from families having \$750 and less to live on for a year, the NYA has worked out a year-round high school girl's wardrobe for about \$30.

That's the cost of all materials, hats and shoes. A siege at the sewing machine has to accomplish the rest.

Some of the materials chosen for looks and durability are percale, voile print and sport-denim for summer; and velveteen, corduroy and cotton gabardine for winter. Hints are included with the wardrobe on how to choose patterns, and make sure that materials are pre-shrunk and color-fast, so they'll hold out for some time.

**IMPORTANT TO KEEP CLOTHES IN CONDITION**

The main thing seems to be to choose colors and accessories wisely, and keep soap flakes and an iron handy for frequent tubbing. By following these rules, many an NYA-outfitted miss may look fresher and cuter than one all done up in furs and furbelows.

For any "show me" skeptics, here are the estimates of basic costs for the minimum wardrobe:

**DRESSES:** For winter: 1 cotton evening dress with jacket; 1 dark gabardine date dress; 1 heavy sport-denim skirt, jerkin and white shirt set; 1 corduroy jacket.

For summer: 1 percale-evening striped sport dress and 1 summer voile print.

For all the above \$10.00

**COAT:** Velveteen, interlined cotton flannel-lined with wind- and water-resistant fabric, \$6.32

**UNDERWEAR:** 8 three-panty-and-slip sets \$2.00

**SLEEPWEAR:** Pajama and robe set \$1.00

**SHOES:** Three pairs, no extreme heels \$8.00

**STOCKINGS:** Three long, 5 aniles \$3.50

**ACCESSORIES:**

Dress winter hat, rayon velvet turban \$2.50

Black corduroy beret with feather \$2.50

Stitched white grosgrain hat (end of season sale) \$1.00

Summer turban \$2.50

Wool knit gloves, dark \$2.50

Summer gloves, beige chambray \$2.50

Tough striped string purse for all-year wear \$1.50

**TOTAL \$33.54**

There's one thing which of course you'll notice about this wardrobe. No wool. And, basically, two daytime costumes for winter. It's my hunch that the really smart miss, having this small allowance for clothes, would get herself a wool coat, by budgeting it for three or even four years. And she would wear last year's wool things, including her older sister's or cousin's.

The appearance of this high school girl's outfit, above, befits its low cost. She is wearing a simple, becoming and completely in good taste dark gabardine date dress, important item on the NYA minimum-cost clothes budget for high school girls. It is an inexpensive, easily-made project for the home seamstress.

## WOMEN Get 2-Way Relief!

Periodical headaches, nervousness, cramp-like pain, when due only to functional causes, are relieved for so many women who start on CARDUI three days ahead of "the time," and use it as directed.

But CARDUI has another important use. It is a tonic intended to stimulate appetite and increase the flow of gastric juice. That's the way it improves digestion; and this helps build up so many run-down, undernourished women. That's another way it often helps relieve periodic distress.

CARDUI'S 41-year record of popularity invites your confidence.

## Tribute Paid PTA Founder

AUSTIN, Oct. 20.—Tribute is being paid by parent-teacher associations all over Texas to their founder, the late Mrs. Ella Caruthers Porter of Dallas, who thirty-two years ago Sunday, sponsored the first meeting of the mothers of Texas at the old First Methodist church in Dallas.

As early as 1894 Mrs. Porter, always interested in civic welfare, had organized in Hillsboro what was perhaps the first mothers' club in the state. She also represented Texas in Washington, D. C., in February, 1897, when Mrs. Theodore Birney organized the National Congress of Mothers. At that meeting Mrs. Birney requested that Mrs. Porter form a Texas branch. This she did, embarking alone on this new venture and alone financing the movement.

**A Living Memorial**

Today as a living memorial to Mrs. Porter, there are more than 2,300 parent-teacher units in Texas, with a membership of more than 128,000, working to promote the welfare of children and youth in home, school, church, and community. The Ella Caruthers Porter Memorial Endowment funds the income from which is used for extensions on work, was started by her initial gift of \$5,000.

Mrs. Porter died July 26, 1939, almost on the eve of the thirtieth anniversary of the founding of the Texas Congress.

There have been ten state presidents, including Mrs. Porter; Mrs. Chalmers W. Hutchinson, Fort Worth; Mrs. F. W. McAllister, San Antonio; Mrs. E. A. Watters, Ideceased; Fort Worth; Mrs. S. M. N. Marts, Austin; Mrs. C. E. Maddocks, Ranger; Mrs. Noyes Darling Smith, Austin; Mrs. A. F. Wood, Athens; Mrs. M. A. Taylor, Bonham; Mrs. Joe A. Wessendorf, Richmond.

There will be a banquet honoring the past presidents Tuesday evening, November 4, when the State convention meets in Austin.

## HELPING YOUR HUSBAND'S MORALE

Do you fully intend to do your utmost to keep up your husband's morale instead of encouraging him to feel that he is being victimized?

Do you intend to spend the period during which you and your husband are separated in seeking to grow into the kind of person who will be even more companionable to your husband, instead of getting in a rut because you can get by with drifting along?

It would be foolish for a girl to attempt to make a long-distance marriage work if she can't honestly say "I do" to those questions. Yet only a superior type of girl could say "I do" to all of those—and keep her self-made promises.

There are more than 200 varieties of holly.

## We The Women

BY RUTH MILLETT

The girl who is seriously considering becoming the long-distance wife of a draftee ought to be sure she can conscientiously say "I do" to every one of the following questions:

Do you intend to turn thumbs down on even occasional dates, no matter how lonely you get?

Do you realize that "troubles and worries cannot be successfully shared in a long-distance marriage, and that you must be prepared to shoulder your own troubles?"

Do you intend to keep your letters to your husband free from all groaning and complaining, and to know exactly what you are getting yourself in for?

Do you think that you will have as much respect for your husband even though he is unable to support you for a period of time, though he were buying your clothes and paying your rent?

Do you think that you have enough faith in your husband so that you will not be miserable wondering if he is keeping his promise not to date?

Do you think you can face the "you poor dear" sympathy of your friends without feeling sorry for yourself?

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

BANGKOK, Thailand, Oct. 20.—Reports from reliable sources here agree that the Thais (Siamese) are prepared to fight and will give a good account of themselves, if attacked.

Thailand is caught between two world powers pushing in opposite directions. On the Indo-China border is a powerful Japanese army. On two other borders, in Burma and Malaya, there are large British forces.

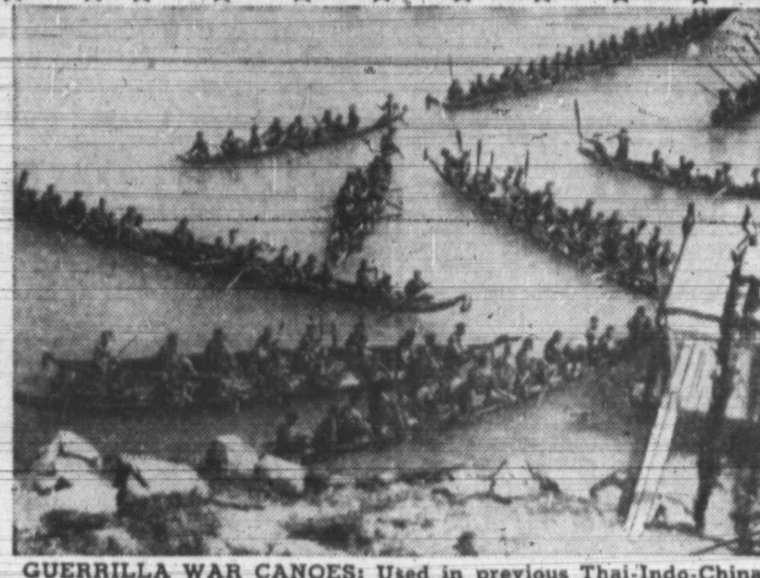

The Thais have no quarrel with Japan or Britain.

The hardest test of any product is the use-test. It is especially true of a laxative, which is used under all kinds of conditions.

Yet one herbal laxative has been tested in use by four generations, and proved so good that today it's one of the leaders all over the Southwest—BLACK-DRAUGHT.

This spicy compound of vegetable ingredients has proved itself. The basic herb is an "intestinal tonic-laxative" which helps tone lax—intestinal muscles. Other herbs in the blend make BLACK-DRAUGHT easy-to-take and gentle in action.

When you need a laxative, give BLACK-DRAUGHT the use-test.

Observers believe the British answers to this would be prompt and vigorous. British troops would get there first. In either case, Thailand would find itself at war.

However, the highest government officials in Bangkok insist their only concern is to maintain friendly relations with both sides.

Position Complicated

At the same time, they admit their position has been complicated by a flirtation of some years' standing with the Japanese.

It reached a climax a few months ago when Japan mediated in the border war between Thailand and French Indo-China. Thailand got large slices of French territory under these auspices. Now, Japan is reported increasing diplomatic pressure for an agreement with Thailand.

The Thais can put 400,000 first-line troops into action at a moment's notice, mobilize another 600,000 reservists.

The Thai air force, probably around 250 fighters and bombers, is composed of American, Italian and Japanese ships. Their bombers gave a very good account of themselves, eye-witnesses report, and were largely instrumental in dislodging French troops. The Thais never tried night bombing, but were fairly efficient in attacking ground positions with machine-guns.

# Westerners Prepare For Golden Sandies—Triumphant In 19 Straight Games

## Tickets Going Fast For Till

### Lubbock Last Team To Stop Amarillo

The Lubbock High Westerners begin their most important week of practice of the football season this afternoon at Chapman field. It's a week of practice in which they must concoct enough gridiron tricks to offset mighty Amarillo's power when the two teams meet at Butler Field in Amarillo Saturday afternoon.

### Won 19 Straight!

These two teams used to play every Thanksgiving. They are not doing so this year, for various reasons which need not be explained here. It is interesting to note that next Saturday night will be an early Thanksgiving in Lubbock if the Westerners can defeat the Sandstorm.

### Coach Bull Lynch's state champions haven't been beaten since Thanksgiving Day of 1935, when an inspired band of youngsters whipped them on Butler Field, 9-7. Since then, the Sandies have won 19 straight football games—and one state championship.

### Special Train Planned

Three thousand of the approximately 10,000 seats in Butler Field were allotted to Lubbock, and went on sale Saturday. More than 2,000 of them were snapped up the first day, and it's probable that the others will be sold today or tomorrow.

There'll be a special train to Amarillo, carrying as many fans as wish to take that method of transportation. More than 300 high school students, along with several hundred townspeople are expected to ride the special.

### To Be Broadcast

Schedule for the train calls for departure from Lubbock at 9 o'clock Saturday morning, and arrival at Santa Fe station in Amarillo at 11:45 o'clock. The train will leave Amarillo about 50 minutes after the game is over, departing from the spur at Butler Field. Round trip fare is \$1.85.

The game is to be broadcast over KFYO by direct wire from the field, with Wes Youngblood and R. B. McAllister handling the announcing chores.

## Harmon, Kimbrough In Tie In Pro Debut

NEW YORK, Oct. 20. (P)—Tommy Harmon and John Kimbrough didn't do much more than pat each other encouragingly in their shoulder pads in their professional football debut yesterday, but they may have done something vastly important for the struggling American league.

When 25,385 fans paid their way into Yankee stadium to see the two famous All-Americans perform and, incidentally, to watch the Columbus Bulls and the New York Americans struggle to a 7-7 tie, it marked the first time the ambitious second major league had drawn really important money and cut seriously into the patronage of the prosperous National league.

This, of course, was what the new owner of the Americans, William Cox, was counting on when he paid Kimbrough and Harmon \$100 each to get out there and fight. Yesterday's gathering paid him many times for the investment, and it may have marked that turning point that every new league must have. A National league game between the New York Giants and Pittsburgh at the Polo grounds drew only 24,804, not all paid.

## "Hard Luck" Again Hits Kyle Gillespie

FORT WORTH, Oct. 20. (P)—Just say "hard luck" and Kyle Gillespie will answer as if that were his own name.

He's the original hard luck guy. Kyle came to Texas Christian university and went out for football. He had the stuff, but he also had a trick knee.

He played on one leg and starred but didn't see enough action to be named on the all-conference team. An operation corrected the trouble although he had to favor the leg last season.

This year he reported absolutely sound and ready to go.

He was on his way to greatness when he received a broken leg. It happened Saturday early in the game with Texas A. and M.—a battle for a place in the Southwest conference football sun.

## Sportometer The Buffs Are Getting On

### By Collier Parris

ONE OF THE BRIGHTEST, sprightliest football clubs in all the minor leagues, which is taking in a lot of territory, is the Buffalo of West Texas State Teachers college.

We regret that we haven't had time to run up to Canyon and get a first-hand batch of low-down on the Buffs, but the scores so far this season speak quite plainly, and we gather a bit of inside dope from reading after Publicity Agents Olin Hinkle and Jerry Malin.

The Buffs, one of the high-scoring teams, with one of the highest scoring individuals of the nation, climaxed the half-way mark in their slate of undefeated, untied 1941 march with a smothering 66-7 victory over the Western State, Colorado, college team Saturday night. Previously the Buffs had defeated Oklahoma City university, Fresno State of California, Arizona State of Tempe (the latter two on the same westward trip), and the New Mexico Aggies.

Surprising note of the whole thing is that the Buffs hadn't expected to cut a very big chunk of football ice this season. The squad, as originally outlined, was meager enough, but when the selective service act called on some of the boys, there weren't enough left to cut loose in a healthy scrimmage.

So Head Coach Jack Curtice made a little speech to the student body. And when it comes to making speeches, after dinner or before breakfast, this guy Curtice is quite the goods. He's a gifted speaker—and a gifted coach. He's probably the key to West Texas State Teachers college's success. The speech he made to the student body included a few lines about football, and the fact that the Buffalo ranks had been depleted. "If any of you guys back there in the mathematics class would like to play football and improve your health, you're welcome to try on one of the suits out at the fieldhouse."

This appeal, believe it or don't, resulted in the reporting of half a dozen student "athletes" who had enrolled at the college for purposes of concentrated application to a subject designed to fit them for future fortunes, and not at all in the light of athletics.

At the last report, some four of those six "students" had enrolled at the college for purposes of concentrated application to a subject designed to fit them for future fortunes, and not at all in the light of athletics.

After all, what is this "mercenary motive" they charge against college athletes? Isn't every student in school trying to learn something that will render him or her fit for financial gain in the future?

As we started out to say, this Jack Curtice has a whole lot on the ball. And so has his assistant, Leslie Van Meter, who has Al Baggett, the former coach, now director of athletics at the Canyon college. There's a smart trio, and they know how to get the best out of their men. They're doing a swell job of it, too.

TEXAS TECH should have been meeting West Texas State Teachers college on the gridiron every year. They haven't been playing basketball, even, for some time, and those basketball series were tops in this part of the Plains. Now they are coming back, in football and basketball; they're both in the same league, the Border conference, and it's nothing but right that these schools and these teams should have a common interest—in each other, in the Border conference and in the future.

We should like to compliment Coach Curtice especially and the Buffs in general for a fine job of work so far. There's no reason to believe they won't continue the good work, and it'll be more than a "breather" for the Red Raiders when they take on the Buffs next year.

With upsets going like they went last week, there's no reason for the Red Raiders to let up in their preparation for New Mexico university this week.

Those scores last Friday and Saturday brought down every rating system in the country, including the one generated by this department. The Techs are going to have a battle with their hands Friday night. The Techs will win, no doubt, but they'll probably have to come from behind to do it. We think the Lobos had their minds on Texas Tech when they dropped the game to Arizona Saturday night, just as the Red Raiders had their minds on New Mexico when they muffed so many scoring chances against Centenary.

You can look for a pretty good contest Friday night, and no fooling.

## Goldthwaite Is Tourney Champ

FORT WORTH, Oct. 20.—Mrs. Aneia Goldthwaite put her fourth Texas Women's Open golf championship cup in her trophy case today and looked for greener fields.

The pretty 29-year-old mother of two children, the Texas Open is old stuff. She won it in 1933, 1935, 1937 and 1941, and was runner-up in 1936 and 1938. Yesterday she beat blonde Helene Dettweiler, Washington, D. C. pro, 3 and 1—in the 36-hole championship match.

Pressure, Too Much Mrs. Goldthwaite was just too consistent for Miss Dettweiler to upset. Already the blonde little golfer had eliminated defending champion Mrs. George (Babe) Dirdenis, Zaharias and tournament medalist Patty Berg in the march to the finals.

But Mrs. Goldthwaite fired even par at Miss Dettweiler and the pressure was too much. One down at the end of the morning round, Miss Dettweiler carried two birdies out of the first seven holes of the afternoon 18 to go ahead, then slipped behind with a fluffed approach on the 26th and a big seven on the 27th.

### Tournament Success

The match ended on the 35th when Mrs. Goldthwaite laid her

And what do you make of the Lubbock-Amarillo high school situation?

Since Lubbock's overwhelming victory at Berger Friday night, we've been placed on Amarillo, if the Westerners could win. But that's putting a large load on the Westerners, hoping they can win against Amarillo—at Amarillo.

At the writing, we think that Amarillo is being holding back; that the Sandies can win when and as easily as they went to win. The Westerners are quite tough when they decide to be rough and when they are clicking. But, despite their easy victory at Berger, we can't see the Westerners beating Amarillo on Butler Field come next Saturday.

### Is Conference Clash

Leading off is Friday night's game in Lubbock between New Mexico and Texas Tech. It's a conference game, even though the Red Raiders are not competing for the league championship this season, and New Mexico needs to win it badly to stay in the title chase after losing to Arizona last week.

The conference's leaders, West Texas State Teachers and Arizona University, risk their records Saturday. The Buffaloes, unbeaten in five games, two of them conference tests, meet the Arizona State Lumberjacks at Flagstaff Saturday afternoon in the homecoming highlight for the latter school.

The Canyon team, rolling steadily along the road that leads to national football recognition, has won five games by rolling up 171 points and allowing only 20. Of that total of 171, little Ben Collins, the Red Raiders' midget punter for Wichita Falls, has scored 72 points to lead Texas college and Border conference scorers.

Collins may be the national leader this week, although figures are not yet available. He was in fourth place when he scored 42 points; Dudley of Virginia was the leader with 56. Saturday night Collins scored 29 points as the Buffs drubbed Western State of Colorado, 68 to 7.

## Southwest Conference Hit By Upsets

### Rice Meets Texas Saturday In One Of Southwest's Bitterest Feuds; Owls Set For Upset

BY RICHARD WEST Associated Press Staff Writer

This is the week guns are cocked for one of the bitterest football feuds in Southwest conference history.

Rice versus Texas.

Since the first amica was rubbed on the first ankle on the first day of training the Owl and the Longhorn have waited for Saturday's climax in Austin. There'll be feudin' among the 40,000 in Memorial stadium's horseshoe and feudin' on the field—and a little history will explain.

If all started in 1934 when likeable Jimmy Kitts started feathering the Owls' nest.

### Still Seek Revenge

Texas, riding high under Jack Chevigny, fresh from a stunning victory over mighty Notre Dame, led Rice 9-6 with only a few minutes left to play.

Bang! An Owl pass over the Texas safety brought a touchdown. A moment later Rice scored another. This lapse cost Texas the conference championship.

For four consecutive years the institute whipped the university. There were fights after the games, before the games and gargantuan penalties during the games.

### Rice Agins Underdog

Today the stage is set for the shooting. Rice is the underdog's favorite role—by virtue of a 27-0 licking Saturday night in Baton Rouge by Louisiana State, a team Texas whipped two weeks ago 34-0 in the mud.

Texas is riding high—just where Rice wants them to ride—after four wins over four state universities in four weeks. The Longhorns have their greatest team in history. Saturday they unmercifully buried Arkansas' Razorbacks for their first conference win 48-14. Steer regulars playing only 25 minutes.

### Baylor Faces Aggies

The Hogs this week play Detroit university in Detroit.

In the only other conference game this Saturday Baylor, beaten 14-6 Friday night by Villanova, meets rival Texas A. and M. at College Station.

The marauding Aggies continue to roll. Undaunted by the loss of Kimbrough, Thomson and company, the Maroon crushed Texas Christian's Horned Frogs Saturday 14-0 with flashes of a brilliant attack featuring Oerace Messer, Marshall Spivey and Larrupio Leo Daniels.

The Toads, who engage mighty Fordham in New York this week, were seemingly demoralized against A. and M. after their ace, plucky Kyle Gillespie who personally accounted for 321 of the 652 yards the Toads gained in their first three games, went out with a broken leg.

## Minnesota And Michigan Play

### Aggies, Longhorns Still Ranked High

BY HERB BARKER Associated Press Sports Writer

NEW YORK, Oct. 20.—National, as well as sectional, football championship hopes will be at stake at Ann Arbor this week.

There two powerful Western conference machines, Minnesota's Gophers and Michigan's Wolverines, will collide in the most important test of the season to date.

Michigan's fourth successive victory, a thrilling 15-7 conquest of Northwestern—last Saturday—found the Wolverine defense thoroughly tested.

### "Perfect" Teams Fall

Michigan's defense was adequate for Northwestern but whether it can haul Minnesota is a question that remains to be answered. The Gophers, beating Pitt in routine fashion, 39-0, scored their third successive victory.

Northwestern's defeat blasted the Wildcats off the undefeated list along with Columbia, Cornell and Dartmouth of the eastern " Ivy league." Rice, Baylor and Texas Christian of the Southwest conference; Nebraska of the Big Six; and Colorado State of the Rocky Mountain Big Seven.

### Other Thrillers Carded

The Big Six title probably will be decided at Columbia where Missouri, 39-13 conqueror of Iowa State, tackles Nebraska, defending titleholder Kansas-pays-Iowa State in another conference tilt while Oklahoma, after a 6-0 victory over Kansas State, must face tough Santa Clara, which topped Michigan State, 7-0.

### SOUTHWEST CONFERENCE

Texas, which may well be the team of the year, and Texas A. and M. are the lone unbeaten survivors in this section. Texas, after a 48-14 rout of Arkansas, now has rolled up 156 points in four games against Colorado, Louisiana State, Oklahoma and Arkansas. The Longhorns now meet Rice, shock-

And so on down the line of 38 conference games.

Last week's play cut the list of unbeaten teams to 19, five of these having been tied.

Unbeaten and untied are: Amarillo, Sweetwater, Park, Masonic Home (Fort Worth), Sunset (Dallas), Temple, Waco, Lufkin, Lampland (Houston), Conroe, Goose Creek.

## Lubbock Given Good Chance

### Sandstorm May Be At End Of Trail

BY HAROLD V. RATLIFF Associated Press Sports Writer

Amarillo's hard-bitten Sandies put the greatest winning streak in Texas schoolboy football on the block this week and there are those who say this Panhandle dynasty will come to an end on the field where the Sandstorm has blown to its mightiest triumphs.

Lurking in the shadow of Amarillo's great record but not the least avied are the embattled Westerners of Lubbock.

### Have Been Shaken

The defending state champion Sandies, unbeaten and untied but visibly shaken in five games this season, have a record of 19 straight victories to defend Saturday at Amarillo along with the title of District 1.

For the season Lubbock's showing is no more impressive than Amarillo's but the Westerners have flashed a strong offense in running up 114 points and a rugged defense in holding the opposition to seven.

Amarillo has scored only 77 points and allowed 32 but has probably met stronger opposition than the Westerners.

Lubbock has not been defeated but was bottled to a scoreless tie in the mud by Vernon. Amarillo won over Vernon 12-6.

The clash of McAllen and Harlingen, both among the state's 14 undefeated, untied teams, has the attention of the valley while there are other crucial conference games in virtually every district.

In District 4 unbeaten El Paso High meets Yaletta in the battle expected to determine the championship.

Unbeaten but once tied Denison in District 5.

Waco's high-soaring Tigers attempt to protect their perfect record at Corsicana in a game destined to cut the contenders for the District 10 title to two. Temple is the other favorite.

19 Elevens Unbeaten

And so on down the line of 38 conference games.

Last week's play cut the list of unbeaten teams to 19, five of these having been tied.

Unbeaten and untied are: Amarillo, Sweetwater, Park, Masonic Home (Fort Worth), Sunset (Dallas), Temple, Waco, Lufkin, Lampland (Houston), Conroe, Goose Creek.

# British Workers Demand New Front to Relieve Pressure on Reds

## Union Assails War Leaders

(By The Associated Press)  
LONDON, Oct. 20.—A sharp statement that British workers "insist on the immediate opening of a second front" to aid Russia was before Prime Minister Churchill today, sent there by the vote of more than 1,000 factory stewards representing arms workers in 300 key workshops in the land.

The government has turned down many such proposals before.

### 500,000 Workers Back Move

The statement was adopted at the opening session of a war production conference of the National Council of Engineering and Allied Trades Shop Stewards. The men represented 500,000 workers.

Though their meeting was banned officially by the Armaments Engineering Union executive council and was frowned upon by labor leaders, it turned out to be one of the biggest workers' demonstrations since the beginning of the war.

Walter Swanson, the chief speaker, said:

"We need to end now all illusions that others have the duty of doing all the dying and fighting while we in Britain are not called upon to make such gigantic sacrifices."

### Leaders Are Scared

"It needs to be publicly stated that factories are seething with suspicion that the government is letting Russia down or that the presence of Halifax, Moore, Brazabon and Margesson is the reason why there is no second front."

(Lord Halifax is British ambassador to Washington; Lieut. Col. J. R. C. Moore is British military attaché for aircraft production, and Capt. H. D. R. Margesson is war secretary.)

## Boost In Oil Output Urged

(Continued From Page One)

He stated Texas might make up the 100,000 barrels which he asserted Oklahoma had been authorized to produce but had not produced.

At the start of the hearing, intended to receive evidence on which to base further allowable crude production, the commission disclosed purchasing nominations for oil in November totaled 1,822,039 barrels daily, an increase of 53,557 over October figures.

The commission also announced the U. S. Bureau of Mine estimate of market demand for Texas oil in November was 1,454,700 barrels daily, an increase of 24,600 over that of the current month.

### Increased Allowance Asked

A number of oil producers requested increased allowances, declaring there was strong demand for their crude, partly as a result of national defense needs which might not always exist.

Baker of Houston, representing the Humble Oil and Refining company, one of the largest in the state, asserted there was a strong demand for low cost test crude and asked for an increase of 23,000 barrels daily in the production of about 30 fields which yielded that type of oil.

### He Said 15,000 Barrels Daily Were Needed

He said 15,000 barrels daily were needed to meet potential U. S. navy contracts alone.

"There is a strong demand for this type of crude, coming chiefly from the navy on lend-lease contracts," Baker declared. "This demand can be met only from fields producing this grade of crude and any increase authorized should be produced ratably."

### Baker Told Commission Navy Had Inquired About Oil

Baker told the commission the navy had inquired about the Humble company filling a contract for 65,000 barrels of that type of oil in December, but asserted the company could not bid on the business because it did not have the oil under its allowable.

In discussion, Baker stated that if adjustments were not made in production in Texas fields, the yardstick by which the commission allocated production was going to "fall down."

### Other Requests Made

"With the assistance of some of our agents, I support the interjected Commissioner—Olip Culberson.

Baker replied that most producers favored the present plan. Commissioner Jerry Sadler said it was important that the commission be consistent in its policies, adding:

"And, brother, that's what it is going to be."

### Sadler Remarked That Everything Came Before the Commission Was Tied In Some Way to National Defense

Other early requests to the commission for increased allowances were made for the Goldsmith, North Ward, Waddell, Estes, McCamey, Coleta creek and Cordell wards.

a fair price to them."

Whenever possible, contracts will be let FOB point to origin with final inspection at that place to facilitate payment for the order, particularly to small contractors who may have difficulty in obtaining adequate financial backing.

For The Love Of Pam

ASND NEMIAA AS (Copyright, 1941, For The Journal)

YESTERDAY! In spite of her prejudice against the idle sons of the rich who infest Key West in the winter, Pam Quelleron has accepted Jerry Winthrop's invitation for a tea dance.

CHAPTER THREE SNUBBED

Sunset was spun like a delicate iridescent cobweb against a pink sky when Jerry's car pulled up at the Quelleron door that afternoon.

Well, maybe Andy Jack has got sumpin' there. After all, he should have at least one good idea after 50 years in the newspaper business.

Therefore, we're accepting Andy Jack's challenge and herewith announce a plan by which some of our neighboring editors can, if they choose, take a crack at our audience.

Our invitation we'll include all those Andy Jack listed, plus every other neighboring editor in the far-flung South Plains area.

Speaking of country editors, our old friend Eugene Alexander Howe, of the Amarillo News-Globe, is all puffed up like a poisoned pup and we don't blame him a bit.

Back when we were a kid, we carried a Saturday Evening Post to school. In those days, the Post was forever holding contests among its youthful salesmen, offering prizes of one kind or another for new subscriptions.

From that day to this—over a period of some thirty years—has been achieved everything connected with the Saturday Evening Post which, never-the-less, seems to have gone right ahead as if nothing had happened.

Incidentally, Editor Howe's piece about his father is to be titled "My Father Was the Most Wretchedly Unhappy Man I Ever Knew," which, to say the least, is something new and different in titles and entirely in keeping with Gene Howe's practice of avoiding the commonplace.

During the first week of my absence, we presented in this space the writings of five very fine Texas commentators—one guest columnist per day for five straight days.

What we should have done, Bro. Stricklin avers, was to have turned our column over to him and some of the other very able scribes of this area.

He suggested, and with considerable logic, that he, and Eee Eye Hill, of the Lynn County News of Tahoka; and Javin-John Price, of Littlefield's County-Wide News, and some of the other neighboring boys could not only do the job better than the writers we chose, but could also make The Plainsman look so bad that he'd never clutter up Avalanche-Journal

THE PROOF OF THE PUDDING

Celebrations like those in Wichita Falls last week are particularly encouraging to the American people at this time.

The American people have been hearing a lot about the failure of their defense machinery to attain desired speed. They have grown uneasy as they have received reports of labor disputes and strikes in vital industries.

It was an event well worthy of celebrating, not alone by the people of Wichita Falls, but by all patriotic Americans.

I'd love to make you a big bunch, if you'd accept them! That's a promise, child! And then Antoine was playing again. It seemed to Pam as she floated away with Jerry that the music was played especially for them.

Jerry, looking over her head, saw his mother's gaze following them. He could all but feel his mother asking who that pretty child was. But Adele was all right. She'd never been a snob.

When the dance ended Jerry saw Lenore bearing down on them with several girls and a young man or two in her wake. It was too late to whisk Pam away. Lenore was within hailing distance.

"I've just finished some lovely violets. If you like—" Pam started in his sincerity and a little touch of pride, for she was justly proud of her work.

But, as if with some seventh sense, Antoine started playing after an incredibly short intermission. Jerry, his arm around Pam, swung her into the dance.

"You must meet Adele," he said. "She's a grand scout." "Your sister?" Pam asked. "No, my mother."

"My dear, what clever fingers! I've just embroidered a piece for things not as half as lovely." "Really? Would you like some?"

got to be taught a lesson. She's my sister, you know, and she likes being decent just about as much as a cat likes water. I'm just telling you so you won't mind her in the future. Next time give her as good as she sends."

"But I'd rather not stay," Pam said, still trying to stifle the hurt. "For me, please," Jerry said quickly, and then let a cut-in take her. That was the only thing to do.

FOR from the dust of conflicting armies and communiques stands out this fact: Russia's back is pretty close to the wall.

Those who said the Russians should always "retreat and save their army" forgot that an army inadequately supplied is useless.

What form British-American action would take is surmise but there is unconfirmed talk that despite the difficulties, the British may land on expeditionary assistance to reopen the railroad and perhaps help raise the siege of Leningrad.

Little Nation Is Helping Germans To Victory Finland Plays Big Role In Russian War

WASHINGTON, Oct. 20. Though great offensives occupy the center of the vast Russian stage, the drama may be decided behind the northern wing.

Eager to prevent Russia from winning it, Finland is helping the Nazis to victory—and really helping.

Something will have to be done about Finland by Britain and, quite possibly, however reluctantly, by the U. S.

"Living Space" Again A FINNISH GERMAN army has just climaxed a daring, desperate campaign through Arctic wilderness in which the Finns outstripped their Nazi partners.

Britain warned the Finns to lay off this particular lebensraum if only because through Petrozavodsk-ran the shortest and best route whereby Britain could send Russia the supplies Russia so urgently needs.

Washington hears not all Finland applauds fighting for lebensraum side by side with the Nazis when the British and Americans don't like it.

anything else. Men to beu them around were a necessity to the winter girl.

Jerry stood at the edge of the floor and watched Pam go from one cut-in to another.

"She's certainly a success," said a smooth feminine voice. "No excited men there. All eager volunteers."

Jerry turned quickly to the girl who had been looking at Pam. Their eyes met.

"Oh, Freda! Not you too, I hope?"  
"Oh, you mean Lenore? I saw that little act and supposed she was pulling a fast one—knowing Lenore."

"Yes, knowing Lenore. Someone ought to feed her poison ivy." Jerry's eyes were on "Pam" again. She was doing a foolish, gay step with one of his friends. He was proud of her smooth expertness and grace.

# Judging Results In Scurry Show Are Announced

## Attendance Of 9,500 Persons Reported At Three-Day Affair

(Special To The Journal)

SNYDER, Oct. 20.—Scurry county's fourth annual Products show, staged between rains, closed Saturday night.

C. T. McLaughlin, Diamond M ranch owner and chairman of the Products show, was joined by Harrie Winston, local Domino Return Hereford breeder and general show superintendent, in estimating that 9,500 people witnessed the Thursday-Saturday exposition during its staging.

**Results Are Announced.**

Livestock judging results, as announced by W. L. Stangel, head of the animal husbandry department at Texas Technological College, Lubbock, judge, follow:

Dairy cattle—registered, open class—E. F. Parker, first with bulls under two years; Billy Mitchell, second; Ben Brooks, first with bulls over two years; Ben Brooks, first and second with heifers under 18 months; Ben Brooks, Jr., third; Brooks, Sr., fourth; and E. F. Parker, fifth. Parker placed first with cows over two years.

Cows over two years—Billy Mitchell, first; T. P. Ware, second; Hal McClinton, third; Ware, fourth; and Hal McClinton, fifth.

McAllen, Corpus Christi and Harlingen.

Undefeated but tied are Lubbock, El Paso High, Gainesville, Jeff Davis (Houston) and Denison.

Lufkin's Panthers continue as the No. 1 team in most quarters due to a sensational scoring record of 261 points to none in five games—but the old standbys of Paris, Masonic Home, Temple, Sunset (Dallas) and Corpus Christi continue to roll steadily.

Sunset is the latest team to push itself to the top. The Bisons, who look better than they did last season when Masonic Home beat them only via the penetration route in the state play-off, have speed to burn with a fast-charging line and two of the fastest backs in Texas—Bill Hamman, the state 200-yard low hurdler champion, and Bill Blackburn, who does the 100-yard dash in 9.9.

The Bisons crushed North Dallas 40-0 last week.

approach shot five feet from the pin for a par three while Miss Dettweiler overshoot the green in a 10-1 trap. She made a beautiful recovery, exploding to within two feet of the pin, but it still was a bogey four.

Mrs. Goldthwaite's fourth triumph in the Texas women's open was her best. The field attracted more nationally known golfers than any before.

The tournament's biggest gallery followed the championship match yesterday at River Crest Country club, Mrs. Goldthwaite's home course.

Jimmie Randall, cock; Billy Bob McMullan, pullet; white topknot Cochran, Jimmie Randall; Barred Rock pullet; Joe Dave Scott, who showed the grand champion of the jamjam division; Wanda Koonsman, first with turkeys; Peppy Shytles, first with South American quackless ducks; Billy Bob McMullan, first with geese; Mrs. Tom Breen, first with white King pigeons; Joe Greenway, carrier; and W. J. Kutter, young pair white kings.

Clara Pratt, county home demonstration agent of Lubbock county, judged the homemaking department, and E. L. Mader of Texas Tech, Lubbock, was assisted by Bernice Rager and Bob Spicer in judging farm crops.

**SOUTH**

Georgia and Alabama meet in an important Southeastern conference duel. In other conference games, Tulane, which ran up an amazing 52-6 count on North Carolina, tackles Mississippi, 21-0 conqueror of Holy Cross; Louisiana State meets Florida, nipped 13-12 by Maryland in a big upset; and Georgia Tech, whipped 14-7 by Vanderbilt, engages Auburn, stopped 20-7 by Southern Methodist. Vanderbilt only unbeaten, untied team in the group, plays Princeton while Kentucky meets West Virginia.

The Southern conference program is topped by unbeaten Clemson's duel with South Carolina on Thursday.

The other conference game matches Hardin-Simmons and Texas Mines at Ft. Paso Saturday afternoon. It's the first conference game for the Cowboys, who are a new entry in the league this year, along with Texas Tech and West Texas State Teachers.

The lone inter-sectional game sends the so-far unsuccessful New Mexico Aggies to Peoria, Ill., to play Bradley Tech.

**Boasts Good Record**

Incidentally, this growing young league has set up quite a record for itself in inter-sectional games thus far. The nine teams together have won 44 inter-league games, dropped only four, and tied two. Last week Tech and West Texas Teachers upheld the conference record with inter-league victories; Tech whipped Centenary, 25-0.
