

FDR Pledges All-Out Aid To War-Scourged Philippines

American Fleet Is In Action Against Enemy Forces, Nation Told

President Promises Islands That Their Freedom Will Be Protected By The U. S.

WASHINGTON, Dec. 29.—President Roosevelt pledged to the war-scourged people of the Philippines today that "their freedom will be redeemed and their independence established and protected."

"The entire resources in men and material of the United States stand behind that pledge," the president said.

At almost the same time that the short wave radio broadcast the president's personal message to the Filipinos, the Navy issued a statement saying the fleet was intensively engaged against the Japs.

"The fleet is not idle," the Navy said. "The United States Navy is following an intensive and well-planned campaign against the Japanese forces which will result in a complete assistance to the defense of the Philippine islands."

Must Consider Distances
In connection with the president's message, Stephen Early, Roosevelt's secretary, commented that it might take time to reach the Philippines on account of the long distances involved and remarked that a military sense of distances many times as synonymous with time measurements.

In response to a question as to whether Mr. Roosevelt's use of the word "redeem" indicated that the chief executive felt that the islands might be lost temporarily, Early replied: "I shouldn't think so."

Japs See Victory
The president arranged a relatively light schedule for the day, making separate appointments with Dr. Alexander Leitch, the Netherlands minister, and Admiral Ernest J. King, commander in chief of the United States fleet.

A Mr. Roosevelt message was made public, Domei already was anticipating Domei's official Japanese news agency reported.

British And Russians Strike Severe Blows

Nations Reveal New Agreement Aimed At "Utter Defeat Of Hitlerite Germany"

Simultaneous British and Russian blows on Germany from east and west underscored the vulnerability of the Nazis, exposed, far-flung flanks today as Britain and Russia announced a new agreement aimed at the utter defeat of Hitlerite Germany.

From the east, the Russians kept up their remorseless pressure, forcing the receding German line farther back from the environs of Moscow.

Surprise Is Uncoiled
At the same time, on the west, the British uncoiled a surprise attack on the German-held Atlantic coast of Norway and again sent their warplanes fanning over German territory from the invasion coast of France to the great shipping ports of the Reich itself.

Chief targets of the RAF were the ports of Emden and Wilhelmshaven and the industrial area of the Rhineland, where, with the help of good weather, a continuing series of heavy attacks were made.

Agreement Is Revealed
The announcement of the Allied agreement came from London and from Moscow, where it was also received. British Foreign Secretary Anthony Eden has been in consultation with Soviet Premier Joseph Stalin.

The Moscow talks it was disclosed, began on the 27th and continued through the 28th. They were conducted by those in Washington between Prime Minister Churchill and President Roosevelt. And the four men were said to have kept constantly in touch with each other.

More Than Coincidence
It may have been more than coincidence that while the British converted several of their "Sever" long range bombers today from the Warsaw prison farm near Buntersdorf by sawing bars of a cage cell and sliding down sheets.

One of them, Joseph B. Tucker, was captured by a Hunzville of the Wehrmacht in the latter part of 1941. Tucker is serving a life term in a concentration camp in the East.

Covered With Pistol
Tucker told Capt. R. H. Baughn, of the Wehrmacht, that he entered the man's automobile with a pistol in his hand. The man took Tucker into his home and phoned his parents. Tucker is serving a life term in a concentration camp in the East.

All a valuable bloodhound and a guard dog on the farm and the man's position at the truck and the dog's group of dogs and guards was rushed to a point five miles east of town where several of the convicts were reported shot.

The theft of a truck in the town of Huntsville was attributed to the firing men.

The men who escaped were William E. Carey, Bell county, said to be 20 years old; Lawrence H. Brown, Jefferson county, 23 years old; William Scott, Walker county, 20 years old; Robert Deane, Harris county, 18 years old; and William B. J. Cummings, Dallas county, 17 years old.

U. S. SUBS SEND TWO JAP SHIPS TO DOOM

Blood Again Is Spilled On Old Battlegrounds

Luzon Island Rich Goal In Historic Pacific Struggles

The battle of the Philippines is a new chapter in an old story—the islands often have been a battleground for east and west since the west discovered them.

Since the days of Magellan Spanish, Dutch, Chinese, British, Portuguese, American, the Filipinos themselves—and now the Japanese—have warred for the land. Always the prime goal has been the island of Luzon.

Is Rich In Resources
The Luzon has been an important battleground almost the size of the Hawaiian Isles, rich in resources, hotly contested with Japanese and other powers.

Manila and its great bay are the key points and have been held by the United States since 1898.

Founded in 1571, Manila is on the eastern shore of Manila bay at the mouth of the muddy Pasig river, only a fraction of the capital's 623,500 inhabitants were outside of the city.

Automobiles, trucks, motorcycles, and other modern vehicles are common. On the river and Manila bay canoes and native sailing craft formed traffic with the interior.

Millions For Defense
American poured hundreds of millions of dollars into the city's defense. A naval station is at Cavite, eight miles southwest of the capital. Another at Olongapo, 50 miles west. The harbor is one of the finest in the world.

Natives, half of the city's population, are of the Malay race. The rest are of various European and American ancestry.

On the 22nd day, Dec. 22, Japanese planes, many of them bombers, were seen in the sky over Manila. The attack was made by 14 Japanese planes, most of them bombers.

Against Great Odds
The two Marine planes remaining went up, the Marines gunned and strafed the Japs, and the Japs were shot down.

Both Marine planes were shot down after shooting down several Japanese planes. The ground guns were not as effective as the Marines tried to do.

The last radio came that the Japanese had landed troops from several ships and that the transport planes were starting to move in. Nothing has been heard since but the island Japanese announcements of their victory.

Two Escape, Injured
The blast rocked the mine at 2:15 and eight men were trapped and killed behind a rock barrier. Frank Dietz and C. M. Keltz escaped but suffered serious injuries.

Victory Was Costly
The victory over a handful of these enemy cruisers, three days ago, was a costly one.

Gloria Vanderbilt Married On Sunday
SANTA BARBARA, Calif., Dec. 29.—Gloria Vanderbilt, 17, daughter of the late John D. Rockefeller, was married to the 16-year-old Santa Barbara mix today.

VOL. 18, NO. 81 LUBBOCK, TEXAS, "The Hub Of The Plains," MONDAY, DECEMBER 29, 1941

★★★ FINAL EDITION NORWAY IS RAIDED

Only Two Minutes Away From "Safety" Capt. Colin Kelly, Jr., Rode To Flaming Death Near Home Base With Japs Spitting Fire

WITH THE U. S. STAFF IN CENTRAL LONDON, Dec. 29.—Ferdinand officers of the U. S. Army told the story today of how Capt. Colin Kelly, Jr., met his death after bravely leading his men in the defense of their home base, the U. S. Army base at Languevan, Norway, on the Norwegian coast, when the Japanese dove repeatedly to machine gun them but without success.

With the ground, Kelly pulled back the stick and "got" the nose straight in the air when the ship exploded in a blinding blast.

The explosion blew Lt. Robbins from the plane. He landed in the water.

Kelly's name, staggered, returned to Page 5, Column 7, Please

Prisoners Are Seized; Ships Are Destroyed

Munitions Stores And Oil Supplies Also Are Blasted

LONDON, Dec. 29.—British land, sea and air forces in a dramatic raid on the Norwegian coast, wiped out two German garrisons, destroyed nine ships and valuable installations and captured 95 Germans and nine Norwegian fifth columnists, a communique said today.

British shock troops landed on two islands off the Norwegian coast, Saltnes and Fover, a smoke screen laid down by their planes and a bombardment by air-planes and warships, while long range bombers blasted the nearest German air field, 100 miles away to prevent the dispatch of rescue planes.

Landings Are Made
Landings were made by the British on the islands of Saltnes and Fover, a newly acquired territory of the island of Malroy.

Oil tanks, ammunition dumps, a power station, an industrial plant and a long German tank were destroyed during the 88 hours and 10 minutes the shock troops remained ashore.

A joint communique of the air, land, sea and air forces, stated that a complete success had been achieved for the day when Allied forces take the war to the continent of Europe for the knockout blow against Germany.

Air Raids Staged
Following the raid, in a newly resumed offensive of its own, the Royal Air Force attacked Germany in force during the night, centering on Wilhelmshaven and Emden naval and submarine bases, Rhineland industrial districts, docks at Danzig, France, and German air bases in Holland.

Targets were on a sharply intensified scale.

Coastal command planes, at the same time, hit two ships off the Netherlands coast and planes of the fighter command, racing across the English channel, bombed and machine-gunned airmen.

Heavier Enemy Blows Threat In Luzon Area

Americans Grimly Battling Against New Jap Attacks

United States submarines have sunk two more Japanese vessels, one a transport and the other a supply ship, in the Far East, the Navy announced today as a new and possibly menacing phase developed in the grim battle of the Philippines.

The brief naval communique also acknowledged that a United States destroyer had suffered slight damage and minor casualties under enemy air attack but did not other particulars.

Lines Reported Holding
Detailed American and Filipino forces were reported in Manila to be holding their line, even against steadily growing Japanese strength in northern Luzon by a war communique in Washington suggested that a deep American withdrawal was in prospect or already had been undertaken.

General MacArthur, it said, had shortened his lines and consolidated most of his troops in Pampanga province to face heavily augmented enemy infantry, cavalry and tank regiments "composed of veteran soldiers with modern equipment."

Fighting Near Manila
Although this meant a new line, it was a mid-way victory. The United States and the Philippines, it indicated an American stand in terrain long envisaged as a battlefield against invasion and the scene of repeated peacetime defense rehearsals.

The border of Pampanga is about 55 miles above Manila. The southern border is only 25 miles distant.

War Theater Spreads
Time apparently was becoming a factor in the fierce battle of the Philippines as the Japanese, thus far unable to build up a crushing force despite their already overwhelming numbers, started to give up the beleaguered island, but that help was on the way.

Although the Philippines remained the focus of Japan's campaign in the Pacific, the enemy widened and intensified its offensive in the vast spaces of the Pacific.

In the ring of positions Japan apparently is attempting to draw around Singapore, Britain's prime Far Eastern defense bastion, Japanese were said to have captured several islands.

Japs Gain On Other Fronts
The capture of the island of Sumatra, flanking Malacca across the narrow Malacca Strait.

2. Captured Iloilo, the communications and air base center of the Philippines, and his willingness to serve his country was conceded.

U. S. Attorney William Fleet Palmer said he would ask dismissal of a complaint charging Martin with failing to report to his draft board for a physical examination.

The complaint was issued "under a mistake of fact," Palmer said, adding that arrangements had been made for Martin to take the examination in Chicago. "My office regrets having been the cause of any temporary discomfort to Martin," he said.

Week End Marriages Of South Plains Couples Are Announced Here Today

Church Scene Of Wedding

Before an altar decked with fern and white gladioli in St. Paul's Methodist church in Abilene, Miss Helen Swafford, daughter of Mr. and Mrs. Lyle Swafford of that city, became the bride of Charles H. Smith, jr., only son of Mr. and Mrs. C. H. Smith of 2309 Tenth street, in a service read Saturday night. Rev. J. O. Haymes, pastor, officiated with a simple ring ceremony.

Tall tapers in pedestal candelabra lighted the scene. Miss Aileen Hardin played the wedding marches and accompanied Mrs. H. A. Porter of Terrell as she sang "I Love You Truly".

The bride, given in marriage by her father, wore a two-piece ensemble in pastel blue with black accessories and carried a white Bible with orchid, ribbon and lace fern corsage. "Something old" was a handkerchief and for "something borrowed" she wore a ring belonging to a friend.

Mrs. John H. Wilson of Roswell, N. M., sister of the bridegroom, was matron of honor and Ted Boucher of Houston attended his cousin as best man.

A reception was held at the home of the bride's parents. Out-of-town guests were the bridegroom's parents: Mr. and Mrs. G. E. McCants and son, Ed, and Mrs. J. B. Boucher of Dallas; Mrs. Frances Smith of Denton, grandmother of the bridegroom and Daniel Steen.

The couple is on a short wedding trip and will be at home in Lubbock. Mr. Smith, a former Tech student, is a graduate of Lubbock High school. He is an agricultural work in Bailey and Hockley counties.

The bride was also graduated from Lubbock High school.

Loretta Ellis Is Wed To Jake Snodgrass

Miss Loretta Ellis, daughter of Mr. and Mrs. W. T. Ellis of Lamesa, and Jake Snodgrass, son of Mr. and Mrs. V. C. Snodgrass of Lubbock, were married Saturday afternoon in a double ring ceremony read at the home of Mr. and Mrs. H. L. Griffin, 1914 Fifteenth street, by D. Thomas, Church of Christ pastor.

The bride wore a white wool jersey dress with matching hat, navy accessories and a corsage of white roses. She wore a sapphire blue necklace for "something old" and carried a handkerchief for "something borrowed".

Mrs. E. D. Bowen, matron of honor, wore a brown wool dress and a corsage of pink roses. When the couple left for California to spend a honeymoon, the bride wore a gray-plaid wool suit with gray blouse and black accessories.

Juanita Corley Marries W. E. Jaynes; Live Here

Miss Juanita Corley, daughter of Mr. and Mrs. O. F. Corley of Wolforth, is announcing the marriage of her daughter, Miss Juanita Corley, to W. E. Jaynes, son of Mr. and Mrs. J. A. Jaynes of 1627 Ninth street, which took place Dec. 29 in the home of Rev. Mr. McFarland, officiating minister.

A candlelight service was read before an altar banked with Christmas greenery.

Miss Genelle Corley attended her sister as maid of honor and E. T. Wilson served as best man.

Miss Wanda Schwartz and Gene Gathin were other guests.

The bride wore a navy blue dress with harmonizing accessories.

She is a graduate of Texas Technological college. Mr. Jaynes is a former Tech student and assistant manager of Thom McAnn store.

Unita Beaty Is Married To Ludwig Rieken

Miss Unita Beaty, daughter of Mrs. W. C. Beaty of Monroe, and Ludwig Rieken, son of Mr. and Mrs. R. Rieken of Monroe, were married Saturday night at 7 o'clock in the home of Rev. W. G. Loesel, pastor of the Redeemer Lutheran church.

The bride wore a navy blue costume trimmed in white and black and white accessories. Her corsage was of gardenias.

She is a former student at Texas Technological college.

Guests for the wedding were Mr. and Mrs. Tony Rieken, Miss Madine Beaty, Aubrey Baker, Miss Edna Beaty, W. G. Walkup and Jack Beaty.

The couple is at home near Monroe.

NEW SHOULDERS—There's no slump to the new curved shoulders of this green-and-yellow plaid frock. Sleeves are cut-in-one with the yoke to create a new line, with just enough padding for definite contour. Two box pleats in the skirt front add grace.

Birthday Party Honor To Anna Louise Dean

Anna Louise Dean was honored on her 18th birthday Friday night when a group of friends called at her home as a surprise.

Guests were Louise Fisher, Juanita Lewis, Earl Horton, Jr., Elmer Fite, Glen Weathers, Evelyn and Glenn Scroggins, Lillian Martin, Loyd Bell, Bill Bearden, Lavern Irwin, Wayne Dean, Harold and Pauline Hacker, Jack Cooper, Carl Dean, Paula Hoffman and Reba Ward.

Information Sought On Vehicles Here

Confidential information needed in planning for national defense was asked this morning of Lubbock county owners of trucks, truck tractors, trailers and semi-trailer types of automotive vehicles.

County Judge G. W. Pardue was asked by the highway traffic advisory committee to advise owners of such vehicles to fill out forms that may be needed in Judge Pardue's office showing what kinds of vehicles they own and whether they would voluntarily hire or lease those vehicles to the government if such a move became logical.

Complete information is asked of the vehicle, mileage it has been operated, type of body on it, horsepower, manufacturer's rated capacity in tons, cubic capacity of bed, fuel tank capacity in gallons, type of fuel engine burns, number of tires, number of wheels driven, months when tires needed by owner, month when tires needed by owner, number of other vehicles, vehicle owner has, and details of the business for which the vehicle presently is being operated.

Judge Pardue asked that all freight lines, wholesalers and others who operate trucks obtain blanks, fill them out and return them to him.

The cards will become confidential information to be filed with the War department.

We The Women

BY RUTH MILLETT

Every young, inexperienced wife ought to make it a point to get to know really well the most successful older woman of her community or social group.

The young wife will count as successful the woman who has already accomplished the things she wants to accomplish herself and who is the kind of person she would like to become.

By studying an older woman who has made good at the job of being a woman, wife, and mother the younger woman can learn a lot.

As she gets to know her better, she will realize that the capable, poised woman of fifty who seems to take life with stride and to be afraid of nothing was once as young and inexperienced as she.

With that realization the young wife is apt to become less jittery about her own efforts to make a comfortable home for her husband, take good care of her children, and make a place for her family socially.

TRICKS OF SIMPLIFICATION

Studying the older woman, the younger one will also pick up many tricks to simplify her life.

For instance, she'll probably see that the reason Mrs. Older Woman entertains so effortlessly—apparently it is because she begins her preparations for a party several days in advance, and leaves nothing to the last moment that can be done sooner.

She'll also see that the reason Mrs. O. W. always seems so at ease is that she has learned the foolish it is to try to present a perfect front to the world. She offers her friends, old and new alike, the best that she has to offer—and trusts them to appreciate it with criticism.

She may even learn that the older woman's marriage, which seems such a happy one, has had its ups and downs, and that it worked out well because the woman was determined that it should.

'SWAP' FOR OLD AND YOUNG

There is no end to the things a young, inexperienced wife and mother can learn from an older woman who had enough sense, judgment and kindness to lick the trouble that comes along.

And the younger woman won't be taking all—and giving nothing in return. For as women grow older they value the friendship of the young. It helps to keep them young themselves. So what the eager young woman and the successful older one have to offer each other is about an even swap.

Repps Are Dinner Hosts At Their Home Sunday

As a courtesy to the personnel of the Texas Congress company and other guests, Mr. and Mrs. Dudley Repp, 2119 Twenty-ninth street, gave a 6 o'clock dinner at their home Sunday.

Guests were Mr. and Mrs. George Evans and daughter, Sue; Miss Dorothy; Pete Taylor of Abilene; Harold Priddy and S. L. Wood.

Try Fitting Your Figure To War Work

BY BETTY CLARKE Associated Press Feature Service

You can fit your figure to war work by perfecting posture and by a daily strengthening system for the three parts of your body most apt to benefit when you take quicker action and do heavier lifting than you've been used to.

That's advice from Catharine Van Rensselaer, contour corner director in charge of the physical fitness program for the New York area of the American Women's Voluntary Services.

Here are three things she recommends for home routine:

1. For better balance—stretch the thighs with a high scissor's kick.

2. For flat front—bicycle on your side at high speed.

3. For the back—bend the head, and spring the back.

Pork To Be Plentiful In Texas During 1942, Market Survey Reveals

AUSTIN, Dec. 29. (AP)—Pork will be plentiful in Texas in 1942 to judge from the pig crop report issued here today by the Federal Agricultural Marketing Service.

More sows were farrowed in the state this fall than had been indicated by breeding intention reports gathered last summer. V. C. Childs, principal agricultural statistician, reported.

The number now is estimated at 207,000 compared with 167,000 for the preceding fall.

This was the first time noted in records going back to 1924 that the fall farrowing exceeded that of spring. The fall record, however, was still below that of the fall of 1939.

The number of pigs saved from fall farrowing this year was 1,242,000 compared with 1,002,000 a year before.

Childs reported that if 1942 1941, and the high record made in spring farrowing intentions are the spring of 1939 will be exceeded, realized, there will be an increase of 12 per cent.

Japan's Attack While Talking Peace Tops Year's 10 Best Stories

War, Defense Take First Nine; Daffy Dodgers In Tenth Spot

BY CHARLES HONCE
Associated Press News Editor

The United States is at war with Germany, Japan and Italy. That is the thunderous fact for 133,000,000 Americans as 1941 ends in a rage of conflict on every continent and the Seven seas. The battle lines now are tightly drawn for the first genuine World War in history. The sides have been chosen. The issues are clear-cut. It is Germany, Japan and Italy, and a handful of puppets against virtually all the rest of the world.

Of the sundry war declarations against Uncle Sam, that of Germany, potentially, if not immediately, will have the broadest effects, but it came almost as an anti-climax to a spectacular Japanese assault.

1. JAPS TALK PEACE—START WAR

"Remember Pearl Harbor" is America's bitter battle cry in a grimly avenging war against Nippon. A fateful and severely punishing attack, on this Hawaiian stronghold came without warning on the quiet Sunday of Dec. 7 at the very moment two Japanese envoys were conferring with Secretary Hull about peace, and on the heels of President Roosevelt's direct appeal to "the Sons of Heaven."

2. A WORLD WAR OPENS

"The shooting has started," President Roosevelt declared on Oct. 27 soon after the U. S. destroyers Greer and Kearny had been attacked by German subs and just four days before the Reuben James went down with 100 American sailors. This undeclared war, marked by American occupation of Iceland, the use of convoys, and the President's warning that Axis ships would be attacked on sight, became official Dec. 11 when Italy and Germany followed Japanese action.

The U. S. with Latin America signing up for the duration, accepted the challenge in record time. Fifty declarations at the year's end put 90 percent of the world at war.

3. RUSSIA STEMS NAZIS

When Nazi Germany suddenly turned on Soviet Russia on June 22, many believed it would be over in a few weeks. They had forgotten that the USSR had been preparing for 20 years and had guarded secrets well. Germany conquered vast territories, but not the Russian spirit. After 25 weeks of titanic struggle, the Nazis cryptically called it quits for the winter, but not the Russians. Stalin launched a savage attack all along the line to bring the first stunning reverse to German might.

4. LEND-LEASE HEARTENS ENGLAND

A momentous early highlight of American action against the dictators was the signing of the lend-lease bill by which billions of dollars for the sinews of war were promised to those opposing Germany. This event, on March 11, was of vital moment because it helped tide England morally and physically through one of her darkest hours when she had no place else to turn. And almost certainly it was one of the factors that impelled Hitler to his costly Russian adventure.

5. FIGHTING BILLIONS MOBILIZED

America went all-out for preparedness (and now, war) as Roosevelt early in the year proclaimed an unlimited national emergency. By December the cash and contractual authority provided for defense and the lend-lease program reached 70 billions. Today, a "Victory program" has been mapped calling for an additional 150 billions. All American pocketbooks were lit and taxes sky-rocketed, but the material of war came pouring down assembly lines.

6. THE ATLANTIC CHARTER

Through 10 days in early August the world speculated on the whereabouts of President Roosevelt and Prime Minister Churchill. When the mists cleared, it turned out that they had met at sea and formulated an eight-point declaration of general principles and post-war aims as a basis "for a better future for the world," and encompassing the "four freedoms."

7. SIX DREADNAUGHTS SUNK

Six capital ships were sunk in 1941. Probably the most spectacular (if not the most important) battle was that of the Hood, England's mightiest warship, and Germany's Bismarck. The Bismarck sunk the Hood by shell-fire and three days later went down herself under torpedo, shell and bomb attack after the

He Got By Without The Stomach Ache

CAMP WOLTERS, Dec. 29 (AP)—Private Gordon Matthews of Spencer, Ohio, came through the Christmas holidays without a stomach ache, thanks to his barracks mates. Private Matthews' home town friends sent him a total of 22 boxes of assorted sweets for Christmas. The boys in the barracks, he said, were very glad to help him reduce the surplus.

mine walkout. As early as June 9 the Army took over the great strike-bound North American Aviation works at Inglewood, Calif., and stepped in elsewhere when mediation failed. Then the Japanese war brought labor peace.

10. BROOKLYN WINS A PENNANT

Anything can happen in Brooklyn, it has been said. Just the same, it took "them bums" 21 years to win a National league pennant, but in clinching it New York's largest borough, a 1 most reached the psychopathic ward stage. When Dodger Catcher Mickey Owen dropped that third strike, even Brooklyn had to rub its eyes to be sure that it happened there. It did happen and the American league Yankees won the World series.

Rubber Tires Made From Ohio Dandelions May Be Put In Use Two Years From Now To Keep America's War Machine Rolling

BY WILLIAM STRINGER
United Press Staff Writer
COLUMBUS, O., Dec. 29

America's war machine may be rolling along two years from now on rubber tires made from Ohio-grown dandelions. The National Farm Chemurgic council announced today that it had discovered a rubber-bearing dandelion, known as kok-sagyz, which will produce synthetic rubber at approximately one-third less than the present cost of making synthetics.

Found Only In Russia "The plant, found so far only in Russia, may turn out to be a gigantic industry for the mid-west," said Dr. Paul J. Kolachov, director of research and development for Joseph E. Seagram & Sons, Inc., Louisville, Ky. "It is readily acclimated and could be grown easily in the climate of the midwestern states."

Dr. Kolachov said that the plant requires a highly fertile soil and heavy rainfall. In Russia the Soviet government has more than 175,000 acres of kok-sagyz under cultivation, rainfall averages approximately 30 inches a year, he added.

"In Ohio, of course, we would not be bothered by the rainfall problem because the average annually is well over 30 inches," Dr. Kolachov said.

The chemurgic council said that there have been no exports of the kok-sagyz from Russia and that no seed are available yet outside Russia.

Dr. Kolachov said the kok-sagyz plant would be "much more practicable" as a basic ingredient for synthetic rubber than guayule, milkweed or any of the other plants on which experiments have been made.

He said rubber made from guayule and milkweed does not have the wiry, yet elastic, quality that kok-sagyz rubber has.

The chemurgic council announced that if kok-sagyz seed were planted within the next few months the United States would have its first crop of "dandelion rubber" within a year. The first year's yield would be "fair," it was said, but at the end of two years, the yield would be "excellent."

WASHINGTON, Dec. 29 (AP)—The war time rush to buy defense bonds caught many banks short on supplies, a Treasury spokesman said today, but shipments are rapidly making up the deficiencies.

Defense bonds are being turned out on a 24-hour basis at the bureau of engraving, and stocks in Washington are regarded as ample to meet the nation's demand.

A NEW SERVICE TO HELP KEEP THE OLD CAR ROLLING

Repairs and Accessories on Convenient Payments

We might as well face facts. To facilitate war production, you're going to have to make your present car last and last and last... The national welfare requires that existing automobile transportation be maintained at the highest efficiency possible without interfering with the war effort.

In order to help you keep your car in good order; to help you maintain its even operation—General Motors dealers who utilize the GMAC

services, are now equipped to offer you a special plan whereby you can finance repairs on your car—whatever the make or the model—and pay for them on regular, convenient monthly payments.

Bring your car now to your General Motors dealer. He will give you an estimate on necessary repair and maintenance costs, and he is in a position to finance the complete job for you through General Motors Acceptance Corporation.

There are GMAC financing services ready for almost any car financing problem you may have—either in getting your car, in paying for it, or in keeping it running; and to ask about them will probably save you money.

Whatever Your Car Financing Problem—Consult GMAC FIRST

USE THE COUPON BELOW—NO SALESMAN WILL CALL

RELIEVES HEADACHES

... and soothes Nerves upset by HEADACHE and NEURALGIA

The prescription-type ingredients in the "BC" formula are readily assimilated. That's why "BC" offers extra-fast relief from headaches, neuritis, muscular aches and functional periodic pains.

Nerves ruffled and upset by minor pains are also gently soothed by the quick-acting "BC" ingredients. Keep a 10c or 25c package handy. Use only as directed. Consult a physician when pains persist.

THANK YOU!
YOUR THOUGHTFULNESS HELPED A LOT

Thanks to your patience and co-operation, we Southwestern Bell operators handled more than half a million long distance calls on Christmas Eve and Christmas Day.

As we feared, many of the longer calls were delayed. Ever since our country became involved in this World War, we have handled thousands of messages vital to defense. These, plus the bigger volume of Christmas calls, caused delays in some cases of as long as several hours.

We are grateful for your patience. In these critical days we are doing our best to serve the nation... and you.

SOUTHWESTERN BELL TELEPHONE COMPANY

OTHER GMAC PLANS

ACCESSORIES. If you need some new accessories on your car—a radio; a heater; fog lights or the like—you'll find them at your General Motors dealer can sell them, too, on a convenient installment plan.

USED CARS. If you are considering a used car, it can be purchased on the economical General Motors Instalment Plan.

FARMERS. If your income depends on crop returns, you'll find that the GMAC Seasonal Income Plan will fit your needs.

TEACHERS. There is a special GMAC plan for teachers so that they do not have to make payments during the vacation months.

NEW CARS. To the extent that they are available, new cars, of course, can always be purchased on the low cost General Motors Instalment Plan.

Only dealers in CHEVROLET • PONTIAC • OLDSMOBILE • BUICK and CADILLAC cars offer the

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Crimson Cagers Tangle With Baylor In Losers' Bracket Of Oklahoma Tourney

Tech-Tulsa Sun Bowl Classic Seen As "Toss-Up"

Tech's Speed All-Important Raiders Among Top Defensive Teams

EL PASO, Dec. 29 — Seldom have the so-called experts been forced to resort more freely to the ouija board and celestial portents than they have in back-rooming this year's Sun Bowl game between Tulsa university and Texas Tech.

Probably no more closely matched elevens have ever had the nod to the Sun Bowl, and certainly no teams in the past have ever had more power and brilliance than that displayed individually by the Red Raiders and the Golden Hurricane of Tulsa.

Near Top In Nation
Tulsa is rated one of the finest lines in the west, Tech one of the flashiest and roughest backfields. Just to make it more confusing, final statistics of the American Football Statistical bureau today showed up Tech as fifth in the nation in total defense and third in rushing defense.

Tech's high-voltage backfield has Charlie Dvoracek, Associated Press all-America nominee, Tom Douglass, Roger Smith and Captain Ty-Bain at quarter.

Reports from Tulsa paint Coach Henry Frnka shedding pounds under the strain of worrying over the spectacular Tech attack from its "T" formation.

Frnka was reported to be paying his customary attention to the line with special emphasis on the center post and Centers Dick Morgan and Charlie Spilman, both rated top key men. Morgan, in the past two years has been All-Missouri Valley conference center and is regarded a pass defense expert.

Tulsa has a great smashing line, offensively and defensively. Tech has a bevy of battering 10-second backs, specialists in long stabs through a broken field, and a passing attack that goes for 30- and 60-yard touchdowns passes.

Both squads will polish off practice over the week end and leave Tuesday for El Paso.

Tulsa Is Reported Hampered By Flu

TULSA, Okla., Dec. 29 (AP)—A discouraged University of Tulsa football squad, weakened by a flu epidemic that disrupted practice through the holidays, completed workouts today for its New Year's Day game with Texas Tech in the Sun bowl.

Many squad members, including several regulars, have been ill and Coach Henry Frnka was forced to schedule scrimmages at dawn to accommodate others who have been working jobs.

Since Christmas, the team has worked in extremely cold weather.

"We are not going to be ready for this game," declared Frnka. "I think it is safe to say that we worked under worse conditions than any other bowl team."

Hardest hit by influenza was Joe Gibson, No. 1 blocking back, who spent two weeks in a hospital. Les Moore, first string fullback, and Captain Charlie Greene, tackle, also have been seriously ill but now are back in uniform.

Louis Tops Boxing; Conn, Cochrane Next

NEW YORK, Dec. 29 (AP)—Surprising no one, heavyweight champion Joe Louis for the fourth time was named "fighter of the year" in the Ring magazine's annual ratings released today.

The ranking of Billy Conn and Welterweight Champion Freddie Cochrane in second and third place, respectively, may cause comment.

Louis, by virtue of his seven title defenses during 1941, won the fighter-of-the-year award with 98 votes from the 202 boxing experts who balloted in the United States, Canada and Latin America. Conn received 36 and Cochrane 23.

Sugar Bowl Tennis Play In Semi-Finals

NEW ORLEANS, Dec. 29 (AP)—A local surprise package, a good neighbor, a scudador, South America, and two seeded players went into the semi-finals of the Sugar Bowl tennis tournament today.

One match pairs Francisco Segura, and Earl Bartlett of New Orleans, who has upset second-seeded Wayne Sabin and the Irish Davis' copper, George Lyttleton-Rogers.

The other place in the finals will be decided by top-seeded Ted Schroeder of Glendale, Calif., and third-seeded Ted Mulloy of Coral Gables, Fla.

Chick Harbert Captures Beaumont Meet

Chick Harbert, an unknown who failed even to place among goldsmith's twelve top money winners of 1941, ran away from the veterans and won the \$5,000 Beaumont Open with a 276, eight below par for the 72 holes.

The youthful Battle Creek, Mich., pro never was over par. He coasted in yesterday with an even par 71 to win by seven strokes over Ben Hogan and Paul Runyan, who tied for second place at 283.

Snead, Nelson High
Harbert was pocketing a check for \$1,000. Hogan was sailing away \$650 to finish out the great with total earnings in tournament play of \$18,358. Sam Snead hit \$19,000 in 1938.

Snead closed out the campaign with \$12,848 with Byron Nelson in third place with \$12,025 and National Open champion, Craig Wood, fourth with \$9,364.

Harbert stepped out with a 70 on his first round, 68 on his second and then got a rousing 67 on the first 18 yesterday.

Hogan Gets "Hot"
They were counting Hogan out of the race after the first two rounds, but—the Hershey, Pa., half-pint with the million-dollar swing, turned in scores of 69 and 70 on the final day to clinch a share of runner-up honors. Runyan faltered on his final rounds, being over par on both.

Jim Tarnesa of Elmford, N. Y., was fourth with 284, receiving \$450.

Others finishing in the midney: Henry Picard, Oklahoma City, \$337.30; Ky. Ross, Miami, Okla., \$175; Jimmy Demaret, Detroit, \$118.75; Jack Burke, sr., Houston, \$118.75.

Aerial Battle Hinted For Sugar Bowl Tilt

MIAMI, Fla., Dec. 29 (AP)—The Orange Bowl's air-minded football opponents planned stiff workouts today within a few blocks of each other.

Texas Christian's 38-man squad, which had a first practice at Miami late yesterday, was called to an early afternoon drill at the Miami High school field.

Georgia's 41 players were ordered to the Orange bowl to get accustomed to the field and the surroundings.

Both teams have been throwing the ball freely in practice. First on the scene, Georgia has devoted part of the time to rigging up a defense against the deadly Horned Frog aerials.

T. C. U. managed to get in only a brief session after a late arrival yesterday, but most of the time was spent throwing and catching.

Buy A Defense Bond TODAY!
won the Hopeful... Frankie Kovacs holding hands with his new wife after he won the grass courts title at Rye. And being beaten, but badly, by Bobby Riggs in the nationals. I heard the boys' bog-wart War lie home in the Naragansett special to the shock of Ben Jones.

Oooh, that punch with which Louis knocked out Lou Nava. I could feel that one myself. The World series and the look on Mickey Owen's face in the dressing room after he dropped the third strike. The jubilation of the Yanks after the last out. Then football... Jock Sutherland and Tulane and Fordham... Angelo Bertelli, Pennsylvania and the Navy... Cornell and Princeton and Philadelphia and Baltimore... Army versus Navy and the young officers marching together.

Techsans Play Again Tonight Team Also On Card For Tuesday Tilt

OKLAHOMA CITY, Dec. 29 (Special To The Journal)—Texas Tech's Red Raiders dropped out of the championship bracket of the All-College tournament Saturday night, but the Scarlet Speedsters are still highly regarded by the fans and matchmakers.

That was evident with the assignment of the Raiders to play in the opening game of tonight's three-tilt program. Coach Bert Huffman's Techsans will battle Baylor in a losers' bracket contest at 7 o'clock.

Also Play Tuesday
Win or lose, the Raiders will return Tuesday for a final game. Then they'll return home—all but Huffman, Edward Garland Head and Center Byron Gilbreath, who'll catch a quick train for El Paso and the Sun Bowl football game.

Both Head and Gilbreath are valued reserves on the Tech football team which meets Tulsa Wednesday afternoon. Head plays center, Gilbreath ends. They learned on the playing fields of Whitehall.

MONDAY MATINEE
To settle any question about G-man Atherion's salary for next year, Oregon State will take care of the Pacific coast conference's usual Rose bowl cut, which provides for the commissioner's salary and office expenses. Harold Lambert, Rice basketball guard, played in Madison Square Garden last year, but it was all new to him when he stepped on the floor against Fordham Saturday. He developed a form of sleeping sickness last summer and, although fully recovered, he can't recall any of his experiences here. Babe Ruth has reduced 29 pounds so he'll look like his old self for the movie about Lou Gehrig's life, which goes into production soon. Publicity for the Bear-Louis fight carries the slogan "Remember Pearl Harbor."

Tournament To Enter Semi-Finals Tonight
OKLAHOMA CITY, Dec. 29 (AP)—The old basketball argument of defense vs. offense will be renewed tonight in the championship semi-finals of the sixth annual All-College tournament.

The third day of the tournament, crowded with losers' bracket games, opened today while fans speculated on the outcome of the two sultry semi-final tilts. They were:

Oklahoma A. and M. vs. Texas at 8:15 p. m.
West Texas State Teachers vs. Pittsburg (Kas) Teachers at 9:30 p. m.

Texas In Form
The first one will see a slam-bang high scoring aggregation going against the smoothest defensive ball club in the tournaments.

The Longhorns of Texas, who have piled up 104 points against two opponents so far in the court marathon, shoot at the basket from all over the court and their record indicates they are fairly accurate.

On the other hand, Coach Henry Iba's Oklahoma Aggies, have scored only 72 points but have held the opponents to a meager 54. The Cowboys specialize in such record as holding to a single field goal, Dwight Parks, Baylor guard who is a tournament high scorer with 68 points. Guard Bud Millikan did that in the quarter-finals.

The Texas offense here has been led by big Les Sanders, who is 6 feet, 5 inches tall and who weighs 200 pounds. He may prove more of an obstacle to the Cowpokes than did diminutive Parks.

The other semi-final tilt pairs the pre-tournament favorite against the defending titlist, West Texas State Teachers, "the world's tallest basketball team," are favored over Pittsburg, the 1940 champions.

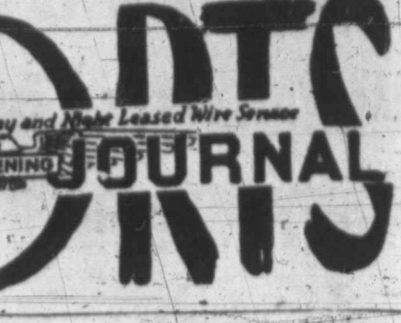

West Texas State Teachers scored 124 points in the cage-meet, holding off opponents to 78. The scoring by Pittsburg has been 193 to 75.

Another top-notch on the eight program pits two Texas teams against each other—Baylor and Texas Tech. Meanwhile however, the losers' games were going full blast.

Fordham Gains Drill On Missouri Squad

NEW ORLEANS, Dec. 29 (AP)—The Fordham Rams gained a practice session on their New Year's Day Sugar bowl opponents, but both went back at their drilling today.

The Tigers, taking the day off, came here from their Edgewater Park Miss., headquarters to be entertained at a party by Sugar bowl Vice President Joseph B. David.

PAGE FOUR—LUBBOCK, TEX. MONDAY, DECEMBER 29, 1941

Majority Of All-State Players Favor Texas

Lubbock's Nabors Likely To Pick Tech; Bible May Get Temple And Sunset Aces

BY HAROLD V. RATLIFF
Associated Press Sports Editor
The Bible plan scores again. A majority of the Associated Press All-State football players who have announced their preference will go to the University of Texas, under present plans.

Of course, much can happen between now and September and often high school boys change their minds during the summer "learning period," but these five have indicated they are leaning toward Texas:

Kenneth Baker, 167-pound end from Temple.
John Hamberger, 188-pound tackle from Sunset (Dallas).
Ed Heap, 183-pound tackle from Temple.
Bill Blackburn, 164-pound back from Sunset.
Wayland Hill, 167-pound back from Temple.

Others who made the All-State team are: Troy Stewart, 179, Wichita Falls, end; Joe Meissner, 161, Wichita Falls, guard; Jack White, 196, Paris, guard; Roland Nabors, 170, Lubbock, center; Gene Hill, 143, Wichita Falls, back; Ray Borneman, 194, Lamar (Houston) back.

Stewart is too old to play any more high school football but will not finish school for another year. Nabors has made no definite choice but is reported favoring Texas Tech where his brother, Rex, starred and is now assistant freshman coach. Hill is undecided.

Borneman has another year in high school.
Hill Bottled Up
Except for Wayland Hill, the All-State pickers found their stars living up to expectations in the championship game between Wichita Falls and Temple at Fort Worth Saturday.

Hill was pretty well bottled up as Wichita Falls beat Temple 13-0 but in the case of the Temple youngster this is a very legitimate excuse. He played part of the game with a knee injury.

He was injured in the last two minutes of the first quarter but continued to play, mistaking the pains for a charley horse that had been bothering him the same leg.

Gene Hill was the star back of the game, Stewart and Baker stood out at the wing posts, Meissner at guard and Heap at tackle. The All-State squad was selected by vote of coaches and sports writers from every section and was quite representative with 21 schools' landing players on the first, second and third teams.

In fact, several of the second team selections came within a few votes of crashing the first team, such as Brownie Lewis, Masonic Home tackle; Lewis Holder, Woodrow Wilson (Dallas), end; Jack Allison, Austin, end, and Gordon Brown, Masonic Home back.

RACE IS SUSPENDED
NEW YORK, Dec. 29 (AP)—The internationally famous 500-mile automobile race which has been run each May 30 over the Indianapolis motor speedway has been suspended for the duration of the war, Capt. Eddie Rickenbacker, president of the speedway, announced today. The only other interruption in racing at Indianapolis occurred when America was at war during 1917-18.

Rose Bowl No Cinch--Wade

DURHAM, N. C., Dec. 29.—The governor of North Carolina may have told the governor of South Carolina the answer, and a couple of hundred thousand Dixie fans probably agree, but to Coach Wallace Wade this rambler Rose bowl game is all a mystery.

In fact, the slim soft-spoken sage of the south wouldn't feel at all hurt right this minute if a competent swami gave him the low-down on the collision of his Dukes and Oregon State's Beavers in Duke stadium Thursday.

Capacity Throng Seen
To Dixie partisans who figure Duke goes long with death, taxes and fried chicken as sure things, this stand of Coach Wallace is just so much of that stuff you slice thin and put between two pieces of bread, but Wade says the whole picture just doesn't add up.

Merry Christmas For Texas Merchants As Cash Registers Jingle

Holiday Trade Best In Years

BY RICHARD WEST
Associated Press Staff Writer

It was a merry Christmas for Texas merchants.

Their cash registers jingled merrily in a Yuletide trade that was the heaviest since boom years.

As a consequence, their books will show a bonanza business for 1941—the best, for many of them, since 1929.

General Boost For 1941

These are the conclusions of an Associated Press survey in every section of Texas showing Christmas gains in business over last year from 5 to 20 per cent and a general increase for 1941 of 15 per cent.

Dallas—leading retail and wholesale center—reported a Christmas business 8 per cent greater than last season and to date the city's department store sales are 6 per cent over a year ago.

The Federal Reserve bank said that in the week ended Dec. 20 Fort Worth's Christmas retail sales were 8 per cent over the same 1940 period, San Antonio's 9 and Houston's 3.

Several Factors Cited

Attributing the boom to higher farm prices, defense plants and good wages, the Texas Department of Commerce estimated Christmas business in its 70-county region was 8 per cent over 1940.

Texarkana—where \$491,000 weekly is being paid at the Red river ordnance depot and Lone Star ordnance depot—reported an "extraordinary" Christmas, with many stores showing 100 per cent gains over 1940.

Sherman's stores were crowded with Christmas shoppers, trade gains averaging 17 per cent over last year.

San Angelo Thriving

The gain in Longview was 12 per cent, in Corsicana 15, in Beaumont 40, in Tyler 10, in Waco 20.

San Angelo merchants—thriving as a result of good farm and ranch conditions—predicted that when totals were settled down this year's Christmas business would top them all.

"I don't know yet about the total receipts, but the volume you just can't believe it," Amarillo's postmaster W. D. Degraff said during Christmas week. "The city's merchants said their Yuletide trade was easily 10 per cent better than a year ago and 10 per cent better for the whole year.

With copper smelters running full blast, money pouring in from El Paso and a 15 per cent better business during the holidays.

The war had a general but momentary effect. In every city a few days after the Japanese attack on Pearl Harbor there was a slump in shopping.

But in succeeding days before Christmas heavy buying was resumed—as if nothing had happened.

O. A. Strange Dies At Home Sunday

Funeral services for O. A. Strange, 82, who died at his residence, 512 Fourteenth street Sunday morning, will be held Friday afternoon at 2 p. m. at the Baptist church, which will conduct the services. Burial will be in Lubbock cemetery under direction of Rix Funeral home.

Mr. Strange came to this section six years ago from Marlow, Okla. He is survived by his wife, a son, O. W. Strange of Casper, Wyo.; a daughter, Mrs. J. F. Woody of Littlefield; five grandchildren and four great grandchildren. He had been ill since March this year.

Funeralbearers will be J. F. Woody and Oscar, Harry, O. A., Glenn and Harry Frank Woody, grandsons.

Utter Defeat

(Continued From Page One)

...to the utter and complete defeat of the Japanese empire.

On the Russian war front the Red army troops were reported to have shattered a division of German fledglings of 17 to 18 years of age on the Kalinin front; ripped through the German lines south of Moscow to Lkhov, 50 miles west of Tul, and Bely, 50 miles southeast of Kaluga, menacing the German retreat to Smolensk; and captured Novosil, 100 miles south of Tula in a drive on Orel, 40 miles to the west.

Many Towns Recaptured

Reports reached Moscow of the capture by the Russians of more than 450 towns and villages.

British soldiers, sailors and fliers uncorked a surprise landing raid against German shipping at two, unnamed points in occupied Norway Sunday as the RAF took the week-end offensive with Sunday night raids against the Rhineland manufacturing city of Dusseldorf; the Soesterberg airfield in German occupied Netherlands; and the channel ports of Brest and Boulogne. Extent of the damage inflicted on the Germans was not immediately announced.

Historic Struggle

(Continued From Page One)

lating unit in the China sea.

It is the size of the state of Virginia. Its steep mountains rise from a shelf of coastal lowlands. On the west, the Sierra Madre mountains wall out invaders, but the east coast is carved into high strategic bays—such as Luzon gulf, with a 20-mile wide mouth through which the Japanese have struck in force.

Christianized By Spaniards

All told the Philippines have 12,500 miles of coastline to defend. The natives are descendants of the Malays and were Christianized by the Spaniards.

Adventurers from Spain were the first Europeans on the scene after Magellan's visit in March, 1521. Defying the Portuguese, the Spaniards eventually won the islands. They defeated a native insurrection in 1896 in an insurrection which figured eventually as part of the United States war with Spain.

Manila bay Admiral George Dewey defeated the Spanish fleet. Then American troops encountered trouble with native insurrectionists, took over Luzon island—and eventually control of the Philippines.

Foreign trade of the islands—by an extension of the Suez canal—reached 5,495,482,000 pesos in 1927, with the peso valued at 50 cents in American money.

The "world's hemp capital" of Davao in the southern Philippines became a center of Japanese settlement. With a estimated Japanese population of 25,000 to 30,000, the port province has Japanese schools, stores, hotels, plantations and shipping lines.

FDR Pledges Aid

(Continued From Page One)

that the mikado's expeditionary forces on Luzon were concentrating their main efforts on capturing Manila "before New Year's."

The Domei announcement occasioned no great surprise here, for it is well known that the Japanese seek to have their victories fall on important festivals—and New Year's is Japan's greatest holiday.

Tokyo Propaganda Plot

It was noted that the Japanese were able to time their conquest of Hongkong to coincide with Christmas—the day which marks the anniversary of the present emperor's accession.

The Navy department announcement, which was made public a short time after President Roosevelt's message last night, carried an encouraging ring and aroused all kinds of conjecture.

The Japanese government, it was noted, "is circulating rumors for the obvious purpose of persuading the United States to disclose the location and intentions of the American Pacific fleet. It is obvious that these rumors are intended for and directed at the Philippine islands."

"The Philippines may rest assured that while the United States Navy will not be tricked into disclosing vital information, the fleet is not idle."

This was the first official statement on the fleet, since the week after the Pearl Harbor attack of Dec. 7. Then Navy Secretary Knox disclosed that the main body of the fleet—with its battleships, cruisers, aircraft carriers and submarines was "at sea seeking contact with the enemy."

At first glance, the Navy announcement last night was interpreted in some sources as a hint that it still might be possible

Defense Of Wake

(Continued From Page One)

ment Pearl Harbor here was attacked. Wake, however, is across the international dateline in the far Pacific, and it was Monday instead of Sunday morning there.

Five days before the end, practically every defense work on the island had been damaged or destroyed.

Fought With Great Effort

In its statement of the fight the Navy said:

"Official reports indicate that probably no military force in American history not even the defenders of the Alamo, ever fought against greater odds or with greater effort in view of those odds."

As many as 40 planes at a time, some of them great four-motored flying boats, attacked the island.

Eight Marine planes were destroyed in the sneak attack of Dec. 8. Another was lost soon afterward. Two more were lost Dec. 14 but one was patched up during the night. At no time did the Marines have more than four planes in action, and these had to be patched in darkness. During the closing days there were two planes.

25 Dead In First Raid

Twenty-five men were killed and many wounded in the first raid.

For three days the Japanese contented themselves with aerial attack. On the fourth day, they attacked with a fleet, and the Marine guns sank a light cruiser and a destroyer and shot down six planes.

The Japanese were using land-based as well as aircraft carrier planes, the four-motored bombers, two-motored bombers and swarms of fighters. It was believed the land planes might have been based on the Japanese mandated islands southward.

"Even in the final phase, the batteries blasted away to great effect," the Navy said. "The last phase of the last message was the statement that two more enemy destroyers had been disabled."

monies from some funds to others. All commissioners, G. K. Horton, Ben Mansker, Edgar Gray and Newton Stokes, were present. County Judge G. V. Pardue presided.

Allens Improved—Louie F. Moore, deputy county clerk, said he had been informed today that Ed D. Allen, Jr., son of the Lubbock county clerk, and his son, Ed Jr., were much improved in an Edinburg hospital. The county clerk and his wife are expected to return to Lubbock sometime this week.

Thefts Reported—Police this afternoon said they had been informed of the theft of a bicycle from J. J. Modrall of 2208 Montrose avenue and of two gasoline hose lines valued at \$15 from Ohlenbusch Oil Co., at 2408 Avenue H.

Damages Action Transferred—The damages action of Mrs. B. L. Liles against S. H. Kress company was ordered transferred this morning from the 99th district state court to the federal district court here. Mrs. Liles seeks \$17,000 damages alleged to have been suffered through false arrest and imprisonment by agents and employees of the store, Dec. 8, 1939.

STEAL NEW CAR

BROWNFIELD—South Plains Motor Co., located on a highway east of town, report their plant was broken into and a new automobile stolen. Entrance was gained by breaking a window in the rear and keys were then used to unlock the door.

In Tunis, North Africa, coffee served is as sweet as molasses, as black as ink, and almost as thick as chocolate.

Demp Cannon, former football player at Texas Technological college and now football coach at Coffeyville Junior college at Coffeyville, Kas., and Mrs. Cannon are visiting his parents, Mr. and Mrs. J. W. Cannon of Slaton, and friends in Lubbock and Slaton. They plan to remain the rest of this week.

News Briefs

No Fire Damage—City firemen said they had made two runs Sunday but there was "no damage to speak of." Gasoline used to clean a grease rack at a filling station at 1601 Avenue Q caught fire at 3:15 o'clock Sunday afternoon and a fire was noticed in a trash barrel in 1200-block Avenue J.

Bail Set—Bail of \$200 was set this morning by Judge G. V. Pardue of county court for Pablo Cortez, Mexican who pleaded innocent of the knifing of Eugene Montano. The charge was filed Dec. 21.

Dupree Talks To Jaycees—George W. Dupree, Lubbock attorney and chairman of the 19th congressional district for the sale of defense bonds, spoke to the Lubbock Junior Chamber of Commerce in its luncheon at the Hilton hotel today noon. Dupree stressed the importance of purchase of stamps and bonds that the nation's armed forces might have mechanical devices with which to protect their lives and those of the American people. Joe H. Bryant was program chairman and introduced Dupree. George Zafarofsky of Corpus Christi, former Lubbock resident, was a visitor.

Suit Is Filed—The Fort Worth & Denver City Railway Co. has filed suit in U. S. district court against Lubbock Cotton Oil Mill Co. asking \$4,534.97 in allegedly underpaid freight tariffs on cottonseed linters shipped over the lines. Ninety-two counts are cited in the petition, filed by E. L. Klett, attorney for the company here. Payments were asked on shipments of linters from Lubbock during the past several years. The claim was made that the defendant did not pay the full tariffs rates.

Selectees Report—Fifty-four men from Northwest Texas reported this morning at the district Army recruiting office in the federal building for examination before being inducted into selective service, said Major Leland H. Wasson, in charge. Three more men were to report this afternoon. A medical examining board headed by Major O. W. English of the medical reserve, assisted by Capt. G. D. Funk, Army medical officer, gave the tests.

Nine Men To Enlist—Nine men, including five for the regular Navy and four for the reserve, will leave tonight for Dallas to take physical examinations for enlistment. J. E. Calloway, chief quartermaster and recruiting officer, said this morning. For the regular Navy were Carroll B. Cox, Abernathy; this L. Old, Plainview; F. Z. McNeely, Floydada; Loyd L. Turner, Olton and Kenneth A. Gordon, 601 Fourteenth street, Lubbock; Reserves were Mel Baxter, Jewell, Sutherland; Johnie Brooks, Abilene; Orio V. Cummings, Levelland and Marvin F. Rose, Rowena.

Charges Filed—Charges of child desertion and theft over \$350 were filed this afternoon in the court of J. T. Innon, justice of peace. Defendants had not been reported arrested.

Commissioners Meet—Purchase of a grader equipped with tools, for \$6,250, and a scraper combined with a power unit, for \$2,000, was authorized this morning in a meeting of Lubbock county commissioners court. Freight charges for the machinery, up to \$200, will be paid, it was voted. Alterations and supplements to the county budget were being voted this afternoon, constituting merely a transfer of funds.

Charles M. Griggs Dies This Morning

Charles M. Griggs, 66, of 1407 Twenty-fourth street died at his home about 1:30 o'clock this morning, after a month's illness.

Funeral services will be conducted at 3 o'clock Tuesday afternoon at Central Baptist church, Rev. Jeff D. Welch, pastor, officiating. Sanders Funeral home will direct burial in a Lubbock cemetery.

Mr. Griggs had lived in Lubbock since 1920 and had worked for the Lubbock Compress company until 1937.

He is survived by his wife, one son, E. V. Griggs of Madera, Calif.; three daughters, Mrs. Nonna Adams and Virgie Mae Griggs of Lubbock and Mrs. Ora Baxley of Amarillo; one sister, Mrs. J. D. Rimmon of Palestine, and five grandchildren. He was an uncle of L. O. Griggs of Lubbock.

Damage Suit Echoes Oil Test Near City

Judgment for \$7,912.50 in damages was asked this morning in a suit filed by A. G. Bedner against L. C. Harrison and Tobe Foster in the 72nd district court of Judge Blair.

Action was presented to have grown out of a written contract entered into Sept. 23, wherein, it was set out, Bedner agreed to drill a well out of the southeast quarter of section 7, block A in Lubbock county, to be known as Harrison and Foster No. 1. Stock a wildcat.

Judgment asked \$10 an hour for 10 hours employed as day work in circulating tools in the hole to extract cuttings off-bottom; \$1,250 for five cuses; \$150 for hauling three loads of casing from Graham; \$70 for unloading two cars; \$16,530 for drilling the hole at the rate of \$3 a foot, less a credit of \$10,000 said to have been paid by Harrison and Foster, and less \$187.50 in oil furnished to plaintiff by the defendants.

Interest on the alleged debt and other relief also is sought.

GERMANS AT FRONT

MANILA, Dec. 29.—A dispatch to the newspaper Herald said today that German officers were reported to have been seen on the northern Luzon front.

A MAN'S OPINION

Dr. Harry R. Desliva of Harvard insists that women automobile drivers are consistently inferior to men in physical skill and mental ability.

Buy A Defense Bond TODAY!

Raid On Norway

(Continued From Page One)

and other targets in occupied France and Holland.

Loss of seven planes in the night attacks was admitted.

Casualties Very Light

The joint communique said that warships engaged in the Vaagsoe-Maafloy raid suffered only superficial damage and that British military casualties were exceedingly light. Loss of 11 British planes was admitted but it was asserted that four German planes were destroyed.

It was asserted that the raid was carried out from start to finish on an exact time table.

British forces landed first at 8:30 a. m., and the last men left at 2:40 p. m.

Vaagsoe's importance, it was noted, lay in the fact that it is a German convoy assembly point for troops and supplies for the Russian front.

Taken By Surprise

The communique amplified that the Germans and Quislings were caught completely by surprise.

Eight ships were caught in harbor, the communique said. Five of the merchantmen, ran themselves onto the beach. The British destroyed them and sank two armed trawlers and a tug.

The coastal command provided Beaufort fighters and Blenheim fighters, which shot down four Blenheim bombers. The Blenheim formation surprised a German convoy, down the coast, and racing in at low altitude sank at least one ship, it was asserted.

The coastal command provided Beaufort fighters and Blenheim fighters, which shot down four Blenheim bombers. The Blenheim formation surprised a German convoy, down the coast, and racing in at low altitude sank at least one ship, it was asserted.

Stock Market

NEW YORK, Dec. 29.—The stock market today was a market of mixed fortunes, with gains in many instances and losses in others.

The market opened with a slight advance, but soon turned to a decline. The Dow Jones industrial average closed at 137.12, down 1.12 points from 138.24.

The S&P 500 index closed at 137.12, down 1.12 points from 138.24.

The market was characterized by a general decline in prices, with some exceptions. The steel industry was particularly weak, with prices falling in many instances.

The market closed with a slight decline, reflecting the general weakness in the economy.

Produce Market

CHICAGO, Dec. 29.—Butter, firm; creamery, 33c; 32c; 31c; 30c; 29c; 28c; 27c; 26c; 25c; 24c; 23c; 22c; 21c; 20c; 19c; 18c; 17c; 16c; 15c; 14c; 13c; 12c; 11c; 10c; 9c; 8c; 7c; 6c; 5c; 4c; 3c; 2c; 1c; 0c.

NEW YORK, Dec. 29.—Butter, firm; creamery, 33c; 32c; 31c; 30c; 29c; 28c; 27c; 26c; 25c; 24c; 23c; 22c; 21c; 20c; 19c; 18c; 17c; 16c; 15c; 14c; 13c; 12c; 11c; 10c; 9c; 8c; 7c; 6c; 5c; 4c; 3c; 2c; 1c; 0c.

Grain Market

CHICAGO, Dec. 29.—Grain prices have advanced fractionally today in a continuation of more active trade, but the market remained in a hesitant holiday mood awaiting developments affecting price control and the government's wheat and corn selling program.

Processors' interests were understood to have taken a considerable amount of government corn to be moved out of steel tanks in the country, at prices slightly above the market. Traders regarded purchase of such a quantity as indicative of a good industrial demand as well as limited open market supplies.

Wheat closed 1/4c higher than Saturday, May 81 1/2c; July 81 1/2c; corn 1/4c up, May 81 1/2c; July 81 1/2c; soybeans unchanged to 1/4c higher.

Lady By Request

Continued From Editorial Page

once thinking she'd be like a child when she was happy. She was happy now and very much excited. Her face was exquisitely flushed and Phil Bruce could not take his eyes off her. Stephen said that, too. What a couple they'd make, he was thinking—youth, joy and warmly ardent. But Diana was his, Stephen's wife for a time at least. She'd have to remember that. Even Phil Bruce mustn't interfere.

He rose when they had finished luncheon and took Diana firmly by the arm, bundled her into his coat, led her gently from the room, Phil trailing behind.

"Now you run along," Stephen said to Phil. "Your part of the ceremony is over. We'll be seeing you."

Diana barely had time to call: "Thanks for everything!" before Stephen whisked her away. "Where do we go from here?" she demanded, a little giddily.

"I'm taking you home," he said.

"I want you to get settled and meet my sister, Adela." Inside the cab he turned to her: "I could see that you and Phil were attracted to each other. That will be all right—after the divorce. But I must remind you that while we are married you must to all appearances be truly my wife."

Diana sat back with a sudden swift jolt. Anger flashed into her eyes. "Don't be absurd! You know I only met the man this morning!"

"I know Phil," Stephen said dryly. "He's always going off the deep end about some woman. Just look him in his place!"

"Thanks—for the warning," she said stiffly, humiliated. Was he protecting his friend, or her? The thought flashed through her mind that if Stephen had really wanted a wife, he would never have selected Diana Tucker for any reason. A girl who would accept such a business proposition as he had offered her would not be really acceptable to him as a wife! She had never thought of it in that light before. She felt a slow, burning anger.

"You needn't worry about me," she said fiercely. "I'll remember that I'm being paid for this."

There it was—that flashing fire that had so appealed to him. Amusement tugged at the corners of his lips. Poor kid... he mustn't make a clerk for her. After he fully admitted to himself that he had been sounding exactly like a jealous husband.

black sateen, black cotton rep, and similar materials for making blackout curtains... WPA, supplying clerical assistance for the national truck inventory, got some funny answers: "My truck is used for funerals," one owner wrote. "The government can use it any time it doesn't interfere with funerals. Funerals constitute a local emergency..." "I used to haul junk in it," wrote an owner of a 1929 model, "but decided one day it was worse than some of the stuff I was hauling, so I just left it on the junk pile."

RECEIVERSHIP SALE
IT'S WORTH \$10,000.00 FOR AN INVESTMENT
I'll recommend to Federal Credit a sale at \$5000.00, all cash, unless there is a higher bid.
1. Brick and concrete business house at 5014th, 65x140 feet.
2. Bents for 800-00, for months.
3. Front 124 Highway street, and will always be a good investment.
4. The last piece of unimproved receiver-ship property—hence, the low priced sale.
5. See Mrs. George Houston, my bonded agent, at 405 Lubbock National Bank Building, His telephone is 2-2832. Or if you prefer, write to me.

The position of the Philippines is increasingly grim and grave, as we should not seek refuge in dim hopes, we are not yet forced to final conclusions regarding the outcome, especially since the United States Navy promises "positive assistance to the defense of the Philippine Islands."

Of course we can accept it as certain that, unless "positive assistance" does arrive, the islands will be temporarily lost. The Japs are continuing to land troops in southern Luzon, the menace to Manila increases, and in due course the invading weight will become unbearable if it isn't halted.

Have Great Burden

Obviously much depends on the nature of the aid and how quickly it arrives. The immediate burden rests on the broad shoulders of General MacArthur and his magnificent little army, that is, the problem of hanging on until help comes over the horizon of the vast Pacific. That burden is great, for the Japs are going all out in an effort to make a quick killing, and they are doing it without regard to the laws of humanity.

The slaughter of civilians in the city of Manila by Japanese bombers gives fresh point to a threat made just before Christmas by Nazi Propaganda Minister Goebbels. He declared that Germany, Italy and Japan are "going all the way" in the war and being "forced" to defend their lives. "They will do it in a manner which knows no sentimental considerations."

Seek To Shatter Morale

Now the Japs have interpreted the meaning in a bloody holocaust of innocents. They have staged a studied exhibition of frightfulness; after a careful survey of Manila from the air to make sure that it was indeed without defense, the purpose of this was to shatter the morale of the civilian population and thus cause a collapse of Filipino resistance. What the ordinarily soft-spoken Secretary Hull describes as the same practices of savagery have been employed against the Chinese, in defiance of numerous protests by our state department.

However, it isn't surprising that this should be so, and it seems to me that we should adjust our outlook to a situation which is likely to intensify. In this connection we have the sensational statement made in Istanbul by George H. Earle, American minister to Bulgaria, who was rushed out of Bulgaria because of rumors of a Nazi plot against him.

Destruction Planned

Earle asserted that "German fortunes definitely are declining but the death throes may be unprecedentedly violent." He added that there is some evidence the Japanese are planning to destroy everything in any of the occupied countries which they are forced to leave — "the biggest vandalism in history."

"So far as concerns the Japs, there have been constant reports of barbaric practices in China. For example, quite apart from charges of massacres and use of poison gas — which might conceivably be Chinese propaganda — on October 13 last we had a dreadful story from members of American missionary families at Changsha regarding the Japanese occupation of that city from September 27 to 30.

These Americans stated that the invaders carried out executions, looted and burned. They said the Yale-in-China hospital at Changsha, which had been destroyed by the Chinese, was being used as a hospital for the Japanese. In a letter from Honolulu received this morning, he is at Fort Kamahele and wrote he had a "safe job" although a description of the job had been censored.

Ill With Pneumonia — Slight improvement was reported this morning in the condition of Mrs. Chas. Whitacre, 1905 Twenty-ninth street, who is in Lubbock sanitarium with pneumonia. She was taken to the sanitarium Saturday night. Attendants said that her condition still is so serious that she is not permitted to receive company.

Examinations Tuesday Night — Nearly 50 men who have applied for enlistment in Lubbock units of the Texas defense guard are to report at the American Legion home, 910 Texas avenue, Tuesday night at 7:30 o'clock for physical examinations, according to announcement this morning by K. N. Clapp, top sergeant.

Chislehurst Caves in England are now the headquarters of a new Scout Troop and Wolf Cub Pack, formed by boys who are among those using the caves as air raid shelters.

Woman in Honolulu Writes Parents Here

First word from their daughter, Mrs. Albert Mangelsdorf, who lives in Honolulu, since the beginning of the war, was received this morning by Mr. and Mrs. A. B. Ellis, 1629 Avenue L. The letter, sent by clipper ship, had been censored.

Mrs. Mangelsdorf wrote that the school had been closed and that they were learning to grope their way in homes blacked out nightly.

STREET CAR—TRUCK IN "TIE"—This big petroleum tank truck and trailer turned fullback and made a power play through the middle of a street car, which burst into flame when the fuel sprayed over the tangled mass of wreckage at Los Angeles, Calif. One person was killed and eight others injured in the crash. (NEA Telephoto.)

News Briefs

Visit Relatives—Mr. and Mrs. Forrest Wright have gone to Mangum, Okla., their former home, to visit their parents and other relatives and friends. Wright is Lubbock area supervisor of the federal food stamp plan.

Low Record Set—Lowest temperature of the winter season so far was recorded Sunday morning at the state experiment station when the minimum reached 19 degrees. Previous low was 21 degrees. Maximum Sunday was 43 degrees, and this morning's minimum was 26 degrees.

Good Signup Reported—District 2 of the Agricultural Adjustment Administration, the South Plains area, attained almost a 100 per cent record of its goals for increase in feed and food production or national defense, said C. T. Wasson, district field man, this morning. Wasson said that at College Station recently he was told the district had attained its goals in everything except dairy products and possibly poultry. These were a little short. Wasson and Mrs. Wasson returned Sunday night from a trip to Bryan and a visit with relatives at Wolfe City over the holidays.

Employees To Meet—Office and field employees of Lubbock Production Credit association will meet Tuesday afternoon and night in Lubbock hotel to discuss plans for 1942 and also for an annual meeting of shareholders on Jan. 28, said Lee F. York, manager. Approximately 18 persons are expected. Field offices include Tahoka, Brownfield, Crosbyton and Levelland, and a part time office at Littlefield. Dinner will be served at 7 o'clock.

Class Many Bales—Approximately 7,500 bales of cotton were to be classed by the eight classifiers of the agricultural marketing service at Texas Technological college said E. C. Buchanan, chief of the office, this morning. Some of the cotton remained from last week, when holidays cut into the classing program.

"We'll Be Ready"—They surprised us, but if they come again we will be ready for them, Pvt. Jimmy Bomer, Lubbock youth, wrote his sister, Mrs. S. Stubbins, in a letter from Honolulu received this morning. He is at Fort Kamahele and wrote he had a "safe job" although a description of the job had been censored.

Ill With Pneumonia — Slight improvement was reported this morning in the condition of Mrs. Chas. Whitacre, 1905 Twenty-ninth street, who is in Lubbock sanitarium with pneumonia. She was taken to the sanitarium Saturday night. Attendants said that her condition still is so serious that she is not permitted to receive company.

Death Claims W. J. Slover

Death, claimed W. J. Slover, 77, native Texan who had lived in Lubbock since 1917, at 3:45 o'clock Sunday afternoon at his home at 1307 Twenty-fourth street.

Funeral services will be conducted at 4 o'clock this afternoon at the First Methodist church. Rev. H. I. Robinson, pastor, will officiate, assisted by Dr. C. E. Hereford, pastor of the First Baptist church.

Burial will be in Lubbock cemetery, under direction of Rix Funeral home.

Born in Parker County

Mr. Slover was born July 18, 1864, in Parker county while his father was fighting with the Confederates. He moved to Castro county in 1884 and was proprietor of the first mercantile store in Dimmitt. He also ranched near Dimmitt. In 1904 he was married to Miss Helen E. Turner in Dimmitt.

After moving to Lubbock, he was engaged in the grocery business and later in farming east of Lubbock.

He was a member of the Woodman lodge and Masonic lodge.

Survivors Are Listed

Survivors include his wife; two sons, Edmond S. Slover and George Slover of Dallas; two daughters, Mrs. M. D. Watkins and Mrs. Wesley B. Smith of Lubbock; one brother, C. W. Slover of Tahoka; three sisters, Mrs. May Johnson of Ropesville, Mrs. Fred Patching of Clarendon and Mrs. Sam Cooper of Dimmitt; and five grandchildren.

Burialbearers will be B. F. Hodges, J. A. Hodges, R. A. Holland, Wilber Adams, John Spikes and Bill Spikes.

Honorary bearers will be H. A. Butler, Ed Allen, Barre Penney, Joe Bailey Rieger, J. T. Innon, George Boles, George R. Bean, Clifton Barrie, J. B. McCrory, John English and Bob Smith.

One of the smallest newspapers is published on tiny Thursday island off the coast of Australia. It is a single sheet, 16 inches by 9 inches, printed on one side only.

Mother Refused To Believe Son Dead

FORT WORTH, Dec. 28.—Three weeks ago the Navy notified Mrs. W. L. Stewart that her foster son, Carl Frank Stewart, 19, had been killed in the Pacific war.

She went to bed grief-stricken. She dreamed of her son, and spoke to him. She awoke so convinced he was alive that she refused to accept the proceeds of a life insurance policy.

Yesterday she received another message from the Navy. Carl was wounded seriously, but will recover.

General Closing Is Planned Thursday

Reminder that Thursday will be a day of general closing in Lubbock for New Year's day was given in several places this morning.

It will be one of the five days of the year observed by member firms of the Retail Merchants association, according to Mrs. Gladys Workman, secretary.

Banks will be closed. So will city, county and federal offices. It will be one of the five week days of the year when deposits will not be required in parking meters.

The full holiday will be observed at the postoffice. Postmaster Amos Howard said that mail collections will be made, but there will be no deliveries of anything except special and box mail.

City schools and Texas Technological college are not to resume sessions until next Monday morning.

Annual Banquet Of Scouters Is Held

Owen Taylor of Lamesa was elected chief of Nakoma lodge of the Order of the Arrow, Boy Scout camper's organization, at the annual banquet in Mexican Inn here Sunday night. He succeeds Howard Schmidt of Lubbock.

Other new officers are Robert Arnold of Floydada, who succeeds Emmitt Henson of Floydada as scribe, and Billy Crawford of Lubbock, successor to Eike Godfrey of Spur as treasurer.

New members of the adult advisory board are Rev. John A. Winslow and Dr. C. C. Schmidt, both of Lubbock; Liggett Dr. R. B. Parish of Brownfield and Paul Eubank of Matador. Holdover members of the board are J. N. Spikes of Lamesa and Dr. E. L. Reed of Lubbock.

Dr. E. D. Dupree, Lubbock attorney, was principal speaker at the banquet, which was attended by 39 persons.

Honduras shipped 9,000,000 bunches of bananas to other parts of the world in the first eight months of this year.

Eggs sold at \$1.20 a dozen recently in parts of Chile.

WHY THE MANUFACTURE OF MEDICINE IS ESSENTIALLY A LOCAL MATTER

The most individual thing on earth is the human body—the sum total of the influences of thousands of individual bodily processes make it so, particularly in sickness.

A ready-made medicine, for this reason, can no more be expected to fit the exact needs of an individual than a length of ready-cut pipe will exactly replace a damaged section in your heating or water system.

The scientific treatment of the ills of the human body is not a set procedure against a set condition; medical science perceives that no two conditions are ever exactly alike, and that the medical treatment must vary accordingly.

Thus it is required the services of two specialists, both right on the home ground with the patient and their services immediately available: one a specialist in diagnosis and in designing medicine to fit the diagnosis; the other, a specialist in compounding from his stock of modern scientific ingredients medicine to individual specifications.

Remember, it is your living body that is sick. If life is precious to you, medical treatment cannot be too exact. Take your bodily ailments to your doctor—if you need medicine, his prescription is specifications for it to be made up to fit your specific needs—neither too much of the active ingredients to cause you harm, nor too little to do you good.

Here in our modern prescription laboratory we compound it just as your doctor ordered it right now.

'Merit' System For Army Officers Will Speed Up Advances

WASHINGTON, Dec. 29 (AP)—The War department today adopted a unified "merit" system for temporary promotions of officers in an effort to speed up advances in rank.

The policy is similar to that used in the first World War. It will apply to all branches and arms of the service, including the air force, and will eliminate such restrictions as length of service, existence of vacancies, and other differences in the three components of the army.

Officers promoted temporarily, officials said, will get the full pay of their new rank.

Beginning Feb. 1, field commanders will recommend 60 per cent of the officers needed to fill their requirements. The remaining 40 per cent will be "held" by the war department, which will fill the vacancies by calling up officers to active duty from the reserve corps, and reassigning to field work other officers now working in administrative jobs.

The "merit" system, which will permit "skip" promotions, if necessary, will allow a flexible supply of officers needed to meet increases in strength of the army or to fill gaps caused by casualties in combat, it was said. It will be possible to advance a man more than one grade to any post his commanding officer thinks he should fill.

Milwaukee Greek Buys Four \$1,000 Defense Bonds; Makes Wish

MILWAUKEE, Dec. 29 (AP)—"Give me four \$1,000 defense bonds," said Sam Mavrogenis, parking station operator, to a clerk in the post-office today as he presented three \$1,000 bills.

"And here's hoping they will help beat Hitler and that Greece, my homeland, will be freed before long," he added.

Mavrogenis explained that the money was a Christmas gift to his son, Dimitrios, 2, from four uncles.

'Skeleton Solution' In Mexico Proves False

ALBUQUERQUE, N. M., Dec. 29 (AP)—The second "skeleton solution" of the disappearance of two middle-aged Illinois couples six years ago in New Mexico proved today to be as false as the first.

Discovery of skeletons of three men and a woman and a portion of a fifth led to the theory that four of them might be Mr. and Mrs. George Lorenus of East St. Louis, Ill., and Mr. and Mrs. Albert Heberer, of Duquoin, Ill., who disappeared in New Mexico in May, 1935.

The skeletons were found in an abandoned mine shaft in the mountains east of Albuquerque. The bones were identified as those of by University of New Mexico anatomy students in class experiments.

Lima, Peru, plans a subway, linking the business section with new avenues of approach to Santiago, the Peruvian capital.
